### OREGON SENATORIAL CONTEST.

New York, Oct. 4.—A dispatch to the  
Herald from Santiago says: It is learned  
on good authority that Gen. Calixto Gar-  
cia has accepted a position with the  
American administration here, as pre-  
dicted. Garcia is to receive \$500 a  
month and all expenses. He will act as  
a commissioner and go through the  
country to conduct negotiations with the  
Cuban army with a view to its disband-  
ing. On his return he will go to the  
United States with Gen. Wood to confer  
with the authorities at Washington.

In consequence of serious disorders,  
due to the injuries to the vicinity of  
Manzanillo, General Lawton is dis-  
patching the battleship Illinois to Los  
Angeles with one battalion of four com-  
panies from the Third Infantry under  
Colonel Ray. General Wood will prob-  
ably go with Colonel Ray to enforce into  
the charges against the Cubans and en-  
deavor to relieve the delicate situation at  
Manzanillo. It is said that the Cubans  
plundered the sugar estates. Colonel  
Ray's instructions are to deal with the  
offenders with the utmost severity. He  
has power to order that the death penalty  
be meted out for theft or attempted  
violenoe.

### BATTLESHIP ILLINOIS

Launched at Newport News in Presence  
of 30,000 People.

Newport News, Va., Oct. 4.—Newport  
News is thronged with visitors from far  
and near to witness the launching of the  
battleship Illinois. Chicago and Wash-  
ington are represented by delega-  
tions of prominent men and women. It  
is believed that fully thirty  
thousand persons witnessed the ceremony  
attended upon the launching. Among  
the prominent persons from the national  
capital were Assistant Secretary of the  
Navy Allen, Commodore and Mrs. M. T.  
Ridgely, Captain A. S. Crowder, Lieut.  
Paymaster General Edwin Smith, Lieut.  
Commodore Philip H. Brown, Engineer  
in Chief George W. Melville, Captain and  
Mrs. Samuel G. L. May, and a Secre-  
tary of War Mr. John and Secretary of  
Agriculture William. A party arrived at  
Old Point at 10 o'clock last night. Prelim-  
inaries began at 10 a. m. The christening  
party passed through the immense  
throngs gathered around the red hull of  
the Illinois at 10:30.

BATTLE OF CHAMPAINE USED.  
Newport News, Va., Oct. 4.—The battle-  
ship Illinois was launched at 12:30 p. m.  
At 1:30, Miss Nannie Lettier, sponsor for  
Illinois, accompanied by a distinguished  
party from Chicago, ascended the christen-  
ing stand. A. A. Trumble, a young  
waiter, waited until the one remaining  
obstacle was a single plank which  
heaved the vessel in position. A hush  
fell over the vast assembly as the ship  
way through the timbers. Miss Lettier  
stood on a gaily decorated stand, with a  
bouquet of flowers in her hand, as the  
ship slid on rollers toward the river.  
The bottle was crashed into a thousand  
fragments, and the wave streamed down  
the side of the vessel's new partner.  
Cheers went up from the multitude of  
spectators, whose enthusiastic shouts  
almost drowned the noisy welcome to  
the new vessel sounded by whistles in the  
harbor.

Oregon Senatorial Contest.  
Salem, Ore., Oct. 4.—Thirty-eight repub-  
lican members of the legislature held a  
caucus last night to nominate a candi-  
date for United States senator. H. W.  
Currier received thirty-one votes. His  
vote is three short of a majority of the  
republican members of the legislature,  
and fifteen short of a majority on joint  
ballot. At a caucus of populists it is  
understood it was decided to support  
Secretary of State H. K. Kinsaid, a silver  
Republican for United States senator.

VOTING FOR SENATOR.  
Salem, Ore., Oct. 4.—Both houses to-  
day voted for United States senator in  
separate session. The vote was as fol-  
lows: House—H. Currier, 24; M. C.  
Leary, 10; George H. Williams, 4; H. W.  
Currier, 3; A. B. Smith, (dem.) 18. Sen-  
ate—Currier, 13; George H. Williams, 11;  
E. Kinsaid, 6; Bennett, 6. A very close  
vote is necessary to a choice, there was no  
election.

### AFFAIRS IN CUBA.

Spanish Troops Leaving—Great Mortality  
in Certain Parts.

Havana, Oct. 4.—Lieutenants Wade  
and Macrae paid a visit to the municipal  
authorities of Pinar, and on whose report  
of a fearful condition of affairs there,  
the United States commissioners called  
Matanzas for twenty tons of cornal ra-  
tors.

It is expected the joint session of the  
military commission will be held to-  
day. Captain General Hanna issued a  
decree granting the volunteers of Central  
and South America their discharge, to  
take effect after the approaching monthly  
review.

A decree has been issued prohibiting  
condemnation of cattle by all branches of  
the army and all irregular troops.

The auxiliary troops at Cardenas sur-  
rendered their arms to the military govern-  
ment September 23. It is reported the  
headquarters of the Cuban insurgents  
government will be moved within a fort  
night to Varadero, a seaside resort near  
Cardenas.

The mortality at Guisno is very great;  
at Guira de Melena, whose population  
only number 3,000, there were 232 deaths  
during September.

## EXAMINING WITNESSES.

Gen. Wheeler Called by the War  
Investigation Commission.

Says Shafter Deserves Great Credit  
for the Zeal Displayed.

There was Comparatively Little Suffering  
From Shortness of Supplies.

### GEN. WOOD'S GOOD WORK.

Washington, Oct. 4.—The war investi-  
gation commission began the examina-  
tion of witnesses today by placing Gen.  
Joseph Wheeler on the stand.  
Ex Governor Weaver conducted the ex-  
amination, bringing out the story of the  
operations around Santiago.

"General Shafter," he said, "deserves  
great credit for the zeal he displayed in  
warding supplies to the troops. He  
devoted himself to this task and I think  
there is no doubt that he succeeded. We  
used pack trains and there was compara-  
tively little suffering from lack of the  
shortness of quarters and supplies."  
Wheeler said, in response to a ques-  
tion, that there was no reason why the  
Spanish troops should not have made a  
surrender from Santiago. He asked General  
Trotter after surrender why he had not  
attacked. The latter replied the failure  
to do so was because his men were  
not footsore. Yet Wheeler could not  
accept this explanation for Spanish  
soldiers were not footsore. Wheeler's  
opinion was that the Spanish commander  
was not able to face the Americans in  
the open.

Discussing the plan of the campaign  
he said he doubted whether any more ef-  
fective plan could have been adopted.  
Speaking of the medical department he  
said at times there were complaints, but  
they were not serious. Men were forced  
to live in sun and water alternately and  
necessarily there was much sickness. In  
reply to questions, he stated that he  
never heard of any shortage in com-  
munications or supplies at Santiago, but  
he had been told the medical supplies  
were short, yet he had no personal  
knowledge on this point. The spirit of  
the army was such, he said, that there  
was no disposition to complain.

"They were all proud to be there and  
willing to undergo hardships," said Gen.  
Wheeler. Replying to a question from  
Lieut. Donby, the general said the regulars  
had shown greater ability to take care of  
themselves than the volunteers. The  
volunteer cavalry men were not so reg-  
ular as the other volunteers, because  
they were generally western men and  
used to camping. He thought this fact  
had a strong influence in causing the  
health of the regulars to be better than  
that of the volunteers. The development  
of disease after the capitulation of San-  
tiago was due to the climate and ex-  
posure under a very hot sun.

NOTICE.  
All the democrats of precinct No. 13  
are respectfully invited, together with  
the republicans who wish to join in sup-  
porting the democratic candidate to con-  
vene to take part in a meeting that will  
be held at the Crockett hall this Sat-  
urday, October 4, 1898, between the  
hours of 7 and 8 p. m., to select five dele-  
gates to the democratic county conven-  
tion.

The Hon. H. B. Ferguson will address  
the meeting.

A. A. Trumble.

An individual, who claims to be ex-  
perienced in estimating the number of  
people in great gatherings, estimated the  
crowd that turned out last night in  
response to the call for the christening  
of the battleship Illinois. He estimated  
at four hundred, while a man, who  
looks at things through rose colored  
democratic spectacles thinks there were  
seven people at the ceremony.

Mr. Ferguson's speech was dispensed  
with under circumstances of great  
glow. The following delegates were  
elected to the county convention: A. A.  
Trumble, Santiago Baez, Bernardino Baez  
Pat Gieson and L. Miller.

### MAJOR HERSEY'S FRIEND.

Lieut. Green, Denton the Education Stories  
Reported About the War.

Lieutenant J. W. Green, of Company  
G, of Roosevelt's Rough Riders, arrived  
from the east last night and is spending  
the day with his many Albuquerque  
friends.

The lieutenant, in company with Dis-  
trict Clerk Owen, made a pleasant  
call at THE CITIZEN office at noon today,  
and while conversing about the war, he  
placed himself squarely on record as a  
particular friend of Major Hersey, stat-  
ing that all the ridiculous stories about  
his not desiring to go to Cuba and fight  
the enemy, and his non-attention to the  
New Mexico troops, are false, from top to  
bottom.

The lieutenant also stated that Major  
Hersey paid more attention to every little  
detail than any other officer among the  
New Mexico troops, and that the man or  
kid soldier, who was responsible for the  
malicious reports, which did Major Her-  
sey great injustice, should be branded as  
"a coward of good character."

"As far as the soldier's standing is con-  
cerned," continued Lieut. Green, "those  
who started the lies about Major Hersey  
also started the false stories about the  
starvation of the soldiers. They had  
more than they could eat—good, solid  
food, and every man in company G will  
swear to it."

Lieut. Green will continue west to his  
home at Gallup this evening.

Lieut. W. E. Dams, a Rough Rider  
from Corral, came in from the north  
last night, being met at the depot by A.  
A. Keen and others, who tendered him an  
informal reception at the Commercial  
club. The lieutenant's case had service  
during the campaign in front of Santiago  
de Cuba, and heard the whistle of shells  
and Mauder bullets. He is here attend-  
ing the session of the Masonic grand  
 lodge, and will remain over until to-mor-  
row.

Thursday, Oct. 4.  
On the above date, in the afternoon  
and evening, the ladies of the city and  
vicinity are cordially invited to attend  
the fall opening of the clothing store  
at my store, No. 312 West Railroad  
avenue. The display will prove one of  
the most and finest ever seen in the  
southwest.

## TERRITORY OF HAWAII.

Hawaii Will Have a Government  
Like New Mexico.

Chaplain McIntyre on the Stand in  
the Court Martial.

The 'Festival of Mountain and Plain'  
Open at Denver.

### COL. ROOSEVELT OFFICIALLY NOTIFIED.

Honolulu, Sept. 21, via San Francisco,  
Oct. 4.—The Hawaiian star publishes an  
outline of the form of government de-  
vised upon for Hawaii by the congress-  
ional commission. The star says it will  
be called "the Territory of Hawaii" and  
will be allowed one representative in  
congress, as though Hawaii was a state.  
The governor to be appointed by the  
president will be paid a salary of \$5,000  
or \$6,000 a year. The commission will  
make no recommendation as to the ap-  
pointment of governor. Hawaii will have  
a legislative and make its own laws sub-  
ject to the approval of congress. There  
will be no change in the present form of  
the legislature.

To vote for senator in the territory of  
Hawaii the elector must possess an  
annual income of \$500. In everything  
else his franchise is free, unrestricted by  
any qualification, education, or  
otherwise. The judiciary system will re-  
main undisturbed. The supreme court  
will probably be given the jurisdiction of  
United States cases, and judges will be  
appointed for four years instead of for  
life. It is understood the question of  
a township will be referred to the state  
department at Washington for final de-  
cision.

CHAPLAIN MCINTYRE.  
He Has a Poor Memory and Don't Like  
the Reporters.

Denver, Oct. 4.—When the court-  
martial of Chaplain McIntyre, of the  
battleship Oregon, resumed to-day, the  
defendant, who pleaded illness on the  
occasion of his lecture in August in  
extension of remarks which, he said,  
had been construed differently from  
what he intended to say, was examined  
by the judge advocate. The judge ad-  
vocate said he was interviewed in  
Chicago in regard to the trip  
of the Oregon and the battle of  
July 2. The published reports, he  
said, were different from what he in-  
tended to say. He could not remember  
what the reports were. The chaplain  
said he could not tell what he said in his  
lecture. He was first convinced that he  
said what he did not intend to when he  
said his friends had been offended by  
his lecture. He had no intention of en-  
suring the capture of the Oregon, and  
then read the alleged interview in  
Chicago.

### "MOUNTAIN AND PLAIN."

The Festival of Mountain and Plain  
opened to-day at the Grand  
American Hotel. The festival  
was twenty-six magnificent floats,  
a large number of decorated carriages and  
twenty-five brass bands. The festival  
will continue for three days, on each of  
which there will be a great parade. It is  
estimated 50,000 visitors are in the city.  
The principal buildings are handsomely  
decorated.

ROOSEVELT NOTIFIED.  
He is Officially Told of his Nomination  
for Governor of New York.

New York, Oct. 4.—The committee ap-  
pointed to notify candidates of their  
nomination by the state republican con-  
vention at Saratoga went to the home of  
Col. Roosevelt, nominating for governor, at  
Oyster Bay, L. I., to-day. Colonel Roose-  
velt is in reply said:

It is not more possible to conduct the  
state election now without regard to  
national issues than it was possible to  
conduct one in 1891 or 1893. In 1891,  
we had to preserve the republic for its great  
future; in 1893 we have to take a long  
stride towards the accomplishment of  
that duty."

A. O. U. W. Controversy.  
St. Louis, Oct. 4.—As a result of differ-  
ence of opinion, Grand Master Work-  
man W. H. Miller, of the Ancient Order  
of United Workmen, returned from office  
Walter F. McIntire, the chairman of  
the committee on finance. The matter will  
not likely be taken before the grand  
 lodge for final adjudication. Members  
of the order question the right of the  
grand master to remove McIntire. It is  
understood the proper course would have  
been to have preferred charges against  
McIntire.

The populace of San Juan county have nominated a ticket for county officers.

An exchange says an Arizona cattlemen declares that the stealing of calves in that territory has left only about one calf to every ten cows.

The government has succeeded in controlling the spread of yellow fever to a great extent. It might now probably try to hand on the Mississippi floods and the forest fire.

The Socorro Industrial Advertiser says: "Mining will bring Socorro to the front, and the business men of this city should take an interest in developing the mineral resources of the country tributary. Nothing risked, nothing gained."

It pays the farmer and the stockman to give the same attention to their business that the successful merchant does to his. In other words, he should know what he is doing, how much it is costing him to do it and whether his way of doing it is likely to pay.

JAPAN is becoming in every way strictly up to date. Railway officials there are now charged with heavy defalcations. China will probably be the asylum for the "horrors," as was Canada for so long for the same kind of men from the United States.

The law officer of the treasury department in a recent decision has held that the use of facsimiles of confederate notes is a violation of the United States revised statutes, prohibiting the use of advertisements or otherwise notes or coins in imitation of the money of the United States.

SANTIAGO is now cleaner and healthier than it has been before in all the four hundred years of its existence, and public schools, the first and most important American institutions, are already started. The beginning of our share in the regeneration of the tropics has clearly been made.

The Sultan shows no disposition to pay the just claims of this country against Turkey. He is "rich" and bankrupt, but he maintains a superb army of 300,000 fighting men, goes on killing Armenians and Christians, and laughs in his wide sleeve at the co-ercer of Europe, Uncle Sam and the rest of the civilized world thrown together. It would be a mighty good thing if the powers should declare universal peace long enough for one of them to give the Turk a sound thrashing.

The Prescott Journal-Miner, in its support of the republican candidate for delegate to congress from Arizona, says: "The people of Arizona in November will decide whether they favor statehood or not. If Col. Brodie is elected he will be able to secure this boon for Arizona. He is defeated statehood will be deferred for at least two years." The same conditions exist in this territory, and Hon. Pedro Perea will be elected by a big majority, thus securing statehood for New Mexico.

The Railroad Register, in its comments on the railroad situation of that section of New Mexico, says: "News has reached here that S. H. Mallory & Co., contractors for the Pecos Valley & Northeastern railroad, have given up their contract as to the part of the road to be built from this end, and also the track-laying yet to be done from the other end of the road. This will not cause any hitch or delay in the work, as the railroad company has made all arrangements for pushing the work to completion, and have taken up the line, without interruption of loss of time, just where Mallory left off."

**PROTECTION AND PROSPERITY.**  
That "protection and prosperity" is more than a mere alliterative expression used in campaigns for the purpose of getting votes and particularly catching by reason of the influence of its utterance is constantly being shown by the reports that are being given out weekly by the great commercial agencies of the country. War and yellow fever, politics and a great extension of American work that might well be expected for the time at least to direct the attention of the nation to matters far from home, have no effect on the steady onward march of business improvement that began when it became certain that American industries and American workmen were to have once more the benefit of tariff legislation framed in behalf of the people of this land. The reports from Van and Bradstreet, published the other day, state that the failure for September involved the smallest amount of money for any month.

except August in many years. Unquestionably, it is stated, the total for the quarter just ended is the smallest for any three months since 1902. Not only does the statement show the improvement since the change from democratic rule, but it carries with it another fact. It is set forth in strong terms that present conditions are remarkable, unparalleled except for possibly one other period when it is mentioned. It must not be overlooked, then, that both the present and past were months in years when the white house was occupied by a republican president. Manufactures in general are in a fine condition, and iron and steel and railway earnings, certain indications of a condition of general activity, show the same improvement that has been noted for months past.

**HOW MUCH WE EAT.**  
The people of the United States consume not less than 1,350,000,000 pounds of butter yearly and 25,000,000 pounds of cheese. Cheese is used to the extent of 250,000,000 pounds, milk 7,000,000,000 quarts, 550,000,000 dozen eggs, and 10,000,000,000 pounds of meat, including poultry and game. All of the yearly consumption of solid food by Americans amounts in its raw state to some 9,000,000,000 pounds, or a little over three pounds per day for each person.

The New York democrats caught the New York press napping. Not a paper in the state seems to have suggested the possibility of the nomination of Augustus Van Wyck. He was about the darkest horse that ever won a race and will be considerably darker when Roosevelt gets through with him and all the votes are counted after the November election.

FUGITIVISM is outlawed in Kentucky. No kind of fighting goes down there except what is done with knives and pistols.

**The Microbe of Baldness.**  
No medical subject has caused more discussion than the statement by a famous physician that he has discovered the microbe which causes baldness. There are other scientists who claim that there is no such thing as a microbe of this kind. Time alone must settle the question. It was long ago settled that Hostetter's Stomach Bitters is a standard remedy for the common ailments of mankind. It is a true cure for dyspepsia and indigestion, a true medicine for the weak and nervous, a true strengthener and appetizer. People who take it feel sleep, sleep sounder and look better than those who don't. Nearly every disease that affects the human family can be overcome with Hostetter's Stomach Bitters.

**Yellow Jaundice Cured.**  
Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we publish the following: "This is to certify that I was a terrible sufferer from yellow jaundice for over six months, and was treated by one of the best physicians in our city, and at last to my great pleasure, I am cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am, gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by J. H. O'Reilly & Co.

**A Lively Time.**  
The board of education of this city daily selected a principal, Monday evening, after one of the most exciting contests ever recorded in the history of the woods. Miss Lillian Crawford applied for the position, and while there was no one in particular opposing her, the way charges, counter-charges, rumors, denials and insinuations flew about as fast as the smoke and dust cleared away from the smoke and dust cleared away from the place by all the other members present voting against President Cuen and Member Kipper. Mr. Cuen immediately tendered his resignation, and forced it through. The entire trouble can be traced to politics, and can result in no good to the schools.—Socorro Advertiser.

**BOARD OF ALDERMEN.**  
Ordinance Relating to Disorderly Houses Adopted—Rumors Suspended.

The city council held its regular monthly meeting last night with all members present except Aldermen Lombardo and Johnston.  
Minutes of the previous meeting were read and approved and a number of bills referred to the proper committees.  
Mayor Cienfuegos presented a lease from Jesus Romero giving the city the use of the acre front upon which the post house is located for the sum of \$1,000 with the understanding that all improvements are to be made by the owner at the expiration of the lease and that the city is to have the privilege of entering upon a second lease of five years at the rate of \$35 per annum. The lease was approved by the council. The finance committee reported that a number of bills for more than \$50 had been presented for which bids had not been taken. The council decided to suspend the ordinance relating to the same until the finance committee reports that a number of bills for more than \$50 had been presented for which bids had not been taken. The council decided to suspend the ordinance relating to the same until the finance committee reports that a number of bills for more than \$50 had been presented for which bids had not been taken.

Two bills for material used in the construction of the post house were referred to the council by the finance committee and were approved.  
A petition was received from W. B. McLaughlin to be appointed special policeman, which was rejected.  
Gordon Pearce sent in his resignation as inspector of plumbing and sewerage and the same was referred to a special committee, consisting of Aldermen Kieke, Marston and Lombardo.  
The city physician's report was referred to the police committee.  
The city marshal's report for September showing 109 arrests, 144 fines collected and 250 tickets served was referred to the police committee.  
The city clerk's report, showing \$565.50 collected in fines in September, was referred to the finance committee.  
The treasurer's report for September was as follows:

Balance September 1.....\$7,148.98  
RECEIPTS:  
From A. Sandoval, collector..... 928.00  
From C. W. Medler, clerk..... 248.00

The government Indian school was given permission to connect a sewer line to the city and the north and the present Second street line on the condition that the part of the line within the city should be constructed and completed and be constructed under the direction of the city council.  
The report of the amount of water used in September was referred to the water committee.  
The dispute over the rent of the city building was referred to the city attorney.

R. Ruppe, as chief of the first department, invited the mayor, council and city officers to the reception to the Rough Riders given by the fire companies. The Rough Riders' band was present. The invitation was accepted.  
Ordinance No. 92, relating to disorderly houses within three miles of the city limits, was favorably reported by the police committee and adopted by the council.  
The building, light and fuel committee was ordered to investigate the cost of lighting the city buildings.  
A large number of bills, approved by the finance committee, were ordered paid.  
The pay roll was approved and warrants were ordered drawn for the same.  
The water committee was instructed to repair the water tank.  
Council adjourned to Friday night, at which time a number of claims and accounts will be disposed of.

**BOARD OF EDUCATION.**

University Fees Under Consideration—Business Matters Disposed Of.

The board of education held its regular monthly meeting last night, with President Hopkins, Trustees Rankin, Snyder, Harsch, Giesgold and Fox present.  
A. J. Mitchell, as attorney for Collector Baea, had a communication before the board asking it to pay his client \$523.24 commission on taxes collected. The matter was referred to the finance committee.  
A letter in reference to the Lafayette memorial fund was received and referred to the superintendent and teachers' committee.

The following bills were ordered paid: Daily City, for brief in water.....\$20.35  
Daily City, for blanks..... 80.00  
Calvin Whiting, insurance..... 3.10  
P. G. Cifra & Co..... 3.10  
H. O'Reilly & Co..... 3.93  
Clerk..... 54.54  
R. W. Murphy..... 27.00  
R. E. Post & Co..... 27.00  
Water Supply Co..... 72.00  
Clerk..... 57.00  
O. A. Mason & Co. were awarded the contract for furnishing the schools with certain specified stationery supplies. Their bid was \$138.  
Superintendent Hickley's report was read showing an enrollment of 705.

The superintendent spoke in highly complimentary terms of the teachers for the interest which they were taking in their work. He suggested that recess be dispensed with in the high school and that the primary rooms be dismissed at 11:30 in the morning and 3:30 in the afternoon, and that a committee be appointed to set with him in purchasing from \$50 to \$100 worth of supplementary reading. The board accepted all of his suggestions.  
Trustee Snyder made a statement explaining Prof. Wood from the charge of making an interpolation in the uniform high school course of study. He showed that Prof. Wood's course of study was identical with that adopted by the territorial board of education three years ago and he therefore argued in favor of retaining the course of study in the schools of this city.

President Hopkins stated that parents of pupils had complained to him that in addition to the \$5 entrance fee paid by the board they were obliged to pay the fee of \$10 as chemical laboratory fee and \$5 physical culture fee. The matter was fully discussed by the trustees and finally referred to a committee consisting of Messrs. Fox and Harsch to devise some satisfactory adjustment.  
The board instructed the clerk to bring suits wherever necessary for the collection of the poll tax and agreed to support him in all such cases.  
The board then adjourned.

**A POKER STORY.**

How "Rough Riders" Quigg and Forrester Fought a Poker Game.

A correspondent of the Boston Globe, writing from New York, has this to say about two members of "Teddy's" forces:  
An illustration of how things went after the unspoken consent to "cut loose" was given in the city of New Mexico. In a group of officers of keeping up camp discipline was maintained as long as the regiment was together, but any kind of an excuse was good, even though the officers were supposed to be in as hard as usual to fool.  
One night the officer of the day noticed a light in a tent in troop's company street after dark. He poked his head in through the tent opening, and found two troopers, who had hastily risen, facing each other across a camp table. They were "Shorty" Quigg, of Atchison, Mo., and Fred Forrester, city marshal of Albuquerque, N. M. On the table lay certain mugs and various cards, and colored chips. The back of the tent in the distance had been rolled out under the flap into the night.  
The officer of the day looked severely from "Shorty," who is child-like of countenance, in a snarl, whose mighty bulk towered to the tent roof.  
"What do you mean by having a light at this time of night?" he inquired.  
"Shorty" made a ready answer.  
"You see I owed my partner here some money, and as we go on travel pay to-day I thought I would use no time in paying him. I was counting out the money as you see, reached, sir."  
This with a broad grin, and the gravity of a judge.  
The officer declared rudely it should not happen again, and the officer with a wink, as he walked away, something like a chuckle, reached the two previous rogues in the tent.  
Further on in this interesting write-up of the doings of the Rough Riders, the correspondent says:  
As the troopers on the train did off at the ferry, Ash, Quigg, Woods and Forrester turned a quiet for mutual enjoyment.  
"Say, ain't that a hot outfit!" said yet the other man from New Mexico, as the four went up 4th street. "That Woods is the deputy sheriff of Face county and has a way about him that makes people come along. He is the saloon business in Red River city, over the mountains. It's a boom town—mining—and it's lively."  
Then there's Forrester. Say, there ain't a city marshal in New Mexico can touch him. He always lands his man, no matter what is up.  
Forrest is only three feet across the shoulders and is six feet tall. His build is immense. "He's a husky chap and a dead shot," says the New Mexico outfit. "Shorty" Quigg is just as sure as that Woods is short but stocky. "He's a plumb giant that boy," said Ash. "Shorty" is smooth and elegant in speech. He is a railroad man. Coming up from Montebello, he was interested by the view of the Vanderbilt estate at Babylon. "Gentlemen," said he, gravely, "this is no country place. Will you join me in a game of golf?"

The biggest line of woolsens ever shown in the city will be at our store. Don't cost you a cent to get posted. The Railroad Avenue Clothier.

District Court.

The district court did not get organized this forenoon owing to the fact that the special venire for the United States grand jury had not been filed. The district court of the United States grand jury will be very light this term, but the territorial grand jury will have more work than usual as there are about forty or fifty cases to come up for investigation.

Thursday, Oct. 4.

On the above date, in the afternoon and evening, the ladies of the city and vicinity are cordially invited to attend the fall opening of artistic millinery at my store, No. 212 west Railroad avenue. The display will prove one of the nicest and finest ever seen in the southwest.
