FRENCH STARTLED.

The Dreyfuss Case Recalled by an Important Arrest.

Lieut. Col. Henry Throws Into Prison at Paris.

His Suicide Requested and He Forthwith Cuts His Own Throat.

BEGINNING OF A ZOLA VICTORY.

Paris, Aug. 31.—The arrest of Lieutenant Colonel Henry on the discovery that he is the author of an important letter which figured in the Dreyfuss case, is one of the most sensational developments in the whole of this extraordinary affair. Colonel Henry has been through a campaign of the army against Colonel Picquart, with whom he fought a duel. This new development appears to alter the aspect of both the Dreyfuss and Zola cases and to practically nullify the evidence of Generals Pelloux and Bois-d'Arcy and the declarations of Minister of War M. Cavaignac. In the chamber of deputies, in fact, some people believe that perhaps the real turning point in the Dreyfuss case has been reached and the arrest of Colonel Henry will lead to a revision of the trial of the prisoner of Devil's Island.

CUT HIS THROAT WITH A RAZOR.
Paris, Aug. 11.—Lieutenant Colonel Henry committed suicide by cutting his throat with a razor he had concealed in a valise.

During the late Zola trial Henry accused Colonel Picquart of falsifying telegrams. A duel followed in which Henry was wounded. The next scene occurred in the chamber of deputies, where Colonel Picquart proclaimed the letter a forgery and, as a result, was arrested, while Henry's villainy was rewarded by being appointed Colonel Picquart's successor in the intelligence department. It is now evident that Henry forged the letter with the express object of paralyzing Colonel Picquart's efforts to expose Maj. Esterhazy and get a revision of the Dreyfuss case.

The scene of Lieutenant Colonel Henry's avowal was most painful. When he saw it was almost useless to deny further his tongue grew thick for his mouth and he was unable to speak. It was feared he would have an apoplectic stroke. After his arrest he was permitted to visit his wife. He announced that he was under arrest, and exclaimed: "My conscience is pure and free from every stain." This exclamation is much commented upon as going to show he may possibly have forged the letter under orders from superiors.

WAS REQUESTED TO SUICIDE.
Paris, Sept. 1.—It is now insinuated that the suicide of Lieutenant Colonel Henry, chief of intelligence department of the French ministry for war, was committed at the French army authorities. In any case, the suicide occurred shortly after the prisoner had received a visit from the officer of the general staff, who, on leaving, ordered the sentry on duty before Colonel Henry's place of confinement not to disturb the prisoner as he had a lot of work to do.

It is recalled a similar opportunity to commit suicide was afforded Dreyfuss, who, however, declined to profit by it.
It is generally believed that the rest of the general staff of the French army will follow the example of Gen. Bois-d'Arcy, chief of staff, and Gen. Gougeon, under chief, and tender their resignations.
It appears the minister for war, M. Cavaignac, is convinced that Colonel Henry had accomplished in forgery in criminalizing the document and there are persistent reports that Colonel Picquart will shortly be arrested.
In this connection it is reported that the minister of justice, M. Berthe, has already taken steps to grant Dreyfuss a retrial.

THE COAST STORM.

Drowned While Trying to Reach Shore—The Damage Done.

Savannah, Ga., Sept. 1.—The second male on the freighter, the *John A. Noe*, was drowned here during the storm. He was trying to reach the shore from the boat, but was blown from the life line. All trains are delayed by washouts and travel cannot be resumed until tomorrow.

Nearly all the tents and clothing of the garrison at Tybee were blown down. The camp. All records are lost and considerable confusion will result when pay day comes for the minister ordered. The damage to property in and around Savannah is estimated at \$200,000.

NATIONAL IRRIGATION CONGRESS.

Now in Session at Cheyenne—An Important Meeting.

Cheyenne, Wyo., Sept. 1.—Delegates to the National Irrigation congress continue to come in, but the bulk of them will arrive this afternoon and to-night. Indications point to a very successful meeting. It was learned this morning that a bad washout on the Rio Grande would delay California and New Mexico and other delegations from the southwest for one, perhaps two days.

Nevertheless the congress was called to order by President J. M. Carey at stated hour.

An interesting address of welcome was

given by Governor Richards, who briefly reviewed the agricultural history of the state and outlined the work which the congress might take up of special interest to Wyoming.

Responses were made by Messrs Logan, of Arizona; Prof. Churchill and Judge Emory, of Kansas; Allen and Longstrech, of Nebraska; Dr. Young, of Utah, and Field, of Colorado.

Committees on permanent organization and credentials were appointed, one from each state represented.

An encouraging feature of the congress was found in the presence of all the officers, as follows:
President J. M. Carey, of Wyoming; Secretary Frost, of Minnesota; Assistant Secretary McCutcheon and Reading Clerk Maxson, of Minnesota.

A number of important papers were read at afternoon session, including the address by the president.

Prof Smith Leaves.

Prof. J. Everett Smith, who made such an excellent record as principal of the high school in this city last year, will leave to night for Lima, Oklahoma, where he has been appointed a member of the faculty of the territorial normal school in that city. Prof. Smith's departure from this city is regretted by a large number of people here and especially by the students in the high school, who from their association with him learned to respect and love the man. His many friends unite in wishing him as successful a career in his new field of labor as it was in Albuquerque.

Interested at San Pedro.

P. P. Smeltz, a wealthy hardware merchant of Kansas City, spent yesterday in this city, the guest of George C. Galtner. Mr. Smeltz has invested considerable money in some mining properties about three miles from San Pedro, with which he is greatly pleased. A number of business men in Kansas City are interested with him in the enterprise and it is their intention to put in a plant at once and commence the working of the ore.

Mr. Smeltz returned to Kansas City by way of Colorado last night and will complete arrangements for developing the property at once.

The Funeral of James Champion.

Yesterday afternoon the funeral of James Champion, a well-known citizen of this city, was held at the residence of his wife, Mrs. Champion, on First street. The funeral was attended by a large number of friends and relatives. The services were conducted by Rev. J. W. Harding, pastor of the First Baptist church. The casket was borne by the First Baptist band. The pall-bearers were Rev. J. W. Harding, August Klein and F. A. Hopping. Rev. J. W. Harding officiated and Rev. J. W. Harding read the funeral rites of the Woodmen of the World. A quartet, composed of the Messrs. Kellogg and Messrs. Nettles and Burg sang some appropriate songs.

A. K. Bacus, the railroad printer, who is here taking a "lay-off," finds himself quite a sufferer these days. A few days ago he called on Dr. Cornish to be vaccinated, and the obliging railway physician gave the arm of Mr. Bacus a double dose. In consequence, the arm is double its usual size, and with the swelling there is great pain. Bacus states positively that he cannot now go among the worst cases of contagious disease with perfect impunity.

Mrs. Lena Weiss, of Martinez, Cal., is visiting her brothers in New Mexico. She is at present stopping with her brother, Joseph Ribo, of Bernalillo. Mrs. Ribo, daughter of Simon Ribo, of Laguna, accompanied her from California, after an absence of five years, and is with her parents at Laguna.

The Non-Sectarian Benevolent association sent Mrs. W. H. Jackson and her children to their relatives in La Junta last night. They were in destitute circumstances, and came here from the south a few days ago. Through the kindly efforts of the same association Charles Anderson, a consumptive, was sent to El Paso.

Let everybody remember the zobo concert to-night at the A. M. E. church. This is the last time the zobo will be given in this city, and will be a pleasant treat to all who may see fit to attend. J. Allen, pastor.

T. K. Peters, who carries on mining and stock raising on the Rio Grande, in Lincoln county, was a passenger from the south and is here to-day, mingling with his city friends.

MISS WINNIE DAVIS DYING.

Large Refrigerator Put in Modern Compositum Institution.

There is no institution with which the people of Albuquerque are better acquainted or to which they point with more compositum pride than the Albuquerque Fish Market, of which A. J. Lamo is proprietor. Read a list of their leading specialties, fish, oysters and poultry. Mr. Lamo keeps in stock the most varied supply of choice fruits and vegetables as well as the most delectable of table delicacies. The market, too, always presents an air of neatness which gives to it an attractive and inviting appearance.

That the housekeepers of the city appreciate these facts is well shown by Mr. Lamo's continually increasing trade.

He states that the business done in the month of August just past shows a marked increase over the same month last year. But August is the fullest month of the entire twelve in his line and the fall and winter months are by far the best judging from the past he has a certain amount of business in prospect. This prospective increase in trade.

John Newlander, the carpenter, has just completed and put in a large and handsome refrigerator at the market, which is an ornament as well as a thing of great utility. The refrigerator has a capacity for 3,000 pounds of ice at one time and will keep everything in a perfectly fresh condition on hot days.

The refrigerator is built upon the latest and most improved plans. It consists of three separate boxes to be used for storing fish, oysters and poultry respectively. Then there is a large room entirely separated from these, in which the general table delicacies will be placed. This is an improvement which the patrons of the market will highly appreciate.

THE MAZE.

J. F. Cochran, a popular local railroad agent, who enjoyed his vacation in southern California, returned to the city, accompanied by his family. Mr. Cochran called at THE CITIZEN office this morning, and during the conversation stated that the people of some sections of southern California were complaining, stating that if rain did not come in a very short time the loss to the farmers and fruit raisers would amount to considerable.

Joseph Ribo, one of the big merchants of Bernalillo, came in last night, and has his name on the Sturges European register.

He reports the farmers of his vicinity as very productive part of the Rio Grande valley, as busily engaged at farming. He also stated that the alfalfa yield of the Bernalillo district will considerably exceed that of last season.

W. V. Puttelle having sold out his second hand business to J. O. Gleason, will now handle only new furniture, trunks, valises, bicycles, carpets, matting, wall paper, shades, Navajo blankets, and all kinds of bedding cheap for cash or on installment. Remember, I will not be undersold.

Marshall McMillin's collections for the month of August amounted to \$370. This is a record breaker in the history of the police department of this city. The highest amount ever before collected in a single month was \$312.

H. D. Becker, the well-known and popular general merchant and trader at 14-15, is in the city to-day. He is arranging to remove his family to this city as a place of residence, but still retaining his business at Idaho.

W. L. Hathaway, the popular southern manager of the Mutual Life Insurance company, who was up north the past few days, returned last night.

Miss Ida Elder, one of the city's popular public school teachers, who enjoyed her vacation among her friends, returned to the city last night.

A. Pogue, who is the Western Union line repairer along the Santa Fe road between this city and El Paso, is at the Hotel Highland.

Hon. Frank A. Huttell handled in about 3,000 pounds of wool to day to be secured at the Albuquerque Scouring mill.

B. A. Sierster, the insurance and real estate agent, was a passenger on his return from Santa Fe last night.

DASTARDLY TRAMPS.

Wreck a Train on the New York, Ontario & Western.

Behind Time and Running Sixty Miles an Hour.

Engineer, Fireman and Brakeman Killed, and Many Injured.

IMPROVED CONDITIONS OF HOSPITALS.

Syracuse, N. Y., Sept. 1.—A special to the *Evangelist* from Fulton says: Train No. 3, on the New York, Ontario & Western railroad, known as the "Chicago Limited" was wrecked at Ingalls crossing, four miles south of this village, at 5 o'clock this morning. The wreck was doubtless due to the dastardly work of tramps, who threw open the switch at which the train was wrecked, as well as two switches to the north of the wreck.

The train was an hour late and running nearly sixty miles an hour when it struck the switch, and threw it over to the side track. The speed made it impossible to make safety on the rail, and the engine was thrown twenty feet and blown in pieces, and the tender inverted. The trucks of the baggage car were torn off and the head coach telescoped. The baggage car, the vestibule chair car and sleeper were dented but neither badly damaged. Engineer Dowd and Fireman Hall both jumped and were found under the wreckage of the tender by passengers for the sleeper. The body of Brakeman Osborn was torn in two.

Dead—Engineer B. C. Dowd, Oswego; Fireman Wm. Hall, Norwich; Brakeman A. L. Osborn, Walton.

Injured—Baggageman Charles Deemond, New York, three ribs broken; David Mills, Oswego, face and legs bruised and scalp wound; John Golden, Oswego, burned about both wrists; O. Patten, hip sprained; Peter J. Hawkins, Sweden, Sweden, Sweden, scalp wound; C. A. Regiments of the first division of the corps will also begin moving to-morrow. It will be possible to get all the regiments of the corps out this week, but they will be banded as rapidly as possible, and probably all will be gone by Tuesday or Wednesday of next week. So materially have the conditions in the hospitals improved during the last few days that there is now little complaint. The number of patients is decreasing rapidly and there are few deaths.
