A FIGHT AT CAVITE.

American Troops and Insurgents
Engage in a Riot.

Whitelaw Reid Selected as One of
the Peace Commissioners.

Cruisers St. Louis and St. Paul Restored
to Passenger Traffic.

ANGLO-EGYPTIAN EXPEDITION.

New York, Aug. 26.—A copyright special from Manila to the New York Journal says: There has been a serious clash at Cavite between the United States soldiers and the insurgents. The riot resulted in killing one soldier and the serious wounding of another. Geo. Hudson, a member of the Utah battery, got into a dispute with a native shipowner and fearing trouble he fired his revolver in the air to attract the attention of his fellow soldiers. A crowd of natives at once began firing their revolvers, killing Hudson and seriously wounding Corporal Wm. Anderson, of the same battery, who hurried to the assistance of Hudson. A detachment of the Fourth cavalry dismounted the Philippines, who continued to fire their revolvers as they retreated without doing any more damage.

The same night some soldiers doing guard duty saw a large party of natives stripping the wreck of a gunboat lying in Cavite bay. A boat with an armed force got off from the shore and the sailors hailed the natives, who failed to answer. Then the soldiers fired a volley, killing one and wounding another. Aguineldo promptly denied any connection between the natives in these affairs and his army.

Admiral Dewey has transferred his flag to the cruiser Baltimore, the Olympia sailing for Hong Kong to be docked and repaired. The Raleigh left for the same port on Wednesday night.

Recommend No Change.
Milwaukee, Wis., Aug. 26.—The United Typothetae of America to-day adopted a resolution declaring that it does not deem it practicable at present to recommend any change in the hours of a day's work and providing for a committee to confer with representatives of International Printing Pressmen's and Assistant's Union and International Typographical Union.

The next convention will be held at New Haven. The following officers were elected: President, C. S. Morhouse, New Haven, Ct.; secretary, J. S. Cushing, Boston; treasurer, R. B. Donnelly, Chicago. Executive committee—J. J. Little, New York; chairman, W. J. Dornan, Philadelphia; C. W. Hornick, St. Paul; J. H. Buce, Nashville; Ames Pettibone, Chicago; Charles A. Swenson, Buffalo; Frank L. Hudson, Kansas City.

KNIGHTS OF PYTHIAS.

Bathone Sisters Society Adopt Mutual Endowment Insurance Plan.

Indianapolis, Aug. 25.—The Indian Knights of Pythias to-day adopted a new fraternal plan similar to the endowment plan of the Knights of Pythias. The investigating committee appointed by the supreme lodge of the Knights of Pythias to find out who made the charges against the present supreme officers, made little headway, as those under suspicion have proved their innocence. The Pythian Brotherhood elected the following officers: Past Supreme Chancellor, Mrs. George W. Bonnis, of Worcester, Massachusetts; supreme chancellor, Mrs. H. F. Libbey, West Brook, Me.; supreme vice chancellor, Mrs. W. A. Dillworth, Lincoln, Neb.; supreme prelate, Miss Annie Mueller, Providence, R. I.; supreme mistress of exchequer, Mrs. L. A. Small, Farmington, N. H.; supreme keeper of records and seal, Mrs. George W. Adams, Haverhill, Mass.

Steamers Discharged.
Washington, Aug. 25.—The navy department has ordered the cruisers St. Louis and St. Paul to League Island navy yard, Philadelphia, where they will be restored to their condition as liners and returned to the American line, from which they were chartered.

To Be Granted Furloughs.

New York, Aug. 25.—Secretary Alger has resumed investigating affairs at Camp Wikoff to day. The Rough Riders are to be granted furloughs by his orders.

Mine on Fire.

Danville, Wis., Aug. 25.—A. H. Bonnett's mine took fire to-day. Eighteen men were in the mine. Many were badly burned and some will die. They were taken out through the air shaft.

Will Not Attend.

Madrid, Aug. 25.—The Carlist and republican members of the cortes have decided not to attend the forthcoming session, and will issue a manifesto explaining the reasons for their absence.

Members of Peace Commission.

Washington, Aug. 26.—Secretary Day upon leaving the cabinet meeting this afternoon announced that Whitelaw Reid had been selected peace commis-

sioner. The commission so far as made up is: Secretary of State Day; Senator Davis, Minnesota; Senator Frye, Maine; Whitelaw Reid, of New York. The fifth member, Secretary Day, announced officially has not been finally selected. Justice White has the president's tender of a place under consideration.

Accepts Commission.
Washington, Aug. 26.—Secretary Day at 5 o'clock announced that Justice White had accepted the commission.

FOUGHT ONE ROUND.

T. N. Wilkerson and Conrado Gonzales gave an Exhibition Last Night.

There was considerable excitement on the corner of Second street and Railroad avenue last night, at about midnight, caused by a one round fight in contest between Attorney T. N. Wilkerson, who is the president of the territorial fair association, and Conrado Gonzales.

It was nearly midnight and Mr. Wilkerson was standing under the arches leading into the Ziegler Cafe. Mr. Gonzales came walking along with County Jailer Sandoval and seeing Wilkerson, he called him to one side. After a brief remark by way of explanation, he dealt Wilkerson a blow in the face which knocked him down. The fight was abruptly brought to a close at the end of the first round by the friends of the two men taking a hand in preventing the fight exercises from proceeding. Mr. Wilkerson evidently had not received a knock-out blow, as he was still as eager for battle as an old war horse who smells the smoke of conflict from afar, and vigorously announced that he was qualified to lick two men of the calibre of Gonzales. The latter enthusiastically seconded the motion that the fight proceed, but the bystanders voted differently and held the men apart until Officer Martinez arrived and placed Gonzales under arrest. In the interim Wilkerson delivered some spirited remarks on things in general and dwelling more particularly on his fighting abilities.

Gonzales made no resistance against being placed under arrest. He was taken to the city building and Justice Crawford sent for. When he arrived, Gonzales furnished a satisfactory bond and was given his liberty until 2 o'clock this afternoon, when the case came up for trial.

The cause of the trouble was a grudge which has existed between the two men for some time. Gonzales charges Wilkerson with having slandered his character in bitterest coarse words at various times within the past few weeks and claims that it was to avenge these insults that he assaulted him last night. Owing to the illness of Justice Crawford, the examination of Gonzales was adjourned until 9 o'clock to-morrow.

CITY COUNCIL MEETING.

Judges and Clerks for Annexation Election Appointed.

The city council held a special meeting last night and selected polling places and judges and clerks of election for the special election to be held September 17, when the question of extending the city limits on the south will be voted on by this city. Mayor Clancy, Alderman Kieck, Johnston, Tierney, Burkhardt and Lombardo were present.

Polling places were selected as follows: Ward No. 1, city hall; ward No. 2, 121 West 10th avenue; ward No. 3, 141 West 10th avenue; ward No. 4, Scott's store house.

The following judges and clerks were selected: Ward No. 1, Judges, J. C. Marshall, W. H. H. Allison and W. B. McLaughlin; clerks, W. C. Montfort and Chas. Quier.

Ward No. 2—Judges, A. Harsch, J. Winston and A. D. Johnston; clerks, F. W. Hamon and Sam T. Jenkins.

Ward No. 3—Judges, W. H. Burke, K. Johnson, John Jacoby; clerks, Roy McDonald and Gordon D. Pearce.

Ward No. 4—Judges, J. R. Sutherland, A. M. Swan and John Baker; clerks, Scott Knight and J. G. Albright.

The territory to be annexed is described as follows:

Bounded on the north by the south line of the city of Albuquerque; on the east by the east line of the right of way of the New Mexico & Southern Pacific Railroad company on the south by the south line of the road leading from the east end of the baroque public bridge over the Rio Grande to Second street, extended, and by that line continued in the same direction to the east line of said right of way of said railroad company, and on the west by the Rio Grande.

Notice.
At the A. M. E. church fair to-night, Hon. B. S. Roddy and H. B. Ferguson, will both make addresses. We bespeak for them a crowded house. Among new exhibits to-night will be a paper containing the particulars of the assassination of Abraham Lincoln. In connection with the fair last night that we failed to mention is that the Lewey Club served the refreshments. Mrs. W. H. Joyce, captain. The McKinley Club will serve the refreshments to-night. Mrs. Ella Lowes, captain.

COMMITTEE.
Henry Goetz, Miss McKellar, Joseph Barnett and another passenger who were at the Jemez hot springs the past month, returned to the city on Johnston & Moore's stage late yesterday afternoon. Mr. Goetz, who went to the springs for the rheumatism, states that he returns to the city feeling like a new made man.

COMMENT OF CLARK.

He Says Cervera Should Have
Staid in Santiago Harbor.

Yellow Fever Reported at a Military
Post Near Galveston.

Large Number of Spanish Soldiers Shipped
From Santiago de Cuba.

GENERAL SHAFER LEAVES CUBA.

New York, Aug. 26.—"Cervera should have stayed in Santiago harbor forever rather than come out the way he did," was the solemn remark of Capt. Clark, lately of the battleship Oregon. "The fleet was a fortress, and with his guns he could have driven the United States army from the shore until it could mount ten-inch guns to sink the ships. He was master of the situation and should have 'hung on' until every member of his ship's crew died of absolute starvation. Then he would have been a real hero, an eternal figure in history."

The captain is at the Marine hospital, where he proposes to rest until his family arrives from Michigan. He is merely suffering from a temporary ailment, brought on by low fever and long continued sea diet.

"What are the lessons of the Santiago fight?" he was asked.

"First, smokeless powder; second, no woodwork on warships. The Spaniards were burned up."

SPANISH SOLDIERS.

Three Ship Loads Sent to Spain From Santiago de Cuba.

Santiago de Cuba, Aug. 25.—Spanish transports San Francisco, San Augustine and Colon left this afternoon with 4,000 Spaniards, including fifteen officers and their families and four priests. Eight men died on their way to the ships. Their corpses were "checked off" as passengers. It appears there has been many instances of this during the embarkation of the Spaniards, the transportation company thus being enabled to collect passage money.

Gen. Shafter and staff sailed this afternoon on the United States transport Mexico.

Anglo-Egyptian Expedition.

Wady Hamed, Aug. 25.—Gunboats with the Anglo Egyptian expedition seized the island of Gib-Eli Royan, opposite El Hark, about forty miles north of Omdurman, capital of Khali. The island will be used as an advance depot for stores.

YELLOW FEVER.

Case Reported at a Military Post Near Galveston.

Washington, Aug. 25.—Dr. Wyman, surgeon general of the marine hospital service, has received official information that a case of suspected yellow fever exists at the artillery post at Fort Port, near Galveston, Texas. The strict isolation will be enforced until the true character of the disease is disclosed. A telegram from Dry Tortugas states that the Vivina, just arrived there from Havana, has four suspicious cases of yellow fever on board.

To Be Mustered Out.

Washington, Aug. 25.—The Twenty-second Kansas volunteers, infantry, now at Middletown, Pa., have been ordered to Fort Leavenworth, Kansas, to be mustered out. The First New Hampshire volunteers, infantry, now at Lexington, Ky., to Concord, N. H., to be mustered out.

Leave of Absence Extended.

Washington, Aug. 25.—An order has been issued at the war department extending the furlough of volunteers given leave of absence from thirty days to sixty days.

Traveling Types in Trouble.

E. G. Smith and Charles Braught, a pair of journeying printers who had completed their labors in Albuquerque, started out for pastures new yesterday afternoon. Before leaving the city, however, they had been careful to take in a supply of their favorite cordials. Under these circumstances their progress was a little slow, and when the shades of night fell upon them they had got down to the stockyard. They appeared to sleep on a blanket which they picked up near by when they were arrested by Foreman Hammer, who charged them with stealing the blanket.

They appeared before Justice Riddle this afternoon, but as Mr. Hammer failed to put in an appearance against them they were discharged for want of prosecution.

An Unsuccessful Alarm.

An alarm of fire was turned in from box 15, on the corner of Tijeras road and Arno street, shortly after five o'clock last evening, caused by some burning tar at A. W. Hayden's residence at No. 205 north Arno. The flames were extinguished before the fire department arrived. There was considerable confusion owing to the fact that firemen and others were unable to distinguish the number of the box as sounded by the mocking bird whistle, showing the necessity of securing indicators for each house company. If the service is to be improved, for this purpose (Chief Ruppe has called a meeting of the fire department for Thursday evening of next week, when the matter of purchasing indicators from money in the department fund will be discussed.

Two Juvenile Thieves.

Romulo Guardado and Manuel Soto, aged 13 and 11 years respectively, were arrested in Plaza Martinez yesterday on a complaint of Major W. A. Rankin, who charged them with stealing a number of articles from his ranch. Owing to the tender years of the offenders, he refused to prosecute them to-day and the matter

was settled by the parents of the boys paying the costs and giving them a good lecture on the scriptural injunction "Thou shalt not steal."

An Important Rumor.

It is rumored that 4,000 freight cars for the Santa Fe system are to be built at the car shops in this city, and that 200 men from the San Bernardino and Tepeka shops are to be sent here for that purpose. While the statement comes from a reasonably reliable source, it can not be officially confirmed on account of the absence of G. W. Smith, the superintendent of machinery, in California.

MIXING IN COCHITI.

Chester Greenwood Considers the Success of the District Assured.

Chester Greenwood, one of the principal owners of the Lone Star group of mines in the Cochiti district, will return to Bland this evening after spending a few days in this city.

Mr. Greenwood states that everything is moving along in a satisfactory manner in the Cochiti district, and that his entire confidence is assured. He does not look for anything resembling a boom there, and, in fact, says that this is impossible, owing to the fact that such a large amount of capital is required to mine successfully there. "The growth will be of the steady, substantial kind, and whenever a new mine is discovered, a new mill will also have to be built, as in his opinion, mining can not be made profitable unless the ore is mined and milled at the same place."

Mr. Greenwood says that a mill will have to be built at the Lone Star group in the very near future or else the mill at Bland will need to be considerably enlarged.

After spending a few days in Bland Mr. Greenwood will leave for Worcester, Mass., where he is called by the illness of his sister.

Asking for Transportation.

Hon. H. B. Ferguson was appealed to yesterday by "Rough Riders" Arnelo, Albert and Sherman, who are here on furlough, asking that he assist in securing them transportation back to New York. In answer to a telegram sent by the delegate on that subject, the following was received:

CAMP WICKOFF, N. Y., Aug. 25.
H. B. Ferguson, Delegate to Congress, Albuquerque, N. M.

Wire application to adjutant general for transportation for men mentioned in telegram. Regiment to be mustered out at once.

A. O. BROAD, Commanding.

R. A. Pearson, the well-known civil engineer, who has been doing some surveying for the Santa Fe railway on the Santa Rita branch, came in last night to enjoy a short time in company with his wife. He will return to-morrow morning.

City Clerk Medler has a very bad right hand. A few days ago he caught a very large bug, which he thought was a mosquito, and in trying to tame it he was stung on the right hand. The bug on examination was found to be a wasp.

R. M. Thomas, the assistant superintendent of the railway mail service, who has been in the city the past two days, left on the freight train this afternoon for the west.

Mrs. Fannie Nowlin, who spent the summer with Missouri relatives and friends, returned to the city last night, much to the joy of some very pleasant friends.

The Clerks' Association will hold a meeting at 5 o'clock, in room 1 over the postoffice. Important business will be transacted.

Charles Trapp and wife, excellent people in South Albuquerque, will leave this evening for a trip to southern California.

G. W. Johnson and A. B. McMillen, attorneys, who have been at Santa Fe on legal matters, returned to the city last night.

Thos. S. Hubbell, Bernalillo county's efficient sheriff, is in Santa Fe to-day. He will return this evening.

Geo. Kemp and wife, of Winslow, came in from the west last night, and are at Sturges' European.

E. L. Washburn, wife and baby left last night for Santa Fe, where they will remain a few days.

H. C. Campbell and wife, registering from El Paso, are at the Hot-El Highland.

TRANSPORT ASHORE WITH TROOPS ABOARD

Manila, Aug. 26.—On Wednesday a corporal and two troops of battery B, Utah artillery, after disembarking at Cavite, were sent on an errand. While passing through the streets trooper Hudson discharged his revolver. It was mere fun, but the natives of the locality were much alarmed for a time and began firing. Dismounted cavalry were sent to quell the disturbance, and the natives misunderstood the movement and the firing became general. Trooper Hudson was killed. Corporal Anderson mortally wounded. Troopers Laydon K. Nachbar, Donnelly Boyle, Fourth cavalry, were wounded. Four natives were killed and several wounded. Aguineldo expressed regret at this encounter and promised to punish the offenders. No further trouble is expected.

The rebellion is spreading in the south, and Sorsogon has fallen into the hands of the rebels, five Spaniards being killed in the assault.

Book Firm Falls.

New York, Aug. 25.—Papers filed in connection with the receivership for Hrentanos, booksellers and stationers, show liabilities of about \$175,000. The assets, consisting of stock, fixtures and book plates, exceed, at cost, \$250,000, but may not be worth less than \$125,000 if disposed of at auction or in bulk at private sale.

Troop Ship Ashore.

New York, Aug. 25.—The United States steamer Prairie is reported ashore three miles east of Amagansett, L. I. She has four hundred troops aboard.

The troops on the Prairie were all landed shortly after noon. All were transferred from the Amagansett to Montauk by train. The Prairie was floated.

ALBUQUERQUE, — AUGUST 26, 1908

The president has announced his intention to visit Omaha before the exposition closes.

The state of Colorado owns 837,327 acres of land, the rental of which last year was \$251,508.25.

In Mexico a jury consists of nine men. A majority makes a verdict. If the nine are unanimous there is no appeal.

An American typewriter company has just completed a typewriter for Pope Leo which writes English, French, Italian, Portuguese, Spanish and German.

The man who knew how to run the war has been succeeded by the man who knows what to do with the Philippines—and he is generally the same man.

Cotton seed, the waste product of a few years ago, yielded products in 1907 valued at \$120,000,000. The march of economic science has no more striking illustration.

The Raton Range says: "Albuquerque is making unusual efforts to have this year's territorial fair excel any former exhibition. The date is from September 27 to October 1."

The two volunteer regiments from this territory will soon be discharged, and the three companies from this city should be given a rousing public reception on their return.

The total loss of the American army and navy in the recent war is reported to be twenty-three officers and 236 men killed and eighty-seven officers and 1406 men wounded, an aggregate of 1702.

In the civil war the Union army alone lost 4142 officers and 62,916 men killed, and in addition 43,012 died from wounds.

Ir President McKinley and congress make Dewey an admiral, the hero of Manila will stand on the same footing with Farragut and Porter. On July 25, 1866, the rank of admiral was created and bestowed on Farragut, who died October 17, 1890. David D. Porter succeeded him. With the death of Porter the rank lapsed.

The territorial republican central committee is called to meet at the office of the chairman, in Santa Fe, N. M., at 10 o'clock a. m., on Thursday, the 5th day of September, 1908, for the purpose of fixing the time and place of holding the territorial convention to nominate a candidate for delegate in congress; fixing the number of delegates thereto and their apportionment among the several counties, and such other business as may come before the committee.

TRUE AMERICAN POLICY.
In a newspaper article of special interest on the campaign in Cuba, General Wheeler said: "The history of the last 100 years shows that in order to avail ourselves of foreign markets we must have colonial possessions, and I am not one of those who fear the evils which some anticipate from the change in the policy of our government which has taken place in the past four months. I am not afraid to have the United States grow. The world will be benefited by the growth of our republic and by the expansion of the principles of the American system of government."

The greatness of this country is due to the "policy of expansion." Think what the various additions to our original territory since 1803 have done for the American people.

ALGER AND THE WAR.
There is a concerted democratic effort to win the public eye from the success of the administration in the Spanish war by charging that Secretary Alger, through culpable neglect of duty, was to blame for such defects as appeared in the commissary, hospital and transportation service of the army. Did soldiers find themselves short of food in camp or on the march? That meant Alger's responsibility. Did wounded men go unattended? Who but Alger and his political fellowship could be to blame? Was there delay in moving regiments? The president's friend, Alger, had either failed again or had permitted himself to be made the cat's paw of a corporation. The secretary of war, by common consent of the democratic, and particularly the yellow democratic, press, has come out of a struggle which the world regards as a highly successful one from the American point of view, fairly staggering under a burden of failure and shame. And by that token the yellow press hopes to divert the public mind and rob the administration of some of the laurels it has won.

But the trick will not serve says the San Francisco Chronicle. The American people are not fools, and they know that a war department which can change at a signal from a peace basis and bring the military operations of a foreign war to a triumphant close in three months and a

half must be one of virtue efficiency. Is it nothing to increase the army from 27,000 to 268,500 men in about six weeks and dispatch expeditions to Cuba, Porto Rico and the Philippines? Nothing to buy and distribute 110,007,285 pounds of rations, provide the troops with clothing, ammunition, arms and transports, organize campaigns and win them, meanwhile laying out judiciously nearly \$6,000,000 on harbor defenses? The surprising thing about such a vast enterprise as these figures imply is not that mistakes were so many, but that they were so few. That there should have been no errors at all is like saying that none should occur in the management of a continental railway system. No matter what care the managers of the system may take, delays will happen and dreadful accidents may interrupt. That is to be expected. And when such circumstances occur is the president or general manager to be denounced for not keeping his business? The common sense which tells us that every ill in this world of chance is not preventable imposes in his case the duty of generous forbearance. And for the railway manager who keeps up a good average of efficiency, why not for a secretary who has borne the cares of military organization in a victorious war wherein the losses of life on his side were as bagatelle to the good results achieved?

The war tax, during the seven weeks or more that it has been in operation, has yielded an average revenue of nearly or quite \$1,000,000 a day, yet it has not been perceptibly felt by anyone. Outside of a few large business houses, it is doubtful if many people have really realized that such a thing as a war tax existed.

GENERAL LEE denies the report that there is serious illness in his army corps, the Seventh. He reports that it is in excellent condition, and that admirable provision has been made for the treatment of the sick. This is good news, for it is expected that the Seventh corps will go to Havana in the fall.

ONE of the surprising indications of the progress of the world is the fact stated by a United States consul that South Africa imported \$1,437,534 worth of bicycles in 1907. In the mining city of Kimberley 3000 bicycles are in use; one for every seven of the population.

ASHES thrown in the alleys and vacant lots are not necessarily dangerous to health but they are unsightly and likely at any time to cause disastrous fires. Throwing such refuse about is in violation of the city ordinance and should be stopped.

Revolution in Italy.
The recent broad riots in Italy are believed to be simply a matter of the stomach. The trouble is the people are overtaxed. A great part of their earnings is taken by the government. As times go by the crisis approaches, and the end is likely to be the same as in the American revolution. Many men and women try to do too much. They overtax their system, government or otherwise, and their subjects. Then comes a breakdown. The stomach, kidneys, liver and nerves are affected. What is required is medicine like Hostetter's Stomach Bitters to restore the strength, and build up new and healthy tissues. Any drug that will supply it, and the sufferer will be astonished after taking it to see how quickly it acts.

Fort Whipple Barracks.
It is stated that Colonel McCord has a leave of absence and will go east. It is presumed that while in the east he will accept a position as commander of the regiment of volunteers at Whipple—Prescott Courier.

It is reported upon what seems to be reliable authority that the First Territorial regiment will be ordered to join Gen. Lee's army corps for Havana. This will be good news to Col. McCord and the officers and men at Whipple—Prescott Journal-Miner.

Note—Latest telegraphic advices give the information that the Oklahoma-New Mexico-Arizona volunteer infantry, now in rendezvous at Whipple Barracks, is among those to be mustered out, and that these gallant soldiers will soon be marching homeward.

What You Need
When your strength is gone, you have no appetite, are tired, weak and without ambition, is Hood's Sarsaparilla to purify and enrich your blood, stimulate your stomach and give you strength. Hood's Sarsaparilla, is the One True Blood Purifier.

Hood's Pills for the liver and bowels, act easily yet promptly. 25c.

Snip Shots With a Graphophone.
The Graphophone is to the ear what the photographic camera is to the eye, and more, for the Graphophone catches instantly and preserves every tint and shade of sound. A most interesting use of a Graphophone is to make records of your friends' voices to be preserved for future use. You can catch the story of your jolly friend just as he told it, or the favorite song of some loved one just as she sang it, and have it reproduced perfectly at any time and as often as you please. Besides the Graphophone affords wonderful entertainment in the way of reproducing the music of bands, orchestras, or vocal or instrumental soloists. No investment will return so much in pleasure as the purchase of a Graphophone. It is the perfect talking machine. Write for Catalogue No. 30, to the Columbia Phonograph Company, No. 725-726 Olive Street, St. Louis, Mo.

Everybody Hates Me.
Cascarets Cause Caliber, the most wonderful medicine for all ailments, purify and relieve the bowels, and positively cure all ailments, including constipation, indigestion, flatulence, headache, neuralgia, fever, habitual constipation, etc. Cascarets are sold everywhere. Price 10c a box and 50c a dozen. Sold and guaranteed to cure by all druggists.

Teachers' Examination.
Having received several applications from teachers wishing to be examined for certificates to teach, I have decided to hold an examination at 2 p. m., August 25, at the court house. All persons interested are advised to attend this examination as it will be the last this year. I request all county newspapers to copy this announcement.

NEW MEXICO NEWS!

GALLUP.

Special Correspondence.
Gallup, Aug. 25.—Robert Brown, accompanied by his sisters, Misses Maggie and Etta, returned on Sunday morning from a most delightful outing at Pecos Springs, Colo.

Edward Hart has received a carload of the finest furniture which ever came west of the Mississippi, and will soon have it put together for exhibition.

Everyone is glad to see a good rain. It is making wonderful changes in the looks of the range about here.

Prof. D. M. Richards, the faithful and efficient principal of our public schools, accompanied by his estimable wife, returned from his vacation trip to the east and to the Omaha exhibition, where he reports New Mexico has one of the finest exhibits there.

We are sorry to learn that this attitude does not agree with Tim Maloney, Ed. Hart's head night man; he leaves for Chicago to-night.

The family of John Beckwith, one of the Santa Fe Pacific's oldest and most trusted passenger engineers, left on Wednesday evening's train for Albuquerque, where they will make their future home.

Mrs. A. Brown left on Tuesday for a short vacation at Greeley, Colo., where she will visit her daughter, Mrs. W. R. The infant son of Mr. and Mrs. William Ramsey died of cholera infantum on Tuesday morning and was buried on Wednesday at 11 a. m., from the Congregational church. The pastor, Rev. J. A. Simpkins, conducted the service. The burial took place at Hillside cemetery.

F. W. Meyers left on Monday for Alamo Gordo on a short business trip. John Dure has opened a shoemaker shop on Second street near Railroad avenue.

Mr. and Mrs. C. N. Colton will arrive on this evening's train from California, where they have been sojourning for the past few months. Honors' Choice.

LAS VEGAS.

From the Optic.

Mrs. J. G. Clay is still in a weak condition. Lee Bittler, boilermaker at Newton, Kas., accompanied by his wife, arrived on the early train from Albuquerque and stopped off for a few days en route for their home.

Kreist Bloom returned from a successful business trip to Arizona, made in the interest of a cattle trade; but he is now laid up with an attack of malarial fever, contracted in Arizona.

James W. Garrard, wife and nephew, Sam McCue, came up from Roswell, on a visit to his parents and his sisters, Miss Nettie Garrard and Mrs. W. L. Crockett. J. W. is well remembered here as an old-time sheep grower in this section, leaving here several years ago for Roswell, where he is engaged in the same business.

A. J. Stockbridge, one of the first of the Rough Riders to enlist from this city, being employed at the time at the experimental station, arrived on the Wednesday afternoon train on a thirty day's furlough. He left Santiago de Cuba on July 22nd, having been attacked with malarial fever, from which he has not entirely recovered. He participated in the battles at El Caney, San Juan and Santiago. He says he enlisted to fight Spaniards and was not disappointed in a chance to meet the enemy.

SANTA FE.

From the New Mexican.
Contractor Windsor has a large force of men employed on the new Indian school building and is making gratifying progress.

Mayor Clancy, of Albuquerque, had the sidewalk repaired along his property in this city. The same sidewalk is being patched in a more or less crude manner.

Apolonio Martinez, the city policeman shot in Saturday night's row, is reported as resting easily, and not being badly wounded, he will be back on the force in a couple of weeks.

The prospect now seems to be that the litigation troubles of the Cerrillos Smelting company will soon be disposed of and that the fine plant at the Little Pittsburgh will speedily be blown in for a long run.

Corporal Harman Wynkoop, of the New Mexico "Rough Riders," who was wounded at San Juan hill and removed to the general hospital at Fortrose Monroe, has been transferred, in company with seventy-five other wounded soldiers, to Washington barracks, on the Potomac, at Washington city. He reports his condition as improving, and expects to soon receive his discharge from that point. As to the condition of Sergeant Tim Breen, the outlook is not so bright. He has lost the use of his crippled arm, and it is feared that it will sooner or later be amputated.

TAOS.

From the Advertiser.
The politicians are very busy these days in town. There will be a hot time in Taos this fall.

There seems to be a mining boom in this part of Taos and vicinity. You can't keep a good country down when the people are getting on to the fact. Taos will yet be in with the rest.

Samuel Simpson, son of Captain Smith Simpson, one of the oldest residents in Taos, has been appointed to the territorial military academy at Roswell, and will leave in a few days.

LAS CRUCES.

From Dona Ana County Republican.
Oliver Lee is still ill away and cannot be found—country too big and hiding places too many.

Tom Leask, United States mineral surveyor, left for Kincaid to do some work in that vicinity.

John E. Holmes, the live representative of the ALBUQUERQUE CITIZEN, was here Monday canvassing for that paper.

Gus Griggs, of Mesilla, was here this week on business. He reports about twelve cases of small-pox in that place.

Miss Isabella Hill has been retained as principal of the Las Cruces public schools, with Miss Ivah Mead, Gertrude Robertson, Hannah Lynch, and May DeMier, assistants.

Prof. R. F. Hare returned to Las Cruces Tuesday morning with a bride, which fact surprised his friends greatly. The fortunate young lady, formerly Miss Adele Nelson, was a student last year at

About one month ago my child, which is fifteen months old, had an attack of diarrhea accompanied by vomiting. I gave it such remedies as are usually given in such cases, but as nothing gave relief we sent for a physician, and it was under his care for a week. At this time the child had been sick for about ten days, and was having about twenty-five operations of the bowels every twelve hours, and we were convinced that unless it soon obtained relief it would not live. Chamberlain's Colic, Cholera and Diarrhoea Remedy was recommended, and I decided to try it. I soon noticed a change for the better. By its continued use a complete cure was brought about, and it is now perfectly healthy.—C. L. Rogers, Stumpdown, Gilmer county, West Virginia. For sale by all druggists.

Rates to Omaha.

The round trip, good for thirty days, costs \$40.70. The round trip good to return until November 15 costs \$56. For further particulars inquire at the ticket office.

Rd. Reeder, who was taken to the post
house a few days ago suffering with a
contagious disease, is reported to be get-
ting along nicely. In connection with
this item, THE CITIZEN is at liberty to
state on the authority of a well-known
physician that all the contagious cases

at the post house and those "under sign"
elsewhere in the city, all told about a
hundred in number, are convalescing, and sev-
eral of the patients will be up and around
in a few days. The worst case of "mumps"
is that of Henry Bramlette. He has been
up and around the past week, but it will
take some time before he will look like
the Bramlette THE CITIZEN knew before
his illness.

Golden.

Miss Martha Taylor, one of the popular
teachers at the university, returned this
morning from her vacation, which she
spent in California.

F. C. Swartz, one of Gallup's well-
known citizen's, expects to leave that
town on or about the 1st of September.
It is not known in what town he will
cast his anchor.

Isaac Barth, a general merchant of St.
John, Arizona, is in the city on a visit to
his uncle, Nathan Barth. The visitor is
the son of Capt. Isaac Barth, the politi-
cian of St. John.

K. Sheriff St. George Creaghe, of
Springville, Ariz., and his son, G. F.
Creaghe, were passengers for Lamar,
Colo., last night, where they think of
making their future home.

Miss Louise Wallace, one of the popular
young lady teachers at the government
Indian school, returned last night from
her two months' vacation, visiting rela-
tives and friends in Arkansas. She re-
ports having a delightful visit but glad
to get back to New Mexico.

Emiliano Sandoval, the merchant at
Cabezon, who came in to attend the
Montoya Gonzales marriage at the new
town Catholic church yesterday morning,
will return to his home to-morrow, ac-
companied by his wife, Mrs. Gonzales,
who is a sister of Conrad Gonzales.

C. B. Eddy, president of the El Paso
& Northeastern railroad, and a party of
western capitalists will arrive here from
the east this evening and arrange-
ments have been made for entertaining
them at the Commercial Club during
their few hours wait for the south bound
train.

Nathan Barth, the Zuni mountain
sheep raiser, came in from Grant station,
on the Santa Fe Pacific last night, and
he reports that Charles Chadwick has
cornered the lamb market out there, pur-

chasing 12,000 lambs from various rais-
ers in that neighborhood yesterday and
paying \$2 a head for them. After mak-
ing this big purchase, Mr. Chadwick con-
