EDUCATION OF THE INDIAN

The Work That is Being Done in the Various Schools Throughout the Country.

PAST, PRESENT, FUTURE

Interesting Extracts From the Annual Report of U. S. Commissioner of Indian Affairs.

The annual report for the year 1904 of W. A. Jones, Commissioner of Indian Affairs, to the Secretary of the Interior, has just been published and a copy of it received by Superintendent Clinton J. Crandall, of the United States Indian Industrial School of this city. Extensive and very valuable information in regard to the past and present of the red man of this country is set forth in this splendid compilation and especially in the report on the advances made in the education of the Indians since the government first recognized the all-important necessity for educating the young in 1882, just 22 years ago.

In speaking of the work done in the various schools throughout the west the following extracts taken from the report will be of interest:

While the great majority of the Indian boys and girls return to their reservation or allotment, yet, many who have learned some trade or art have broken loose and gone out into the world to shift for themselves. There does not appear to be any prejudice against these workmen because they are Indians. So long as they are self-respecting and industrious they will be honored in any community. These boys are filling responsible positions. A full-blooded Indian holds the post of engineer on a Puget Sound steamboat. Another in the middle west is cashier of a bank. Instances could be multiplied. Thousands are employed as laborers on the railroads of the southwest, and some have become section bosses. As with the white race, the Indian who is industrious and "hustling," will get along. As with the white race, many are shiftless, drunken and worthless. The educated Indian laborer has a better chance than the uneducated, and so the parallelism continues.

Hundreds of Indian boys from Albuquerque, Santa Fe, Grand Junction and other schools, were engaged the past summer in the beet fields and on the melon farms of Colorado. For several years they have been thus employed and as evidence of their satisfactory work, the number called for each year has been increased. Superintendent C. J. Crandall, of the Santa Fe Indian School, reports that 40 boys from his school were taken to Rocky Ford, Colorado, on May 29, 1904, to work in the sugar-beet fields, returning on August 22. The gross earnings of these boys during that period was \$2,663.32. Their expenses were \$1,016.56, leaving net amount of earnings \$1,646.76. In a few instances, boys worked for farmers and collected their wages, which are not included in the above total. The net earnings of the boys were required to be placed on deposit with Superintendent Crandall, and they will be permitted to spend a just portion of them from time to time under supervision, and the remainder, if any, will be set aside as a "nest egg" when they return to their reservation home. One boy has already sent money to his poor parents at the Pima agency, and many of the boys are looking forward to going back next spring to work. Superintendent Crandall says:

"The real benefit the Indian gets from this outing is not the amount of money he earns or saves, but the experience, the contact, and the ambition to be more than a common Indian. There are several pupils under my charge I know of who make a practice of going out annually to work."

It would be impossible to trace the career of hundreds of bright Indian boys and girls who within the past decade have gone out of the schools and slipped silently in their places in the great world. It is customary to herald the release of educated Indians to the blanket, while hundreds pursue as do the white boys, the monotonous toll of daily life, working out their destiny; but with no sensation surrounds such a career, however creditable, the general public is not informed. The story of their moderate successes reaches this office from time to time, indicating that so many milestones in the progress of the race from barbarism to civilization.

Slowly but surely the forces of education have been working through the past decade, and the Indian's destiny depends on "work" not "rations." When the great corruption fund, technically called, "treaty funds," is divided up among the educated owners of it, then the final lap of the Indian's

TWO MORE OHIO BANKS SUSPEND

Institutions Forced to Quit Business on Account of Run—Receiver Appointed.

Washington, D. C., Dec. 20.—The Comptroller of Currency has been advised that the First National Bank of Conneaut, Ohio, closed its doors last night on account of a run which occurred yesterday, and National Bank Examiner Miller has been appointed receiver.

Banks Are Solvent.

Conneaut, Ohio, Dec. 20.—The First National Bank of Conneaut and the Marine Bank of Conneaut Harbor, did not open their doors for business today. The suspension resulted from runs on both concerns during the past few days. The officials claim their concerns are entirely solvent and declare that business will be resumed again in a short time.

Held No Chadwick Paper.

Cashier Lilley, of the First National Bank made the following statement: "Ever since the exposure of the Chadwick matter our depositors have been withdrawing their funds. We do not hold any Chadwick paper, but there is a general feeling of unrest. The money has been taken out gradually but on Saturday \$50,000 was withdrawn. On Monday practically all the remaining cash on hand was taken out."

INTERNATIONAL COMMISSION

Reception of Its Members by President Loubet a Brilliant Affair—American Member Absent.

Paris, Dec. 20.—President Loubet today received at Elysee Palace the members of the International Commission which is to inquire into the North Sea incident, but the non-arrival of Rear Admiral Charles H. Davis, prevented American participation. Admiral Davis will arrive tomorrow. The reception of this commission at the Palace was a brilliant function. Later in the day it was announced that a formal opening of the sessions of the commission would take place on Thursday.

ANOTHER BALLOT BOX OPENED

Indications Are That Two More Denver Election Officials Will Be Sent to Jail.

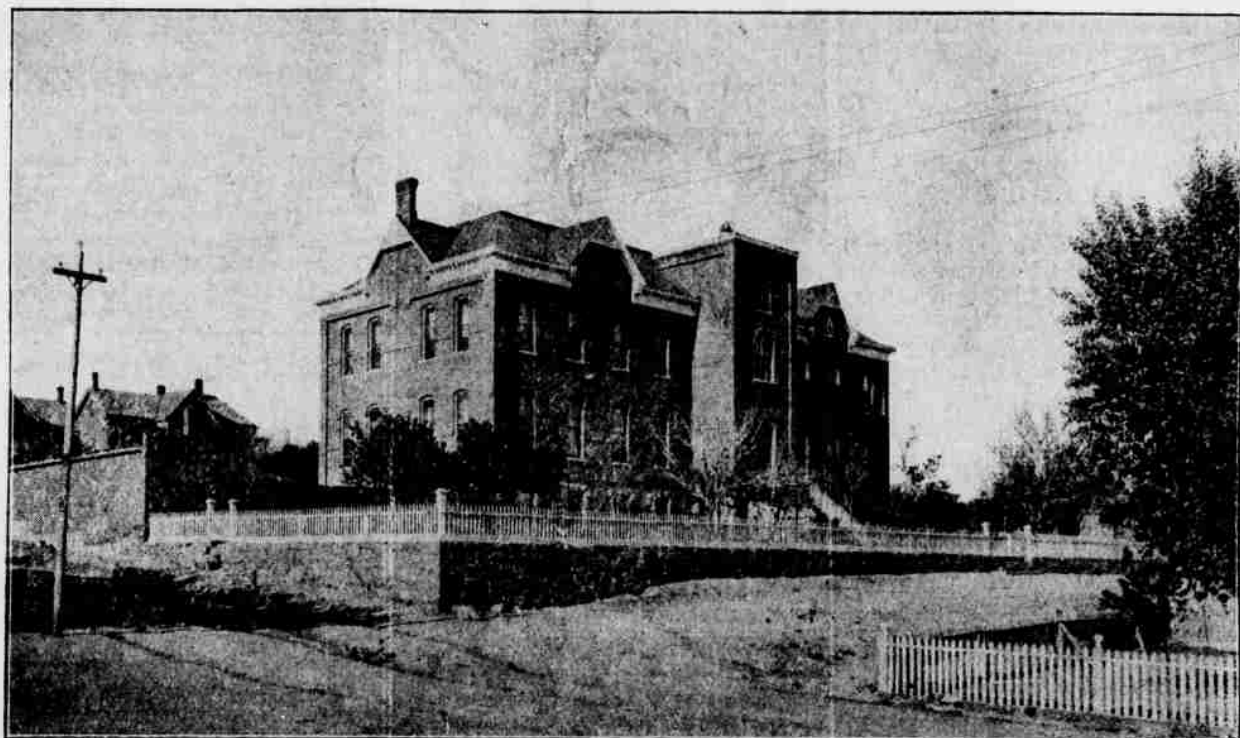

Denver, Colo., Dec. 20.—The supreme court this morning issued an order to have the ballot box in precinct 2, ward 4, opened in court at 2 o'clock this afternoon. According to the evidence introduced this morning, a number of fraudulent votes were cast. The men alleged to be responsible for the frauds are Isaac M. Goldman and Edward Sweeney.

race will have commenced. If he has learned to labor, to feel the urgency of it and apply it during his apprenticeship in the school, the chances are good that he will reach the goal in fine fettle. Many may fail, from inherent weakness or generally from outside influences, but we are striving to give the Indian his chance. After he has received it he must work or starve. The cry of the sentimentalists for more rations should cease, and the government injunction of "work" substituted. The Pima and Navaho Indians do not want rations but "water" and intelligent irrigation instruction. The Sioux and the Cheyenne do not want rations but cattle and intelligent agricultural instruction.

Irrigation on the Navaho Reservation.

The Indian office is steadily adhering to its plan of constructing small irrigation ditches within the Navaho Reservation, especially from the San Juan River, as set forth in last year's report. Authority has been asked to make certain expenditures in the construction of a dam on Black Creek and to straighten that creek so as to make more useful the Black Creek ditch; to improve and put in repair the agency ditch, otherwise termed the Fort Defiance irrigation system; to construct a ditch in Canon de Chelly; to repair the Wheatfield ditch and dam and to put in good condition the Cottonwood ditch and dam. According to the statements of Mr. Shoemaker, supervisor of irrigation, the expenditures are necessary in order that the Indians may have the full benefit of the ditches already constructed and the use of their lands along the proposed new ditch. He has also reported the feasibility and advisability of irrigation at Chin Lee and Round Rock. Further attention will be given to the construction of ditches leading from the San Juan River. The Indians utilize the ditches which have been constructed, keep them in repair and plant wherever water can be had.

Interstate Commerce Commission in Annual Report Asks for Increase in Legislation.

ANDREWS COMING HOME

Delegate-Elect Leaves Washington Yesterday for New Mexico—Governor Will Depart Soon.

Washington, D. C., Dec. 20.—The annual report of the Interstate Commerce Commission was transmitted to congress yesterday. Reference is again made to the principal objects of the act to regulate commerce and the publication and observance of tariff rates. The commission says in substance that successful regulation of rates depends upon the effective operation of both branches of the government. The act, as amended by the Elkins law of February 19, 1903, and which deals with the publication and invariable application of tariffs, appears to be operating successfully as applied to carriers subject to its provisions, but it is believed these provisions might be made somewhat more definite and extended to apply to other agencies connected with transportation, which may now be used as a means of affording concessions to shippers, which in effect reduce the cost of moving their products.

The commission calls attention to the fact that there has been no amendatory legislation conferring power over these rates and making the orders of the commission executive. In the present state of the law, after a careful and often extended investigation, the commission may find a rate complained against to be unreasonable and order the carrier to desist from charging that rate for the future; but it cannot, though the evidence may and usually does indicate it, force an other reasonable rate to be substituted for that which has been found to be unlawful.

In two instances during the past year the commission has been asked by both shippers and carriers to adjudicate controversies between them concerning the adjustment of rates. In each case the questions involved are of manifest importance as affecting the business of comparative communities and the traffic of the railway lines by which they are served.

The commission now thinks it probable that the cases now pending before it directly or indirectly affect every class of people in the United States.

Besides disposing of a large number of cases through informal investigations and deciding numerous questions arising in relation to the publication and observance of tariffs, the commission has rendered during the year twenty-seven decisions in reports and opinions upon contested cases or investigations made by the commission on its own motion. The report shows that in railway accidents there were 43,266 employees injured and 3,336 killed in 1904, as compared with 33,711 injured, and 2,516 killed in 1903, with which year comparison is made. There were 8,077 persons injured and 420 killed. The increase in the number of deaths of passengers over 1903 is 61.2 per cent. There were ten unusually disastrous accidents during the year, and the report says that the para-

mount requirement is an effective measure for the prevention of collisions. The commission urges the adoption of the block system.

For the year ending June 30, 1904, a preliminary report embraces returns for roads representing 209,002 miles of line or about 99 per cent of the mileage that will be covered by the final report.

On the mileage stated the gross earnings of the railways were \$1,966,633,821. Gross earnings for the previous year, on 205,313 miles, were \$1,900,846,907. The operating expenses of the railways for the years equivalent to \$6,375 per mile of line, of \$250 more than for the year 1903. The ratio of operating expenses to the earnings was 67 to 75 per cent.

Attorney General Moody Praises Judge Abbott.

Special to the New Mexican. Washington, D. C., Dec. 20.—Attorney General Moody today stated that Judge Ira A. Abbott, who was recently appointed an associate justice of supreme court of New Mexico, is an able jurist and had for many years served as a circuit and district judge in Massachusetts with great credit and honor. Judge Abbott is considered one of the best lawyers in Massachusetts. The Judge is a resident of Haverhill, that state.

Delegate-Elect W. H. Andrews left yesterday for New Mexico and will be in Albuquerque on the 23d and in Santa Fe on the 24th. Major W. H. H. Llewellyn, of Las Cruces, Judge B. S. Baker and Captain W. E. Dame, of Albuquerque, left today for their respective homes. Governor Otero will remain here several days before returning to New Mexico and it is expected that he will go to New York before doing so.

Investigation Nearing Close.

The attorneys for the protestants in the Smoot investigation today intended to conclude the examination of the witnesses that they had been able to reach with subpoenas and in all probability will rest their case. Summons have been issued for a number of Mormon officials wanted by Attorney Taylor, but the Senate officers have not succeeded in getting service on them. Among the most prominent of these are Apostles Taylor, Merritt, Grant and Growley, who are charged by the Protestants with taking plural wives since the Woodruff manifesto. Apostle John Henry Smith was the first witness called.

B. B. Haywood, U. S. marshal for Utah, who received the subpoenas from the sergeant-at-arms of the Senate for witnesses wanted by the committee, was sworn and testified he had the subpoenas for 14 or more persons whom he had been unable to find. He gave the list which included some prominent heads of the Mormon church.

At 2:50 o'clock this afternoon Attorney Taylor announced that the protestants had presented all their testimony in the case against Senator Smoot.

Rushing to Oregon to Clear Their Skirts.

A Washington dispatch says that Senator Mitchell and Representative Hermann (Oregon), who heretofore have refused to obey subpoenas to appear as witnesses in the cases against alleged fraudulent land entrymen in Oregon, left hurriedly and unexpectedly for Portland this afternoon.

Word came to them today that Puter, Mrs. Watson and others recently convicted of land frauds in Oregon had confessed their guilt and in addition had implicated both Mitchell and Hermann in the frauds. Both issued statements this afternoon to be sent to the Oregon press denying any complicity in the frauds and intimating that the confession and charges against them

were obtained through a promise of immunity to convicted persons.

Mitchell and Hermann will reach Portland Sunday and will demand that they be permitted to go before the grand jury, which will convene tomorrow, and be given an opportunity to clear themselves of the charges of complicity and of knowledge of land frauds. The belief prevails here that Mitchell is entirely innocent and that his part in the transaction, which consisted in introducing Puter and Mrs. Watson to officials of the general land office, was simply perfunctory and that he had no part in their scheme to defraud the government or knowledge of their intentions.

No Dancing in Capitol.

The house yesterday emphatically disapproved of the proposition to hold the inaugural ball in the Capitol building.

A resolution making a special order for January 5, the bill to restore to the naval academy three cadets who were dismissed for hazing, also was voted down.

JAPS CAPTURE BRITISH SHIPS

Russian Officers on One and Officers, Men and Contraband on the Other.

Tokio, Dec. 20.—The British Steamer, King Arthur, was captured while attempting to leave Port Arthur yesterday by the Japanese guardship, Asagiri. It is understood that the King Arthur took supplies to Port Arthur. It had on board Russian naval officers, who were attempting to join the Russian Second Pacific Squadron.

Jap Cruiser Makes Capture.

Tokio, Dec. 20.—The Japanese protected Cruiser Tsu Shima seized the British steamer Nigretia, bound for Vladivostok, off Ulsan, Korea, yesterday. An examination of the Nigretia's cargo showed that it had a large quantity of contraband freight aboard. The vessel was sent to Sasebo for trial before the prize court. It is reported the Nigretia had on board the officers and men of the Russian torpedo boat destroyers who had escaped from Shanghai and were attempting to regain the Russian lines.

MURDER MYSTERY STILL UNSOLVED

Colorado Springs Sensation Baffles Detectives and Police—Body Still Unidentified.

Colorado Springs, Colo., Dec. 20.—Every available officer of the police department and the sheriff's office is at work today on the Cutler mountain murder mystery and there are several detectives from other points assisting the local officers.

So far the only tangible clue is the dental work in the dead girl's mouth. The reports that the body might be Miss Lena Weber, of Kansas City, Missouri, were dispelled by the finding of Miss Weber alive in her home in Kansas City. Also the report that it was Miss Marguerite L. Griffing, was dispelled by the finding of her alive at her home in Gunnison.

CATHOLIC BISHOP DEAD.

Pittsburg, Pa., Dec. 20.—Right Reverend Richard Phelan, Bishop of the Roman Catholic diocese of Pittsburg, died at noon today.

Call on the New Mexican Printing Company for engraved visiting cards.

THEIR LIVES CRUSHED OUT

Horrible Catastrophe as Result of Recent Conflagration in Minneapolis.

DEAD NUMBER EIGHT

High Gale Caused Walls to Topple Over Upon Adjoining Building—Work of Rescue.

Minneapolis, Minn., Dec. 20.—The side walls of the Peck building, on South Fifth Street, which were left standing after the fire last Tuesday night, toppled in a high gale early today, upon the Crocker Hotel, a three-story structure adjoining.

Tons of brick and mortar crashed through the building, carrying floors and all into a mass of debris in the basement. There was no warning of the disaster and 14 persons sleeping in various apartments of the building were caught in the crushed structure. Eight of them were killed.

The dead are: Hans Anderson, James Hamilton, C. M. Kenyon, William Lillyblade, Mrs. Maggie McClaire, cook; William Emerson, William Braa and Joseph Violet. Five people were also badly hurt.

Passersby who heard the crash promptly turned in a fire alarm and the department arrived in time to check the incipient blaze from the wreck and the firemen and policemen at once turned their attention to rescuing those still alive and the recovering of the dead.

WILL INSTALL PUMPING PLANTS

Government Work Responsible For Suffering of Pima Indians—Relief at Once.

Washington, D. C., Dec. 20.—Dr. Charles L. Thompson, secretary of the Presbyterian board of missions, discussed with President Roosevelt yesterday the serious condition of the Pima Indians of Arizona. He told the President the Indians were actually dying of starvation because their lands had been rendered unproductive by the diversion of the water of the streams running through them. The diversion of this water was caused by the development of plans of the government for the irrigation of arid lands.

Through the commission, the President already has made an investigation of the matter and it is not unlikely that pumping stations will be constructed on the Pima Indian lands to supply them with sufficient water for all purposes. These pumping stations will be erected in connection with irrigation plants which are being put in under the direction of the government.

SUPPOSED TO BE PLATINUM

Ore Deposits of This Valuable Metal Believed to Have Been Found on Piedro Lumbré Grant 60 Miles North of Santa Fe.

News has just been received in this city of a probably rich platinum strike on the Piedro Lumbré Grant, in Rio Arriba County, which is owned by local parties and on which the option is held by James Carpenter, a Denver mining expert. It is established that placer gold exists in the Chama River bed, about eight miles north of Abiquiu and Mr. Carpenter and Edward Houke, an engineer, have been working in that vicinity for some time.

Last week they were drilling through a bed of gold-bearing gravel, which existed to a depth of 22 feet, when they struck a hard substance, of which they did not know the nature as it was decidedly foreign to the locality and new to the engineers. After a few tests, they came to the conclusion that it was platinum ore and sent samples of it to Denver to be assayed. No report as yet has been received but it is expected that they will hear from Denver in a few days.

On drilling further they struck bed rock at a depth of about 42 feet, but the supposed platinum extended in a solid mass to that depth. If their hopes are realized and the report from the assayer is that the ore found is platinum, there is a fortune in store for the engineers and the owners of the grant as the metal is exceedingly scarce and brings \$19 per ounce. Nearly all the platinum used in this country is brought from abroad and much of it comes from the placer fields of South Africa and Australia.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

ALLEE SAMEE IN NEW MEXICO AND ARIZONA.

In Arizona the people are still more strongly opposed to joint statehood with New Mexico, than they are in the Sunshine Territory, and here their position is strong enough as every body knows. During the past two weeks, and since the pro-joint statehood agitation has again begun in Washington, public mass meetings have been held throughout the sister territory, in all of which strong resolutions against joint statehood were passed. These were very well attended. County boards, boards of trade, chambers of commerce, commercial clubs, and other representative organizations, have passed strenuous resolutions against the Hamilton joint statehood bill. Mr. Rodey's interview of two weeks ago, in which he attempted to tell the people of the United States that sixty-five per cent of the voters of New Mexico and Arizona favored joint statehood, has also received attention, but by no means favorable attention. It is universally denounced by the press of the Territory. The Phoenix Gazette comments upon it and the existing feeling in Arizona as follows in its issue of the 15th instant:

"The Imaginative Mr. Rodey.
"The people of New Mexico at the last election did themselves proud when they voted Mr. Rodey into private life. No stronger proof could be given that a majority of the citizens of our sister Territory were opposed to joint statehood, yet Mr. Rodey is quoted as stating recently that sixty-five per cent of the people of New Mexico are in favor of joint statehood.
"Such assertions are bad enough in light of the turn down given him in November, but he is quoted on going even further and stating that the territorial office holders of Arizona are trying to create the impression that there is strong opposition to union with New Mexico. If the above interview is correct, Mr. Rodey is either very ignorant of the feelings of the people of Arizona or he is deliberately trying to deceive.
"In the last two years every board of trade, every board of supervisors and every political organization in Arizona has passed resolutions against joint statehood. Fully twenty per cent of the people of Arizona are unequivocally opposed to it and will so vote if the question is ever submitted to them. The imagination of Mr. Rodey is a wonderful thing."
And on the 16th instant the paper says:

"All Arizona Against It.
"Through a typographical error The Gazette was made to say in yesterday's issue that 'Fully twenty per cent of the people of Arizona are unequivocally opposed to it (joint statehood) and will so vote if the question is ever submitted.' It should have read 'Fully ninety per cent of the people of Arizona are unequivocally opposed to joint statehood,' and we might even go further and state that ninety-eight per cent will vote against the question of making one state of Arizona and New Mexico. Should the proposition be submitted to a vote, there is little doubt but that the citizens of this Territory would vote almost unanimously against it.
"Capitalists, business men, professional men, tradesmen, and those whose only interest in life is living are opposed to joint statehood, for there is every reason why such a thing should not be forced upon us and not one good reason to favor it. Besides there is a sentiment in connection with the loyalty of the people that is stronger than all else and it is needless for Congress to spend the money to hold an election."

It is a pity that it is true, but it is true that Delegate B. S. Rodey misrepresents the people of New Mexico in the matter of the passage of the Hamilton joint statehood bill and what is more, he knows it. He cannot plead ignorance. The vote in New Mexico on November 8th, last, tells the tale too plainly.

A PROPER VIEW OF SECRETARY PAUL MORTON.

The announcement that Secretary of the Navy Paul Morton has concluded to remain in the Cabinet after March fourth, is being received with approbation by the people. The secretary is well known as a brainy western man, of great experience, fine executive ability and much business tact. The Kansas City Star comments upon this fact saying that it is interesting to learn that Mr. Paul Morton has agreed to remain in the Cabinet in order to give the President expert advice on the railroad problems that are pressing for settlement. Mr. Roosevelt's important recommendations to Congress for the regulation of rates are certain to attract bitter opposition. Secretary Morton, with his long railroad experience, ought to serve as an intelligent, valuable intermediary between the roads and the administration. The Secretary is thoroughly acquainted with every phase and problem. He cannot be suspected of hostility to the legitimate interests of corporations. Therefore, he can effectively urge that he favors the proposed regulation, not alone because of its bearing on the rights of the people, but because it is to the advantage of the roads, protecting them from the radical action that public opinion would be certain to force later, should the existing abuses continue unabated. His training has fitted Mr. Morton to be of especial service to the government and to the country as a whole at this juncture. If he can help secure the desired remedial legislation, he may feel more than satisfied with the results of his retirement from railroad work.

The joint statehood boomers, who are few and far between in this Territory, are like frogs in the evening, making great fuss and much ado, but like the frogs, their noise will amount to nothing. The results of the recent elections in New Mexico and Arizona are proof positive that nine-tenths of the citizens of the two territories are absolutely opposed to joint statehood under the present Hamilton joint statehood bill.

Litigants in civil cases should bear the costs of the juries if they demand jury trials. There is neither rhyme nor reason in the present system under which the taxpayers foot the bills in civil proceedings, as long as there is money in the court fund. Here is one direction in which the Legislative Assembly can with safety and fairness reduce taxation.

Ex-United States Senator David B. Hill, Democratic boss of New York, stated some months ago that on the first of January, 1905, he would retire from politics. That date is approaching, and that fast. If Mr. Hill keeps his word, he will find that the people of the country will take his retirement very coolly and that there will be no tears shed thereat.

Should the joint statehood bill pass, there will be a strenuous time in New Mexico during the year of our Lord 1905. If a row is to come, all right. Again, in the words of the New Mexican's good and great friend, United States Senator Tom Patterson, of Colorado, "Let us have trouble!"

From New York comes the report that the postmaster of Gotham has been instructed to run the post office there upon a non-partisan plan. Boss Murphy, of Tammany, fainted when he heard the news. "So different from Tammany," said he.

The New York board of aldermen has considered an ordinance, which, if passed, will keep suspicious persons away from Gotham. Should this ordinance become effective, the population of the city will immediately drop off one-half and probably more.

A Kansas contemporary says that the Kansas bankers have more money than they know what to do with. Let them send it here and to the newspapers. It will be gratefully received and placed where it will do the most good to all concerned.

The proposition will come before the next Indiana legislative assembly for the establishment of the whipping post for wife beaters in that state. To be classed in the same category as Delaware is rather tough on the Hoosiers.

Mrs. Chadwick, as an explanation of her conduct, says: "I am different from other women." A very good thing this for the bankers of the country. Were ten per cent of the women of this country like Mrs. Chadwick, "what on earth this world would be?"

Fifty owners of groceries in Philadelphia have been indicted for selling adulterated foods. The City of Brotherly Love may not be great in political morality, but it looks out for its citizens in other directions and that well.

There is such a thing as being too polite and too fair in politics. In the recent election, a Connecticut man who ran for office, voted for his opponent and the latter managed to get one majority.

The President has rescinded the order of removal of Judge B. S. Baker and the Judge very kindly resigned. All's well that ends well.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

The Vice-President Independent Order of Good Templars.

An experience which many women have had is related by Miss Agnes Stebbins, of 231 East 23rd Street, New York City, as follows: "I had very poor health for a year until life looked dark and dreary to me. Had headaches, backache, also pain, my sleep was broken and fitful. I longed for health. Tried several medicines but none were of any lasting benefit until I took Doctor Pierce's Favorite Prescription. I soon realized that I had found the right remedy. It helped nature to throw off the poisons that saturated the system, removed all pains and strengthened the digestive organs, and brought the roses of health back to my cheeks. This medicine if taken occasionally keeps the system in perfect condition, helping it to throw off the disease and consequences of exposure to dampness. I am pleased to give it my endorsement."

"Favorite Prescription" makes weak women strong, sick women well. Accept no substitute for the medicine which works wonders for weak women. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of 21 one-cent stamps for the paper-covered book, or 31 stamps for the cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

The demand for an improvement in the present jury law is very strong in every section of the Territory. The Thirty-sixth Legislative Assembly must give it attention.

The leading lady of a Berlin theatrical troupe resigned therefrom because the leading man hugged her too hard. She was too hasty. She should have asked him to hug lighter.

Prices of American wheat and flour are soaring and all on account of the Russo-Japanese war. Which ever way wars go, the American farmer is the gainer.

The days of Mrs. Cassie L. Chadwick as "a Napoleon of finance" are over. The cruel law has cut her career short.

Lamb is a popular dish in New York City. They are always frying the fat out of the lambs that go there.

After all, General Kuroki, although killed several times by the Russians, is not dead. The Japanese are tough.

The price of sugar has advanced again. Prosperity is sweet, but in the sugar line it comes high.

Catarrh Cannot be Cured
with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarrh. Send for testimonials free.
S. J. CHENEY & CO., Props., Toledo, O.
Sold by Druggists, price 75c.
Take Hall's Family Pills for constipation.

"COMPLIMENTS OF THE SEASON"
Marked right on box in gold relief. Fine cigars. Just the thing for "Xmas" presents. 25 to 50c.

"THE CLUB."

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

Revolution Imminent
A sure sign of approaching revolt and serious trouble in your system is nervousness, sleepless, or stomach upsets. Electric Bitters will quickly dismember the troublesome causes. It never fails to tone the stomach, regulate the Liver, and clarify the blood. Run down systems benefit particularly and all the usual attending aches vanish under its searching and thorough effectiveness. Electric Bitters is only 50c, and that is returned if it don't give perfect satisfaction. Guaranteed by Fischer Drug Co.

A Costly Mistake.
Blunders are sometimes very expensive. Occasionally life itself is the price of a mistake, but you'll never be wrong if you take Dr. King's New Life Pills for Dyspepsia, Dizziness, Headache, Liver and Bowel troubles. They are gentle, yet thorough. 25c at the Fischer Drug Co.'s.

"I was much afflicted with sciatica," writes Ed C. Nud, Iowa, Sedgwick county, Kansas, "going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons; all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c, \$1.00. Sold by Fischer Drug Co.

Old-fashioned Training

Its Strong and Weak Points.

The strong point of the old-fashioned training was the stress laid upon morality and virtue. "Be good and you'll be happy," was the common precept set before the growing child. But as the girl grew up to maidenhood she was often sorely puzzled to reconcile those past teachings with her present condition. She was good. Her soul was pure as the lilies of her garden. Her heart was undefiled. And yet she was desperately unhappy by reason of physical ailments common to women.

This was the weak side of old-fashioned training: It ignored the

1899, through the advice of a neighbor, and followed your advice from April to July. I took five bottles of Doctor Pierce's Favorite Prescription, and four of 'Golden Medical Discovery' and five vials of 'Pellets.' Have not had a single symptom of my old trouble so far. Can sleep good nights, work hard, and can eat solid and substantial food without distress. There are several of my friends taking your medicines with the best results since they have seen how they helped me.

"If any one wishes to know more of my case and will enclose a stamp I will answer any question they wish to ask."

HEALTH FOR WOMEN.

The use of Dr. Pierce's Favorite Prescription has brought health to thousands of hopeless women. If you are sick it will almost surely bring health to you. In all the hundreds of thousands who have used 'Favorite Prescription' for womanly ills, only two in every hundred have failed of a perfect and permanent cure. And even these two in every hundred have been benefited, their pains eased, their burdens lightened, their lives made happier.

Dr. Pierce's Favorite Prescription establishes regularity, dries enfeebled and unhealthy drains, heals inflammation and ulceration and cures female weakness. From the first change of life, when the girl becomes a woman to the last change of life it is a "Godsend to women" as a preservative of health and a cure for womanly ills.

"Your letter just received," writes Miss Rose Kilfether, of 43 West Sharpnack St., Germantown, Philadelphia, Pa. "Words fail to express how thankful I am to you for your advice. I must confess that for the length of time I have been using your medicine I have found it to be the most wonderful and best remedy for female troubles that I ever have tried. Sorry I did not know of your 'Favorite Prescription' years ago, but will gladly tell my friends who are suffering of your wonderful medicine."

There is no alcohol in 'Favorite Prescription' and it is entirely free from opium, cocaine and all other narcotics. Sick and ailing women are invited to consult Dr. Pierce, by letter, free. All correspondence held as sacred and womanly confidences guarded by the same strict professional privacy which is observed in the personal consultations of Dr. Pierce and his staff (numbering nearly a score of physicians) at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y. Address Dr. R. V. Pierce, Buffalo, N. Y.

It sometimes happens that the dealer tempted by the little more profit paid by less successful preparations, will try to press a substitute upon the customer, claiming that "it is just as good as Pierce's." It is well to remember at such a time, that the claims of superiority made for Dr. Pierce's Favorite Prescription do not rest on mere words, but upon cures. Thousands of weak women made strong and sick women made well testify to its superiority over other put-up medicines for women.

THE BIBLE OF THE BODY. is a title which has been aptly applied to Dr. Pierce's Common Sense Medical Adviser. In plain English it points the way to womanly health and happiness, and fully discusses and illuminates those great and grave questions which involve the well-being of women. This great work, containing 1008 large pages, and over seven hundred illustrations, is sent free on receipt of stamps to pay expense of mailing only. For the volume bound in durable cloth send 31 one-cent stamps, or only 21 stamps for the book in paper-cover. Address Dr. R. V. Pierce, Buffalo, N. Y.

needs and requirements of the body. All its effort was to guide the heart and mind. The body might stumble along anyhow, and it generally did.

Many a sweet-faced, modest-minded young girl has had her first doubts of the goodness of Providence come in through the door of physical suffering. "Why must I suffer in this way?" she asks. "Why does my back ache, my head throb and my side pain, so that I am fain to creep away into a darkened room and forego the pleasures which belong to my season of life?"

NO ANSWER COMES

as a rule to these questions. The young woman looks around and sees scores of similar sufferers. She is told it is a part of the burden laid upon women, and she shapes her shoulders to her heavy load. This is all a mistake. Proper training, proper physical care would many times prevent these miserable conditions. But in any case, however distressing the present condition, it can be cured by the use of Dr. Pierce's Favorite Prescription, if it is a disease curable by medicine.

"I write a few lines to thank you for your advice and grand remedies, to which I owe my health, and perhaps my life," says Miss Flora I. Greer, of 107 Howe Street, Akron, Ohio. "My trouble started during my childhood, but did not prove serious until 1893, when I met with an accident caused by a horse running away. From that time I did not see a well day. I suffered at every monthly period with terrible headache, irritation of the spine and pains in my heels so I could not bear them resting on the softest pillow. What I suffered pen could never describe. I had soreness through my hips and ovaries all the time and constant backache. Was afraid to be alone, imagined that every one hated me, and everything looked like a mountain. One doctor would tell me one thing and another would say something altogether different, but they only relieved me. I then wrote you in April.

NEW MEXICO'S GEOGRAPHICAL LOCATION

Boundaries, Extent and Changes Since the Territory's Annexation to the United States.

At a recent meeting of the Forum in this city, the following paper on the geographical location, boundaries, extent and changes of boundaries of New Mexico was delivered by A. H. Broadhead. At it is very interesting from a historical standpoint. It is republished for the benefit of the readers of the New Mexican:

"Geographically, New Mexico forms part of the 'Great Southwest' of the United States, destined with the building of the Panama Canal and better irrigation laws to take an ever increasing commanding position in the affairs of the nation. The saying is, if you want a 'roomy house,' take a square house, and a glance at the map will show that we have the 'roomy house' among the children of the United States family. Vast as is its extent today, in olden times still more broad acres were hers, and the changes in the extent and boundary of this tract form the subject of my story.

"The Spanish explorers were not in the habit of regarding details in their discoveries, they simply laid claim to all the land from ocean to ocean, and we have to come to almost modern times before definite boundaries were given to this section of our country.

"While the explorer Cabeza de Vaca, who is said to be the first European to penetrate New Mexico, and who traveled up the Rio Grande River to about the center of this country; and Nuno de Guzman, President of New Spain, who entered its southwestern half, probably laid claim to all the country in the name of Spain. It is in the expedition of the Friar, Marcos de Niza, in 1539, that formal possession is taken of the 'Seven Cities' within the borders of New Mexico for His Majesty the Emperor—a province of Cibola, near what is now Zuni, became by this act the new kingdom of St. Francis.

"The next expedition that broadened out these boundaries was that of Coronado, who after penetrating the country and crossing the Rio Grande near San Domingo, marched on, covering, it is believed, the Indian Territory, Kansas, and finally stopping on the borders of the Missouri. He says in his report to Emperor Charles V: 'The inhabitants recognized your majesty and submitted themselves to the power of their rightful master.'

"Through the years of the Spanish exploration that followed and during those when the Spaniards were expelled by native Indians and the country again retaken by the Spaniards, boundaries must have fluctuated with the tide of war and in 1823 this country was incorporated with the Republic of Mexico.

"The boundaries of our Territory as part of the United States are as follows: The Texas annexation in 1845 gave us more than the eastern half of the Territory as it stands today; the other half was from that vast Territory ceded by the Republic of Mexico in 1848, excepting a small part of the southwest corner which came from the Gadsden Purchase in 1853.

"Its extent can be briefly bounded as follows: On the south by Texas and Mexico in nearly equal parts, on the west by Arizona, north by Colorado and east by Texas, with a small part of Oklahoma.

"New Mexico has a vast domain only sparsely inhabited. There are hardly two inhabitants to each square mile, only one acre out of every 300 is cultivated. But it is not only its length or breadth that commands attention; the last issue of the Bureau of Immigration has this to say of its altitude: 'New Mexico is part of the roof of the American continent. From one side of this roof the waters flow into the Atlantic and from the other into the Pacific. The roof not only slopes to the east and west, but also from the north to the south, there being a difference of 3,000 feet in the average altitude of its northern and southern boundaries. The ridge of the roof which traverses the western part of New Mexico varies in altitude from 4,000 to 13,000 feet.'

\$390 FOR LETTERS ABOUT THE SOUTHWEST.

The Rock Island system offers 20 prizes, of the aggregate value of \$390, for letters relative to the territory along its lines in Arkansas, Kansas, Indian Territory, Oklahoma, Texas and New Mexico. Letters should deal with the writer's experiences since he settled in the southwest. They should tell how much money he had when he arrived, what he did when he first came, what measure of success has since rewarded his efforts and what he thinks of that portion of the country in which he is located. Letters should not be less than 300 nor more than 1,500 words in length and will be used for the purpose of advertising the southwest.

Letters are desired not only from farmers and farmers' wives, but also from merchants, school teachers, clergymen; from everyone, in brief, who has a story to tell and who knows how to tell it.

For circular giving details, write John Sebastian, passenger traffic manager, Rock Island system, Chicago, Illinois.

LET THEM TELL IT.

The Public Utterances of Santa Fe Citizens Are What Count. Publicity Is What the People Want.

Let them tell it. Let the public speak on the subject. It means better understanding. Means less misery in Santa Fe. Means confidence in a good thing. Home endorsement counts. Easier to believe your neighbors. Than strangers in a far-away town. Every box of Doan's Kidney Pills is backed by home testimony. Kidney disorders—urinary troubles—Are on the decrease here. Doan's Kidney Pills are Relieving backs and curing citizens. It is their daily work. Here's a case in point.

Alberto Garcia, ex-police officer of San Francisco st., says: "When a man has attacks of backache for four or five days at a time and those attacks extend over a period of two years, he must arrive at this conclusion, he is subject to some form of kidney complaint. In my case other symptoms plainly indicated that I required a medicine to strengthen my weakened kidneys, and allay inflammation of those organs. This led me to go to Ireland's Pharmacy for Doan's Kidney Pills. They certainly helped me a great deal and tided me over the last attack. If others occur, I now know how to stop them in the incipient stage."

For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

A HOME.

The Bon Ton is a home for those accustomed to the best. A choice of table d'hôte or a la carte—change back and forth, forth and back—as often as you please.

BIND YOUR MAGAZINES.

The cost is little enough and the volumes will be a valuable addition to your library. The work we do in this line is as high-class as our printing—and you know our kind of printing. We will bind your magazines in good style, half morocco, for \$1.25 per volume. NEW MEXICAN PRINTING CO., Santa Fe, N. M.

SCRATCH PAPER.

Made from ledger, linen, flat and book papers at 10 cents per pound at the New Mexican. This is scrap paper put up in pads and is less than the paper originally cost. Only a limited supply.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Murdoch, Assistant General Passenger Agent, City of Mexico.

COMFORTS OF TRAVEL.

The porter on the California Limited this winter will be prepared to press a gentleman's trousers while he waits. This is a new wrinkle, introduced for the benefit of fastidious dressers. It isn't absolutely necessary to carry along an extra pair of trousers, either; the porter works while you sleep.

On this luxurious train daily market reports are received by wire; there are the latest morning and evening newspapers issued on route, fine stationery, a library of western books and current magazines. A Whittely exerciser for those who wish to keep up their athletics, and electric curling irons for the ladies are other traveling comforts. The Santa Fe intends to keep its fast flyer to the front.

SANTA CLAUS HAS ARRIVED!

HIS HEADQUARTERS ARE NOW IN OUR GREAT TOY DEPARTMENT

Space would not accommodate the vast throngs that welcomed SANTA CLAUS' arrival on Saturday, so the good old fellow immediately commanded us to make this Christmas department larger. So we are hard at work broadening our aisles and arranging more space for the thousands of New Toys with which he came laden. He also wished us to announce that he will remain here until Xmas eve, and extends a cordial invitation to all of the little folks to come and visit him.

HIS CHRISTMAS

What are you going to get for him for Christmas, nearly everybody has a "him" or two to buy for. We cater only to "hims." Perhaps our suggestions will aid you to get him just what he needs, and just what will please him. If you can't find something suitable for his Christmas here, where in the world would you expect to find it.

SUGGESTIONS

LADIES

Fur Collarettes, Waists, Dress Patterns, Fancy Collars, Skirts, Slippers, Etc., Etc.

MENS'

Smoking Jackets, Neck Wear, Mufflers, Gloves, Shoes, Hats and Caps, Fancy Vests, Etc., Etc.

Hosiery, Suspenders, Shirts, Collars and Cuffs, Underwear, Overcoats, Suits, Etc., Etc.

Every article fairly and rightly priced; no fancy figures. We'll put aside anything you select and keep perfectly "mum" about it until Santa Claus time.

Salmon & Abousleman

TRAMP ASSAULTS ISLETA WATCHMAN

Officer Has Desperate Encounter With Hobo He Tries to Prevent From Stealing a Ride.

Charles Mainz, watchman for the Santa Fe at Isleta, was stabbed in the neck and seriously injured by a tramp on Friday night last while trying to prevent the fellow from boarding a west bound train for the purpose of beating his way. The injured man was taken to the hospital at Albuquerque, where the surgeon in charge dressed the wound and it is believed he will recover.

Mainz was patrolling the railroad yards at Isleta when he noticed three men loitering about an adobe house near the track, evidently waiting for a chance to steal a ride. The watchman approached the trio and told them to move on as he would not allow them to board train No. 1, which had just pulled into the yards.

The fellows paid no attention to him, but proceeded to climb onto the blind baggage. Mainz pulled one of them off when the fellow suddenly turned on him and slashed him in the neck with a knife. The watchman did not realize that he had been injured at first, and chased his assailant for several miles and succeeded in getting several shots at him.

The Albuquerque police were notified and two officers were sent to Isleta. They rounded up several suspects who were taken before the injured man at the hospital, who identified one of them as the man who did the cutting. He was locked up, pending the outcome of his victim's wound.

Adulteration goes full length in spices and flavoring extracts—you think it isn't worth while to cheat in such trifles—four-fifths of "vanilla" is tonka; cost's one or two cents for "\$1-worth". Schilling's Best are entirely pure; at your grocer's.

Cut rates for wines, liquors and cigars at St. Elmo Club.

Advertising pays. Try it and see.

WHERE MILLIONS ARE MADE.

Interesting Letter That May Mean Much to Residents of Santa Fe.

Probably there is not a reader of the New Mexican who has not heard of the fortunes made in the Beaumont oil fields. While the tales of fortunes quickly made are interesting, they are really not half as valuable to our readers as the following letter from L. K. Preston, president of the Caswell-Preston Drug Company of Beaumont, one of the largest wholesale and retail houses in Texas.

Mr. Preston writes: "Enclosed you will find a letter that came to us unsolicited from J. C. Reeves, 770 Pearl Street. I have known Mr. Reeves for several years. He is a reliable man and very happy over his fortune.

"About four years ago," writes Mr. Reeves, "I lost the hearing in my right ear and about three or four months ago my left ear became almost as bad. In fact I was so bad that people had to shout at me to make me hear. I had about given up in despair all hopes of ever recovering when I saw that you recommended Hyomel. I used two bottles and can now hear my watch tick with either ear, and my hearing is now all right. This deafness must have been caused from catarrh, for it is now cured. Hyomel certainly does what you claim for it."

Hyomel has made many cures of catarrh, and in combination with Hyomel balm, of catarrhal deafness in Santa Fe and nearby towns. A. C. Ireland gives his personal guarantee to refund the money should it not give quick relief. The complete Hyomel outfit costs but one dollar, while extra bottles can be obtained for fifty cents.

The eyes of horses and cattle, equally with the eyes of man, are cured by

MITCHELL'S EYE SALVE

which was favorably known in this region as far back as 1849. You may place great confidence in this remedy. CURES ALL EYE AFFECTIONS.

"GOVERNMENT GUARANTEE." "Uncle Sam's" guarantee goes with every bottle of whisky sold at the "Club." Goods bought in bond only. None better at any place or at any price.

The New Mexican can do printing equal to that done in any of the large cities. Our solicitor: Every piece of work we turn out. Try our work once and you will certainly come again. We have all the facilities for turning out every class of work, including one of the best binderies in the west.

"THE CLUB."

Up-to-date resort for gentlemen. The best goods money can buy—purity guaranteed by your "Uncle Sam." Fine Cigars and Tobacco.

BABIES ON FIRE

With Itching, Burning, Scaly Humors of the Skin

Instantly Relieved by Baths with Cuticura Soap

And Gentle Applications of Cuticura Ointment.

Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure, and purest of emollients, to be followed in severe cases by mild doses of Cuticura Resolvent.

"My niece's little baby boy, two years old, was so badly afflicted with eczema that he needed constant watching. It was all over his face and he scratched the sores constantly. Mornings his clothes would be stained with blood, and his face and hands would be covered. His family never could take him out, as his face was always full of large sores. They had medical treatment, and tried everything they heard of. She commenced using the Cuticura Remedies last spring and found that at last she had a wonderful healer. The sores left his face and he was entirely cured, and now his face is as smooth and rosy as though no sore had ever been there to mar it."

Mrs. L. J. ROOT, JERUSALEM, N. Y.

FEB. 12, 1898.

On March 7, 1903, five years later, Mrs. Root writes:

"I received your note of kind inquiry and am pleased to inform you of the permanent cure of my little boy. He is now a healthy child with pink and white skin free from all blemish. It has been a marvellous cure and brought about in a short time after all other medical aid failed."

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Creamed Biscuits, 25c. per box) Ointment, 50c. Soap, 25c. Depot: London, 77, Charterhouse Lane; Paris, 3 Rue de la Paix; Boston, 127 Columbus Ave.; Foster Drug & Chemical Corp., Sole Proprietors, New York.

mer resort at Monument Rock, have returned to the city and will continue the work after the holidays.

Santa Fe Lodge No. 2, Knights of Pythias, will meet tonight. All Knights are urgently requested to attend. Visiting Knights given a cordial and fraternal welcome.

The Christmas rush has begun at the postoffice and the express offices in this city. Yesterday the postoffice broke all daily records for the year in the number of registered packages handled.

G. L. Brooks, of Albuquerque, has filed proofs of labor for 1904 in the office of the probate clerk and recorder on the Hidden Treasure, Central, Bunker Hill and Chief Justice lodes in the New Placers district.

A suit of ejectment entitled J. M. Palmer versus Louis W. Gower, has been filed in the office of the clerk of the First judicial district for San Juan County. The plaintiff also asks for \$500 damages.

Fair weather tonight and Wednesday with the temperature stationary, is the forecast issued today by the local weather bureau. Yesterday the thermometer registered as follows: Maximum temperature at 4 p. m., 40 degrees; minimum temperature at 5 a.

m., 20 degrees; mean temperature for the 24 hours, 30 degrees; relative humidity, 62 per cent. At 6 a. m. today the thermometer registered 21 degrees.

In the probate court of Santa Fe County yesterday, the last will and testament of Jesus Maria Ortiz y Baca, of Pajoaque, was admitted to probate and his son, Juan de Jesus Ortiz, was appointed executor with a bond of \$100.

FOR SALE—Canary birds, green and yellow, imported stock. Andreasberg Rollers and German Canaries. 107 Johnson Street.

CUSTOMS OFFICIALS INTO CIVIL SERVICE

Three Positions Removed From Political Patronage—Order Does Not Effect Present Incumbents.

By a recent extension of the civil service rules in the El Paso customs district, three officials of the custom house have been placed under the civil service regulations. Heretofore these offices, which include those of deputy collector, cashier and special deputy collector at Columbus, New Mexico, have been the political patronage of the collector, who appointed personal friends.

When vacancies occur hereafter they will be filled by competitive examination, and the applicant having the highest average will be appointed to the position. The men who are now holding these positions will not have to undergo an examination, it being presumed that they are competent while holding the positions.

CHANGE IN PFAFF HOTEL SYSTEM

Eating Houses on El Paso & Northeastern Under New Management.

The Pfaff system of hotels and restaurants on the lines of the El Paso & Northeastern Railway has changed hands. Jay Burns, who has been manager of the eating houses on this line has retired and will return to his home at Omaha, Nebraska, where he will engage in the hotel business.

He is succeeded by F. W. Gurney, of El Paso, who has taken charge of the service. The new manager has had much experience in this line and will give the traveling public the best service possible.

Homestead Entry No. 6443. Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., Dec. 10, 1904.

Notice is hereby given that the following-named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the Register or Receiver at Santa Fe, N. M., on Jan. 26, 1905, viz: Placido Armijo, for the SW 1-4 Sec. 34, T 17 N, R 12 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Alcario Armijo, of Pecos, N. M.; Matias Portillos, of Pecos, N. M.; Fernando Armijo, of Pecos, N. M.; Jesus Gonzales, of Glorieta, N. M.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grains, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elizabethtown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Eaton, N. M., on this grant, are located the Coal Mines of the Eaton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

RATON, NEW MEXICO

FREIGHT RATE HEARING

Alleged Discrimination in Rates
by the Santa Fe Before
Inter-State Commerce
Commission.

MUCH EVIDENCE HEARD

Testimony Given for Both Sides at Al-
buquerque—Will Be Continued in
Chicago December 29.

Much evidence was introduced at the hearing before the Interstate Commerce Commission Friday at Albuquerque, wherein the Santa Fe Railway Company is charged with discrimination in rates in favor of the Colorado Fuel & Iron Company.

The evidence showed that the Colorado Fuel & Iron Company has contracts which insure it practically all the coal business of the big smelting district of southern Arizona and New Mexico, as well as of the business of all other large consumers of the southwest.

Whether this alleged monopoly is obtained through discrimination in rates by the Santa Fe Railway in favor of the fuel company as is charged, remains undetermined since Commissioner C. A. Prouty failed to complete the hearing, adjourning the sitting to meet again in Chicago on December 29th, when further testimony will be asked of W. B. Biddle, freight traffic manager of the Santa Fe, who at the hearing Friday was not furnished with records and other documentary evidence required by the commissioner, and other witnesses will also be examined.

The following extracts from testimony adduced are taken from the Albuquerque Journal:

The more important admissions secured were to the effect that the Colorado Fuel and Iron Company can and is delivering coal on contract to all or nearly all of the large mining and smelting interests of Arizona and Sonora, over the Santa Fe at Deming, at \$4.05 the ton f. o. b., whereas it was brought out that a car of coal shipped from the Caledonian mine at Gallup to a consumer at Silver City, N. M., came at a freight rate of \$5.60 the ton, and that on one shipment the Caledonian Company, having insured the Silver City concern a certain freight rate, was forced to make the concern a present of the coal and pay in addition a claim of 75 cents a ton freight charges. Witnesses introduced by the plaintiffs testified in effect, that the Colorado Fuel and Iron Company could deliver coal f. o. b. at Deming practically for an amount equal to that charged the independent company for freight alone.

John Bowie, an employee of the Caledonian Company, testified that he had seen freight bills in Gallup on which the Colorado Fuel and Iron Company was receiving mine supplies at one-half the published tariff, or that charged the independent companies.

Against this the attorneys for the Santa Fe brought out that the coal mined by the Caledonian Company is vastly inferior as a heating and steam coal to the grades mined by the Colorado Fuel and Iron Company at its mines in Colorado and northern New Mexico. The defense also brought from the witnesses the admission that it was not certain in the minds of any of them just why, if ever, the Colorado Fuel and Iron Company operated in the Gallup field, and if it did, when its interests passed into the hands of the American Fuel Company.

After the examination of Mr. Biddle of the Santa Fe, Alex. Bowie, president of the Caledonian Coal Company, was put on the stand. From him was gained a lengthy story of coal mining in the Gallup field, together with considerable testimony as to the difficulty of his company in securing a rate from the Santa Fe on which it would be profitable to mine and ship coal.

Mr. Bowie admitted that the Gallup coal was inferior as a steaming coal, that it slackened easily, and was consequently less suited to exposure and storage than other coals in New Mexico. Mr. Dunlap, for the railroad, took the witness exhaustively into prices for southwestern coals, and gained the admission that for steaming purposes, the Gallup coal would not bring as high a price. Mr. Bowie testified that he had been unable to get his coal on the market at a profit, on any southwestern field, since 1899.

J. H. Chilberg, general sales manager for the Colorado Fuel and Iron was the next witness. Mr. Chilberg testified to the existence of a five-year contract with Phelps, Dodge & Company, owners of the El Paso & Southwestern railroad and large smelting and mining interests in southern Arizona, by which the Colorado Fuel and Iron Company is to deliver coal at Deming at a rate not to exceed \$4.05 the ton, on the sliding scale, or in-

Economy Brand Evaporated Cream

is of uniform quality at all seasons, always pure, heavy in consistency, of delicious flavor and appetizing appearance.

Ask for the brand with the "Helvetia" cap label. Made by the largest producers of Evaporated Cream in the world.

creasing with increased pay to the coal miners, and decreasing with a decreased wage scale at the mines. Mr. Chilberg admitted the existence of similar contracts with the Cananea Copper Company, and many of the large consumers of the Arizona-Sonora district, aside from the railroads, which constitute the chief consumers of steam coal in the southwest.

Mr. Chilberg testified that he knew of no secret contract between the Santa Fe and his company by which this rate was obtained.

G. T. Schmeizel, manager of an electric light plant at Silver City, told of his experiments with various coals from various fields and how he had been made a present of one car of coal by the Caledonian Coal Company and a refund made by that company on the freight charge, of 75 cents the ton, because the company had not been able to get the freight rate agreed upon when the sale was made. He testified that the freight charge on Caledonian coal bought by him had been \$5.90 a ton, while he had secured coal from the Colorado Fuel and Iron Company f. o. b., at \$5.75.

C. W. Dudrow, of Santa Fe, was put on the stand to testify that the Colorado Fuel and Iron Company had requested him to retire from the coal business while their representative in Santa Fe and of his compliance. He identified certain freight bills showing that he had paid \$2.75 to the railroad for the coal delivered to him, testifying further that he had forwarded first 25 cents and later 50 cents to the Denver office of the Colorado Fuel and Iron Company, on each ton delivered.

The defense brought from Mr. Dudrow an admission that he was in a legal controversy with the Colorado Fuel and Iron Company over title to certain lands in the Cerrillos field.

B. L. Holmes, Santa Fe agent at Winslow, formerly of Gallup, testified that during his stay in Gallup he knew of no rebate in freight, or other discrimination made by the Santa Fe in favor of the Colorado Fuel and Iron Company.

J. E. Hudson, at present station agent at Gallup, testified that no such rebates or discriminations existed at present.

The testimony of John S. Bowie, of Gallup, to the effect that he had seen a freight bill for mine supplies on which the Colorado Fuel and Iron Company was charged one-half the published tariff, from Chicago, was supplemented by his statement that he had been told by one of the Santa Fe freight clerks at Gallup that "his company was getting the worst of it."

W. J. Temple, superintendent of the Naco Railroad, forty miles in length and reaching Cananea, testified as to the steaming values of the Caledonian and other southwestern coals, but his testimony was badly shaken by counsel for the railroad company, who drew from Mr. Temple the admission that he did not know the difference between bituminous and lignite coals and that his experience with fuel values had been gained chiefly in working freight bills.

Head About to Burst From Severe Bilious Attack.

"I had a severe bilious attack and felt like my head was about to burst when I got hold of a free sample of Chamberlain's Stomach and Liver Tablets. I took a dose of them after supper and the next day felt like a new man and have been feeling happy ever since," says Mr. J. W. Smith of Jullif, Texas. For biliousness, stomach troubles and constipation these Tablets have no equal. Price 25 cents. For sale by all druggists.

BEAUTIFUL WOMEN.

Plump cheeks, flushed with the soft glow of health, and a pure complexion, make all women beautiful, and so do those luscious oysters at the Bon Ton.

When you want a pleasant purgative try Chamberlain's Stomach and Liver Tablets. They are easy to take and produce no nausea, griping or other disagreeable effect. For sale by all druggists.

Speed of Racing Camels.

The racing camel is very carefully bred and valuable prizes are offered by a racing society at Biskra for the fleetest racer, says Pearson's Magazine. I have seen the start of a race and it reminded me, in a far-off sort of way, of a horse race. The camels were all arranged in line and they sniffed the air in their anxiety to be off. A flag was waved and they set off at a terrible pace, as if they were only racing for a short distance. They kept together until they were almost out of sight. Then they seemed to settle down to their habitual pace and the race proceeded with long intervals between the competitors. I have also seen the finish of a camel race, and it reminded me of the first motor car promenade between London and Brighton. The camels were certainly not so broken down and bedraggled, but they came in at intervals of several hours and great patience was necessary to watch them arrive.

Thought Englishman a God.

At one time there was an Englishman in India, John Nicholson, who in his own proper person was worshiped as a god in spite of his protests. Such a hold had his powerful personality taken upon the native mind that a strong sect of worshippers persisted in regarding him as a god. If, however, one of the Nikkalseyn fakirs so far lost control of himself as to offer worship to the deity in person Nicholson was in the habit of ordering him to receive a dozen lashes, a fact which did not in the least interfere with the worshippers' belief in his divinity. When Nicholson was killed some of the worshippers threw themselves upon his tomb, but the remainder went over in a body to Christianity, saying: "Our god told us that he was but a man, and now we see that it was true. We wish, therefore, to be Christians as he was."

"As a Little Babe."

The man who had traveled had finished telling his hearers of the terrific physique of the natives of South American republics. He described them as big, massive men, with brawny arms and scraggy muscles. In fact, his speech gave the idea that they were the biggest men to be encountered anywhere on earth—or elsewhere.

"Why," said the man who had merely stayed at home and read the papers, "I thought they were very babyish."

"What gave you that impression?" asked the man who had traveled. "Surely nothing has ever been printed about them. They are certainly giants. What made you think they were babies?"

"I had read," said the other, "that they are nearly always up in arms."

English Language Deteriorating.

Discussions now current in educational circles concerning the manner in which English shall be taught to pupils in academies and colleges direct attention once more to the imminent need of proper education for educational authorities. A process of deterioration is at work in the language, which is largely due to the careless hospitality of our dictionary makers toward the ugly and superfluous in verbal innovations or verbal resurrections. The importation of slang by the vulgar, on the one hand, and on the other the revival of obsolete words by the affected and self-conscious are alike a menace to the vigor and purity of our speech.

Compulsion.

Ted—"Do you think that old millionaire will do any good with his money?" Ned—"He'll have to. He has six marriageable daughters."—Town Topics.

How It Happened.

Giles—"You say she is always talking about her enemies?" She—"Yes; and she's her own worst enemy."

Cured Paralysis.

W. S. Bally, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frostbites and skin eruptions. It does the work." 25c, 50c, \$1.00. Sold by Fischer Drug Co.

The New Mexican Printing Company is headquarters for engraved cards de visite in New Mexico. Get your work done here and you will be pleased in every particular.

RECTOR OF ST. LUKE'S,

Ashburnham, Ontario, Testifies to the Good Qualities of Chamberlain's Cough Remedy.

Ashburnham, Ont., April 18, 1903.—I think it is only right that I shall tell you what a wonderful effect Chamberlain's Cough Remedy has produced. The day before Easter I was so distressed with a cold and cough that I did not think to be able to take any duties the next day, as my voice was almost choked by the cough. The same day I received an order from you for a bottle of your Cough Remedy. I at once procured a sample bottle, and took the medicine. To my great relief the cough and cold had completely disappeared and I was able to preach three times on Easter Day. I know that this rapid and effective cure was due to your Cough Remedy. I make this testimonial without solicitation, being thankful to have found such a Godsent remedy. Respectfully yours, E. A. LANGFELDT, M. A., Rector to St. Luke's Church. To Chamberlain Medicine Co. This remedy is for sale by all druggists.

PROCLAMATION.

Office of the Board of County Commissioners of the County of Santa Fe, Santa Fe, N. M., Dec. 10th, 1904.
An election of the qualified voters of the County of Santa Fe, Territory of New Mexico, is hereby called to be held at the several voting precincts of the said County of Santa Fe, as established by said Board, on Monday, the 9th day of January, A. D. 1905, for the purpose of voting for the Justices of the Peace and Constables.

Said election to be held in conformity with the laws of New Mexico, now established.

Polls in the various precincts shall be open from 9 o'clock a. m. until 6 o'clock p. m.

Witness the seal of the Board of County Commissioners of the County of Santa Fe and Territory of New Mexico, and the hand of its chairman pro tem, and clerk, this 10th day of December, A. D. 1904.

(Seal) ARTHUR SELIGMAN, Chairman Pro. Tem. of the Board of County Commissioners.

Attest: CELSO LOPEZ, Clerk.

Fight Will Be Bitter.

Those who persist in closing their ears against the continual recommendation of Dr. King's New Discovery for Consumption, will have a long and bitter fight with their troubles, if not ended earlier by fatal termination. Read what T. R. Beall, of Beall, Miss., has to say: "Last fall my wife had every symptom of consumption. She took Dr. King's New Discovery after everything else had failed. Improvement came at once and four bottles cured her. Guaranteed by Fischer Drug Co. Price 50c and \$1. Trial bottles free."

"A POINTER."

Good whisky brightens up a sluggish brain; bad whisky will make a sluggish out of you. "Uncle Sam" joins us in assuring you only the purest at "THE CLUB."

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years, choked to death early yesterday morning at his home, in the presence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was seized with a fit of coughing which continued some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe-Democrat, Dec. 1, 1901." Ballard's Horehound Syrup would have saved him. 25c, 50c and \$1.00. Sold by Fischer Drug Co.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbolic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

Bilious Colic Prevented.
Take a double dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy as soon as the first indication of the disease appears and a threatened attack may be warded off. Hundreds of people use the remedy in this way with perfect success. For sale by all druggists.

STORY & CLARK Pianos!

Read What Accomplished Musicians Say of the Story and Clark Pianos.

"Equal if not superior to any instrument I have had occasion to use."—Barron Berthold.

"Shows such superiority of workmanship and finish as must make them welcome to any household."—Leonora Jackson.

"Grand and resonant in tone and delightfully sweet and tender."—Mathilda Bauermeister.

"I cannot speak too highly of your pianos, they seem to be unsurpassable."—R. Watkin Mills.

"I find your pianos wonderfully sympathetic for accompanying the voice."—Lillian Blauvelt Pendleton.

"Gave the liveliest satisfaction to me. I consider them second to none."—David Frangcon Davies.

"I think it capable of the fullest expression of musical thought."—Ellen Beach Yaw.

"In my opinion they rank among the very best pianos of the day."—Emile Sauret.

"Possessed of a beautiful quality of tone and a most sympathetic touch."—Fernando de Lucia.

"I was perfectly charmed with its beauty of tone and delightful touch."—Francis Tilleten.

"Their tone is sweet as well as resonant. Are remarkably adapted for accompanying the voice."—Clementine de Vere Saplo.

"Your pianos embody sweetness and richness of tone, splendid carrying power and excellent action."—Rosa Oltzka.

REVOLUTION IN PARAGUAY ENDED

American Consul Informs State Department That Peace Has Been Proclaimed.

Washington, D. C., Dec. 20.—A cablegram has been received at the state department from the American consul at Asuncion, Paraguay, stating that the revolution has been successful and that peace has been proclaimed.

OFFICIAL MATTERS.**Notary Public Appointed.**

Acting Governor J. W. Reynolds has appointed Malaquias Baca, of Clayton, a notary public for Union County.

Bonds of County Officials Approved.
Judge John R. McFie today approved the bond of Celso Lopez, as treasurer and collector of Santa Fe County. It was in the amount of \$50,000. The bond of Marcus Castillo, as probate clerk, for \$5,000, was also approved by Judge McFie. Surety companies furnished both bonds.

Award of Printing for the Legislative Assembly.

Territorial Secretary J. W. Reynolds, in accordance with advertisement, this afternoon opened bids for the printing necessary for the Thirty-sixth Legislative Assembly and to be paid for by the United States. There were four bidders: The Democrat Publishing Company, Hughes & McCreight, of Albuquerque; Dr. C. A. Wheelon, of this city, and the New Mexican Printing Company. The bids were very close and the New Mexican Printing Company, of this city, being the lowest bidder, was awarded the contract.

Public Funds Received.

The following public funds have been received in the office of Territorial Treasurer J. H. Vaughn:

H. O. Bursum, superintendent New Mexico penitentiary, convicts' earnings, \$440.

Mark Howell, treasurer and collector of Chaves County, taxes for 1902, \$328.73; taxes for 1903, \$963.07; taxes for 1904, \$15,691.37.

Oscar Lohman, treasurer and collector of Dona Ana County, taxes for 1902, \$10.58; taxes for 1903, \$91.26; taxes for 1904, \$7,741.73.

Jose M. Gonzales, treasurer and collector of Union County, taxes for 1902, \$4.87; taxes for 1903, \$60.23; taxes for 1904, \$6,435.28.

WRECK ON EL PASO & NORTHEASTERN

Trains Meet Head-On—Only One Person Injured—Engines Badly Damaged.

The El Paso & Northeastern Railway suffered an unfortunate wreck last Friday night at Omlee, a station a few miles south of Alamogordo, when two trains collided head-on. One engine was completely demolished and the fireman of one of the crews suffered a broken leg and an arm.

A south bound train was headed for El Paso with time freight and had the right of way over all north bound trains. The north bound train had orders to pass the south bound train at Omlee and the engineer had run into the siding to allow the train to pass. The brakeman, however, forgot to set the switch for the main line with the result that the south bound train while running at full speed, ran onto the switch and a wreck was the result.

The two engine crews, seeing that a collision was inevitable, jumped. All were fortunate to escape with a few cuts and bruises with the exception of the fireman of the south bound train who had an arm and a leg broken. The track was also torn up for a considerable distance.

The injured fireman is now in the hospital at Alamogordo, and although his injuries are painful and will lay him up for some time, no serious results are anticipated.

OIL STRUCK IN CHAVES COUNTY

Fields Located Near Dexter—Surveyors Start on Pipe Line—Much Speculation in Land.

A special from Roswell says that oil has been struck at Dexter, a town near that city, while boring an artesian well and work on the well has been stopped.

During the past few weeks much quiet speculation has been going on in Dexter and vicinity. C. L. Tallmadge, of the C. L. Tallmadge Southwestern Land Company of Chicago, has purchased a half interest in the Dexter oil fields, which amounts to over 70,000 acres. The other half is owned by California capitalists.

The main oil field is located 40 miles southwest of Dexter and a party of surveyors has started to survey a pipe line from the main strike to Dexter.

BEAUTIFUL WOMEN.

Plump cheeks, flushed with the soft glow of health, and a pure complexion, make all women beautiful, and so do those luscious oysters at the Bon Ton.
