CURRENCY REFORM.

American Economic Convention
Considering It To-day.

Ex-Governor Merriam Slated as Ambassador to Russia.

About 1,600 Spanish Troops Left Havana for Home Yesterday.

FLAG RAISED AT MARIEL.

New Haven, Conn., Dec. 29.—At the session of the American Economic Convention to-day the report of the special committee on banking currency, consisting of Prof. F. M. Taylor, of the University of Michigan; Professor F. W. Taussig, Harvard; S. W. Josiah, Cornell University; Sidney Sherwood, of Johns Hopkins; David Kinney, University of Illinois, was presented. The report in part is as follows:

"There is a real need for increased banking and currency facilities in the new and more backward parts of the country, and legislation could do some thing towards satisfying this need. In the judgment of your committee, the most effective as well as the safest expedient for accomplishing this object is some system of branch banking similar to those in vogue in Canada, Scotland and other countries. Under such a system, banking facilities can be furnished to communities too small to support even the smallest independent bank of loans and capital can be most cheaply and easily transferred from districts over supplied to those needing it; while, at the same time, the dangers of fraud or mismanagement incident to all banking are far less serious than under a system of small independent banks. There are doubtless objections to the plan, but the experience of other countries has shown that they are not of great moment."

SPANISH TROOPS LEAVE.

Colonel Sephora, Bakes the American Flag at Mariel.

Havana, Dec. 29.—About 1,600 Spanish troops left Havana for Guantany yesterday.

Colonel Sephora, of the Two Hundred and Second New York regiment, raised the American flag over the municipal building at Mariel. He said: "In the name of my country, I raise this flag to assure you in proceeding this way you will obtain a free and a happy country. The colonel carried 50,000 rations to be distributed to the poor."

Cables for the Philippines.

New York, Dec. 29.—Col. Kimball, of the quartermaster's department, has received orders from the war department to secure at once an iron ship for use as a cable ship to lay cables to connect the islands of the Philippines. The department has already ordered for this purpose 160 miles of marine cable.

MILES SUSTAINED.

Officers Agree That the Cannon Reef Was Sooty and Not to Eat.

Washington, Dec. 29.—The war investigating commission held only a short session to-day, devoted to executive business. January 9 has been set as the date for the appearance of representatives of the Swift Packing company. The commission to-day made public a synopsis of the reports of officers to General Miles on the "Rumors obtained from the use of canned fresh beef in the campaigns in Cuba and Porto Rico." These reports were presented in substantiation of his vigorous denunciations of canned beef. The officers agreed the meat was nasty, unfit to eat, and when eaten caused sickness.

Ambassador to Russia.

New York, Dec. 29.—A dispatch to the Herald from Washington says that former Governor Merriam, of Minnesota, is said to be slated to succeed Secretary Hitchcock as ambassador to Russia. Merriam's friends assert that his name will go to the senate soon after the holidays.

Wheat Elevator Burned.

Minneapolis, Dec. 29.—Elevator X, Hastings and Dakota division of the Chicago & North Western, was burned to-day. Over 200,000 bushels of wheat were consumed. The loss will be at least \$200,000.

Murder and Suicide.

Wichita, Kan., Dec. 29.—At Furley, twelve miles north of Greensburg, killed his wife this morning and then shot himself. He will die. Jealousy was the cause.

Silver and Lead.

New York, Dec. 29.—Silver, 50c. Lead, \$3.67 1/2.

Senator Romero Very Sick.

Washington, Dec. 29.—The condition of Senator Romero, the Mexican minister, is still critical to-day. The operation yes-

terday for appendicitis was successful. The minister suffered excruciating agony until it was performed, but is now almost free from pain. Had the operation not been made the physicians say he could not possibly have lived.

Gen. Merriam's Command.

Washington, Dec. 29.—Gen. Merriam has been assigned to command the department of Missouri. He will remain at his present location, San Francisco, until then. He is expected to arrive in St. Louis in the near future. Gen. Merriam will remain in command of the department of Missouri.

NICARAGUA CANAL.

Report of Commission to Secretary of State Made Public.

Washington, Dec. 29.—The report of the Nicaragua canal commission, to the secretary of state was made public to-day. The commission favors the Lull route in preference to that known as the Maracaibo canal company's. Two months estimated the cost at \$125,000,000; the third member thinks it will be twenty per cent more.

THAT ECLIPSE.

Was First Seen Tuesday Afternoon—A Few Interesting Facts.

THE CITIZEN announced, in a short paragraph yesterday afternoon, that the people of this city and elsewhere had been treated to an eclipse of the moon on Tuesday afternoon and evening. As none of the local professors have been heard from on the subject, the following extracts are clipped from the Denver Republican:

"This is the last total eclipse of the moon that will be visible in America during this century."

"In the eclipse of 1884, the moon could hardly be seen with a telescope, while in that of September, 1895, there was so much reflected light as to enable people to take a photograph of the phenomenon. 'Since the centers of the sun and earth lie in the plane of the ecliptic, the axis of the earth's shadow lies there also. If the moon moved exactly in the plane of the ecliptic it would pass through the earth's shadow every month, and suffer eclipses. But when the moon is above or below the ecliptic, except when at its nodes, it usually passes above or below the earth's shadow and escape eclipses. On those occasions when it encounters the shadow, the eclipse is total if the entire moon passes into the umbra, and partial if only a portion of the moon is immersed in the umbra.'"

The foot ball, basket ball and tennis players of the A. and M. college, who spent a few days in this city, returned to Las Cruces this morning. They all expressed themselves as highly pleased with the treatment which they received at the hands of our citizens, and reasonably well satisfied with the results of the contests in which they participated.

The young ladies of the university basketball team had a surprise in the treasury after paying all expenses incident to Tuesday evening's game, and which they yesterday in entertaining the visitors.

They drove out to the foot ball game in the Explorer and after the game was over the young ladies all took supper at the Harvey house. Last evening the visitors attended the ball at the Commercial club until the time came for their train to leave.

The contents during the past week have been greatly enjoyed by the people of Albuquerque and it is hoped that they will be made a permanent feature of the holiday season in this city.

Chas. N. Crittenton, who travels in his own private car, paying his own expenses, and preaching the gospel as he goes, is one of the foremost evangelists in the United States to-day. He comes to us highly recommended, and will begin a series of meetings in the Armory next Sunday afternoon at 8 o'clock. Here is something of what the prominent ministers of Watertown, N. J., have to say of him: "The example of wealthy and successful business men called from merchandising to preaching is in itself most inspiring. He comes without financial compensation, and this at once removes all suspicions of mercenary motives. All who hear him realize that here is a man filled with the unselfish love of God and man. His best sermon is himself. His spirit is so tender, persuasive, loving, that all classes are drawn toward him."

W. Alex. Sutherland, a '96 graduate of the A. and M. college, was an enthusiastic supporter of his former schoolmates who composed the foot and basket ball teams which were here this week.

FEAR AN OUTBREAK.

Great Discontent Among Natives in South Africa.

The Wells-Fargo Express Company Robbed of \$60,000 in Texas.

Major-General Lawton Assigned to Service in Philippines.

BANK DIRECTORS ARRESTED.

London, Dec. 29.—A disturbed situation is developing at Johannesburg, according to the latest advices the place is seething with discontent as on the eve of the Johannesburg raid, in consequence of recent and proposed government measures which the Uitlanders regard as a fresh series of impositions. In addition the racial animosities are intensifying at the treatment of the British in the Transvaal and the Cape boys.

Last week a Boer policeman murdered an Englishman named Edgar in the latter's house. The policeman was arrested, but the charge was reduced to one of manslaughter, and the policeman was allowed his liberty. The British agent demanded a restitution of the charge of murder.

A mass meeting, attended by 5,000 Uitlanders, was held at Johannesburg on Sunday to protest against the murder of Edgar and present the British consul with a strongly worded petition to the queen, "to terminate the existing intolerable state of affairs." The meeting was peaceful with the exception of a slight affray with the police at the conclusion.

The Boer organ, the Randpost, advised that on the first British act of war, the women and children of Johannesburg be given twenty-four hours to leave and the whole place be then razed.

WELLS-FARGO ROBBERED.

Driver of Delivery Wagon in San Antonio Missing With \$60,000.

St. Scott, Kan., Dec. 29.—The entire board of directors of the Morris, Kansas, bank, which failed last January, has been arrested on charges of violating the banking law here to-day, been in the Allen county jail nearly a week charged by the depositors with having violated the banking law by making specifications for the government banks of Kansas. The defendants are Joshua Rumble, W. A. Ross, J. B. Ross, William Fark and Charles R. K. Brown. They appeared before Judge Schoonover, of the appellate court, in Garnett to-day, and presented a petition for writ of habeas corpus. Judge Schoonover issued an order releasing them on \$2,000 bonds each, until March 14th next, when the causes will be heard here.

General Lawton's Assignment.

Washington, Dec. 29.—The war department has issued orders assigning Major-General Lawton to service in the Philippines. He will be second in command to O'Day, and in the event of O'Day's appointment as governor general of the Philippines he will assume military command.

FIGHT WITH REBELS.

British Soldiers Killed in an Attack in East Africa.

Calcutta, Dec. 29.—Advices from British East Africa say that on Oct. 10th the rebels attacked thirty men, the Twenty seventh Baluchis, commanded by Lieutenant Hannay, marching to Masindi. A native officer and twelve men were killed and nine men wounded, including Lieutenant Hannay. The war guard repulsed the enemy, but the rebels lost 100 men. Later the rebels attacked Kizilizi and lost twenty-five men. The casualties on the British side were two men wounded. Troops were dispatched to pursue the rebels.

POPULAR LEGISLATION.

Railroad Bill Will Pass Kansas Legislature and be Signed by Governor.

Topeka, Dec. 29.—The railroad law agreed on in the popular caucus will pass both houses and be promptly signed by Governor Leedy and become a law March 15th. This was assured to-day by action of the house in committee of the whole. The test vote taken show the vote to be 69 to 38, only 60 being necessary. The law provides for a railroad board with judicial powers to hear com-

TO JOIN DEWEY.

Cruiser Yosemite Will Proceed to Manila With Supplies and 400 Men.

Philadelphia, Dec. 29.—The auxiliary cruiser Yosemite left the League Island navy yard this morning bound for Norfolk. After being fitted out at the navy yard, she will proceed to Manila with supplies and 400 men for Dewey's fleet. She will go by way of the Suez canal. After turning over the supplies and men to Admiral Dewey the Yosemite will proceed to Guam, the new United States possession in the Ladrones.

The Gonzalez Murder Case.

W. B. Childers and K. V. Chavez went to Santa Fe last night. The former will assist District Attorney Spies in the prosecution of Gonzalez and 400 men. Childers, charged with the murder of Francisco Gutierrez, and Mr. Chavez and T. A. Calson will represent the defendants. Sheriff Holcomb, Dr. Deane, S. A. Miles, R. Brels, Roman Montana, M. Garcia and M. Arango Garcia went up to Santa Fe, where they were called as witnesses to the same case.

A Good Word for El Paso.

F. H. Houghton, general agent of the Santa Fe railway, stationed at El Paso, came in from the south last night, registered at Sturges' European, and this morning was a pleasant caller at this office. In speaking about El Paso, Mr. Houghton stated that the school census, recently taken, showed that the El Paso city has about 18,000 people, and that it is growing rapidly into a city of great commercial importance.

The Building of the White Oaks Railroad.

"The building of the White Oaks railroad," continued Mr. Houghton, "has helped out El Paso to a great extent, and the 300 or 400 workmen, who received their wages in cash, made the merchants at El Paso smile when they came to town to spend their earnings. And, again, the railroads running into El Paso—six separate and distinct lines—are doing an immense business, and especially the Santa Fe, whose business this year has exceeded that of last year in good round figures."

Mr. Houghton also stated that a large number of residences have been erected in El Paso the past year, and several are now in course of construction. Besides these buildings, the city of El Paso is erecting a commodious building for fire department purposes.

Police Court News.

Dr. Carlos A. Baldwin, a Texas medical man, who recently arrived in this city from El Paso, Texas. He was very young and handsome, and was charged when he set out to terrorize the tenderloin district of the city. He brandished a razor in one of the saloons on north third street and Marshal McMullin was sent for who placed the terrible Texan under arrest. He was brought before Justice Crawford this morning and sentenced to pay a fine of \$50 or sixty days in the county jail. As he did not have the money, with which to pay the fine, he went to jail.

A couple of vagabonds from Rancho de Arizco became intoxicated yesterday and were arrested. They were fined \$5 apiece.

J. R. Corcoran, another drunk, was given five days in the county jail. Three vagabonds were discharged.

W. M. Larke, manager of the Hotel Highland, who has been on the sick list the past few days, is reported considerably better to-day. During his sickness, B. I. Rose is attending to the hotel office.

DEWEY'S ADVICE.

Wants a First-Class Statesman Sent to Manila.

To Ascertain the Aspirations of the Philippine Republicans.

Expedition Under Gen. Miller Arrived at Belle on Tuesday.

ORDER STRICTLY ENFORCED.

New York, Dec. 29.—A dispatch to the Herald says that Admiral Dewey considers it absolutely necessary that a first-class statesman be sent to Manila to thoroughly investigate the situation and ascertain the aspirations of the Philippine republicans. He further states that the United States must accept their responsibilities in the Philippines acquired by the conquest. If they should shrink this day they would put themselves back two hundred years in the world's history. The cabinet, which will exercise powerful pending elections, is anti-American.

General Morris Surprised.

Chicago, Dec. 29.—Major-General Wesley Morris was surprised to hear of the surrender of Iloilo by General Rios to the insurgents. He believed it may have been the intention of the Spaniards to make it difficult for the United States to maintain control of the Philippines.

SITUATION AT ILOILO.

Five Natives Shot for Looting and Order Enforced.

Manila, Dec. 29.—The expedition under General Miller arrived at Iloilo Tuesday. They found that the Spaniards had evacuated the place on Saturday and that the rebels had entered on Monday. They immediately established a municipal government. Guards were placed over foreign property and everything is quiet and orderly. There was some looting during the night, but five natives were shot. This had an exemplary effect. The only foreign ship in the harbor was the British cruiser Irene. A new Philippine cabinet has been formed with Senor Mabini as president.

Tammany Leader Dead.

New York, Dec. 29.—Augustus W. Peters, president of the borough of Manhattan, died suddenly to-day of heart disease. He was for many years president of the Consolidated Exchange and chairman of the Tammany executive committee. He was born in St. John, N. B., and was 64 years of age.

COFFEE.

Good coffee, like ours, is so necessary, that a breakfast without it is only half a meal. There's so much in a really fine cup of coffee that it makes half a meal of itself. We make a point of carrying the finest Mocha, Java, and Brazilian coffee in our stock. The dignity of our breakfast table must be maintained. Whatever becomes of the gold or silver standard, the purity and supremacy of the coffee standard must be preserved. For ourselves, we are for coffee, and our prime A-1 coffee are for the public of Albuquerque.

Removal Sale.

We want to clear out our entire stock of chinaware, lamps, glassware, porcelain and everything liable to get broken while giving to our new store. We are now fixing up the building formerly occupied by Rupp's pharmacy and expect to have it in readiness about the 10th of January. In order to dispose of the goods in time, we have made prices that will make them move. If you need anything in our line come and examine our stock, but if we have everything needed in a household at present, come anyhow. Your purchases ahead of time will prove a good investment. Our stock is most complete. An early selection means much.
