MR. RODEY KNOWS NOT

As Yet If He Will Accept Independent Republican Nomination as Candidate for Delegate.

\$4,000 IN HARD CASH

Are to Be Paid By Democratic Campaign Leaders If He Makes the Race.

The New Mexican has it from reliable authority that the Democratic campaign managers have raised the sum of \$4,000 in cold, clean cash, gold, silver, treasury notes or greenbacks, as preferred, as the contribution to the campaign fund of B. S. Rodey, now delegate from New Mexico to the 58th Congress, to induce him to run as a candidate of the Independent Republicans of the Territory for delegate to the 59th Congress. This information reaches this paper in such a manner as to leave no doubt of its truth. It was accompanied by the report that Mr. Rodey had about made up his mind to make the race and was waiting upon the action of the Margarito Romero faction of unionists in San Miguel County at its convention held there yesterday. Before the result of this convention was known in Santa Fe last evening, the New Mexican is informed that George P. Money, Democratic candidate for delegate to Congress, told his friends that he was sure that Delegate Rodey would accept the nomination and all, if the Romero union faction of San Miguel County nominated or endorsed him for the position. The New Mexican is also informed that one of two plans is to be pursued. Delegate Rodey is to make the race as an Independent Republican and take as many votes as possible from the regular Republican nominee, Senator W. H. Andrews, or if later on in the campaign it appears to be of advantage, he is to withdraw and turn the votes that would have been given to him over to the Democratic nominee, Mr. Money. The Democratic campaign managers assumed that Mr. Rodey has his followers and admirers grabbed in such a manner as to turn them inside out or any other way as he will demand of them. In connection with these reports the New Mexican publishes the following Associated Press dispatch dated Las Vegas, September 27:

"Delegate B. S. Rodey, who was defeated for re-nomination for Congress in the regular Republican Convention by William H. Andrews, has been nominated by the Independent Republicans in convention and agrees to run."

The Independents at Las Vegas.

Special to the New Mexican.

Las Vegas, Sept. 27.—The Margarito Romero faction of the Republican party organized here yesterday as the Independent Republicans of San Miguel County. Margarito Romero was elected chairman and Fulencio C. de Baca, secretary. Jose Santos Esquivel, the present county assessor, announced his allegiance and joined the convention. During the sessions of the convention in the afternoon, a telegram was received from Louis W. Galles, of Albuquerque, urging the convention to nominate B. S. Rodey as its candidate for delegate to Congress. This was not done, but Delegate Rodey was endorsed for such nomination as it is the intention of the Independent Republicans to hold a Territorial convention.

Felix Martinez, owner of La Voz del Pueblo, who has been a resident of El Paso, Texas, for five or six years, and Antonio Lucero, editor of the same paper, who was turned down in the regular Democratic County Convention here a few weeks ago, are supporting the Independent Republican movement. Nothing more was done in the convention, which adjourned without making any nominations.

Rodey Did Not Authorize Use of His Name.

The Morning Journal, of Albuquerque, this morning printed the following interview with Delegate to Congress B. S. Rodey and Louis W. Galles:

"I did not authorize the use of my name in the sense of being an independent candidate before the San Miguel County Independent convention, nor did I allow Mr. Galles to do so," said Mr. Rodey Monday night when shown the dispatch given above by a representative of the Morning Journal.

"I cannot say at this time whether I approve or disapprove of the action of the San Miguel convention."

"At this time I am not a candidate for the delegateship. I do not care to say, however, that I would not become a candidate in the event that other sections of New Mexico should show the same desire for me to head an independent ticket, as has been shown in San Miguel County. I have not, how-

A ROW AND A RACKET

In Democratic County Convention of Lincoln Over Selection of Candidate for Sheriff.

Lincoln, N. M., Sept. 27.—The Democrats of Lincoln County, led by John Y. Hewett, a White Oaks attorney, held their county convention here last Wednesday and nominated a county ticket. The proceedings were harmonious until it came to the nomination for sheriff, at which time Mr. Hewett, in his speech nominating John W. Owens, to the surprise and disgust of many delegates present, said, among other things, that: "I present you a candidate for the office of sheriff of this county, a man who was removed from office by the unjust decision of a prejudiced judge; he was unjustly deprived of his office to which the people had elected him, by the corrupt decision of the court, and we now ask to have him restored to the status he enjoyed two years ago," etc.

Hewett was the leading attorney for Owens in the case wherein the alleged "corrupt judge" acted. He lost the case, failed to appeal the same and the many Democratic friends of Judge McMillan, who were delegates in the convention, repudiated the remarks of Hewett, that they respect the decisions of the courts of this Territory.

The following county ticket was nominated: Sheriff, John W. Owen, who was nominated on the tenth ballot; probate judge, Bernardo Salazar; probate clerk, W. E. Kimbrell, who was nominated on the second ballot; assessor, W. B. Puckett; treasurer and collector, Jones Tallaferrero; superintendent of schools, Edward J. Coe; county commissioners, Higinio Salazar and J. B. Burrell, who was nominated after the fourth ballot. The following county central committee was named: A. H. Hudspeith, chairman; John A. Haley, secretary and treasurer, executive committee; A. H. Hudspeith, John A. Haley, W. B. Puckett, W. M. Ferguson and Bernardo Salazar, and the following members, one from each precinct: Scipio Salzar, A. C. Storm, J. R. Christman, George Kimbrell, H. H. Roberts, J. D. Brotherton, Andres Nejerres, C. D. Bourne, R. R. Copeland and D. C. Kerr.

REPUBLICANS RALLYING

In Otero County—Convention to Be Held October 8th—Andrews' Chances Good.

Special to the New Mexican.

Alamogordo, N. M., Sept. 27.—The Republicans of Otero County met at the court house in this city last Saturday afternoon and formed a permanent organization. The time for holding the county convention for the purpose of nominating candidates was set for October 8th. H. H. Majors was elected chairman of the County Central Committee.

At the last election the Republicans had no ticket in the field, but this year they will make a fight for county supremacy. The Democrats are split up considerably, their primaries recently held, resulting in charges of fraud and corruption on both sides. With a good ticket nominated the Republicans of Otero County have an excellent chance of success.

A prominent Democrat said in an interview with a New Mexican correspondent, that he fully expected Senator Andrews would carry Otero County, as Rodey did before, as the people realized that a Republican delegate to congress could do more for the Territory than one of the minority.

ever, authorized the use of my name in San Miguel County or elsewhere."

Did Not Speak for Rodey.

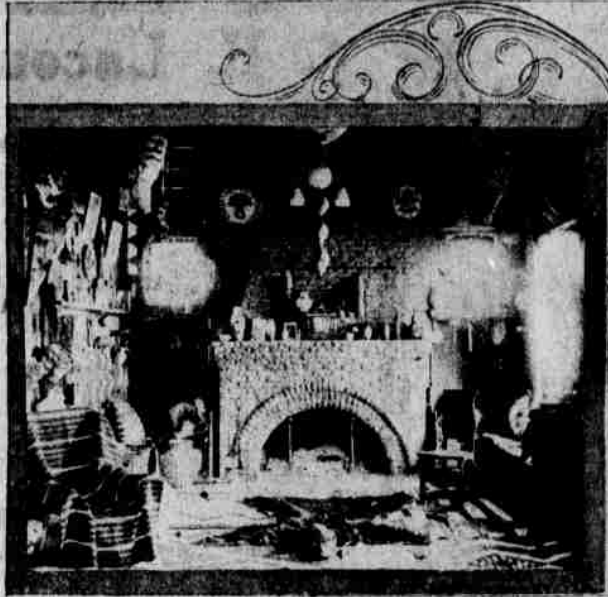

Louis W. Galles, whose telegram to the Las Vegas convention was made the basis for Mr. Rodey's nomination, last night declined to make public any statement in regard to his action. Mr. Galles intimated that he has knowledge of other conventions which will be held in other counties within the week, which will follow the action of the San Miguel County Independents and place Mr. Rodey at the head of an independent ticket in the race for the delegateship. He declined to say in what counties these conventions would be held, but expressed the conviction that several of them would be held. Pressed for the exact text of his telegram to the Las Vegas leaders of the Independent movement, Mr. Galles said:

"I sent several telegrams to Las Vegas yesterday, all of them to private individuals. I do not care to discuss them. One of these telegrams was to Margarito Romero, and in it I urged him to place Mr. Rodey's name at the head of an independent ticket in case the convention should endorse him. This, apparently, was done."

"Mr. Rodey did not authorize me to present his name to the convention."

Beyond this, Mr. Galles declined to be quoted as to his part in the independent movement.

LINCOLN COUNTY FOR ANDREWS

Well Attended and Enthusiastic Convention By Republicans—Clean, Strong Ticket Nominated.

Special to the New Mexican.

Lincoln, N. M., Sept. 27.—The Republican County Convention met here Thursday last and nominated a clean, strong ticket. Every precinct in the county had a full delegation present and the entire proceedings were harmonious and enthusiastic. It is the thinking opinion of well posted Republicans and Democrats alike that the ticket will win out from top to bottom. No resolutions were passed by the convention, but Senator Andrews will carry the county by as large a majority as Delegate Rodey two years ago.

The following ticket, which is considered an exceedingly strong one, was placed in nomination: Sheriff, Henry Lutz; treasurer and collector, John H. Canning; assessor, Robert Hurt; probate judge, Francisco Gomez; probate clerk, Romaldo Montano; superintendent of schools, Lee H. Rudisile; county commissioners, P. L. Krouse and Estalano Sanchez.

The county central committee, composed of one member from each precinct, is as follows: Ira O. Wetmore, Coalar, chairman; Acacio Gallegos, Leopoldo Ganzaes, Doroteo Lucero Teodoro Farmer, Augustin Chavez, H. A. Scott, A. N. Price, Charles Spence, Reynaldo Sanchez, Thomas J. Moore, P. L. Krouse, M. DuBois. The above are to be precinct chairmen also.

The next nominations were for delegates to the legislative convention, to be held at Roswell, October 1st, at 8 p. m. Fifteen were named, as follows: G. W. Pritchard, Acacio Gallegos, J. V. Tully, I. L. Analla, Charles Spence, J. H. Canning, W. H. Sevier, William Brady, Francisco Gomez, Henry Lutz, Ira O. Wetmore, Andrew Richardson, Robert A. Hurt, J. J. Aragon, H. A. Scott.

LATEST POLITICAL POINTERS

It is reported that a short campaign has been agreed upon between the Republicans and Democrats of Grant County. The conventions will be held on the 22d and 24th of October and local affairs will be comparatively quiet in that county until the nominations.

George P. Money, Democratic nominee for delegate to congress, will address a Democratic mass meeting tomorrow evening in the court house in this city, at 7:30 o'clock. Mr. Money has been devoting the greater portion of his time in the last few weeks to the northern counties and will return tomorrow from the Rio Arriba County convention. Judge N. B. Laughlin will be the other speaker on the program. Those that desire to learn something concerning the constitution of the United States, the principles of government, whether General Jackson is dead or alive, and various other things which show a man he never did know anything, are invited to be present.

Francisco Serna, of Chamita, chairman of the Board of County Commissioners of Rio Arriba County, had the following to say of the political situation in his county to a representative of the New Mexican: "I am of the opinion that the Republicans will carry Rio Arriba County by a big majority. The Republican County convention will likely be held at Tierra Armillia on October 8th, at which time candidates for the legislature and for county offices will be nominated. The Republicans in that county are in better shape than they have been for many years and will put up a strong legislative and county ticket. The majority of Senator Andrews should be very large."

RUMORS OF THIRD ARMY

Czar Contemplates Such a Move With One of Imperial Family in Command.

ASSUME THE OFFENSIVE

Japanese Vanguard Active in District Between Mandarin Road and Village of Toumytsa.

Many Killed in Night Attack.

London, Sept. 27.—A telegram to the local news agency from St. Petersburg says a dispatch had been received by the official news agency there from Harbin, saying the Japanese lost 1,300 killed during the night attack on Port Arthur, September 18th. The Russian warships, it is added, rendered valuable assistance in repulsing the Japanese.

Czar Commends Kuropatkin.

London, Sept. 27.—A dispatch to the News Agency from St. Petersburg says the Russian invalid published a telegram from General Kuropatkin, praising the work of the commissariat corps, which the emperor endorsed as follows: "I have read with sincere pleasure the opinion of the commander-in-chief on the perfect manner in which the commissariat officers fulfilled their duties."

New Commander-in-Chief.

St. Petersburg, Sept. 27.—Although official announcement to the effect is not expected immediately, since it will require some little time to get Russia's second army in the field, the designation of Grand Duke Nicholas Nicholasovitch, inspector general of cavalry, as commander-in-chief, is regarded as settled. The situation at the front with two and perhaps ultimately three big armies is considered to demand above all else that the supreme command be of such personal authority as to be beyond jealousies and possibility of intrigue on the part of the subordinates and such a man the emperor now realizes can only be supplied by a member of the imperial family. The grand duke will not rely upon a single advisor, but upon a staff comprising the ablest strategists of the general staff, who in reality will constitute a board of direction of the military operations. Viceroy Alexief is regarded as almost certain to return here. The report that he may become chancellor of the empire, however, has been exploded. He is more likely to retain his title and come to St. Petersburg nominally as an advisor of the emperor and will thus efface himself as a factor in the military situation in the far east.

Japanese Again Assume Offensive.

St. Petersburg, Sept. 27.—The general staff has received a dispatch from General Sakharoff, dated yesterday, to the effect that the enemy's vanguard has assumed the offensive. The dispatch is as follows: "Enemy's vanguard, consisting of one battalion and two squadrons of cavalry, has assumed the offensive, probably for a reconnaissance, in the district between the Mandarin road and the heights of the village of Toumytsa. The advance was stopped by our troops. The enemy treated along the whole line, pursued by our cavalry. The enemy has not yet advanced north of Davan, on the left bank of the Liao River, but an increased force has been observed in the neighborhood of Sian Chan. The Japanese cavalry has appeared in the valley of the Liao River."

Che Foo, Sept. 27.—Two Japanese torpedo boat destroyers were observed outside the harbor of Che Foo last night. The Chinese say the boats which sank on September 19th and

DIPLOMAT FINED FOR SCORCHING

Secretary of British Embassy Exceeded Speed Limit With Automobile—Wants Redress.

Boston, Mass., Sept. 27.—A telegram from Washington, bearing upon the firing of Third Secretary Gurney, of the British embassy, by Judge Phelps, at Lee, Massachusetts, yesterday, was received at the executive department today. Acting Secretary of State Adey wires: "British embassy informs me that Mr. Gurney, third secretary of the embassy, charged with driving an automobile at excessive speed, was arrested by a deputy sheriff and taken, after entering a protest, under threats of force, to the court of Lee, where, in spite of his protests, he was sentenced by H. C. S. Phelps, special justice of the Lee police court, to pay a fine of \$25 and upon declaring he would not admit the right of the court to sentence him, another fine of \$25 was levied for contempt of court and to go to prison if he did not pay." Adey then quotes some international law, showing that such action was illegal, and calls for an investigation. Acting Governor Guild wired the state department that he would investigate the affair immediately. He then wired Judge Phelps, calling for his statement of the facts and informing him if they were as stated it would be necessary to remit the fine and that the state must apologize as it was a breach of international law. He added other channels of redress are open in case of violation of the Massachusetts laws by diplomatic representatives of other nations.

ENTERTAINING GERMAN PRINCE

Emperor of Japan and His Subjects Show Prince Charles Every Courtesy.

Tokio, Sept. 27.—The emperor proceeded in state today from the Imperial palace to the Shiba palace and returned the call of Prince Charles, of Hohenzollern, with whom he remained for some time in conversation. Tonight at a dinner to be given at the German legation, Prince Charles will meet the members of the Japanese cabinet, generals, admirals and elder statesmen. The Japanese are showing Prince Charles, of Hohenzollern, every consideration. The Prince will continue his travels for another fortnight and will then leave for the Japanese army headquarters at the front.

London, Sept. 27.—The British torpedo boat destroyer, Chamols, was lost off the island of Gophonia, in the Mediterranean sea today. All on board were saved.

IMPRISONED MINERS RESCUED.

Como, Colo., Sept. 27.—Word received here says the rescuing party at Almaden tunnel reached the imprisoned men this morning. One, August Johnson, was found alive, but the other, Guy Miller, was dead.

Another "Boxer" Uprising Probable.

Shanghai, Sept. 27.—Reports received from the northwestern part of the province of Shang Tung say that Shou Tuan "boxers" are openly distributing prospectuses, couched in the same language as those circulated before the uprising of 1900. These prospectuses order precisely similar observances and fix the date at October 17th for the extermination of all foreigners.

STRIFE AND BICKERING

Were Principal Characteristics of Colfax County Democratic Convention.

PROMINENT DEMOCRATS DISSATISFIED

Withdrew and Took no Further Part in Proceedings—Several Candidates Declined.

The Democratic County Convention of Colfax County met at Raton Saturday last in the Opera House. Seventeen precincts were represented, seven precincts not represented, balance mostly proxies. John Morrow of Raton, was elected permanent chairman and George Berenger, of Raton, was elected permanent secretary.

The following legislative and county officers were nominated: For council, Seferino Martinez; for the house of representatives from Colfax County, Allen Hollas, who declined to run; county commissioner, First district, Charles Vogt; county commissioner, Third district, George W. Willson; Emilio Valdez, of Rayado, for treasurer and ex-officio collector; John Hixenbaugh, of Raton, for assessor; J. P. Dale, of Raton, who declined to run, for probate judge; R. H. Carter, of Raton, who also declined to run, for probate clerk; G. M. Fetter, of Raton, for superintendent of schools; W. A. Chapman, of Raton, for surveyor.

The resolutions reaffirm allegiance to the Democratic National Platform and nominees, including George P. Money, Democratic candidate for delegate to congress; denounced the Republican Territorial Administration, which they claim is used exclusively for the upbuilding of the Otero machine to the detriment of all the interests of the people; urged all citizens to rally to the support of the Democratic ticket and to elect the ticket; say they could recite a long list of abuses, rights of people overriden, etc., etc.; sympathize at length with the Colorado people; denounce Governor Peabody and the Republican party imperialism, of which Peabody is an example in its worst form; kick about corrupt Territorial jury law placed there by the Republican party.

No nomination for sheriff was made. This nomination was left to the Executive Committee, which is empowered to fill all vacancies on the ticket. This committee consists of C. F. Abreu, John Hixenbaugh, T. D. Lieb, Emilio Valdez and George B. Berenger.

The convention was poorly attended, strife and bickering in place of harmony and order prevailed. Several influential Democrats, who were dissatisfied with the rule or ruin policy of the bosses, withdrew. Among them were Dr. Kohlhausen, Messrs. Gains, Carter, Chase and others. They left the hall in disgust and took no further part in the proceedings. The Republicans have been benefited by the holding of this convention and it looks much as if Colfax County will give a very satisfactory Republican majority.

IRON MOUNTAIN TRAIN WRECKED

Several Cars Derailed Near Vulcan, Missouri, Resulting in Injury to 20 Passengers.

St. Louis, Mo., Sept. 27.—South-bound passenger train No. 17, on the St. Louis & Iron Mountain Railroad, which left here last night for Hot Springs, Arkansas, suffered a derailment of four cars today near Vulcan, Missouri, resulting in injury to twenty persons, none of whom it is believed seriously. The cars derailed included the baggage car, one chair car, one coach and a sleeper.

TERMS OF SALE ARE CONCLUDED

Tokio, Sept. 27.—The terms of sale of the interests of the American Tobacco Company to the Japanese government, under the recently established monopoly, have been concluded. The company objected to the price the government offered and appealed to the American legation. As a result of the extended representations made by American Minister Griscom, the consideration for the transfer of the company's interests was increased about a million yen, equivalent to about \$490,000 in American money. The total consideration was not made public.

SERVICE IN THE REGULAR ARMY.

"Six applications for enlistment in the United States army have been made from Las Vegas, but under the new and stringent regulations of the war department none have proven eligible. Las Vegas has a few knockers that ought to do first rate work in the army with their hammers. However, she can find better employment for her wide-awake, enterprising young men than consigning them to the idle and unprofitable life of an army barracks."—Las Vegas Optic.

The esteemed Las Vegas Optic is very likely correct in its view that it will be well for its prosperous town to get rid of some of its "knockers," but its opinion on army life is not well founded and not well taken. This is shown by the fact that six applicants in Las Vegas have been rejected. Recruits for the regular army must be men of good moral character, of clean and healthy physique, of fair education and some intelligence. Young men possessing these desirable qualifications can do very well in the army and in some instances will advance more rapidly than in civil life. A case right here in point is the one of Lieutenant John W. Campagnoli of the First Infantry. This officer is a Santa Fe boy and was educated at St. Michael's College here. In addition to English, he speaks Spanish and Latin and that well. Five years ago he took a notion to enlist, did so, and after a year's service was sent to the Philippine Islands with his regiment. There he did good service, attracted the favorable attention and consideration of his superior officers, was recommended for a commission, passed the examination creditably and is now a lieutenant with very fair prospects of success and of an enviable position for life. Three years' active service in the army not only would not hurt the average young man in this country, but would benefit him. He will be taught to obey, which will, of course, in time, enable him to command. Unless he is sober, attentive to duty, and conscientious in its performance he will not be kept in the service. Any young man of fair education, who has a love for adventure and has a liking for the life of a soldier, can do well by enlisting in the army. Indeed, there are many good citizens of the Territory of New Mexico today who have served in the army. There, as in every other walk in life, much depends upon the individual character and stamina, and these, if of the proper kind, will count fully and in many instances more so.

Judge Alton Brooks Parker, Democratic candidate for the Presidency, does not approve of President Roosevelt's order fixing the pension age of veterans of the Civil War at sixty-two years. The Judge, who has had a soft judicial shap all his life, is of the opinion that men who have seen arduous and active service in the Civil War ought to be still able to do manual and hard work at sixty-two years of age. His position, he will find, will not be approved by the people on election day in November.

CONSISTENCY AND THE DEMOCRATIC PARTY ARE NOT TWINS.

Since the holding of the Republican Territorial Convention at Albuquerque on the 12th of this month, and the defeat of Frank A. Hubbell for re-election as chairman of the Republican Territorial Central Committee, the Democratic yellow sheets have been asserting that this action on the part of the convention would break the Republican party in the Territory squarely in twain and that the downfall of Mr. Hubbell was brought about by the Republican administration. Up to that date, it will be remembered that the Democratic leaders, whenever and wherever possible in season and out of season, assailed the Republican Territorial administration for not "downing" Mr. Hubbell and for keeping him in one of the most important political positions in the Territory.

Consistency never has been a valuable jewel with the Democratic party leaders and papers of New Mexico and in this case it is again fully illustrated that expediency and a desire to gain political advantage, knock their consistency principles into smithereens whenever the occasion requires. The Las Vegas Optic handles this subject very properly and justly editorially when it says:

"The Democratic party in New Mexico is badly in need of a modicum of common honesty. It has not been long since every Democratic paper in the Territory was assailing the Territorial administration in the most violent terms for its failure to declare against F. A. Hubbell. In the meantime the administration forces were taking effective measures to prevent the re-election of Mr. Hubbell as chairman of the Territorial Republican Central Committee. It is edifying to note how quickly the Democratic press of the Territory has changed its tune. Mr. Hubbell has suddenly become a very superior individual and the Republicans have committed an enormity in turning him down. The change might have been expected. However, it goes to show the utter insincerity of Democratic protestations and declarations. The administration of the Territory has acted consistently and has set its face against corruption and crookedness of all kinds. The people of New Mexico will vindicate this policy at the polls next November."

THE SCENIC ROUTE ROAD.

Under the supervision of Superintendent H. O. Bursum of the Territorial Penitentiary, convicts are now constructing the Scenic Route Road between this city and Las Vegas across the beautiful Pecos Forest Reserve. The work is being done in a most thorough, substantial and painstaking manner, and when completed it will be one of the finest mountain roads, not only in the United States, but also in Europe, where they have had hundreds of years of experience in the Alps, Apennines and Pyrenees and other mountain ranges on that continent. The scenic attractions which will be opened by this road are of the grandest and most sublime character. Tourists, pleasure seekers, and those who want health, rest and recreation, will be able to reach this city or the city of Las Vegas from the head waters of the beautiful Pecos River, within a very few hours and that in a comfortable manner by vehicles and on horseback, riding bicycles or in automobiles. The cost of the construction is comparatively speaking, insignificant, but were this done by private undertaking it would run into the hundreds of thousands of dollars. The Territorial administration, which is doing this for the benefit of central New Mexico, is certainly to be commended and that highly for its course in the matter. This Territory cannot have too many attractions for tourists and the Scenic Route Road when completed next year, will prove one of the best drawing cards and efficient advertising measures for the Territory and will draw crowds by the hundreds to the Pecos Forest Reserve and to the two towns most interested, namely Santa Fe and Las Vegas.

A Republican judge of registration was murdered in St. Louis on the first day of the present registration of voters, because he desired to prevent the registration of illegal voters. This, in one of the greatest cities of the land, and where the greatest fair of modern times is now on. If it is remembered that Missouri has been governed for many years by Democratic state machines and that St. Louis has a Democratic city administration elected by fraudulent votes, the occurrence really causes no surprise. Without fraudulent and illegal votes the state would surely go Republican in this election.

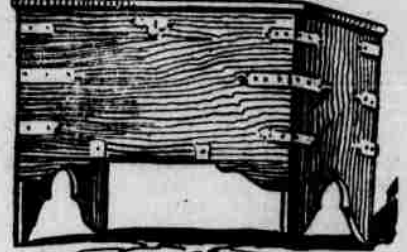

Chairman Tom Taggart has about given up the struggle in Illinois and has consented to allow the Sucker State to go Republican by default. He still asserts that should the Democrats make an energetic campaign in the state they would carry it, but nevertheless they will be liberal and let the Republicans carry it by a handsome majority on the 8th of November next. This is very kind and generous in Chairman Tom, and is duly appreciated by the Republican campaign managers for what it is worth.

Pierce for the health I now enjoy. I shall urge other women who suffer as I did to use your medicine."

A POINTER TO VOTERS IN GRANT AND LUNA COUNTIES.

"An obscure Democratic paper published in the southern part of the Territory, in mentioning the fact that Eugene Warren had been nominated by the Republicans of Grant and Luna Counties for the council and Attorney Collin Neblett has been similarly honored by the Democrats, says that all that is required is that Neblett shall stay at home and attend to his law practice and that the voters will do the rest. They undoubtedly will, and will see to it that Mr. Neblett stays home a long time attending to his law practice."—Las Vegas Optic.

Eugene Warren, Republican nominee for the house of representatives from the counties of Grant and Luna, may be beaten by the Democratic nominee for the same office, but his opponent will know that he has been in a fight. Generally speaking, Grant and Luna Counties are Democratic and the chances are not strongly in favor of Mr. Warren's election, but with the good fight the party proposes to put up in the two counties he may win. The 36th legislative assembly will be strongly Republican and if the people of Grant and Luna want favors, and they generally do, they will do well to keep this view of the situation in mind and vote accordingly.

"During his eight years' residence in New Mexico, no single citizen has done as much to bring capital into this Territory and to develop her industries as has Hon. Wm. H. Andrews, who will be the next delegate in congress from New Mexico."—Las Vegas Optic.

There can be no fight upon the above proposition between the esteemed Optic and this paper. The agreement of the two is complete.

Married Women

Every woman covets shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

Platform Adopted By the Republican Territorial Convention at Albuquerque.

The Republican party of New Mexico, through its representatives in convention assembled on this the 12th day of September, A. D. 1904, recognizing the steady progress which the whole country has made during the last seven years of Republican Administration, again reaffirms its faith in Republican policies and Republican principles.

Be It Resolved, By the Republican Party of New Mexico, in delegate convention assembled:

Death of Senator Quay.

Whereas, We have learned with profound sorrow of the death of one of the foremost leaders in our party since we last assembled in convention, on which occasion we mourned the death of the Chairman of our National Committee, we now again mourn the loss to the Nation, the party and our Territory of that distinguished Statesman and Republican, Hon. Matthew Stanley Quay, who for many years represented the great State of Pennsylvania in the Senate of the United States, who, when there, was a staunch friend of this Territory in all matters pertaining to its welfare, and after whom a county was named by our legislature as a slight token of our appreciation of his services to us.

Resolved, That our sincere sympathy is hereby extended to the family of the late Senator in their bereavement, and that a copy of this resolution be transmitted to them.

Eulogy of Roosevelt.

Resolved, That we heartily endorse the platform of the Republican National Convention, held in Chicago last June, and pledge ourselves to the loyal support of the principles enunciated by it, and congratulate the Convention upon its wise selection for President and Vice-President of the United States. The wise and patriotic administration of President Roosevelt, his policies, both domestic and foreign, his fidelity to American interests and the American people, and his frankness and candor on all public questions have given him the respect, and the confidence of his fellow countrymen, and entitle him to the country's further confidence by his election to the great office he now so creditably fills.

Governor Otero Endorsed.

Resolved, That the conduct of Territorial affairs under the administration of Miguel A. Otero deserves the highest appreciation of all good citizens regardless of party. When he assumed office, the bonded debt of the Territory for public buildings and improvements amounted to \$571,000. And bonds had been issued at various times from 1887 to 1893 for payment of current expenses and for deficits in revenue to the amount of \$555,800. All bearing interest from 5 per cent to 7 per cent, making a total of \$1,126,800. In addition there were deficits incurred under the Thornton administration, from 1883 to 1897, amounting to \$123,000.

A grand total of \$1,249,800. The legislature of 1899 provided for the taking up of this last deficit by issuing certificates of indebtedness for the amount, bearing 6 per cent interest and payable 20 per cent in each year for five years. These are the only evidences of debt issued during the last seven years, except \$60,000 of 4 per cent bonds provided by the same legislature to complete the Capitol Building. The certificates of indebtedness have all been paid besides reducing the bonded debt until at this time it is only \$854,735.

The levy of six mills for Territorial purposes has been ample to pay interest, salaries and current expenses of the Territory, and the reason for an increased tax levy has been appropriations for the old Territorial Charitable Institutions which were neglected before; and the three new Territorial Institutions established in 1901.

Rodey Tendered Vote of Thanks.

Resolved, That the thanks of the people are due to and are hereby tendered to our delegate in congress, Hon. B. S. Rodey, for his arduous labors in our behalf, for the watchful care that he has kept over the interests of the Territory, and the constant and unremitting devotion he has shown to his duty as our representative.

Regarding Lieu Lands.

Resolved, That we earnestly favor the bill introduced by our delegate and now pending before the Committee on Public Lands in Congress, providing for the selection of "lieu lands" in any part of the Territory in place of school sections lost by reason of their being within the limits of land grants or reservations. The passage of this bill would give the Territory about one million acres of land now not available, and give us the same privilege that every other state and territory has with reference to this class of lands, which were lost to us by reason of the Ferguson Act, donating the school sections, requiring that these lieu lands should be selected "as contiguous as may be" to the sections lost.

Dam Scheme Denounced.

Resolved, That we denounce the "Culbertson Bill," the Stephens bill, and any other measure now pending or about to come before congress seeking to deprive this Territory of any of its area, or of the free and unobstructed

use of its water. We believe the construction of the so-called "Elephant Butte Dam" and other reservoirs upon the Rio Grande, its tributaries and other waterways in the Territory, should be encouraged in every possible way by the Government, and our delegate is pledged to exert himself to secure such action by the Government; and that our thanks are hereby tendered to the Government, its officers and engineers, who have already done so much towards the reclamation of our arid lands.

Regarding Statehood.

Statehood is the most important question before the people of New Mexico at this time. Our loyalty to the general government, our great progress in natural wealth, our system of magnificent schools, our code of civil and criminal laws, our freedom from mob law, our respect for the courts, the extent of our great Territory and the intelligence of our people entitle us to an equal status among the states of this Union under its present name and boundaries.

Thanks to Chairman.

We hereby extend the thanks of the Republican Party of the Territory of New Mexico to the Hon. Frank A. Hubbell for the able and efficient manner in which he has discharged his duties as Chairman of the Territorial Central Committee during the past two campaigns. We recognize in him an enthusiastic and consistent Republican, of undoubted loyalty to the party, and for that reason always entitled to the thanks and recognition of the party.

Seventh Judicial District.

We also recommend our delegate in congress to secure the passage of a bill creating the Seventh Judicial District of the Territory of New Mexico, in order that adequate court facilities may be furnished to all the different localities and peoples of the Territory, and that the headquarters of the said district shall be located at Socorro, New Mexico.

Capital and Labor.

It is by the combination of capital and labor, protected by our national laws, that our country has achieved such wonderful growth and prosperity, but neither of these interests should be permitted to infringe on the rights of the people. Both interests alike are entitled to the protection of the laws, but both are subject to the laws, and neither can be permitted to break them.

BLOCKADED.

Every Household in Santa Fe Should Know How to Resist It.

The back aches because the kidney are blocked. Help the kidneys with their work. The back will ache no more. Lots of proof that Doan's Kidney Pills do this.

It's the best proof, for it comes from Santa Fe.

Genovevo Sandoval, surveyor's chairman, of Galisteo street, says: "If I had not the greatest faith in Doan's Kidney Pills, I would never have gone out of my way to recommend them to more than one of my friends and acquaintances. I had backache for about a year, not continually, but I never knew the moment when a recurrence would take place. I tried more than one medicinal preparation guaranteed to stop such annoyances before I went to Ireland's Pharmacy for Doan's Kidney Pills, but I met with very indifferent success. The treatment with Doan's Kidney Pills positively stopped the last attack. I now know what to use should others recur."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

Beginning June 1st the Denver & Rio Grande names rates from Santa Fe as follows:

His peaches are among the finest raised on earth and he has a number of varieties, the seeds of which were imported from France and Spain. Mr. Wielandy has just presented the New Mexican with three peaches of different varieties beautiful in appearance and of a most delicate flavor, weighing one pound and twelve ounces, which is pretty good for three peaches, even in this peach raising country.

Is this Your Wife?

You say: "No!" But she should remind you of a duty you owe your wife. If she has one of the old-fashioned, troublesome, cumbersome, cast-iron Cook Stoves—the kind that gets red hot all over—you can end all her kitchen troubles by buying her a "Quick Meal" Range.

The "Quick Meal" Steel Range is so thickly lined with asbestos that all the heat is kept inside the Range to bake and cook the meats, instead of cooking the Cook. In that way it saves fuel and it also saves and sweetens temper.

"Quick Meal" Ranges are daily growing in popularity. They look well, they cook well, they bake well, they last well. That is why there are so many in use—every one recommends another.

LOST WORKS OF ART

TREASURES WORTH FORTUNES TO THE FINDERS.

Many Precious Objects for Which Governments and Private Collectors Would Pay Vast Amounts—Some Probably Lost Forever.

The greatest treasure in sculpture the world has ever known is imperfect, and the piece missing—a right arm—would bring the finder in a king's ransom, \$50 may be termed a treasure in itself. This arm, of course, belongs to the Venus de Milo now in the Louvre, Paris, and twenty-eight years ago it turned up in England, and was proved by experts to be the genuine arm of the Venus. The owner, however, refused to part with it, and concealed it somewhere lest it should be stolen by thieves. When he died he left no record as to where the arm was hidden, and from that day to this its resting-place has remained a mystery.

Somewhere there is an old bronze drinking-cup which would easily realize \$100,000 if put on the market. It is the famous bronze bowl found in Egypt a century and a half ago, on which was engraved the ancient history of the Pharaohs. It was stolen from an Egyptian temple in 1739 and taken to Europe. From that time it miraculously disappeared, and forty years later the French government offered \$14,000 for its discovery, but the famous cup had vanished, in all probability for ever.

Great pictures have an unhappy knack of disappearing, and lucky would be the individual who came across Sir Joshua Reynolds' "Countess of Derby," for it would realize \$150,000. This was acknowledged to be Reynolds' greatest portrait, but not long after it was painted it disappeared from the Earl of Derby's collection and has never since been heard of. There are also two Van Dyckes and a Rembrandt missing for which the British National Gallery would willingly pay \$200,000, and no doubt the Earl of Crewe would give a big reward to any one who returned the Cupid cut by some vandal from the picture of a former Countess of Crewe and her son, who was painted as the little sprite.

Half a century ago the Italian government offered \$50,000 to any one who would rediscover the Florentine chalice. This is a goblet of green Venetian glass, made in the sixteenth century for the Pope and engraved with a picture of the Resurrection. Its manufacture is said to have occupied two years, and the secret of the glass, which was thinner than paper, is lost. The cup was stolen from the Vatican; but no one came forward to claim the offered reward, and the probabilities are that the cup has been smashed.

A similar treasure, which vanished in an equally strange manner, was the Marsella vase of Dresden china. It is the only piece of china missing from the famous Marsella collection, the value of which is set down at \$75,000, and it bears upon it the cross arrows and a lion's head.

Probably in a lumber room in some part of Britain there is an old sword which, if the owner only knew it, is worth about \$10,000. It was the state sword presented by the nation to Edward III., and at one time, the hilt was studded with large rubies, but these disappeared long before the weapon followed them into obscurity some years ago. Any one of the British national museums would purchase the sword for the sum mentioned, while it is not unlikely that in a public auction room the bidding would rise even higher.

Deserved to Starve.

C. C. Magruder, Jr., of Upper Marlboro, Md., has charge of the destruction of old money at the treasury. He was showing a friend of his from home the process in the macerating room, and, after bale after bale of greenbacks had been piled into the machine and ground up he announced proudly that \$30,000,000 had just been rendered valueless. A few moments later it occurred to him that he had not eaten lunch, and, diving in his pocket, found that he had not a penny there.

"Say, Tom," he said, to the visiting Prince George Countian, "I'm sorry to trouble you, but I've let all my change at home, and wish you would let me have a quarter for lunch."

"Tom" stopped still where he was and just gazed at Magruder silently for two full minutes. Then he said: "Mac, I'd lend you the coat off my back under ordinary circumstances, but any man who deliberately destroys \$30,000,000 before my eyes and then ask me for twenty-five cents could starve before I'd give up."

Cause and Effect.

H. H. Vreeland of the Metropolitan Traction company, who, it is said, will go to London to manage the Yerkes underground lines, rose from the lowest of the street railway business, and will occasionally unbend enough to crack a joke with a subordinate.

There is an aged New York conductor whom Mr. Vreeland likes, a Boston man, with a great deal of learning stored in his gray head. About this learning Mr. Vreeland likes to banter the old fellow.

"Why does hanging kill?" he said to this conductor one day.

"Because the inspiration is checked and the circulation arrested, while there is a suffusion of blood to the brain and a consequent caphalic congestion," was the prompt answer.

"I thought hanging killed because the rope was always too short to let the feet touch the ground," said Mr. Vreeland.

He Said Nothing.

He was standing on the scaffold with the noose hanging loosely about his neck. A crowd of sturdy and stalwart westerners were lounging about the structure.

"Have you anything to say?" the doomed man was asked.

"Indeed he hain't," a woman shouted, elbowing her way through the crowd, "he'll have nothin' to say while I'm around; he hed nuthin' to say sence we were married these last eighteen years, an' I'll be switched if he'll hev anything to say now. Ef there's any sayin' to be did I'll say it, so you mought as well go on with the performance."

The doomed man turned pale, dodged as though expecting something to be hurled at him, and went to his death without even so much as a whisper.

Has No Use for Misers.

Clement A. Griscom, the head of the shipping trust, is a generous man himself and consequently holds misers in detestation. A young friend of Mr. Griscom's, very rich but very close, was building a huge house in the suburbs. The cellar had just been dug, when a great snowstorm came and filled it. Of this the young man complained bitterly, but Mr. Griscom, hearing of his complaint, said:

"What is he kicking about? He got the snow for nothing, didn't he?"

Sarcasm.

Husband—"For whom are you knitting those socks?"

Wife—"For a benevolent society."

Husband—"Do you know, you might send them my address. Perhaps they would send me a pair."

Eat dinner tomorrow and play even at the Bon Ton.

WHY JAPAN**WILL WIN**

As Told By G. A. Gilson, U. S. Official Interpreter, Peking, China.

"To the man who lives in the Orient and watches closely the two nations now engaged in warfare, there can be but one result to the struggle, the ultimate supreme victory of the little Japanese over the great, uncouth soldiers of the Russian despotism."

The above remark was made last week by G. A. Gilson, United States official interpreter in Peking, who has carefully followed the two nations in their mighty struggle and has traveled over several countries in order to be in close touch with conditions in the Far East during the present war. Mr. Gilson was in Santa Fe en route to San Francisco, where he will embark again for his official residence.

"The Russian soldiers are grossly ignorant. This in itself shows what must be the ultimate result. Their costume is an example of the men themselves. Dressed in great, rough cowhide boots, with trousers of blazed cotton and dirty white shirts hanging on the outside to their knees, they present a dilapidated appearance, which clearly shows that they are stupidly ignorant and unable to successfully cope with soldiers of intelligence. As soon as a Russian soldier begins to tuck his shirt inside of his trousers, you know that he is becoming ashamed of himself, and then he is a worse soldier than before. Never in my life did I see a Russian private reading a book of any kind in camp. They are there by compulsion and do not realize what the trouble is all about. They are paid poorly and give just as poor service in return. All they receive a month is 92 cents in Russian money, which is about 42 cents in American currency. Even this small amount is often begrudged them and many times they receive pay only at intervals of six months."

"The Japanese are just the opposite. While on a trip through Japan, just before I left for the United States, I saw little boys only five and six years old drilling under the command of some larger youth. This is illustrative of the spirit of the entire country. To the Japanese his patriotism is his very life. Soldiering with him is an art, to be studied and improved at every opportunity. When a halt is called the little soldiers sit down by the camp fire and produce hidden volumes from their knapsacks to read until sleep approaches. They are well fed and well paid, but this to them is a small consideration as they are fighting for the honor and very existence of their country."

"The Japanese are the 'Yankees of the Orient.' Their intelligence wins the victories. They have the most complete spy system in the world. I was present in Peking when the armies of the various nations took possession of the Chinese capital. The Japanese force went to the treasury department and took charge the same way that you would take a watch from your pocket. Their spies had received full information. In every valley, gully, on each hill or mountain, plain, inside every city or village in Manchuria are the Japanese spies. No wonder that they beat their sluggish opponents."

"There can be but one possible outcome of such a war. It is only a question of how long Russia can hold out or as to whether or not other powers intervene. Leave the Japanese alone and they will have Manchuria before the great Russian bear can slowly gain his feet to snap fruitlessly at the spy little Japs who are always just beyond reach."

EXPECT TO STRIKE ORE

C. W. Fairfield Talks of Mining Conditions in Green Mountain District.

"Everything is working very smoothly at Green Mountain," said Charles W. Fairfield, son of the manager of the Green Mountain Mining Company, at Dixon, Taos County, today, in answer to an interrogation from a representative of the New Mexican. "We are now down eighty feet on our property and started drifting yesterday. From every indication we will strike ore in a few weeks. It is known that we are between two bodies and it should not be necessary for us to go much further before we strike one or the other."

"Work on the tunnel has been abandoned for the present. All our energy is being devoted to the Anderson claim. Prospects are very bright. We have had some assays as high as 45 per cent copper and 50 per cent silver. The average assay will probably run between 12 and 15 per cent."

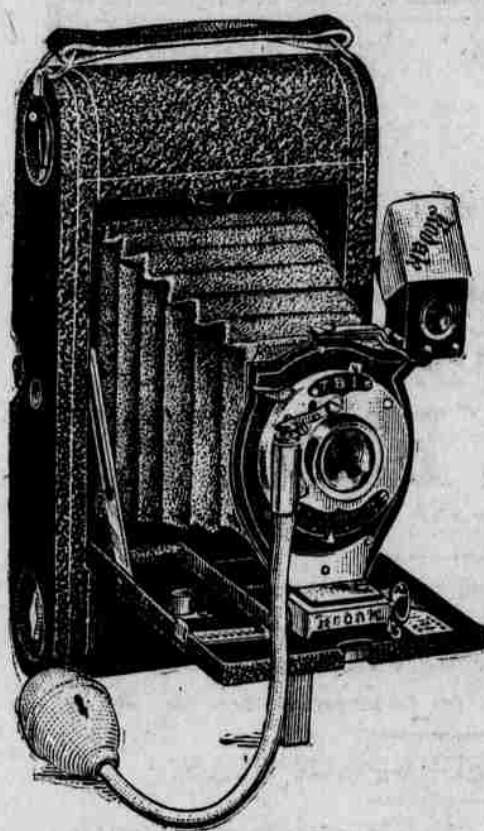

"The first carload of ore has just been shipped to Pueblo. We have not had time yet to have returns, but the car will probably average 12 per cent copper."

"I hear that the Copper Hill property may open up in the near future. This property has been shut down since the mill burned, several years ago. It would mean a boom to the district to have this old property reopened."

Reduced rates from all points all the time to Clarendon. "Ask the ticket agent."
