VOLUME 13.

ALBUQUERQUE, NEW MEXICO, THURSDAY AFTERNOON, NOVEMBER 24, 1898.

NUMBER 33.

THE BALDWIN FIRE.

List of the Killed and Injured in the Big Blaze.

Four Thousand Reinforcements to American Army Reach Manila.

President and Cabinet Discuss Proposed Civil Service Order.

GENEROUS DENVER BRIDEGROOM.

San Francisco, Nov. 24.—A careful estimate of the loss of the Baldwin hotel fire places the total at \$1,500,000, on which at the outside there was not over \$100,000 insurance. The number of victims of the fire is yet unknown. The Examiner gives the following list of the dead: Jonathan L. White, capitalist, residing at the hotel; Lewis Mayers, secretary of the Bay Gold Mining Co.; John J. Carter, associate judge, California; J. J. Carroll, Tate Pryce, sheet writer for J. J. Carroll. Missing: J. M. Lott, a member of the City of Sydney; Mr. Andrews, cashier of the Baldwin Hotel; W. S. Henshaw, employee of the grill room.

Injured: Mrs. Simon H. Seymour, severely bruised; James Collier, head cut; Charles Town, scalp and head cut; Bridget Mitchell, broken ankle. The Chronicle places Carter Pryce among the missing.

The Call continues its list of dead to White and Meyers, and adds Mrs. Andrews and children, of East Lake, to the missing, and omits Pryce, who he said to have been recently friends since the fire. It is impossible to search the burning ruins at present.

R. J. Baldwin's property in this city and Los Angeles, except a small part of the Santa Anita ranch, is covered by a blanket mortgage for \$1,500,000. About \$500,000 mortgage covers the Baldwin hotel property. The creditor is understood that the sale alone is worth at least \$500,000 over the mortgage.

CIVIL SERVICE ORDER.

Additional Exceptions to the Rule to Be

Announced.

Washington, Nov. 24.—The president has discussed the general scope of the forthcoming exemptions of the civil service with the members of the cabinet and others. The exceptions, it is understood, in addition to those already mentioned, will include members of the board of pension appeals, law clerks of the general land office, per diem of employees of the office of surveyor general, some officials of the Indian service, and private secretaries to chiefs of bureaus.

Generous Guggenheim.

Denver, Nov. 24.—Simon Guggenheim, who was married to day in New York, commemorated the event by giving a dinner to 4,000 poor children in this city.

Troops Reach Manila.

Madrid, Nov. 24.—An official dispatch from Manila says: Reinforcements of American troops, numbering 4,000 men, have been landed on the Philippine islands.

Soft Soap for Blanco.

Madrid, Nov. 24.—In the decree accepting the resignation of Marshal Blanco as captain-general of Cuba, the queen regent endorses the zeal, intelligence and loyalty with which he fulfilled his functions.

Wounded in a Duel.

Buda Pesth, Nov. 24.—A duel was fought between the minister of the interior, Desiderius De Peczeli, and Deputy Hottó, a member of the independent party, as the outcome of the minister's speech in parliament in which the deputy considered himself insulted. The minister was severely wounded in the forehead.

Found a Burned Body.

San Francisco, Nov. 24.—The body of J. M. Leighton, a leading business man of Reno, N. T., who died in this city on September 28, under suspicious circumstances, has been exhumed, and will be held pending investigation. Hugo carried a heavy life insurance in the Wood-

WRIT OF ERROR.

Saves Jose P. Ruiz From the Gallows on Dec. 2.

Lawyer Burkhardt Intercedes Be- fore the Supreme Court.

Horse Replevin Case of Barry vs. Clayton Before Justice Riddle.

DECISION IN FAVOR OF BARRY.

Jose P. Ruiz, who, while in a drunken condition, shot into a group of little children, killing Patricia O'Bannon, the 10-year-old son of Felipe O'Bannon, will not hang on Friday, Dec. 2, in accordance with the sentence delivered to the condemned man by Judge Crumpacker, after he had a fair and impartial trial before a jury at the October term of the Bernalillo county district court.

"In the case of the territory vs. Jose P. Ruiz, sentenced to hang," said District Court Clerk Owen this morning, "a writ of error has been sworn out before the territorial supreme court, staying the sentence and making the writ returnable to the above court on the first day of the next term of said court, which is Monday, July 18, 1899. I have just received the papers in the case, Sheriff Hubbell has been officially notified, who will follow out the orders of the territorial supreme court, and thus save Ruiz from hanging, for the time being at least."

Summers Burkhardt is the attorney for the condemned man, and he hopes to se- cure a commutation of the sentence of his client from hanging to that of life im- prisonment in the territorial penitentiary.

A REMARKABLE CASE.

Justice Riddle Decides Suit of Barry vs. Clayton in Favor of Plaintiff.

A case, which gives some promise of becoming just as celebrated as the notorious calf case, which was before the courts of Iowa for so many years that the costs of litigation amounted to thousands of dollars, was decided by Justice Riddle shortly before the hour of midnight last night. It was the horse replevin suit of W. F. Barry vs. Rev. W. D. Clayton. On January 4 last Mr. Barry's horse strayed from his premises at 730 South Third street.

On the following morning a horse, which the Claytons were certain was the one which had strayed away from near about five months previous, turned up near their place, which is in the rear of Barry's and facing Walter street.

Barry advertised in the columns of THE CITIZEN for months but obtained no information in regard to his lost horse until a few days ago when some one notified the horse at Mr. Clayton's and was established that it was the one which Barry had lost. The latter was notified and after investigation he, too, was convinced that it was his horse.

Mr. Clayton was just as positive that it was his horse, and would not, therefore, turn him over to Mr. Barry, who brought a replevin suit in Justice Riddle's court. The case came up for hearing yesterday afternoon, and when the last witness had been examined it was 11 o'clock at night. For absolute misconception of the facts it is probably the most remarkable case on record. About a dozen witnesses were examined on each side, all of whom are of unquestionable veracity and integrity, and there was not the slightest hint that there was any false swearing. All testified to what they believed to be truth, yet the witnesses for the defendant were equally confident that they had seen it in Rev. Clayton's possession for years.

It was a case of mistaken identity, and Justice Riddle decided the case in favor of the plaintiff on the strength of the coincidence in time, the horse having turned up at Clayton's the morning after the one strayed from Barry's place. The defendant then took an appeal to the district court.

Activity in Building.

H. D. Johnson, the architect, yesterday let the contract for a handsome residence for Simon Stern to Wilson & Davis, contractors and builders. The building will be brick veneered, Kasbake in style, will cost about \$5,000 when completed and will be one of the finest residences in the city. It will be located on the corner of Seventh street and Copper avenue and the public is cordially invited to note the several structural features of the residence as it advances. Work on the building will be commenced at once and will be completed by March 1.

Mr. Johnson will in a few days let the contract for another residence, costing in the neighborhood of \$8,000. He has also several other buildings under study, which will probably be built before long. Work on Nos. 11 and 13 residence on Copper avenue is progressing rapidly, and the Grant building is rapidly reaching completion.

Arthur Kevitt, of this city, and Jacob Lougwich, of Chicago, are building several substantial one story brick buildings on North First street in the place of the shacks recently destroyed by fire. When completed they will materially improve the appearance of the block in which they are located.

Reminder of Heaton.

A case which called to mind Heaton and Allen, the two forgers who were arrested in this city nearly a year ago and are now serving sentences in the penitentiary, was tried before Justice Crumpacker yesterday. H. S. Lutz, agent for the Wells Fargo company in Santa Fe, sued Joseph Conklin, now employed at J. H. O'Reilly & Co.'s store in this city, for \$47 which he paid Conklin in exchange for one of Heaton's fraudulent checks. Con-

TWO STEAMERS SUNK.

Blinding Blizzard on Lake Superior Sinks Two Vessels.

Fatal Explosion of a Locomotive on the Rio Grande Railroad.

Lively Foot Ball Games in All the Cities of the Country.

SPAIN DELAYING HER REPLY.

Duluth, Minn., Nov. 24.—The heaviest marine wreck of the year was reported to-day by the Imman tug Castle, which returned from the wreck of the freight steamer Tampa in Beaver Bay. The tug found the steel freight steamer Arthur Orr nine miles further eastward from the Tampa where, broken in two. The great blizzard caused the wreck of both steamers. The crew from the Orr made their way to Beaver Bay, where they found the crew of the Tampa. It took them twenty-four hours without food to go nine miles. They suffered with cold. They were greatly surprised to find the men from the Tampa at Beaver Bay, as they knew nothing of the wreck of the Tampa.

The Orr left here Monday with 2,900 tons of flour and 500 tons of copper, ship and an account of the Northern Steamship company. The Orr went ashore about the same time as the Tampa. The coast is rocky, the shore sliding into deep water suddenly, which makes the steamer's position extremely dangerous. The Orr is worth \$150,000 and was insured for \$140,000. The cargo was worth \$120,000. The Tampa was worth \$100,000.

F. O. BALL GAMES.

Exciting Games Played in All the Principal College Cities.

Chicago, Nov. 24.—Chicago Athletic association, 18; Dartmouth college, 5. Philadelphia, Nov. 24.—Pennsylvania, 12; Cornell, 5.

The annual Thanksgiving foot ball game between the University of Pennsylvania and the Cornell teams was marred by snow, following constant rain since Tuesday night. The gridiron was a quagmire. Still an enormous crowd witnessed the contest. A train load of Cornell students and others from Ithaca arrived early.

Annapolis, Md., Nov. 24.—Naval Cadets, 21; Virginia Military Institute, 5. Chicago, Nov. 24.—University of Michigan, 12; University of Chicago, 11.

Delaying the Spanish Reply.

Paris, Nov. 24.—The Spanish commissioners at noon to-day had not fixed upon the day to submit their final answer to the American proposition. It is deemed likely that Saturday will be the day appointed. The opinion gains ground that the Spaniards will accept the proposals of the United States. A significant indication was the remark dropped by Senor Abersola, of the Spanish commission, that they expected to remain here about a fortnight longer.

FATAL EXPLOSION.

Locomotive on Rio Grande Road Blows Up, Killing Fireman.

Denver, Nov. 24.—The crown sheet of the boiler of a locomotive on the Denver & Rio Grande railroad blew out this morning at Swallow station. J. E. Perkey, fireman, was killed, and Eugene Pennington, engineer, and Guy Livingston, brakeman, seriously injured. All live at Pueblo. Eighteen loaded freight cars were burned. The explosion occurred where the Santa Fe road crosses the Rio Grande and the bridge was wrecked. The loss is heavy but the railroad officials can give no estimate yet. The train was a westbound freight.

Kansas City Market.

Kansas City, Nov. 24.—Cattle.—Receipts, 2,500 head. Market steady.

Texan Steers.

Texan steers, \$2 40 to \$4 00; native cows and heifers, \$1 50 to \$3 00; stockers and feeders, \$3 20 to \$3 50; bulls, \$2 00 to \$3 75.

Sheep.—Receipts, 1,000 head. Market

firm. Lambs, \$1 00 to \$2 25; muttons, \$3 00 to \$4 10.

THE FAIR.

No 113 South First street.

We hope that you have many things to be thankful for these bright Thank- sgiving days, and that not the least of these is the fact that you have a Fair store in Albuquerque where you can sup- ply your needs and comforts in choice, new, reliable goods at eastern prices.

We could fill a page at with induc- ments in china, glassware, toys, tools, notions, lamp, pictures, tin, granite and wire goods, etc. Spend a few minutes with us, we will make it pleasant as well as profitable for you.

THE FAIR.

AUCTION-AUCTION.

The Great Auction Sale

Of household furniture will take place at
the large store on Railroad avenue, be-
tween the new Grant building and Mrs.
Oakes' store, SATURDAY MORNING, NO-
VEMBER 25. I will positively sell with-
out reserve to the highest bidder all of
the furniture below enumerated, beside
many things that lack of space prevents
me advertising.

10 BED ROOM SETS 10
10 CARPETS 10
Woven wire springs, mattresses, fine lot
of heating stoves, beautiful brass bed
and springs, two fine French plate mir-
rors, hall tree, chairs, rockers, center
table, lamp stands, writing desk, book
case, Turkish bath cabinet, refrigerator,
dishes, rock stove, etc. Magnificent op-
portunity to fit up hotel or home. Store
open for inspection of goods day before
sale.

H. S. KNIGHT,
Auctioneer.

During the past week carpenters and painters have been at work at the Or- chestration hall improving and enlarging the stage, and adding new scenery to the present equipment. The stage has been enlarged to 25x35 feet; a large dressing room for ladies, properly fitted up to the right of the stage, while on the opposite side there is a dressing room for gentle- men, and a room wherein cooking can be done in case luncheons are to be served for parties or other entertainments. Super- intendent Trimble is determined to have all things satisfactory at the Orchestra- tion hall, and is personally looking after the needed improvements.

The Needles Eye says: This division of the Santa Fe Pacific has been keeping up its good record. The limited trains, Nos. 3 and 4, have made their running time on this division in every instance. On one or two occasions they have been received on the division a few minutes late, but in every case the trains have made their running time. It is gratify- ing to local pride to know this and speaks well for the efficiency of the local officers and train men in charge.

THE DAILY CITIZEN

HUGHES & MCKEIGHT, PUBLISHERS

TROES, HUGHES, Editor

W. T. MCKEIGHT, Bus. Mgr. and City Ed.

PUBLISHED DAILY AND WEEKLY.

Associated Press Afternoon Telegrams, Official Paper of Bernalillo County, Largest City and County Circulation Largest North Arizona Circulation

ALBUQUERQUE, — NOV. 24, 1935

NEW MEXICO will be more thankful when made one of the United States.

More standing timber annually goes up in smoke in the Rocky mountains than is felled by the axmen in five years.

Last week the price of cotton in New York fell to 4 1/2 cents on November contracts. This is the lowest price on record.

The world's output of gold for the year 1935 is estimated at \$75,000,000, an increase of 14 per cent over that of 1934.

Individual deposits in the Kansas banks increased \$4,000,000 in October. The population vote showed a corresponding decrease.

OVER 200,000 mail star route bidders have combined to evade the 50c war tax imposed on each contract bond, but they will fail.

If all the states were like Massachusetts this country would have a population of more than one billion, with no telling how many old maids.

ESTIMATES by the United States treasury in the cost to this country of the Spanish war up to the present time place it at about \$160,000,000.

The way in which the Indians play foot ball demonstrates clearly that the red man is quite capable of receiving the full measure of a higher education.

SMALLPOX is liable to be epidemic in New Mexico this winter. Every precaution should be taken by the people to prevent the spread of the loathsome disease.

DURING the winter the United States marine hospital service will take steps to prevent the reintroduction of yellow fever in this country next summer. Exports are now at their Cuba.

ADMIRAL DEWEY has been offered \$5,000 by a New York magazine for a short article on the Philippines, but replied: "Thanks, but I am too busy. Dewey is making history, not writing it."

NEARLY 1,000,000 women in Spain work in the field as day laborers; 350,000 women are registered as day servants—that is, they work for their food and lodging. There is no such class anywhere else.

In looking for ways and means of cutting expenses, the postal commission might take notice of the fact that Uncle Sam pays the railroads many dollars more than express companies pay for the same work.

ACCORDING to the St. Louis Republic the most densely populated people on earth have been found in the heart of India. The natives there speak of "Chicago, the Holy City," because they heard that the Congress of Religions was held in that town.

In Manila most of the houses and of the houses have tiny windows paneled with translucent oyster shells instead of glass. An average window six feet high by four feet wide contains 200 shell panes, which temper the heat and light of the sun and prevent blindness.

THE largest steamship in the world will be the Oceanic, now building, which will have a length of 704 feet, or 22 feet longer than the Great Eastern. The Oceanic is expected to develop 40,000 horse power, and will cross the Atlantic in four and a half days, consuming 700 tons of coal per day.

DURING a recent concert in Atlanta, when the national air was played, the audience rose to its feet and remained standing during the rendition. This has been the custom in the east for a long time, and it is a custom that cannot be too highly commended. If ever the people as a nation have reason to be proud it is the United States, and it is a good sign to see a burst of enthusiasm at the sight of the American flag, or on hearing a national song rendered. Since the complete victory over Spain the feeling of patriotism has increased 100 per cent.

GENERAL BUELL, who saved the day for Grant at Shiloh, died at his home at Rockport, Ky., last Saturday. A veteran of two wars, in both of which he won fame. General Buell lived to see a third war successfully ended and the memory of the mighty conflict in which he took part became dimmed by the lapse of years. So little has been heard of Buell since the close of the war, more than a third of a century ago, that it is difficult for the present generation to realize that the veteran general who has just passed was one of the makers of history.

SHOULD PAY EXPENSES. For the year 1937 the total revenues of the postoffice department aggregated \$89,005,463, while the total expenditures for maintaining the department for the year were \$94,077,242, leaving a deficit of \$5,071,779. Of the total expenditures for maintenance the sum of \$19,862,074 was paid to the railroads for transportation.

The postoffice department should at least pay expenses. Until the transportation and distribution of mails is put upon a paying basis it cannot be regarded as a successful branch of the government's business. There is no economic

sense in reducing rates for postage and then compelling the people to make up the deficit through taxation. It is highly probable that the present rates for first, second, third and fourth class mail must be ample to yield adequate revenues if the business of the department is economically administered and the abuses of the second class mail privileges are corrected by legislation.

OUR PROGRESS IN CUBA. Every precaution is to be taken, apparently, to prevent the exposure of American soldiers to disease when they are sent to Cuba for garrison duty.

Colonel Becker, who has just returned to Washington from Havana, reports that the work of constructing camps is progressing satisfactorily, and that it will be possible to provide the men with good quarters and pure water in camps located on high and dry ground. The purpose is to prevent, as far as possible, the mingling of unsanitary Americans with the natives in the cities, and thus prevent the communication of contagion.

THE PUBLIC DEBT. According to the treasury statement the public debt at the close of business October 31 amounted, less net cash in the treasury, to \$1,110,969,022. This represents an increase for the month of \$43,477,717. This increase is accounted for by the issue during the month of about \$50,000,000 of the new 3 per cent. bonds and a decrease of about \$7,238,000 in the cash on hand. The entire amount of the new loan so far taken up is \$170,391,940.

AN IMPORTANT DIFFERENCE. To make it appear to thousands, who think themselves ill, that they are not afflicted with any disease, but that the ailment is simply a cold, is a very important difference. It is a cold, as a cold condition is easily cured by using Syrup of Figs. Manufactured by the California Syrup Co., only, and sold by all druggists.

Five Per Cent Gold Debentures. These policies have never been issued for less than \$10,000. Mr. Axtell informs us that he has succeeded in getting the Equitable Life Assurance Society of the United States—assets \$250,570,388, your security—to issue \$10,000 and upwards. It is the best investment obtainable, as in case of death, although only one payment may have been made, the beneficiary receives gold debentures bearing 5 per cent interest. This is good interest and saves the trouble and risk of investing, and 5 per cent interest bearing gold debentures are worth more than 5 per cent interest on the business now being paid for 5 per cent government bonds. For their particulars can be obtained from Mr. Axtell, special agent of the Equitable Life Assurance Society, Whiting building, corner of Second street and Gold avenue.

How to Look Good. Good looks are really more than skin deep, depending entirely on a healthy condition of all the vital organs. If the liver is inactive, you have a bilious look; if your stomach is disordered, you have a dyspeptic look; if your kidneys are affected, you have a pinched look. Secure good health, and you will surely have good looks. "Electric Bitters" is a good alternative to the business now being paid for 5 per cent government bonds. For their particulars can be obtained from Mr. Axtell, special agent of the Equitable Life Assurance Society, Whiting building, corner of Second street and Gold avenue.

For Sale Cheap. A fine Yose piano (square). A good phonograph, horse and harness. Three nice horses, harnesses and buggies. Magnificent Hall safe, both burglar and fire proof. I do a general commission, auction and abstract business, and can save you money. Inquire a card or note and I will call. DOWNS H. B. KINIGHT.

Highest cash prices paid for furniture and household goods. T. A. WHITTEN.

What a Graphophone Does. A Graphophone will make your home a happy one, for it is always ready to entertain. It will reproduce the music of bands, orchestras and soloists. You can have music of any kind at any time, and need no skilled performers to render it. The music is there, the record that will set the waves of melody in motion again whenever you touch the button. On a Graphophone too you can record your own voice of music or any sound and reproduce them immediately. These varied and wonderful powers make the Graphophone a marvelous and entertaining home. Graphophones can be bought for \$10 and up. Write for Catalogue No. 30 to the COLUMBIA PHONOGRAPH CO., Nos. 720-722 Olive street, St. Louis, Mo.

Clarkville, N. M. "That's one on me," remarked several prominent politicians at the Palace hotel, as some one, after looking on the register book suddenly asked: "And where is Clarkville, N. M.?" After some inquiry it was developed that Clarkville is a thriving coal mining town less than a year old, situated about six miles the other side of Gallup, and connected with the Santa Fe road by a spur track built by the projectors of the mines. The first house was put up about eleven months ago, and now the town has fifty houses and 250 inhabitants, one of the buildings being a three-story brick. The town was named after W. C. Clark, the big Montana miner, who has heavy interests in the Arizona copper mines, and is now doing so much to bring out the coal interests of western Bernalillo county. The coal is bituminous block and of a fine quality. —New Mexican.

Chicago Stock Market. Chicago, Nov. 24. — Cattle — Receipts, 4,600 head. Market, strong to a shade higher.

Beef, \$4.15@4.50; cows and heifers, \$1.75@4.70; Texas steers \$3.10@4.30; westerns, \$3.00@3.50; stockers and feeders, \$2.00@4.50.

Sheep—Receipts, 7,000. Market 10c higher. \$2.00@2.50; westerns, \$2.00@4.40; lambs, \$4.00@4.75.

DELIGHTFUL ENTERTAINMENTS. Interesting Exercises at the University—Debut of Miss Stella Walton.

THE BALL AT ARMORY HALL.

UNIVERSITY EXERCISES. Yesterday afternoon the Kretzler Literary society gave very interesting Thanksgiving exercises. Piano solos were on the program for Misses Haselndine, Collier and Butts. Miss Mabel Anderson sang a beautiful serenade song which was enthusiastically received, when she responded with a cradle song. Miss Anderson has a sweet, rich voice and all enjoyed her singing.

Prof. C. E. Hodgins gave the Thanksgiving address in which he pictured the old farm home at Thanksgiving time, reviewed the history of the day, and spoke of the present national dangers and blessings, referring to the recent war with Spain, and complimenting the University representative, Mr. Garfield Hughes, on his bravery as a Rough Rider and expressing the gratitude of the school that he passed through all the dangers and was home again.

Miss Carrie Hadley read a very interesting and well written essay on the life of Elizabeth Fry, the English Friend of Quaker, who did so much for prison reform.

The society paper was read by Mr. H. G. Fitch. This official organ was brim full of fun and jokes, and hits at the rival society.

Perhaps the most interesting feature of the program was "The Experiences of a Rough Rider" by Garfield Hughes, who gave in a very interesting manner the trials and tribulations of a soldier on Cuban soil. After his most interesting address, he gave opportunity for questions, and many were the questions asked by teachers, students and visitors, all of which were answered by Mr. Hughes in a satisfactory manner. Garfield, as the boys know the young soldier, was enthusiastically received and applauded. The society provided a good program, which was much enjoyed by all present.

A BEAUTIFUL AFFAIR. The social entertainment given by Mrs. W. Y. Walton at the Orchestra hall last night in honor of Miss Stella Walton's debut into the society of Albuquerque, was one of the most brilliant and at the same time one of the most delightful in the social history of the city. The lady and gentleman friends of the young lady were present and lent the grace of their presence to the auspicious occasion.

The hall had been most beautifully decorated under Mrs. Walton's artistic eye. The profusion of flowers, the beautiful gowns of the ladies, the soft strains of melodious music and the many pendant lights shedding brilliant lustre over all, created a scene of beauty which will live long in the memory of those who witnessed it.

The evening was pleasantly occupied in dancing the German, of which Mrs. Walton is such a skillful instructor. Sam. Pickard and Miss Margaret Kent led in the figures, the following ladies and gentlemen participating in the dance:

Mrs. C. K. Newhall, of this city; Misses Ifield, of Santa Fe; Schuts, of El Paso; Kent, Fox, Kallerg, Spencer, McIntire, Saint, Dennis, Booth, Stevens, Potter, Hughes, Willey and Lela Armit; Messrs. Pickard, Morris, Frost, Booth, Lee, McLean, Wilkerson, Paxton, Carrellen, Alger, Kuhn, Stevens, Rosenwald, Spencer, Hughes, Baker, Wilson, Brooks, J. H. and W. H. Springer.

Others present were as follows: Mr. and Mrs. A. A. Keen, Mr. and Mrs. F. H. Kent, Mr. and Mrs. W. J. Johnston, Mr. and Mrs. A. A. Trimble, Mr. and Mrs. W. T. McCright, Mr. and Mrs. E. W. Spencer, Mr. and Mrs. M. M. Cruise, Mr. and Mrs. C. K. Newhall, Mr. and Mrs. Harry Lee, Mrs. Geo. H. Frost, Mrs. G. A. Camp and Mrs. Attorney R. L. Medler.

The dances and other guests were served with dainty refreshments from tables handsomely decorated with carnations.

BALL AT THE ARMORY. The seventh annual ball of the Ferguson Hook and Ladder company was given at the Armory last night. The balls given by this company in past years are justly famed for their success and the pleasure they offered all those who participated in them. It is sufficient to say that the ball this year was in no way inferior to those which have gone before. There were about 100 couples in attendance. The floor was in excellent condition, the music furnished by Dr. Mauro's orchestra was exquisite, the hall was comfortably warm and everything combined to make dancing most pleasant. Dan. Phillips acted as caller for the square dance, in which art he is so proficient. The dancing program included twenty-eight numbers and it was far into the morning before the last dancers left the scene of their evening's entertainment.

The following committees had charge of the hook and ladder company's ball at the Armory hall last evening: Executive committee, E. B. Harsch, chairman; Roy McDonald, E. C. Booth, R. K. Gentry, W. H. Booth. Reception committee—B. Ruppe, H. S. Knight, Sam. Akers, P. P. McCanna, J. H. Gainsley, A. J. Stockert, J. S. Trimble, E. B. Harsch, G. M. Cundiff, T. McNulty. Floor committee—J. L. Sherwood, floor manager; R. K. Gentry, M. S. Tierney, P. Murphy, Ralph Hill, R. McDonald, C. McDonald, W. H. Booth, W. C. Booth.

A grand Thanksgiving dance will be held at the Commercial club this evening. The program will begin at 9:30 o'clock, and 150 guests are expected by the committee to attend.

The Congregational church this evening, beginning at 8 o'clock, a fine musical and literary program will be carried out. Mrs. Allen, a most excellent lady, has furnished all the copy published in THE CITIZEN for this concert, and has worked hard the past few weeks to make the entertainment one of the success of Thanksgiving.

Think of it! "Pommes and sweet potato" will be the Thanksgiving dinner at the A. M. E. church. The ladies of the church will commence to serve dinner at 5 o'clock this afternoon and continue until midnight. The "pommes" were secured from Missouri and are the best to be found in that "go sum state." Regular meeting of the Woodmen Circle this evening at 7:30 o'clock at Knights of Pythias hall. All members earnestly requested to attend. Visiting members cordially invited. By order of the Worthy Guardian. Miss Mammie Shamp, clerk.

Only Thirty and Gray

How is this? Perhaps sleepless nights caused it, or grief, or sickness, or perhaps it was care. No matter what the cause, you cannot wish to look old at thirty.

Gray hair is starved hair. The hair bulbs have been deprived of proper food or proper nerve force.

Ayer's Hair Vigor

Increases the circulation in the scalp, gives more power to the nerves, supplies missing elements to the hair bulbs.

Used according to directions, gray hair begins to show color in a few days. Soon it has all the softness and richness of youth and the color of early life returns. Would you like our book on the Hair? We will gladly send it to you.

Write us!

If you do not obtain all the benefits you expected from the Vigor, write the doctor about it. He may be able to suggest something of value to you. Address, Dr. J. C. Ayer Co., Lowell, Mass.

Orchestra Hall, THURSDAY, DECEMBER 1ST.
