ARMY INVESTIGATION.

Why Supplies Did Not Promptly Reach the Army at Tampa.

Cuban Assembly Makes Dueling Compulsory in Certain Cases.

Remains of Soldiers at Santiago Will Not Be Removed Until February.

ARBUCKLE REDUCES PRICE OF SUGAR.

Washington, Dec. 2.—The war investigating commission resumed its sittings in this city today. Colonel Charles B. Bird was on the stand. He was on duty during the war at the quartermaster general's office, having charge of the transportation division. In response to a question from General Wilson, Bird explained the difficulty of getting troops from Tampa to Port Tampa was due to the fact that the plant system, which controlled the only line from Tampa to Port Tampa, wanted to cut out the Florida Central road from carrying any government troops or supplies and in order to accomplish this put a high rate on shipments between the two points. Orders were given that not a dollar should be paid for transportation over this line until a proper rate should be made, and no consequence to payments had been made, for this service.

The investigation at Tampa was due to the fact that more supplies were sent to that point than could be handled. When the army of the United States was ordered to march for the purpose of a quartermaster's agent was sent with each car. In most cases it was impossible to send a bill of lading.

Colonel Bird said that the transports occupied between Tampa and Santiago had been fitted up only to carry men and supplies to Havana. This was the reason they proved inadequate for a trip of much longer duration.

FAVORABLE LUNING.

Blood-Thirsty Order of the Executive Committee of Cuban Assembly.

Havana, Dec. 2.—The executive committee of the Cuban assembly has agreed to make it compulsory upon the part of any Cuban officer insulted by Spanish, American or other officers to challenge the person insulting to fight a duel. The measure has two aims according to the Cubans, first, "to maintain the dignity of the Cuban army," and second, "to check the impudence and insolence of many so-called Cuban officers, who without ever having put their courage to the test, having enlisted after armistice, are endeavoring to offend Spanish officers."

It is learned, on good authority, that the Cubans recently secretly acquired quite a formidable armament, the superior object of which is not known. It is added that they have purchased over 3,000 rifles within ten days. This fact is being considered with considerable interest here.

The United States transport Florida arrived today with a quartermaster's supplies, mules, horses and stablesmen.

Reduced Price of Sugar.

New York, Dec. 2.—Arbuckle Bros. have reduced refined sugar one and one-fourth cents. It is generally understood that other refineries will make a similar reduction.

ARRESTED FOR MURDER.

Woman in Los Angeles Charged With Complicity in a Murder.

Los Angeles, Dec. 2.—Mrs. Gross, former companion of John Hancock, who the latter accused of complicity in the murder of Dr. Geo. Engelke and Peter Belmont, on a desert in southern Nevada, has been arrested in this city upon the request of the sheriff of Lincoln county, Nevada.

Mrs. Gross declares that she took no part in the murder and asserts that Hancock did the killing single handed, first braining the man with a rifle, then shooting him through the head. A dispatch from Delamar, Nevada, states that the skeletons of the murdered men have been found among the hills of Lincoln county.

Kidnaper Arrested.

San Francisco, Dec. 2.—Word has been received from D-ming, N. M., that Peter Melinde, absconding bank robber of the street superintendent's office in this city, has been captured while en route to Mexico.

REMOVAL OF REMAINS.

Remains of American Soldiers at Santiago Deferred Until Next February.

Washington, Dec. 2.—The war department has decided to adopt at once the suggestion of General Wood, in command at Santiago, that the removal of the remains of American soldiers from that section of Cuba be deferred until February at the earliest. While it is realized that the postponement will bring great disappointment to friends and relatives of the dead soldiers, the officials believe they have no right to expose to the horror of a yellow fever outbreak the large population of Santiago and neighboring towns from sentimental considerations.

Fighting in Arabia.

Constantinople, Dec. 2.—It is reported that there will be renewed fighting in Yemen, a principal division of Arabia. Turkish troops are said to have suffered a serious defeat at Hodeida and Sanata. The rebels in the district are said to have hoisted the British flag.

Going to the Front.

St. Louis, Dec. 2.—Col. William Jennings Bryan passed through St. Louis today, enroute to Savannah, Ga., where he will join his regiment.

Dead.

Laurel, Md., Dec. 2.—Ex-Congressman Barnes Combs died today.

Cabinet Meeting.

Washington, Dec. 3.—After the cabinet meeting to-day, it was stated that nothing had been heard from Paris respecting the fall of the peace commission to negotiate the purchase of Sulu island of the Caroline group. If the Spaniards show any inclination not to part with it the matter will be allowed to drop.

The ladies' auxiliary of the Brotherhood of Locomotive Engineers gave a most delightful entertainment at the home of Mrs. and Mrs. C. D. Kinzup, at 715 North Arno street, last Wednesday night. Those present were: Messrs. and Mesdames Franklin, J. S. Beavins, B. L. Cooper, of Kansas City, for \$37,000, due November 18; they were extended, and additional notes for \$4,934 were given, all endorsed by sold by Kinzup & Cooper to the bank. The above applies to our every department, drugs, soda water, candy, prescription, and sundries.

The prize are on exhibition in our window, special attention being called to the doll and carriage, which are the handsomest and best obtainable here.

Yewell Well.

Frank McKee informs THE CITIZEN that he received a letter this morning from H. R. Yewell, an ex-nary attaché, giving the cheerful tidings that he was well and enjoying comparatively good health, hence refuses to entertain the frightful idea that he had committed suicide. The letter is dated from Charlotte, North Carolina. The visitor, from the east, who imposed on our esteemed contemporary and knew all about Yewell's suicide, was evidently talking through his hat.
