THE CZAR'S DANGER.

Unique Plot to Assassinate the
Ruler of Russia.

The Czar and Czarine Escaped but
Others Were Killed.

The Grand Army of Veterans Now in Con-
vention at Cincinnati.

GEN. MILES WILL NOT TALK.

New York, Sept. 8.—The world's dis-
patch from London says: A report is
published here of a daring plot to as-
sassinate the czar at Moscow late to-
day. The plan was to allow gas to es-
cape into a house on the route of the
czar's procession until the atmosphere in
every room had become saturated. One
man was to remain in the house and
strike a light when the czar was passing
in the expectation that the house would
be blown to pieces and the czar killed by
flying debris. The conspirator would
pay himself as a sacrifice to the cause.
Talk duty fell to Alexander Kolofneff. He
seems to have made an error, as the ex-
plosion was mistimed. When it occurred
the staff officer and wife were driving
past the house and they, instead of the
czar, were killed. Thirty other persons
were injured. Kolofneff's mangled body
was found among the ruins. The czar
and czarina drove by just twenty-five
minutes later. Many arrests have been
made in Moscow.

GEN. MILES.

He Declined to Be Led Into a Discussion
About the Army.

New York, Sept. 8.—Gen. Miles was
asked to-day what he thought of the pub-
lished reports that he believed in Wash-
ington circles that the present public
discussion of army affairs will be dropped
after his expected interview with Presi-
dent McKinley. He said: "I decline to be
led into a discussion of the matter. I
leave for Washington to-day."

GOING TO WASHINGTON.

Montauk Point, Sept. 8.—Gen. Shafter
and Major D. K. Miller, of his staff, left
for Washington early to-day.

WILL HE BE REMOVED?

New York, Sept. 8.—Before General
Miles left for Washington his attention
was called to a state-out from Washing-
ton as to the possibility of his removal
from the high command he holds, now
being discussed in military circles. He
held up his hands and said good-nat-
urally: "I am not going to say a word
on that subject."

HORTICULTURAL FAIR.

Largest Attendance and Best Display in
Its History.

Special to Citizen.

Santa Fe, Sept. 8.—The horticultur-
al fair here has the most magnificent ex-
hibit in its history. The attendance is
large and there are visitors from all
parts of the territory.

WILL BE HELD HERE.

Republican Territorial Convention at
Albuquerque, Oct. 1.

Special to Citizen.

Santa Fe, Sept. 8.—The republican
territorial central committee to-day de-
cided to hold the territorial convention at
Albuquerque on October 1.

Pedro Perea, Solomon Luna and Col.
Chavez were instrumental in getting the
convention for Albuquerque. The action
of the committee is universally approved
as it will give the delegates to the con-
vention an opportunity to attend the
territorial fair at the same time.

BATTLESHIP OREGON.

The Big Ocean Fighter Safely
Docked to be Cleaned.

Gen. Joe Wheeler's Son Drowned at
Camp Wikoff.

Philippine Conference Committee.

PHILIPPINE CONFERENCE COMMITTEE.

New York, Sept. 8.—The battleship O-
regon has been safely docked at the navy
yard. After a long and arduous voyage
from the Philippines, the ship was
pumped out of the dock, the Oregon's
crew set to work to clean the ship below
the water line. Considering it had been
in tropical waters for some time, it was in a
fair condition. Barrels were soon
scrapped away. It was said by one of the
dock men that the Oregon would be out of
dock again by Saturday or Monday.

LIEUT. THOS. WHEELER.

He and Another Lieutenant Drowned at
Camp Wikoff.

New York, Sept. 8.—Lieutenant Thos.
Wheeler and Lieutenant Newton D.
Kierpatrick were drowned at Camp Wikoff
yesterday. The bodies were found on
the beach early this morning. Wheeler
was a son of General Joseph Wheeler.

ILLINOIS NAVAL RESERVE.

New York, Sept. 8.—Five hundred
members of the Illinois naval reserve,
taken off of forty-two different vessels on
which they served during the war with
Spain, left to-day for Chicago.

WILL MEET PRESIDENT MCKINLEY.

London, Sept. 8.—A cable dispatch
from Hong Kong, dated Sept. 6th, re-
ceived in London yesterday, announces
that the committee of the Philippine
League, appointed by Aguinaldo, had left
Hong Kong to confer with President McKinley
on the future of the Philippine
islands.

COLORADO POLITICS.

Four State Conventions in Session at Colo-
rado Springs.

Colorado Springs, Colo., Sept. 8.—Four
state conventions are being held here to-
day. Further contests over the posses-
sion of the opera house was averted by
the two warring factions of silver republi-
cans agreeing to hold separate conven-
tions in other halls.

Senator Teller was temporary chairman
of the faction favoring fusion. He re-
treated his well known views on the sil-
ver question, and declared he was not
ashamed of having voted for Bryan and
would do so again.

Teller denounced the party who seized
the opera house yesterday as a "gang of
murderers." He said McKinley was an
enemy of silver and favored the reten-
tion of the Philippines.

Senator Wolcott is in town conferring
with the anti-Teller silver republicans
leaders. This faction will declare for
free coinage of silver to 16 to 1, limiting
the words "without waiting for consent of
any other nation." It will nominate
Simon Guggenheim governor by accla-
mation. Governor Adams says he is a
candidate for re-election.

The other wing met with Judge Dixon,
of Pueblo, in the chair.

Nothing was done this morning in
either convention, except the appoint-
ment of committees.

Chas. E. Herington, of Denver, was
temporary chairman of the democratic
convention.

The populist state convention will be
called to order this afternoon, and Ly-
man M. Hurry, of Duray, will be tem-
porary chairman.

The populist congressional convention for
the second district met at 10 o'clock,
Sat. F. F. Taylor, of Duray, was chair-
man. The convention is held for John
C. Bell, but no action will be taken till
after the nomination for governor has
been made.

NEW YORK EDITOR.

Washington, Sept. 8.—Representative
Quigg, of New York, spent some time
with the president to-day, incidentally
touching on the political conditions in
this country. He was in a friendly
mood, and there was no further doubt as to
the nomination of Col. Roosevelt as the
republican candidate for governor.

GRAND ARMY VETERANS.

They are in Convention at Cincinnati.

Cincinnati, Sept. 8.—The business of
the thirty-second annual encampment of
the Grand Army of the Republic and aux-
iliaries began to-day after a three days
preliminary session. The sessions were
interrupted by the parade of civic and industrial
organizations this afternoon. This was
followed by high carnival all over the
city as well. There were about 1,200
national delegates present when the en-
campment proper was called to order.

The commander-in-chief, in his annual ad-
dress, opposed the proposition to admit
soldiers of the Spanish war to member-
ship in the Grand Army of the Republic.
When in annual reports were being
read, especially Gubins, there was con-
siderable cheering at the mention of
President McKinley's name, but when the
name of Secretary Alger was mentioned
in connection with the recent war there
was an uproarious demonstration in his
favor.

Resolutions were offered, especially en-
dorsing the administration of General
Alger in the war department. The tem-
porary commander-in-chief, in his annual ad-
dress, indicated the resolution will endorse
the management of the recent war.

COMPROMISED CANDIDATE.

Cincinnati, Sept. 8.—It is stated that
Gen. Ricketts has been named in good
faith as a candidate for commander-in-
chief as the means of uniting the New
York delegates. L. F. Mack, of Ohio, will
not be presented by the Ohio delegates.

FILE AT PRESCOTT.

Two Persons Burned to Death and Se-
veral Badly Injured.

Prescott, A. T., Sept. 8.—A fire broke
out in the residence of F. S. Davis yes-
terday and spread to surrounding build-
ings. Before it was extinguished two
persons were burned to death and several
others injured.

The dead are Mrs. T. A. Andrews and
Celia Nyren. The injured are E. W.
Mittler, James Austin, Dr. Hutchison,
Dennis A. Barker and L. S. Hunt. The
property loss is about \$5,000.

TO RESTORE ORDER.

International Troops Have Arrived at the
Candia Hotel.

Candia, Island of Crete, Sept. 8.—A
detachment of international troops has
just arrived to occupy the fortifications and
restore order. It is estimated that
200 persons were killed during the riot

TREASY SIGNED.

An Alliance Between England
and Germany.

A Strict Censorship Ordered by
Spanish Cabinet.

Col. Roosevelt Talks About the "Rough
Riders" Parade.

MIXED CONVENTION IN WASHINGTON.

New York, Sept. 8.—The Tribune says:
Joseph Chamberlain said frankly to the
Tribune representative that a treaty with
Germany had actually been signed, thus
making it known to the world for the
first time that such an alliance has been
made. Chamberlain made it clear that
the English government favors the re-
tention of the Philippines by the United
States.

STRICT CENSORSHIP.

Spanish Cabinet Will Prevent Publication
of Certain News.

Madrid, Sept. 8.—The Spanish cabinet
this morning decided to take most string-
ent measures to prevent the publication
of "the proceedings of the cortes and to
provide for censorship of telegraphic dis-
patches.

The society for commercial union is
writing a petition to the cortes demand-
ing the closing of all military schools
and entertainment of retiring pensioners;
that all officers returning from Cuba be
placed in the reserves, and that in addi-
tion a budget of 1,000,000 pesetas annu-
ally be provided for the care of the sick
and wounded Spanish soldiers returning
from the colonies.

The newspapers assert that the govern-
ment is surprised and chagrined at the
attitude of the conservatives in the cham-
ber, which indicate that the government
is based on questions of such mag-
nitude as the conclusion of the peace
treaty. The Spanish papers express the
hope that for fresh news the down-
fall of the ministry.

THEY SHOULD PARADE.

Colonel Roosevelt interviewed on "Rough
Riders" Parade in New York.

Camp Wikoff, Montauk Point, L. I.,
Sept. 8.—Col. Roosevelt, in speaking of
Mayor Van Wyck's request of the presi-
dent that the "Rough Riders" be directed
to parade in New York, and the presi-
dent's decision to leave the question of a
parade to the Fifth army corps, said:
"We should be pleased to parade with
the army or with the cavalry division,
but we do not care to parade by privates.
If we are to parade with other regiments
we should do so in our own uniforms.
If we are to parade in our own uniforms,
we should be permitted to parade in our
own uniforms. This is the general
feeling among the officers and troopers."

A FOSTER ALL AROUND.

Albany, N. Y., Sept. 8.—The popu-
lar, democratic and silver republican state
conventions accomplished but little at
this morning's session, owing to the fact
that the conference committees on ap-
pointment of officers were not ready to
report. A movement was inaugurated
looking to the adoption of a union plat-
form by the appointment of committees
to confer on the subject.

The conference committee agreed on
the appointment of officers as follows:
The populists to have both supreme
judges, democrats and silver republicans
one congressman each.

ALBUQUERQUE, — SEPT. 8, 1938

A TOWN of long pay-rolls and a good many of them, and no let-up winter or summer. That's Albuquerque.

THERE is a very severe winter ahead of us. Mark the prediction, and you will find it fully corroborated by the goose bone tests.

WHENEVER you meet a farmer urge him to begin preparing an exhibit for the fair this fall. These things must be attended to right away.

GLANDERS has broken out again in Salt river valley near Phoenix. A pair of mules and four horses afflicted with the dread disease have been killed, and pastures disinfected.

It is estimated that 10,250 of the people of Albuquerque have caught a sneezing cold from the change of weather of the past two days. The war department should certainly be investigated.

STEADILY and surely the British are opening up a route from one end of Africa to the other, building a railroad and conquering the country as they go. It is a matter of but a short time until Cairo and Cape Town will be united by bands of steel.

CAPTAIN PHILIP objects to his promotion at the expense of other good men and true in the American navy. Philip is a rare exception to the rule, and his spirit of fairness is to be set up as his everlasting credit. He recognizes that there are others.

HERE is a straight tip from a newspaper called *Brains*. It says: "There is but one right way to advertise and that is to hammer your name, your occupation, your business so thoroughly into the people's heads, that if they walk in their sleep they will constantly turn their step toward your store. The newspaper is your friend. It helps to build up the community that supports you."

THE records of the army show that the foot ball players and the athletes generally, like the good, die young. In other words it has been demonstrated that the men who have undergone severe training for the purpose of developing their physical beings to a high degree, succumb to the hardships of army life more readily than ordinary people. Apparently the only good result to be derived from the physical training in the colleges and gymnasiums is to better fit the individual for that particular walk in life for which he is trained. Any general benefit is not apparent.

BURN THE GARBAGE.
The city officials should clean up all the garbage and burn it at the earliest possible moment. It is now the season when this is necessary, as a sanitary measure, and to insure the best of health to the inhabitants of the city. Not that there is any disease in the city, but as a precautionary measure there will be no disease on all sides, and demonstrate to the people that the health of the city is a matter which is always first taken into consideration by the authorities. And in this regard, the people themselves can aid the authorities materially by, in all cases where it is possible to do so, burning their own garbage. The area to cover is large, and by each individual doing his share, the city may be cleaned in a few days time. And again the territorial fair will draw a big crowd of visitors, and the New Mexico metropolis must look clean and tidy to all outside visitors.

EXAMINATIONS AND PENSIONS.
The United States government gives a man a thorough physical examination before admitting him into its military or naval service. It will give him quite as severe a one when he is discharged. The purpose of this examination at mustering out is to protect the national treasury against errors and frauds in pension applications. It will also, in cases where a man retires from the army in a condition which entitles him to a pension, supply him with the proof he will require to back his application.

Of course a soldier may retire from the army in good health, apparently, and afterwards develop disease or disability which is properly traceable to hardships or injuries while in the service of his country. Men will come home from Cuba and be discharged as in perfect health and yet develop hereafter the fatal malaria seen by the insidious climate of the tropic.

Though these examinations will not be final, yet their general tendencies will be to foil fraud and make the way of a meritorious applicant for the bounty of his country easier and cheaper.

THE BEST MEDIUM.
Some of the heaviest advertisers in the country spend more money with the evening papers than they do with the morning sheets. The Rothchild department store in Chicago, for instance, pays the Evening News \$100,000 for one full page daily six days in the week, for one year. It pays the Chicago Morning Tribune \$25,000, the most of which is spent in advertising in the Sunday Tribune. No other Chicago paper receives so large an amount from this store.

This means that, in the opinion of this shrewd advertiser, the evening paper is the best advertising medium. That the

best results are secured by using an evening paper six days in the week and a morning paper mainly on Sunday. It might be profitable to vary this program somewhat in some instances, but it holds good as a rule.

The evening paper, then, is the best advertising medium. But there are evening papers and evening papers. Which is the best for advertising? There are two points to be considered, quantity and quality. Other things being equal the paper that enters the most homes is best for the advertiser. The reason for this is that the advertisements are read mainly in the homes by the women, who do most of the buying. The evening paper is the home paper and is read most in the homes.

As between evening papers or as between evening and morning papers then the one that enters the most homes is the best medium for the advertiser. This CITIZEN guarantees its advertisers the largest proportion of home and territorial circulation, in proportion to total number of papers printed, of any newspaper published in New Mexico. It is an especially valuable advertising medium for those things which women buy. And women buy nearly everything. They are the shoppers for the family.

A Veteran Dead.
William T. Toney, veteran of the war of the rebellion, belonging to the Eleventh Missouri (union) volunteers, died at Olathe, Kansas, Sunday, at the age of about 70 years. During his last illness he was kindly cared for by Hon. Antonio Joseph and family, by whom he was buried. He was a well-known prospector and miner in New Mexico.

So far as known he did not leave a family, and was not drawing a pension. Application was made only a few days ago for his transfer to the Soldiers' home in Los Angeles county, California, by members of Carleton post, G. A. R., at Santa Fe.

GALLUP VISITORS.

About thirty from Gallup Summered at Santa Monica.

While it is true that the Gallup visitors, who spent their summer vacation at Santa Monica, have returned to Gallup, the following article, clipped from the Pomona, Cal., Progress, will be read with interest by THE CITIZEN's many Gallup readers:

Last summer, Rev. P. A. Simpkins and family, of Gallup, N. M., were Santa Monica visitors and were the only representatives from the former place. They were so impressed with the many charms and beauties of this seaside resort that they began to do missionary work immediately upon their return. As a result we have about thirty visitors from Gallup this summer.

They are all as enthusiastic as Mr. Simpkins and we may expect a still larger delegation next summer. Those from Gallup now summering here are: Mr. and Mrs. C. N. Cotton and family, Mrs. Palmer Ketter and family, Rev. and Mrs. P. A. Simpkins and family, Mrs. W. L. Kuehnbecker and family, Mr. and Mrs. J. M. Carman, Miss Kate Dougerty, Miss Kate Mettlin, Miss Anna Brockman, Mr. and Mrs. Peter Kitten and family.

Bad Men From Gallup.
John Hedderman had a trial in the court of Justice Kuehnbecker on Tuesday last on a charge of defrauding Geo. R. Young. He was found guilty and sentenced to pay a fine of \$25 or languish thirty days in the county jail. He was taken in to languish on yesterday's train being unable to pay the fine. Emil Williamson accompanied him.

Jose Antonio Valdes and Apolinario Valdes, both claiming to be from Rancho, N. M., were brought to town on Wednesday evening by a Navajo policeman to be turned over to the authorities at Gallup, charged with selling whiskey to the Indians at Canon del Chaco, N. M. They had an examination on Tuesday before United States Commissioner W. F. Kuehnbecker, who after hearing the evidence discharged Apolinario but held Jose Antonio Valdes in the sum of \$500 bail, for his appearance before the next session of the United States court at Albuquerque. He being unable to furnish a bail with two good and sufficient sureties was committed to the county jail at Albuquerque to await trial.

APPEAL FOR AID.

At Request of Omaha Fair Commissioners, Governor Otero Calls for Help.

WHAT IS VERY NECESSARY.

EXECUTIVE OFFICE, Santa Fe, N. M., Sept. 2, 1938.

To the People and Press of the Territory:

I desire to call the earnest attention of our people to the appeal made by the executive committee in charge of our exhibit at Omaha for more funds, with which to enable them to successfully complete the very creditable exhibition which we now have there. The committee from this territory have acted with the greatest zeal, prudence and economy in the expenditure of the very small appropriation made by the territorial legislature, and the results already, and to be accomplished, will prove the greatest benefit to the territory. The last legislature authorized counties and cities to make such contributions for this purpose as they might deem advisable (Chapter 64, Laws 1937). Santa Fe county is the only one so far which has made any such appropriation; there are seventeen other counties in the territory, each one of which will benefit directly or indirectly by the exhibit at Omaha, and if each of these counties would appropriate the very small sum of \$50, it would produce the amount required. This would seem to be the easiest and most equitable method of procuring the amount. The territory by special act of the last legislature officially recognized the benefit to be derived from a suitable exhibit and made a small appropriation therefor from the territorial funds, authorizing and expecting the different counties to contribute their share. If this exhibit should fail at the last moment, from lack of funds, it is to be feared that more harm than good would result from an attempt which should fail for so slight a reason. The attached letter from the executive committee will show what has already been accomplished, and I sincerely trust their efforts may be appreciated and supplemented by our people in the manner indicated. Very respectfully,

MICHAEL A. OTERO, Governor.

To His Excellency, Governor Otero:

Santa Fe, N. M., July 30.—It seems proper that the people of the territory should understand the situation about our exhibit at Omaha.

The total appropriation was \$14,640.20, but the legislature authorized counties to make appropriations of additional sums in order to have a creditable exhibit. So far as we know but one county has done this thus far; that being Santa Fe county, which voted \$25 to be expended in obtaining a mineral collection.

It is needless to say that the sum appropriated was entirely inadequate for any proper presentation of our products and resources. In other localities similarly circumstanced the needed amount has been made up by the generous contributions of citizens, in one case, a single man giving \$10,000 for this purpose.

The commission has been economical to the last degree. We succeeded in getting space in the exposition with scarcely any expense and unless this had been the case we could have had no exhibition at all. The members of the commission have not even received traveling expenses, but in addition to the time devoted to the work have paid from their own pockets \$25, besides expenses for food, lodging, and transportation. No one has received a dollar of salary except Commissioner Leeson, whose moderate remuneration simply pays his expenses while in charge of the exhibit.

The total expenses of collecting the exhibits, payment of freight (each car from Kansas City to Omaha costs \$25, besides expenses for food, lodging, and transportation) fitting up our space in the buildings with cases, stands, etc., to date, is \$734.70. Expenses of Commissioner Leeson, \$145.00; total, \$879.70. The entire balance in our hands including \$122.25 received for the "rotting contest" is about \$200. We have paid all the expenses of maintaining the exhibit from July 15 to November 1 of repacking, shipping to New Mexico and returning each article to its owner. To do this properly, we need at least \$200 more than we now have, and this sum will make our total expenditure but \$2,000, while most states making exhibits are using from \$15,000 to \$40,000, and New Mexico itself appropriated \$42,000 for the Chicago exposition.

We ought to make a fine exhibit of fresh fruit, to be renewed every week, but this would entail considerable more expense and cannot be undertaken unless more funds are provided. The commission has given its time and best exertions to the matter, and is powerless to proceed further unless aided financially. All that it can do is to faithfully apply each dollar that is received.

We know of no way in which to continue our present exhibit to the end, but by an appeal to the county board and to the public spirited individuals to contribute the necessary amount. We submit the facts to your excellency asking that you take such measures as may seem best to arouse a proper interest in this important subject. Very respectfully,

L. BRADFORD PRINCE, Chairman.

THOMAS J. CHURCH, Executive Committee.

All contributions for the support of the territorial display at the exhibition should be sent to our Governor, Prince, of Santa Fe, who will receipt for the same and see that the money is properly expended. The amount asked for is not large and ought to be raised in a short time.

Babbed the Grave.
A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost entirely sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given up the case. A friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim. No one should fail to try them. Only 50 cents per bottle, at J. H. O'Reilly & Co.'s drug store.

Wants to Break Into Jail.

The jail authorities just at present are suffering a good deal of annoyance from a man who persists in trying to break into jail. He is the man Fendergrat, of Central City. One day last week he made eleven trips to the court house in an effort to gain admission. He had been serving a term and appar-

ently received such good treatment that since he has been turned out, he spends more of his time trying to get back. He also went so far as to attempt to commit a misdemeanor in order that he should be tried and convicted, but even that did not work.—Silver City Independent.

Cattle Stealing.

About one month ago, cattle thieves stole eight head of cattle from Francisco Garcia, a ranchman in Mora county. The matter was taken up by the Cattle Sanitary board, and after a thorough search the cattle were located on the ranch of a man named Welch, living east of Watrous. Mr. Welch bought them from three men who presented a bill of sale. One of the men is now in custody, and the other two will, in all probability, be under arrest before many hours.—Optic.

To Dig the Nicaragua Canal.

The war with Spain has demonstrated the importance of a short route between the Atlantic and Pacific oceans. By digging a canal a few miles long at the isthmus of Panama, thousands of miles of travel will be saved. At the present time ships must go around South America. A short route is always an advantage. It saves time and money. The journey from Mexico to South America is a journey of discomfort, illness, indigestion, fever and ague and general weakness is still, still it does not force a cure. It gives that assistance in carrying on the journey that nature insists that one occasionally needs. It makes the sick well.

A Passenger's Condition.

Last Thursday, a passenger on No. 2, giving the name of Hugh O'Connor, attempted to jump from the train after it had left Kingman. The conductor turned the man over to the sheriff, and he is now confined in the county jail. He is undoubtedly insane. O'Connor says he has a brother, living at 828 Hinton avenue, Los Angeles, and that for two years past he worked in the mines at Jerome. A few months ago he went to Los Angeles and purchased an interest in a saloon. One night a few weeks ago he went to a restaurant with his partner, and after eating and drinking the waiter presented them with a bill for seven dollars. A dispute arose over the settlement of the bill, which was finally settled by each paying his portion. They quarreled again before leaving the restaurant, and in the mix-up O'Connor was slashed across the head with a big knife. He was taken to the receiving hospital, where the wound was sewed up. The stitches are still in the wound. He claims that he drank some beer over on the desert, and that the liquor was drugged.—Kingman Miner.

DENTISTS IN SESSION.

Annual Meeting of New Mexico Board Held in This City Last Week.

The board of dental examiners of New Mexico held their annual session in this city last Friday and Saturday at the office of Dr. W. H. White, one of the members of the board. The members present from a distance were Dr. F. E. Olney, of East Las Vegas, president; Dr. D. W. Manley, of Santa Fe, secretary and treasurer; A. A. Bearup, of Roswell, Dr. L. H. Chamberlin, the other member of the board, has enlisted in the New Mexico infantry regiment and could not attend.

The principal business of the session was the examination of two applicants for admission to practice, Dr. E. Galbreath, of Deming, and Dr. W. B. Duff, of Durango, Colorado.

The board also spent considerable time investigating charges of unprofessional conduct against one A. E. McKeller, who is quite well known in the southern portion and in fact all over the territory. He was located at Deming for quite a while. All the evidence went to prove that Dr. McKeller was a "dead beat" of practice and experience and the board ordered his license revoked, which will put an end to his practice of dentistry and "dead beat" in New Mexico.

During their stay here the members of the board were handsomely entertained by Dr. and Mrs. White. They also visited the many points of interest about Silver City.—Independent.
