STORM AT BOSTON.

Fearful Loss of Life Along the Atlantic Coast

Continuous Rioting in Progress at Panama, Colombia.

Senator Hoar Announces Himself Opposed to Annexation of Philippine Islands.

BLANCO SAILS FOR SPAIN.

Boston, Mass., Nov. 30.—Another heavy northeast snowstorm started this morning with a brisk wind. These conditions greatly interfere with the work being done at points where vessels are wrecked, as the sea is running high and snow is thick on the water. The news of the loss of the Boston & Portland Steam Packet company's steamer Portland off Cape Cod, and the death of more than 150 persons, comprising the passengers and crew, and the news from the ports of Cape Cod showing at least a score and a half of vessels wrecked along that shore, with the loss of twelve lives, has come as a dire climax to previous reports of disasters resulting from Saturday night's storm. There are still other places to be heard from on both sides of the cape. While the total loss of life cannot be estimated with any degree of accuracy, it is known that more than 200 persons perished. It is known that fifty-six vessels have been totally wrecked, while forty-nine are ashore with hardly a chance of being saved.

STORM IN NEW YORK.

New York, Nov. 30.—The storm which began last night with rain, followed by hail and snow, blocked traffic in the suburbs to day. Even the elevated lines suffered and many persons were obliged to walk long distances in order to get down town. The Long Island railroad is again blocked.

ALL LOST.

Boston, Nov. 30.—It is now known that the steamer Portland had ninety-five passengers, all of whom are supposed to be lost.

RIOTING AT PANAMA.

The Illinois Coal Mining Town Needs a Peace Celebration.

Panama, Ill., Nov. 30.—After fifty days continuous rioting in the city of Panama, Cal., of Bloomington, were relieved today by company K, of the Fifth regiment. Desultory shooting continued all night. Another contingent of negroes arrived last night, and the soldiers disarmed them. The white miners remain steadfast for the scale. Next week Sheriff Sheriff Downey, an avowed friend of the miners, relieves Sheriff Corbair, in charge of affairs.

STEAMER SAVED.

Boston, Nov. 30.—There appears to be little apprehension for the safety of the steamer Gate City, of the Savannah line, in spite of the report that a life preserver bearing the name of the steamer had been picked up at Cape Cod. The steamer Chatahouchee, which arrived last night, reports having passed the Gate City off Montauk Point on Monday afternoon.

STEAMER WRECKED.

Revelstoke, B. C., Nov. 30.—The steamer Atsworth, plying between Kaele and Nelson and other Kootenai points, was wrecked last night about five miles south of Balfour. Nine men were drowned including three passengers.

BODIES RECOVERED.

Orleans, Mass., Nov. 30.—Five bodies have been recovered from the Portland, wrecked just north of Cape Cod. Many bodies are drifting south. The entire cape is patrolled.

SAILED FOR SPAIN.

Havana, Nov. 30.—The Spanish mail steamer Villa Verde, with Marshal Blanco, former captain general of Cuba and sailed, to day.

OPPOSED TO ANNEXATION.

Worcester, Mass., Nov. 30.—Senator Hoar announced himself to day as positively opposed to the acquisition of the Philippines by the United States. He says: "The constitution was framed upon the theory that sovereignty is not salable."

CHICAGO GRAIN MARKET.

Chicago, Nov. 30.—Wheat—November, 61½¢; December, 60½¢; 1900, 59½¢. Corn—November and December, 33½¢. Oats—November and December, 26½¢.

MONEY MARKET.

New York, Nov. 30.—Money on call, nominally 92½¢ per cent. Prime mercantile paper, 94½¢ per cent.

SILVER AND LEAD.

New York, Nov. 30.—Silver, 59½¢. Lead, 43¢.

THE TOWN'S SUPPER.

The town's supper given by the colored people of the city at the M. E. church last night was attended by a large number of citizens, who greatly enjoyed the rare treat. In the money raising contest the Blue Bird society, Miss Fannie Joyce, president, collected \$121.35, and the Red Bird society, Mrs. S. T. Kilworth, president, \$100. These

PEACE COMMISSION.

Draft of Treaty with Spain Under Discussion at Paris.

Latest Instructions to the Spanish Peace Commissioners.

National Municipal Reform League in Session at Indianapolis.

THE SPANISH PROTOCOL.

Paris, Nov. 30.—The joint peace commission devoted two hours a half to drafting three of the first articles of the peace treaty protocol, dealing with the question of Cuba, Porto Rico and the Philippines, upon which the commissioners have agreed in principle. A general discussion of other articles followed but no decision was reached. The joint commission adjourned until to-morrow.

TREATY NOT SIGNED.

Washington, Nov. 30.—Contrary to general expectation, the peace treaty will not be signed in Paris to-day. The commissioners are proceeding with negotiations with a rapid and satisfactory factory to all concerned, but it is simply a physical impossibility for all the subjects requiring adjustment to be closed up immediately.

SPANISH LATEST INSTRUCTIONS.

Madrid, Nov. 30.—The cabinet's instructions to Senor Rios, drawn up last evening, were to request the immediate release of Spanish prisoners in the Philippine islands; to negotiate navigation and tariff advantages in the Philippines in favor of Spain; to obtain ratification of several treaties of commerce with former Spanish possessions and arrangement for the debt of the Philippines and if possible the Cuban debt. The government also refused ratification of the protocol of 1875.

Draft of Treaty.

Paris, Nov. 30.—The United States peace commission held a session to-day for the purpose of discussing a draft of the treaty articles made by Secretaries Moore and Ojeda, which were presented in the form acceptable to the Americans.

MUNICIPAL LEAGUE.

National Association of Reformers in Session at Indianapolis.

Indianapolis, Nov. 30.—The sixth conference of the municipal league began this afternoon. This is the most important meeting of the league since the organization was formed. It is the purpose to discuss what it regards as the first essential of general municipal reform, ideal and model system of government. The task of preparing such a system was undertaken in 1897, a committee of seven being appointed charged with the duty of preparing a working plan or system. The results are a set of general state constitution amendments and municipal corporation acts, which the committee believe will accomplish all that is sought.

Spanish Protocol.

Washington, Nov. 30.—The protocol of 1875, which the Spanish government has notified her commissioners not to revise, is the celebrated Cushing protocol which provided that no citizen of the United States residing in Spain or her island possessions, charged with conspiracy against the government or any other crime, shall be subject to trial by an exceptional tribunal unless captured with arms in hand.

WHAT'S THAT ABOUT WATER?

New Mexico People Claim They Are Being Robbed.

It seems that some of El Paso's Elephant Butte dam friends in New Mexico who did not think Texas should make any kick if New Mexico appropriated all of the waters of the Rio Grande, are going to try and prove that Colorado is robbing them of their water rights. And yet these same people tell El Paso that more than enough water passes El Paso every year to supply the Elephant Butte dam and the proposed international reservoir at this point, so says the El Paso Times.

The Denver Times says:

"The people of New Mexico, especially the farmers, are very much enraged over what they claim is robbery on the part of Colorado of the water rights of New Mexico. They have appointed a committee to look into the affair, and the representative of this committee, P. E. Harroon, is now in Colorado getting his data for the fight."

"The engineer called upon Deputy State Engineer Fellows and secured the reports of all the water commissioners in the southern part of the state. If necessary, they intend to take the case into the courts of the United States."

"The fight is being made on account of the water in the Rio Grande. The New Mexicans claim that the farmers at the head of the stream are taking more water than they are entitled to, and that on that account the New Mexican farmers are suffering a great injustice."

"The commission was appointed March 18, 1897, and is composed of Antonio Joseph, J. E. Saint, W. A. Hawkins, Frank Springer and George Curry. The commission was appointed to inaugurate an irrigation system in New Mexico, and at the same time to protect the water rights of the company against the users at the head of the stream."

"Engineer Harroon, representing the commission, is now making tables of the flow of the Rio Grande, how much water is used in the San Luis valley, the amount of water flowing through the gauging station at Del Norte, and getting other data regarding the stream. He will also make a trip of about 500 miles through the canyons of the Rio Grande, getting data for his report."

"The Colorado engineers take the

The Kansas Cattle Dealer's Big Debts Keep Increasing.

Cotton Mills at Augusta Closed on Account of Strike.

Spain Will Sell the Caroline Islands if She Can Get Good Price.

BRITISH SHIP ASHORE.

Abilene, Kan., Nov. 30.—An important addition was made to-day to the amount of the Gillett paper by completion of mortgages in Chase county, there being being found there \$400,000 in mortgages, given largely by W. F. Dunlap, Gillett's agent, and some by C. B. Troxell. About 5,000 head of cattle have been found there. Nothing more has been heard from Gillett. It is now known he had an Abilene attorney with him at Fort Worth the day before he disappeared, showing that he was fixing his affairs for flight.

Cotton Mills Closed Down.

Augusta, Ga., Nov. 30.—After running two days with a skeleton force, to allow the operatives to return to work, the mills have given up the attempt, as the strikers remain firm. To-day the Sibbey, King and Langley mills closed again. The Warwick mill, Augusta, is running. Clark, the proprietor, has restored practically the old wage scale.

Sale of the Caroline.

Madrid, Nov. 30.—The Imperial announces that the government intends to retain the Caroline, and will only sell them in case it receives an advantageous offer and they become a burden to Spain. The paper adds: "The government heretofore has not received such a proposition, but expects to."

Ship Ashore.

New York, Nov. 30.—A dispatch has been received from St. John, N. B., that the British steamer Scottish King, from Antwerp for Boston, is ashore at Seal Cove and the crew saved.

The new Santa Fe "flyer" is a most exclusive and haughty train, an aristocrat among flyers. No passes are allowed on board and even general officers of the road, at least those of lesser degree than general manager, can not ride on it unless they pay full fare, plus Pullman fare. The only ones whose passes are good on the flyer have private cars, and even private cars are excluded from the privilege of "hooking on behind."

There will be a meeting of the ladies of the Public Library association, at their room, Saturday morning, at 10:30 o'clock. All members are requested to attend.

stand that the water of the stream should be used where it will do the greatest amount of good to the greatest number of people, and they argue that this can only be brought about by using the water in the land where it rises, as in its flow a large amount of it is wasted because of seepage.

"The people of New Mexico are indignant, claiming that so much water is used in Colorado that the irrigation ditches of the territory run dry in the hot season of the year."

"Engineer Fellows is not much agitated over the claims of Colorado's southern neighbors, and does not believe that they can win their case in the courts, as the constitution of the state and the grants made by the United States give Colorado the privilege of all water rising in this state."

"Whenever a dry season comes in Kansas the same threats of carrying the case into the courts are made against Colorado by her eastern neighbors. The report of the New Mexico commission will be made to the territorial legislature this winter, and it is expected that there will be a warm discussion over the matter at that time."

Aaron Gonzales Bound Over to the Grand Jury—Hobbes Arrested.

Aaron Gonzales waived examination before Justice Crawford to-day on the charge of embezzlement and was bound over to the grand jury under \$200 bail, which he furnished with Frank A. Hubbell as surety. Gonzales was arrested on November 23 on the complaint of Sofre Alexander, who charged him with taking \$2 from his money drawer. When Gonzales was searched the money was found in his pockets with the marks which Mr. Alexander had put upon it. As he was a clerk in Alexander's store the charge of embezzlement was made.

Three hoboes were given five days apiece on the street gang by Justice Crawford to day.

IMPORTANT CASE SETTLED.

Amicable Agreement Between Mrs. Apodaca and Thomas Gurule.

The case of Barbara Barria de Apodaca vs. Thomas A. Gurule and wife has been amicably settled. Mrs. Apodaca, who is the mother of Mrs. Gurule, through her attorney, Nell B. Field, commenced the suit some time ago to set aside a certain bill of sale to Gurule and other personal property and a deed to lands in this county, executed by her husband in favor of Thomas Gurule and wife. She sought to secure possession of five-eighths of said property, which she claimed legally belonged to her.

The case was referred to E. W. Dobson as referee, and testimony had been taken for seven days when the parties reached an agreement between themselves, by which the sheep are divided equally and the lands conveyed to the plaintiff during her life, remaining over to the children of the defendants at her death.

There was over \$50,000 worth of property involved in the case. E. V. Chavez acted as attorney for the defendants.

Aaron Gonzales Bound Over to the Grand Jury—Hobbes Arrested.

Aaron Gonzales waived examination before Justice Crawford to-day on the charge of embezzlement and was bound over to the grand jury under \$200 bail, which he furnished with Frank A. Hubbell as surety. Gonzales was arrested on November 23 on the complaint of Sofre Alexander, who charged him with taking \$2 from his money drawer. When Gonzales was searched the money was found in his pockets with the marks which Mr. Alexander had put upon it. As he was a clerk in Alexander's store the charge of embezzlement was made.

Three hoboes were given five days apiece on the street gang by Justice Crawford to day.

IMPORTANT CASE SETTLED.

Amicable Agreement Between Mrs. Apodaca and Thomas Gurule.

The case of Barbara Barria de Apodaca vs. Thomas A. Gurule and wife has been amicably settled. Mrs. Apodaca, who is the mother of Mrs. Gurule, through her attorney, Nell B. Field, commenced the suit some time ago to set aside a certain bill of sale to Gurule and other personal property and a deed to lands in this county, executed by her husband in favor of Thomas Gurule and wife. She sought to secure possession of five-eighths of said property, which she claimed legally belonged to her.

The case was referred to E. W. Dobson as referee, and testimony had been taken for seven days when the parties reached an agreement between themselves, by which the sheep are divided equally and the lands conveyed to the plaintiff during her life, remaining over to the children of the defendants at her death.

There was over \$50,000 worth of property involved in the case. E. V. Chavez acted as attorney for the defendants.

PUBLIC LANDS.

The report of the secretary of the in-

terior contains some interesting infor-

mation bearing upon the expansion policy

which may be used to answer those who

claim we already have more land than

we will need for centuries. He shows

that of a total of 1,326,323,972 acres of

public domain, 637,339,422 acres have

been appropriated and are now occupied

by 1,022,534 acres have been reserved for

acres as permanent forest reserves; 579,

368,274 acres still remain unoccupied, of

which 262,651,971 acres are unreserved.

Ninety-four per cent of the unoccupied

area is classed as desert lands, and

only about 71,000,000 acres are

capable of cultivation either by

irrigation or under the natural rainfall.

This indicates how near the agricultural

land belonging to the government is ex-

hausted. During the last year 11,328,937

FOR EITHER SEX.
It is the only medicine that cures the most common diseases of the female system, such as leucorrhea, irregular menstruation, etc. It is guaranteed to cure in 1 to 3 days. Sample bottles free by mail, \$1.00. Sold only by J. B. O'NEILL & Co., Sole Agents, Albuquerque, N. M.

MRS. LUCY GOODWIN

Suffered four years with female troubles. She now writes to Mrs. Pinkham of her complete recovery. Read her letter.

DEAR MRS. PINKHAM:—I wish you to publish what Lydia E. Pinkham's Vegetable Compound, Sanative Wash and Liver Pills have done for me.

I suffered for four years with womb trouble. My doctor said I had falling of the womb. I also suffered with nervous prostration, faint, all-gone feelings, palpitation of the heart, bearing-down sensation and painful menstruation. I could not stand but a few minutes at a time.

When I commenced taking your medicine I could not sit up half a day, but before I had used half a bottle I was up and helped about my work.

I have taken three bottles of Lydia E. Pinkham's Vegetable Compound and used one package of Sanative Wash, and am cured of all my troubles. I feel like a new woman. I can do all kinds of housework and feel stronger than I ever did in my life. I now weigh 131½ pounds. Before using your medicine I weighed only 105 pounds.

Surely it is the greatest medicine for weak women that ever was, and my advice to all who are suffering from any female trouble is to try it at once and be well. Your medicine has proven a blessing to me, and I cannot praise it enough.—Mrs. Lucy Goodwin, Holly, W. Va.

Lookout for "Finigan's Ball" on Thursday Night, Dec. 1.

A FINE CONCERT COMPANY.

Theater-goers have a treat in store for them, as the local management have succeeded in securing the famous original comedians, Murray & Mack, in their phenomenally successful comedy concert, "Finigan's Ball," which has been one of the most wholesome successes of the present season, and has more original ideas, new songs, pretty faces, clever comedians, and genuine comedy than all other farces combined. The cast embraces the names of famous comedy players that are familiar to all patrons of the theater. Special scenery, electrical and mechanical effects are carried latest for each act, which insures a perfect performance. "Finigan's Ball" should be liberally patronized in this city as it comes to us with the very highest recommendations as being absolutely the epitome of excellence. Regular house prices will prevail for this engagement. This attraction is booked for the Orchestrion hall for one night, on Thursday evening, December 1st.

THEATRE THEATRICAL.

The Athlete Daily Reflector, November 10, 1905, in an article about Miss Freany and her company, which will appear at the Orchestrion hall on Saturday night, says:

Every person in Athlete possessing knowledge or appreciation of good music was at the opera house last night to hear the Louise Broadway Ballad and Opera company, and a more thoroughly pleased audience has never assembled in this city. Every member of the concert part of the program was enjoyed, and Miss Freany was recalled twice. She is a beautiful singer, with a clear mezzo-voice which appeals to the heart. Her enunciation is excellent and her notes are free from the vibration which destroys the purity of Miss Waters' tones, although the latter's voice is more flexible. Miss Waters sang the heaviest aria of the evening, and showed a thorough mastery of very difficult music. The little violinist, Miss Pringle, captured the audience completely, and for an encore gave an artistic interpretation of the ever delightful "Inter mezzo." Mr. Dethlefs has a strong, rich, baritone voice and is the best actor in the company. He gave a superb rendering of the part of Plunkett in the opera, Mr. Jones, whom some of the audience had heard before, is a very pleasing tenor of the baritone class, and his singing, with interest his career in public. But the bright particular star of the organization is the pianist, Mr. Sauviat. Athlete has heard and admired some good pianists but none like this one. To many his playing was like a revelation of the capabilities of the instrument, and the audience could not get enough of it. The entertainment as a whole is quite beyond criticism, and it is generally hoped that they may come this way soon again.

REMARKABLE RESCUE.

Mrs. Michael Corbett, Plainfield, Ill., makes the statement that she thought cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption, and that no medicine could cure her. Her druggist suggested Dr. King's New Discovery for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework and is as well as ever. Free trial bottles of this great discovery at J. B. O'NEILL & Co.'s drug store. Large bottles 50 cents and \$1.00.

NEW MEXICO NEWS.

SAN MARCIAL.

From the Bee.
J. K. Holmes, representing THE ALBUQUERQUE DAILY CITIZEN, was in town Friday writing up business for that excellent paper.

Percy A. Ross will leave for Winslow, his new field of labor, next Wednesday. Invitations are out for a partying entertainment in his honor Tuesday evening.

A. B. Kly has so far recovered from his illness to be able to sit up in his apartment, but the pleasure of circulating among his friends will be denied to him for some little time yet.

A stranger, who had hung around San Marcial for a few days, was discovered last Saturday morning to have embezzled the young man, who to all appearances is a respectable person, was taken to the post house and placed in charge of Mexican nurses, who will be paid from money raised by subscription. Dr. Shaw is the attending physician.

Miss Lillie Duncker, whose handsome face and angelic form have been a disquieting element in the hearts of certain young men about town for several months, went to Albuquerque late last night. There she was met by William Connolly, now in the employ of the Santa Fe Pacific road at the Needles as a blacksmith, and the wedding was done that made them husband and wife.

SANTA FE.

From the New Mexican.
John W. Conway, proprietor of the Bon Ton, is still confined to his room, as his trip to the Santa Rosalia hot springs did not seem to be of much benefit to him.

Associate Editor George H. Cross, of the Optic, was in town Sunday on a visit to his family. It is understood that he will remove his family to Las Vegas shortly. Carlota, wife of Mr. Frank Becker, the well-known merchant of Santa Cruz, died at the family home in that place last Thursday evening, after a long and painful illness. Her death is mourned by her husband, two daughters and a large circle of warm friends.

Miguel Sandoval was arrested Sunday night charged with assault and attempt to kill Hon. Patricio Chavez, of Rio Arriba county, on San Francisco street. Sandoval was drunk at the time. He was brought before Justice Garcia and his case was continued. In the meantime the accused is in jail in default of bonds.

Gerónimo Para, who is completing a seven years' sentence at the penitentiary, may be released before long, and in view of that fact, was given the floor at Sunday's meeting of the Christian Endeavor in the prison. Para made a good talk, speaking in Spanish. He is a changed man for the better, from what he was. He joined the society two years ago as an associate member, and six months later on being converted, was made an active member, and he has profited by his conversion. The society has over forty active members now, and is doing good work.

Corporal James F. Manning, "Truthful

James," of Company G, territorial infantry, and a capable and talented correspondent, not only of the New Mexican, but of the Denver News and a number of other well-known papers, returned home Sunday night from Lexington, Ky., where he received his discharge. Mr. Manning's letters about the regiment and the doings generally at Camp Hamilton have been eagerly read, and the young soldier has made a decided reputation for himself. He returns home to take a position on the New Mexican. He is being welcomed by numerous friends.

SOCORRO.

From the Chieftain.
Mrs. D. H. Harroun, who has been visiting her mother and sister here for some weeks, has returned to her home in Mexico.

Considerable snow fell over the mountains in the western part of the county, and on the San Augustine plains, on the first of last week.

John K. Griffith, the courteous and obliging clerk of the district court, is getting everything in his office in shape for the coming term of court.

The court officials are busy these days getting everything ready for the December term of court which promises to be a lengthy one.

Bessie Jones, who was badly injured by a falling wall of an old adobe house he was engaged in removing, on last Saturday, died from the effects of his injuries.

Lloyd Freshorn by mistake took an overdose of medicine, the other night, and narrowly escaped serious results. A physician being promptly called he recovered all right.

Ed. Stapleton, the well-known and popular farmer and fruit raiser of Socorro, has moved his family to this city and he has accepted the position of deputy postmaster of Socorro.

Paul Terry, Bob Collins and Lon Terry have returned from a week's hunting trip in the San Mateo mountains. They saw no game at all except one deer, but brought that one back home with them all right.

J. S. Gatlin, one of the well-known and substantial citizens of the Pecos valley, in the western part of the county, arrived in the city the early part of the week, en route to Las Cruces with his bright young son, James, whom he placed in the Agricultural college at that place. Mr. Gatlin returned to Socorro Thanksgiving evening and started for home the following morning.

From the Industrial Advertiser.
Charles Bruton has moved his family in the city from the ranch in order to place his children at school.

The Magdalena mountain is covering itself with its annual snow cap, and reminds us that winter is coming on with rapid strides.

The Rio Grande is fast receding from its season of drought, and will soon be navigable again—for ducks only.

Hon. Lucio A. Chavez is carrying his head in a sling. Some boys got up a post election quarrel, and he received some ugly bruises on his head from a flying rock.

Miss B. Dorsey, well known here, left for El Paso, where she will reside in the future with her sister-in-law, Mrs. Thos. Dorsey.

A man whose name we were unable to obtain was stabbed to death at La Jolla last Friday. The culprit's name is unknown but others are working up the case.

Three carloads of machinery have arrived at the Water canyon station for the Timber Peak Mining company. These are only the advance guard of a larger number that are expected daily. C. T. Brown and E. M. Keeler, of this town, are busy superintending the unloading.

Barthelme has unobscured himself at last and given it out that after wrestling with an inferior quality of illuminating oil for some time and paying a first class price for it he has concluded to abandon it altogether and has contracted for an acetylene gas plant from Mr. Blanchard, of Las Vegas, and it will be up and in operation by the middle of next week.

LAS VEGAS.

From the Optic.
R. B. Thornton, the contractor, has leased the Fetterman corral, Seventh and Lincoln, where he will open a lumber yard and keep builders' supplies.

The New Mexico Cattle Sanitary board is in session at the office of Secretary J. A. La Rue. There are present W. H. Jack, of Silver City; M. N. Chaffin, Las Vegas; Fred J. Otero, Albuquerque; T. E. Mitchell, Albert; J. F. Hinkle, Lincoln.

Thomas La Rue, who had been in the city for several weeks past visiting his parents, left on Sunday afternoon's train for the City of Mexico, where he enjoys a lucrative position. His charming sister, Miss Mary, accompanied him to see the sights of Mexico's chief city, and incidentally exercise a sisterly supervision over her big brother.

Daniel Phillips, the little boy who had an attack of smallpox, died at 12 o'clock Saturday night. He was sitting up Saturday and Sunday, and seemed to be getting along all right; but suddenly he was taken for the worse and soon passed away. He was one of the Optic's newsboys, an energetic, hard working little fellow, and the Optic greatly regrets that his life could not have been spared.

Especially does the sympathy of the community go out to the afflicted mother, who strove so earnestly to save the life of her child.

A Pure Sign of Group.
Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by all druggists.

Superintendent A. A. Trimble today placed a frame of pictures, showing the actors who will appear in "Flamingo's Ball" at the Orchestra hall to-morrow night, at J. H. O'Reilly & Co's and W. Y. Walton's drug stores and at O. A. Mason & Co's stationery store. The pictures are beautiful, and the group shows that there are eighteen people in the play. This will undoubtedly be one of the most side-splitting plays that the Albuquerque public has ever had an opportunity of witnessing.

The sale of stamps and envelopes at the local post office during the month of November has been the largest in its history, the sales averaging \$100 per day.

Postmaster Grunfeld states that these phenomenal large sales are partially due to the fact that many people have laid in a supply of the Omaha exposition stamps in the belief that they will become valuable in a few years on account of their scarcity.

Half a dozen prominent republican leaders, among whom are Delegate-elect Pedro Ferras and Hon. T. B. Catron, will leave Santa Fe this evening for Washington, D. C., where they will work for statehood for New Mexico. Gov. Otero and wife, while they may not leave this evening, expect to be in Washington in a short time.

C. T. Brown, of Socorro, was a passenger to the metropolis last night. Mr. Brown has great faith in the Water Canyon mining district of Socorro county, and at present is busily engaged in removing some heavy machinery from the railroad, near Magdalena, for a big mining company now operating in Water Canyon.

Andrew Schaub died yesterday afternoon after being ill for some time with dropsy, at the age of 33. Mr. Schaub's trade was that of a tailor, but for some time past was interested with his brother in a saloon in old town. He leaves a brother, Jacob Schaub, and one sister, Mrs. Joseph Metzinger. The funeral took place from Undertaker Strong's parlors at 2 o'clock this afternoon.

News has been received in this city of the death of Mrs. G. C. Raach in Burlington, Wis., on November 21, from consumption. Mrs. Raach and her husband, the president of the Burlington Blanket company, spent about two years in this city, but returned to Burlington last September.

Hon. Sol Luna, of Los Lunas, was a passenger for the territorial capital last night. Hon. J. R. Armijo had arranged to leave with Mr. Luna for the capital at night, but was detained in the city.

Ferd. Levy, with his sample cases, returned from the south last night. He is the outside hustler for Lowenthal & Meyers, the wholesale liquor merchants.

Edward Grunfeld returned from the north last night. He is the inspector of agents of the Equitable Life Assurance society in New Mexico.

H. J. Emerson, who is one of the special agents of the Equitable Life Assurance society, has returned to the city from a trip to the Red river country.

Mrs. Frank Gibson and children, who were here on a visit to the parents of Mrs. Gibson, Capt. and Mrs. C. M. Tylor, returned to their Gallup home last night.

J. W. Fleming, the mine inspector of the territory, who was on a visit to the coal mines north of this city, returned here last night and left this morning for Silver City.

J. P. Cantrell, the telegraph operator at the depot, has been notified of his transfer to Kansas City, and will leave for there in a few days. He has many friends in this city who greatly regret to have him go, but who at the same time rejoice at his promotion.

The Albuquerque Glee Club organized last night by electing the following officers for the ensuing three months: C. K. Harg, president; A. L. Newton, vice president; George Kellogg, secretary; Gus Thelin, treasurer; Mrs. Blakely, musical director. After the organization had been perfected those in attendance spent a couple of hours very pleasantly at dancing.

Deputy Sheriff Cipriano Baca, of Socorro county, came down from Santa Fe last night and went south this morning in charge of "Broncho Bill," who will have his trial in the district court at Socorro next Monday. "Broncho Bill," after hovering between life and death for several months, has finally rallied from the gunshot wounds which he received just before his capture.

IT'S GETTING COLD

and that overcoat of yours is not quite heavy and warm enough for December blizzards. Better look into the winter subject! There's the Frizee in which you'll never freeze; there's the Montagnac and the Chinchilla, cassimere lined, extremely long in material and service, surprisingly short in price—because the greater the saving the greater the selling; that's our way.
