NUMBER 19.

MILES' REPORT.

Severely Criticizes Shafter's Con- duct of Santiago Campaign.

To-day's Session of Peace Commis-
sioners Postponed.

War Investigation Commission Still at
Work in Chicago.

A BOLD ROBERT.

New York, Nov. 8.—A special to the Herald from Washington says: Major General Nelson Miles has submitted to the war department his report, covering the entire period of hostilities between the United States and Spain. It is stated that certain portions of the report may be withheld, as the report deals squarely with matters which certain officials prefer to keep in the background. That the report is exhaustive is shown by the fact that it covers nearly two hundred sheets of closely typewritten paper. The report in plain English criticizes Shafter's conduct of the campaign in Santiago. The report practically states that the modified condition of matters relating to the army status, is due to the fact that much information was given but was contradicted by the secretary of war. The report makes no reference to the so-called Alger-Miles controversy, but the statements credited to Miles are reiterated.

The Peace Commission.
Paris, Nov. 8.—The Spanish-American peace commissioners notified the minister of foreign affairs that the joint session to have taken place to-day will not be held, and that they will notify the minister when they are determined upon the date of another meeting. A later semi-official note was issued announcing that the peace commission had informed the French minister of foreign affairs that their conference had been suspended.

TRANSLATING THE REPLY.
Paris, Nov. 8.—Inquiry developed the fact that the failure to hold a meeting of the commissioners was now due to the Americans asking the postponement of a joint session until tomorrow to allow time for the translation of the reply of the United States to the latest Spanish propositions regarding the Philippine islands, which was received this morning.

War Investigation.
Chicago, Nov. 8.—The war investigation commission to-day continued the examination of witnesses. Gen. Dodge, chairman of the committee, now says he can begin to see the end of the investigation. After the doctors have been heard at Detroit the committee will go to Washington.

Dr. G. A. Smith, of Clinton, Iowa, who was in charge of the Second Division, Third army corps hospital, Camp Thomas, was the first witness.

Dr. Smith said: "When I assumed my duties, July 14, I found the patients crowded on account of tent shortage. Some patients were lying on the ground on account of lack of cots. There was no provision for feeding the sick, other than the ration issued to soldiers of the regular service, except such as were brought in by charitable organizations." The medicines were lacking and the water bad.

Cleaned Out a Town.
Kankakee, Ill., Nov. 8.—Burglars cleaned out the little village of Danforth, twenty miles south of this city, last night. The following safes were blown open: Sheldon bank, loss probably \$5,000; postoffice; Coal & Egan's grain of \$50.

Later reports from Danforth are that the burglars were unsuccessful in forcing the safe of the bank, which contained \$3,000.

Crash Man's Act.
Wichita, Kan., Nov. 8.—At 9:40 a. m. George Luke, a farmer, went to work and killed his wife with an axe. He entered the room where three children slept, but as he raised the axe, one awoke, and the insane man dropped the weapon on his own throat.

More Troops for Manila.
San Francisco, Nov. 8.—Transport Newport sailed to-day for the Philippines, carrying General Miller and staff, First battalion Twentieth Kansas regiment, Wyoming light battery.

Cruiser Philadelphia.
San Francisco, Nov. 8.—The cruiser Philadelphia has been ordered to Samoa, and will leave within a few days. It is feared the election of a new king may result in a revolution, and it is desirable to have war vessels there to protect American interests.

Max Alway Dead.
Berlin, Nov. 8.—Max Alway, the popular German operatic tenor, who sang during many seasons in the United States, is dead.

Mrs. Corbin's Lectures.
Mrs. Corbin will deliver a series of lectures during the coming winter, which will treat of "The Earth and its Inhabitants, Their History and Their Destiny."

...WATCHES...

We sell our Railroad Watches with an absolute guarantee they will pass rating inspection. The following we consider the best watches for railroad service:

17 Jewel Hamilton,	\$25.00,	Heavy Silver Case.

TO-DAY'S ELECTIONS.

Fair Weather in the East, Indi- cating Republican Success.

Practically Certain that Roosevelt
Will Carry New York.

Snow in Colorado and a Light Vote will
be the Result.

RETURNS FROM TERRITORIAL TOWNS.

IN MISSOURI.
St. Louis, Mo., Nov. 8.—The day is fine. Voting is heavy.

HEAVY VOTE POLLED.
Philadelphia, Nov. 8.—A heavy vote is being polled throughout the state.

M'KINLEY VOTES.
Canton, Ohio, Nov. 8.—President McKinley reached Canton this morning and voted.

INDIANA DOUBTFUL.
Indianapolis, Ind., Nov. 8.—Each party claims the victory. A large vote is being polled.

DEMOCRATIC WEATHER.
Topeka, Kan., Nov. 8.—At noon a very small portion of the vote has been cast. The weather is cold.

REPUBLICAN VICTORY IN CONNECTICUT.
New Haven, Conn., Nov. 8.—Indications point to the election of the entire republican state ticket.

QUIET IN NEBRASKA.
Lincoln, Neb., Nov. 8.—Reports from over the state tell of a quiet election with cold weather and the expected falling off of the vote.

WOMEN ARE VOTING.
Salt Lake City, Utah, Nov. 8.—The election is progressing quietly. A large vote is being polled. The women are voting more generally than ever.

SNOW IN COLORADO.
Denver, Nov. 8.—Owing to a snow-storm the vote throughout the state will be very light. Indications are that the republican ticket will make a clean sweep.

SCRATCHING IN WISCONSIN.
Milwaukee, Nov. 8.—There is considerable scratching of the republican ticket. Gov. Scofield is expected to run several thousand votes behind the balance of the ticket.

BIG VOTE IN ILLINOIS.
Chicago, Nov. 8.—A heavy vote is being polled, the figures in many instances nearly equaling the last presidential vote. Fair weather prevailed, as a rule, throughout the state.

TEXAS IS DEMOCRATIC.
Austin, Texas, Nov. 8.—A heavy vote is being polled. The democrats are sweeping the state. Sayres, democrat, for governor, will, it is expected, lead the ticket by 200,000 majority.

WHITES VOTE SOLIDLY.
Raleigh, N. C., Nov. 8.—The election is progressing quietly. The whites are voting the democratic ticket more solidly than ever before. White republicans are voting the democratic ticket.

PLURALITY FOR ROOSEVELT.
Newburgh, N. Y., Nov. 8.—Chairman O'Neill, of the republican state committee, said before starting for New York this afternoon that he adhered to his estimate of 42,000 plurality for Roosevelt.

NORTH DAKOTA REPUBLICAN.
Fargo, N. D., Nov. 8.—Factionists practically concede the state ticket to the republicans, but claim Holmes for governor and Fiske for supreme court. They also concede the legislature to the republicans.

NEW JERSEY TOO.
Newark, N. J., Nov. 8.—Both republican and democratic leaders profess to be satisfied with the way the vote is coming out. Vorhees, the republican nominee for governor, is said to be confident of his election by a large majority.

CUTTING GOVERNOR PINGREE.
Detroit, Mich., Nov. 8.—Michigan is polling an unusually heavy vote for an off-year. Many prominent republicans are reported cutting Governor Pingree, while large numbers of democrats are said to be voting for him.

HUNDRED MEN ARRESTED.
New York, Nov. 8.—At 10 o'clock there have been a hundred men arraigned in the police courts of Greater New York on the charge of illegal registration or voting. In nearly every case it was shown the arrest was not justified by the facts and the accused was discharged.

IN M'KINLEY'S STATE.
Columbus, Ohio, Nov. 8.—The vote in Ohio is likely to be about 15 per cent less than last year. The republicans claim both sides to be about equally affected. The democrats say it means congressional gains for them, and the result on the state ticket will be close.

NORTH CAROLINA ELECTION.
Wilmington, N. C., Nov. 8.—The whites were in force at each polling place, but there was no sign of intimidation. No arms were displayed. Very few negroes were seen standing around the corners. The colored vote showed a marked falling off.

IN NEW YORK.
New York, Nov. 8.—Dispatches from all parts of New York state, received by the Associated Press, report the election proceeding under conditions favorable to a large vote. The vote outside of New York City will be no larger as has been cast in any recent year.

CROKER CLAIMS 50,000 MAJORITY.
New York, Nov. 8.—Richard Croker gave out the following statement this afternoon: "Everything I have heard makes a democratic victory appear certain. Tammany is getting out its full strength. Reports show a two-thirds vote cast by now. I have no reason to change my figures of last night of 50,000 plurality for Van Wyck."

NEW YORK ELECTION.
New York, Nov. 8.—The weather is fine and the vote heavy. During the fore-

noon there were nineteen arrests by the state deputies in the east side districts, on the charge of illegal registration. A statement was issued by the democratic leaders which predicted the election of the democratic nominees to congress in all the New York county districts, except the fifth.

REPUBLICANS HOPEFUL.
Washington, Nov. 8.—Republican hopes were higher than ever to-day at the republican congressional headquarters, as the result of early telegrams telling of good weather east and west, and heavy early vote. At the democratic headquarters predictions of democratic success were made with great confidence.

NORTH CAROLINA LANDSLIDE.
Wilmington, N. C., Nov. 8.—New Hanover is believed to be democratic by a small majority. The democrats gain about 1,000. Raleigh is elected to congress by a large majority. It looks like a democratic landslide.

LIGHT VOTE IN OHIO.
Columbus, Ohio, Nov. 8.—Reports from all over the state indicate light vote on account of which the democrats claim congressional gains and close result on state ticket. The republicans are equally confident.

A SEE SAW.
Rochester, N. Y., Nov. 8.—Second ward, Rochester, gives Van Wyck 41 majority. In 1880 it gave Porter 15. The fourth ward gives Roosevelt 23 majority; in 1880 it gave Black 10.

ROOSEVELT AHEAD.
New York, Nov. 8.—The first district to report was the Fourteenth election district, Twenty-second assembly district, this city, which gave Roosevelt 140; Van Wyck, 125.

Get the Returns.
This morning workmen were busily engaged in running a Postal Telegraph company wire into the popular Ziegler cafe resort, where the election returns hot from the wires will be received. The two captains of this well known resort will be present this evening to congratulate the winners and console with the losers over the result, and as the scene will be pleasing to some and distressing to others all are invited to attend. H. Scott Knight, who has been selling pools at this resort the past few days, will hold his wonderful avoidouts into position and read out the returns as they are received from the wires.

Popular Concert at Popular Price.
A ballad concert will be given in the Congregational church Thanksgiving evening. Any one wishing to hear a favorite ballad, please communicate at once with E. L. Washburn, Railroad avenue.

PALMS.
Ferns, rubber plants, etc., for house decorations.

IVES, THE FLORIST.
Mrs. L. R. Putney, the estimable better half of the well-known and popular wholesale grocer, has just received a letter from her husband at the Jemez hot springs, and he gives the reason why he is disappointed here in not returning to the city several days ago. J. B. Block has held the championship of the Jemez country for quail throwing, and he concluded to remain at the springs just long enough to let him (Block) understand that he did not know anything about the game. Up to the time the last letter was written, Nov. 4, Mr. Putney had won every game he participated in, casting a blank opposite the names of J. B. Block, Hugh Murray, Francisco Perez, J. B. Archuleta, Louis Z. Shaffer, John Walton and others. Mr. Putney also gives the information that his health has greatly improved, and that he has gained quite a number of pounds of solid flesh. He will probably return to the city in a short time, after which he and wife will visit the resorts of southern California.

At 4 o'clock this afternoon Mrs. C. W. Medler presented her husband with a fine baby boy, and although the popular city clerk was out electioneering for the sorehead ticket, he stopped long enough to bring around cigars to his friends at THE CITIZEN office.

Mrs. Andrew Atchison and Miss Rose Baker, of Parkville, Mo., and Mary Anderson and S. M. Anderson, of New York, are at the Hotel Highland. They visited the government Indian school to-day, and expect to go south to El Paso to-morrow morning.

Dr. C. F. Wilkin and wife, from the Gran Quivira, Valencia county, drove in to the city yesterday afternoon, and are stopping at the Hotel Highland.

W. L. Pringle, of Gallup, came in from the west last night, to meet his wife who is expected to arrive from the east this evening.

Mrs. George Aragon, the wife of one of the employees at the Albuquerque foundry died this forenoon.

M. M. Gilbert and wife, of Angola, Ind., are at the Hotel Highland.

MARIA TERESA.

Expedition Sent Out to Save Her if Possible.

Transport Panama Arrives Safe in
New York From Santiago.

Nikola Tesla Invents an Electric Torpedo
Boat Destroyer.

CUBAN ASSEMBLY ELECTION.

Washington, Nov. 8.—The navy department is without advice concerning the Maria Teresa, but acting on newspaper statement of her reported stranding at Cati island, in the watering group, sent orders to the Yulean at Orad and the Potomac at Santiago to leave immediately for Cati and to do everything possible to save her. The expedition will be under the control of Captain McCalla.

NO INFORMATION.
Nassau, N. P., Nov. 8.—No information is obtainable here to confirm the report that the cruiser Maria Teresa is ashore on Cati island. Capt. Chittenden will leave with the steamer Merritt at once.

INFORMATION RECEIVED.
Norfolk, Va., Nov. 8.—The Merritt Wrecking company has received information that the Maria Teresa is ashore on Cati island. Capt. Chittenden will leave with the steamer Merritt at once.

TESLA'S INVENTION.
Movements of a Vessel Directed by Application of Electricity.

New York, Nov. 8.—Nikola Tesla, in a newspaper interview, describes an application of electricity whereby, without the interposition of any artificial medium, by communication one man can direct with absolute exactitude the movements of any type of vessel, balloon or land vehicle, at any distance that may be desired. From a station on the shore, or from a deck vessel under way, a torpedo boat equipped with Tesla's controlling device may be propelled either on or below the surface, maneuvered at will in any direction, and finally brought into contact with and exploded against the side of the hostile vessel at any point within the range of vision of the operator. More than this, assuming it were possible to accurately locate the position of the vessel which it is desired to destroy, a torpedo boat could be directed to it, even if the ship lay in the harbor of Southampton and the operator was stationed at Sandy Hook.

Election in Cuba.
New York, Nov. 8.—A dispatch to the Herald from Santa Cruz, Cuba, says: The Cuban assembly elected the following officers: Domingo Mender Capote, president; Fernando Freyre de Andrade, vice president; Manuel M. Coronado and Dr. Febrilto Valiente, secretaries. General Lacret created excitement by presenting a motion to court martial General Calisto Garcia. It was rejected.

TRANSPORT PANAMA.
No Truth in the Report That It Was Wrecked.

New York, Nov. 8.—The transport Panama arrived this morning from Santiago. Captain Hanlon was much surprised to learn that any uneasiness had been felt for the ship's safety. He said that shortly after leaving Santiago he ordered the ship cleaned up between the decks. Some of the material thrown overboard drifted towards the shore. This, he doubt, gave rise to the report that the transport had been wrecked.

FERGUSON'S MISTAKE

Apology for his Mistake in Congress and his Struggle on the Ditch

A crowd, curious to hear how Mr. Ferguson would explain his bungling career in congress, his reasonable action toward Albuquerque in permanently locating the capital at Santa Fe and his attitude on the ditch question, gathered at the Army last evening. Mr. Ferguson presided over the meeting and introduced Mr. Ferguson.

In opening, that gentleman announced his untiring allegiance to the principles enunciated in the Chicago platform. He then entered into an extended apology for the mistakes he had made while in congress. In explaining his carelessness in not framing his land bill so as to save the territory \$17,000 in land office fees he was especially weak. He endeavored to put the blame on the land department for not placing the interpretation on the bill that he wanted it to do. He admitted that on account of his mistake in this respect the whole thing would have to be done over again at the next session of congress or else the people would have to pay \$17,000 for his negligence.

When Mr. Ferguson reached his capital removal bill, he seemed to realize that he was trading on dangerous ground and he argued that in trading on dangerous ground he had simply made a virtue of necessity. As an effort for his action in locating the capital at Santa Fe, he referred to his abortive efforts to secure a military post for Albuquerque. When he took up the ditch question, Mr. Ferguson showed that he had shared the fate of all straddlers—he had pleased nobody and had disappointed everybody. He pitifully referred to the fact that in this city he was being opposed because he was against the ditch and everywhere else in the Rio Grande valley he was charged with being the biggest devil in the ditch enterprise. He had evidently well learned the lesson that a man can not successfully carry water on both shoulders. He warmly congratulated himself, however, that the famous Gutierrez letter, which he wrote, was no worse than it was.

Concerning his action before the committee on the wool schedule, Mr. Ferguson realized that the best said the better and he neglected to tell his hearers that there was no third-class wool raised in New Mexico, on which he secured a duty of four cents per pound.

When Mr. Ferguson had completed the principal portion of his speech he readily invited any person present to ask any question that he might wish. Frank Hubbell started to accept the invitation but before he could put his question the Ferguson admirers in the audience feared that their idol would be worsted so they raised a tumult of shouts which drowned Mr. Hubbell's voice.

Mr. Ferguson then introduced "Mister" Spencer, who spoke a little piece on county affairs, which he had committed to memory for the occasion. The meeting then adjourned.

The best value in the world for Cuts, Bruises, Sore, Ulcers, Salt Rheum, Fever Sores, Tetters, Chapped Hands, Chilblains, Corns, and all Skin Eruptions, and positively cures Piles, no matter how bad, guaranteed. Send your photo at once to C. L. MARSHALL ART CO., 348 Kim St., Dallas, Texas.

AN IMPORTANT DIFFERENCE. To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, but that they are simply in need of cleaning, it is to bring comfort home to their hearts, as a positive indication is easily cured by using Syrup of Figs. It is a natural, healthy, and safe remedy. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. H. O'Reilly & Co., Druggists.

Chicago Stock Market. Chicago, Nov. 8.—Cattle—Receipts, 2,500 head. Market, steady. Beaves, \$4.00 to \$5.00; cows and heifers, \$1.75 to \$4.50; westerns, \$3.00 to \$4.00; stockers and feeders, \$2.00 to \$4.50; Texas steers, \$2.75 to \$4.00.

Sheep—Receipts, 14,000 head. Market, steady. Native, \$2.00 to \$4.50; westerns, \$3.30 to \$4.50; lambs, \$4.00 to \$5.00.

From New Zealand. Reefers, Nov. 23, 1896.—I am very pleased to state that since took the agency of Chamberlain's medicine has been very large, more especially of the Cough Remedy. In two years I have sold more of this particular remedy than of all other makes for the previous five years. As to its efficacy, I have been informed by scores of persons of the good results they have received from it, and know its value from the use of it in my own household. It is so pleasant to take that we have to place the bottle beyond the reach of the children.

For sale by all druggists. An Ideal Place. If you are searching for the ideal climate in the United States in which to spend the winter months, where you can find a hot mineral water, unexcelled for the cure of rheumatism, kidney and stomach disorders, and a new and healthy furnished "Casa del Conquistador," run upon the American plan and with American cooks, with splendid bathing accommodations and a place where you can find the most perfect peace and comfort for they are not in vogue to Hudson Hot Springs on the Santa Fe railway in Grant county, N. M., C. D. Hall, Fort Wingate, L. B. Levy, San Francisco; Jesus S. Peno, Mangus; Henry Wolf, San Francisco; Leonard Skinner, Chillum.

Taylor, Kankakee, Ill.

ALL KINDS OF STOCK

One of the party said the plant had been subjected to close chemical analysis by experts and that no trace of poison had ever been found.

Another one claimed that there is nothing poisonous about the plant itself, but that the poison comes from a minute bug which is a parasite of the loco plant. Others, however, were equally certain that the plant was deadly poison to cattle, horses and sheep. That it affected the animal's brain, finally driving the animal crazy and to an agonizing death. One man claimed it affected animals somewhat like alcoholic drink affects the human, the animal goes on craving for the weed and leaves everything else to hunt for it, eating untold amounts with the poison and death ensues. A curious incident was mentioned to show that a man could be lewed. A certain Mexican had a hatred for another Mexican, and one day satiated his victim to drink a cup of tea made from loco leaves. The Mexican who drank the beverage was seized with fits but did not die, and the neighbors believed he would not recover from the effects of the beverage until seven years had elapsed.

SANTA FE TO PAY ALL

Valley Road Stockholders Will Be Paid Cash Before January 1.

K. P. Ripley, president of the Atchison, Topeka & Santa Fe, gave much additional information concerning the plans of his road, and settled, so far as possible, several mooted questions, says a San Francisco dispatch of November 3. As regards a positive decision as to the Santa Fe option with the Valley road, Mr. Ripley said:

"A decision has practically been reached already through the action of our directors, but will be confirmed at the annual meeting of stockholders to take place at Topeka on December 8."

"When and how will the Valley road stockholders, who have already placed their stock in escrow, be paid?"

"They will be paid on or before January 1 in cash. Those who have not already done so, in representing about 2,400 shares, will be allowed a reasonable length of time in which to deposit their shares; but the offer will not be held open indefinitely."

"We are compelled by positive agreement to pay all stockholders who came in before January 1 full par value for their stock."

"Should any of the stockholders decide to put their stock in escrow, they will hold it as if we had not come into the market at all, and get dividends on it, if any are earned. Their stock will not be consolidated with ours in any event—in other words, so far as its stock is concerned, the Valley road must always remain a separate organization."

"How about your proposed arrangement with the Southern Pacific for the use of its tracks between Mojave and Bakersfield?"

"Nothing has been determined as yet. It is still in the air, with prospects against it. I do not even know when it will be further considered."

"You come to your conclusion as yet in regard to your terminal facilities?"

"I have examined the whole bay and water front on both sides, but am not prepared to make any statement in the matter. The Port Richmond terminal is, however, settled upon definitely, and we will have a ferry boat ready by the time we get in here."

A Safe Sign of Croup. Croupiness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes croupy, or even after the croup has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by all druggists.

Dr. Blazer Dead. Dr. Blazer died at his home in Mesquite on Monday, October 31, 1896 aged 67 years. He leaves a wife, son and one daughter to mourn his departure. With the death of Dr. Blazer another old pioneer has crossed the great divide into the land of eternity. The deceased was a citizen respected and loved by all who were acquainted with him; he was honest, unpretentious and charitable.

Dr. Blazer's profession was that of medicine, and he practiced it more or less ever since coming to Franklin (now El Paso), Texas, from Illinois in 1864. On arriving in this country he also engaged in the mercantile business with a man named Miller at Franklin. Later he ran several freighting outfit between Franklin, Tularosa and Stanton. Afterward he, in partnership with Geo. Nesbit, erected a sawmill in Tularosa canyon, which in the early days supplied lumber for the frontier improvements throughout this country. He eventually bought out his partner, Nesbit, who, with his entire family, was murdered while crossing the White Sands. Dr. Blazer later built a flouring mill at the Mesquite agency, which he improved from time to time until it is now a splendid mill. The doctor was an officer in the Union army in the civil war. During his residence at the agency he treated hundreds of cases of diphtheria and finally succumbed to the effects of the dreaded disease himself. The news of his death was received with profound sorrow by hundreds of his friends throughout southern New Mexico—Donna Ana County Republicans.

The Best Plaster. A piece of flannel dampened with Chamberlain's Pain Balm and bound to the affected part is superior to any plaster. When troubled with a pain in the chest or side, or a lame back, give it a trial. You are certain to be more than pleased with the prompt relief it affords. Pain Balm is also a certain cure for rheumatism. For sale by all druggists.

Household Goods. Highest cash prices paid for furniture and household goods. T. A. WHITTEN.
