He arrested a part of the native guards and collected a tax of \$3 a head.

It is believed that he will be taken to Paris to await the orders of the court of cassation.

Captain F. A. Cook, commanding the Brooklyn, will be left at Havana harbor as senior officer in command of the vessels there.

Report has it that Rear Admiral Schley will be assigned to a European station, but it would not be surprising if Howland should secure this assignment for the short period he has to serve on the active list. He will be retired next October.

Where is Harry Conner?

El F. Conner, of White Oaks, writes to THE CITIZEN in regard to his brother, Harry Conner. When El Conner and his wife, Mrs. Conner, returned from the war, Mr. Conner informed this paper that Conner, who was also a volunteer in Capt. Borradaile's infantry, received his discharge papers at the same time he did. Conner and his wife were discharged from the army at the same time. Mr. Conner states that Conner, on leaving Albany, Ga., said he would first visit his friends before returning to New Mexico, and would also try to dispose of some property while in the east. The White Oaks brother is anxious to learn of the present whereabouts of the discharged volunteer soldier, as the first intimation he had of his leaving the army was through the columns of THE CITIZEN.

Washington this Morning.

COLD WEATHER IN WISCONSIN.

Havana, Dec. 30.—The Cuban patriotic committee, consisting of the leading lawyers, doctors and business men, held a meeting which lasted until 4 o'clock this morning and decided to yield without reserving to the wishes of General Brooke and Ludlow in the matter of postponing the six days celebration, and approved a manifesto to the Cuban population of Havana on the lines of Ludlow's reply on the subject of the proposed celebration, quoting portions of it and paraphrasing them. The Cuban citizens of Havana and the Cuban soldiers outside of the city are intensely excited but the patriotic committee and the military chiefs of the Cubans think they can repress this feeling and prevent violent incidents.

ALBUQUERQUE, N. M., DEC. 30, 1938

SENATE OF THE UNITED STATES

Special Correspondence.

Washington, D. C., Dec. 29.—The terms of thirty senators expire March 4. Six have been filed, leaving twenty-four to be elected. Senators Monroney, of Mississippi; Hanna, of Ohio; Aldrich, of Rhode Island; Proctor, of Vermont; and Daniel, of Virginia, have been re-elected, and McCame has been chosen in Maryland to succeed Senator Thomas. The other twenty-four elections should all have been completed in January, unless there are prolonged contests, except in the case of Florida, whose legislature does not meet until April 6. In the event of an extra session called before that date one of Florida's seats would be vacant for a time. Presuming that republican legislators will elect republican senators and democratic legislators democratic senators, the political complexion of the Fifty-sixth senate can be outlined. It will be a republican senate by eighteen majority over a combined democratic and populist opposition. The membership of the different states will stand as follows:

States	Rep.	Dem.	States	Rep.	Dem.
Alabama	2	1	North Carolina	1	1
Arizona	2	1	North Dakota	1	1
Arkansas	2	1	Ohio	2	1
California	2	1	Oklahoma	2	1
Colorado	2	1	Oregon	2	1
Connecticut	2	1	Pennsylvania	2	1
Delaware	2	1	Rhode Island	1	1
District of Columbia	1	1	South Carolina	1	1
Florida	2	1	South Dakota	1	1
Georgia	2	1	Tennessee	2	1
Idaho	2	1	Texas	2	1
Illinois	2	1	Vermont	1	1
Indiana	2	1	Virginia	2	1
Iowa	2	1	Washington	2	1
Kentucky	2	1	West Virginia	2	1
Louisiana	2	1	Wyoming	2	1
Maine	2	1			
Maryland	2	1			
Massachusetts	2	1			
Michigan	2	1			
Minnesota	2	1			
Mississippi	2	1			
Missouri	2	1			
Montana	2	1			
Nebraska	2	1			
Nevada	2	1			
New Hampshire	2	1			
New Jersey	2	1			
New Mexico	2	1			
New York	2	1

Tennessee	2	1			
Texas	2	1			
Vermont	1	1			
Virginia	2	1			
Washington	2	1			
West Virginia	2	1			
Wyoming	2	1			

The democratic-populist combination is made up of twenty-six democrats and ten populists and eleven senators. Among the populists is Senator Kyle, of South Dakota, but recent expressions from him make it probable that he will be found voting with the republicans often rather than the opposition. With his vote the republican majority in the next senate will be twenty. In this statement the West Virginia legislature is calculated to elect a republican to succeed Senator Faulkner. There does not appear to be much doubt as to this, although the democrats may delay the election by revolutionary tactics. In the other states set down as expected to elect republican senators there can be no doubt as to the result. The republican majorities in the legislatures are large enough to remove all uncertainty. In no probability can the republican majority fall below sixteen, and it may rise to twenty. One of the remarkable features of the next senate will be the large republican gain. Since 1934 the republicans will have gained eighteen seats, ten of which gain will be over their strength in the present senate. So great a gain has not come to the party in thirty years, and it illustrates long continued republican supremacy in the upper branch of congress. Another remarkable feature will be the lack of democratic senators from the southern states. From the Atlantic to the Pacific not a single straight democratic senator will represent a state in the north. One senator from Montana and one from Utah may be classed as democrats, but they will be elected by fusion legislatures, and are as much populist as democratic.

This situation will probably be unparalleled in the history of this country. Another fact is, that in addition to the great strength from the north the republicans have broken into the democratic stronghold and will have eight senators from the south.

In nearly all the republican legislatures which have to elect senators there will be warm contests for the party's nomination. In almost every case several candidates are in the field for the honor, and to the credit of the party it can be said that most of these would fill the position admirably. The certainty of so large a majority in the senate, one of the strongest proofs of the healthy condition of the republican party, it is rare that a party in the middle of an administration has been able to elect so striking an evidence of its popularity as the republican party will be able to do when the second congress of William McKinley's administration comes into existence.

Governor Otero and family will return from New York in time to attend McKinley's New Year reception.

DR. WIRTH'S OPINION.

OF THE NEW DISCOVERY IN MEDICINE.

A Remarkable Successful Remedy for Dyspepsia, Indigestion and Stomach Troubles.

Dr. Wirth in commenting on recent discoveries in medicine said: "There is now which is certain to be so valuable and far-reaching in benefit as Sturtevant's Dyspepsia Tablets, the new stomach remedy. Why is this? Simply because it really realizes how important a sound stomach and vigorous digestion is to every man, woman and child. Indigestion is the starting point of consumption, heart disease, bright's disease, diabetes, nervous prostration, liver troubles. Why is this? Simply because every nerve, muscle and tissue in our bodies is created and nourished from the food we eat. If that food is, by reason of a weak stomach, compelled to rot in the stomach, it produces a mass of half-digested food, it poisons the blood, it creates gas, it creates gas which distends the stomach and bowels, causing pressure on the heart, lungs and other organs, and seriously impeding their action."

He says, further, the point to direct attention is not the nerves, nor heart, nor lungs, nor kidneys, but the stomach, the first cause of all the mischief.

The remedy to use for indigestion and weak stomachs is not some cathartic, but a remedy which will digest the food, increase the flow of gastric juice, absorb the gases, and Sturtevant's Dyspepsia Tablets will accomplish exactly this result in any case of stomach trouble, because these tablets are composed of the digestive acids, ascorbic acid, gluten and lemon, pleasant to taste, and not being a patent medicine, can be used by anyone with perfect safety. I believe Sturtevant's Dyspepsia Tablets will cure any form of indigestion and stomach trouble except cancer of stomach.

Full size packages of Sturtevant's Dyspepsia Tablets are sold by druggists at 50 cents, or by mail from F. A. Stuart Co., Marshall, Ark. A book on stomach diseases together with thousands of testimonials will be sent by addressing above or call on your druggist for them.

The following executive committee was appointed: C. L. Herrick, R. L. Hewitt and D. M. Richards.

Santa Fe was selected as the next place of meeting.

On Wednesday afternoon Prof. T. D. A. Ockers read a paper on "Technical Education," in which he strongly advocated technical education in the public schools. This paper was subjected to spirited criticism, Prof. Richards, Mr. Montoya and others taking issue with the author.

F. A. Jones, of the School of Mines, read a paper on the "Early History of Algebra."

J. A. Wood presented the report of the committee on a course of study, which was adopted.

Prof. Bennett read an address on the organization of schools, which was well received and was followed by a singing by a chorus of twenty students.

Prof. K. L. Hewitt spoke on "The School as an Agency in the Physical Education of the Child." Prof. McNary sang a vocal solo and the meeting adjourned.

Thursday morning Prof. E. O. Wooten read a paper on "Biology in New Mexico."

Prof. D. M. Richards read a paper on "Our School Lands," which handled the subject in a comprehensive manner.

On motion of Prof. Bailey, the association decided to publish the paper of Prof. Richards in pamphlet form for the information of legislators.

The committee on resolutions made a report recommending that graduates of territorial institutions should have experience at teaching before they are given life certificates and that the kindergarten be made a part of the public school system of New Mexico. This report was adopted.

A resolution of thanks to the people of Las Vegas was passed and the association adjourned.
