### ADMIRAL DEWEY.

He Is Asked to Give Advice to Peace Commissioners.

Gen. Miles and His Porto Rico Soldiers Coming Home.

Moving the Soldiers From Chickamauga as Fast as Possible.

"ROUGH RIDER" WILLIAM TIFFANY.

New York, Aug. 29.—A dispatch to the World from Manila says: President McKinley wants Admiral Dewey to go to Paris to advise the American members of the peace commission. The admiral believes that he can do of more service to his country by remaining at his post here. He will forward by mail to Washington or Paris a full report on the conditions here with some recommendations, but will not attend the peace commission's sittings personally unless specifically ordered by the government.

General Merritt, however, will go to Paris at the president's suggestion, leaving here on the transport China, which is about to return to San Francisco. In his absence, General Otis will act as military governor.

Aguinaldo will send a representative to Paris to plead the cause of the Philippine islanders. Aguinaldo says that personally he is favorable to the Americans, but that his army is fighting for complete independence.

### LEAVING CAMP THOMAS.

Army Officials Are Hard Work Moving the Soldiers.

Chickamauga, Aug. 29.—The work of moving the First army corps from Chickamauga has been completed. Army officials are now directing their attention to the Third corps. Two regiments of this corps, the Third Tennessee and First Mississippi, are expected to leave for Annapolis, Alabama, to-morrow. Others will leave as rapidly as transportation can be provided. The whole corps, it is thought, can be easily moved during the week. The Sixth regiment of United States volunteers will remain here some time. The camp at Chickamauga is rapidly improving. At least half of the sick have been sent away, and arrangements are being made to send hundreds of others. Gen. Black, of New York, will arrive this evening. He comes for the purpose of examining into the condition of the New York regiments.

### THE INSTRUCTIONS.

To Cuban and Porto Rican Commissions Now Ready.

Washington, Aug. 29.—The instructions to the Cuban and Porto Rican military commissions, drawn up and approved by the president, have been delivered to the president of each commission before he leaves. The instructions are not to be made public, but the general terms are known to be the same as the instructions sent to General Shafter regarding the government of Santiago and General Merritt regarding the Philippines. This will mean the military commission will take control of Cuba and Porto Rico the same as the military government now controls that portion of Cuba surrendered to the United States after the Santiago campaign.

### MEMBERS READY TO SAIL.

Washington, Aug. 29.—An order was issued at the navy department today detaching Rear Admiral W. S. Schley from the command of the Second North Atlantic fleet and ordering him to Porto Rico as a member of the evacuation commission, during which time he is authorized to fly his flag on the cruiser New Orleans, which will remain in those waters until the commission is ready to return to the United States.

### PORTO RICO NEWS.

Soldiers Leaving for the United States—Disorders Continue.

New York, Aug. 29.—A dispatch to the Herald from Porto Rico says: Gen. Miles and staff and eight companies of the Second Wisconsin volunteers sail for home on Tuesday. The Fourth Pennsylvania volunteers start on Wednesday. Three battalions of the Second Wisconsin will sail on Thursday. The Illinois volunteers will follow on the Seneca and another ship. The whole detachment will land at Brooklyn. After resting a few days they will proceed to Central park. They will be commanded by Gen. Wilson. Gen. Miles will review them.

Gen. Brooke is preparing to move to San Juan. It seems probable that he will take all the forces at Guantánamo, including the troops.

Reports of disorders continue. Miles will probably issue a proclamation calling for order and decreeing severe penalties for disorders.

The trial by a military commission of twelve civilian prisoners charged with burning the town of Coto, began to-morrow at Ponce.

### SENATOR DAVIS.

He Speaks Out Like a Patriotic, True-Blue American.

Nearly Two Thousand Patients at Camp Wikoff.

Soldiers Killed in a Wreck on the Louisville & Nashville Railroad.

DEATH IN SWITZERLAND'S MOUNTAINS.

New York, Aug. 29.—The World says: "The American people are aglow with patriotic fervor and utmost eagerness in considering our future course," said United States Senator Charles D. Davis, before leaving this city for his home to prepare for the journey to Paris as one of the five commissioners to arrange final terms of peace between the United States and Spain.

"Events made me one of the great powers of the earth," he continued, "and what we may have desired ourselves heretofore, seeing before us the responsibilities we must recognize and accept. We become a potent factor in the world's progress. A greater naval and military power we are already. We are not strong enough yet, but not an hour must be lost in equipping ourselves to cope with any emergency that may confront us. We must have a large regular army ready at call in the future. We have as good a navy as any nation on the earth. Heretofore our power has been on the Pacific ocean. China is the coveted part of the earth's surface to-day, but who could have predicted six months ago that Russia, Germany or Japan would have coveted a foothold on the North American continent. We must possess the Pacific ocean. Its coast has been our vulnerable point. I am on record as favoring the retention of the territory acquired by the splendid victories of our arms, but my remarks have nothing to do with the official duties I shall undertake as commissioner to the congress in Paris. What that body will or will not do I would not predict if I could."

Cause Distress in Seven Districts of the Great Kingdom.

St. Petersburg, Aug. 29.—(Owing to the failure of the harvests in seven districts, the government of Kazan and provinces of Samara, Saratov, Simbirsk, Viatka and Perm, where the crops are almost worthless and even the landed gentry are beginning to ask the government for relief, the government is adopting measures to relieve the sufferers. The emperor considers the present moment favorable for the inauguration of a movement looking to this end and invites the powers to take part in an international conference as a means of this insuring real and lasting peace and terminating the progressive increase of armaments.

VIOLENT STABBING AFFRAY.  
Mariano Padilla Severely Cut by Indians at Isleta Yesterday.

The Indian village of Isleta, was the scene of a very violent stabbing affray yesterday. The occasion was the feast of St. Augustine, the patron saint of the village, and people streamed into the place to assist the Indians in their celebration. Among others was Mariano Padilla, the sheep raiser at the Grants, who arrived at Isleta at about 3 o'clock yesterday morning. He took himself to the store of Abeytia Brothers, among the most prominent Indians of the village, to get some lunch as well as some liquid refreshment. The store was full of Indians and while Padilla was eating he suddenly got into a quarrel with one of the Indians. Considerable feeling was aroused and Padilla slapped one of the bronze-colored individuals in the face. This started a general fight. Padilla beat a hasty retreat from the store and was followed by a full squad of Indians. Once outside he turned on his pursuers and made a brief and successful stand. Seeing the number of his opponents steadily increasing he again sought safety in flight. He was pursued and captured, when the Indians put a halter on him with bloody but not fatal effect. He was severely cut about the head, chest and arms and when his assailants ceased their murderous assault on him, they did so under the impression that he was dead.

The news of the affray reached this city at about ten o'clock yesterday forenoon and there were many exaggerated versions floating around to the effect that five Indians had been sent to the happy hunting grounds while the most modest claims gave the number 11 dead as one.

Sheriff Hubbell, Deputy Sheriff Ned-comer and Dr. G. S. Kasterday immediately drove down to Isleta. Sheriff Hubbell arrested Transito Abeytia and Dr. Kasterday attended to the injuries of Padilla and then the party returned to this city.

Sheriff Hubbell left six deputies at Isleta with instructions to arrest Transito, Lucero, Alejandro Jiron, Pablo and Juan Apodaca and Francisco Abeytia, for whom warrants had been issued. He received a telegram today stating that all five had been arrested and that they would be brought to this city this evening.

A gentleman, who came in from Isleta this afternoon, says that when he was reported there that Padilla had died at 9 o'clock this morning. The sheriff, however, received no telegram confirming this report.
