MERRITT'S REPORT.

Tells of the Operations About Manila.

Hawaiian Congressional Commission Returns From Honolulu.

Gen. Wood Says That the Cuban Army Will Soon Disband.

DESTRUCTIVE FOREST FIRES.

Washington, Sept. 30.—The report of Major-General Merritt, of the operations about Manila, was made public yesterday. After giving briefly the story of his embarkation, the arrival at Manila, and the disposition of the troops there, he says: "Gen. Aguinaldo did not visit me nor offer his services as subordinate military leader, and as my instructions from the president fully contemplated the occupation of the island by the American land forces, I did not consider it wise to hold any direct communication with the insurgent leader until I should be in the possession of the city of Manila, especially as I would not until then be in a position to issue a proclamation and enforce my authority. In the event that his pretensions should clash with my designs, when troops of my command carried the Spanish entrenchments, extending from the sea to the Pasay road on the extreme Spanish right, we were under no obligations by pre-arranged right or mutual attack, to turn to the right and clear the front still held by Aguinaldo's insurgents, but were able to move forward at once and occupy the city and suburbs."

Constantinople, Sept. 30.—Advice from Van-say fighting occurred at Alashgar between the Turks and Armenians from Russia. About fifty Armenians were killed.

CUBAN ARMY WILL DISBAND.

Gen. Wood Dealing With Many Questions at Santiago.

Washington, Sept. 30.—Secretary Alger received a long letter from Gen. Leonard Wood, military governor of Santiago, dealing with many questions of interest to the public. Counting on his side with the highest type of soldierly qualities and executive ability, Wood was able to meet and overcome the problems presented in Santiago. He commends the intelligence that all indications point to a speedy disbanding of the Cuban army. "No one can fail," he says, "to see how long it will take to establish a stable government," but he thinks it will be quite a period.

Col. Hay Sworn In.
Washington, Sept. 30.—Col. John Hay was sworn in to office as secretary of state this morning at the white house by Justice Harlan. The ceremony was witnessed by his colleagues at the regular Friday cabinet session.

FOREST FIRES.

Still Spreading in Colorado—In Wisconsin Too.

Denver, Colo., Sept. 30.—Forest fires on the west slope are still spreading. The fires are now nearly three hundred miles in circumference with Glenwood on the center.

MAKING LITTLE HEADWAY.

Chippewa Falls, Wis., Sept. 30.—Forest fires are still creating a great havoc. No rain has fallen in the district tributary to this point since Tuesday. The companies are sending hundreds of men into the woods in the endeavor to save the starting pine. It is estimated already that \$200,000 of timber has been lost. A man on fire has been started to assist the fighting the flames but are making little headway, as everything is as dry as tinder.

QUENCHED BY RAIN.

Milwaukee, Wis., Sept. 30.—Reports were received at the railroad office that the forest fires in the northern part of the state were quenched by a heavy fall of rain late last night. At Cumberland, twenty-five inches of rain fell, and at Milwaukee, the rain was even heavier. The fires were quenched by the rain, and the forest was saved. The rain was a great relief to the people, and the forest was saved.

AGUINALDO'S CONSTITUTION.

He Does Not Want to be Dictator But He Would Like the Presidency.

New York, Sept. 30.—A dispatch to the Herald from Washington says: "Senor Aguinaldo, the Philippine representative, has made a public translation of the Philippine constitution that Aguinaldo was to have proclaimed at Manila. By this constitution Aguinaldo formally renounces his title as dictator and assumes that of president of the revolutionary government of the Philippines."

WILL BE BROUGHT NORTH.

The Sick Soldiers in Porto Rico to Come North Within a Week.

Washington, Sept. 30.—The war department has posted the following: "The president has given instructions that all the sick at Porto Rico be brought north as soon as they are able to travel with safety, the purpose being to relieve General Brooke of further care of the sick and at the same time enable the men to receive the best treatment obtainable. About seven hundred will leave to-day on the Relief and Missouri."

FIRE IN SOUTH DAKOTA.

Ipswich, S. D., Sept. 30.—The entire business portion of this city burned this morning except one block.

THE PRISON COMMISSION.

Paris, Sept. 30.—The American commission held its usual session this morning. It is believed that the commission is now planning and arranging

all details of the work which will be taken up when the commission begins joint sessions. The Spanish commissioners formally deny the paragraph purporting to give the substance of their instructions which appeared in a newspaper.

REBELLION SPREADING.

The Insurgents of the Philippines Are Still Inclined to Fight.

Madrid, Sept. 30.—A dispatch from General Rios, the Spanish governor of the Vizcaya islands, reported to have recently proclaimed himself governor general of the Spanish dominions of the Philippines, reports that insurgent ex-patriates have arrived at the Vizcaya islands. The rebellion is spreading, several provinces of Luzon have been invaded, some officers of the army and families massacred. The government and officials at Manila, on the island, have fled to Manila. La Correspondencia says the Americans are treating a new uprising of the insurgents, and urge the government to present a protest to the Paris commission.

COUNTY REPUBLICANS.

They Held a Rousing Convention at Court House.

Hon. Pedro Peres Endorsed as Candidate for Delegate.

Resolving Resolutions Unanimously Adopted by the Convention.

A MOST HARMONIOUS GATHERING.

The Bernalillo county republican convention to nominate delegates to the territorial republican convention for the purpose of nominating a candidate for delegate to congress, met at the court house at 10 o'clock this morning.

The convention was called to order by Thomas Hughes, chairman of the county central committee, Nestor Montoya acting as interpreter, and K. A. Mera as temporary secretary of the convention.

Hon. Thos. A. Finckel was elected temporary chairman and Sigfried Grunfeld temporary secretary.

Nestor Montoya was chosen as the interpreter of the convention.

A committee of three, consisting of Don J. Rankin, Alejandro Sandoval and Benito Peres on credentials.

A committee of five on permanent organization was chosen as follows: F. A. Dubbel, Cornelius Sandoval, B. S. Rodey, Jesus Romero and Thos. Hughes.

A committee of five on resolutions was appointed as follows: K. A. Mera, C. N. Cotton, S. E. N. Aldrich, J. N. Sandoval and Nestor Montoya.

The convention then took a recess of fifteen minutes.

Every precinct in the county was represented and there were no continuing delegations.

The committee on permanent organization reported the following for permanent officers of the convention:

B. S. Rodey, chairman; C. N. Cotton, secretary; Nestor Montoya, interpreter.

Mr. Rodey made an eloquent republican speech on taking the chair.

The committee on resolutions reported the following, which were adopted unanimously:

The republicans of Bernalillo county in convention assembled, do hereby re-affirm our belief in and adherence to the statement of the principles of the republic party as adopted at the national convention held at St. Louis in June, 1896.

Time has tested the strength and proved the truth of the doctrine therein enunciated, while the country at large has seen the influence of the republican party in the growth of the nation.

We endorse the able and patriotic administration of national affairs by William McKinley, our president, whose wise conduct of public affairs has won for him the plaudits of all the people, democrats and republicans alike.

We likewise commend the administration of Governor Miguel A. Otero in our own territory, as being wise, conservative and patriotic, and we urge the people of New Mexico to support him in his present term of office.

In behalf of ourselves and of the republican party of New Mexico, we, the brave sailors and soldiers of the great army and navy of the republic, who have achieved such brilliant victories while fighting behind the star-spangled banner, and who have made the American flag respected and honored in every quarter of the world, particularly are we proud of the brave sons of New Mexico, who have faced death at the point of the bayonet, the rifle and the cannon, whose names have been decorated by the brave deeds of the brave men of New Mexico, and who have proved that our territory cannot only furnish good citizens in time of peace, but also the best fighters in time of war.

We believe in the doctrine of territorial expansion, and think that national welfare will be advanced by the retention of this government of Porto Rico and other West India islands.

Finckel-Bernard.

A very pretty marriage ceremony was performed at the house of Mr. and Mrs. Aaron Rosenwald at 4 o'clock yesterday afternoon, when their daughter, Miss Amanda Rosenwald, became the bride of Mr. Berthold Finckel, a well known wholesale cigar dealer of Roswell, N. M.

Miss Amanda Rosenwald, the bride's sister, acted as maid of honor, and her brother, D. S. Rosenwald, assumed the part of best man. The wedding was one of the most interesting events that has taken place in Jewish society circles in this city for some time, and there was a large number of friends present from this and other places to congratulate the happy pair and to share them with handsome and useful presents. Mr. and Mrs. Finckel will reside at Roswell. They left for the west last night.

IN POLICE CIRCLES.

Marshall McLintin's Collections for September Amount to \$447.

Antonio Lamba, one of the demimonde of Albuquerque, made things lively around the corner of Railroad avenue and Second street last night by assaulting Amelia Abuita, who was arrested and her trial was adjourned until Monday night by Justice Crawford to-day.

William Gillette and William Miller were given five days apiece for vagrancy.

Marshall McLintin's collections for the month of September amounted \$447, which is \$71 better than they were last month, when they broke all previous records.

The police department has ceased to be an expense to taxpayers and is now a paying institution. This is as it should be—let the evil doers pay for their own folly.

Walter Clarke, colored, was fined \$5 for disturbing the peace of the Acero last night.

William Gillette and William Miller were given five days apiece for vagrancy.

PARTY OF PROGRESS.
The republican party is the party of progress and of business ability. All the great achievements of this country, in war or peace, in the last thirty-five years, have been consummated under republican rule. The republican party is the best fitted to settle the money question. It will settle it satisfactorily in good time.

THE BIG DAY.

Several Thousand People Attended the Fair Yesterday.

PARTICULARS ON THE EVENTS.

Yesterday was another gala day for Albuquerque, and, as it was generally reckoned to be, it was the best day of the fair. The parade in the morning, the speech making that followed and the show at the fair grounds in the afternoon were all good, and Albuquerque's visitors of fair view will return home feeling that they were well repaid with a delightful recreation for the little time they spent in the city. The weather man has been with us all week and he dispensed another day yesterday, and this was all that was required to make it a success in every particular.

A conservative estimate of the number of people who saw the races and paid game yesterday would place it at over 3,000, the ladies being present in large numbers.

Major Trimble of the street railway, states that the company never before fared so many people to the fair grounds in one day, and every public utility company is anxious to be in position to get the people out there.

THE HORSE RACES.

The racing contest won by Raymond M. Two Running Hares.

The racing contest between Raymond M. and Ophelia was the greatest and most exciting ever seen on the grounds. The prize of \$200 was to go to the winner of the best three out of five heats of a mile each, and the Raymond M. won. The first mile appeared from the grand stand to be a dead heat, but the judges decided that Raymond M. was slightly in advance of the gray mare, and the time was 2:24.

The second heat was slower, but not one whit less interesting. Raymond M. again proving the victor in 2:24, this time leaving no room for doubt which was ahead at the wire.

Ophelia succeeded in winning the third heat, exhibiting the fastest time made in the contests, making one mile in 2:10. Raymond M. was somewhat handicapped in this heat by the breaking of "one" spokes in his sulky. Raymond M. secured the next heat, which decided the race in his favor. His heat was as sharply contested by Ophelia as the first heat had been. The time was 2:24.

RUNNING CONTESTS.

The other horse races were two running contests.

In the half-mile dash it was Paty Dugan against the first time in the field, Jersey Maid and My Girl. The betting was about even on the race. Those that had seen Paty in two races the week before, and who knew him, thought that the big gun did not have such a snap after all.

But Dugan secured first place at the start and maintained it to the finish. Jersey Maid finishing second and My Girl third. Time 53 seconds. My Girl was in the "also ran" class.

Sir Kenneth was the favorite in the three-fourth of a mile race. "Jimmy" Flann on this animal set the pace for the other two, La Frontiera and Zarzola, and at no time was there much doubt as to the story the finish would tell. Sir Kenneth won in 1:20.

THE BICYCLE RACES.

The Raton and La Junta Visitors Won all.

A quarter mile bicycle race opened the program at the fair grounds yesterday. The entries in this race included Ben, a visitor, Al Krigger, Harry Lockhart and Russell Brooks of this city; Beeler, of Raton, and P. K. Lewis, of La Junta. Brooks was the favorite but this rider was by no means in good condition for a race, so the many who had seen him race before, are ready to say. Well, early took the lead and held it to the last thirty yards when Ed. Lewis spurred and won the race in 32 seconds.

The second contest was a two and a half mile race, of five times around the track.

Beeler, Krigger and Brooks entered. Brooks led behind and his friends thought he was only recovering his strength, but the third time around he dropped out of the race altogether. Beeler was ahead at the end of the last lap and he was announced as the winner in 1:20.

Some of the judges, not being satisfied with this decision, advised a cancellation of rules, when it was seen that Lewis was the winner on points, he being four times the laps for three, of a majority of legs.

In the one-third mile race Beeler, however, clearly won. Lewis coming in fourth. Harry Lockhart and Krigger were also in this race. Time made by Beeler was 46 seconds. The judges in the wheel contests were Messrs. Brockmeyer, Leo and Sleyter, S. Van, timekeeper, and Frank Lee, starter.

GOLDEN COCHITI EXHIBIT.

The Fine Display of Cochiti Ore at the Fair Attracting Attention.

In the mineral department the exhibit attracting the most attention is the carload of fine samples from the Golden Cochiti mine district. This exhibit represents twenty four of the mines included within the rich scope of country known as the Cochiti district, which contains no less than fifty or even seventy-five properties that will become paying mines in development. The best display is from the Lone Star mine, from which are four tons of ore, including sulphur, pyrite, and quartz, the latter possessing an average value of \$15 gold and being free milling. The richest ore is of the stephanite, which is shipping ore with a value of \$65 gold and \$21 silver to the ton.

There are also representative specimens of both milling and shipping ore from the Crown Point, Iron King, Giant Washington, No Name, T. S. K. W. J. R. Little Nellie, Shenandoah, Occident, Little Caspio, Victor, Chief, Union, Good Hope, Hopewell, Aspinwall, Point Brez, Cross Keys, Albemarle, Last Chance No. 2, and Galena.

Another fine display are the rich samples of sulphur from the Crown Point mine which run as high as \$470 to the ton, in gold and silver.

Specimens of opal, sulphur, free gold and native silver are also fine adjuncts to the exhibit and attract a great deal of attention. A collection of excellent photographs, the work of O. E. Tyler, the present secretary-treasurer for the Bland Mining company, is another part of the display from the Cochiti mine district and well depicts the scenes, mines, mills and town of Bland, the metropolis of the district. A feature of the exhibit is the explanation of descriptive text contained on the cards accompanying the various samples. The names of the property is given on these, its present owners, value in gold and silver, amount of development and the width of vein. Regarding the latter much information as to the great quantities of medium grade ore in the Cochiti mine, is given by a comparison of figures. Of the mines represented only three have veins less than ten feet wide, while others range from ten to thirty-two feet in width.

TALKING ABOUT HATS

your new Fall Hat especially—you will find our "og Block" absolutely perfect. The curl is graceful, the crown is becoming, the finish is faultless. The hat market is full of trash and the trash looks well—but wear it! You'll have to look elsewhere for it, however. Our new Soft and Stiff Hats are of such style and character and service that tell your friends your exact knowledge of "what's what."
