ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, OCTOBER 29, 1898.

NUMBER 11.

PHILIPPINE ISLANDS.

President McKinley Favors Their Annexation to This Country.

The Administration in Favor of Building the Nicaragua Canal.

Spanish Say They Cannot Get Out of Cuba Before February 1.

GEN. LAWTON AT WASHINGTON.

New York, Oct. 29.—A special to the Herald from Washington says: President McKinley is convinced that there is no way in which the United States can escape the responsibility of taking all the Philippines. The president has been deluged with letters and resolutions from commercial and religious bodies, urging American sovereignty should be maintained wherever the flag is planted; and in the same line the president's recent western trip was a revelation to him and the members of the cabinet. The further he went the stronger he found the sentiment in favor of holding the Philippines and establishing American government over them. It is quite probable that the American commissioners will go so far as to offer to pledge the United States to assume the Philippine debt, or at least such portion of it as has been expended on public works. The amount, it is believed, will be less than \$10,000,000.

EVACUATION OF CUBA.

The Spanish insist that They Cannot Get Out Before February 1.

New York, Oct. 29.—A dispatch to the Herald from Havana says: After a joint session lasting two hours the Spanish and American commissioners are as far off as ever from an agreement on the date of evacuation. The Americans strongly urged that the final date should be January 1, and the Spanish commissioners as strongly insisted that the evacuation was impossible before February 1. A member of the American commission said: "I feel sure that our demand will be acceded to in a few days, and that the American occupation will take place January 1."

The Nicaragua Canal.
New York, Oct. 29.—A special to the Herald from Washington says: It is the intention of the administration to urge the construction of the Nicaragua canal by the government and in accordance with the concession of the Maritime Canal company.

INDIAN COMMISSION.

Work of a Commission to Reorganize the Tribes of the Indian Territory.

Washington, Oct. 29.—Annual report of Dawes Indian commission work of the reorganization of the Indian territory was made public to-day. It urges that the main call for government aid will be "fringed with disastrous consequences if delayed." The need of provision by the national government for educational purposes is urged for the new territory. As the United States has not an acre of public land or other property beyond that in public use, if the white residents are to receive any aid from the United States it must be by direct appropriation.

Lawton in Washington.

Washington, Oct. 29.—Major General Henry W. Lawton, recently arrived from Santiago, was at the war department to-day. Gen. Lawton came for consultation with the authorities. He called on the president. Lawton expressed satisfaction at the manner in which affairs are moving in Santiago province.

False Charges.

Washington, Oct. 29.—Secretary Bliss has been investigating alleged scandal in connection with the sale of timber lands of the Chippewa Indians and will treat on the subject in his forthcoming report. The charges are shown to be utterly without foundation.

To Be Investigated.

Washington, Oct. 29.—The civil service commission has ordered an investigation of the charges preferred by ex-governor Burnet of New Hampshire, against the republican state committee of New Hampshire for making political assessments upon United States officials.

Acquitted.

Fargo, N. D., Oct. 29.—H. F. Miller, president of the defunct Citizens' National bank tried in the United States court on charges of embezzlement and misappropriation of the funds of the bank, was acquitted to-day.

Town Burned.

Tuskegee, Ala., Oct. 29.—Nearly the entire business portion of this town, including the telephone exchange and opera house, was burned early to-day. Loss, \$60,000.

May Be Mustered Out.

Washington, Oct. 29.—Major General Miles to-day issued a circular to the army announcing that enlisted men of the volunteer regiments transferred during the Spanish war to the hospital corps of the regular army, will be discharged if they so request upon the day

on which their former regiment will be mustered out provided their services have been honest and faithful.

Railroad Wreck.

Middletown, Pa., Oct. 29.—Six members of the Ninth Ohio colored battalion were injured in a railroad wreck at Middletown last evening. Major Young, a West Point graduate, who commands the colored battalion, claims that the accident was caused by the sheer carelessness of those who had charge of the train.

A Southern Fossil.

Atlanta, Ga., Oct. 29.—Allan D. Chandler was inaugurated governor of Georgia to-day. In his inaugural address he opposed the expansion and colonization policy.

Kansas City Market.

Kansas City, Oct. 29.—Cattle—Receipts, 400 head. Market, unchanged. Native steers, \$3.00@4.25; Texas steers, \$2.50@4.00; Texas cows, \$2.10@3.00; stockers and feeders, \$2.75@4.00; bulls, \$2.40@3.75.

Sheep—Receipts, 400. Market, strong. Lambs, \$4.00@5.75; muttons, \$3.00@4.50.

Chicago Stock Market.

Chicago, Oct. 29.—Cattle—Receipts, 20 head. Market, dull, weak. Beefsteaks, \$3.85@4.45; cows and heifers, \$1.75@3.50; westerns, \$3.50@4.50; stockers and feeders, \$2.75@4.50; Texas steers, \$2.75@3.50.

Sheep—Receipts, 15,000 head. Market steady.

Native, \$2.80@4.70; westerns, \$2.50@4.00; lambs, \$4.00@6.00.

Chicago Grain Market.

Chicago, Oct. 29.—Wheat—October, 67 1/2; December, 65 1/2.

Corn—October, 31; December, 22 1/2.

Oats—October, 22 1/2; December, 23 1/2.

Money Market.

New York, Oct. 29.—Money on call steady at 1 1/2 per cent. Prime mercantile paper, 3 1/2@4 1/4 per cent.

Silver and Gold.

New York, Oct. 29.—Silver, 61 1/2 cts. Lead, \$3.50.

HOBSON IS HEARD.

He Wants a Big Appropriation to Raise Spanish Vessels.

Washington, Oct. 29.—Naval Constructor Hobson this afternoon appeared before the board of naval bureau chiefs for the purpose of explaining the condition of the Spanish ships wrecked off the coast of Santiago, and the progress and prospects of the efforts making for their recovery. It is said that over \$1,000,000 will be required to continue the operation. The secretary of the navy desires to know what chance there is of success before authorizing the expenditure of so large a sum.

CUT FLOWERS.

Roses, mums, carnations, etc.

YES, THE FLORIST.

Mr. E. B. Learned and son, who have been visiting friends in Wichita, Kan., returned to the city on the delayed passenger train last night, and will visit Mr. and Mrs. W. F. Fox, parents of Mrs. Learned, for a few days, after which they will continue to Las Cruces, where Mr. Learned is the Santa Fe railway agent.

This afternoon W. P. Metcalf, the real estate and insurance agent, who has been ill with pneumonia the past week or ten days, was out driving. He states that he had no relapse that he knows of, and with the good care and attention he is receiving, he expects to be at his office attending to his duties in a few days.

The teachers of the city schools are trying very hard to get all the pupils to be punctual and to be in school every day. The CITIZEN is glad to report that there was not a case of tardiness in the first ward school this week. Wonder if the other wards will do as well next week.

President Washburn, of the Wheel club, reports that the bicycle path to the university is finished past the first hill and is open for use. An inspection is invited, as the officers wish to show what can be done in making a perfect path for wheels.

The United States gaffer, John Jacoby, was called to Socorro this morning to do some gaffing. He took along with him the "famous" valise and set of instruments that have been in service in New Mexico for the past fifteen years.

J. H. Drury, who has been in the employ of the Raton Coal and Coke company for the past eighteen months, came in from the north last night and will visit his family here for a few days. While here, he will have some dental work.

Miss Edna Leavitt is in the city to-day from Los Corrales. She reports that her school is prospering; there were only six pupils when the school opened and the number has now increased to forty.

Mike Mandell, formerly leader of the local defunct democratic party, is wearing a Roosevelt badge. The colonel will be elected governor of New York on November 8.

Quickel & Bothe have made extensive preparations to royally entertain their guests at the Zeiger cafe this evening and a cordial invitation is extended.

A. Pogue, the telegraph line repairer on the Santa Fe between this city and El Paso, is in the city to-day.

ARMY INVESTIGATION.

Evidence Regarding the Sanitary Condition of Camp Thomas.

The Governor of Georgia Opposed to Territorial Expansion.

Peace Commission Determined to Demand the Philippine Islands.

BARTHOLOMEW IN OHIO.

Chattanooga, Tenn., Oct. 29.—Major Edward T. Conmy was the first witness before the war investigation commission to-day. He was the medical surgeon here during the life of Camp Thomas. He stated that there had never been any illing regulations. He accounted for the sickness at Camp Thomas by saying that the men did not know how to take care of themselves.

Lieut. James M. Arrasmith, chief commissary of subsistence at Camp Thomas, said that while in the beginning of the war there had been some congestion on transportation lines, there had never been any shortage of supplies. Arrasmith said that the camp was badly cared for and the stench at night was simply stifling. The discipline was very strict.

Cases of Dysentery.

Springfield, Ill., Oct. 2.—The injunction cases against the miners of Virden, brought by the Chicago-Virden Coal company, were to-day dismissed in the circuit court by the complainant. It is believed that this is preliminary to an effort to arbitrate the differences.

PEACE COMMISSION.

American Commission Decides to Demand All of the Philippine Islands.

Washington, Oct. 29.—Advisers from Paris say there is no change in the peace commission situation. The statement is reiterated that the negotiations will be brought to a speedy termination.

A determination seems to have been reached by the United States government to retain all of the Philippine islands, and the question of controversy will be over the allowance to Spain for the islands. This feature of the case is being carefully considered by the administration and the American commissioners in Paris.

Dreyfus Case.

Paris, Oct. 29.—The court of cassation decided to grant a revision of the Dreyfus case and will institute a supplementary inquiry. The court, however, declined to order the release of Dreyfus.

Occupation of Cuba.

Washington, Oct. 29.—The president, Secretary Alger and Assistant-General Corbin, had an extended conference to-day, the principal topic under consideration being the occupation of Cuba. There is no disposition to change the date, January 1, fixed for the assumption of control by the United States.

Football Games.

Philadelphia, Pa., Oct. 29.—University of Pennsylvania, 29; University of Chicago, 11.

Cambridge, Mass., Oct. 29.—Harvard, 11; Cornell, 15.

Ithaca, N. Y., Oct. 29.—Cornell, 6; Oberlin, 0.

Providence, R. I., Oct. 29.—Princeton, 2; Brown, 0.

Execution of State Prisoners.

Candia, Island of Sicily, Oct. 29.—Five more Mussulmans convicted of taking part in the massacre of British soldiers on September 6 were executed to-day. Four Bash Razouks have been sentenced to twenty years' imprisonment. Since the departure of the Turkish troops additional guilty Mussulmans have been discovered daily.

Earthquake.

Cleveland, Ohio, Oct. 29.—Three distinct earthquake shocks were felt in this city early to-day, each being about ten seconds. The trend was north to south.

A Campaign Falsehood.

The democratic and soreheads are circulating a malicious campaign lie, to the effect that A. Rickenwald, a resident of the Naciamiento country, had been waylaid and cruelly assaulted, some of the more vicious democratic and soreheads declared that he (Rickenwald) had been killed. The parties responsible for the reports, no doubt, have forgotten that Mr. Rickenwald was in the city less than a week ago, and that the alleged assault is supposed to have occurred while that gentleman was undoubtedly away from his home. In their madness to work the race issue, the democratic and soreheads will resort to anything, even that of having a man assaulted or killed at their pleasure.

Sponser Dramatic Company.

The Sponser Dramatic company played to the largest audience of the week at the Orchestration hall last night. On each succeeding night there has been a larger attendance than on the previous evening, which speaks strongly for the dramatic ability and entertaining powers of the company. Last night "The Midnight Trial" was played, the scenes of which are laid in the Black canyon of the Gunnison. A number of fine kitescope views were presented. Louis Cramer held ticket 1,283, which won the watch which was offered by the company.

This afternoon a matinee was given for the benefit of the school children and 100 pictures were shown. This evening the company will close its engagement in Albuquerque by presenting the play "For Honor's Sake" for the first time upon the stage.

John E. Wilds Dead.

Mrs. J. D. Wilds, a well-known resident of this city, yesterday received the sad intelligence of the death of her son, John

E. Wilds, in Henderson, Minn. The bereaved family and heart broken mother knew that the boy was well only about a week ago and the news of his sudden death was therefore a terrible shock. A telegram was sent here on Wednesday night asking "What is to be done with the remains?" but it was not delivered here until Friday morning when it was too late to have the body embalmed for shipment. His remains will be shipped to Kentucky in the spring for permanent burial in a cemetery where other members of the family are buried.

The deceased was the son of John D. Wilds, the attorney, who died here in 1896, and was 18 years old. He was a young man of exemplary habits and his many friends in this city and Gallup grieve with the family in their great loss.

An Important Correction.

"The first flyer will pass through the city Wednesday, October 29."—Democrat. The above is incorrect. In the first place October 2 has past, and if the writer, who is gifted for his inaccuracies, intended to write November 2 he would still be misleading the reading public.

"By reference to the columns of THE CITIZEN of Oct. 25," said the obliging and efficient day ticket agent at the depot this morning, "it will be seen that the first flyer for this winter cannot even pass through this city on Nov. 2. The limited passenger train, west-bound, leaves Chicago at 8 p. m. Wednesday, Nov. 2, and will reach this city on Friday, Nov. 4, at 11:30 or 11:35 a. m. Please make the correction, so the public will not be misled by false publications."

Will Play Sunday Night.

The Sponser Dramatic Company, holding forth at the Orchestration hall this week, will remain over and render "An American in Cuba" at the above hall to-morrow (Sunday) night. The piece is full of war scenes, and is exciting from "end to end," in the language of old John Harper, the famous Kentucky horseman, now dead.

THE REPORT DENIED.

J. E. Hurley Knows of no Promotion for Him at Present.

Yesterday afternoon THE CITIZEN published an item from the Raton Range wherein it was stated that Division Superintendent J. E. Hurley would be promoted to the important position of general manager of the Santa Fe Pacific, and prefaced the item by stating that such rumors had been put in circulation every fall and winter for several years past, but, after investigation, the reports were found to be false.

Mr. Hurley, who intended to go south but remained in the city yesterday, was seen this morning at his "spot" and in regard to the annual fall and winter report about his transfer said:

"I am pleased at THE CITIZEN for stating that these reports are annually given circulation. The fact that none of them have materialized stamps the present one as false, and when I was recently at Raton I called on the editor of the Range and told him, as I now tell you, that I anticipate no change or promotion from my present position."

"I have not laid in a stock of supplies, and don't intend to go west to-night, and don't remember of telling any one such a story. I will return north to-night accompanied by W. E. Hodges, general purchasing agent of the Santa Fe railway, who has been in California and who will arrive from the west this evening. The gentlemen will stop over at Las Vegas."

C. M. Taylor, division master mechanic, with headquarters at Raton, was also found at Mr. Hurley's car. He stated that he was called to this city to deliver over to the Santa Fe Pacific six engines from the Santa Fe road, and that one more engine would be delivered to the same company in the next few days. He will also return north this evening.

O. S. Cole, of Chicago, is expected to arrive to-night. He will visit his mother and sister here for a short time and then continue on his way to Central America.

Dun and Fred Rankin are over in the Edy country, where they are interesting themselves in the establishment of an ice factory at Edy.

MADE CHANGES.

Four Excellent Changes in Santa Fe County Ticket.

Shipload of Sick and Wounded Soldiers Arrive in New York.

Death of George E. Waring, the Noted Yellow Fever Expert.

Special to The Citizen.

Santa Fe, Oct. 29.—Four changes have been made in the Santa Fe county republican ticket. C. W. Dudson is nominated for sheriff; Telesfor Rivera for assessor; James D. Hughes for county commissioner; and Jose Amado Lucero for probate judge.

Arrival of Sick and Wounded.

New York, Oct. 29.—The United States army hospital ship Missouri arrived to-day from Porto Rican ports with 271 sick or wounded patients, most of whom are suffering with malarial fever, typhoid and dysentery. Three died on the voyage.

Bank Statement.

New York, Oct. 29.—Weekly bank statement: Surplus reserve, increased, \$2,670,225; loans increased, \$10,221,200; specie increased, \$5,295,700; legal tender increased, \$1,238,800; deposits increased, \$15,581,100; circulation increased, \$22,000. Banks hold \$28,901,550 in excess of requirements.

DEATH OF WARING.

The Noted Sanitary and Fever Expert Dies of Yellow Fever.

New York, Oct. 29.—Colonel George E. Waring, Jr., died of yellow fever to-day at his home in this city, where he has been since he arrived from Havana on Tuesday. He was 67 years of age. Colonel Waring was sent to Havana as a special commissioner of this government to ascertain the exact sanitary conditions of that city and to form ideas for the best methods of putting the place in first class sanitary shape. The plan of the commission was to place Havana and the coast towns of Cuba in such good sanitary condition that a recurrence of the yellow fever and its entrance into the Gulf of the United States would be prevented. His father, mother, brother and three sisters and Mrs. Waring died of yellow fever in New Orleans some years ago.

THE PHOENIX!

SECOND WEEK Of Our Great Removal Sale!

The crowds that have thronged our store every day since we inaugurated this Great Sale is ample evidence that the people appreciate and know REAL BARGAINS when they see them. "Fake Sales" don't go with the ALBUQUERQUE PUBLIC, that's why OUR STORE is continually crowded. It's useless for other stores to buck against the FIRST SALE PRICES. If we sell goods for one-half or one-quarter of regular price, it's because the insurance companies allowed us that much. Can other stores sell their goods for one-half or one-quarter what they pay for them, not if they expect to stay in business and pay their creditors. "Do you catch the point?"

Up to date the war with Spain has cost the United States \$187,000,000.

The Cerrillos Register says Mr. Ferguson is a high compliment. It says he is the equal of Pedro Perea in honesty and integrity.

In establishing the postoffice in Porto Rico and Cuba it is proposed to put Americans in the chief positions and natives in the subordinate places. The latter will comprise about two thirds of the appointments.

The Deming Headlight says: "The people of Grant county are going to give Major Llewellyn a large vote this year. They want to show their appreciation of his services at Santiago. All Rough Riders are popular with the people of this county."

This fund for a monument to Lafayette to be erected in Paris during the approaching exposition promises to reach the proportions anticipated by Ferdinand W. Peck, of Chicago, who inaugurated the movement to raise the funds by contributions from children in the public schools on Lafayette's birthday.

The republican candidate for commissioner from this district, Hon. Jesus Romero, is a large property owner in this city, a business man in old town, and a reliable, honest man. He is the present chairman of the board of county commissioners and one of the most economical and efficient members of that body.

The Democrat's whole campaign fight is a tirade against the Mexicans. It intimates that they are chumps, and slanders the native candidates on the republican ticket. This raising of the race issue is not beneficial to Albuquerque. Mr. Grant does not like the native people because they have refused to give him their water rights so that he could build a big ditch and crush the life out of the people for water for irrigation purposes.

Four years ago the democrats stole the New Mexico legislature, run the territory heavily into debt, reeked in corruption and was a disgrace to decency and civilization. Two years ago the republicans controlled the legislature and cut down expenses at least one-half. All the salaries of county officers were reduced, and the good name of the territory redeemed from the foul blot upon it by the democratic bootleggers. These same democrats now talk loudly about economy and reform and gravely tell the people what good things they will do if put into control of territorial and county affairs!

NOT CONSENT.

The corporation organ to be consistent should insist upon lower rates for water, gas and electric lights in this city. The people of this city pay Mr. Grant double prices for these articles, and his organ thinks it is all right. He should surrender his franchise and give other people a chance to bid on these things. When he gets his grip on the water of the county, as he has in the city, he will try to make slaves of the people, and will show them what he can do in putting up prices.

CONDITIONS ON THE ISLANDS.

The condition of affairs both in Cuba and in Luzon is not improved by the policy of delay which has been necessary. On both islands Spanish enmities are at work trying to foment trouble for the Americans. Some of their performances are of an incendiary character and are causing uneasiness. In Cuba the danger of awkward complications appears to be greatest, and Spaniards have

written to Madrid urging the government to expedite the despatch of the troops in order to prevent the growth of danger. In the Philippine islands, while there does not appear to be fear of immediate collision, preparations are being made for eventualities, and if the insurrection should become too persistently active, it is quite certain that Admiral Dwyer and General Otis will be prepared to set in an aggressive and effective manner.

THE RACE ISSUE.

The Dona Ana County Republican says: The Albuquerque Democrat, the Las Vegas Optic and the rest of the mongrel democratic papers in the territory are doing their best to raise the race issue in one section of the territory and cry it down in the other. These papers have challenged the republican press of New Mexico time and again to point out a single instance where any democratic or democratic paper has attempted to do this. We not only can point out one instance, but we can take up every issue of their papers and prove it by their own words that all their efforts have been bent in this direction.

We would like to have the Democrat and Optic truthfully answer these two questions: First—Why is it that the articles contained in your editorial columns, accusing the republican party with raising the race question, are marked and sent to Americans in American counties; and into counties where the readers believe a race feeling exists or where the population is about of equal proportions? Second—Why have letters been sent to certain Americans in certain counties, by democrats, calling attention to these articles and asking the recipient to work for the election of Ferguson?

Will you truthfully answer these questions and give the reasons for this course? We do not believe you will do so, for if you did it would place some of the leading democratic politicians in a position that would be anything but enviable. An explanation of the remark, made by a prominent Albuquerque citizen, that "We will work the race issue among the Americans and cry it down among the Mexicans. Oh! the papers have their orders, and you can bet they will carry them out," is also asked for.

We have carefully investigated this matter and we are in a position to prove every word of the above. The documentary evidence is in our position, and it is far more convincing than what might be implied from what we have written. We have suggested this was the course that the democratic campaign managers were pursuing and went about it systematically to find out if our suspicions were correct.

In pursuing this course the democrats of this territory are guilty of one of the most damnable social outrages that was ever perpetrated! It shows how low a man can get to accomplish his purpose politically! Ferguson knows of these tactics and has indulged them, and all the denials he has made or may make cannot remove the stigma of "traitor" from his forehead.

It was the purpose of the republicans to fight it out on party lines, and avoid any reference to the race question and endeavor in this campaign to more closely cement the amicable relations existing in this territory. A campaign on this line could have been carried on and as many interest created and as many votes polled as could be expected under any circumstances, but the democrats would not confine themselves within these lines, and the result will be that their traitorous candidate will be defeated as no man in New Mexico was ever defeated before.

AGAINST THE DITCH.

A great cry is made in this city against Pedro Perea because he has opposed Mr. Grant's irrigation ditch. While at Washington, THE CITIZEN is reliably informed, Mr. Ferguson wrote to Judge T. C. Gutierrez, stating that he was opposed to the ditch proposition. The letter is said to be in existence, and Mr. Ferguson is here requested to permit its publication. In this ditch controversy, as in everything else political, Mr. Ferguson is endeavoring to straddle.

Since the above was written, a representative of this paper met Judge Gutierrez this morning, and the gentleman stated that he has a letter from Mr. Ferguson, stating that he is opposed to the Grant ditch scheme and in favor of the present system of irrigation in this valley. Mr. Ferguson's friends have been making a great noise about Mr. Perea's opposition to the proposed ditch. They will please rise and explain Mr. Ferguson's position.

GOV. OTERO'S REPORT.

The annual report of Gov. M. A. Otero to the secretary of the interior shows that the territory is making rapid progress in population and wealth. The governor vigorously renews his representations for the early admission of New Mexico to statehood and portrays the undeveloped resources of the territory awaiting capital. He estimates the total population of the territory at 284,290, including an Indian population of 25,000. Of the 1,100 officers and men from New Mexico in the war with Spain at least one-half were National Guardsmen. The report embodies a letter from Col. Roosevelt, written from Santiago under date of July 20, commending the behavior of the New Mexico troops in the Rough Riders' regiment.

TWO CAUSES OF WAR.

When the United States compares the difference which threatens to cause war between England and France with that which caused her own war with Spain she finds reason to congratulate herself.

In the case of the United States a human fellow feeling for an oppressed and helpless neighbor and a demand for reparation for the destruction of the United States battleship Maine and for the treacherous slaughter of 300 of her citizens led her to open hostilities.

In the case of France and England the mere possession of and sovereignty over a patch of ground thousands of miles removed from the home countries, not possessing peculiar advantages of fertility or wealth and not of the least use for strategic purposes, is the cause of the trouble. Of course both these countries insist that a principle and not merely territory is at stake, but many foolish things are done in the name of "principle."

PEREA WILL BE ELECTED.
Mr. Perea's legislative record is clean and honest. The New Mexican says that he during four sessions of the assembly, as member of the council from Bernalillo county, fought and successfully at that, for economy and honesty in financial affairs. He supported every good measure that came up, and opposed every bad measure that was brought in. The legislation secured through him and with his active aid and support is among the best in the territorial statutes and has saved the territory \$1,000,000. Every measure for public advancement, in favor of free public schools and for the higher territorial institutions, and to in due immigration and capital to come to New Mexico found in him a faithful, and hard working friend. This is his legislative record, and it is one to be proud of. If elected, and everything points to the fact that he will be, to represent New Mexico in the fifty-sixth congress, his record there will be of the same character and his work there will prove of the greatest possible benefit to the territory.

SCHOOL SUPERINTENDENT.

The democrats and independent republicans have nominated Jesus Armijo y Jaramillo for school superintendent, a man about 60 years old, who does not know how to read or speak the English language, and claims and believes that the old methods of education are the best, and that it is not necessary for the children to learn how to speak or read the English language. This is what the democratic bosses claim to be progressiveness in the matter of education.

The republican party presents to the people of Bernalillo county Hon. Frank A. Husboll as their candidate for school superintendent, a young man who can speak both the English and Spanish languages, who is a graduate of St. Michael's college, Santa Fe, N. M., and has been in public life ever since he left school in 1882. He has served the people as representative, senator, assessor, and at present is our popular probate judge.

ENGINEERS' BALL.

About Eighty Couples Banned at the Armory Last Night.

The locomotive engineers assisted by their ladies last night gave a most successful ball at Armory hall. There were about eighty couples present and all report having had a most enjoyable time. The floor had been put in excellent condition for dancing and Prof. Di Mauro's orchestra furnished the music. There was a lull in the dancing at about midnight when a splendid supper was served, after which it was resumed and continued far into the morning.

The committee responsible for the ball were:

Reception—Messrs. H. M. Hogan, L. Schollenberger, C. Klump, J. B. Holman; Messrs. C. D. Whitcomb, C. E. Cressmer, J. K. Egbert, A. H. Dixon, J. H. Fenner, J. H. Holman, J. B. Holman, Wm. Norris, Chas. E. Kase, M. Kelly, with J. A. Carroll, floor manager, and H. M. Hogan, assistant floor manager.

Music—Messrs. J. Balon, C. Klump, J. H. Fenner.
Messrs. Holman, Schollenberger and Hogan had charge of the evening.
Mrs. C. D. Whitcomb acted as general superintendent of the affair and rendered valuable assistance to the committee.

Dreadful Eruptions on Her Skin and Body

Great Suffering Relieved by Hood's Sarsaparilla.

"My little daughter suffered terribly with eruptions on the skin and body which looked as though she had been giving her Hood's Sarsaparilla, and she has taken several bottles and is now almost entirely cured. We were told she would need a change of climate, but Hood's Sarsaparilla has made it unnecessary." J. T. FERRIS, Ft. Wingate, N. M. "I have been suffering with sores on my face. I was unable to sleep and had no appetite. I began taking Hood's Sarsaparilla and after I had used two bottles I felt like a different man. The sores disappeared, my appetite increased and I can now sleep soundly." Henry HARRISON, Georgetown, New Mexico.

in entering into a contract of life assurance, which may not terminate for many years, to give the subject the careful investigation that would be devoted to any other affair of like importance. Let the person intending to assure his life study the record of the Assurance Company proposed to him, and ascertain for himself the results that have been secured by it. Due inquiry having been made, let the best company in which to assure be selected—one whose past record and present financial condition justify the belief that in the future it will afford the greatest security and profit.

THE HILAND CURE

From the Register.

The public school will open its doors again next Monday. Carl J. Probst and family will again be residents of Cerrillos. Mr. Probst will take charge of the store. As a herd of 2,000 sheep, which were being driven across the road, were tracked in this vicinity a few days ago, the flock was run into by a train, which slaughtered nine sheep and mangled four others.

Dr. Palmer reports that there are no additional cases of malaria developed either here or at Madrid. It is unlikely that anyone was exposed to the disease by the development of the two cases mentioned in our issue of last week.

From the Optic.

J. S. Linn and family, who have been citizens of this city for a year or two, left for Mexico to spend the winter. They are having large cattle interests requiring his attention thereabouts.

THE HILAND CURE

Frank Mankin, Jr., the bright young son of his father, has resigned his place in the R. & M. Company's mercantile establishment at El Paso, and has come back to Las Vegas to engage extensively in sheep husbandry.

THE HILAND CURE

Mrs. B. Bailey received the sad intelligence by wire to the effect that her mother was dangerously hurt at her home in Terre Haute, Ind., by an explosion of gasoline. She will be remembered in this city as Mrs. Buckingham.

CAPT. MULLIN'S SAD CONDITION.

Old Coloradoan Found Wandering in Dejected State Near Farmington, N. M.

Late New Mexico papers record the fact that about a week ago Capt. Mullin was found wandering on the prairie near Farmington, N. M., without coat, hat or shoes, and evidently in a dejected condition, says the Denver Republican. He was taken in charge by some of his neighbors, and taken to his home until his two sons, who live in Colorado, can be communicated with.

Very many of Capt. Mullin's old friends and associates in Denver will learn of his condition with extreme regret, as there are few of the earlier residents of Denver who were more generally known and respected.

Capt. Mullin came to this city some time in 1892, and soon afterward received an appointment from President Lincoln as quartermaster in Gen. Curtis' army in southeastern Missouri, where he served until the close of the war.

DEALERS IN FAMILY AND FANCY GROCERIES.

FINE GROCERIES

make a fine table, and a fine table make life worth living. Be careful about everything, but especially be careful about your table. A first-class bill-of-fare gives you a mortgage on home contentment. The menu is so much a matter of groceries that poor groceries belong to the condemned list. Our stock of canned goods is simply immense. The attractiveness of your table is doubled once you use them. Every article we sell is at quality and marked at a bottom price. Get your groceries of us and make your table what it should be.
