SENATE.

Washington, D. C., Dec. 21.—Senator Culberson (Ill.) reported favorably from the committee on foreign relations a bill to provide a government for the Hawaiian Islands.

On behalf of Carter (Mont.), who was absent, Chandler offered a resolution which was referred to the committee on rules, providing for the distribution of appropriation bills among the several standing committees of the senate and so amending the existing rules as to make such distribution possible.

Morgan (Ala.) secured the adoption of a resolution requesting the president, if not incompatible with public interests, to inform the senate whether authentic information is in possession of this government as to the dissolution of the Central American republic.

Nine private pension bills passed. Several resolutions were adopted directing the secretary of war to have surveys and estimates of cost made in the various river and harbor improvements.

Isaiah, of Virginia, called from the calendar the resolution of Proctor, of Vermont, providing for a committee of senators to visit Cuba and Porto Rico with a view to ascertaining the conditions of those islands and reporting their observations to the senate as a guide for its action.

A motion to proceed to the consideration of the bill was defeated.

After a short executive session the senate adjourned until January 4.

The senate confirmed the nomination of Hitchcock to be secretary of the interior.

HOUSE.

Henderson (Republican, Iowa), from the committee on rules reported favorably the Bailey resolution directing the judiciary committee to investigate and report whether the members of the house who accepted commissions in the army during the late war, had by so doing vacated their seats in the house. He asked for immediate consideration. The resolution was adopted without division.

Wheeler (democrat, Alabama), Robbins (Republican, Pennsylvania), Colson (Republican, Kentucky), and Campbell (democrat, Illinois), are the members of the house who volunteered in the American Spanish war. None were present when the investigation was ordered to day.

The bill reported from the ways and means committee authorizing the shipment in bond of imported merchandise less than carloads was passed.

The spirit of Christmas seemed to pervade the members and a number of small claim bills were passed by unanimous consent. At 1 o'clock the house adjourned until January 4, 1899.

GENERAL MERRITT IN WASHINGTON.

Washington, Dec. 21.—Gen. Wesley Merritt has arrived in Washington and called at the war department and the white house. He will appear before the war investigating committee tomorrow. He will take charge of the department of the east, relieving Shafter. His reception wherever he went was a mild ovation.

Volunteers to be Mustered Out.

Washington, Dec. 21.—The secretary of war is instructed to arrange for the immediate muster out of 20,000 volunteers. Several volunteer regiments in the Philippines undoubtedly will be included.

SANTIAGO CAMPAIGN.

Testimony of Gen. Shafter's Chief of Staff Before Investigating Committee.

Washington, Dec. 21.—Lieut. Col. Milley, Gen. Shafter's chief of staff, testified before the war investigating committee today concerning the Santiago campaign, largely following the lines of Shafter's testimony. He said that while the expeditionary fleet was lying at Tampa, prior to the start, the troops were given every facility for bathing and shore privileges. He told of the position of the lines of the two armies before Santiago and that the Spanish lines were so conspicuous there was no necessity for any reconnaissance in force to determine them. He said there was no doubt there were Spanish sharpshooters between the Spanish and American lines, but he was unable to find a single instance of Spanish sharpshooters firing on our hospitals in the rear or on our flanks. He spoke of the two mile range of the Spanish rifles and describing the Ameri-

NEW SECRETARY OF THE INTERIOR.

KANSAS CITY, DEC. 21.—One of the last acts of the eighteenth annual convention of the American Federation of Labor was the adoption of a practically unanimous vote of the resolution, introduced by Max Morris, of Denver, declaring the adoption of a resolution reaffirming all former declarations of the American Federation of Labor relating to the principle of bimetallicism "does not in any degree mean the abandonment of that principle by the American Federation of Labor, but means that it is so strongly indicated in the labor movement that it is not necessary at this time to debate the question."

Trains Collide.

New York, Dec. 21.—The eastern express collided with the Chicago and New York express, both east bound, on the Pennsylvania railroad, at Colonia, near Rahway, N. J., to-day, and the colored porter was killed and four or five passengers injured. One boy is missing. Two women passengers on the Chicago express are pinned in the wreck. The accident is due to a dense fog.
