ALBUQUERQUE ENTERTAINS MULTITUDE OF VISITORS

Biggest Crowd in History of City Participates in Fair Festivities and Witnesses Brilliant Pageants Day and Night.

FLIGHTS BY AVIATOR WALSH FEATURE OF DAY

Thousands Watch Daring Birdman Soar Over Valley and Mesa in Frail Craft; Excellent Program Today and Tonight.

Official Program For Today.

- FRIDAY, OCTOBER 13, 1911.
- "Bull Durham" Day.
- Down town—morning:
- 10:00 a. m.—Nat Reiss Carnival on the "Gladway," Central avenue, between Sixth and Seventh streets.
- 10:15 a. m.—Free acts on "Gladway."
- Fair grounds—afternoon:
- 12:00 noon—Fair grounds and exhibition halls open.
- 12:30 p. m.—Baseball.
- 1:15 p. m.—2:12 p. m.—"Bull" Durham Stake, given by Blackwell's Durham Tobacco company, \$1,000.
- 1:30 p. m.—2:30 p. m.—Stake, \$500.
- 1:45 p. m.—5:8 mile running race.
- 2:00 p. m.—Rush Razez fancy shooting exhibition, representing Remington U. M. C. company.
- 3:15 p. m.—6 1-2 furlongs, running race.
- 3:30 p. m.—First flight Curtiss biplane, Aviator Charles F. Walsh.
- 3:45 p. m.—Indian races.
- 4:00 p. m.—Mile handicap running race.
- 4:30 p. m.—Second flight Curtiss biplane, Aviator Charles F. Walsh.
- Down town—evening:
- 7:00 p. m.—Free act, "Maximo," the high diving dog, First street and Central avenue.
- 7:30 p. m.—Grand opening of the Nat Reiss Carnival company on "Gladway," Central avenue between Sixth and Seventh street.
- 9:30 p. m.—Free act on "Gladway," "Cheffalo" looping the death chasm.
- 10:30 p. m.—Free act on "Gladway," Mr. Matt Gay, backward somersault high dive from ladder 102 feet high into tank containing four feet of water.
- Montezuma hall Friday night.

What was probably the largest crowd ever seen at Traction park packed itself into the huge grandstand and around the track and in every available bit of standing room yesterday afternoon at the fair grounds to see Charles F. Walsh make two more successful flights in his Curtiss biplane. That is to say, Walsh and his aerial stunt was by far the greatest attraction, although the other splendid features of the day—"Albuquerque Day"—helped to swell the crowd to its enormous proportions. "Albuquerque Day" is always the biggest day of the annual fair and yesterday the business houses closed, everybody shut up shop and the population after lining the streets in the morning to see the big Montezuma industrial parade, adjourned en masse in the afternoon to the fair grounds. Between twelve and two o'clock Central avenue from First street to Traction park presented a spectacle which was never seen before in Albuquerque.

The street cars unaccountably broke down about noon and in a short time practically every automobile, bicycle, hack and carriage, motorcycle and other variety of vehicle was tearing out Central avenue to the fair grounds. A dozen big machines started a passenger service lasting a couple of hours, thundering out to the grounds in violation of all speed laws ever made, thundering back down town again and back out with another load—and they were all loaded to the guards. When the trolley cars five got started again about 1:15, five out to the park, each almost entirely obliterated from view by the clinging mass of humanity which hung three deep to the running board, perched on the roof and the fender and on every exposed inch of the superstructure while inside the cars they were jammed like sardines under the hydraulic pressure. For two hours the whole length of the thoroughfare was a seething chaos of vehicles and pedestrians, some even running, even though the sun was hot.

Thousands of people, in view of the last aeroplane fiasco in this city some months ago, were skeptical of when he was seen soaring over the city Wednesday. The tale of his skill and daring came in from the fair grounds, every person in the city could move started toward the park yesterday afternoon. And they all got their money's worth in the sec-

MONTEZUMA PARADE AND AUTO PAGEANT FEATURES

The gorgeous illuminated automobile parade last night, starting at Robinson park at 8 o'clock and traversing the distance between there and the Alvarado several times, was a fitting climax to the biggest day of the fair. There were scores of machines in line, beautifully decorated with Chinese and Japanese lanterns and other illuminating devices and the effect on the spectator was of dazzling splendor.

The Montezuma parade in the morning was a trifle late in starting as it was necessary to wait for the arrival of the moving picture man on the limited and by the time it got finally under way all the downtown streets were black with people.

LUMBER COMPANY AND SANTA FE FLOATS MAKE BIG HIT

The Montezuma parade was in every way a great street spectacle, but the crowds unanimously gave the palm to the displays of the American Lumber company and the Santa Fe railroad. The former had an immense flag, fifty feet long and some thirty-five feet wide, carried by dozens of little girls all bearing flags and with turbans of red, white and

blue on their heads. In the center protruding through the middle of the flag and bearing up the center of it walked Uncle Sam, bearing aloft an immense red, white and blue shield with the name of the American Lumber company on it, while just ahead of the flag rode Louis Riegel, purchasing agent of the company, on a high stepping steed. The whole display was without doubt the most unique and beautiful ever attempted in the annual fair parade and the flag—which contained the star of New Mexico—was greeted with enthusiastic applause all along the line of march.

The Santa Fe company, in addition to the marching apprentices in their caps and overalls and the gaily decorated fire department paraphernalia, had an immense float, "The Ship of State," of New Mexico, likewise one of the most elaborate and magnificent displays ever seen here. The ship, drawn by many horses, was an immense affair, painted all white, with gaily decorated rigging, gleaming brass cannon, and a crew splendidly costumed in medieval style, with spangly armor and all the nautical apparatus necessary to navigate the crowded thoroughfares of Albuquerque. The Santa Fe boys, always certain to have something beautiful and spectacular in the annual pageant, are entitled to the greatest credit for the beautiful piece of work, which was greeted with such deafening cheers by the multitudes yesterday.

The parade was led by the chief of police in a buggy, followed by the

Boy Scouts mounted on horseback in service uniform and making a martial showing. These were followed by Cook's band then the officers of the fair, the city and others in automobiles, preceding the city fire department. Then came a beautiful float of Leonard and Lindemann company, one of the handsomest in the procession, a huge bower of greenery and flowers, with a handsomely decorated Victoria in the center, and carrying the two charming young ladies of the Leonard-Lindemann company. Next followed two unique floats of the Woodmen of the World and the Woodmen Circle, the first a wagon bearing a great pine log on which Woodmen were chopping and the second brilliantly decorated and loaded to the guards with the members of the Circle. Then came the Albuquerque Lumber company, the W. C. T. U. float, all in white, with white ribbon encircling a miniature globe some five feet in diameter; C. C. Seemiller in his Denver Post wagon; Mrs. Martin, advertising lace curtains; R. L. Dodson in a brand new 1912 "Flanders" car; another band; one of Nat Reiss' camels, bearing a rider between the humps with a big legend advising the onlooker not to go thirty days without a drink, like the camel, but to try Gloriosa beer; then five cost and wood wagons of W. H. Hahn and company; a big float of the Southwestern Brewery and Ice company, drawn by six big black horses and presided over by H. E. Sherman; a Stern-Schloss wagon advertising Val Platz beer; and Beeman and Weyer, plumbing float. Al-

bert Fisher had an effective float, followed by a wagon piled high with attractive looking samples of Swift's premium hams and bacon. Then in succession came a burro cart entered by Bryant, the Quick Parcel Delivery and Messenger Service man, a wagon piled high with huge watermelons raised by S. M. Bryan, the "Watermelon King," a Saturday Evening Post wagon drawn by a puny Orpheum theater auto float, Indian school band, playing splendid music, American Lumber company, a dozen automobiles, including one of the Schutt Candy company, carrying candy makers in their aprons and caps; "Liberty Brush" auto; Joe Scott and Joe Barnett pre-empting the beauties of the new theater; an 1885 model "boneshaker" velocipede followed by six motorcycles; a long string of picturesque cowboys and Indians on horseback, the Santa Fe display coming last in the procession, and being slightly delayed from time to time by the difficulty experienced in getting the flagging of the "Ship of State" under street signs and electric wires.

Northern Pacific Directors.

St. Paul, Minn., Oct. 12.—James J. Hill, Frederick Weyerhaeuser and Louis W. Hill were re-elected directors of the Great Northern at the annual stockholders' meeting today. It is expected all the officers will be re-elected tomorrow.

TRIPLE MURDERER CONFESSES

Minnesota Farm Hand Tells of Killing Three Former Employers, One of Them a Woman.

Minneapolis, Minn., Oct. 12.—James Dygert today confessed to three murders—those of Mrs. Amelia Bolton and her cousin, Frank E. Rhoades on the Bolton farm in Anoka county, Minn., and that of John Hefstedt, a farmer of Douglas county, Wis. Dygert was employed by Walter Bolton, husband of the murdered woman, as a farm hand, as he was by Hefstedt. He said he killed Hefstedt because the latter attacked him.

His confession to the Wisconsin murder came after severe questioning that had brought about his admission of guilt in the Bolton farm tragedy.

CARRIZO CORDIAL IN WELCOME FOR FAVORITE SON M'DONALD

Home Town Greets Candidate For Governor With Torchlight Procession and a Big Noise.

PROLONGED CHEERING FOR THE PEOPLE'S NOMINEE

Graft Which Has Cursed New Mexico Result of Extravagant Living Says Speaker to Large Crowd.

(Special Correspondence to Morning Journal)

Carrizozo, N. M., Oct. 11.—A large and enthusiastic crowd of citizens of Carrizozo and the surrounding country gathered here last night to welcome the homecoming of W. C. McDonald, the democratic nominee for governor of New Mexico. A torchlight procession was formed which escorted Mr. McDonald down town where for three-quarters of an hour he addressed the crowd. This was the first time that he had been home since the state convention met at Santa Fe where he received the nomination for governor. When McDonald arrived, accompanied by Mrs. McDonald and his daughter, Frances, the crowd began cheering and it was five minutes before the cheering subsided enough for the speech-making to begin.

McDonald said that he did not intend to deliver an invective against the opposing party or vilify any of its candidates and that would not be his methods during the campaign; but if the opposing party resorted to such methods he certainly believed in striking back. He also spoke about the extravagance of the present day both in public and private life, and said that much of the graft at the present time was primarily caused by extravagance as people resorted to graft as a means of getting money which they spent in high living. Speeches were made by other prominent democrats, including Hon. Edgar Wilson and John A. Haley. After the meeting was over a dance was given at Real's opera house. About midnight McDonald's chauffeur arrived with the auto and he was driven out to the ranch. He left today for Corona, and from there will make a campaign of the western part of the state.

BELATED RETURNS SPELL TRIUMPH FOR WOMEN

SUFFRAGE AMENDMENT ADOPTED IN CALIFORNIA

Gets Through By Bare Majority While Direct Legislation and Recall Are Overwhelmingly Endorsed at Polls.

(By Morning Journal Special Leased Wire.)

San Francisco, Cal., Oct. 12.—Complete official returns from 2,877 precincts out of 3,121 in the state give the following vote on the constitutional amendments election in California:

For woman suffrage, 119,830; against, 117,779. Majority, 2,051.

The remaining precincts are in remote mountain districts and their returns are not expected to change this majority greatly. In the aggregate, they should slightly increase the suffrage lead as most of them are in counties that gave majorities for the amendment.

All of the constitutional amendments voted on Tuesday have, by the favorable decision of voters, been written into the constitution of the state. The proposed amendments were ratified in advance by the legislature as a preliminary to their submission of the people.

San Francisco, Oct. 12.—Woman suffrage has triumphed in California. Straggling returns late today from hitherto unreported precincts finally wiped out the majority previously recorded against the amendment and since this turn in the tide the margin in favor of amendment number four has increased steadily.

Totals struck off early tonight showed the following result:

For the suffrage amendment, 119,830; against, 117,498; majority for the amendment, 1,332.

These figures represent the returns from 2,717 precincts out of a total of 3,121 in the state. As virtually all of the remaining precincts are in counties which have given suffrage majorities, it is reasonable to suppose that they will increase this margin, probably by a thousand votes or more. So overwhelming was the vote in favor of the more important amendments—the initiative and referendum and the recall—including the judiciary—that tabulation of the returns was suspended with nearly a third of the precincts remaining unreported. The final count taken showed the following results:

For the initiative and referendum, 128,181; against, 44,850.

For the recall, 148,572; against, 46,290.

RAW SUGAR TARIFF WICKED TAX SAYS ARBuckle

PEOPLE BURDENED FOR
BENEFIT OF RICH MEN

Woman Who Works Pays As
Much As Multimillionaire and
Only Small Share of Proceeds
Reaches Government Coffers.

(By Morning Journal Special Leased Wire.)
New York, Oct. 12.—Just before
sailing for Europe today, John Ar-
buckle, the sugar refiner and
manufacturer, issued a statement
strongly attacking the tariff on raw
sugar, declaring it to be a "wicked
tax" for the benefit of the few sugar
interests. In his statement Mr. Ar-
buckle said:

"I am going abroad to rest and re-
freshment in preparation for the fight
to be made in congress at its next ses-
sion for free sugar. I propose to ac-
cuse all my time and ability to the
addition of all import duties on raw
sugar, a most wicked tax on a food
necessity of all our people. It leaves
the woman who works for a wage of
a dollar a day as much as it taxes
an Astor or Mr. Morgan or Mr. Rock-
efeller. Each one, or at least needs
the same amount of sugar and they
pay not according to their ability,
but according to their needs, revers-
ing an elemental rule of taxation."

"Just look at the figures showing
how the prices of refined sugar to the
consumer is made up. I disregard
the abnormal price lately prevailing
for the raw product and take a nom-
inal price."

"Price paid by New York refiners
for the raw sugar 2.4 cents."

"Duty per pound, 1.85 cents."

"With the raw sugar costing the re-
finer 4.25 cents per pound, his price
to wholesale grocers for granulated
sugar is about 4.90 cents per pound,
and the wholesale grocer's net price
to the New York retail grocer, per
pound, is about 4.85 cents and the re-
tail grocer's price to consumers was
between 5.15 and 5.25 cents. So that
for every pound of sugar going into a
household in New York city at 5.25
cents per pound the government of
the United States has extracted 1-
85 cents or almost one third of the
total price."

"It means that every household
that now buys three and a half pounds
of sugar costs 18.50 per cent
more than it should. The sugar man
has five and one-quarter pounds of
this tax removed."

"You will be surprised to compare
this import duty with others."

Name Duty

Sugar 18.50 per cent

Champagne 70.00 per cent

Automobiles 45.00 per cent

Furs 50.00 per cent

Diamonds 15.00 per cent

Perfums 10.00 per cent

In California the best sugar is
sold under the price of cane sugar
and the cane sugar, although it is
manufactured from Hawaiian raw
sugar, which is admitted free of duty,
costs the consumer the New York
price of refined sugar, plus the
freight."

"In Utah the refiners exact the
full price of the San Francisco mar-
ket, plus the freight, across the
Rocky mountains. Everywhere the
best sugar manufacturer takes full
advantage of the tariff tax, and as a
result the people of the United States
pay to the government on the cane
sugar and to the best sugar barons
on the best sugar. The saving to the
American people on the sugar con-
sumed last year if the tax were re-
moved would amount to almost \$150-
000,000."

Visitors are welcome to the Albu-
querque Carriage Co. Lots to see.
Come and stay as long as you like.
Clearance sale prices this week.
Open evenings.

TAFT TALKS HIS WAY ACROSS OREGON

Hoarse But Cheerful President
Promises to Be in Usual Voice
When San Francisco is
Reached.

(By Morning Journal Special Leased Wire.)
Ashland, Ore., Oct. 12.—His voice
about husky from constant use, but
strong, President Taft "smoked" his
way down the Willamette valley and
across the state of Oregon today. To-
night, with the Willamette river only a
few miles away, the president's train
passed through Ashland. The presi-
dent's car resembled the interior of a
tourist's shop.

A few miles out from Salem, the
first stop of the day, the president and
a look at Mount Hood.

Mr. Taft spoke of many subjects.
He declared several times that the old
battleship Oregon should be the first
vessel through the Panama canal, an
announcement that brought forth
cheers. He spoke of peace and arbi-
tration and a half-dozen other topics.

TRIPOLI OCCUPIED BY ITALIAN ARMY CORPS

TWENTY-TWO THOUSAND
MEN LAND IN AFRICA

Roman Government Prepared
to Hold Disputed Territory
and Turkey Must Accept De-
feat.

(By Morning Journal Special Leased Wire.)
Rome, Oct. 12.—With the
landing of 22,000 troops in Tripoli
and another convey soon to follow
with 12,000 more, the Italian govern-
ment feels that occupation soon will
be completed and that Turkey will
accept the inevitable. The most in-
teresting news from Tripoli, outside
the safe landing of the soldiers, is
that relating to the presence there of
former Premier Sonnino, leader of
the constitutional opposition in the
chamber of deputies and Count Gui-
cardini, who was minister of foreign
affairs in the Sonnino cabinet.

They expressed the intention to fol-
low the troops so that they may possi-
bly become acquainted with the prob-
lems which Italy must solve and what
can be gotten out of the new colony.
Both Signor Sonnino and Count Gui-
cardini are experts in agriculture.
Dispatches from Tripoli report that
both the cabinet ministers seem re-
juvenated in the atmosphere of pa-
triotism surrounding them.

The Italian government has received
many offers from Italian colonists
in North and South America, to or-
ganize volunteers to fight the Turks.
The government is not thinking of
accepting, as it considers the regular
troops sufficient in number.

ITALY GUARANTEES CIVIL
AND RELIGIOUS LIBERTY.

Tripoli, Oct. 21.—General Caneva,
commander in chief of the Italian ex-
pedition, has decided to act quickly
and as it is impossible under him will
march immediately against the po-
sitions occupied by the Turks. A re-
cognition of the desert today dis-
closed the central body of Turkish
troops with field guns not far from
the city.

Nineteen more Italian transports
arrived today, and the second
division of the troops, arrived
this morning. The men were
hastily landed. This division is 12,000
strong and there are now 22,000
Italian soldiers on the coast of Tripoli.
Not only is the Italian position
secured against surprise, but an
effective occupation of the interior
can begin.

It is reported that the Arabs have
accepted the Italian occupation joy-
fully, but some of the warships re-
mained in the harbor in readiness for
emergency. Troops also were landed
at Benghazi, Derina, Tobruk and
Bomba. Although the utmost pre-
cautions have been taken, cholera has
broken out and it is reported that
four deaths have occurred.

General Caneva has addressed a
proclamation to the inhabitants as-
suring them that they have not been
enjoyed by Italy. On the contrary,
they have been liberated from a yoke
under which they have been laboring
under for years. They will be ruled
by their own chiefs under the patron-
age of the King of Italy. Religious
and civil laws will be respected and
taxes will be reduced or abolished.

The proclamation concludes by an-
nouncing that Italy desires that Tripoli
be returned to the inhabitants as
soon as the land of Islam under the
protection of Italy.

ITALY VIGOROUSLY DENIES
REPORTS OF ARMISTICE.

Rome, Oct. 12.—That an
armistice has been arranged be-
tween Italy and Turkey, as reported
from Berlin, is vigorously denied by
the Italian government.

A dispatch to the Chronicle in Italy
says the Turkish government, being
unable to communicate directly with
Munir Pasha, commander of the
former Turkish garrison at Tripoli,
has telegraphed to the Turkish con-
suls at Tunis and Matruh to instruct
him to remain as long as possible.

Consular reports have reached the
Italian government that thirty Italian
volunteers embarked on the Hedjaz
railroad on the boundary between
Egypt and Syria were massacred at
Kinnas, Syria, early in October.

TURKEY LACKS LEADERS
TO CONDUCT GOVERNMENT.

Constantinople, Oct. 12.—The
Turkish government has issued a list of con-
tributors to the war effort.
In addition to those already known,
it includes certain, although flour is
very scarce and all kinds of pre-
served foodstuffs, bank notes, checks,
bills of exchange and paper money.
The government has also declared its
intention to conform to the declara-
tion of London, although Turkey is
not a party thereto.

Reports from Yemen say that
Imam Yahya has proclaimed a holy
war.

A preliminary meeting of the two
parties in the chamber of deputies to-
day indicated the probability of the
early fall of the cabinet. The minist-
rial meeting adopted a resolution in
favor of resisting Italy with reprisals
and by every means in the country's
power. It is doubtful whether the
granting of a vote of confidence to the
cabinet, in which case the cabinet's fate
is sealed. There is an unconfirmed
report, however, that the committee
of union and progress is now willing
to negotiate peace.

The press censorship and attempt
of the authorities to keep the pro-
ceedings of parliament secret are lead-
ing to much uneasiness and there is
a strong feeling against
Sheket Pasha, the war minister, who
is said to be responsible for the en-
gaging of the press.

FIFTEEN THOUSAND CHINESE TROOPS IN MUTINY

MANCHU DYNASTY
FACES GRAVE CRISIS

Revolutionists Plan to Hurl Em-
peror From Ancient Throne
and to Establish Modern Re-
publican Government.

(By Morning Journal Special Leased Wire.)
Peking, Oct. 12.—The Chinese
government has awakened to the danger
of the revolution in the Hu Pei
province. General V. T. Chen, the
minister of war, departed hurriedly
today for Pao Ting Fu, one hundred
miles south of Peking, where the
sixth division of the army is making
hasty preparations to depart to-
morrow for Hankow.

An imperial edict today ordered
the immediate dispatch of two divi-
sions to the disaffected provinces.
About twenty thousand are Manchus.
It is against the Manchus that the
revolutionists have been fighting.
Orders have been issued for the
assembling of a fleet of warships in
the Yang Tse Kiang river to unite
with the land forces against the
rebels. According to official reports
possibly fifteen thousand troops have
mutinied in the province of Hu Pei
alone. It is reported that they cap-
tured thirty modern guns at Wu
Chang. There is an unconfirmed re-
port that the revolutionists occupied
Chung Shu on October 10.

Extra precautions have been taken
in Peking to prevent a rising and large
bodies of troops are guarding the pal-
ace.

REVOLUTIONISTS WELL
ORGANIZED AND ARMED.

Hankow, Oct. 12.—The revolution
that has been hanging over China for
months and of which the rising in the
province of Sze Chuen was only a
small part, has begun in earnest. It
is a concerted movement to take
the empire and declare a republic.
If plans do not miscarry, the noted
exiled revolutionist, Dr. Sun Yat Sen,
leader of the anti-Manchu party, is to
be elected president.

He was the delegate of the revolu-
tionary party to the United States
in 1910 and is believed during that
tour to have made arrangements for
financing the government.

Sun Yin, a brother of Dr. Sun Yat
Sen, who was elected president of the
provincial assembly, and Yang Hui Lung,
a noted scholar, has been elected gov-
ernor of Hu Pei. The whole as-
sembly has accepted the new govern-
ment. The rebels are well or-
ganized and financially strong. They
have confiscated the local treasuries
and banks and are issuing their own
paper money, rescinding the govern-
ment's edicts and refusing to accept
government notes.

The revolutionaries have captured
Wu Chang, the native action of
Hankow, and Han Yang all adjoining
cities in Hu Pei province. Chang
Shu, the capital of Hu Pei, is reported
to have been taken and Sun Yat Sen,
capital of the province of Kiang-Su,
is on the verge of a rising. Several
public buildings have been destroyed.
Thousands of soldiers have joined
the revolutionaries. Many Man-
chus have been killed and the rev-
olutionaries are fleeing from the cit-
ies into the country carrying their
belongings. The prisons have been
opened and criminals have been lib-
erated. There has been fighting in
the streets, but the most stringent or-
ders have been issued that the lives
of foreigners and their property shall be
respected.

An American expedition, de-
parted from Hankow to Wu Chang
to study the situation there, returned
here with all the missionaries, ex-
cept Miss R. A. Kemp, of the Episco-
pal society, members of the Roman
Catholic mission, including the state
and the London mission, who de-
clined to depart.

There was a brief exchange of shots
between the Wu Chang forts and a
local Chinese cruiser. The firing ceased
after British and French officials
protested that it endangered the for-
eign possessions.

WASHINGTON LEGATION
WITHOUT INSIDE NEWS.

Washington, Oct. 12.—At the
Chinese legation tonight it was said that
the revolutionaries were making pre-
parations to march on Peking. Re-
gards the revolution now raging in
China as serious, there has been no
information in advices from Peking
that the uprising is a concerted move-
ment to supplant the empire by a
republic.

The legation has been informed
that the cabinet has delegated the
ministers of the boards of war and
navy to make a personal investigation
of the situation and report to the
government.

WRIGHT BROTHERS TO
TEST NEW AEROPLANE

Maneto, N. C., Oct. 12.—Orville
Wright and his party is at Kill Devil
Hill camp tonight awaiting the arrival
of the new Wright flying machine
from Norfolk, to be tested by the in-
ventor. The machine is expected to
arrive tomorrow, but it is probable no
flights will be attempted before Sat-
urday.

PARCELS POST PACT
TO INCLUDE PANAMA

Washington, Oct. 12.—Postmaster
General Hitchcock announced today
that a parcels post convention with
Panama had been agreed upon. And
would be made effective as early as
possible. The conditions are practi-
cally the same as those with other
countries, the rate being twelve cents
a pound or fraction thereof and the
weight limited to eleven pounds.

Hyde Charges Denied.

Kansas City, Mo., Oct. 12.—Late this
afternoon an affidavit, sworn to by
Hoffmann, the deputy accused by Dr.
Hyde, was introduced by an assistant
attorney, denying at
length any connection with the phy-
sician wherein he said he could hang
the jury for \$1,500. Affidavits were
also introduced from County Marshal
Mayes and Claude Mayes, his son, a
deputy, making general denials of the
affidavits filed by the defense.

GLOOMY OUTLOOK FOR McNAMARA TRIAL JURORS

Men Summoned For Murder
Conspiracy Hearing Con-
fronted By Prospect of Long
and Close Confinement.

(By Morning Journal Special Leased Wire.)
Los Angeles, Oct. 12.—Outdoor
sleeping, a fairly common habit in
southern California, took the form of
a menace last night in the McNamara
trial. Eleven talemans, locked up
last night in the newly furnished
rooms of the Hall of Records, re-
ported today that sleep was impos-
sible for those subjected to the out-
door habit and one of them, Zimri T.
Halt, required medical assistance in
the course of the night.

The men face long confinement in
the hearing of James H. McNamara,
on the charge of murder in connec-
tion with the explosion and fire
which destroyed the Los Angeles
Times building October 1, 1910. Sher-
iff Hammel immediately took steps
to alter the arrangements and to-
night the talemans slept in a room
vacant court room with many windows
across a court from the trial room.

The room designated for sleeping
quarters was set aside as an exercise
room and windows in both rooms were
kept open.

Even this arrangement is not con-
sidered satisfactory, however, for the
present scheme of providing meals
for the talemans at restaurants, and
further efforts are being made to
improve conditions. It is feared that
six months of a life eating may
prove disastrous to some of the pros-
ecutors, who are accustomed to
home cooking and Sheriff Hammel is
looking for a private house where the
jurors may have their meals and sleep.

Some such preparations seem neces-
sary, even for the eleven talemans
locked up, since although it is agreed
that probably not more and perhaps
none of the trial jurors will be se-
lected from this number, their exami-
nation may drag over a week.

A status conference yesterday day-
which interrupted court proceedings
today, was only a brief halt before
sharp legal encounters which are ex-
pected at the opening of court to-
morrow. Officially nothing happened to-
day, but the electric atmosphere of
the trial was high up in the Hall of
Records where the McNamara brothers
and Zimri T. Halt, witnesses for the
prosecution are locked up, and At-
torney Clarence S. Darrow, chief
counsel for the defense, is quartered
in a downtown business block, gathered
their assistants about them and draw
plans for the impending clash.

Judge Walton Bordwell, before
whom the case is on trial, took note-
duty to visit his chambers and dis-
pose of routine matters, in order to
have a clear field when court opens.

All preparations centered on the
intention of the defense to reach in-
to the minds of talemans and accus-
ers, in which it shall be done, re-
solved to follow the defense, in order
to have a clear field when court opens.

The first flight began a few minutes
past 4 o'clock. Walsh got a fine start
and soared away to the northwest
over the Rio Grande. He went up
over a thousand feet and circled back
over the park, giving the thousands
of visitors at the fair grounds a per-
fect view of himself and machine,
which appeared almost as a speck in
the sky. He remained up about
twenty minutes the first time and
flew as many miles.

The second flight was delayed about
half an hour by a bad start. Before
the machine got clear of the
ground, it ran into a small pond at
about the center of the field, killing
the motor. The slight accident gave
the spectators a real thrill. However,
no damage was done, the machine
and after running it back to the start-
ing point and getting the water and
motor wiped off, Walsh made another
start.

He soared to a greater height than
at any time thus far and, after flying
to the west and north, to the foot-
hills of the Santa mountains, he re-
turned over the mesa and directly
above the heart of Albuquerque, fly-
ing almost in a direct line down Cen-
tral avenue to the park, where he
circled and again alighted. It was a
magnificent sight to see the biplane
and its intrepid occupant spinning
through space with only the sky as
a background.

HOSPITAL INMATES SEE
FLIGHT OF AEROPLANE

In the flight of Aviator Walsh yes-
terday from the fair grounds out over
the city and toward the Santa moun-
tains, the bird man chose the direc-
tion of the heart of the city, the pur-
pose of showing the patients of the hos-
pitals, unable to get to the fair
grounds, just what a Curtiss biplane
could do, and to give them an oppor-
tunity of seeing a flying machine in
action.

In order to have them appreciate
the working value of the flying ma-
chine, Mr. Walsh had an attaché of
his corps of mechanics, telephone

Detective Burns will remain at Los
Angeles, he says, until the trial of
James H. McNamara is over.

"The charge President Gompers
made in New York Tuesday that the
case against the McNamara brothers
is a conspiracy against union labor
is worse than anything," said Burns.
"I say this, well knowing that my
professional reputation is at stake. I
am willing to stand or fall by the evi-
dence. It will be produced in the
trial. And I say that the evidence is
not only complete, but overwhelming."

"It is charged by President Gompers
and the same report is being sent
out from Los Angeles, that the pro-
secution is afraid to put J. J. Mc-
Namara, the union official on trial
first, because evidence against him is
incomplete. In plain language, that
is a falsehood intended to stir up pub-
lic prejudice."

Burns emphatically disputes the
statement of Clarence S. Darrow, in
charge of the defense of the two
brothers, that \$120,000 so far has
been raised for the trial.

As a matter of fact, said Burns,
"more than one million dollars has al-
ready been raised. We know that to
be a fact. The country is to know
in detail concerning the raising of this
fund. And with this information will
go positive evidence of just where
the money has gone and how it has
been expended."

Burns talked about some of the al-
leged methods of the defense. He
made charges of an extremely stron-
g nature, charges which he says for-
mally will be brought to the attention
of the court, probably before the trial
has progressed beyond the stage of
securing a jury. Burns has been
working, he says, for a month on this
phase of the case and the material
he has in hand is the chief reason for
his present trip to Los Angeles.

TWENTY LIVES LOST IN
MEXICAN HURRICANE

Mexico City, Oct. 12.—Reports re-
ceived today by the government from
Cancun and other towns in Sonora,
indicate that the loss of life as the
result of the hurricane of last Thurs-
day will not exceed twenty, and that
the property loss will not be as large
as first reported. No lives were lost
in Cancun, although ten are re-
ported lost at Orizaba.

Your Fall Hat is Here!

Special Prices For Friday and Saturday

We are proud of the varied beauty and absolutely correct style
of our Autumn and Winter Hats. We want every lady in Al-
buquerque to see them, and, as an inducement, we are mak-
ing some very attractive prices for tomorrow and Saturday.
Some of the most popular Gage and Burby models will be on
special display, and you are cordially invited to inspect them.

WALSH MAKES TWO MAGNIFICENT FLIGHTS

Daring Birdman Thrills Thou-
sands at Traction Park and
Down Town When He Soars
High Above City.

Aviator Charles F. Walsh, flying in
a Curtiss biplane, made two grand
flights yesterday afternoon, starting
each time from the Traction park
field. He flew to a great height and
traveled about fifty miles in the two
flights, at an estimated speed of a
mile a minute.

The first flight began a few minutes
past 4 o'clock. Walsh got a fine start
and soared away to the northwest
over the Rio Grande. He went up
over a thousand feet and circled back
over the park, giving the thousands
of visitors at the fair grounds a per-
fect view of himself and machine,
which appeared almost as a speck in
the sky. He remained up about
twenty minutes the first time and
flew as many miles.

The second flight was delayed about
half an hour by a bad start. Before
the machine got clear of the
ground, it ran into a small pond at
about the center of the field, killing
the motor. The slight accident gave
the spectators a real thrill. However,
no damage was done, the machine
and after running it back to the start-
ing point and getting the water and
motor wiped off, Walsh made another
start.

He soared to a greater height than
at any time thus far and, after flying
to the west and north, to the foot-
hills of the Santa mountains, he re-
turned over the mesa and directly
above the heart of Albuquerque, fly-
ing almost in a direct line down Cen-
tral avenue to the park, where he
circled and again alighted. It was a
magnificent sight to see the biplane
and its intrepid occupant spinning
through space with only the sky as
a background.

Cincinnati	69	84	.451
Brooklyn	64	86	.424
Boston	44	107	.292

NATIONAL LEAGUE.

Giants Drop Double Header.
New York, Oct. 12.—New York closed its season by dropping a double header to Brooklyn. In the first game, Egan held the locals to three hits, while in the second game Dent was ineffective. The second game was a farce.

Charley Faust, the eccentric Kansan, pitched the last inning, which was pure horseshoe. Faust was allowed to get on base, Dent hitting him. He was then allowed to steal second and third and scored on an infield out.

First game: R. H. E.
Brooklyn 000 000 031—2 4 0
New York 000 000 000—0 4 4
Batteries: Egan and Miller; Ames and Myers.
Second game: R. H. E.
Brooklyn 210 000 020—5 9 2
New York 000 000 101—2 5 5
Batteries: Dent and Ewing; Drucis, Maxwell, Faust and Hartley.

Cincinnati 4; Chicago 12.—Cincinnati finished the National league season here by defeating Chicago. The game was loosely played and uninteresting, the smallest crowd of the season being present. Mitchell's batting and Fischer's base running featured.
Score: R. H. E.
Chicago 000 100 101—3 12 2
Cincinnati 101 001 101—4 12 1
Batteries: Stappieka and Graham; Humphrey, Boyd and McLean, Severoid.

COAST LEAGUE.

At Sacramento, Cal., Oct. 12.—Morning game: R. H. E.
San Francisco 000 000 012—5 6 2
Sacramento 000 000 012—4 14 1
Batteries: Moskinan, Henley, Noyes and Carey; Smith, Fitzgerald and Thomas, Price.

Afternoon game: R. H. E.
San Francisco 000 000 011—0 6 1
Sacramento 000 000 011—0 6 1
Batteries: Miller and Perry; Mahoney and Thomas (10 innings).

At Oakland.—Morning game: R. H. E.
Oakland 000 000 011—0 6 1
Oakland 000 000 011—0 6 1
Batteries: Christian and Mitze; Carson, Raleigh and Hogan, Proven.

At San Francisco.—Second game: R. H. E.
Oakland 000 000 011—0 6 1
Oakland 000 000 011—0 6 1
Batteries: Christian and Mitze; Carson, Raleigh and Hogan, Proven.

At Los Angeles.—First game: R. H. E.
Portland 000 000 011—0 6 1
Portland 000 000 011—0 6 1
Batteries: Stevenson and Lalonde; Palmer and Brooks.

At Los Angeles.—Second game: R. H. E.
Portland 000 000 011—0 6 1
Portland 000 000 011—0 6 1
Batteries: Stevenson and Lalonde; Levering and Abbott.

POST SEASON SERIES.

Nationals 2; Americans 2.
St. Louis, Mo., Oct. 12.—The local National league baseball team won from the American league in the series for the city championship. Each team played good ball. The winning run was primarily the result of a wild throw by Stephens.

SCALPERS REAPING

RICH HARVEST FROM FANS

Seats for World Series in the Hands of Speculators and Are Sold For Double the Price Charged by Association.

(By Morning Journal Special Leased Wire.)
New York, Oct. 12.—When the last spectator at the double-header between New York and Brooklyn this afternoon left the Polo grounds the gates were closed and they will not be reopened until Saturday when the rush to see the opening game of the world's series between the New York Nationals and the Philadelphia Americans begins.

A large force also will be at work putting the diamond in the best condition for the opening game. It is estimated that with the completion of the new grandstand, together with the wooden bleachers remaining after the fire of last April, the grounds will accommodate 50,000 persons. The conditions surrounding the opening of tickets for the three games scheduled to be played here indicate record-breaking crowds.

Disappointed applicants for the opening day seats, however, were surrounded by speculators who offered to sell the opening game tickets at prices which generally ran from \$5 a seat in the forenoon to \$7 and \$8 in the late hours—an advance of about \$5 over the regulation prices. It was evident that despite all precautions the speculative fraternity had been able to get a hold of many choice tickets.

All members of the New York team are reported to be in good condition and Manager McGraw expects to put the full strength of his forces on the field against Philadelphia. It seems to be a question whether Mathewson or Marquard would pitch the opening game. Opinion in some quarters was that if the day were dark, the speedy left-hander would be sent in.

There was a full in betting with the inclination to play either team as a favorite.

TRUST BUSTERS PUT ELECTRIC COMBINE OUT OF BUSINESS

Its Back Broken, Declares Attorney General, Who is Confident Valuable Precedents Have Been Established.

(By Morning Journal Special Leased Wire.)
Washington, Oct. 12.—By the sustaining decision in the United States circuit court at Toledo today, the backbone of the so-called Electrical Trust was broken and, in the judgment of Attorney General Wickersham, the government equipped with precedent of genuine value in its prosecution of commercial combines forbidden by the Sherman law.

Meeting the government's charge that the trust controlled the electric lamp business of the country, regulating by agreement prices at which all lamps were sold, the defense set up all relationship between the General Electric company and the National Electric Lamp company. The latter concern and all its subsidiaries are ordered dissolved.

The important principle laid down according to the attorney general, that once a lamp is sold by a manufacturer, the price at which it is resold by a dealer or jobber must be open and above free competition.

CONNIE MACK'S HIRED MEN WIN FROM STARS

Philadelphia, Oct. 12.—The Philadelphia team, champions of the National League, today played their final game here with the All-Stars in preparation for the world's series with the New York Nationals. Philadelphia won. The home team got only five hits off Wood, of the Boston Americans, errors aiding in the scoring of two of the runs. Manager Mack of Philadelphia gave nearly all of his substitutes a chance and the playing of some of them featured the contest. Grunk made a wonderful throw from deep center field, catching McBride, who tried to go from second to third base after a catch. Strunk also beat out a bunt and second and third in the same inning.

Danforth, a "southpaw," was given a trial for three innings. He held the All-Stars to one hit and fanned Cobb, Chase, Gessler and Gardner. Both of the All-Stars' runs were made off Martin. Melness played first base for three innings.

Right arm is still sore and it is doubtful if he can play against New York next Saturday.

Score: R. H. E.
All-Stars 000 000 000—0 2 2
Philadelphia 100 110 000—2 5 2
Batteries: Wood and Street; Danforth, Danforth, Martin, Logan and Thomas.

Fighting Dick Defeated.
Akron, O., Oct. 12.—Dick Redmond received the decision over Fighting Dick Highland of New York in a boxing match here tonight. The fight went the scheduled limit of fifteen rounds.

Santa Fe Beats Dawson
Miners; Albuquerque-El Paso Game Forfeited

With Latter Teams Playing Game Which Probably Would Have Decided Winner of First Money in Tournament, Decision By Umpire Weaver, Coupled With His Banishment of Jackson From Field, Precipitates Row Which Breaks Up Contest in Fourth Inning; New Indicator Handler and Playing of Game Again Likely Solution of Regrettable Occurrence.

Standing of the Teams.	Won.	Lost.	Pct.
Albuquerque	2	1	.750
Santa Fe	2	1	.667
El Paso	2	2	.500
Dawson	0	3	.000

Today's Games.

Santa Fe vs. Albuquerque.
El Paso vs. Dawson.

The fact that the El Paso-Albuquerque baseball game, on the result of which it was believed would be decided the winner of the first money in the tournament, was broken up in a row yesterday, can be blamed on nothing other than the umpiring. The umpiring throughout the series has been marked by poor decisions, and yesterday it reached its climax, so that the day's enjoyment for 4,000 or more people was spoiled. If the series is to be carried to a successful conclusion a new umpire should be secured. There is not much question but that Umpire "Buck" Weaver has tried to do the right thing, but it is certain he has not succeeded in satisfying either the fans of the players. The game, however, has been marred by razzing on the part of every team concerned, and there seems to be no way of stopping this except to get another umpire. The fair association will doubtless see to this right away.

Another thing, the crowds that are in the city did not come to see a game for nothing. They came to see them played, and in justice to them the Albuquerque-El Paso game should be played over again. From the lineup of the teams there does not seem to be much doubt but that Albuquerque will win first money, but one thing is certain. Albuquerque does not want to win anything about which there is a question. The win to be right must be without question. It can be made that way, and in justice to all should be made that way without more ado.

SANTA FE WINS AGAIN.

DEFEATING DAWSON 10-7.

Santa Fe won again yesterday, defeating Dawson 10 to 7, and thereby got into the race for first money in the tournament. The defeat of Dawson was the third suffered by that club, which has not won a game and is practically out of the running for any chance to share in the prize money. Santa Fe relied on big Dick Lewis, formerly of the Amarillo Cowboys, to do the twirling, and Lewis, who is a portlander, had it on the Dawson bats, who are for the most part left-handed hitters. Hubbard did the receiving till the latter part of the game, when a broken finger forced his retirement, Nelson replacing him. The latter did fine work behind the bat during the remaining innings.

When Lewis appeared unsteady in the last half of the ninth Captain Phil Koerner took him out of the box, sending in Ellis of the Western league, Lewis replacing Ellis in the sun garden. Ellis managed to pull out of a bad hole which Lewis had left for him, and despite three runs this inning, Dawson failed to overcome the big lead Santa Fe had already secured. Features of the game were the stick work of D. Anderson and L. Anderson, Koerner, Wicks, Ambrose, Craig, Caldwell and Ellis, together with the splendid pitching of Lewis.

The game by innings, Santa Fe batting first:

First Inning—L. Smith drew a pass to first. D. Anderson sacrificed him to second. Wicks flied out to left. Koerner walked. Lewis flied out to left. No runs.

Ambrose walked. Caldwell hit a grounder to short and was safe on Wicks' tumble of ball. Ambrose going to second. Craig struck out. Middleton walked, filling bases. Claire struck out. Ambrose started to steal home and in attempt to catch him, Ford threw ball away, both Ambrose and Caldwell scoring. Clemens flied out to left. Two runs.

Second Inning—L. Anderson went out short to first. Hubbard struck out. No runs.

Burns went out third to first. Owens struck out. Lockard drew a pass. Ambrose hit to center. Ellis flied out to left. One run.

Third Inning—Ellis hit to left for one base. Smith went out on a fly to left. D. Anderson hit grounder to second and was out. Ellis, who was forced when Caldwell dropped the ball, and who failed to run. No runs.

Craig struck out. Middleton was out on fly to Wicks. Claire singled to left. Clemens went out on fly to Wicks. No runs.

Fourth Inning—Wicks was out on line drive to second baseman. Koerner got Texas leaguer over short. Lewis was on pitcher to second to first. Koerner being doubled at second. No runs.

Burns got a life on an infield hit to pitcher, which Koerner dropped on the throw. Owens struck out. Lockard struck out. Burns was out trying to steal second. No runs.

Fifth Inning—Ford flied out to left. Craig, who robbed him of hit by sensational one-handed catch of terrific line drive to center. L. Anderson drew a pass. Hubbard also walked. Ellis was out on grounder. Second to first. Hubbard and L. Anderson advancing a base each on the play. With Smith at bat L. Anderson scored on a fly ball. Hubbard going to third. Smith struck out. One run.

Sixth Inning—Caldwell was out on fly while Smith flied back of first base, holding Ambrose on first. Craig singled to left, sending Ambrose to third. Craig then went down to second on first ball pitched by Middleton. Hubbard sustained a broken finger at this juncture and Nelson took his place behind the bat. Middleton walked, filling the bases. Claire hit grounder to third and Ambrose was forced out at home. Craig stole home on Lewis' wildpitch with Clemens at bat. Middleton going to third and Claire to second on the play. Clemens struck out. One run.

Sixth Inning—D. Anderson led off with a double to center. Wicks went

out short to first. Koerner was safe on first when Caldwell dropped infield fly. Lewis singled to center, filling the bases. Ford was out on fly to left field. D. Anderson scoring on the throw in. D. Anderson flied out to center. One run.

Burns flied out to right. Owens went out second to first. Lockard got to second when Smith joggled his grounder. Ambrose singled to right, advancing Lockard to third. Ambrose went out second on first ball pitched to Caldwell. Caldwell was out short to first. No runs.

Seventh Inning—Nelson flied out to right field. Ellis beat out an infield hit down third base line. Smith flied out to left. D. Anderson struck out. No runs.

Craig walked. Middleton sacrificed him to second on a bunt. Claire made second on a bunt, while Craig was going to third. Clemens popped out to Wicks and Burns struck out. No runs.

Eighth Inning—Wicks singled to short center. Koerner scored him with a three-bagger to left. Lewis got on when Claire juggled grounder at short. Ford flied out to short. L. Anderson scored Koerner with hit between second and short, going to second on second. Lockard was then taken out of box and Perry substituted. Perry, believing there was a man on first, threw the ball away in attempting to catch runner.

Ninth Inning—Wicks walked. Lewis and L. Anderson both scored. Nelson struck out. D. Anderson went out first. Four runs.

Owens singled to right. Perry was out on grounder to second. Smith throwing Owens out at second and Wicks doubling Perry at first. Ambrose got on when Smith hit grounder to left. Burns was thrown out by Gowen at first. Perry flied out to second. Double and Smith tripled, scoring Jones. Here the squabble took place on the question of whether Jones was tagged, or if he touched the home plate. One thing is known is that he did not touch the home plate. Jones retired from the game and Burns was given his base on balls. On a passed ball, while the wrangle was still going on, Smith scored and Young refused to stand for it any further. Weaver then forfeited the game. Two runs.

The box score.

ROBINSON EXPECTS TO BREAK DISTANCE RECORD

Minneapolis, Minn., Oct. 12.—Under favorable clear skies, Aviator Hugh Robinson tomorrow will start his hydro-aeroplane trip to New Orleans. The course, following the Mississippi river, is 1,971 miles long.

Robinson expects to establish a long distance flying record, to do that it is necessary, in view of P. Rodgers' attempted transcontinental trip, Robinson will fly back up the river until he has distanced the latter bird man.

Robinson will carry twenty-five pounds of mail for twenty-one cities along the route.

Parts of machines sufficient for building three complete hydro-aeroplanes have been distributed down the river between Minneapolis and New Orleans.

Six mechanics will be on the lookout along the route.

PENNANT STRUGGLE IN NATIONAL LEAGUE ENDS

New York, Oct. 12.—The pennant struggle in the National League was definitely closed three days ago, but the official closing of the championship season did not occur until today.

Three games were played, the pennant winning New York dropping a double header to Brooklyn and the Chicago team, the runners up, losing to Cincinnati. The positions of the eight clubs remain as they were when the battle flag was decided.

Cincinnati Wants Playing Manager.

Cincinnati, Ohio, Oct. 12.—The Enquirer will say tomorrow.

Shortly before departing for New York this afternoon, President August Herrmann of the Cincinnati baseball team said:

"Manager Clark Griffith will not manage the team next year. I want a playing man and hope that he will occupy the position of shortstop."

Six and Cubs to Clash.

Ed. Walsh are expected to face each other in the pitcher's box when the American and National baseball teams of Chicago begin the series to determine the city championship.

being touched by the catcher. Tex, however, made a dive, and the umpire called him safe, Smith going to third. Here a wrangle occurred, all the players taking part. The cursing of the umpire on both teams was especially objectionable to everybody in the grand stand, and for this alone they should have been censured. Weaver ordered First baseman Jackson of the El Paso team off the field, and he refused to go, assuming his position. The umpire, however, didn't propose to allow this and so began calling balls on every batsman who came up, allowing them first base. This went on until Young, unceremonious as he was and Smith, who was tired, went in on the passed ball. Here more trouble resulted and finally Weaver, after the El Paso men had left the diamond, forfeited the game by the official score of 9 to 0.

Prior to the break-up matters had been going pretty even. It is true, two three-runners and a double had been scored off Young, but El Paso had passed life being a little wild. He twice tightened up in the pitcher's and struck out men when the bases were full, and a hit meant runs.

First Inning—The flip of the coin fell in favor of El Paso and they chose to allow Albuquerque to bat first. Donovan, first up, went out on a hit to pitcher. Graham struck out, and Phelan was out on a grounder to Jackson. No runs.

For El Paso, Smith flied out to Kiefer, and Jackson to Phelan. Downey walked and made second. Noyes followed suit, but Gear went out on a grounder to Tex Jones. No runs.

Second Inning—Jones whiffed, H. Smith went out on an unassisted put out to Jackson, and Kane struck out. No runs.

For El Paso Welch walked, Kiefer bunted and sent it out. Gowan did the same, but Young was out on an infield fly to Graham. Smith drove a high one to Lockard, who with a magnificent peg from right field home, caught Welch coming into the home plate. No runs.

Third Inning—Lockard opened up for Albuquerque with a three-bagger to right field, and scored on Salazar's sacrifice fly to Gear in center. Bailey was given a pass and stole second, but Donovan was tagged out by Young on an easy infield hit. Graham found the bases vacant places in the air. One run.

Jackson reached first on Graham's miff of a grounder, and scored on Downey's two-base hit to left field. Noyes struck out. Gear was passed, and Welch struck out. Kiefer was also given free transportation and the bases were full. Gowan was up for the here start, after waiting a number of Bailey's shoots. Finally fouled one that was brought down by Tex Jones and the game was saved again. One run.

Fourth Inning—Phelan doubled to left, but was thrown out by Gowan at first. Perfect peg to third. Jones doubled and Smith tripled, scoring Jones. Here the squabble took place on the question of whether Jones was tagged, or if he touched the home plate. One thing is known is that he did not touch the home plate. Jones retired from the game and Burns was given his base on balls. On a passed ball, while the wrangle was still going on, Smith scored and Young refused to stand for it any further. Weaver then forfeited the game. Two runs.

The box score.

DRY FARMING PRODUCTS MAKE FINE SHOWING IN AGRICULTURAL BOOTH

With the Estancia Valley, Fundacion county, Clovis, Vaughn and Fort Sumner, the agricultural booth is attracting daily much attention from the crowds which are passing through the exhibition buildings. Some of the more interesting things include some samples of Jerusalem corn, evidently a variety of alfalfa, exhibited by E. Lohr of Vaughn, and sent by the Vaughn commercial club. In the same class is some black alfalfa, raised by L. Bates without irrigation, yellow alfalfa and white alfalfa corn raised by Fred Little by dry farming. The Chusquea county in particular is a beautiful and varied one, and a surprising and at times astounding demonstration of what can be raised in this country without the aid of irrigation. The Vaughn commercial club has shown commendable enterprise and push in gathering together the displays from that section and forwarding them to the fair.

The Estancia Valley.
Perhaps the most interesting of all is that from the Estancia valley, featuring enormous beets, big as coal buckets, tremendous pumpkins and melons and grains which have reached an remarkable development by dry farming. Among the exhibitors from that region are S. W. Moore, who has charge of the display, S. W. Highberger, J. M. Spruill, J. E. Marsh, A. P. Hunter, Mrs. Quinn, J. L. Smith, E. N. Maxwell, Mrs. E. L. Givins, Mrs. S. H. Owen, Mrs. C. L. Riley, Mrs. W. H. Ford, W. S. Rogers, J. R. Williams, John Moore and others. It will be noted that the Estancia valley has a bunch of mighty enterprising women, there being nearly as many women exhibitors as men. If these women of the Estancia valley can grow crops like that, there is no doubt about the future of the valley. Doubt from Fort Sumner and Clovis. That first class cotton is raised successfully at Clovis and Fort Sumner will be a surprise to many, but the samples, beautiful ones at that, are on exhibition and all you have to do is go look at them.

Valencia County Fruit.
There has seldom been a prettier exhibit here than the long tables covered with magnificent specimens of grapes, dozens of varieties, peaches, pears, apples and other fruits from the county of Valencia, while the fact that the valley in Valencia raises some of the best wheat in the world is evidenced by the display of flour from Los Lunas and Bolen.

Sunset Mining Company.
Always right up to date, the Sunset Mining and Smelting company, in a little corner in the agricultural building, has a fine exhibit of ores from the Tom Payne mine at Cerillos, recently acquired with other mines and old ores by the Sunset people. The ore shows plainly the nature of the valuable lead, zinc, and silver deposits now being developed by the company.

PRIZES AWARDED IN THE ART DEPARTMENT AT THE FAIR YESTERDAY

An excellent commentary on the ability and enterprise of New Mexico is the Art Building at the big state fair which stands prominently among the handsome and well-stocked exhibit buildings.

Conspicuously located near the entrance gates it is noteworthy for the beauty and variety of the display. An artist's eye has guided an artist's hand in the charming arrangement of woman's craft. Paintings in oil and water color, finer work of diverse style and description and a cuisine showing that is proof conclusive that New Mexico women cook culinary excellence among their various accomplishments.

Managed by leading women of New Mexico for all women of the state the Art Building is an entire success and the exposition of feminine artistry to the communities in charge and the interested and sightseeing public.

Mrs. George Albright as chairman of the committee is to be congratulated upon the splendid exhibit and the artistic arrangement of the building. She was ably assisted in the work by Mrs. Tom Dunphy, Mrs. S. E. Newcomer, Mrs. D. H. Corbin, Mrs. H.

B. Ray and Miss Ethel Hickey. Mrs. Bernard Roddy, in charge of the culinary department, secured handsome prizes for her exhibitors, part of which were awarded yesterday. The others will be published when complete. The prizes awarded yesterday in the art department proper were as follows:

Curry county exhibit took first award, a handsome silver loving cup, donated by Roy Crouch. This exhibit sent by the Clovis Chamber of Commerce under direction of Miss Pearl Menhard, attracted considerable attention and was an exceptionally fine showing of woman handwork. The Valencia county exhibit, managed by Mrs. Solomon Luna, took second premium, the cup offered by the Everett Jewelry.

The Tarrance county exhibit, managed by Mrs. J. Walker and Mrs. H. Peterson of Estancia, were awarded the center piece donated by the Richardson Sill company, of Chicago, through the Newcomer Art store, for the largest and most beautiful embroidery display.

Best collection Irish crochet—box of writing paper from Williams, awarded Mrs. Fred Hanna.

Best hand made luncheon set—set of Rossville pottery, from O'Reilly's, awarded Mrs. D. B. Curtis.

Best specimen Bitterburg—cut glass bob hat dish, from Matson's, awarded Mrs. H. F. Connelly.

Best collection crochet work—rocking chair, Patrice company, awarded to Mrs. E. Kohnen.

Best china exhibit of china—five dollars, from the Moore Realty company, awarded the Woman's club. Best hand painted vase—cut glass bowl, from Rosewald's, awarded St. Vincent's Academy.

The following list are special premiums, others of which will be awarded today. Mrs. J. W. Allen, of Dunlap, Clarks county, entered an Irish crochet hand bag which could not be classified and it was decided to grant a special prize, owing to the excellence of the exhibit.

The horse races yesterday at the fair grounds were especially spectacular. Not only were the racing race good, but the same can be said of the trotting events and the relay race. The derby, for a purse of \$340, was the race of the hour, while the fact that it was won easily by Copper, who was scratched from the race the day before to be in good shape for the derby yesterday.

The relay race was taken in grand style by Margarito Platero who, after a long and tiring race, he increased his lead until he was a full lap ahead at the finish. The Italian showed another fine example of riding. An attempt was made to enter in this race, the big stallion Bill Edwards, a well known race horse. This horse was ruled out by the judges, however, and the riders were compelled to use their own and Indian ponies. This made the race much more even, as no chance would have been given the ponies if they had been entered against the race.

The winners yesterday were as follows:
In the 2:18 pace, best three out of five heats, three started and the race was won in three straight heats by Eastern Corn, with Colman, second, and Robert S., third. The time was 2:26 1-4.

The 2:20 trot for a purse of \$50, had four starters. Osofo, a local horse, the property of W. L. Trimble, won easily in three straight heats in 2:29 1-4, with Robert T. second, and Royal Dillon third. Key Ma was fourth in all three heats.

The Derby, the big running race of the fair, for a distance of one mile and an eighth, was won by Copper, with Sea Green second, and Wise Mason, third.

No. 16, a running race, six four and a half furlongs, went to Pelham, with Oblivion, second, and Lady Palatine, who figured in a race here this summer, third.

The results on the five-mile relay race were as follows: Margarito Platero, first; Oscar Hadley, second, and J. K. Platero, third.

Big Racing Act Today.
The greatest racing event of the week will take place at the fair grounds this afternoon when the 2:12 pace for a stake of \$1,000, known as the "Bill Durham Stake," will be contested. A number of the horses that have been showing class in the events of the week are entered in this event.

In the running races, the mile handicap, with ten entries, today is the next most important event. This is one of the best running races of the week, and is next in importance to the Derby run yesterday. The entries for all the races today are given below.

2:12 pace—Bull Durham Stake—Purse \$1,000.
Chorister, b. m., sire, Tacumnet, entered by John Brown, of Laird, Colo.; John Brown, owner.

Easter Coin, b. m., sire, Free Coinage, entered by Jack Sprague, of Pueblo, Colo.; Rock & Vank, owners.

Lola Hunt, b. m., sire, Lord Elmhurst, entered by Jack Sprague, of Pueblo, Colo.; Russell & Haymaker, owners.

Dewey Dillon, b. s., sire, Admiral Dillon, entered by W. R. Dye, of Rocky Ford, Colo.; W. R. Dye, owner.

Rambling Red, s. s., sire, Chumney Wells, entered by J. P. Mullins, of Denver, Colo.; J. P. Mullins, owner.

George Hal, b. g., sire, Due Hal, entered by J. H. Titter, of Greeley, Colo.; J. H. Titter, owner.

Rocky Kid, b. g., sire, Maybriest, entered by W. T. Pugh, of Holly, Colo.; Eton Bros., owners.

2:30 Pace—Purse \$500.
Mildred, b. m., sire, W. L. Trimble, of Albuquerque, N. M.; Chas. Clonson, owner.

Gold Label, b. m., sire, One Croft, entered by Roy Reeves, of Canon City, Colo.; E. C. Higgins, agent.

Jim McBean, b. m., sire, Walter, entered by J. Fitzpatrick, of Pueblo, Colo.; Frank Fitzpatrick, owner.

Sly Walnut, r. s., sire, Walnut Boy, entered by Henry Mullins, of Alamosa, Colo.; Henry Mullins, owner.

Helen Whitcomb, b. m., sire, Due Hal, entered by M. H. Carpenter, of Greeley, Colo.; M. H. Carpenter, owner.

Pawnee Bill, b. g., sire, Synbolizer, entered by W. T. Pugh, of Holly, Colo.; Eton Bros., owners.

Norval Parnell, b. s., sire, Norval King, entered by R. L. Williams, of Denver, Colo.; R. L. Williams, owner.

Doctor Pussey, c. g., sire, Royal Swickert, entered by Ed Warner, of Eureka, Kan.; Ed Warner, owner.

Judge Lowball, b. s., sire, E. M. R., entered by Ed Warner, of Eureka, Kan.; Ed Warner, owner.

Comet, b. s., sire, Walnut Boy, entered by W. W. Brewer, Cheyenne, Wyo.; W. W. Brewer, owner.

Ending Races.
No. 18, for Non-winners, Sea Green, Coppers, Queen Lowlands, Pelham, Barney Stratford, Lady Palatine.

The jockeys, weights and owners in these entries are the same as during the previous races of the meet. The reason that a number of horses are entered which have won during the fair is that no disqualification against entering the beaten and non-winners in this race, as they were not subject to what they might do here when entering.

No. 19—Six and a half furlongs: Tallow Dip, Gold Fin, Lady Palatine, Salado, Oblivion, Lista.

No. 20—Mile handicap: Frank Lubbeck, 116, owned by Irwin Bros., colored and red; Valencia, 105, owned by Irwin Bros., colored, red and red; Tallow Dip, 105, owned by Nevins and company, colored, purple; Oblivion, 118, owned by A. H. Logan, colored, black and gold bells; Salado, 160, owned by J. H. Hagg, colored, blue and white; Wise Mason, 110, owned by J. Cranor, colored, purple and yellow; Copers, 105, owned by Roy Edgar, colored, blue and white dots; Gibson, 106, owned by W. J. Cranor, colored,

purple and yellow; The Holborn, 105, owned by B. Harris, colored, red and blue.

Clearance Sale prices prevail all this week at the Albuquerque Carriage Co. Don't fail to visit the store while in the city. Open evenings.

HEAVY VOTE IS CAST IN QUAY COUNTY

(Special Correspondence to Morning Journal)
Tacumnet, N. M., Oct. 12.—With thirteen precincts yet to be heard from only six names may be mentioned at the present time as having been nominated at the Quay county democratic primaries which were held in Tacumnet Saturday. These are I. J. Brown for county assessor, the present incumbent; J. E. Ward, for sheriff, also occupying the office at the present time; T. C. Collins for commissioner of the third district; C. H. Aldridge for state senator; J. W. Campbell for representative; Virgil Smith for surveyor, and S. T. Hopkins for county chairman. These represent twenty-four precincts. Others whose nomination appear reasonably sure are: D. J. Flanagan for county clerk; L. G. Pearson for county treasurer; J. C. Williams for superintendent of county schools; W. B. Rector for commissioner of the first district; Fred Walther for commissioner of the second district, although he is closely followed by J. M. Hodges, and J. D. Cutlip for probate judge with E. E. Winter pressing close at his heels. Returns from the rural precincts are expected to show a change in some of these offices possibly in the county treasurer's and clerk's race, where M. R. Pearson for treasurer and E. C. Stubbins for clerk are running close. Over 1,500 votes were cast with 546 in the city, these being exceptionally large votes for this place. The good weather of Saturday had much to do with this result although a great deal of interest has been shown in the election all along. It is probable that the entire returns will not be known until Saturday when the official count will be made.

Most of the full shipment of water mains and fire plugs for the improvements on the Tacumnet water system have arrived and work will begin in a few days. The addition will give a city water supply to the entire suburban district several miles of main being laid. Workmen are also busy on the electric light lines removing them from the business streets and stringing them in alleys and back streets. The new lines will be completed in a few weeks when a day after will be given to the patron of the company.

The first letter ever sent by airplane to reach this city was received this week by S. T. Hopkins, secretary of the Quay county fair association, and related in the recent airplane flights in this city. The letter was one of those carried by the postmaster general on the recent trip from New York and was stamped "air mail station number one."

**FARMERS CONGRESS FINDS
FAULT WITH PRESIDENT**
Columbus, O., Oct. 12.—Progressive delegates held the majority power in the resolutions committee of the National Farmers Congress, chosen today after a contest. This committee is expected to express the ideas of thousands of farmers in more than thirty states on the important political questions.

In his annual address President Strong, intimated that President Taft had broken his word with the farmers congress in calling a special session of the federal congress to pass the reciprocity measure.

President Strong suggested that the farmers declare against the tariff commission.

**Priests' Advice led to
Their Recovery**
This week, or full people—those who "ride cold easily" and sufferers of rheumatism and asthma, should be prepared with Eekman's Alternative in the house. (Beneficial cases of even Tuberculosis (consumptive) persons are often accomplished. Here are two cases.)

"Deathbed" on June 3, 1907, I was suffering from Tuberculosis (consumption) at St. Mary's Hospital, Rochester, N. Y. After the operation my physicians gave me one of Eekman's Alternative, which I did. My weight at the time was 72 lbs. I began to improve and steadily gained in health and strength. I now weigh 125 lbs. and am in a satisfactory condition."

(Signed Ambrosio) EDNA FINZER, 100 Madison St., Rochester, N. Y.

"Deathbed" was troubled with Asthma and Bronchitis for seventeen years. After trying many remedies Eekman's Alternative was recommended to me by our parish priest. I am now feeling fine. I cannot praise it enough."

(Signed) ANNA MAE McENTEE, Ambrosio's Alternative is effective in Bronchitis, Asthma, Hay Fever, Croup and Lung Troubles, and in upbuilding the system. Does not contain poisons, opiates or harmful forcing drugs. Ask for booklet of cured cases and write to Eekman Laboratory, Philadelphia, Pa. for more evidence. For sale by all leading druggists and Highland Pharmacy and Alvarado Pharmacy in Albuquerque, N. M.

ALBUQUERQUE, NEW MEXICO

THE MAIL OF THE PROFESSOR.

A. B. Stroup, gang candidate for superintendent of schools in New Mexico, through the medium of an editorial in the Tribune-Citizen, Francisco, Hubbell's personal organ, walks plumply because he has lost the support of the Morning Journal in his candidacy. He complains bitterly that whereas once the Morning Journal was praising him, now it is denouncing him and his treason to the cause of good government in this county.

We regret that the Professor is not game enough to take his medicine. During the days of his loud denunciation of Francisco Hubbell and everything that Francisco Hubbell stood for in this county, and while he was improving the school system of this county, there was every reason to believe that the Professor was sincere in his public activities. Time and again in public utterances and in this paper, the Professor bitterly and steadily condemned the Hubbell methods which had ruined the schools of this county and pointed with pride, sometimes approaching bragadoise, in the improvement of the schools under his direction here. With a superintendent who paid any sort of attention to his duties, the schools could do nothing but improve; certainly they could not become any worse.

But when the Professor threw all his work away, and all his public denunciations of Francisco, turned squarely around and embraced Hubbell methods, endorsed by his action all the ruinous and disgraceful school administration made famous by Don Francisco, enlisted under the flag of the man who was forced to pay back thousands of dollars which had been wrongfully taken from the school funds, and brazenly admitted that he had sold his principles for the promise of a nomination from Don Francisco—in view of all this it is hard to see why the Professor should feel pained because the Morning Journal does not believe he is a fit man to be state superintendent of schools.

A. B. Stroup is entitled to absolutely no consideration from the republican party nor from the people. He forfeited his republicanism when he openly assisted at a treacherous, underhand, dishonest, irregular attempt to steal the republican organization of this county. It will do him no good to appeal to his "record" in his present plight.

Whatever record Mr. Stroup may have is nullified and wiped out by his betrayal of the cause of honest government. He need expect nothing from the decent voters. He has cast his lot with the ring, the rotten politicians, the forces of greed and graft and corruption. Mr. Stroup has gone over to the machine crowd; let them elect him if they can. If he thinks the Bursum-Hubbell gang is better able to care for him than the people, well and good. It is up to the Professor.

The people of New Mexico who have boys and girls in the schools and who pay taxes to support those schools, want a man at their head whom they can trust. The Professor has betrayed one trust, the trust placed in him by the people of this county; he will betray another. Under the influence of Don Francisco he would be a dangerous menace to the welfare of the public school system. New Mexico does not want a peanut politician as state superintendent of schools.

In Alvan N. White of Silver City, the democratic candidate, the people find a man who has never betrayed a trust who is not a professional politician, but the tool of any boss; an able, young lawyer, a man who has served with credit as superintendent of schools of the large county of Grant and the town of Silver City. Mr. White, although never having devoted his time to political intrigues, is widely known throughout New Mexico as an educator. Mr. Stroup was not heard of at all outside the county until the dubious name of his alliance with Hubbell pushed him into the limelight. Mr. White is a man who has devoted himself to the study of educational conditions and not to professional office seeking.

It is absolutely imperative to have the superintendent of schools as far removed as possible from practical politics.

Professor Stroup imagines himself a practical politician.

Take him then at his own value

and he has demonstrated that he is not fit for the position he seeks.
So why should he wait?

THE SEVEN LAKES FIELD.

There seems to be no longer any room for doubt that the Seven Lakes oil field north of Gallup is destined to be a steady producer of petroleum and that some of the best known operators of the country are going to spend large sums of money developing the possibilities of the district.

This is good news for Albuquerque. The men who buy oil well drilling apparatus and supplies and who spend the money they get from the grease are the best kind of spenders. Albuquerque is the nearest city of any considerable size. It goes without saying that the big operators will make their homes and headquarters here and it is certain that business generally will receive a big impetus here if, as is now assured, this oil field proves a big one.

OF STRONG INDIVIDUALITY.

How W. C. McDonald is regarded in his own bailiwick is shown by the following from the Carrizozo News:

The action of the state democratic convention at Santa Fe this week in nominating W. C. McDonald for governor, is a compliment that will be fully appreciated by the voters of Lincoln county. Not because he is a democrat and a citizen of Carrizozo and Lincoln county, but because he is the unanimous choice of five hundred delegates, representing the twenty-six counties in New Mexico, to fill the office of governor of the new state. He is a man of strong individuality, whom no one can lead, and who will stand up, against all odds, for the best interests of the new state of New Mexico and all its people.

THE PARDON MILL.

Another interesting phase of the situation is given by the Estancia News as follows:

"The murderer, Daniels, who was pardoned some time ago, after having been sentenced to death, and his sentence had been commuted to life imprisonment, has again broken out. This is the second pardoned prisoner to commit crime in New Mexico this year. Is this wholesale pardoning becoming a disgrace? With a member of the gang for governor of the new state, we may not hope to rid ourselves of this stain of wholesale pardons. Vote for a man for governor and not for one who has needed to resort to vindication himself."

THE BIRDMAN.

The management of the state fair is to be congratulated on bringing to this city Charles F. Wan and the Curtiss biplane. The splendid exhibition being given at Traction park forms the biggest attraction ever brought to Albuquerque and we have finally landed on the aviation map. The sight of this daring aerial navigator sailing over the city of Albuquerque is in itself a spectacle enough to repay every fair visitor for his time and expense in coming to Albuquerque.

A SLAP IN THE FACE.

The Silver City Independent says: "The nomination of H. O. Bursum for governor by the republican ring in New Mexico. It shows that the ring considers its power inviolable that it can coerce, buy and bulldoze a majority of the electors in this new state into voting for any man it may name. Otherwise it would have selected to head the state ticket an honest, capable man and one upon whom no hint of suspicion had ever rested."

Here is some naughty language language from the coal baron's little bragger, who publishes the Raton Range:

"The Morning Journal talks of 'whitewashing' Mr. Bursum, after the lies have been wholly disproved, by court records. There is not enough whitewash on top of earth to hide from sight the slime coating which encrusts that malodorous sheet."

Naughty, naughty—and him a minister!

The construction of three new steamers, each of 8000 tons displacement, and costing \$300,000, is an index of the flourishing state of the business of the fruit growers in Central America. Honduras exports each year bananas worth about \$1,000,000 from her Atlantic seaport. The United States in 1910 used 3,000,000,000 bananas from Central America, and paid for them about \$35,000,000.

In the indictment of the wall paper makers a long suffering public stands to get even for some of the designs that have been worked off upon it in the past. If they should be sent to jail, says an exchange, we know some people who would enjoy nothing better than the privilege of selecting the paper to be pasted on the walls of their cells.

"As chairman of the republican committee, Mr. Bursum has shown the democrats in three campaigns something of his executive ability,"—Raton Range.

We presume you refer to the time Mr. Bursum elected Mr. Larragoite delegate in congress.

It is a wonderful spectacle, H. O. Bursum and his crowd howling in the platform for all the features of good government they have fought in New Mexico for twenty years past.

Asbestos books are in order if Bursum wins.—Rowell Daily Record.

Secretary Meyer asks for some \$125,000,000 for the navy in 1912, which is about the same amount that was required in 1910. The two proposed warships of 25,000 tons displacement will probably account for at least \$15,000,000 of this sum. France has four ships that cost \$10,000,000 each, and Germany two.

New Mexico needs fewer lawyers, says H. O. Bursum, as an argument for his election. This seems to be a direct slap at Attorneys A. B. Stroup, Spiess, Catron, Francis E. Wood and others and is likely to cause dissension in the ranks of the gang. Why drag his friends into it?

We are familiar with the motorcycle policeman chasing a speeding automobile. Those Long Island constables charged with arresting two cyclists, however, didn't have even stunts of wings.

The mantle of his predecessor does not seem to rest comfortably upon the shoulders of the Professor.

Behold Don Francisco, Apostle of Honest Elections and the Pure Patriot!

ODD FELLOWS END ANNUAL SESSION

Appointive Officers Announced; Fruit Growers of Roswell District Shipping Twelve Carloads of Apples Daily.

(Special Correspondence to Morning Journal)

Roswell, N. M., Oct. 11.—The grand lodge of the Odd Fellows of New Mexico closed today, following the dedication of the new home for orphans and indigent members yesterday and the banquet last night. The grand encampment session occupied the time today. Following are the new appointive officers announced in grand lodge and installed with the new elective officers: B. C. Edwards, Roswell, grand master; F. W. Ross, Carlsbad, grand conductor; W. A. Tenny, Silver City, grand herald; W. H. Merle, Alamogordo, grand guardian; W. Arthur Jones, Naravisa, grand chaplain; and Frank, Talmage, Jr., Greenfield, grand instructor. The appointive officers for the assembly are as follows: Mrs. Marie Galtier, Dexter, marshal; Mrs. Alice Roberts, Raton, conductor; Mrs. Julia Beecher, Alamogordo, chaplain; Mrs. A. V. Whitehall, Silver City, inside guard; Mrs. J. C. Taber, Deming, outside guard. Committees were appointed in the grand lodge and in the assembly to draft new constitutions for both branches of the order. It was voted by the grand lodge to give three memberships on the Home Board to the ladies of the assembly.

The Roswell Fruit Growers' association is shipping twelve carloads of apples every day. Half of the cars are loaded with selected, packed and wrapped apples of first quality. The rest are different grades of culls. All are going to Fort Worth, Dallas and other Texas cities.

A telegram today from Judge Wm. H. Pope brought the news of the death of his wife's mother, Mrs. A. L. Hull, in Atlanta, Ga. Judge Pope will return after several days to his official duties in New Mexico.

R. K. Fleming today sold Ray Rice a herd of cattle of between seven and eight hundred head, at a price aggregating \$17,500.

"SHIP OF STATE" IN SPOTLIGHT

Magnificent Santa Fe Railroad Float Brilliantly Illuminated Makes Evening Tour of City Streets.

The "Ship of State"—New Mexico, the magnificent Santa Fe railroad float in the Montezuma parade yesterday morning, had a private parade of its own last night all over the business district which attracted much attention and proved the sensation of the evening. The ship was beautifully illuminated from underneath with incandescent lights and red flares blinding from the brass cannon. The horses were also caparisoned in white with "New Mexico" on each while the ship itself bore among other things a splendid reproduction of the new flag of New Mexico, the Sunshine State.

The float, with its gorgeous illumination was conducted through the streets by a number of the Santa Fe boys in uniform and was enthusiastically cheered.

STEAM SHOVEL HITS UNEXPLODED SHOT AND MINER IS KILLED

(Special Correspondence to Morning Journal)
Silver City, N. M., Oct. 12.—The Chemung Copper company, operating in the Hurro mountains, and which has done an immense amount of development work, costing probably near \$1,000,000, has shut down for the present and the mining town of Tyrone is idle. The Copper-Gull company has also shut down. Over production and low prices of copper is given as the cause of the shut down.

Out at Santa Rita mining operations are being vigorously pushed. Saturday last one of the big steam shovels struck an unexploded shot, killing a miner named Felix Harris, injuring three or four others and damaging the big shovel.

"Prompt Compensation" Laws; the Platform and the Hawkins Bill

Resuming the task of dissecting the flimsy hypocrisy and puerile pretenses of the platform adopted by the republican bosses and corporate representatives at the Las Vegas convention, we find the following:

"We favor the enactment of compulsory compensation laws, coupled with a wise plan of industrial insurance so that employees engaged in hazardous occupations or their families may receive prompt compensation for injuries or death without the delays, injustice and expense of the present system."

This is about the thinnest and gauziest disguise in the whole false fabric of the gang platform.

H. O. Bursum, the man who is running for governor of New Mexico on this platform, and who largely dictated what was to go into the platform, was the leader in the fight for the railroad through the legislature of the Hawkins bill.

Mr. Bursum has never denied that he led the fight for the passage of the bill; has never denied that he twice appealed to Governor Otero to withdraw his veto of this infamous piece of corporation legislation; will not dare to deny it and has said nothing more recently about his claim to represent the interests of the railroad men, for whom he shed crocodile tears at the beginning of the campaign.

The Hawkins bill made it impossible for an employee or other person injured by a railroad to obtain redress. It enabled the railroad corporation to make the injured man the defendant in an action at law. It was the most oppressive, high handed, outrageous, rotten law ever passed in New Mexico and its annulment with scorn and derision by the congress of the United States, made New Mexico a stench in the nostrils of the nation.

H. O. Bursum, the man who is running for governor on a "prompt compensation" platform, was largely responsible for the obloquy and disgrace heaped upon New Mexico as a result of this special legislation. He was largely responsible for this bill which for years gave the opposition to statehood one of its strongest arguments; namely that a territory whose representative assembly could pass such vicious laws was not fit for self government.

"We favor the enactment of compulsory compensation laws," shrieks the mendacious platform. How many compulsory compensation laws of the Hawkins stripe do you want, Mr. Voter?

Do you believe Mr. Bursum's platform platitudes, or do you judge him by his record?

Do you want a man with that record for your governor?

FLOOD AT RATON; TO FERGUSSON GIVEN REACH THIS CITY TOMORROW OVATION AT VAUGHN

DEMOCRATS EXPECTING BIG DEMONSTRATION

Convention Tomorrow Morning and McDonald Rally at Armory in Evening Events of the Program.

Henry D. Flood, chairman of the house territories committee and prominent national democratic leader, will be here tomorrow in time to attend the county democratic and district convention at the Elks' theater at 10 o'clock in the morning, which is expected to start the enthusiasm which will find its culmination at the grand rally in the evening in the capacious armory, which the democrats expect to fill for the occasion.

Capt. W. C. McDonald, democratic candidate for governor, who has already launched a winning campaign against the bosses and their candidate H. O. Bursum, will get well into his stride at the Saturday night meeting here and will present the issues of this campaign to the people in a way that will make them sit up and take notice. Flood also bears the reputation of being a telling public speaker, and there will be other able orators on the platform. Preceding the opening of the meeting at the armory a torchlight procession which should take on the proportions of a popular ovation of the people's candidate will escort the distinguished visitors from the Alvarado hotel to the armory.

Congressman Flood will address a big meeting tonight at Las Vegas before coming to this city.

NEARLY \$6,000 RECEIVED FOR STATE TREASURY; OFFICIAL NEWS NOTES

(Special Correspondence to Morning Journal)
Santa Fe, N. M., Oct. 11.—Territorial Treasurer M. A. Otero has received the following sums for the treasury: Jackson Arce, treasurer of Grant county, \$1125.29; R. C. Harbender, of Rio Arriba county, \$3,765.75; Vincent B. May, treasurer of the New Mexico college of agriculture and mechanic arts, refund of territorial students, \$856.11; W. D. Newcomb, clerk of the seventh judicial district, clerk's fees, \$273.22; Game and Fish Warden Thomas P. Gable, \$321.50. Total, \$5,727.36.

Contract for Wood.

Yesterday proposals for furnishing fifty cords of wood for the Spanish American normal school were opened by President Prince and Secretary Jamarillo. There were four bids ranging from \$3 to \$4 per cord, the lowest bidder being Adelardo Hines at \$3 per cord. The contract was awarded accordingly.

Has New Name.

An amendment to the articles of incorporation of the Furniture Company changing the name to the Karpis Furniture company, was filed in the territorial secretary's office today. The company is in business in Albuquerque and Robert A. Kistler is its agent.

SIERRA DEMOCRATS \$100,000 LOSS FROM NAME STRONG TICKET

FLOOD AND SIX LOSE LIVES

County Convention at Hillsboro One of Most Enthusiastic in Annals of County; Republican Gathering Lacks Enthusiasm.

(Special Dispatch to the Morning Journal)
Hillsboro, N. M., Oct. 12.—The democratic county convention held here today was the most enthusiastic in the annals of Sierra county. Ringing addresses were made by a number of leaders of the party here and a strong platform was adopted. The ticket named today is composed entirely of men who have long enjoyed the confidence of the people of this county and that it will be swept to victory on November 7 there is but little doubt. Following is a list of the nominations:

For representative in the Legislature—George H. Tucker, of Chillicothe.

For County Clerk—Andrew Kelly.

For Sheriff—W. C. Kendall.

For Treasurer—Frank Werten of Las Alamos.

For Assessor—Ben A. Luchini of Derby.

For School Superintendent—James P. Parker, of Hillsboro.

For Probate Judge—Porfirio Garcia of Chubbuck.

For County Commissioners—Cornelius Sullivan of Hillsboro; Joseph L. Montoya, of Chubbuck, and Frank M. Bojarski.

The republican convention was also held here today. It was slimly attended and perfunctory, only twenty-one out of the forty-one delegates named being present when the gathering was called to order. W. H. Bucher, a former leader of Hillsboro, was nominated as candidate for the legislative house.

(Special Dispatch to the Morning Journal)
Alamos, N. M., Oct. 12.—It is now estimated that the total damage by the recent flood in San Juan county amounts to fully one hundred thousand dollars, including a twenty thousand dollar loss in bridges swept out and the balance in damage to lands and crops. Six men died by drowning in the county, five being natives whose names have not been learned and the other, Frank Tice, Railroad communication with Durango has been cut off for some time, one railroad bridge being out and the others unsafe.

A stage line is being opened to Durango until the railroad repairs are made.

James C. Dahlgren, "Casey" Mayor of Omaha, "Throat the Lariat."

Mayor James C. Dahlgren started his career as a cowboy, and is at present Mayor of Omaha, and has the following record: Sheriff of Daves county, Nebraska, three terms; mayor of Children, two terms; democratic national committeeman, eight years; mayor of Omaha, six years, and in 1910, candidate for governor of Nebraska. Writing to Foley & company, Chicago, he says: "I have taken Foley a great deal of relief, so I cheerfully recommend them." Yours truly, (Signed) JAMES C. DAHLGREN.

J. H. O'Reilly.

the state fair. They arrived yesterday.

Samuel J. Forward of Las Cruces is among the visitors here taking in the sights of the fair.

Fred Fuller, from Topeka, Kan., is a guest of Belle and Roy Robinson of 624 South Arno street.

T. M. Elwood of the Charles Ilfeld company's wholesale house at Las Vegas, is enjoying the closing days of fair week.

A team of horses was reported last night to have fallen into the Rio Grande near the Barajas bridge yesterday and drowned.

Dr. A. H. DeLong of Gallup, surgeon of the Santa Fe railway, arrived in Albuquerque yesterday to take in the closing days of the fair.

Mr. and Mrs. W. G. Ulery, formerly of Toledo, Ohio, but now located at the Montezuma hotel in Santa Fe, are guests of Mr. and Mrs. J. J. Cole here.

Mrs. George Albright announces that those having exhibits in the art building may remove the exhibits any time after 4 o'clock tomorrow afternoon and during Sunday.

Charles H. Stevenson and wife are here from Las Vegas to attend the big fair. Mr. Stevenson is one of the most popular conductors running out of Las Vegas on the Santa Fe.

Mrs. S. G. Cartwright and Mrs. E. C. Abbott, wives of well-known Santa Feans, are here to see Aviator Charles F. Walsh, 15, and to enjoy other features of the New Mexico state fair.

F. E. Nuding, well-known coal dealer of the New Mexico capital, is here to see the fair, joining Mrs. Nuding, who arrived the first of the week. They are guests of her parents, Mr. and Mrs. W. H. Hahn.

Dr. Joseph S. Clipes, bacteriologist at the Dr. Shortle Sanitarium, returned from the east, where he spent the past two weeks purchasing laboratory supplies for research work as well as for the manufacturing of various vaccines.

Mr. and Mrs. Frank F. Jennings of Willard are in Albuquerque to take in the fair. Mr. Jennings is a well-known attorney in the Estancia valley while Mrs. Jennings, prior to her marriage some years ago, was a first class newspaper woman connected with a number of noted western papers.

The young son of Mr. and Mrs. F. E. Schwenker, who started this morning for the Pecos Valley in the Schwenker motor car, was jolted out of the machine as it was traveling over the mesa. The little fellow had his cuts and bruises dressed by a local surgeon, after which the family proceeded on their trip.

Edward Kull, representing the General Film company of Chicago and New York, who arrived in the city yesterday, was greatly surprised at the big crowds and metropolitan appearance of Albuquerque. Mr. Kull came here to superintend the taking of motion pictures of the fair, the city parade and the big crowds.

P. G. Bartlett of Socorro and auto party arrived here yesterday after a following experience on the overland trip. They narrowly escaped a collision with an automobile while crossing the railroad bridge at La Joya and from all accounts most of the latter part of the trip was made with the

aid of cowpokes and mule teams.

The dirt approach to the west end of the concrete bridge spanning the Rio Grande at Barajas has been reinforced by a force of laborers, working under the direction of County Surveyor A. D. Ogil and Road Supervisor T. J. Bryant. There is no danger now of the approach being washed out, as was threatened during the high stage of the river last week.

Two hundred thousand square feet covered with carriages, buggies, wagons, harness, saddles, now on special ten day sale. High grade buggies, \$42.00; harness, \$9.49. Visit our store, J. Korber & Co.

Visitors do not overlook the Charles Ilfeld Co.'s new home north of the Alvarado, on the Santa Fe tracks. This is the largest reinforced concrete building in the southwest. They expect to move into their new quarters in about sixty days.

The world's highest grade pianos and player pianos—Mason and Hamelin, Steinway, Conover, Cable, Kingsbury, Wellington and others at 300 York piano prices, plus freight. All our goods are guaranteed. The Albuquerque Music Co., address care of the Morning Journal.

Dr. J. B. Kaster, chief surgeon of the Santa Fe system, accompanied by his wife and daughters, is here from Topeka to attend the fair. They are guests of J. F. Luby. The Kaster family, well known and popular in Albuquerque, having formerly resided here when Dr. Kaster was local surgeon for the Santa Fe in charge of the Santa Fe Pacific hospital.

Fred C. Fox, general manager of the Santa Fe railway with headquarters at Amarillo, Texas, is in Albuquerque to attend the fair. Mr. Fox could not miss the first state fair and was an interested spectator at Traction Park yesterday, enjoying the horse races, baseball games and the flights of Aviator Walsh. He will leave tomorrow or Saturday making an inspection trip of the road on the return trip.

Because of the intense interest being shown in the big democratic rally to be held here tomorrow night, when W. C. McDonald, democratic candidate for governor, will open his campaign in Albuquerque, and Congressman H. D. Flood will also appear as one of the speakers on the program, the Elks theater has been secured for the rally instead of the armory as at first announced. The rally will be held at the same hour, the only change being in the place of meeting.

SIMON STERN, The Central Avenue Clothier**ST. VINCENT'S IS
WINNER OF NINE
FIRST PRIZES**Academy Exhibit of China
Painting and Water Colors at
State Fair Highly Honored By
Judges of Art.

That the art department of St. Vincent's Academy is quite an institution is more than ever conceded because of the splendid collection of prizes which the academy display of china painting and water colors won at the first New Mexico state fair. The academy took nine first prizes in the art department, practically every entry winning first place against all competitors. St. Vincent's captured the magnificent silver loving cup offered by A. L. McKee, the golden, for the best six plates; by Miss Beatrice Armijo, for the best water colors; by Mrs. M. Nash, for the best conventional design; and two prizes taken by Sister Apollonia, on a beautiful vase. The entire credit for the academy's art display is due to Sister Apollonia, director of the art department at St. Vincent's, who is not only a true artist, but who has wonderful success in teaching to others art in its many branches. The academy display of china and paintings in the women's building at the fair grounds, will remain on exhibition until Saturday.

The Garden of Eden in New Mexico
Manzano Apple Trees Relics of Original Home of Adam and Eve, Who Will Be Married at Denver Congress.[Special Correspondence to Morning Journal]
Denver, Colo., Oct. 11.—The Garden of Eden was located in New Mexico and some of the original apple trees are still standing. This is the claim made by many people of one of the newest states in the Union, and New Mexico is making considerable noise about the matter recently due to the activity in the apple districts of that state in preparation for the American Apple exposition which will be held in Denver the week of November 12. Apples from these trees will be exhibited at the show.

Of course the counter claim is made that the aforesaid apple trees were planted, or rather grew from seeds planted by the Spanish invaders some 300 years ago. Be that as it may, the trees are standing near the town of Manzano, which is the Spanish word for apple, and in the vicinity of the old ruins of Cuara, Abo and Grand Quivira. And it must be admitted that the apples that will be exhibited from these trees at the Denver show will be a classy display.

Legend has it that the original settlers were driven out of the country or killed by the Comanche Indians and other tribes of the savages that infested that section. When the Mexicans re-settled the country about 160 years ago they found the trees still standing and bearing fruit, and they named the town Manzano. So the fact is undisputed that the trees are at least more than 100 years old.

The management of the apple show has decided to hold a Garden of Eden wedding one night during the show. The given name of the groom must be Adam and that of the bride Eve. If such a couple can be found in any state on the American continent, the ceremony will be performed on a stage in the center of the big Auditorium where it will be witnessed by 12,000 people, which is the capacity of the building. The couple will be given a handsome wedding present and also will be presented with the apples from the trees which are said

by some people to have stood in the Garden of Eden.

"Every subject relating to apple culture and sale will be in order at the American Apple congress and can be introduced and discussed by any member."

This broad rule was adopted at a recent meeting of the board of local managers of the congress. President L. Bradford Prince of the congress and Secretary Clinton L. Oliver were present and acquiesced in this ruling. The real object of the congress is to accomplish results that are beneficial to the apple industry in every section of the American continent. While a few addresses will be prepared and delivered at the meeting, the program committee decided that the number shall be limited so that the members of the congress will have the opportunity for unrestricted discussion of the subjects that are of vital importance to the apple growers, shippers and dealers. It is planned to make this session a get-together session and not a dull, dry meeting where the time will be consumed principally by long-winded papers the principal feature of which are invective and ranting verbiage.

Every indication points to a fight over the question of the adoption of a national or uniform box. The northwest and Colorado are a long way from reaching an agreement on this subject, each holding out for its particular kind of box. An attempt is being made to get a uniform box bill through the federal congress, and this bill, known as the Lafont bill, undoubtedly will be up for discussion at the coming meeting of the Apple congress. Special addresses will be heard on grading and packing and a few other vital subjects, but aside from these, the discussion is intended to be spontaneous. Some of the most prominent apple men in America have announced their intention to be present and take part in the discussions.

G. S. LOVERN.**Auction Sale
of
Business Property****Friday, October 13,
at 10 a. m.**

I will sell at public auction the following business property, located at 706-708 West Central avenue, consisting of two lots and store buildings, with modern fronts and up-to-date. It would be time lost to undertake to tell the public with what rapidity business is traveling westward on Central avenue. The property is now rented for \$600, and, by agreement, there will be a considerable raise when present contracts expire. A chance, it seems to me, to buy a business property cheap, or in other words, to make a paying investment. This sale will take place at 10 a. m. sharp, in front of the property.

Auctioneer**

Modern methods of making table linens have been perfected in such a manner that the cost is very little different between the ordinary kind and the choice things that produce a sense of satisfaction every time they make their appearance upon the table.

Our variety is comprehensive and well selected, including a large range of pattern cloths, as there seems no reason for cutting the cloth, and destroying the design when the cost of having the border all around the cloth instead of on the sides only is only a few cents the yard more.

**FERGUSON &
COLLISTER****Popular Priced Millinery**

Our display of the best in Fall Millinery is one of the largest we have ever made. Special attention has been given to a line of natty Street Hats at popular prices, for Fall Week.

See our New Line of Puffs and Switches.
