OPPOSE EXPANSION.

New England States Do Not Want Western Territory.

Riot in Havana Between Spanish Officers and Cuban Insurgents.

Two Volunteers Killed in a Fight at Huntsville, Ala.

FATAL FIRE IN BROOKLYN.

Washington, Dec. 12.—In the senate, Hear and Hale presented a resolution of censure of the extension of American sovereignty over the Philippine islands and against acquiring foreign territory without the consent of the people thereof. Resolutions were referred to the committee on foreign relations.

Pettigrew introduced a bill authorizing A. A. Bartlett to raise the battleship Maine and transport it to the United States.

Hear introduced the following resolution: "That the committee on military affairs be instructed to inquire and report as soon as may be, whether some policy may not be established by law by which soldiers of the regular army who have families or parents depending on them for support, or whose opportunities for business will be seriously interfered with by longer continuance in the military service and who are enlisted for the war, or under assurance that they would be held only while the war lasted, may be promptly discharged and their places as necessary filled with new recruits."

Yost, Mo., called up his resolution opposing that the constitution confer no power on the federal government to acquire territory to be held and governed permanently as colonies. He did not propose, he said, to say anything that would necessitate a secret session, as he had no intention to discuss any treaty now pending, or to be proposed hereafter. It seemed to him peculiarly appropriate to discuss the powers of the United States government under our constitution. "When a principal law officer of the government," he said, "says that the constitution is too small for the present conditions of our government, or to seem to me time to inquire what that constitution is." Yost said: "Our forefathers fought four years against taxation without representation. When a principle of independence was drawn up with the idea that all governments receive their just powers from the consent of the governed."

Yost thought it was the purpose of the expansionists to adopt the European policy of colonization. "When we have," he asked, "have we surrendered that this is a confederation of states? I cannot conceive it to be possible to point out any other form of government under the constitution."

KILLED IN A FIGHT.

Two Volunteers Killed in a Fight at Huntsville, Ala.

Huntsville, Ala., Dec. 12.—Henry J. Neilligan, cook, and George W. Beverly, both of Company G, First Florida, were killed last night. Neilligan and Beverly had a fight. Neilligan stabbed Beverly, who pulled a pistol and told him to stand back. Neilligan's brother, H. F. Neilligan, seeing Beverly with a pistol in his hand, killed him with a Springfield rifle. Beverly's brother, Roy, saw his brother fall. Thinking he had been killed by the cook, Neilligan, he shot the cook dead.

Private Porter Weinstan, troop D, Tenth cavalry, was found with a terrible wound in the throat on West Holmes street. He spoke only a few words before he was found. He stated that he had been held up by two white soldiers and shot.

A Hunter Arrested. Charles Kutz, the young son of C. W. Kutz, returned yesterday from a hunting expedition to Duran and reported that some men there had pursued him with guns and taken his gun away from him.

INCREASE OF ARMY.

Gen. Miles Urges a Large Increase of the Regulars.

Col. W. J. Bryan Tenders His Resignation to War Department.

Government Will Make a Coaling Station of Mission Island, Cal.

POLICEMAN FOUND DEAD.

Washington, Dec. 12.—Major General Miles appeared today before the house committee on military affairs for a hearing relative to the proposed reorganization and increase of the army. Two bills for this purpose are pending, one drawn by Miles, the other introduced by Chairman Hitt, of the military committee. Miles said he had always favored the establishment of a fixed standard for the army. The experience of the last year, he said, had demonstrated that the present military establishment was inadequate to maintain our position as a first-class power. It was necessary to consider both our military requirements at home and those in the new colonial dependencies abroad; also, the rapidly increasing demands made by the sacred fortifications. The latter, the few as completed, required 180 batteries of artillery and when the entire increase of the coast defenses are completed 300 batteries will be required.

The war with Spain required 52,000 men for actual field operations at various places. Since then there have been reinforcements for garrison and other purposes. At the same time General Miles pointed out the necessities at the same place in the future. The frontier had been stripped of troops during the war and complaints were coming in that the lives of families and property of those along the frontier were jeopardized. In particular, there were fears of an outbreak in the Sioux country because of the absence of troops. It was not desirable, therefore, to draw our forces from the frontier as to leave them defenseless or to invite disorders.

These considerations, said Miles, led him to recommend a standard of one soldier for each thousand population at home and with native troops on the basis of two native soldiers for every thousand.

Col. Bryan Resigns. Washington, Dec. 12.—All day yesterday the intention of Colonel W. J. Bryan was removed by the receipt at the war department of a telegram from him stating that he had mailed the resignation of his commission as colonel of volunteers and was approved by division and corps commanders. There can be no doubt of its acceptance.

Policeman Found Dead. Cleveland, Ohio, Dec. 12.—Patrolman Joseph Murray was found dead on his beat in an alley near the corner of Woodland and Cass avenues. He was lying in a pool of blood with a bullet hole through the brain. A revolver was lying by his side with three chambers empty. Whether Spurney was killed by burglars or committed suicide is not known.

Island For Coaling Station. Washington, Dec. 12.—General Hermann, commissioner of the general land office, in a decision rendered today holds that Mission Island, small islands in the Gulf of Mexico, are a part of the public domain and in accordance therewith, President McKinley in a few days will issue an executive order reserving both islands as coaling stations for the use of the navy.

Nicaragua Canal. Washington, Dec. 12.—The Nicaragua canal bill has been taken up in the senate. Senator Morgan took the floor to make a speech in support of it.

To All Sheep Owners. You are hereby notified that the headquarters of the Sheep Sanitary board has been removed from Las Vegas to Albuquerque, N. M., and that Harry P. Lee has been appointed secretary. You are requested to at once send in all ear marks, brands and such other information as will enable the board to prosecute the work in hand, build up and protect this great industry. Waylaid at Los Tirigros. A. J. Guereira, who clerks for James Grunfield, in this city, attended the district in Los Tirigros yesterday. He started to come to town on horseback at 5 o'clock this morning when he was waylaid by two men, one of whom he recognized as Juan Canales. They stopped his horse and then they started to dismount the rider. What they intended to do is not known as Francisco Lopez appeared upon the scene at this time.

Untimely End of Gen. Garcia, the Cuban Patriot.

Status of Negro Citizens in Cherokee Nation is Causing Trouble.

Annual Meeting of the American Federation of Labor at Kansas City.

BIG RECEIPTS OF GOLD AT DENVER.

Washington, Dec. 12.—General Calixto Garcia, the distinguished Cuban warrior, head of the commission sent to this country by the Cuban assembly, died yesterday of pneumonia.

FUNERAL OF GEN. GARCIA. Washington, Dec. 12.—The funeral of Gen. Garcia will be held tomorrow at St. Patrick's church. The body will be placed in a vault at Arlington pending removal to Cuba. The government will place a warship at the disposal of the Cubans for this purpose.

LABOR CONVENTION. Annual Meeting of the American Federation of Labor. Kansas City, Mo., Dec. 12.—The eighteenth annual convention of the American Federation of Labor met this morning. About 150 delegates are present, and William Thorne and William Lusk represent the British Trade Union Congress. Lusk's mission is to lead the closer alliance between the United States and the mother country, along industrial as well as political lines. The work of the opening day included committee reports, reading and rejection of contested delegates, and annual address of President Samuel Gompers.

Theodore S. Jones, of Kansas City, president of the National Building Trades Council, made the second annual convention to order this morning. One of the most important questions to be brought up will be the establishment of a judicial board of arbitration to be composed of master builders and members of the building trades council, whose office shall be the settlement by arbitration of all disputes and grievances between employer and employee.

Status of Negro Citizens. Wichita, Kan., Dec. 12.—The status of several thousand negro citizens in the Cherokee nation is attracting great attention at Tahlequah, E. T. The Cherokee slave holders did not define the position of these slaves when they became free, and many blacks are now seeking the settlement by arbitration of all disputes and grievances between employer and employee.

Big Gold Receipts. Denver, Dec. 12.—The mint receipts for the first ten days of December amount to \$773,590.32, as against \$404,302.88 for the corresponding time in 1897—a gain of \$179,287.44.

Bookkeeper. Wanted, position by an experienced bookkeeper and business man. Good references. Address W. C. CITIZEN office.

IVES, THE FLORIST. For cut flowers, palms and holly for the holidays.

IVES, THE FLORIST. Regular meeting to night of Albuquerque Lodge, No. 66, F. U. A. at K. of P. hall, on 10th street, at 8 o'clock. All members are requested to attend as there will be business of importance. F. M. Bishop, F. M. W. C. Montfort, Secretary.

ROYAL is the only country in the world where there are more men than women. The male sex in the dominion of the hives exceeds the female by 100,000.

The itch for office holding is a national disease. There are three thousand applications for the thirty positions at the disposal of Governor-elect Sayers, of Texas.

The salt produced in the United States amounts to 13,000,000 barrels and costs \$4,000,000. New York, Michigan, Ohio, Kentucky, California, Kansas and Utah are the great producers.

The pupils at the Territorial University have reason to rejoice over the failure of Smead, the furnace man. One of his side "satellite" trustees is a dangerous unit apparatus at the University.

CHICAGO is on the verge of a riot, an outgrowth of aroused public feeling against the granting by the city council of a blanket street railway franchise, said to exceed \$50,000,000 in value.

In the Philippines more than 100 different dialects are spoken, but having been reading about 7,000 different kinds of dialect stories it will be a relief to Americans to hear a few new ones.

Of the 119,000,000 old copper cents which were sent out by the mint only 900,000 have ever been accounted for, and only now and then is a stray one of the remaining 119,000,000 seen in circulation.

GREAT BRITAIN spends \$125,000,000 a year on her navy. But her navy protects her merchant marine, which carries seven-tenths of the world's ocean commerce, the profits of which, all told, are \$800,000,000 a year.

THE CITIZEN was misinformed regarding the reported appointment of Capt. Max Luna, to a position under Gov. Wood at Santiago. The gallant captain is expected such an appointment, but up to date the commission has not arrived.

SENATOR TELLER said several weeks ago that the demonization of silver, and not annexation of the Philippines, would cause the destruction of the republic, and some of his Colorado followers have been vainly looking for a crack in the sky ever since.

ENGLAND is not pleased with Secretary Gage's recommendation for the rehabilitation of the American merchant marine, and there are covert threats that such an undertaking might modify England's free trade policy by placing obstructions in the way of entrance of American goods into British ports.

It was entirely superfluous on Mr. Cleveland's part to make the statement that he is "ardently opposed to every feature of this annexation and expansion policy," and to point to his record on the Hawaiian question. Nobody has ever forgotten that record, nor will it ever be forgotten. It was the first time an American president ever ordered the stars and stripes to be hoisted.

CHRISTMAS was first celebrated in the year 180, but it was forty years later before it was officially adopted as a Christian festival; nor was it until about the fifth century that the day of the celebration became permanently fixed on the 25th of December. Up to that time it had been irregularly observed at various times of the year—in December, in April and in May, but most frequently in January.

The deepest shaft in Colorado is that of the Geyser mine at Silver Cliff, which penetrates the rock at a depth of 2,400 feet. But even that is a shallow puny thing beside the one which goes down into the depths of the Comstock lode, again active and productive. In that wonderful treasure house, from which over five hundred millions in value have been taken out, the new explorations are expected to reach a depth of 6,000 feet.

The report of failures for the month of November, according to Dun's review, is extremely gratifying, because it shows not only a decrease in number and a smaller amount of liabilities than in any other month, excepting three summer months, since the monthly record began, but because careful analysis shows a striking improvement, both in the small and in the large failures and in nearly all classes of industry and trade. Considering that failures are usually smaller in summer months than in November, the monthly return may be considered about the best ever made, and shows a condition of financial soundness rarely surpassed.

A BEARABLE SHOWING.

A nation that buys the production of its own country in such quantities that imports decrease constantly, while exports increase in a manner to amaze all the world, certainly is in a remarkable healthy condition.

This is the fortune of the United States. Although the country has grown greatly since 1885, imports of manufactures in 1905 were 30 per cent less than they were ten years ago, and 1895 has been an exceptionally prosperous year, when it might be assumed imports would grow.

The bureau of statistics has just issued

one of the most interesting and valuable reports ever prepared by its officers. It shows that the total exports of manufactures for the year were the greatest on record and that for the first time in our history they exceeded imports.

In every respect this is a remarkable showing. The country is growing at a great rate; prosperity is spreading all the time, and under such conditions, as already observed, it would seem that the volume of imports should expand. If they do not the circumstances are not due to the fact that consumption of goods is not greater than ever, for the exact reverse of that is the case.

A check drawn on a bank, payable to the drawer and not endorsed to any one else, does not need a revenue stamp. A check to a bank to pay a draft sent through that bank on the drawer of the check, does not need a revenue stamp. In other words, a check requiring a stamp must be negotiable. Such is the latest information received from the national bank examiners.

"Preparing a Campaign of Blanket Suits Against Newspapers."

Miss Helen V. Hering is reported to be preparing a campaign of blanket suits against papers which commented on her trip through Arizona and New Mexico in unfavorable terms. Her first step is at Territorial Senator Thomas Hughes and W. T. McCreight, publishers of THE ALBUQUERQUE DAILY CITIZEN, the leading journal in New Mexico, and W. L. Mitchell, now of Denver, from whom she demands \$10,000 damages. A lady tourist's character is a dangerous liability to monkey with.—Prescott Courier, Dec. 8.

ENJOYING A BOOM.

THE ALBUQUERQUE CITIZEN is enjoying a boom at present. Its circulation is estimated to be 10,000 copies. Its publisher, J. H. O'Reilly & Co., is a candidate for territorial printer and the paper has been used for \$10,000 for alleged libel by Miss Helen V. Hering with W. L. Mitchell as co-respondent. Helen is more sure of losing her character than Tom and Mac are of losing their \$10,000.—San Marcial Star, Dec. 10.

Rough Riders' Association.

PRESOTT, ARIZ., Dec. 8, 1906.

Editors Citizens:

Will you kindly notify the members of Roosevelt's Rough Riders, who reside in your locality, that the details of perfecting the Regimental Association, which was formed at Camp Wikoff early in September, are now being completed.

The purpose of the association is to preserve among the members of the regiment the good fellowship of our camp life during the late war, and generally to maintain the pleasant memories of our acquaintance with each other, while comrades in military service.

Members of the regiment who desire to join the Association, should address the secretary, giving name, postoffice address, and troop in which they served, and enclose one dollar membership fee.

By conveying this information to the Rough Riders in your territory, you will greatly assist and oblige us.

Yours sincerely,

ALEX. O. BRODER, President.

J. D. CARTER, Secretary and Treasurer.

Meeting of Clerks.

A regular monthly meeting of the Clerks' association will be held this evening at 9 o'clock, at room 56, Grand Central hotel. All members are requested to be present. By order of the president.

Election Contest.

John N. Guyer, of Clayton, Union county, has filed a notice of an election contest in Secretary Wallace's office, and also served 120 two-party papers on John C. Black, his opponent in the recent election. Mr. Guyer and Mr. Black were candidates for representatives from Union county, and the election returns gave Black five majority. Grounds for contest are not stated.

THE LAND COURT.

At the Colorado Grant Decision Handed Down—Other Cases Heard.

NEXT TERM OF COURT IN ARIZONA

The court of private land claims met Friday morning at 10 o'clock with all members present.

In case No. 267, the Santa Rosa de Chubasco grant in Bernalillo county, made in 1818, and claimed by Valentine Cavina de Luna, a motion for a rehearing was argued and submitted. R. C. Gortner appeared for the claimant.

In the consolidation of cases Nos. 136, 106 and 210, a decision was handed down by Chief Justice Reed rejecting the grant and dismissing the petition. This case involved the validity of the title of the Santa Colorado grant in Valencia county, made in 1790, under which 10,000 acres were claimed by Atanacio Pino de Castro and others. The grant was rejected at the September term, but as a motion was made for a new trial, the opinion was not handed down until the motion could be disposed of. Catron & Gortner, attorneys for the claimants.

In the consolidation of cases Nos. 134, 184 and 185, an appeal was taken by the claimants to the supreme court of the United States. In this case the Pueblo of Santo Domingo and the Pueblo of San Felipe are interested, and the grants were confirmed by the court at the September term. It was reported that the inhabitants of the villages claim about 20,000 acres, and have appealed. George Hill-Howard for the claimants.

Court adjourned until 10 o'clock Saturday morning.

SATURDAY MORNING.

Court of private land claims met Saturday morning at the usual time, with all members present, and immediately went into session in chambers for the purpose of examining papers in cases heretofore tried, and to consider motions which have been tried in connection therewith. A number of decisions and opinions are expected Monday morning.

Before going into chambers an order was issued fixing a term of court at Tucson, A. T., to begin Tuesday, January 17, 1899. A number of very important cases are expected to be taken up at that time, among which are the following:

The San Rafael de la Ranza grant of 60,409.42 acres, claimed by Alfred A. Green. This case was filed in the court February 27, 1893, and will come up for trial for the first time.

The San Ignacio de la Canoa grant. This grant was originally claimed for 128,000 acres, but in the trial before the court of private land claims confirmation was rendered for only 34,707.00 acres. The claimant appeals to the supreme court of the United States, and the case was remanded for a new trial.

The San Ignacio de la Canoa grant. This case was tried at a former term of court, and the grant confirmed for 17,553.85 acres. The original claim was for 69,090.20 acres, and the claimants, Maish and Briscoe, appealed to the United States court, where the case was reversed and remanded for a new trial.

The San Jose de Sonotita grant has also been tried and appealed, and will come up for a new trial. The lower court confirmed the grant for 7,147.69 acres, but as the original acreage claimed was 12,147.69, the claimants, Santiago Alina and others, appealed to the United States supreme court and the case was remanded.

The Ranchos de las Boquillas y Nogales grant of 36,723 acres, claimed by Wm. H. Hearst et al., will come up for original hearing. The case was filed October 19, 1895.

The Tres Alamos grant of 43,384 acres, claimed by Francis E. Spencer and George Hill-Howard. This grant was made in 1852 and the case was filed in the court February 27, 1893. It will come up for its first hearing.

The Agus Prieta grant of 43,499 acres, claimed by Santiago Alina, trustee and administrator. This case was filed February 28, 1893, and will be heard for the first time.

The San Bernardino grant for 13,740 acres, and claimed by John H. Slaughter, was rejected at a previous term of the court, but a motion for a rehearing was filed by the claimant and that motion will be considered and passed upon.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Texas, has found a more valuable discovery than has yet been made in the Klondike. For years he suffered from hemorrhoids, and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost \$100 a bottle. Asthma, bronchitis and all kinds of lung and chest affections positively cured by Dr. King's New Discovery for Consumption. Trial bottles free at J. H. O'Reilly & Co.'s drug store. Regular size 50 cents and \$1. Guaranteed to cure or price refunded.

Some One Misinformed.

THE ALBUQUERQUE CITIZEN of last evening containing the announcement that Captain Max Luna had received a telegram from General Wood, ordering him to report to Santa Fe for duty at once, and that he would leave in a few days for Cuba. Captain Luna is at present in Santa Fe, and the information concerning his movements in THE CITIZEN, is all news to him. The captain was elected a member of the Thirty-third legislative assembly last month, and expects to take an active part in the deliberations of that body during the session, which begins next month.

It Hangs On

If it was only health, we might let it cling. But it is a cough. One cold no sooner passes off before another comes. But it is the same old cough all the time. And it's the same old story, always. The first cough when the cold comes, then pneumonia or consumption with the long sickness, and life trembling in the balance.

Ayer's Cherry Pectoral

loosens the grasp of your cough. The congestion of the throat and lungs is removed; all inflammation is subdued; the parts are put perfectly at rest and the cough drops away. It has no diseased tissues on which to hang.

Dr. Ayer's Cherry Pectoral Plaster

Price One Dollar a Year. \$1.00.

Issued in Semi-Weekly Sections.

AS A NEWSPAPER THE WEEKLY GLOBE-DEMOCRAT, issued in Semi-Weekly sections, is almost equal to a daily, at the price of a weekly. The two papers each week give the complete news of that week from all parts of the world, so selected and arranged as to give the reader the fullness of news from all sources. The preparation of THE NEWS in this form involves an immense amount of labor and expense, and it is a rare privilege to have a complete and comprehensive NEWS SERVICE of any dollar a year publication in the United States, if not in the world.

AS A HOME JOURNAL THE WEEKLY GLOBE-DEMOCRAT is equally as pre-eminent. It is a family paper, and may be read with entire satisfaction by all the members of a family. It contains the very cream of current literature and the best pictorial illustrations. The departments devoted to "The Home," "For Women," "Agricultural News," "Hobby Farm," "Side and Ditty" are each of the highest grade, and its market reports are equal to a daily in every detail.

INA WORD, THE WEEKLY GLOBE-DEMOCRAT is a complete newspaper, prepared and printed for the convenience of the reader. We have confidence in its ability to speak for itself, and with every mail Sample Copy, free of charge, upon receipt of request.

Louis Troner, the sheep buyer, who went north the other day with a train load of sheep, returned to the city last night.

John Gordon, of Gallup, and Henry Southern, of Houma, came in from the west last night and both are at Sturge's European.

A. P. Fredericks and Chas. H. Thomas, postoffice inspectors, are in the city, registered at the Hotel Highland from Denver. They are on a tour of inspection.

Rev. Frank M. Day, formerly the Methodist Episcopal church pastor at Chama, and his family, arrived in the city last night and are spending the day with friends.

Harry B. Wellier, of the general store, who is on the Santa Fe Pacific, will leave tonight for southern California. He will be absent until January 1, and expects to spend Christmas day with friends at San Francisco.

In olden times 'was only the richest at the house that could afford to eat partridge, but to-day it would be a poverty stricken Roman indeed, who could not find something to suit both his pocket and his appetite at the SAN JOSE MARKET.

Mrs. James Furlong, wife of Freight conductor Furlong on the Santa Fe Pacific, writes from Baldwin, Kansas, that her aged father, who was quite ill a short time ago, is convalescing, and is considered out of danger. Mrs. Furlong and children will remain at Baldwin, Kan., until after the holidays.

Hon. W. F. Kuehnbecker, a prominent merchant of Gallup, and E. H. Harlow, the well-known division master mechanic of the Santa Fe Pacific at that point, were passengers to the metropolis last night, and they placed their signatures on the Sturge's European register. They expect to return west this evening.

Richard English, for years the well-known general master mechanic of the Atlantic & Pacific, afterward the Santa Fe Pacific, stationed in this city, arrived last night from Denver and put the name on the Sturge's European. He is today mingling with old time friends, and expects to continue west to his home at Los Angeles this evening.

John T. Jones, formerly a cattle raiser, buyer and shipper out in the Holbrook cattle belt, now registering from Dodge City, Kan., was around this morning with G. L. Brooks, the popular Santa Fe railway live stock agent. Mr. Jones is on his way west, but stopped over a day in the territorial metropolis to consult with Mr. Brooks as to the early shipment of cattle.

Mrs. Albert Grunfeld, who has been absent in Germany and in Boston for the past year, returned home on today's limited and was met at the depot by the entire Grunfeld family—sons, daughters in law and grand-children—and the meeting was a very affectionate one. Mrs. Grunfeld has enjoyed excellent health during her stay away from the Rio Grande valley, but is glad to get back to New Mexico.

Mrs. Julia A. Barnett, the aged mother of Mrs. B. A. Sleyser and G. H. Brown, bookkeeper for L. B. Putney, is seriously ill and little hopes are entertained for her recovery. In addition to her advanced age, nearly 70, she has never fully recovered from a severe fall about a year ago, at which time she was painfully injured. The children have the sympathy of this community.

Rugene Murray, the plumber at Whitney company, has been kept busy day and night since last Thursday night, repairing burst pipes. All day yesterday (Sunday) he kept the company's home going, and he did good work in remodeling frozen pipes.

Mr. and Mrs. A. D. Whitson, returned Saturday night from a most successful business trip to Las Vegas and other southern towns, having disposed of several fine pianos and other instruments. The Morey and Help department of the Lead Avenue Methodist church will give a pound social for the benefit of several poor families, at the patronage, on Tuesday, December 13. Everybody invited.

The annual meeting of the Ladies' Aid society of the Congregational church will be held at Mrs. Miller's on Tuesday afternoon at 3 o'clock.

COFFEE.

Good coffee, like ours, is so necessary, that a breakfast without it is only half a meal. There's so much in a really fine cup of coffee that it makes half a meal of itself. We make a point of carrying the finest Mocha, Java and Brazilian coffees in our stock. The dignity of our breakfast table must be maintained. Whatever becomes of the gold or silver standard, the purity and supremacy of the coffee standard must be preserved. For ourselves, we are for coffee, and our prime A-J coffees are for the public of Albuquerque.

HOLIDAY OPENING!
An Event! Planned for, prepared for, better prepared for than ever before. Christmas stocks complete; carefully bought, to be rightly sold. The store decked in its brightest garb and wearing its brightest smile bids you cordial welcome. Details concerning this handsome collection of Christmas merchandise are impossible. Only a few hints, a few suggestions to emphasize the fact that this store intends to move the record peg a notch higher 'twixt this and Christmas. Now we invite you to come; buy if you are ready (early holiday selections are always satisfactory), to look, to price, to admire, to use the store as a help towards a solution of the great problem of what to buy.

A VERY SPECIAL EVENT in DRESS GOODS.
There will be a good opportunity for obtaining Christmas gifts here. What could be more acceptable than a stylish dress pattern? Ask any woman and you'll find out. This sale of fine dress patterns has been inaugurated especially for the benefit of the Christmas shopper in quest of sensible goods. The assortment contains magnificent values in both dress and color materials, including novelty and plain fabrics in many handsome designs and colorings, marked at a great reduction from the regular prices. Your choice is riding to value from \$1.00 to \$7.50.
In addition to this there will also be on sale all our fine Broadcloths, Serges, Merinos, and Dress Goods of all kinds.

THE HOLIDAY HANDKERCHIEFS.
Staple all-the-year-around stocks have been condensed to make room for the Christmas Handkerchiefs. A plethora of show room for the throngs of gift buyers. A wilderness of styles all priced to please. No room for lengthy descriptions. Just the goods and prices.
