THE ULTIMATUM.

America Will Take the Entire Philippine Group.

Will Assume the Debt Incurred for Improvements.

But Not Any Part of the Debt Incurred to Quell Insurrections.

CHANGES IN THE NAVY.

Paris, Oct. 31.—The American commissioners presented the Spanish to day a written expression of the purpose of Americans to take the entire group of the Philippine islands and assume such proportion of the Philippine debt as was spent for the benefit of the island or the inhabitants in public works, improvements and permanent betterments, but not any part of the debt incurred to quell the insurrections of the natives. The session adjourned until Friday to give the Spaniards time to prepare a reply.

THE NEWS CONTINUED.

Washington, Oct. 31.—The advice from Paris to the effect that the United States commissioners have demanded a cession to the United States of the entire Philippine group in line with instructions recently issued to the representatives of the United States. It cannot be learned definitely what money consideration is to pass with the title to the Philippines. Indeed, there is reason to believe that the United States peace commissioners have not yet been able to fix the amount exactly. Assuming that they are to repudiate all portions of the debt of the island which does not represent money spent for the betterment of the islands, it will be seen at once that the task presented to the commissioners of differentiating this debt is not easy, particularly in view of the notoriously loose financial methods of the Spanish colonial authorities. That this debt should be assumed by the United States in some proportion is said by the state department to be inevitable if annexation is to follow. The conditions presented are entirely unlike those in Cuba.

In the latter case there was a justification in international law and precedent for our refusal to be saddled with the debt when we received no tangible asset. But in the case of the Philippines, rich and well populated, the United States would acquire what in the eyes of the world, is a most valuable possession, and it is believed that the holders of all government obligations, without regard to nationality, who insist that a lien should pass with the property.

NAVY CHANGES.

Commodore Howison to Succeed Rear Admiral Miller.

Washington, Oct. 31.—Rear Admiral Miller will be placed on the retired list November 30. The vacancy thus created will be filled by the promotion of Commodore Howison, commandant of the Boston navy yard.

Rear Admiral Bucey's retirement December 30 will make Rear Admiral Dwyer the senior officer of the navy. If congress revives the grade of admiral, as desired by Secretary Long, his appointment to that will follow without any further jumping.

Maria Teresa Again Floating.

Washington, Oct. 31.—The navy department has received a telegram from Calcutta announcing the sailing for Hampton Roads of the Maria Teresa, the only Spanish ship sunk at Santiago yet floated.

High Price for Hibs.

Chicago, Oct. 31.—October ribs closed Saturday at \$5.20. To-day the price reached \$5.87½ before a single trade could be made. After that the price jumped ten and eleven cents on every trade until it reached \$6.75. The American company bid the price up. It is claimed that Armour and Cudahy have been caught short.

Important Social Event.

Savannah, Ga., Oct. 31.—Miss Mabel Gordon, the youngest daughter of General William Gordon, and Rowland Leigh, son of Lord Leigh, of England, were married to-day.

A Stenographer Trust.

Akron, Ohio, Oct. 31.—Success has crowned the efforts of the promoters of the combination for the control of the production of white, black and salt blazed stenographers, maintaining the price of the trust formed along the lines of the mail trust.

Curtailing Their Visit.

Jerusalem, Oct. 31.—The emperor and empress of Germany are curtailing their visit to the Holy Land, owing to European complications.

Chicago Grain Market.

Chicago, Oct. 31.—Wheat—October, 62½c; December, 60½c. Corn—October, 32½c; December, 32½c. Oats—October, 23½c; December, 23½c.

War Investigation Committee's Work Nearly Completed.

United States Supreme Court Decides Several Important Cases.

HARRISON ON THE ISSUES.

Paris, Oct. 31.—The Reklam to-day says: The Fashoda question will be settled favorably to Great Britain by the recall of Marchand. France reserves only the question of right to the Bahir el Ghazal district, which she does not consider as belonging to Egypt.

GLOOMY FEELING IN PARIS.

London, Oct. 31.—There was expected to be gloomy feeling this morning on the stock exchange and Paris bourse. It looks as if a crisis were approaching.

British naval preparations are being pushed with great activity. The British emergency squadron is gathering at Devonport with all possible speed.

Officers and sailors have been hurriedly recalled and several battleships and cruisers at Portsmouth are taking full crews on board and other warlike preparations are being made. A sensation has been caused by the arrest of a Russian spy at a fort near Harwich.

A BRITISH DEMONSTRATION.

Victoria, B. C., Oct. 31.—Commotion prevails in the clubs frequented by naval men. Admiral Palliser is said to have received a cipher message from the admiralty, and immediately her majesty's ship, Amphion, the fastest cruiser on the station, was ordered to prepare for sea. The cruiser will sail at once for Cebu to meet her sister ship, Phœnix, and from there the two will proceed to Tahiti, a French settlement in the Society Islands.

The flagship Imperieuse has just returned from Comox and is coaling. The Leader has been ordered also to return from Comox to prepare for any move decided upon. The opinion among naval men is that England is dispatching vessels from Halifax to the West Indies and from Esquimaux to Tahiti to show the French how utterly her colonies would be at the mercy of the British should Great Britain make warlike movements.

Advice from Harrison.

Indianapolis, Oct. 31.—Ex-President Harrison, in a letter to the chairman of the republican committee, urges a full vote to defeat free silver in this state. He declares it the issue of the campaign.

THE SUPREME COURT.

Rehearing Granted in One United States vs. the Earl Company.

Washington, Oct. 31.—The United States supreme court to-day announced its decision sustaining the constitutionality of that feature of the tax laws of New York which lays a tax on foreign corporations doing business in the state according to the capital employed.

A rehearing was granted in the case of the United States against the Earl Company, involving certain ranch claims in Arizona.

The application for rehearing was based in part upon the statement that Justice McKenna, while attorney general, directed the government's case through assistants and later participated in the hearing and determination of the case.

WAR INVESTIGATION.

Committee Now at Knoxville—Work Almost Completed.

Knoxville, Tenn., Oct. 31.—The war investigating commission started early to-day upon the investigation of the camp at this place, with the hope of completing the work here and starting for Washington to-night.

There are 250 sick here, many typhoid fever cases. It is claimed that the fever was imported.

AT LEXINGTON.

Lexington, Ky., Oct. 31.—General Dodge, Colonel Sexton and Dr. Conner, of the war investigation commission, arrived from Chattanooga to-day. They called upon Major General Wilson and a conference was held to map out the work at Lexington. Dr. Conner will make a thorough inspection of the division hospital, while General Dodge and Colonel Sexton will make a tour of the regimental camps. General Dodge says there have been no complaints concerning Camp Hamilton and the testimony taken here would be especially on the conduct of affairs at Chickamauga Park, where most of the regiments now here spent the summer.

There are 250 sick here, many typhoid fever cases. It is claimed that the fever was imported.

THAT DITCH.

Fergusson Strongly Opposed to the Irrigation Enterprise.

The Democratic Candidate For Delegate Thoroughly Exposed.

More Bitter Against the Ditch Than Hon. Pedro Peres.

HARVEY, THE GREAT STRADDLER.

In his letter to Judge Thos. C. Gutierrez, Mr. Fergusson is more strongly opposed to the proposed irrigation ditch above this city than Mr. Peres. Fergusson says that he is against the ditch in emphatic language. Mr. Peres has always said that he would favor the ditch providing storage reservoirs were guaranteed and the rights of the owners of the community ditches were respected. Will the democratic organ in this city explain the straddling condition of Mr. Fergusson?

Vicente M. Baca Proprietor.

Editors Citizens.

Judging from the present political outlook throughout the territory I predict that Peres will get about 70 per cent of the native vote and Fergusson about 30 per cent of the American vote, unless a radical change takes place between now and election day, thus changing the natural course of events and governed otherwise by the influence of money power either way.

The ratio of my estimate under the present natural political conditions will be 17 to 15, thus allowing Peres a majority of 2,000 votes over Fergusson on total amount of votes cast in the last election.

Allowing Fergusson 80 per cent of the increase of votes over total amount cast in the last election, and this year is very likely to go solid for him, I predict that the present will be a close, hard and well contested election throughout.

I place this, independently, as my forecast, not allowing unexpected radical changes. Respectfully,

VICENTE M. BACA.

Are Loyal Republicans.

The African citizens of Albuquerque held a most enthusiastic meeting last Saturday night and organized a republican club. The officers elected were: J. Johnson, president; George Washington, vice president; Charles Lyles, secretary; John Cornell, treasurer; J. T. Taylor, sergeant at arms; W. H. Joyce, C. C. Crockett and E. K. Ellsworth, executive committee.

The colored people of this city are always noted for their loyalty to the republican party and this year is no exception, especially as the administration of President McKinley is to be approved. In recognition of their party loyalty they have a representative on the ticket this fall in the person of J. W. Hall, who is nominated for river commissioner and who is a man who would be a credit to any race.

The colored republican club will meet at John Dixon's barber shop on north Third street this evening.
