ANTI-TRUST LAW.

United States Supreme Court Holds It to be Legal.

American Peace Commissioners Will Submit an Ultimatum.

California Judges Decide Mrs. Botkin a Fugitive From Justice.

THE EVACUATION OF CUBA.

Washington, Oct. 24.—The United States supreme court today decided the joint traffic association railroad case in favor of the United States against the railroads.

The case was considered one of the most important that ever came from the supreme court, not only to the railroads but to the general public. The association comprised thirty-one railroads. The purpose of the association as stated in the articles of agreement was "to establish and maintain reasonable just rates, fares and regulations on state and interstate traffic."

A similar association on a smaller scale was formed among the southwestern roads known as the Trans-Missouri association. These associations were attacked in the courts on the ground that they were in violation of the Sherman anti-trust law, also the interstate commerce law.

The Trans-Missouri first reached the United States supreme court which held the association illegal, being in effect a combination in restraint of trade and commerce, therefore a violation of the anti-trust law. The joint traffic association prepared to make a stubborn contest in support of its existence.

The case went against the government in the lower courts and the government appealed to the supreme court. An exceptionally brilliant array of counsel appeared for the association.

Justice Peckham announced the decision. He said the court could distinguish no difference between the case and the Trans-Missouri case decided a year ago. He said the only point involved was as to the constitutionality of the anti-trust act. The court reached the conclusion that as railroad corporations performed duties of the same character it was within the constitutional power of congress to regulate them as provided by the anti-trust act. The only question was as to the policy of congress in adopting such a measure and as to the questions of policy the court had nothing to do. The opinion is concurred in by Chief Justice Fuller, Justices Harlan, Brewer, Brown and Peckham. Gray, Shiras and White dissented. McKenna took no part in the case, as the prosecution of the joint traffic association was begun while he was attorney general.

ANOTHER IMPORTANT CASE.
Washington, Oct. 24.—Justice Peckham announced the opinion in the case against the Kansas City Live Stock Exchange, operating at Kansas City. The government prosecuted under the anti-trust law. The supreme court holds the association does not come under the anti-trust law. Justice Harlan, in a dissenting opinion, declared such combinations were rings or syndicates, which if extended to oil, sugar, salt, lumber and other staples would place the commerce of the country in the control of a few rings.

FUGITIVE FROM JUSTICE.

California Superior Court to Hold in Re-ard to Mrs. Botkin.
San Francisco, Oct. 24.—The superior court, five judges sitting en banc, decided that Mrs. Botkin, accused of the murder of Mrs. John P. Dunning and sister, Mrs. Joshua Dunning, at Dover, Del., is a fugitive from justice. The court holds the flight must be actual, not constructive. Mrs. Botkin was remanded to the custody of Chief of Police Lees, the date for her trial being set later.

PEACE COMMISSIONERS.

Will Submit a Compromise Proposal to the Spanish Commission.
Paris, Oct. 24.—The American peace commissioners were in session today from 10 a. m. to 2 p. m., and then repaired to joint session. They took with them a carefully prepared written answer to the proposals of the Spaniards regarding Cuba. It is understood that the American reply is to a certain degree a compromise proposal.

WILL DEMAND PHILIPPINES.

Lodon, Oct. 24.—A dispatch to the Exchange Telegraph company from Paris says: "The American peace commissioners at Friday's joint meeting will definitely insist upon the annexation of the Philippine islands to the United States."

MARRIAGE OF GENERAL MERRITT.

Lodon, Oct. 24.—Major General Wesley Merritt will be married privately late this afternoon to Miss Laura Williams of Chicago.

McIntyre's Sentence Approved.

Washington, Oct. 24.—The president has approved the sentence of the court martial dismissing from the naval service Chaplain McIntyre of the Oregon, for remarks made in a lecture at Denver reflecting upon Admiral Sampson and others.

MINERS' STRIKE OVER.

Pomero, Ohio, Oct. 24.—The miners' strike, which has existed since March, is broken, and the miners' organization is disrupted. The Pacific mine started up today with men scrambling to get in at reduced wages.

CHICAGO GRAIN MARKET.

Chicago, Oct. 24.—Wheat—October, 70 1/2; December, 70 1/2; 70 1/2. Corn—October, 32 1/2; December, 32 1/2. Oats—October, 23 1/2; December, 23 1/2.

FOURTEEN SOLDIERS DEAD.

Washington, Oct. 24.—A dispatch received at the war department from General Otis at Manila, reports the death of fourteen soldiers since the last report, October 15.

EVACUATION OF CUBA.

Time Will be Extended From December 10 to January 1.
Washington, Oct. 24.—The president received a telegram from General Wade at Havana, recommending the limit allowed the Spaniards to vacate Cuba be extended from December 10 to January 1. He said it was physically impossible for the 124,000 Spanish troops, now on the island to leave before the first of the year. Wade's recommendation was approved. In the meantime, however, the United States troops will take possession of the territory as fast as the Spaniards vacate it, possibly leaving Havana to the last. In regard to the reported purpose of the Spaniards to remove to Spain the heavy ordnance of the forts and arsenals about Havana, it was stated positively that it would not be permitted.

A BLACK WALL.

Negroes and Whites on the War Path in North Carolina.
Wilmington, N. C., Oct. 24.—An advance day from Raleigh says the town is closely guarded by whites and is quiet. Yesterday a squad of negroes crept up to town and shot three whites stationed there as guards. A hundred whites in blood hounds started in pursuit. The negroes were brought to bay by the blood hounds. They are now confined in the jail at Raleigh and heavily guarded. A race war has been in progress there for some time.

BRITISH WARSHIPS.

Halifax, N. S., Oct. 24.—Commanders of all war ships of the British North American squadron have received orders to mobilize at Halifax.

THE FASHODA QUESTION.

Cause of War Talk Between England and France.

All the British War Ships Getting in Fighting Trim.

All Spanish Troops Have Left Island of Porto Rico.

THE SITUATION AT MEXICO.

Paris, Oct. 24.—Newspapers here today warmly praise the exposition of the French side of the Fashoda question presented by the minister of foreign affairs, Delcasse, in a yellow book on the subject issued yesterday. The general tone of the French press comments is reflected by Delcasse, which remarks that the agreement regarding Fashoda can be solved, provided that Great Britain does not persist in asking for the immediate recall of Marchand. But as to the outlet on the Nile, "we have absolute right thereto, and will brook no refusal." According to the yellow book, Delcasse, the foreign minister has informed British ambassador to France, Sir Edmund Monson, in explicit language, that unless Great Britain possessed the outlet's mandate as well as the Khedive's, to acquire all former Egyptian provinces, France considers herself equally entitled with England to possession of any point occupied by French officers. Delcasse contends that as Marchand reached Fashoda first England had no right to demand the evacuation of Fashoda prior to negotiations.

FRENCH ADVOCATES OF PEACE.
Paris, Oct. 24.—The circles after urging peace since "France would hardly come off better in a war with England than did Spain in the war with the United States. France will be better employed developing her colonies than in warring with England." The Autrite declares that France ought never to have gone to Fashoda adding "It was a stupid mistake and now England calls us to get out. Well, it is no use to talk we shall have to get out otherwise there will be a war which would be madness."

A SATISFACTORY PROPOSITION.
London, Oct. 24.—The French ambassador to Great Britain will arrive here from Paris to-night. There is good authority for the statement that he is the bearer of a proposition to Marquis Salisbury, which may satisfy both governments.

LOANS WARLIKE.
English Dockyards Preparing Six Torpedo Boat Destroyers.
London, Oct. 24.—The dockyards at Portsmouth, Devonport and Chatham have each received instructions to prepare six thirty knot torpedo boat destroyers for commissioning so they will be able to put to sea in twenty-four hours. Over-time was begun on the first-class cruisers Europa and Andromeda so as to hurry them for service. The Cunard line and White Star line received from the admiralty an intimation to hold subsidized steamers ready for turning over to the navy officials.

Kennedy Appointed.
Washington, Oct. 24.—John L. Kennedy, of the District of Columbia, was today appointed a member of the industrial committee, vice Stargess, resigned.

No Truth in the Report.
London, Oct. 24.—There is not foundation for the report that the British admiralty ordered the Cunard and White Star lines to have subsidized vessels ready to be handed over to the admiralty officials.

Taken by Surprise.
Mrs. John Roper, the popular boarding house keeper on South Second street, was most agreeably surprised Saturday night when about sixty ladies and gentlemen, particular friends, headed by Messrs. Glover, Newton and Spelacy, made a descent upon her, loaded with choice viands and accompanied by several musicians. They took complete possession and proceeded to enjoy themselves most heartily. The hostess was given to understand that she was the object of their enjoyment and was to submit to all their pranks and jokes. An elegant supper was served and dancing until a late hour was enjoyed by all. To mention those present would include many prominent railroad and ship people, but lack of space forbids. None, however, will soon forget this delightful occasion.

The Spooner Dramatic Company.
A. A. Trimble, superintendent of the street car line, has Spooner Dramatic Company for a week of high class plays, specialties and the latest modern Cinematograph. The Las Vegas Daily Optic has this to say:
"A large audience greeted the Spooner dramatic company at the opera house last evening. The performance throughout was decidedly clever, the playing being of the highest class. The costuming and stage setting was all that could have been expected. The star, Miss Alice Spooner, is very versatile, earnest and successful in her work. The troupe is quite worthy of patronage."

The excellent company will commence their engagement at the Orpheum hall to-night. The opening bill will be the "Pearl of Savoy," a play with a semi-correctly costumed. Prices 25 and 35 cents. Buy a reserved seat before 7 p. m. to-day and take lady free that night. Seats on sale at O. A. Mason & Co.'s stationery store.

Back From Mexico.
F. K. Sturges and wife, with son, Lloyd, returned from their trip to Mexico last Saturday night. "We had a splendid vacation," said Mr. Sturges, "and visited all the principal cities on the Mexican Central railroad as far south as the City of Mexico. At Chihuahua, we had the pleasure of meeting several ex-Albuquerqueans, and from their up-to-date description I am convinced they are still Americanized and are prospering. It was a source of great enjoyment to Lloyd when we reached the famous strawberry station of Ripan, and it pleased Mrs. Sturges to see the little chap dive into the luscious berries. At the City of Mexico we were admirably

at the 'Gaiting Islands,' but must confess that a very disagreeable odor emanated from the big canal in the city when the street car, in which we rode, maneuvered along its length. In the City of Mexico we found a number of ex-Albuquerqueans, among them Theo. Zimmer, and he was noticed standing in front of the big cathedral singing to himself: 'All Snickers Look Alike to Me,' meaning on explanation that he was prospering in Mexico and had caught snickers.

"We regretted that we could not, on this trip, visit the famous city of Oria, down towards Vera Cruz, and pass through the big coffee plantations and the 'Alps of Mexico,' near the town of Reperacas; but after reaching the City of Mexico and viewing the delightful scenery surrounding that section we concluded that we had seen enough and returned to the United States, where a silver dollar is a dollar and there is a plenty of gold in circulation."

Three Safe Precincts.
R. A. Miers, the big general merchant and four miles of Cuba, up in the Naemiento mountains, drove into the city today and made a pleasant call at this office this afternoon. He is here on business and to attend the republican convention, which will be held on Wednesday, October 25. He states that his section of the Naemiento county, which heretofore has been partially on the wrong side and the voters deceived as to their interests, will go almost to the man for the republican ticket, and that Hon. Pedro Perera, for delegate to congress, will get a big majority in every precinct of the Naemiento and Rio Puerco country.

Declines All Honors.
David C. de Rosa, whom the soreheads nominated for probate judge at their convention last Saturday, declining a letter to THE CITIZEN stating that the use of his name was unauthorized and that he does not propose to run for an office on a ticket that is against his interests in every respect. He declares himself a straight out and out republican, and will vote the ticket that supports the "stars and stripes" of the country.

Walter Butler Arrested.
Sheriff Hoff has received a telegram from Trinidad, Colo., stating that Walter Butler is in jail there. Butler was wanted here on the charge of abandonment and molesting his young wife and the sheriff will send one of his deputies after him this evening.

English Talk of Compromise.
London, Oct. 24.—Conservative organs about the idea that the Marquis of Salisbury is entertaining the surrender of Bahret to the French. Liberal and radical papers are not displeased at the prospect of a compromise being arranged. They believe that if Major Marchand is recalled the dispute is susceptible to agreement by which the French will receive some satisfaction in the Bahret Ghal district.

Naval Station in Porto Rico.
Washington, Oct. 24.—Secretary Long has taken steps to make San Juan, Porto Rico, the first naval station of the United States in West Indian waters. Congress will be asked to appropriate money enough to make it one of the best equipped naval stations the country has.

Reported Death of Chinese Emperor.
Shanghai, Oct. 24.—It is reported among influential Chinese that the emperor was made away with yesterday.

Back from Helen.
The day after yesterday Helen entertained yesterday Ben, Botha, the junior member of the firm of Quaker & Botha, and Louis Holz, the soda water manufacturer. These two gentlemen returned to the city last night, and both declared positively that there are no better entertainers in the world than the members of the Heyday organization. Speeches were made on suitability, the subject of good price for lambs and wool discussed, and the political situation in Valencia county hinted at, which convinced Messrs. Ben and Holz that that county will survive give a tremendous majority for the republican ticket in November. The Albuquerque gentlemen took along with them their slugs, but found no time for hunting.

PORTO RICO ANNEXED.

Officials of the Island Take Oath of Allegiance.

Reported Assassination of the Emperor of China.

France Getting Ready to Have War With England.

NAVAL STATION IN PORTO RICO.

San Juan, Porto Rico, Oct. 24.—Members of the insular cabinet took the oath of allegiance to the United States yesterday with befitting solemnity. They will issue a manifesto announcing a resolution to avoid partisan politics and to end party strife.

General Ortega embarked yesterday on the Spanish steamer Montevidéo and was escorted from the shore. He made a speech declaring that the island had been surrendered by order from Madrid, adding that the place will be the center of important naval and military preparation and has been instructed to arrange for the immediate accommodation of four battalions of infantry and 1,500 marines. The school houses will be used for lodging the troops, and the naval authorities have been ordered to expedite preparations for outfitting the new squadron.

France Getting Ready to Fight.
