NUMBER 24.

PEACE COMMISSIONS.

Spaniards Preparing to End
Peace Negotiations.

They Will Let Spain's Creditors Settle
With Uncle Sam.

War Investigation Commission Examining
Witnesses in Washington.

LIEUTENANT DRESSEL SUICIDES.

Paris, Nov. 13.—At the request of the Spanish commissioners, who found it impossible to prepare their memorandum of presentation to-day's meeting of the peace commission was deferred until Wednesday. Importance is attached to the delay, it being regarded as indicating that the Spanish commissioners are preparing for a final end of negotiations. It may be now definitely stated that they will not sign a treaty of peace which yields to Spain more from the Philippines than has thus far been offered or indicated by the Americans. The Spanish commissioners will declare their mission is finished. It is possible the Spaniards will also suggest the suspension of negotiations until the resumption of negotiations between Madrid and Washington. This attitude of Spain is explained by the fact that the members of the Spanish commission have political alliances to consider and are anxious to return to Spain, which are as far as the ministry at Madrid care to go. It is pointed out that if the five Spanish commissioners have signed the treaty yielding the Philippines to the United States without leaving Spain's debt in an appreciable degree they could not return home with prospect of any political future before them and they possibly would be in danger of violence at the hands of the mob. The Spaniards will insist on sovereignty of Spain over the Philippines is a long question, but will announce Spain's readiness to yield that sovereignty for an adequate equivalent and then invite negotiations under the Spanish construction of the protocol.

The Americans are expected at a future meeting to present a carefully prepared enumeration of their contentions and conditions, should they be no different from those already presented the time will then arrive when Spain will declare herself helpless though steadfast, and will wait the next step of the United States whatever it may be. Thus Spain will be able to say to her creditors that she has done her utmost and the issue must rest between them and the United States.

WAR INVESTIGATION.

Dr. Hulsebrook Testifies of Security of
Medical Supplies.
Washington, Nov. 14.—The war investigation commission resumed the examination of witnesses to-day, with Dr. F. Z. Hulsebrook of the volunteers on the staff. He said he occupied the position of chief medical officer of the First army corps at Camp Thomas, Chickamauga Park, until the 22d of July, when he had gone to Porto Rico with General Brooke. Speaking of the supply department he said there were large quantities of food, clothing and other supplies at the beginning of the war, but this condition of affairs did not long continue.

One time he had to appeal to General Brooke to get the supplies necessary, the commissary general insisting on being guided by the supplies on the basis of the war was not a fair test. "Do you know," asked Dr. Hulsebrook, "there was a full supply of medical stores at the depot at Lytle?"

"I know many articles were lacking," the doctor replied and added: "It is not true as has been stated that there was a full supply."

He continued by saying that he had made constant representations to the surgeon general of shortage in supplies. He never turned down any requisition from the division hospitals except on one occasion except when he knew the articles were not at hand. He contended that there had been no shortage of supplies, saying no patients had been compelled to lie without covering any length of time. He repeatedly called attention to the lack of money and the lack of July there was an increase of hospital corps men in response to his representations. Of the condition of the camp in general he said some things were extremely filthy.

"Who was responsible for that condition?" asked Dr. Connor.

"The officers of the regiment," responded Dr. Hulsebrook.

Col. Hulsebrook said he succeeded in getting supplies only by being the first on hand as the medical depot was run in a very parsimonious manner. There was not only a great scarcity of important drugs, such as quinine and opium, but a depletion in the number of a surgeon not to give out what there was.

READY FOR EMERGENCY.

United States Prepared to Fight Spain a
Finishing Round.
New York, Nov. 14.—A dispatch to the Herald from Washington says: "The time has been given by Secretary Long to the officials of the navy and in Brooklyn prohibiting them from commencing any new work on the armor clad in the north Atlantic waters. It is expected that within ten days Commodore Philip will have under his command an effective force consisting of all the battleships and armored cruisers now

IN COMMISSION EXCEPT THE IOWA AND THE OREGON, WHICH ARE NOW AT RIO JANEIRO.

These vessels will be kept along the Brazilian coast for ten days at least and by that time the authorities say the policy of Spain with respect to negotiations will have finally developed. Just as soon as the armor clad are ready they will proceed to Hampton Roads where they will find the New York waiting them. Here the vessels will remain pending the action necessary as resulting from the information received from Paris.

SITUATION IN HAVANA.

Forty-five Birminghams in Thursday's
Meeting Arrested.
Havana, Nov. 14.—Disturbances here are momentarily over. Spanish troops are parading the city. The Spanish government yesterday offered to market here \$125,000 at three days on London in order to apply the proceeds to the payment of the troops. Two Spanish bankers, of the \$125,000, but the foreign houses refused to touch the paper unless first advised that the necessary funds had been deposited in such a bank to meet the draft. Paper being offered one or two points below the commercial rate, showing that Spain's credit is impaired. It is reported that forty Spaniards in the morning of Thursday have been arrested and imprisoned in Morro Castle, but it is understood that none will be court martialed.

VOLUNTEERS FOR MANILA.

Soldiers Serving There Now Will Return
to the Country.
Denver, Nov. 14.—In reply to a request for the discharge of one member of a Colorado regiment at Manila, Governor Adams received the following from Adjutant General Corbin:

"I have the honor to inform you that it is the purpose of the war department to return to the United States within a few months the volunteer regiments now serving in Manila, other volunteer regiments now being on the way to replace them, and it is believed that when this time will have been accomplished the soldier referred to will be returned to you about as soon as though his discharge were ordered immediately."

NEW MEXICO HONORED.

Territory Receives Medals and Is Well
Represented at the Exposition.

Many papers throughout the southwest at present contain articles on the success of the exhibits of their localities at the International exposition, but there are none that can boast of more good accomplished for their respective states than New Mexico.

J. J. Leeson, the commissioner from New Mexico, is exhibiting in his labors showing and explaining the advantages possessed by his territory for home-seekers and the investment of capital. During Mr. Leeson's six months' stay at Omaha he saw and personally talked with more people upon the subject of resources than any other exhibitor at the big show, and it is not too much to say that New Mexico will also reap a greater benefit than any other state or territory. Commissioner Leeson was assisted during the closing six weeks by J. G. Albright, of this city, and the latter gentleman, who returned last Saturday night, says that New Mexico carried away more honors in the way of gold and silver medals than any other two states or territories combined. This magnificent report of Mr. Leeson to his people is surely gratifying, and will undoubtedly be appreciated as the benefits derived will be greater than that from the World's fair, which cost New Mexico some enormous sum of money.

FOR SALE.

Brass new Smith Premier typewriter. The latest No. 3, machine with every improvement. Price \$85. Address p. box 60.

FALMS.

Ferns, rubber plants, etc., for house decorations.
IVES, THE FLORIST.
W. W. Teal, who lives at 219 South Broadway, informs THE CITIZEN that early Sunday morning some one entered his house and helped themselves to a good sized load of wood and coal. The parties used a wagon and would have cleaned up the shed had they not been weakened by Teal, who arrived on the spot as they drove away. He believes he recognized the thieves and he warns them that it will not be healthy for them to make a second call.

...WATCHES...

We sell our Railroad Watches with an absolute guarantee they will pass rating inspection. The following we consider the best watches for railroad service.

17 Jewel Hamilton,	\$25.00,	Heavy Silver Case.
21 Jewel Elgin,	30.00,	" " "
The Vanguard,	40.00,	" " "
Graven Precision Watch,	65.00,	" " "

YOUR MONEY RETURNED IF THEY FAIL TO PASS.

DELEGATE PEREA.

Defeats Ferguson Easily by Over
Two Thousand Votes.

Louis D'Gneo Committed Suicide at
Cerrillos Yesterday.

B. Mackey, a Heavy Kansas Embrizier,
Arrested in Gallup.

RAILROAD ARRESTS AT RATON.

Special to The Citizen.

Santa Fe, N. M., Nov. 14.—The republican central committee, at 3 o'clock, is studying the following statement on the result of the election:

Majorities for PEREA.	
Donato county (official)	436
Donato county (unofficial)	440
Guadalupe county (official)	182
Guadalupe county (unofficial)	185
Monte County (official)	100
Monte County (unofficial)	105
San Miguel county (official)	211
Socorro county (official)	280
Socorro county (unofficial)	285
Valencia county (official)	1,000
Total	4,014

RAILROADS FOR PEREA.

Colfax county (unofficial) 440
Shawnee county (unofficial) 210
San Juan county (unofficial) 228
San Juan county (official) 228
Santa county (unofficial) 128

MAJORITY FOR PEREA.

Returns from Lincoln county indicate that the county has given a small majority for Perea. Union county returns indicate that the county is very close and that a majority for Mr. Perea or for Mr. Ferguson will not be over 20. In the legislative ticket there is no material change and the republicans have elected ten members for the council, namely: Messrs. Hines, Martinez, Catron, Buscena, Romero, Chavez, Hughes, Finckel, Burrows and Anetha. The democrats have elected Mr. Richardson and the indications are that they have carried Mr. M. Valdez, in the district composed of Mora, Colfax and Union.

For the house the republicans have elected, according to the official returns, twenty members, namely: Messrs. Jaramilla, Staplin, McIntosh, Pedro Sanchez, B. R. Romero, Kilpatrick, Otero, Gutierrez, Martinez, Egan, Greenlee, Lopez, Roman, A. Baca, Winston, Trujillo, Llewellyn, Valdez, Barnes, Schultz, Valverde and Herrera.

According to the returns so far received, the following democrats are elected:—four: J. S. Wharton, J. L. Lieb, Crenshaw, Gallegos, J. C. Slack. These figures are believed to be correct, although there may be a change in Union county, and John R. Guyer, republican, may have a majority over J. C. Slack, democrat.

MAJORITY HAS INCREASED.

Special to The Citizen.
East Las Vegas, N. M., Nov. 14.—Perea's majority in this city is 211, and his majority in the territory, semi-officially, is 2,114. This is a very large majority.

The republicans are holding a big ratification meeting here to-day and to-morrow.

The Official Returns.
The county commissioners completed the official count late this afternoon. Perea received 2,550 votes to 2,114 for Ferguson. Majority for Perea, 436.

SUICIDE AT CERRILLOS.

Louis D'Gneo Shoots Out His Life With
a Revolver.

Louis D'Gneo, son of John D'Gneo, of Santa Fe, committed suicide at Los Cerrillos yesterday by shooting himself in the chest with a revolver. The victim was 35 years of age and was a native of Louisiana. He had been in the territory for some time and was well known to many citizens of Albuquerque.

THE CITIZEN.

His cousin and playmate in Italy, before they emigrated to the United States, was Nicholas D'Gneo, who committed suicide at the home of P. Parenti on the Highlands, in this city, in 1891. Nicholas was the son of Mike D'Gneo, and the latter was an uncle of Louis who shot himself in Cerrillos yesterday.

A BIG CAPTURE.

Marshal McMillin Secures the Arrest of
B. Mackey, an Embrizier.
Last night a man with a wife and three children arrived in the city on the train from the south. He went to the Hotel Highland and registered as B. Mackey from Mexico City. Marshal McMillin at once spotted him to be Eckman, alias Mackey, who was wanted in the United States for the charge of embezzling \$45,000 from the United States Indian agency at Topeka about eighteen months ago.

Marshal McMillin did not feel justified in arresting him on his own suspicion that he was the man, so he telegraphed the authorities at Topeka the facts in the matter and requested a prompt reply, for the reason that he had learned at Los Angeles that Mackey would leave for Los Angeles on the river this morning.

When the flyer departed for the west he had received no word from Topeka, so he did not interfere with Mackey continuing his journey. The flyer had not been gone over three minutes when a message was delivered to him from H. J. Boett, the assistant United States attorney at Topeka, saying that Eckman, alias Mackey, was wanted there badly; that he had been indicted in the United States district court and to arrest him at once if possible under the fugitive law and hold him until the necessary papers reached him by mail.

Marshal McMillin then telegraphed the officers in Gallup to arrest Mackey and bring him to this city to-night.

This afternoon the marshal received a telegram from J. A. Strauss, chief of police of Topeka, asking him to arrest Mackey and hold him until he arrived.

Mackey took some people at the hotel that he had spent the past eighteen months in Mexico and that he was now on his way to Los Angeles, where he would leave his family and he himself go on to South America.

Fell From a Train.

A man by the name of Bertino, who was in the capacity of head chef at the Hotel Coronado in southern California, passed through here Saturday evening.

CAUSE OF RACE WAR.

Editorial Reflecting on the Vir'ne
of Poor White Women.

Spanish Soldiers Mutiny in Havana
and Demand Their Pay.

Fire Destroys Some of the Best Buildings
in Dawson City.

LOS OF \$50,000.

New York, Nov. 14.—A dispatch to the Herald from Albany Park, N. Y., says that A. Lamb, editor of the Wilmington (N. Y.) Record, whose office was destroyed by white citizens on Thursday, now is in Albany Park. He is a brother-in-law of Representative Giles. He fled from Wilmington to escape lynching. It was through an editor in the Record that the recent rioting at Wilmington and the attendant loss of life came out. The editorial reads:

"The white men are careless in the matter of protecting their women, especially on farms. They are careless in their conduct toward them, and our experience among poor white people in the country teaches us the women of that race are not more particular in the matter of clandestine meetings with colored men than the white men with colored women. Meetings of this kind go on sometimes until a moment of infatuation when the woman's boldness begins to attract attention and then the man is lynched."

BOLDNESS MUTINE.

Four Thousand Spanish Soldiers Demand
Their Back Pay.
Key West, Fla., Nov. 14.—Private reports from Puerto Principe and Nuevitas, Cuba, say 4,000 armed soldiers presented themselves in front of the palace calling on the military governor, Emilio March, for their overdue pay. General March drew a sword and ordered them to disband. Some, armed with loaded rifles, threatened the life of General March, who returned the sword to its scabbard, crying: "Do you wish to kill me? Well, kill me!"

The soldiers shouted: "No, we only want our pay before embarking for Spain!" General March promised them they would be paid and the soldiers returned to their quarters peacefully. The steamer Alvarado left Havana four days ago with \$100,000 to pay those soldiers. The cruiser Alfonso XII and the gunboats Gorda de Venite and Infanta Isabella, ordered for Nuevitas to compel the soldiers to embark after which they proceeded to Gibara for a like purpose and then on to Spain unless new orders are received.

FIRE IN DAWSON.

How Between Two Women Cases \$500.
Shagun, Nov. 14.—Via Victoria, B. C., Nov. 14.—Returning Klondikers arrived in this city to-day brought news that a fire of timber had been visited with a \$50,000 fire in the city of Dawson. The fire was caused by a woman who was burning some of the best buildings in the city. The fire took place on the morning of the 13th inst. It started in the Green Tree saloon as the result of a row between two women of the town. Belle Mitchell threw a lighted lamp at another woman. The lamp broke, the oil spread and in a few seconds the building was on fire. The fire a year ago was caused by the same woman, who threw a lamp at a saloon with whom she was quarreling. The new conflagration was brought out by several miners who arrived in this city.

TEMPLE ALBERT BAZAAR.

Will Open at the Armory Hall To-morrow Night—Six o'clock.

The ladies who have charge of the various departments of the "Temple Albert Bazaar" as well as their assistants, are to be congratulated upon the progress they have made, and the manner in which they have overcome all difficulties. When the reporter called at the bazaar to-day he found everything in order, and all arrangements had been perfected to give those who attend a good time. The various booths and the hall itself are all beautifully and artistically decorated, and from the many things which we got a peep it would seem that there will be some pretty things on display, than any other bazaar has been seen together at one time in this city.

We also caught a glimpse of the menu in the supper booth, and it seems that a most delicious array of dainties is to be served every night from 7 o'clock on. A number of beautiful and costly articles are to be raff off on the various tables. A large number of them have been placed at a low figure. Such as these things, the ladies offer a new and novel attraction in the way of amusement each night. To-morrow, Tuesday, the 15th, the bazaar will be opened by the Hon. O. N. Warren, and it is hoped that there will be a large number present each night. During the run of the features of every evening's entertainment.

FOR SALE CHEAP.

A fine buggy, horse and harness. A good chaise, horse and harness. Magnificent Hall safe, both burglar and fire proof.

I do a general commission, and can abstract business for you. Drop me a card or note and I will call. Inquire H. B. KINGST.

Send in your orders for flowers for Thanksgiving early.

IVES, THE FLORIST.

In opening a bottle of beer the other day, Charles Hulse, of The Elk, met with the misfortune of having several fingers on the right hand badly cut. In pulling the cork the neck of the bottle broke, and the pieces of glass did the cutting in the shape.

THE DAILY CITIZEN

HUGHES & MCGRIFF, PUBLISHERS

THOS. HUGHES, Editor

W. T. MCGRIFF, Bus. Mgr. and City Ed.

PUBLISHED DAILY AND WEEKLY.

Associated Press Afternoon Telegrams.

Official Paper of Bernalillo County.

Largest City and County Circulation.

Largest North American Circulation.

ALBUQUERQUE, — NOV. 14, 1908

It is said that Col. Bryan has military lockjaw.

ONLY five democrats have been elected to the territorial legislature.

SOUTH CAROLINA democrats carried the state by shooting republicans on election day.

THE side that is down must take its medicine. This is a country where the majority rules.

HAVING wiped out the democrats, let's now go to work and wipe out the small-pox in the territory.

PLEASE your neighbor if within the range of reason. It is better and makes one feel more comfortable.

REPUBLICANISM marches steadily onward in its work of making the country prosperous and progressive.

NORTH DAKOTA'S republican majority insures the election of a United States senator to succeed a democrat.

MORE silver dollars were coined in the fiscal year 1908 than in eighty-one years, from 1792 to 1878, under so-called bimetalism.

THE United States is now maintaining 147 well equipped boarding schools for Indians. There is an average daily attendance of 24,000.

THAT democratic delegate from Arizona will have no influence in the next congress, and will secure nothing whatever for his territory.

THE vote in all the towns in New Mexico shows that the democrats worked the race issue for all it was worth. They got beaten, however, at their own game.

DELEGATE ELECT PEREA is at Las Vegas today, attending the big republican celebration of the victory in this territory.

THE Bland Herald, also, shows evidence of disappointment. That paper says that Bland will ask nothing at the hands of the republicans of the county the ensuing year.

FRENCH journalists now seem to find satisfaction in dodging a discussion of France's backdoor in the Sonoran by abusing this country in its war settlement with Spain.

MAIL is delivered in the Philippines about a month after it is posted in the United States. The time depends on connections, especially at Hong Kong, but mail is never delayed at that port more than three days.

THE people of California, by the largest majority recorded in the state for many years, have declared against the single tax, free trade, free silver, and private business opportunities in public office. It was a great killing.

BICYCLE managers say that western men have longer legs than eastern men and that the wheels shipped west of the Allegheny mountains will average at least two inches more in height than those sold in the east.

THE governor of Kentucky will never be charged with plagiarizing his Thanksgiving proclamation. This is it, in full: "Thursday, the 24th day of November next, is hereby set apart as a day of thanksgiving and prayer."

THE only Indian woman practicing law in the United States is Miss Laura Lykins of Oklahoma City. She is a graduate of the Carlisle Indian school and is 30 years of age. Her father was an Indian chief and her mother a white woman.

THE CITIZEN is willing to admit, for the benefit of the Bland Herald, that it was mistaken in its estimate of the political situation at Bland. The CITIZEN had conceived the idea that the voters of Bland had more political sense than they exhibited on election day.

It is now said that Howard Gould had to give up \$5,000,000 of his heritage for marrying Miss Clemmons. But so his sister, Anna Gould, paid \$5,000,000 for a worthless French count, why should not Howard have been allowed to marry a pretty American actress without being mulcted by his relatives.

The Chicago Times-Herald says that a Nebraska girl was jilted at the altar because the bridegroom in stooping to kiss her detected the odor of cigarette on her breath. Served her right! She deserves a better husband than a fellow who waited until he reached the altar before reaching her lips.

WAGES average higher under a republican administration, and they are growing higher all the time. In twelve of the leading manufacturing industries in Indiana during the fiscal year of 1907, the sum of \$18,081,200 was paid out in wages. In the fiscal year of 1908 the total amount paid in wages was \$20,352,785.

COLORADO RIVER.

The grand river with its tributaries is several thousand miles in length and drains a large portion of seven states and territories—an extent of country only second in size to that of another river emptying into the Pacific of North

America. Its name, Colorado, meaning "red" in Spanish, was doubtless derived from the color of its waters. For centuries it is navigable a distance of 600 miles above its mouth. Several government explorations have been attempted in small boats, but none have in all respects been as speedy and successful as that made by Clarke, the trapper, who starting with a single companion at Green River City five years ago, made the voyage of 1,300 miles in two months. He had a most thrilling experience, narrowly escaping with his life, in passing over the rapids of the Grand Canyon.

WHO MADE HIGH TAXES.

The Democratic and corporation organ is devoting columns of space trying to prove that the republicans are responsible for the high taxes in this city. Nearly all the municipal debt was created under democratic administrations, several democratic mayors plunging the town into reckless extravagance. The county tax is one per cent. This is all the bond the county has to pay officials, liquidate general expenses, and pay the interest and principal on the bonded debt for the erection of the court house and jail, and county bridges. The territorial debt was heavily increased four years ago by the democratic legislature. That corrupt body authorized \$20,000 bonded debt, and added about \$50,000 to the floating debt. The writer of the reform articles in the Democrat received his part of the swag as a clerk in the council four years ago. He knows all about how the public money was then squandered. The city debt was created for a sewer system, school houses, and to pay A. A. Grant a big yearly bonus for his water works franchise. The republicans of Bernalillo county are not in the least responsible for the municipal debt of Albuquerque, which was created by democratic officials.

THE Socorro Chieftain, Silver City Knorrer and Rio Grande Republican, three first-class territorial weekly journals, appeared last week appropriately illustrated with flags and crowing roosters in celebration of the great victory achieved by the people on Tuesday, Nov. 3. Socorro, Dona Ana and Grant counties did nobly; and the two first named gave a majority of the votes cast for Hon. Pedro Perea, Grant county came forward with a greatly reduced majority for Ferguson. Hurrah for southern New Mexico.

The election of a majority in accord with the administration, in both houses of congress, which now seems assured, is a distinct gain for the people, aside from partisan considerations. For whatever goes wrong or whatever is left undone that should be done they will know whom to hold responsible. The opposition will be powerless to make or mar legislation.

KANSAS will furnish the first colony of immigrants to settle in Cuba from the United States. John T. Venny, a colored Baptist preacher well known in Topeka, has made arrangements to make a settlement of colored people near Santiago, and expects to start from Topeka with about thirty families in twenty or thirty days.

SEEKING the construction of land grant claims by the United States does not seem to be a very profitable line of business. The court of private land claims reports that in the New Mexico land district in the past year 5,550,294 acres have been "reclaimed," and the court has confirmed the title to 7,400 acres.

THE next United States senate, it is now certain, will have three straightened republican out of a total of ninety. Ten of the present democratic senators will give way to republicans in the next senate. The new house will have a clean republican majority over all other parties combined.

SO LONG as the minds have all they can do in the way of solving silver for the next two years, owing to a law passed by the present congress, the silver men have little to complain of except the loss of the office.

THE Denver mint has already paid out this year for gold over sixteen million dollars, and there is every indication that the total for the year will exceed twenty million.

If Spain has been waiting until the American elections should present a more favorable aspect for her side of the case may as well order the peace process to move.

THE total length of the streets, avenues, boulevards, bridges, quays and thoroughfares of Paris is set down at about 600 miles, of which 200 are planted with trees.

THE election in many states was so close that the vote of the soldiers, in camp, in Cuba, in Honolulu and the Philippines, may change the result materially.

LAST year the United States government's profits on money orders was \$800,000. When the system first went into force, in 1865, the government lost \$7,000,000.

SENATOR QUAY is entitled to sit in the shade of the plum tree and smile. The Keystone state holds the list of republican pluralities.

THE very latest on the election in this territory places Pedro Perea's majority at about 2,500.

At Las Vegas To-Day.

On Sunday night Governor Otero, Hon. T. B. Catron, Hon. Sol. Luna, Mr. J. C. Clark, Colonel Twitcheell and Mr. R. C. Fortia left for Las Vegas to attend the big republican meeting of the republican voters in the territory at the election just past. It is understood that Colonel Fortia will be the guest of the CITIZEN.

Senator-elect Thos. Hughes of this city, and H. O. Bursum, of Socorro, were passengers to Las Vegas last night, where they will participate in the grand republican meeting there this evening. They were accompanied north by Sheriff Thos. H. Hubbell, J. R. Armitage, W. P. Childers and T. J. Corran.

Carpenters' tools. Whitney Co.

TO "GO" IN FORTY DAYS.

Spill did Progress in King on the Ros

will-Amorillo R. H. Wray.

H. C. Phillips, consulting engineer of construction of the Pecos Valley & Northwestern railway, was a passenger through from Roswell to Amorillo last night, says the Optic. The work of driving the piling for the North Berrendo bridge above Roswell was finished last week and ties and rails are now being rapidly laid toward the Fort Sumner.

The southern end of the enterprise is getting along satisfactorily that it is now certain that unless some unexpected bad weather intervenes the track will be laid and the Pecos bridge finished by December 1. From Amorillo the tracks lay west to the Pecos by December 15, and it is confidently expected that the road will be in shape and open for traffic just forty days hence.

This is a consummation for which southwestern New Mexico has waited so long and so patiently that one can hardly realize that the end is so near. Think of Roswell and the whole Pecos county south of Fort Sumner being placed within twenty-eight hours of Kansas City, and that one can go there without change of cars, and to St. Louis, Chicago, etc., within two days. Next year will be the greatest in the history of this Pecos valley, and the good effects of this changed condition will be felt from the stars.

Parties in from southwestern Guadalupe county state that the Pecos Valley & Northwestern railway construction forces is now laying track at a point about 108 miles from Amorillo and will reach Pecos, 115 miles out, this week.

Yellow Journeys Cured.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by some of the best physicians in our city, and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters, and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible ailment. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by J. H. O'Reilly & Co.

NEW MEXICO AWARDS.

Received by People of the Territory at Omaha Exposition.

The following awards were received by New Mexicans at the Omaha exposition:

GOLD MEDALS.

To the Pecos valley exhibit, made by the Union club, of Kddy, for the best general exhibit of fruits and vegetables.

To the American Turquoise company, on cut and rough stones.

To the Aztec Turquoise company, on cut and rough stones.

To M. W. Porterfield, of Silver City, on turquoise.

To L. Bradford Prince, on prehistoric relics.

To the Woman's Board of Trade, Santa Fe, on finest workmanship in precious metals.

To New Mexico, on largest exhibit of metals.

To the Agricultural college, for best general varieties of wheat.

SILVER MEDALS.

To New Mexico, on best collection of smelting ores.

To New Mexico, on best varieties of oats, rye and barley.

To J. J. Lesson, on best irrigation water lifting device.

Bronze Medals.

On best collection of baryte ores.

HONORABLE MENTION.

To New Mexico, for the largest and best collection of literature on general resources.

To H. O. Bursum, of Socorro, on best olive (Triploli).

Duck's America Sale.

The best sale in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. H. O'Reilly & Co., Druggists.

Mining in Texas.

W. A. Anderson, of Texas, an old time miner, was in town this morning on business, having come down horseback, all the way, and left this afternoon on the return, says the Santa Fe New Mexican. He has a rapidly improving prospect in his Copper Hill mine, and he finds pleasure in stating that all the other copper properties in the district, twenty to thirty in number, are improving in value. No one is being shipped away for this reason that as soon as, say 10,000 tons or so of ore are piled up on the dumps of the various mines, reduction works will be erected in the camp. This will take care of an immense amount of ore, and the bullion will then be shipped away to the refineries. The ore in that section are oxides and carbonates of copper, carrying also gold and silver in paying amounts, so that mining in that country is profitable. Numerous shafts are being sunk and much drifting is being done, one shaft, that of the Oxide King, being down 180 feet. New York parties are proposing to put up the reduction works and considerable capital from the east is promised.

TO CURE A COUGH IN ONE DAY.

Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. See The Genuine L. B. Q. on each tablet.

Now in Las Vegas.

A snow fell Friday night to a depth of two and a half or three inches, which will be of great benefit to this section of the country. It has been pleasant to dry over head and not very bad under foot.

Optic.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who take themselves ill, that they are not afflicted with any disease, but that the system simply needs cleansing, is to bring comfort home to their hearts, as a cystic condition is easily cured by using Syrup of Figs. Manufactured by the California Fig Syrup Co. only, and sold by all druggists.

Cutting in Old Town.

Last Monday night a political battle was given in old San Marcial, says the Bee. A quarrel arose between some of those in attendance who made frequent trips between the ball and the saloon, and the trouble ended by a general scrap in the street. Equipalio Dominguez was seriously stabbed in the right breast and his life is despaired of. Sarpalo Pineda was the target for a club in some form, and he came out of the melee with a cut below and a cut above

the right eye and two gashes in the back of his head. The wounds reached the bone, but are not considered very dangerous. Vidal Perea was arrested for the cutting and was taken to the Socorro jail, but the general opinion is that he is not the guilty party. Dr. A. Crick-shank attended the injured man.

Postal Matters.

F. J. Carr, assistant superintendent of the railway mail service, is in the city in company with Inspector Brown, and will be here several days looking into postal matters. There have been many complaints of the inefficiency of the railway mail service of late between Albuquerque and Kansas City, and Mr. Carr's visit is timely. It wouldn't be a bad idea, either, to have postal cars attached to trains Nos. 22 and 1. Inspectors C. H. Thomas and George H. Waterbury and J. W. McPherson, assistant postmaster at Klaton, are also enjoining in the city for a time being called here on business in the United States district court.—Las Vegas Optic.

Discovered by a Woman.

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its assaults, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose, that she slept at night, and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hammick & Co. of Shelby, N. C. Trial bottles free at J. H. O'Reilly & Co.'s drug store. Regular size 50 cents and \$1. Every bottle guaranteed.

PROPOSED RAILROAD.

Inducements are offered by the Mine Owners Bland Will Get a Railroad.

H. Claussen, of this place, during the past week received a letter from Judge John S. Thompson, who is now in California, from which Mr. Claussen has just returned. The letter was a very interesting one, and it was a great pleasure to him to receive it. Mr. Thompson, in connection with Mr. Claussen and others, are the incorporators of the White Rock Canyon Electric Power and Irrigation company, and also of the Rio Grande and Cochiti Railroad company, the former company having for its object the building of a dam across the Rio Grande at White Rock canyon and the erection of a large electrical plant for the transmission of power to all part of the Cochiti district, and also to furnish power for running extensive reduction works which the company contemplates building at the river, while the object of the latter company is the building of a railroad from Bland to connect with the Atchison, Topeka & Santa Fe, at a point south of Turin, near the Indian town of San Domingo. It will be seen by the extracts from Judge Thompson's letter that an effort is being made to reach these two great enterprises to a completion at once, and as this would insure entire success for Bland and the Cochiti mining district, we hope to see hearty co-operation on the part of the mine owners all over the district. Mr. Claussen suggests and requests that all who may be interested in this project meet at the Herald office at 7:30 o'clock next Monday evening, November 14, for the purpose of discussing the matter. Below are given the extracts from the letter:

Los Angeles, Cal., Nov. 2, 1908.

H. Claussen, Esq.,

Dear Sir—I have already pursued efforts to get one or both of our New Mexico enterprises on foot, but with no success. After another has arisen to deny definite results. The Hayden negotiation appears to be nothing. Some New York parties are doing a little for the railway. A party here talks favorably but delays coming in the line. I shall keep negotiating as long as there seems to be a chance for success.

Yesterday one man, said to me, "Get the Cochiti mine owners to agree in writing to ship a sufficient amount of ore daily at \$2.50 a ton to Turin, for \$1.50 to the river, and within one month they will show the line. This also shows that their mine are sufficient in number and development to enable them to get out this amount daily. I will show you in bank the amount to be reduced active work on the road and reduction works, and convince you of our ability to put them in operation as soon as the money is available."

This does not seem to be an unreasonable demand. The object of this letter is to ascertain through you whether such an idea of mine owners is to be considered, and if so, what I can do to help them. I am interested and on the ground and can readily verify what we understand can be done.

If, with your knowledge of the situation, you are satisfied we can make such a showing, I wish you would go to work at it at once and get mine owners to come home, or even after the crummy cough has appeared, it will prevent the attack. Many mothers who have crummy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by all druggists.

A Sure Sign of Crump.

Household in a child that is subject to crump is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the crummy cough has appeared, it will prevent the attack. Many mothers who have crummy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by all druggists.
