## MANILA INSURGENTS.

They Are Acting in Most Reck-  
less Manner.Germany Will Reduce Her Naval  
Force at Manila.Regular Troops at Montauk Will Resume  
Stations East of the Mississippi.

PRESIDENT MCKINLEY AT NEW YORK.

Manila, Philippine Islands, Sept. 2.—Several ships of insurgent troops have invaded the southern end of the island with a view of settling the possible peace conditions. Gen. Elor, the Spanish commander, with a flotilla of gunboats, is acting energetically, but the insurgents have captured the only landing place of Humber and Palawan, where they found a treasure to the amount of \$12,000. The prisoners captured have arrived here. Delegates from the Hong Kong insurgent junta are to have an interview with United States Consul Wild on tonight, and it is thought possible that it may result in a settlement of the insurgent question.

Sectious Situation.

St. Louis, Sept. 2.—A special to the Dispatch from Panama, Ill., says that State President Hunt, United Mine Workers Association of Illinois, returned today from the south, where he had gone for the purpose of preventing any more negro miners coming north to work during the present strike. He is unsuccessful, for an other train load of colored miners is expected at Panama this afternoon. The union miners make dire threats against them, even going so far as to say that they will ditch the train.

Germany Reduces Navy.

Berlin, Sept. 2.—A special official note issued today, says: A state of peace having been re-established between the United States and Spain, orders have been given that the naval force at Manila be reduced to one or two ships, each, pending the complete restoration of order in the Philippines, will suffice for the protection of German subjects and interests in that region.

Becomes Passenger Ship.

Philadelphia, Sept. 2.—The auxiliary cruiser St. Paul and St. Louis to day at Camp's ship yards were returned to the international navigation company by the government. The company notified the Harvard and Yale, now in New York, also to be turned over to day.

Against Canadian Pacific.

Washington, Sept. 2.—The interstate commerce commission in the Canadian Pacific passenger rate case, decided today that the Canadian Pacific is not entitled to the differential passenger rates contended for.

Yellow Fever in Mississippi.

Jackson, Miss., Sept. 2.—The board of health received a telegram from Inspector Grant stating that the yellow fever has appeared at Taylor station. No report of the number of cases is given.

Regulars Will Resume Stations.

Washington, Sept. 2.—Orders have been issued by the war department that all regular army regiments now at Montauk, which were stationed previous to the outbreak of the Mississippi river shall return to those same stations.

The President.

New York, Sept. 2.—President McKinley and party arrived at Jersey City at noon today. They were met at the station by Mr. and Mrs. Hobart, who will remain with them during their stay in the city.

Daughter of the Confederacy.

Narragansett Pier, R. I., Sept. 2.—Miss Winnie Davis, daughter of Jefferson Davis, who is ill with gastric fever, experienced a change for the worse today. Her condition is considered critical.

Urethra Case to be Revised.

London, Sept. 2.—A special to the Evening Standard from Paris, published this afternoon, says that the French cabinet has decided on a revision of the Urethra case.

Peace Conference.

Berlin, Sept. 2.—It is the intention of Russia, according to reliable information obtained by a correspondent here of the Associated Press, to convene the peace conference a month after the adjournment of the Spanish-American peace conference.

A Deliberate Suicide.

The name of the man who committed suicide on the Santa Fe passenger train north-bound, near Wagon Mound, Wednesday night was Gustave Bergman. He was found by Special Officer Frank Harris on Tuesday, and when it was ascertained that he had a ticket, he was put on the north-bound passenger train. On the train he was watched carefully but he avoided the vigilance of the trainmen, entered the ladies' toilet room of the day coach and deliberately plunged a knife into his heart. He was about 35 years of age and stated that he was a Swede by birth. His body was taken off at Springer and buried there on Thursday.

Notice to the Public.

By an arrangement made sometime ago between the university authorities and the board of education, the eleventh and twelfth grades of our high school will attend the university. When the twelfth grade has successfully completed one year's work, and the eleventh grade has completed two year's work in the university, they will be given high school diplomas just the same as if they had done the work in the high school. The ninth and tenth grades will continue work in the high school.

All eighth grade pupils will report at the high school building. All those pupils who attended the First ward school and were promoted to the seventh grade, and who live east of the railroad tracks and north of Railroad

avenue, will report at the Second ward building. All those in the same class who live west of the tracks and north of Railroad avenue will report at the Fourth ward building. All other pupils will report at the school situated in the ward in which they live.

The board has given the superintendent authority to transfer any pupil whenever in his judgment it becomes necessary to do so. After the schools have opened it may often be necessary to do this.

School begins Tuesday, September 6. We urge all pupils to be present the first day.

There will be a general teacher's meeting Saturday afternoon at 2 o'clock.

M. E. HICKEY,  
Superintendent.

Here is a Romance.

A pretty little girl called at THE CITIZEN office at noon today and handing to the representative a piece of paper, requested that the following note be published:

"Mrs. H. Lockhart, Jr., and sister, Pearl, who have spent the summer with their parents at Fulton, N. M., have returned to the city."

The note was signed Miss Kate Shuckhart, and as there have been various rumors in circulation, since Miss Winnie Davis took such a prominent part in "Krimble" and her subsequent departure on a visit to her parents at Fulton, it is surmised that she is the "Mrs. H. Lockhart, Jr." who has just returned to the city.

The young gentleman in this realistic drama, where "two hearts beat as one," is supposed to be Harry Lockhart, the stenographer at the law office of Warren & Ferguson. When the Citizen's representative called at the law office to interview Mr. Lockhart as to when the happy event occurred, that gentleman was found to be at the court house on business.

Mr. Lockhart was seen at 4:30 this afternoon and would neither authorize a confirmation nor a denial of the above pleasant statements.

Clean Your Premises.

J. E. Geiger and son are recent arrivals in the city, who make a profession of cleaning cesspools and vaults. They have followed this business for many years and come highly recommended from all points in which they have stopped. Under date of August 23, Mayor J. H. Hudson, of Santa Fe, says: "J. E. Geiger & Son have been in our city for the past few weeks, cleaning vaults and removing garbage, etc. Their manner of work has been entirely satisfactory to our citizens. They are a distinct benefit to the city, and I most cheerfully recommend them to all needing work of that nature." Messrs. Geiger can be reached at J. H. O'Reilly's drug store, telephone 216 or at their residence opposite Ice plant.

Hildebrand Francisco de Joseph, who stole a set of harness from Dr. Hildrop the other evening and sold same to W. V. Furelle, was up before Justice Crawford this morning, and was sent to the county jail for ninety days. Last night Joseph stole a saddle from J. E. Geiger & Son, scavenger people, and was on his way to Mr. Furelle's to sell it when City Marshal McMillin quietly put in an appearance and nabbed the light-fingered individual. While an inmate of the county jail, Joseph will undoubtedly be doing the cooking for the other inmates.

Robert L. Donahill, the popular and efficient manager and superintendent at the famous Washington Hotel, up in the schtick district, is in the city today, and will remain until Sunday night. He reports everything moving along smoothly in the great golden camp, and that Washington mine is shipping on daily.

Everybody is invited to inspect my goods on Monday, Tuesday and Wednesday next. Special prices to save moving. All orders for stamping must be in Monday as I leave for El Paso the middle of the week. Rita G. Shields.

## ALLIANCE FORMED.

Germany and England Reach a  
Friendly Agreement.Movement of Troops from the Camp  
at Chickamauga.Additional Regiments of Volunteers Or-  
dered Mustered Out To-day.

MORE SICK SOLDIERS REACH MONTAUK.

London, Sept. 2.—A report is current here today that a treaty of alliance between Great Britain and Germany on the lines of the speech of Chamberlain, secretary of state for the colonies, was actually completed yesterday. The Pall Mall Gazette this afternoon says that it has received from a source in which it has every confidence, information that an Anglo-German agreement was signed this week by Balfour and the German ambassador on behalf of the respective powers. The Pall Mall Gazette says that while the agreement is restricted it embraces an offensive and defensive alliance in certain eventualities.

fitted.

Washington, Sept. 2.—The following troops were ordered mustered out of service to-day: First, Second, Third and Eighth Pennsylvania; Fourth Wisconsin; Seventy-first New York; First New Jersey; Thirty-second Michigan; First Ohio; Eighth Ohio; 168th Indiana; Third Ohio Second North Carolina; First and Second Alabama; Third United States volunteer cavalry; Second Massachusetts; First South Carolina, and two squadrons of the First Ohio cavalry.

IRRIGATION CONGRESS.

Increased Attendance at the Wyoming  
Meeting of the Congress.

Cheyenne, Wyo., Sept. 2.—The national irrigation congress opened promptly at 10 o'clock with an increased attendance in the number of delegates from Colorado, Montana, Wyoming and Kansas arrived. The report of Col. H. B. Maxson, secretary of the committee appointed by the Lincoln congress to go to Washington, was presented. E. S. Nettleton, of Colorado, read a very interesting statistical paper upon the subject of "Success and Failure in Canal Building and the Causes Thereof."

A Sick Statesman.

Desham, Mass., Sept. 2.—Hon. Thomas F. Bayard had a relapse last night, and a consultation of physicians was held after which Bayard's physicians remained with him until morning. This afternoon it was reported that Bayard was much better, but still very ill.

CAMP CHICKAMAUGA.

More Troops Leaving the Fever Infected  
Military Camp.

Chickamauga, Chattanooga, Sept. 2.—General Frank, commander of the Third army corps, accompanied by his staff, left this morning for Annapolis, Md. The corps headquarters of the division headquarters, force, and ambulance corps have all left for Annapolis. To-morrow the headquarters of the Third and Second brigades and the Fourteenth New York will go. The Third brigade headquarters and Third Tennessee go on Monday.

General Breckenridge has determined to learn the full truth about the hospital situation at Camp Thomas, and has begun a vigorous investigation.

Sick Soldiers from Santiago.

New York, Sept. 2.—Transporta Nacua, City of Washington and City of Berkshire arrived at Montauk today. The Berkshire had 250 convalescents from Siboney hospital. She sailed from San Diego August 25. News had on the Twenty-fourth United States Infantry and two companies of the First Illinois.

Strike to be sure.

Pana, Ill., Sept. 2.—It was reported that at a conference between the operators and miners to be held to-day, David R. Patterson, secretary of the state labor bureau, announced that the operators refuse to confer. The operator of the Holt Spring side mine denies the promised conference.

Adjourned.

Quebec, Sept. 2.—The International conference adjourned until September 20.

SANTIAMIN VIEW.

Mother Paul, of the Sisters of Mercy.

Mother Paul, who is connected with the Sisters of Mercy hospital at Silver City, is in Albuquerque to-day looking over sites that are suitable for the location of a sanitarium.

Father Mandulart appointed Mayor F. W. Clancy, Judge N. C. Collier, Dr. J. H. Wroth and Wallace Hensel, a committee to confer with her and to show her about the city. They visited the Belvidere, Eastern and Terrace additions to-day, and this evening the committee will have a conference with Mother Paul and learn what kind of a proposition will be entertained by the Sisters of Mercy.

First-class sanitarium is something which this city is greatly in need of, and it is to be hoped that satisfactory arrangements can be made by which one will be located here.

Some Sisters already have hospitals in Phoenix, Prescott, Mesilla and Silver City.

Word reached this office two or three days ago that E. R. Chapman, who formerly held a position in the job department of THE CITIZEN, but now one of the brave volunteers at Whipple Barracks, would soon issue a weekly newspaper at that post. On the subject the Prescott Courier says:

There are enough printers in the regiment at Whipple to run a well equipped newspaper office. Should the regiment remain there permanently we may look for the appearance of the "Whipple Warbler," or some publication of similar name.

Should Private Chapman conclude to start a newspaper, THE CITIZEN desires to be honored with an exchange, for "Chap." is all right as a writer and the "Warbler" or the "Whipple" would soon become notoriously popular under his humorous pen.

That Santa Fe Merchant.

A short time ago a fire occurred in Santa Fe, and the insurance adjusters generally concluded to settle with the merchant—it was a merchant's fire—for \$5,100. The merchant was not at all satisfied, and raised a kick, to such an extent that the adjusters left the capital town until the wrath of the merchant had somewhat quieted down. The ad-

justers again appeared at Santa Fe, anxious to adjust the losses. Finding it absolutely impossible, the adjusters and merchant agreed upon the selection of appraisers to adjust the losses. Appraisers, thoroughly familiar with the business formerly carried on by the merchant before the fire, were named—one for the adjusters, one for the merchant and the third to settle any disputes that should arise between the two other appraisers. The appraisers concluded their labors, but the merchant, instead of receiving \$5,100 was awarded \$3,000 by the appraisers, a difference of \$2,100 from the original amount offered by the merchant to the adjusters in settlement of his fire losses. Too much greediness on the part of the merchant evidently lost him \$2,100.

A HERO HAS DIED.

Bright's Disease Claimed Frank Booth for a Victim in Bay West Yesterday.

A telegram from Key West to W. C. Montfort, last night conveyed the sad news of the death of Frank Booth, in the hospital there yesterday. While it has been known for a time that his condition was serious, the announcement of his death was a shock to his numerous friends in this city, who had hoped against hope that he might recover and become again a useful and patriotic citizen in our midst.

When the war commenced, Frank resigned a good position with R. J. Post & Co., and promptly responded to his country's call, enlisting with the Rough Riders from this city. He was wounded in the battle of La Quasima, and while he practically recovered from his wounds, Bright's disease set in and yesterday it claimed him for another of its victims.

Frank Booth was about 23 years of age and was one of the most promising youths of this city.

Industrious, steady and reliable, he possessed in full rounded measure all the qualities which make a young man trusted by his employers and respected and admired in the community in which he lived.

His two brothers, W. C. and W. H. Booth, left last night for the family home in Waukesha, Wis. An effort is being made to have the government ship the remains home to the family.

W. A. Booth, the father of Frank, is now in Honolulu, in the Hawaiian Islands.

Judge Crampacker went up to Santa Fe last night and to day requested Governor Otero to use his influence to have the government ship the remains to Waukesha, Wis. Hon. F. A. Folsom this afternoon received the following answer from the governor: "Have wired requesting Booth's remains to be sent as directed. Will advise you upon receipt of answer."

W. C. Montfort, however, has received another telegram from Key West, saying that the remains can not be shipped on account of the quarantine regulations, and will have to be buried there.

## OHIO HOSPITAL TRAIN.

That State Sends Train to Look  
After Sick Soldiers.Hanna Thinks There Is no Sickness  
Among the Regular Troops.Big Coal Miners' Strike Predicted to Take  
Place Next Year.

QUARANTINE RAISED AT GALVESTON.

Columbus, Ohio, Sept. 2.—This morning the Ohio hospital train pulled out for the south to gather up and return to their homes the sick Ohio soldiers. It is expected that the trip will occupy six days. The train is composed of fourteen cars, having on board surgeon general J. S. Lowe, in command and representing Governor Hilditch, and a large corps of physicians and nurses. Seats are removed from all day coaches and 350 seats being substituted. Ample supplies were taken and the sick will be well cared for.

Quarantine Raised.

Galveston, Tex., Sept. 2.—State Health Officer Dient has raised the quarantine against Galveston and the city was never more healthy than at present. The quarantine was temporary, and was placed on Fr day, August 26, on account of a suspicious case of fever at Fort Point.

BIG STRIKE PREDICTED.

Coal Operators Will Demand a Sweeping  
Reduction in Wages.

Cleveland, Ohio, Sept. 2.—In an interview to-day, Manager Young of the M. A. Hanna coal company is quoted as saying: "In the early part of next year we will have one of the greatest coal strikes this country has ever seen. All indications are that the strike will last many months. The miners stand at all times ready to fight against a reduction of wages. When the Chicago contract expires, or possibly before that time, they will be obliged to accept a reduction of 10 or 15 cents a ton or 10 percent. I think they will fight and fight harder than ever before."

"The West Virginia miners are working cheaper than ever before. All efforts on the part of the other miners to organize those that have been in vain. There is no hope that they will be brought into line."

Stevenson Nominated.

Pittsburg, Sept. 2.—John H. Stevenson, populist, has been nominated for congress by the democrats of the Twenty-third district.

HANNA IS HEARD.

He has been fishing and does not know  
Anything About Sick Soldiers.

Cleveland, Sept. 2.—Senator Hanna has returned to Cleveland after a month's outing in the Yellowstone Park and the northwest. In an interview concerning the reported sufferings in the army camps Hanna said: "I do not care to place the blame for the conditions upon any one. I will say, however, that the governors of the different states appointed as volunteer officers and the ill-equipped troops come from the volunteer ranks. Places for the location of the camps were selected because of availability and general climatic conditions."

The regular troops have been camped by the side of the volunteers and to sickness is among them.

Cap. Hulse Leads, the retired capitalist, who was at the city of the past few weeks, returned to the city late yesterday afternoon, and his familiar face was in evidence at his usual haunts this morning. He has several children and fish stories, which he will have written up by a classic prevaricator and published in the Youth's Companion.

C. R. Sizemore, who formerly published the San Juan Times at Farmington, but the past year residing in Los Angeles, is in the city after doing some special work for the Gem at Flagstaff and the Gleaner at Gallup. Mr. Sizemore, with his family, will probably reside here in the future.

Sheriff Hubbell this afternoon landed in jail Pablo Apolosa, the last Yaqui Indian alleged to be concerned in the murder of Padilla. The sheriff deserves great credit for his energy in hunting down law breakers in this county.

Justice A. J. Crawford was out quail hunting yesterday afternoon. He returned to the city with over three dozen quails, and his friends were not forgotten. Some ate quail for breakfast this morning.

Steven Canavan, a well-known citizen of Gallup, is in the city to-day, registered at the Grand Central.

The Congregational church has been thoroughly renovated. The carpet has been taken up and cleaned and the seats have been placed further apart, which will make them considerably more comfortable.

J. F. Jarvis returned to the city last night after a trip through California, Nevada and Utah. He reports very dry weather in all of the three above states, and came across no place he liked better than Albuquerque.

Dr. F. E. Olney, of Las Vegas, president of the territorial board dental examiners, and Dr. D. W. Manley, of Santa Fe, the secretary of the board, went to Silver City this morning to attend the meeting of the board there to-day.

Miss Helen V. Herzog, the adventuresome woman who came very near entering W. I. Mitchell, the clerk at the general delivery window of the local postoffice into marriage with her, has reached Prescott, and will visit the various mining camps near that city. Her "guardian" and traveling companion, L. L. Lyon, the Denver traveling man is still with her.

Commodore F. H. Kent and wife, who, like all prosperous and well-to-do citizens, spent their summer vacation at the seaside resorts of southern California, returned to the city early this morning on one of the delayed passenger trains from the west. The commodore states that he had a fine time, and kept regularly posted on the summer events transpiring at Albuquerque. He received THE CITIZEN every day.

Prof. Elmer O. Wooden and wife and Mrs. C. T. Jordan returned to Las Cruces this morning. Prof. Wooden has been absent for two years taking a post graduate course at Columbia college for the degree of Ph. D., and now returns to take his old position as professor of botany in the Agricultural college at Las Cruces.

Mrs. C. T. Jordan is the wife of the president of the college, and has just returned from her old home in Virginia, where she has resided during the past summer.

Mrs. L. T. Delaney, the proprietress of the Candy Kitchen, Mrs. Oaks, the milliner, and Misses Ethel and Grace Fish, composed a party who left for the east last night. The Misses Fish will join their father in Kansas City, and Mrs. Oaks and Mrs. Delaney will go to Omaha and take in the exposition for a few weeks, after which Mrs. Oaks will leave for Chicago and New York to lay in her stock of fall millinery before returning to this city. While she is away her store will be in charge of Miss Kate Mariotti and Miss Jane Corbett, a first-class trimmer, who recently arrived from Mt. Sterling, Ky.

As Cano's relatives live in this city, it is thought probable that he has already been here and left.

A free concert will be given at the Orchestra hall to-morrow night, and everybody is invited. Superintendent Trimble would be pleased to see a big crowd present, as he has promised some extra fine music.
