SPANISH SHIPS.
Captured Spanish War Vessels
Added to American Navy.
Southern Pacific Train Wrecked
and Mail Agent Killed.
City of Chicago Celebrating the Victory
of Peace.
BLIZZARD RAGING IN KANSAS.

Washington, Oct. 17.—The effective strength of the United States navy has been increased by eight useful vessels which recently fell the Spanish flag. Five of these are attached to Dewey's squadron, two are credited to the North Atlantic station and the cruiser Infanta Maria Teresa is preparing to start for Norfolk to be made ready for active service.
The Teresa will be armed with guns saved from the Colon and other Spanish ships to replace those which may be ruined. She will be a trophy ship throughout. It is expected that the decision of the secretary of the navy to retain all vessels purchased during the war will cause a boom in ship building. It comes just at a time when there is unusual demands for warships flying the American flag on account of the expanding commerce of the United States in general, particularly on account of decision of the administration to confine the trade between American ports and Porto Rico to American vessels.

Killed in a Wreck.
Los Angeles, Cal., Oct. 18.—Word reached this city to-night that the Southern Pacific overland train, west bound, was derailed thirty-five miles west of Yuma. Mail agent Geo. F. Kellogg was killed. It is thought that the cars were derailed on account of the track being buried under sand.
PEACE JUBILEE.
Chicago Celebrates in Grand Style the National Peace Jubilee.
Chicago, Oct. 18.—The national peace jubilee at Chicago was inaugurated last night with thanksgiving service at the Auditorium. President McKinley attended. The applause for the president was terrific and at one time he was compelled to rise in his box and respond to the frantic cheering of the audience. Addresses were by Rabbi Hirsch, Rev. Dr. Holmsted, Rev. Dr. Barrows, and Bishop Washington. To-day the president is the guest of the University of Chicago, which conferred on him an honorary degree.
Mayor Harrison will lead 12,000 wheelmen through the streets of Chicago to-night. Every man will ride a decorated wheel. The path is to be through a blizzard of electric lights. Overhead will be festoons of brilliancy arched across the streets. From every building will flash a flood of light.
During the day rain set in and continued at intervals. The bicycle parade was postponed until Thursday night. Snow flurries are predicted to-morrow.

Blizzard in Missouri Valley.
Kansas City, Oct. 17.—A blizzard prevails in the southwest and west to-day. Heavy wet snow has fallen since 3 o'clock this morning and is driven by a strong wind. Bad wires in all directions have been downed in railroad traffic. The snow followed twenty-four hours steady rain.
Will Not Disband.
Chicago, Oct. 18.—The committee of the national old democracy through Chairman Geo. Foster Peabody has issued an address. The document congratulates the public on the defeat of silver in 1896, and declares that the nation old democracy will not disband.
Strike Threatened.
Denver, Oct. 17.—A strike of the employees of the breweries is threatened on account of the refusal of the master brewers to accept the agreement submitted by the Union. The differences relate chiefly to hours of labor.
No Intimidation.
Washington, Oct. 17.—Secretary Alger says that witnesses before the war investigation board shall be protected. "No man shall suffer," he says "for speaking what he believes to be the truth."

At San Juan.
Washington, Oct. 17.—The war department has received a dispatch saying that the Forty-Seventh New York regiment arrived at San Juan and it is presumed that the troops were permitted to land.
Emperor William.
Constantinople, Oct. 16.—The imperial yacht with the emperor and empress of Germany arrived at Dardanelles yesterday.
Fire in a Coal Mine.
Pana, Ill., Oct. 17.—Fire is burning in the Pana Coal company's shaft. It started by an explosion of gas.
Committed Suicide.
Omaha, Oct. 18.—Mrs. Hattie Steele, wife of William F. Steele, committed suicide last night. Her husband called

to arrange final details for a permanent separation, and while discussing the future of the children, Mrs. Steele, in the presence of her husband and two little boys, placed a pistol to her head and fired.
War Commission.
Jacksonville, Fla., Oct. 17.—The war investigating commission arrived to-day to inspect Camp Cuba Libre. The commission divided into sub-committees to work. Sub-committees were also appointed to inspect the camps at Tampa and Fernandina.
Indiana Will Surrender.
Walker, Minn., Oct. 17.—Surrender to-morrow of the Pillager Indians seems assured. Commissioner Jones is holding a final conference with them to-day.

Prosperous Exposition.
Omaha, Oct. 17.—A cash balance in the bank exceeding \$300,000 now stands to the credit of the Trans-Mississippi exposition.
A MIDNIGHT BLAZE.
Several Fire Traps on North First Street Burned Last Night.
Fire was discovered at about midnight last night in the French restaurant, Ben Trauer, proprietor, on north first street. An alarm was turned in and the fire department responded promptly, but the flames spread so rapidly that the time of frame shucks from the Metropolitan restaurant to W. H. H. Allison's rooming house were more or less damaged. These buildings were occupied by the Boss Saloon, A. H. Myers, proprietor; Fred D. Bois's barber shop, Vaughn Kie's Chinese laundry and Ben Trauer's French restaurant. The first three buildings were the property of Jacob Longwich, of Chicago, who carried no insurance. Arthur Everett was the owner of the building occupied by the French restaurant and carried \$150 insurance in one of F. H. Kent's companies. A. H. Myers had his stock of liquors insured for \$250 with Major W. A. Rankin in the British American. Trauer had his restaurant utensils insured for \$350. The Allison house is also damaged somewhat but is fully insured.
The origin of the fire is not known further than that it started in the French restaurant, where Ben Trauer and his father were sleeping. The fire, however, had gained considerable headway before they awoke and they are entirely at loss to know how it started.
W. H. H. Allison called at this office this afternoon and stated that the building belongs to his son, Hugh N. Allison. The walls are somewhat damaged but are fully insured by a policy for \$3,000 in several insurance companies.
Mr. Longwich was seen this afternoon, and the old gentleman stated that he would not rebuild at present.

District Court News.
The territorial petit jury was called in the district court this morning and twenty jurors were found qualified. A second venire was issued for eight o'clock, when the trial of the criminal docket will commence.
In the case of the territory vs. John Venable, indicted for assaulting Quirino Coulter with a deadly weapon, the motion to quash the indictment was sustained and the defendant discharged.
In the matter of the assignment of Ed. La Croix, of Gallup, the assignee, L. L. Henry was authorized to open the store and sell the stock at the best price that could be obtained.

Card of Thanks.
To the brave firemen and others who responded so promptly to the alarm of "fire" this morning and who were so heroic in the preservation of my property from destruction, I tender my sincere thanks.
HUGH N. ALLISON.
Big Circus Coming.
It was learned this afternoon that Wallace's big shows will reach this city on the morning of Saturday, November 13, giving other two performances that day, or in the language of Alderman Marmon, "one continuous performance." It is also learned that the circus will disband here for the winter, and possibly go into winter quarters at the fair grounds.

STORM ON THE PLAINS.
Communication With the East
Disturbed by the Blizzard.
Fire at Flagstaff Destroys a Number of Business Houses.
Philippine Insurgents Becoming More Insistent to American Officials.
GOLD DEMOCRATS WILL NOT DISBAND.

Denver, Oct. 17.—Denver is practically cut off from communication by wire east owing to a severe storm of sleet and rain in Kansas and Nebraska. It is not known how far east the storm extends. The weather here is clear and cool and a storm is unexpected. At midnight warmer weather was predicted, where rain and sleet is now falling heavy. The Western Union wires are affected more disastrously than by any storm in ten years.
FIRE AT FLAGSTAFF.
Entire Block of Business Houses Destroyed by the Flames.
Special to the Citizen.
Flagstaff, Oct. 17.—The entire block west of the Bank hotel, Flagstaff, burned at 1 o'clock Sunday morning, supposed to be the work of fire bugs, as during the fire Babbitt Bros' big store was broken into and a quantity of goods taken. In the block destroyed there was half a dozen business houses—W. D. Powell's dry goods store, machine shop, tin shop, shoe shop and Attorney E. W. Dole's office. Others were dwellings, all being frame. Giant powder was used to check the fire. This smashed all the windows in the Bank hotel, which was also scorched.

France in Wartime.
Paris, Oct. 17.—Confirmation is given that the minister of marine, Admiral Fourrier, now at Tunis, has been ordered to return immediately to Toulon, to prepare four cruisers for immediate active service. Orders are issued that the largest possible number of gunners be sent to Toulon to man the forts. These preparations are thought to be the result of the Fashoda dispute with Great Britain. Papers here say that three British ironclads engaged in gun practice off Bizartia, a French naval station in the Mediterranean.

Chicago to Patriotic.
Chicago, Oct. 17.—The jubilee enthusiasm heightened to-day, and thousands of flags were hung to the breeze, and jostling crowds filled all the streets near the business center. General Miles came in early. The presidential party went to the University of Chicago, where the degree of doctor of laws was conferred on the president this afternoon.

Insurgent Insurgents.
Manila, Oct. 17.—Insurgents at Laguna prevented the American steamer Hierman from landing or unloading on the ground that there were Spaniards on board. They also refused to allow an officer of the United States ship Raleigh to land without permission from Aguinaldo.

Committed Forgery and Suicide.
Berkeley, Oct. 17.—Greenbush, superintendent of the Imperial printing office, suicided. He was charged with theft and forgery of bank notes to the amount of over 100,000 marks.

Heavy Fall of Snow.
St. Joseph, Mo., Oct. 17.—A wet blinding snow began falling at midnight and high wind raged until nearly noon, when it subsided and the snow ceased.

Put to Work.
St. Louis, Oct. 17.—Mayor Ziegenhain secured work for the Alabama negroes brought here from Virden, Ill., as graders on the Mobile & Ohio railroad near East St. Louis.

Chicago Grain Market.
Chicago, Oct. 17.—Wheat—October 15½c; December, 15½c.
Corn—October, 31c; December, 31½c.
Oats—October, 22½c; December, 22½c.

Peace Commission.
Paris, Oct. 17.—The American commissioners held the usual morning session and entered upon the sixth joint session this afternoon.

Strike Ended.
Paris, Oct. 17.—The building strike is ended. Troops have been withdrawn from the yards and other places in which they have been stationed.

Lake Placid, N. Y., Oct. 17.—E. J. Henley, actor, died here of tuberculosis.

Both Ways Fixed.
Last Friday afternoon John Bennett, of the car department at the railway shops, and his helper, Joe Rutherford, had a misunderstanding, and although Bennett rushed at Joe with a piece of iron big enough to completely crush him to the earth if landed right, Joe got the range of Bennett's nose and knocked that nasal organ to the ground with a good right hander. Bennett came up town after his nose had been doctored at the hospital, and swore out a warrant for Rutherford's arrest. The trial came on before Justice Crawford this afternoon, and the

justice, clearly observing that the guilt also rested with Bennett, fined the latter \$10, while he assessed a fine of \$5 and costs against Rutherford. Joe, knowing that he had \$5 and costs' worth of fun with Bennett, walked up to the captain's office and paid his fine, while Bennett has taken an appeal to the district court.
A Fine Show Coming.
H. M. Swalley, advance agent of Dan A. Sneath's Corbett-Pittsman Fight Versus company, is in the city to-day, and has made arrangements for the show to appear at the Armory hall on October 31 and November 1, 2 and 3. "These pictures are the real ones," said Mr. Swalley, "and they will show just exactly how Corbett had Fitz on his last pins in the sixth round and how the Australian rallied and finally knocked out the Californian."
W. K. Wheelock, who managed the big fight at Carson City, Nev., will do the lecturing before the curtain explaining every blow.

REGISTRATION AND ELECTION.
See That You Are Registered—The Election Judges.
According to the territorial law on the subject, there are only two more days for registration—Saturday, October 23, and Sunday, October 24, after which the registration books will be closed. The books for precinct 12 (Albuquerque) are at the house of D. J. Abel, and the books for the precinct are at the house of Magist Springer, and the judges are Juan Anaya, Manuel Springer and Tomas Montoya.

For precinct 13 (Old Albuquerque) the books are at the job printing office of Ed. U. Bliss on south second street, and E. D. Fluke, Ed. U. Bliss and J. C. Marshall are the judges.
For precinct 15 (Old Albuquerque) the books are at the store of B. H. Shaw, C. P. Jones, Phil Barber and B. H. Shaw are the judges.

For precinct 17 (Bland) the books are at the store of B. H. Shaw, C. P. Jones, Phil Barber and B. H. Shaw are the judges.

JUDGES OF ELECTION.
At the meeting of the county commissioners, held the other day, the board appointed the judges of the general election.
For precinct 12, the election will be held at the city hall, and W. H. H. Allison, James C. Martin and Dr. J. R. Sutcliffe will officiate as the judges.
For precinct 20 voters will cast their ballots at No. 2 Jones house, A. Harrell, Henry Faber and J. C. Marshall are the judges appointed.

The election in precinct 13 will be held at Nedder Army's house, and Quirino Coulter, Martin Garcia and Jose Abalos will act as judges.
In precinct 27 the election will be held at N. Cotton with Gregory Page, F. W. Meyers and Geo. Kraker as judges.
Precinct 30 at the office of the justice of the peace, John C. Spears, Barney Morillo and John Kennedy will act as judges.

Up in Bland, precinct 37, the election will be held at the store of B. H. Shaw, and the judges will be C. P. Jones, B. D. Wilson and Jacob Merrill.

Big Satisfaction.
The republicans of San Marcel turned themselves loose last Saturday night, and rattled, in old-time custom, the nomination of Hon. Pedro Peres as a candidate for the territorial council from Socorro county republican ticket.
Hon. Thos. A. Finca, of this city, was one of the speakers. He returned to the city last night and informs THE CITIZEN that the meeting was one of the most enthusiastic gatherings of republicans he has ever attended in the territory.

Mr. H. O. Bursum, the republican candidate for the territorial council from Socorro county, also addressed the meeting, and made many friends for himself and all other candidates on the republican ticket.
Mr. Finca also stated that the prospects for San Marcel giving Hon. Pedro Peres a majority of the vote cast are excellent, and he credits from what he learned, that Socorro county will go republican by at least 500 majority.

ANARCHIST PLOT.
Italian Anarchists Wanted to Kill King Humbert and Emperor William.
London, October 18.—The Alexandria correspondent of the Daily Mail, telegraphing regarding the anarchist plot against Emperor William discovered on Friday, says: "The plot is hourly growing more important, each arrest disclosing new ramifications. Documents found disclose that a plot to kill King Humbert was also well matured."

Fifteen persons, all Italians, have been arrested. The original plan was to throw a bomb of gun cotton and fail of mercury on Emperor William's carriage in a narrow street of Cairo. When the Egyptian trip was abandoned, elaborate arrangements were made by the conspirators to send confederates to Jerusalem to carry out the plot during the dedication of the German "Church of our Redeemer."

NEW COUNTIES.

There will probably be two or three new counties made by the next legislature. It is generally admitted that several of the old counties of the territory are too large, and that the smaller counties are the most prosperous. The CITIZEN has favored the creation of new counties for this reason. The newly developed country in eastern Dona Ana county is said to be ready to organize a new county, and the republicans of Dona Ana county favor the division. If Capt. Llewellyn is elected to the legislature he will meet with no opposition in getting the new county formed.

HAS A GOOD RECORD.

The Silver City Enterprise says: "The republican nominee for delegate to congress, Pedro Perea, is one of the substantial business men of Bernalillo county. He has served the territory well and faithfully as a member of the legislature on several occasions and his record for reformation and economy stands to his credit with the taxpayers of the territory. His record in the legislative hall of New Mexico redounds to his credit as a man who has won by his consistent and meritorious work for the general welfare of the territory. That record stands as a monument to his merit, solid as a rock it cannot be truthfully assailed from any point. Neither political influence nor the persuasion of friends ever caused him to swerve from

the strict path of duty to his constituents and the best interests of the territory at large. Time and time again he has ignored the solicitations of friends and benefactors of party leaders and opposed the passage of bills which were counter to the public weal. Even local or personal influence would not influence him to vote for any measure that did not have a general good effect. He made no discrimination as to whether it were the project of his own political party or that of the opposition. Pedro Perea is the people's candidate rather than the candidate of any political party, and as such candidate deserves the suffrage of every progressive citizen of the territory."

THAT DITCH.

The Rio Grande Republican clearly states the position of Mr. Perea on the building of a ditch above this city, which is now in the courts; the people of the valley contending that it would deprive their ditches of water in a dry season. The Republican says:

As a matter of fact, Mr. Perea did oppose the construction of a canal, the building of which was proposed to supply water for irrigation of mesa lands above Albuquerque. His objection was that this would cut off the full supply from and injure the lands as far south as El Paso. He, however, would have with drawn his opposition to the building of the ditch, if at the same time the capitalists would have constructed a storage reservoir where they had contemplated building their dam, in the Rio Grande at Pecos Blanca, and thus secure a never failing supply for the southern lands, allowing the surplus water to be used for the mesa lands above Albuquerque.

WHAT'S THIS ROT ABOUT.

The democratic sheet in this city is certainly seriously loosed. What does it mean by such a drive as the following: There are gutter criminals holding up their heads among honest people in the territory to-day that are confined behind prison bars. They are republican bosses who are perpetrating a great evil, and are seeking to relieve the consequences by placing the burden of blame that must surely arise upon those who are unitedly opposed to such villainy. The great wrong may be done to the people of New Mexico, but the guilty shall not escape the avalanche of righteous indignation that is already accumulating.

A PLAIN FACT.

The San Marcel Bee says that the native people were highly honored by the administration in the appointment of Miguel A. Otero as governor. The election of Pedro Perea will be substantially recognized in more ways than one at Washington. With Pedro Perea as our congressional delegate and Otero as governor, every requisition for favor to advance the interests of New Mexico will be honored at Washington to a degree impossible of attainment if Mr. Ferguson is chosen to represent us.

THE SAN MARCEL BEE SAYS:

"Hon. Geo. Curry, one of the prominent democrats of the territory, while a member of the upper house of the New Mexico legislature four years ago, publicly made the statement that the Hon. Pedro Perea was the ablest legislator he had seen in his time to meet in New Mexico. And at Washington he will be classed as the ablest representative New Mexico has ever had at the national capital."

THE CITIZEN WISHES TO REVEAL.

Its ally not which is being peddled out in this city by the democrats, that Pedro Perea is opposed to public enterprise, is so utterly false that it needs no refutation in this city and county where he is best known. He has, however, always favored economy in county and territorial expenditures, and has on several occasions prevented sick schemes from robbing his people of their water rights and lands.

How Old She Looks

Poor clothes cannot make you look old. Even pale cheeks won't do it. Your household duties may be heavy and despoiling, but they cannot make you look old. One thing does it and never fails.

It is impossible to look young with the color of seventy years in your hair.

Ayer's Hair Vigor

permanently postpones the tell-tale signs of age. Used according to directions it gradually brings back the color of youth. At fifty your hair may look as it did at fifteen. It thickens the hair also; stops it from falling out; and cleanses the scalp from dandruff. Shall we send you our book on the Hair and its Disks?

The Best Advice Free.

If you are troubled with the hair, the best advice is to use Ayer's Hair Vigor. It will bring back the color of youth, and keep it from falling out. It will also clean the scalp from dandruff, and make the hair grow thick and strong.

DEVELOPING THE TERRITORY.

New Lines of Railway Opening Up Resources of New Mexico.

The building of the two different lines of railways in southeastern New Mexico is attracting the attention of all who are interested in the territory's growth, and by the assurance of recent visitors who have taken a trip over the Rio Pasa & Northern railroad we can say that the manner in which the road is constructed, its class of material, the road bed and its rolling stock, all suggest that this road will prove to be, when the promoters' plans are known, an important link in the chain of the great system that traverses the continent. Just what system it is to be a part of no one but the promoters know, and as "everybody's business is nobody's business" he will not say until his plans for a successful completion of the enterprise in every particular are fully known. At the Rio Pasa terminus we find a large, commodious depot building and yards with ample facilities for handling the freight of a trans-continental route. The road is built at present 50 miles northeast from El Paso to the town of Alamo, which in the near future will be made the headquarters of the road. On this road is one straight line of 43 miles and another of 22 miles. The maximum grade going north is a 1 per cent. grade, and going south is one-half of 1 per cent. grade—made so small in order to facilitate the hauling of heavy trains of mineral, coal, lumber, cattle or other abundant products along its line. The track laying and grading is an excellent piece of work, done by Griggs & Co., and no expense has been spared in securing the best of ties, steel bridge and other material. Thirty-five and forty miles per hour speed is already made on the track when necessary, and in fact the track laying by Griggs & Co. is so thorough that when a rail is laid and passed by it is ready for heavy and rapid traffic. About half way from El Paso to Alamo, Griggs & Co. pass the Javilla mountains, and already on the side track cars are being loaded with gold quartz and copper ore. The body of iron ore is found here and near the Javilla are the famous turquoise mines, from which thousands of dollars of stones have been sold. North of Alamo, in the Sierra Blanca, is a large and rich field for the prospector and a genuine mining prospector's rush may soon be expected.

Why

IS THE EQUITABLE A BETTER COMPANY TO INSURE IN THAN ANY OTHER COMPANY.

BECAUSE

The Equitable has throughout its career made greater progress and achieved greater results than any other life assurance company in the world.

BECAUSE

Equitable policies are to the intending insurer what Government bonds are to the investor.

BECAUSE

The Equitable is the strongest life company in the world, having over \$50,000,000 of surplus; and

BECAUSE

surplus not only means financial strength but is also the fund from which dividends to policyholders are paid.

BECAUSE

dividends to policyholders must be earned before they are paid, and during the last ten years the Equitable's surplus earnings have been larger than those of any other company.

BECAUSE

during the past five years the Equitable has paid each year more than \$2,000,000 in dividends to policyholders. No other company can point to such a record.

BECAUSE

the policies of the Equitable are paid more promptly than those of any other company.

BECAUSE

The Equitable issues the latest and most approved forms of policies, containing the highest guarantees that are consistent with absolute safety.

AND THEREFORE BECAUSE

the agent of the Equitable is enabled to offer a contract backed by the company which is the strongest in the world, which earns greater profits and which pays its policies more promptly than any other company.

When Out of Sorts

Me Takes Hood's Sarsaparilla and It Sets Him Right—Whole System Strengthened by This Medicine.

"I was in such a condition that whenever I took a little cold it would settle on my chest and lungs. I was troubled in this way for several years. I tried many kinds of medicine but did not get any relief, and seeing Hood's Sarsaparilla advertised I thought I would try it. I took about four bottles of this medicine, and I began to improve after the first bottle. When I had finished the fourth, I was entirely relieved. I have kept Hood's Sarsaparilla on hand since that time as a family medicine, and whenever I feel out of sorts I resort to it and in a short time it sets me right." W. B. Woods, 538 S. West Street, Salt Lake City, Utah.

COCHITI MINING NEWS.

Information Regarding Mining Operations in the Golden Cochiti.

From Blaud Herald.
The assessment work on the Blaud Sun has been completed.
The Good Hope, a fine property joining the town of Blaud, which has been idle all summer, pending a sale, will begin work next week.
The Blaud Mining company has a force of men at work sinking their well to a greater depth for the purpose of securing a more abundant supply of water.
Bert and Joe Ward came over from Santa Fe on Wednesday and will remain to do assessment work on several promising claims owned by their father, T. B. Ward.

James Sherlock, Arthur Knabel and Ernest Knabel returned on Tuesday from Boy's ranch, after completing the assessment work on the Mountain View, which they claim shows every indication of becoming just as valuable a source of mining property as any of the great producers in the immediate vicinity of Blaud.

The Washington continues working a small force sinking a shaft on their big lead to intersect the first, second and third levels for the purpose of ventilation. They are taking out a fine grade of ore which they are storing on the dump for future treatment. The Washington is supposed to be the mother lode of the district and has paid handsomely for the rights to it. It is owned by a party of nearly all men. It is owned by a party of nearly all men. It is owned by a party of nearly all men.

Work on the Lone Star mine is progressing nicely under the careful management of Superintendent Clark, who has three forces of men at work, one on the lower level and one in the second level driving tunnel, or what is called dead work, while the third force is in the upper, or first level, stopping in due time, which is being successfully treated at the Blaud mill. The Star is a wonderful body of mineral, and there were no other mines in the district this one alone should make the district famous. We often hear the remark that if the Lone Star mine were situated anywhere in Colorado there would be a town of 10,000 inhabitants. We are led to admit that we are not possessed with the same amount of push and enterprise as shown by our northern neighbors, but we do admit that the people of New Mexico have as yet been unable to realize the vastness of the mineral wealth stored away in the mountains of Cochiti.

Perly Wason, the former manager of the Western Mail and Express company's stage line between Thornton and Blaud, with his wife, drove over from Thornton on Thursday. He spent about two hours in camp, during which time he purchased from H. E. Anderson, of Blaud, a half interest in the Red Cloud mining claim, for which he paid \$2,000 cash. Mr. Wason, who is a thorough business man, and knows a thing or two about mining, was not over two hours in making this transaction, which he closed at once and returned to Thornton the same day. The Red Cloud mining claim, owned by H. E. Anderson and J. C. Philpot, of Blaud, and joins the Albemarle on the west and contains the only available land for building purposes in that immediate vicinity. Mr. Wason will return in a short time to make Blaud his home, and will erect a fine hotel on his newly acquired property, which he will conduct in first class style.

THAT JOYFUL FEELING.

With the exhilarating sense of renewed health and strength and internal cleanliness, which follows the use of Syrup of Figs is unknown to the world. It has not progressed beyond the old-time medicine and the cheap substitutes sometimes offered but never accepted by the well-informed. Buy the genuine, manufactured by the California Fig Syrup Co.

The Spongers' Coming.

The Spongers' coming company gave the public a really enjoyable entertainment at the opera house last night. The Flower Girl was the play, and it was really a well-acted play. The company is an experience of years enable J. L. Bell & Co. to furnish just what their customers want. Orders solicited.

Important Bulletin.

C. M. Taylor, the popular master mechanic of the Santa Fe railway, with headquarters at Blaud, has recently issued the following bulletin:
BULLETIN NO. 60.
All Concerned.—A thirty-day suspension has been assessed against the record of an engineer on this division for allowing drivers to slide, flattening same two times in the month of August. Engineers must understand that negligence of this kind will not be tolerated.

Division Master Mechanic.

All Concerned.—An engineer of this division has been suspended thirty days for carelessness in handling his engine and striking cars on siding too hard, causing two of the cars to be derailed. It is necessary that engineers know that the air on their engines is in good working order at all times.

Division Master Mechanic.

Embarked on the wave.
A startling accident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My eyes were almost yellow, my tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given up, and I was told to give up. A friend advised trying Electric Bitters, and to my great joy and surprise, the first bottle made a decided improvement. I continued to use it for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle, at J. H. O'Reilly & Co's drug store.

How to Prevent Croup.

We have two children who are subject to attacks of croup. Whenever a cold is coming on my wife gives them Chamberlain's Cough Remedy and it always prevents the attack. It is a household necessity in this country, and no mother who has run out of it, would not do without Chamberlain's Cough Remedy. More of it is sold here than of all other cough medicines combined. J. M. Nickle, of Nickle Bros., merchants, Nickleville, Pa. For sale by all druggists.

is a strong proposition—the strongest ever known to tobacco-chewers. It is not "cheap" tobacco because it is sold at a low price. It is the very best piece of chewing tobacco ever sold at any price, and it is possible and profitable to sell a large piece of this high-grade tobacco at so low a price because there are five times more of it sold than any other kind in the world.

Remember the name when you buy again.

A Horse on the Asylum Authorities.

The certificate of the judge of the district, ordering the confinement of Mary Clark in the insane asylum at Las Vegas, which the authorities of that institution held was defective, refusing to accept the patient thereunder until amended by the certificate of the clerk, it is said by the court officials here, was in strict conformity with the statute. Our Little Boy.

Our little boy was afflicted with rheumatism in his knee, and at times unable to put his foot to the door. We tried in vain, everything we could hear of that would help him. We almost gave up in despair, when some one advised us to try Chamberlain's Pain Balm. We did so, and the first bottle gave so much relief that we got a second one, and to our surprise, it cured him sound and well.—J. L. Hays, Pastor Christian Church, Neodesha, Kan. For sale by all druggists.

About Albuquerque People.

Arthur Kverit, Albuquerque's leading lawyer, came in on Monday's stage and is circulating among his many friends in Blaud. I. D. Dort, who is the lucky purchaser of an interest in the Corona, which is proving to be a bonanza, came up from Albuquerque on Wednesday and returned on Thursday.

Buckley's Arctic Salve.

It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. H. O'Reilly & Co., Druggists.

An Ideal Place.

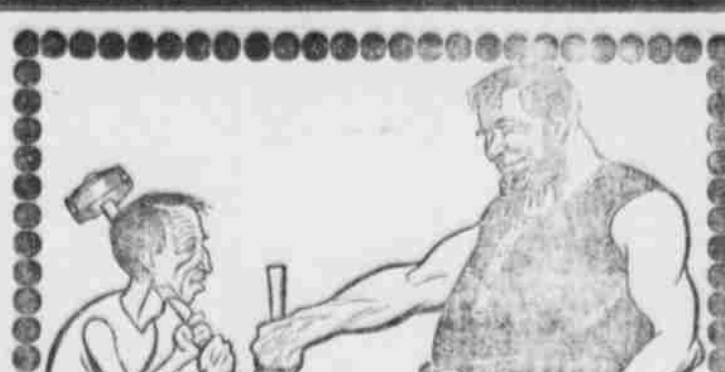

If you are searching for the ideal climate in the United States in which to live, and where you can enjoy the best of both worlds, you should visit the Santa Fe Hotel. It is a most desirable place for the cure of rheumatism, kidney and stomach disorders, and a new and healthy furnished "Casa del Convento," run upon the American plan and with American cooks, with splendid bathing accommodations and a place where consumptives do not disturb your peace and comfort—for they are not invited—go to Hudson Hot Springs on the Santa Fe railway in transit country. Write A. E. Graham, Hudson, N. M., for information.

Remarkable Recovery.

Mrs. Michael Curtin, Plainfield, Ill., makes the statement, that she caught cold, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of consumption and that no medicine could cure her. Her daughter, who is a nurse, discovered for consumption; she bought a bottle and to her delight found herself benefited from first dose. She continued to use it and after taking six bottles she was cured. She is now as well as ever. Free trial bottles of this great discovery at J. H. O'Reilly & Co's drug store. Large bottles 50 cents and \$1.00.

Deputy Chief Inspectors Ferry Gail.

Geo. E. Greene, recently elected to the chieftaincy of Great Inclusion, Improved Order of Red Men, has been sent to honor Santa Fe by San Marcial by naming one of its most worthy members, Mr. Perry Gail, as Deputy Chief Inclusion for New Mexico. Mr. Gail is probably the best posted man concerning Red Men in New Mexico, and the receipt of his commission last Monday will certainly result in renewed activity in the wings of the Red Men throughout the territory.—San Marcial Bee.
