FREQUENT SKIRMISHES

Outside of These Situation in Far East Remains Comparatively Quiet.

RUSSIAN SHIPS COAL

One Cruiser Stops at Canary Islands For This Purpose and Others at Eden.

All advices received today indicate that another engagement between Kuropatkin's army and Oyama's forces is not far distant. The Japanese outposts yesterday attempted to take Kautou Pass which commands the road to Fushan, but were stubbornly resisted. The Russians are reported to be holding all the passes of the Da Range and severe fighting is predicted before the Japanese reach Hun River. It seems probable that the next engagement in force will occur at Fushan.

Russian Cavalry Active.

General Kuroki's headquarters in the Field, Saturday, via Fusan.—The Russians are reconnoitering all along the line with a large force of cavalry supported by guns. With three guns they appeared yesterday evening within six thousand yards of the Yental station and threw a few shells at the station and continued cannonading at intervals all today.

Battle Hourly Expected.

Mukden, Wednesday.—A battle is hourly expected in the vicinity of Fushan, thirty miles east of here. At present all is quiet. Weather is turning very cold.

May Be a Coal Famine.

Tsing Tau, Sept. 22.—S. Davidson, the American who had the Russian coal contract and was ordered to leave Port Arthur February 15th, last, is now here. He says when he left there was less than 200,000 tons of coal there. On account of the Russian warships having been compelled to keep full steam day and night for nearly eight months, an enormous quantity of fuel was required and there must be a coal famine now unless more fuel has arrived.

Taking It Easy.

Tsing Tau, Sept. 22.—A majority of the officers of the Russian battleship Czarévitch and the three torpedo boat destroyers that were dismantled here have left their ships and are living at the hotels.

Japs Gain Another Advantage.

Tokio, Sept. 22.—While official confirmation is lacking, it seems certain that the Japanese possess a fort on another height westward of Itzshan, which they carried by a desperate assault and have since resisted all the attempts of the Russians to recapture it.

Oyama's Army Advancing.

St. Petersburg, Sept. 22.—Kuropatkin telegraphs under yesterday's date that the Japanese continue their attempts to turn the Russian left, but without success. According to the latest information received by the war department Oyama's advance forces are still thirty miles south and southeast of Fushan. The war office does not expect a battle at Fushan until after a series of rear guard engagements have been fought.

Commander Refused to Put to Sea. Las Palmas, Canary Islands, Sept. 22.—The Russian cruiser Terek, which has been stopping British vessels in the vicinity of Gibraltar, commenced coaling here yesterday, but upon orders from Madrid she was stopped and ordered to leave. Her commander replied that he was unable to put to sea as the Terek's engines needed repairs.

List of Casualties.

St. Petersburg, Sept. 22.—The general staff has issued a revised list of the Russian casualties at the Liao Yang battle, showing 1,810 men killed, 10,811 wounded and 1,212 left on the field. Fifty-four regimental officers were killed, 252 wounded, two generals were killed and three wounded. Five officers were left on the field.

Ships Taking Coal.

Washington, D. C., Sept. 22.—The American consul at Bremen cables the state department that three ships are taking on coal at Eden. It is supposed that the coal is for the Russian fleet.

Retreat Was Not Pre-Arranged. Tokio, Sept. 22.—General Oku has written an extended report of the operations preceding the capture of Liao Yang, and in the conclusion expressed an opinion that the stubborn resistance of the Russians proved their retreat was not pre-arranged.

Take Some Prisoners.

St. Petersburg, Sept. 22.—During the repulse of the Japanese attack on Da Pass, General Peterhoff took several prisoners and captured a quantity of arms and ammunition. The Russians lost a captain and three men killed and forty-five men wounded.

No New Developments.

Mukden, Sept. 22.—With the excep-

The Grand Lodge consists of between fifty and sixty members who will no doubt be royally entertained by the Capital City. The Grand Lodge met in this city two years ago; meeting in Alamogordo last year and in Las Vegas this year.

ARE OPPOSED TO THE MATCH

Sons Object to Their Father Marrying Again and Have Him Arrested in Utah.

Ogden, Utah, Sept. 22.—H. Levy a wealthy merchant of New Mexico, and who for the past few months has been located in Albuquerque, was arrested in this city on Monday by the police, acting under orders from one of his sons, who telegraphed from Trinidad, Colorado, to look out for his father and hold him as he was insane and incapable of taking care of himself.

Levy was very much incensed at his detention by the police and claimed that it was a conspiracy on the part of his sons to keep him from marrying a woman in Los Angeles. His sons, he says, who are pawn brokers in New Mexico, are trying to break up the marriage so they can inherit all his property.

His three sons are located at Las Vegas and Albuquerque, New Mexico, and Trinidad, Colorado, where they conduct a pawnbrokerage business. The Levys are wealthy and are well known throughout New Mexico. He will fight extradition.

LIVE STOCK MAN DEAD

Charles F. Martin, Secretary of National Live Stock Association, Died Yesterday.

Denver, Colo., Sept. 22.—Charles F. Martin, secretary of the National Live Stock Association, died suddenly last night at Greeley, from a hemorrhage of the lungs. He had been a sufferer from consumption for many years. Martin had long been associated with the live stock interests of the west and almost from the organization of the National Live Stock Association had been its secretary. He was about 45 years old.

RETURN TO WASHINGTON.

New York, Sept. 22.—President Roosevelt and family left Jersey City this afternoon for Washington.

tion of a slight skirmish at Da Pass, there were no new developments today in the war situation.

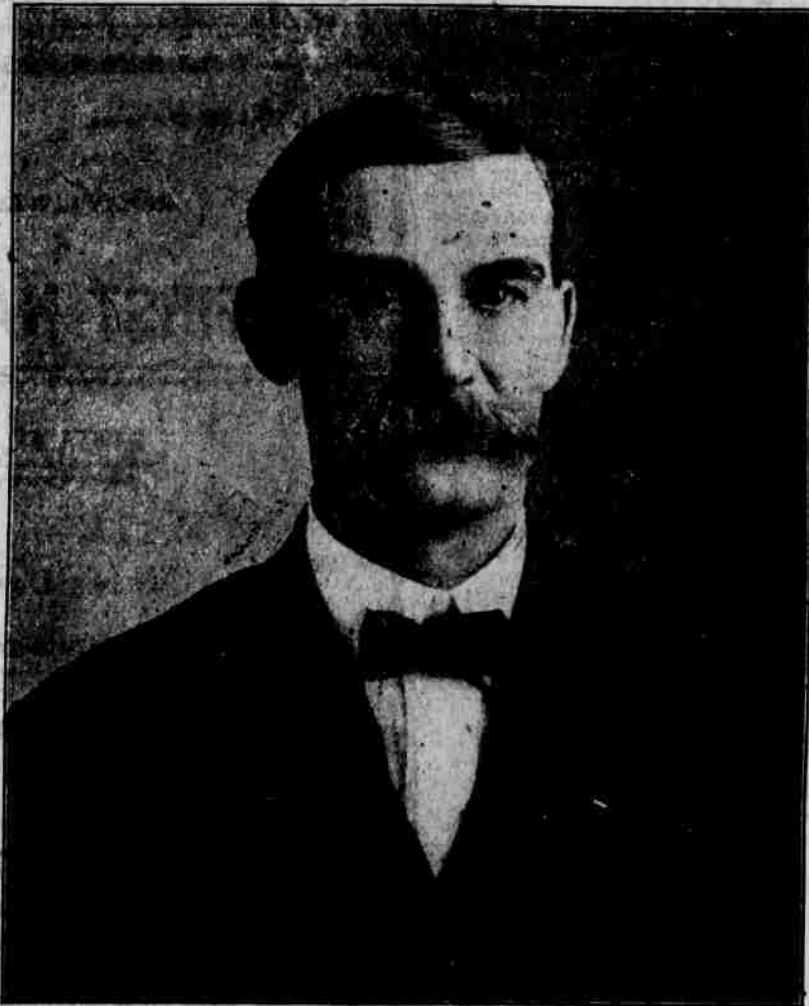

Treaty is Presented.

St. Petersburg, Sept. 22.—The Russian protest against the Anglo-Thibetan treaty has been presented at Pekin. M. Lassar, the Russian minister, is understood to have called the attention of the Chinese foreign board to the fact that China would abandon her sovereignty over Thibet if she ratified the treaty, thus creating a British protectorate. A dispatch from Pekin announcing that China is not willing to ratify the treaty is believed to be the direct outcome of Russia's protest.

Wanted to Go Home.

Manila, P. I., Sept. 22.—Captain R. Colodani, of the Austrian steamer Austria, which arrived here from Shanghai, says he was offered \$25,000 to transport a crew of 26 officers of the Russian cruiser Askold from Shanghai to Russia. The Japanese consul warned the captain that if he did that he would run the danger of being held up or even sunk by the Japanese warships and the offer was consequently declined.

MEN OF THE HOUR IN NEW MEXICO

Samuel B. Grimshaw, General Manager of the Santa Fe Central Railway, With Headquarters in Santa Fe.

Samuel B. Grimshaw was born in Springfield, New York, in the year 1849. He received his early education in the public schools at his home and went to work early to make a living and his way in life. He wanted to become a telegraph operator and commenced as a messenger boy in a railroad telegraph office when he was but thirteen years of age. He learned telegraphing and railroad work under H. C. Sprague, Superintendent of Telegraph of the Kansas City, Fort Scott & Memphis Railroad, serving thereafter on the Frisco System for some years. He remained with the Frisco as operator and agent for nine years, receiving rapid promotion. His last station, while with that railroad, was Independence, Montgomery County, Kansas. He resigned in order to accept a more lucrative position as entry clerk with a large mercantile firm in Detroit, Michigan. After a year of service he was appointed to an important place on the Frisco lines, having come to the conclusion that "railroading" was his vocation for life. On account of ill health, he left the Middle West and came to Colorado, where he commenced work for the Denver & Rio Grande Railroad on October 1st, 1879, as agent at Burnham station. Thereafter he worked for a time as night express agent at the Union Depot at Denver, for the Denver & Rio Grande Company. Shortly thereafter, he was promoted to be assistant chief clerk at the Denver & Rio Grande store houses at Burnham, near the city of Denver. He was then advanced to a responsible position in the general auditor's office and moved right along in upward grades until he was made superintendent of telegraph of the road. After serving as such creditably and faithfully, he was moved up another peg and made chief clerk in the office of General Manager Metcalf. After service of twenty-two years with the Denver & Rio Grande, upon a change of general managers, he received the appointment and served as chief clerk of the "Rock Island Route" at Colorado Springs for a year. He then went to San Francisco, where he was employed on the North Shore

Railroad as trainmaster, superintendent of telegraph and assistant superintendent. Finding that the seashore climate of California had again impaired his health, he resigned after a year's service with the North Shore road, although 400 employees under his immediate charge had signed a petition asking him to remain, and accepted a position with the Frisco Road in the office of Superintendent of Telegraph at Springfield, Missouri, where he remained until appointed chief clerk W. D. Lee, general manager of the Santa Fe Central, and came to Santa Fe.

On the first of September last, Mr. Lee resigned as general manager and Mr. Grimshaw was appointed in his stead as general manager and assistant to President W. H. Andrews and has had active charge of the operations of the Santa Fe Central since that date.

It is thus seen, that Mr. Grimshaw has had a great and varied experience in railroad business, having been connected with railroads in one capacity or another for about forty years. He bears a deserved high reputation of being a thorough, experienced, energetic and efficient railway manager, fully conversant with all details of railroading in all departments, a hard worker, always on the lookout for the interests of the company which employs him, and very courteous, fair and impartial to those who serve under him.

Mr. Grimshaw is a railroad man from the ground up and understands the work upon which he is now employed in every direction and so well that it is second nature to him to perform it as it should be performed and to the satisfaction of his employers and the public having business with the road.

Personally and socially, Mr. Grimshaw is very popular and liked by all those who have come in contact with him on account of his urbanity, suavity and great disposition to oblige and to be of service to all those who have occasion to transact business with him.

RECEIVER HAS BEEN APPOINTED

For the General Metals Company of New York, Which Has Plants in Colorado.

New York, Sept. 22.—Judge Holt, of the United States District Court, appointed Alfred Roelker, Jr., receiver of the General Metals Company, of this city, which was claimed to have a capital of \$1,500,000 and large plants for the reduction of gold ore into bullion at Colorado City, Colorado. The appointment was made on an involuntary petition filed by Joseph M. Bacon, who claims to be a creditor. He states that the company has a capital stock of \$900,000 outstanding and plants worth about \$500,000. The petitioner alleges that a receiver is necessary to preserve the plant and ores in course of manufacture. Roelker furnished bond for \$75,000.

GOOD RAILROAD PROSPECTS

For San Juan County—Surveyors in Field Locating Preliminary and Permanent Lines.

Special to the New Mexican. Aztec, N. M., Sept. 22.—A corps of railroad surveyors has been in San Juan County for several weeks running preliminary and permanent surveys for a railroad from Durango to Aztec and then south or south-easterly as the best grades may be found. The surveyors have been camped for some weeks near Aztec and it is understood that the line from Durango to that town has been permanently located and that the cross sectioning of it is complete.

From Aztec the surveying will be run, it is believed, south-easterly to Bloomfield on the San Juan River, where it is likely the river crossing will be made and the survey continued southeast through the Canon Gallegos; whether from there the line will be run due south to Thoreau on the Santa Fe and Pacific, or in a south-easterly direction to the Chama River, or towards Albuquerque, it is not as yet determined. At any rate, the work which is being done by the surveyors is of a very thorough and efficient character and it is believed that the lines established by them will be adopted as the permanent location.

San Juan County has been waiting for twenty-five years for a railroad and it looks now as if the time for its building had arrived. The people are very hopeful and jubilant over the outlook for railroad connection north to Durango and south or southeast with central New Mexico.

CIVIL CASE HEARD TODAY

It is a Suit Brought By T. B. Catron vs. Antonio Joseph, on a Promissory Note.

The District Court for the County of Santa Fe convened this morning at nine o'clock, Judge John R. McFie presiding; A. M. Bergere, clerk, at his desk, and the panel of petit jurors being present. The case of Thomas B. Catron vs. Antonio Joseph was the first case called for the day, and a jury being waived, the hearing commenced at once before the court. Although the pleadings were voluminous the suit is simply upon a five-hundred-dollar promissory note, claimed to have been made by the defendant, and one Frederick Miller, now deceased, on November 22, 1873, and payable to the order of Samuel Ellison upon the event of the Canon de Chama Grant being confirmed by the Congress of the United States. The answer, among other defenses, alleges that the debt was paid many years ago and challenges the endorsement to plaintiff upon the back of the note. The trial of the case is likely to last throughout the day. Catron & Gortner, for plaintiff, and N. B. Laughlin and J. H. Knaebel, for the defendant.

BUYING NEW MEXICO SHEEP

Ranchers in Western Texas Have Purchased Over 30,000 in Last Few Weeks.

Sheepmen of western Texas are going over New Mexico in large numbers and the result of their pilgrimages is shown in the number of sheep which are now trailing across the Territory into Texas. It is claimed that large purchases are being made and the fleecy animals in the sheep raising counties in eastern New Mexico are being thinned out.

In the past week the following sales have been reported: John Yehart, of Carlsbad, to R. L. Carruthers, of San Angelo, 3,800 muttons at \$2.50 per head; Carlsbad parties to A. W. Mills, McKenzie & Ferguson, G. S. Long and K. Prosser, 26,000 sheep at \$2.75 and \$3 per head.

As there are several aspirants for nearly every place it is expected the work of the convention will occupy nearly the entire day.

E. M. Ammons, of Douglas County, former speaker of the house, was nominated by acclamation for lieutenant governor; Horace W. Havens, of Leadville, was nominated by acclamation for secretary of state. For auditor, Frank E. Wheeler, of Mineral County, Gustave R. Ohlin, of Denver, and J. Fred Farrar, of Larimer County, were placed in nomination. Upon voting, the result was as follows: Wheeler, 619 1-3; Ohlin, 195 1-3, and Farrar, 144 1-3. Wheeler was declared the candidate and a recess was taken until two o'clock this afternoon.

Hitt was under sentence to three years in the state penitentiary at Canon City for grand larceny and Beaumont was a paroled convict from the penitentiary awaiting trial on a charge of stealing freight from a Colorado Southern freight car in Trinidad some months ago. The men were captured by a Colorado & Southern freight conductor and he will receive the \$100 reward offered by the state for their capture. The prisoners were taken to Trinidad immediately for safe keeping.

The dynamite slipped from the wagon without his knowledge and he was on his way back to recover it when the explosion occurred.

"I DO NOT UNDERSTAND YOU NEW MEXICO PEOPLE! NONE OF YOU SHOULD BE WILLING TO ACCEPT JOINT STATEHOOD, AS YOU WILL GET SINGLE STATEHOOD JUST AS SOON AS JOINT STATEHOOD. MAKE YOUR FIGHT ON THE SINGLE STATEHOOD LINE; I WILL HELP YOU HERE AND IN WASHINGTON!" REMARKS OF AN INFLUENTIAL MEMBER OF THE COMMITTEE ON RESOLUTIONS IN THE CHICAGO REPUBLICAN CONVENTION. THIS MAN HOLDS ONE OF THE MOST IMPORTANT PUBLIC POSITIONS IN HIS STATE AND IS PROMINENT AND STRONG IN THE NATION'S CAPITAL.

NEW MEXICO DAY OCTOBER 17, 1904.

After consultation with the New Mexico Board of Managers of the Louisiana Purchase Exposition, Governor Otero has set Monday, October 17th, as New Mexico day at the St. Louis World's Fair and has issued a proclamation announcing the designation of that date for the purpose of its proper celebration at the New Mexico Building by such citizens of the Territory as may then be in that city.

The date fixed was chosen for a very good reason: that this celebration might not interfere with the holding and the attendance at the Territorial fair at Albuquerque, which commences on the 10th of October. This will appeal favorably and strongly to patriotic and good citizens of the Territory who wish to see the Territorial fair a success. Many of them will no doubt be at St. Louis to pay due respect and honor to the executive of New Mexico in connection with the New Mexico day, as the governor will be in attendance upon that occasion.

The exercises are to be elaborate and the Board of Managers is making all due preparations for the event. Two thousand invitations are to be issued and sent to leading citizens of the United States, and of course, to such in the Territory. A reception will be held at the New Mexico building, at which the Governor and many officials and prominent citizens of the Territory, their wives, daughters and lady friends will be in attendance. Herbert J. Hagerman and Arthur Sellman, members of the New Mexico Board, have charge of the arrangements.

Considering all circumstances, it may safely be asserted that the event will be one of much consequence and will be conducted in such a manner as to reflect great credit upon the hospitality of the people of New Mexico, as well as upon the Board of Managers having the matter in charge.

Colorado Day at the Exposition, which happened a few days ago, was attended by over 6,000 citizens of the Centennial State and there is every indication that from twelve to fifteen hundred citizens of the future Sunshine State will be at the New Mexico building and on the grounds on October 17, to give eclat to the celebration and to take proper part therein. Speeches by well known citizens of the Territory will be made and prominent speakers from other portions of the country will also be invited to address the participants on the occasion. The day will be made a memorable one and will prove to the people of the United States that the people of New Mexico are not a whit behind in courtesy, hospitality and friendly feeling towards the other sections of this great commonwealth.

Alluding to the nomination of Senator Andrews as the Republican candidate for Delegate to Congress, the Socorro Chieftain remarks that Senator Andrews seems to possess a large measure of those qualities which go to make a good candidate and, better still, a good representative in Congress. That he will be elected by a handsome majority goes without saying.

Dr. Silas Swallow, Prohibition candidate for the Presidency, is not pleased with the political situation and announces that he fears that he will not be elected. Is not this rather early in the campaign, Doctor?

NOT A BOODLE CAMPAIGN ON THE REPUBLICAN SIDE.

Among the canards now being spread over the Territory by the Democratic campaign managers and a few of their yellow sheets is one that the present is to be a boodle campaign and that voters are to be bought right and left by the Republican managers. There is no truth whatever in this hot air story. Indeed, anyone who knows Chairman Bursum is convinced that he is not in the vote-buying business and would not be guilty of engaging in such illegal, dishonest, nefarious and detrimental political practice. Mr. Bursum and his associates on the Republican Territorial Executive Committee will do everything that is proper and honest for the success of the Republican ticket, but will not stoop to dishonesty and fraudulent proceedings. In this respect the Las Vegas Optic timely and pertinently remarks: "Some persons, as irresponsible as they are silly, have undertaken to spread rumors to the effect that Senator Andrews, the Republican candidate for delegate to Congress is going in for a boodle campaign, that he has a 'barrel' with \$50,000 in it and that to the Republican campaign managers money will be no object. The report is absolutely baseless and malicious. The Republican campaign fund will be no larger this year than usual. The candidate for delegate has subscribed \$1,000 to this fund. The financial direction of the campaign will be entirely in the hands of the chairman of the central committee, Hon. H. O. Bursum, which fact in itself is sufficient assurance that no more decent, straightforward and businesslike fight, as well as no more vigorous fight, has ever been waged in the Territory than that which the Republican party will put up this fall.

"The Democratic campaign managers will have to resort to more sane and sensible expedients than the circulation of the above rumors if they expect to make a showing when the returns come in on the 8th of November."

OTERO COUNTY DEMOCRATIC PRIMARIES.

All was not as serene, as decent and as orderly nor as honest in the recent Otero primary election for candidates for county officials as it should have been, and as several of the Democratic reformers in this Territory assert that it always is. The following account of the primaries from the Alamogordo Journal is given as very timely:

"The primary election here today was the most hotly contested in the history of Otero County politics and Alamogordo has cast a much larger vote than was expected. There is great dissatisfaction among the people with the committee in the matter of division made for voting purposes, and it is an outrage that will not soon be forgotten. Ninth Street was the dividing line. People who live two blocks from the court house box were forced to go to Chihuahua, nearly a mile, to vote. The gross inconsistency of it is shown in the vote of the Chihuahua box and that of the court house box. Chihuahua cast 361 votes to 215 at the court house. But, it is charged that a portion of Old Mexico was voted at Chihuahua.

FRUIT AND CEREAL EXHIBITS WANTED AT ST. LOUIS.

The fruit growers and horticulturists in the counties bordering on the Rio Grande, and especially in Santa Fe County, should lose no time in gathering and sending exhibits of fruit, cereals and vegetables raised this year, to the New Mexico exhibit at the Louisiana Purchase Exposition. It is not too late, and very creditable and handsome exhibits can yet be made. The New Mexican knows well that many of these sections suffered from the drought during the spring and early summer, but there is, nevertheless, plenty in the fruit, cereal and vegetable lines to show and convince eastern people that this Territory is at the head of the list in such matters whenever and wherever water for irrigation can be obtained and intelligent work is done. The New Mexico Board of Managers of the Exposition will pay the freight or express upon collections, if prepared within the next two or three weeks for shipment. This is an excellent chance to give the Territory first class advertising and should not be missed.

"Single statehood 'under the present name and boundaries,' was the sentiment of the Republican Territorial Convention. The assertion that the majority of the people of New Mexico are opposed to joint statehood can now be repeated with emphasis."—Socorro Chieftain.

There is no question but that the Chieftain is correct in the above editorial. The people are for single statehood within the present Territorial limits and under the present name and the Republican party in Congress and out of Congress will make their fight for them.

On the morning of November 9, of this year, the Democratic bosses of New Mexico will come to the conclusion that they know more than they knew the day before the election. They will then find that the people have elected Senator Andrews to be their delegate in Congress and a majority of Republican members to the 36th legislative assembly. This may be unpardonable news to them, but it is to be will be, regardless of their desires, prophecies and prognostications.

BABY SALE

There are a great many hungry hearted women who would attend a baby sale if babies were ever offered for sale, because there are a great many wives who love children and have been told by physicians that they can never hope to nurse a child of their own.

Some of these women who have used Dr. Pierce's Favorite Prescription for the cure of womanly ills have been made happy mothers as a result of the cure of womanly disease and the building up of the general health.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

"I wrote to you some time ago to get information about my case," says Mrs. Mary Lee Flannery of Dryden, Va. "I was troubled with female weakness and pains. Received answer from you, advising me to take Doctor Pierce's Favorite Prescription and 'Golden Medical Discovery.' I took two bottles of 'Favorite Prescription' and found it did me good. I had been married four years and had no children; now I can say that our house is blessed with a little baby boy, born July 10th, by the help of God and your medicine. I praise your medicine highly.

"You can publish this letter if you wish."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Democratic campaign managers in New Mexico are consulting and wondering what new plans for this campaign to adopt. They were ready to make their fight upon the issue of "Rodey and Hubbell." This has gone glimmering and they do not know exactly what to do. To be sure, they will not take the New Mexican's advice and that is to lie down, do nothing, save their breath and money and let the unavoidable happen. Senator Andrews will be elected and unless there is too much over confidence and neglect on the part of Republicans, his majority will be very large. By hard work and by spending a good deal of money, the Democratic bosses may cut down Senator Andrews' majority a few hundred, but what will that avail them?

The Republicans of Arizona are strongly "for" joint statehood with New Mexico and so are the Republicans of New Mexico. The Democrats of Arizona have had the courage to utter their convictions and have announced themselves in opposition to joint statehood while the Democratic bosses of New Mexico, in their Las Vegas Convention straddled the proposition and were afraid to stand by the desires and interests of the people of this Territory. They are a sorry lot indeed.

The people of Santa Fe, and, indeed, those living all along the line of the Santa Fe Railway system in New Mexico, are obliged to the management of the road for the increased train service on the Santa Fe Lamy branch which will go into effect shortly. And now, if the company will resume direct connection with train No. 8, from the west, there will be still greater gratification.

President Roosevelt's popularity in his home state is counted upon by prominent Republican leaders to increase the Republican vote there. In this calculation they will not find themselves mistaken. The voters of the Empire State are now strongly going with the Roosevelt-Fairbanks tide towards success.

Democratic Candidate George P. Money is conducting a personal campaign throughout the northern portion of the Territory. If Mr. Money's personal campaign is supplemented with money, it may count; otherwise it will not.

Tammany Congressman Burke Cochran, who is now making Parker and Davis speeches, says he likes bag pipes at his meetings. He evidently wants to give the people as much thin air as possible.

George J. Gould has just paid \$5,500 for a pet bull dog. Even the greatest of railroad magnates have weak spots.

NOT AN OFFENSIVE OR IMPROPER
FEATURE IN THE WHOLE
SHOW.

The Sells & Downs Circus, which comes to Santa Fe next Monday, September 26th, is a show of the highest class and clean in every respect. It represents all that there is of legitimate worth in the circus business. It is in charge of men who aspire to elevate the tone and purify the atmosphere of the calling, and we believe the thousands who have attended the performances up to the highest professional and artistic standard, the menagerie, large and varied, and the trained animals of the best, but there is not in connection with the Sells & Downs Show a single one of those discreditable and demoralizing features which have done so much to give the circus a bad name, and to discourage the true friends of that otherwise wholesome form of amusement. The managers of the Sells & Downs Show keep all their promises, advertising nothing they do not expect to give, and carefully divest their performances of anything and everything calculated to offend the most fastidious. We are sure that the verdict of the citizens will be more favorable. Remember the date, Monday, September 26th.

---Poor Water and Poor Mounts.

The following report of Captain S. P. Vestal, of the Seventh Cavalry, who was detailed by the War Department to attend and instruct the encampment of the New Mexico National Guard, at Las Vegas, last month, has made the following report to the authorities at Washington:

The Military Secretary,
Washington, D. C.
(Through Commanding General Southwestern Division.)

Sir: I have the honor to submit the following report on the encampment of the organized militia of New Mexico, held near Las Vegas, New Mexico, from August 8, 1904, to August 15, 1904. I received par. 15, S. O. No. 181 on August 8th. Starting by the first train I reported in person to the Governor of the Territory and arrived at camp on the morning of August 11th.

Brigadier General W. H. Whiteman, Adjutant General of the Territory, was in command of the camp.

The following troops were in camp: One regiment of infantry, Col. John Borradale commanding, consisting of two battalions of two companies each. Commissioned officers 21 Enlisted men 169

Total infantry 190 One squadron of cavalry, Major R.

A partner in our business buys our barley, and selects the best from all.

We get our water from six wells, bored 1400 feet to rock. Our yeast is all developed from the original mother cells which helped to make Schlitz Beer famous.

All the air that touches Schlitz Beer comes to it through air filters. And the beer itself is filtered through white wood pulp. Then we age it for months, until it can't cause biliousness.

We sterilize every bottle. Ask for the brewery bottling.

Transportation.

Troops were transported to Las Vegas, N. M., direct from home stations by rail; thence by marching to camp site.

The movement was under control of the general staff.
The detraining was not observed. The entraining of troops after breaking camp, was accomplished in a regular and orderly manner.

Time consumed in movement by three companies, about 10 hours; by the fourth company, about 24 hours. The cavalry is all located at Las Vegas.

Duration, Location, Etc.

The encampment lasted from Aug. 8th to Aug. 15th, inclusive. The camp was located on a high mesa about three miles from the railway station on the main line of the Santa Fe Railway, in Las Vegas. A spur of this road runs within one mile of the camp but was not used by the troops. The mesa is of sufficient extent to accommodate two or three regiments, and the ground is excellent for camping.

The character of the surrounding country admits of good maneuver ground for only about one regiment of infantry, and squadron of cavalry. There are no buildings whatsoever on this mesa. All troops were camped together in column of companies. The camp was well and correctly laid out. I was not present when camp was made, but it was broken expeditiously and in an orderly manner.

Sanitation.

The water supply was hauled or carried from a reservoir about 200 yards from camp. The water was of poor quality and only boiled water was allowed to be used for drinking purposes. Pit sinks were used for kitchen refuse and latrines. Latrines were about fifty yards in rear of the line of cook houses. All sinks were sprinkled daily with chloride of lime and kept covered with earth. On breaking camp all sinks were filled up.

Clothing and Equipment.

All troops were fully armed and equipped for the field except that the infantry did not have overcoats, and the cavalry were without shelter tents. The commanding officer of cavalry stated that they were supplied with the shelter tents but neglected to bring them to camp. All troops are supplied with the blue uniform only. In camp the campaign hat, regulation calfskin shoes and leggings were worn.

How Subsisted.

All troops were subsisted in company messes. Rations were purchased in bulk by the adjutant general under contract, and approximated very closely to the army ration. The rations were issued by the camp commissary to the companies and cooked by them on regulation Buzzsaw field ovens.

Drills and Ceremonies.

Before coming to the encampment one battalion of two companies had had very little instruction in battalion drill. In all the other companies the instruction had been limited to company drill in close order. None of the troops had been drilled in advance guard or attack formations. In camp, company and battalion drills in close order were

Emergency Medicines.

It is a great convenience to have at hand reliable remedies for use in cases of accident and for slight injuries and ailments. A good liniment and one that is becoming a favorite if not a household necessity is Chamberlain's Pain Balm. By applying it promptly to a cut, bruise or burn it allays the pain and causes the injury to heal in about one-third the time usually required, and as it is an antiseptic it prevents any danger of blood poisoning. When pain Balm is kept at hand a sprain may be treated before inflammation sets in, which insures a quick recovery. For sale by all druggists.

Marshal Gorman is fortunate in having no prisoners to feed. Whether or not such conditions speak well for the morality of Santa Fe is a question easily answered in the affirmative.

The rain Tuesday caused a temporary stream to flow in the bed of the Santa Fe River. The water soon dispersed itself in the many dry crevices and in twenty-four hours the stream was only evidenced by a pool at rare intervals.

On account of the washouts at San Ildefonso, on the Denver & Rio Grande yesterday, transfers of passengers and mail had to be made; this also had to be done today, hence the delay in the arrival of the trains on that road from the north.

Last evening's Denver and Rio Grande train was delayed for three hours by washouts near San Ildefonso. The water coming from the Pajarito Mesa had washed the ground from under the tracks for a considerable distance. The train arrived here at 8:30 o'clock.

The Ladies' Aid Society of the Presbyterian church will give their unique social tonight at the residence of Mrs. C. L. Bishop, for the benefit of the society. An informal supper will be served, the diners paying according to the number of letters in their names.

The new seven foot concrete sidewalk which is under construction in front of the residence of Mr. and Mrs. E. A. Fiske on Cathedral Place is now nearly completed. The concrete is a valuable improvement to the pretty dwelling being laid under an overhanging porch.

The running team of the Santa Fe Fire Department was out practicing last night for the Las Vegas tournament, which will be held the first week in October. The fire boys will work out every night until the time of the tournament with the expectation of capturing prizes in the Meadow City.

While crossing the railroad track at Lamy yesterday afternoon Franco Taroya, who is deaf, was run down by an approaching train. The victim was brought to Santa Fe last night and Doctors Massie and Sloan amputated his right foot above the ankle. Today he is reported convalescent and will be able to return to Lamy in a few days.

Manager Townsend, of the Santa Fe Central base ball team, states that he has received information to the effect that the Albuquerque Browns will be reinforced by two star players for their game with the local nine in this city Sunday. Myers and Hitt from El Paso it is understood, will play with the visitors and a hotly contested match is anticipated.

Cloudy tonight with showers tomorrow in the north and central portions is the forecast given out by the U. S. Weather Bureau today. Yesterday the thermometer registered as follows: Maximum temperature at 1:50 p. m. 66 degrees. Minimum temperature at 5:30 a. m. 46 degrees. The relative humidity was 71 per cent and the mean temperature for the twenty-four hours was 56 degrees. At 6 a. m. today the thermometer registered 52 degrees.

Reports received at the Republican headquarters show that southern county prospects are improving daily. In some of the counties independent tickets are now being talked of and there is a strong probability that several of these tickets will be placed in the field. This is where there is intense local rivalry. In all instances, however, the independents will support Senator Andrews, the contest being on purely local issues. Bernallillo County, from present appearances, will be the banner Republican county in the election.

LATEST POLITICAL POINTERS

Hon. Jeremiah Simpson, of Roswell, has been asked by the Democratic National Committee to take the stump in several doubtful states and will probably consent to do so. Daniel McConnell, chairman of the speakers' bureau of the committee has been in correspondence with Mr. Simpson for some time in reference to this matter.

A call has been issued by Col. J. Franco Chaves, member of the Republican Territorial Central Committee for the new county of Torrance, for a Republican County Convention for the nomination of a county ticket, to be voted for at the November election. This convention will be held in Manzano and will consist of 54 delegates. The Republicans of the new county propose to be in the field and to carry the county by a handsome majority.

E. L. Ramsey Gets It in Well at Depth of 325 Feet in Jarilla Field.

Special to the New Mexican. Brice, N. M., Sept. 22.—Water was struck by E. L. Ramsey in a well three and one-half miles south of this place this morning. This is the first water developed in the Jarilla mining camp and therefore is of great importance as an indication. The well is down 325 feet and shows seven feet of quicksand and water. Work will be continued until the full depth of the sand is known and until bedrock is reached.

Is this Your Wife?

You say: "No!" But she should remind you of a duty you owe your wife. If she has one of the old-fashioned, troublesome, cumbersome, cast-iron Cook Stoves, the kind that gets red hot all over—you can end all her kitchen troubles by buying her a "Quick Meal" Range.

The "Quick Meal" Steel Range is so thickly lined with asbestos that all the heat is kept inside the Range to bake and cook the meals, instead of cooking the Cook. In that way it saves fuel and it also saves and sweetens temper.

"Quick Meal" Ranges are daily growing in popularity. They look well, they cook well, they bake well, they last well. That is why there are so many in use—every one recommends another.

THE MILITIA ENCAMPMENT

Continued from Page Three.

had every day and progress toward proficiency was good. Regimental or battalion parade was held daily and toward the end of the encampment were very creditably performed. The troops were reviewed in brigade formation by the Governor of the Territory on August 13th, and acquitted themselves well. There was also one inspection and muster, and one inspection in heavy marching order.

Three short marches—about three miles and return—were made during the week, during which some instruction in advance guard was had. The instructor being asked to devise a field exercise, arranged as follows: Infantry constituting a battalion, being marching in road column, discovered an enemy in front and were placed in battle formation and executed the advance to the attack of a position which had been secretly occupied by the cavalry on the line of march. The country in which this exercise was held is broken; affording a good opportunity for instruction to the troops in the use of cover during the attack. Much interest was displayed by both officers and men, and it is believed that valuable instruction was obtained.

The cavalry troop was mounted on very poor specimens of range ponies, which had been hired for their use only a few days before the encampment, and the troop was consequently much handicapped. However, they had troop drill mounted every day and by dividing the troops were enabled to have squadron parade. Considering the character of their mounts, their mounted work was very creditable.

Personnel and Discipline.

Enlisted men: With few exceptions the enlisted men were well qualified by age and physical condition for service. Discipline was good; and the conduct of the men in camp and their courtesy was excellent.

Officers: The majority of the officers have had but little experience, this being the first camp with troops for most of them. Nearly all seem well fitted for their positions and without exception they displayed marked interest and professional zeal in their duties.

Guard was regularly mounted every morning. Guard duty was generally well performed. Officers and non-commissioned officers were painstaking and fairly well instructed. Sentinels generally were deficient in knowledge of General Orders, but knew the Special Orders of their posts and performed their duty in a soldierly manner. There was no instruction in outpost duty.

Target Practice.

No regular target practice was held in camp. Some instruction at the short ranges was given one company which had been recently organized and had had no previous instruction. An individual competition open to five best shots from each company was held. Conditions: Two scores each at 200 and 500 yards. Won by Sergeant Nesbet, Company D, with the score of 82. The range was a temporary one, equipped with two revolving targets. The ground was excellent for a range up to 1,000 yards. All companies but one have had considerable practice, but only a little if any position and aiming drill, and gallery practice.

Record Keeping.

Regimental headquarters kept a consolidated morning report, duty roster, regimental descriptive book and regimental order book. All were correctly kept. Companies and troops were correctly kept. Companies and troops were furnished with morning report, duty roster, descriptive and clothing book and sick book. These books were in good condition, except that in two companies the duty roster was not used at all, the first sergeants keeping a private roster. Officers and first sergeants seemed to have a fairly good knowledge of record keeping, but I had no opportunity to judge of their knowledge of official correspondence.

At the request of the camp commander the instructor was present at all drills and ceremonies and gave his advice and assistance when needed. Officers were frequently assembled in the evening at which time the work of the day was gone over, errors pointed out and questions answered. The instructor was ready at all times to give any information in his power to individual officers; and the officers consulted him freely.

This was the first encampment ever held by the militia of this Territory, and as only a very small per cent of the command ever had any field experience elsewhere there was naturally a deficiency in the knowledge of many details. I cannot speak too highly, however, of the interest, zeal, and desire for improvement manifested, almost without exception, by both officers and men; and the result was markedly apparent before the close of the week.

I believe the result of the encampment will be to encourage and stimulate the organized militia of this Territory, and result in the organization of the remaining companies of the regiment and troops of the squadron.

Very respectfully,
S. P. VESTAL,
Captain Seventh Cavalry.

When you go to the Fair at Albuquerque don't fail to take one of those fine oyster loaves with you from the Bon Ton.

GOOD WORK.

Done Daily in Santa Fe. Many Citizens Tell of It.

Nearly every reader has heard of Doan's Kidney Pills. Their good work in Santa Fe still continues, and our citizens are constantly adding endorsement by public testimony. No better proof of merit can be had than the experience of friends and neighbors. Read this case:

Nazario Alarid, hackman, of Cerrillos road, says: "I was continually buying medicine for my kidneys, and if a man spends every now and then 50 cents for a bottle of one guaranteed preparation and 50 cents at another time, he makes an inroad into his finances. None of the medicine I used had the slightest effect on my kidneys or backache, at least I was unable to notice any. When an attack of backache reached the virulent stage, I was compelled to stop work for an hour until the spasm disappeared. When wrestling with an attack, I went to Ireland's Pharmacy for Doan's Kidney Pills. There must be more than ordinary merit in that preparation, for a course of the treatment for a short time positively stopped the very severe attack."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

REQUIREMENTS ARE STRICTER

Uncle Sam is Raising Standard of Service in the Regular Army.

It is an undisputed fact that the war Department is gradually raising the standard of the service in the standing of the army and that every effort is being made to secure as good men physically and morally, as possible, to serve the great republic. A letter just received by Major C. B. Vodge, in charge of the local recruiting station, is illustrative of the efforts being made to secure a good class of men for the regular army.

The letter calls the attention of the recruiting officers to the fact that the three years' limit, dating from the time of the re-organization of the army in 1901, has now expired and that not as many recruits are needed as was the case during the last six months. "Advantage of this," says the department, "should be taken to secure better material for the ranks by rejecting applicants whose physique, character or mental qualifications seem to render their fitness for the service doubtful."

A circular received at the same time shows stricter requirements under these conditions for the service. An applicant for infantry, coast artillery or engineer service should not weigh over 190 pounds nor stand less than five feet four inches, while the prospective member of the cavalry troop or field artillery should not be heavier than 165 pounds, shorter than five feet four inches or taller than five feet ten inches. No applicant will in the future be accepted in any class of the service who weighs less than 128 pounds.

The letter is gratifying to those who are interested in the advancement of Uncle Sam's soldiers as it shows that the right sort of men physically, as well as mentally, are being enlisted as recruits to wear the blue.

STRONGLY FAVORS SUGGESTION

Would Like to See Governor's Palace Used for Collections of Historical Society of New Mexico.

Santa Fe, N. M., Sept. 21, 1904. Editor New Mexican:

Your article in yesterday's issue urging the turning of the Old Palace (excepting the part now used by the Post Office) to the Historical Society was timely and appropriate. The rooms now used by that excellent society are so small that the articles contained therein seem to be placed there more for the purpose of concealment than for exhibition. In this go-ahead country of ours there is a wonderful lack of interest in the few antiquities we have. In parts of the Union there are no antiquities whatever, but in the southwest, and especially in New Mexico, the case is different. Here we have antiquities which, if carefully and intelligently investigated, would make the discovery of the continent by Columbus look like a thing of yesterday, and too much credit cannot be given to Ex-Governor L. B. Prince and others for their persistent and disinterested labors in securing and preserving the valuable collection of ancient articles now in the possession of the Historical Society. There could be no more appropriate place found for a museum of antiquities than the Old Spanish Palace, which is of itself a building of very respectable antiquity.

Very respectfully,
H. L. MORRISON.

ADVANTAGES OF NEW STREET

Mayor Gibson Explains Why Galisteo Should Be Extended to Palace Avenue.

"I think that it is only right for the business men of Santa Fe to know what the extension of Galisteo Street means for the city," said Mayor Gibson yesterday, in speaking of the efforts being made to form a compromise whereby Galisteo Street could be extended to Palace Avenue.

"In the first place, business men who have hauling to do through that part of the city, and most of them have, will save several blocks by the new street. Then, again, it must be remembered that Luis M. Ortiz is now ready to erect a building which will forever block the prospective thoroughfare.

"There is only one thing to do, by subscription purchase the amount of land necessary to open the street. The city, as all know, has not the necessary finances to make the purchase. Business men should consider it to their interest to support any subscription which the council may see fit to inaugurate."

MONEY MAKING ACTIVE CAMPAIGN

Democratic Nominee for Delegate to Congress Conducting Personal Canvass.

From information received in this city yesterday, George P. Money, Democratic candidate for delegate to congress, is now in Mora County waging a vigorous personal campaign. It was stated at Democratic headquarters that Mr. Money had expressed himself as very well satisfied with conditions in San Juan County and expects to receive a larger Democratic majority than is usually given by that county.

At Taos Mr. Money addressed a large "fusion" meeting the other evening, but was unable to have his name placed on the tickets nominated by the convention. From Mora County the Democratic candidate will visit Colfax and San Miguel Counties, leaving the last-named place in time to attend the Rio Arriba County convention, to be held at Chamita on the 27th inst. Plans have not been completed after this date, but it is understood that the Las Vegas man will continue his personal campaign until the time of the election.
