GRAPHIC DETAILS OF MANILA FIGHT.

The Exciting Part Taken by the Gallant Colorado Soldiers.

NAMES OF THE KILLED AND WOUNDED.

New York, Aug. 19.—A dispatch to the World from Manila gives the following complete list of the killed and wounded in the fighting at the capture of Manila:

KILLED.
M. K. Holmes, first sergeant, Astor battery; D. Cremins, second sergeant, Astor battery; Samuel Howell, fourteenth regular; Wm. Lewis, Nebraska volunteer; Robert McCann, fourteenth regular; Edward O'Neil, California volunteer; A. P. Patterson, private, Minnesota volunteer; Charles J. Phoenix, private, Colorado volunteer; August Thullen, private, Twenty-third United States infantry.

WOUNDED.
Astor battery—R. H. Sillman, sergeant; H. VanHorne, corporal; Privates B. Baker, G. Bewell, C. Dunn, T. J. Hayden, W. H. Seymour and C. K. Vanpell.

Minnesota volunteers—Capt. Bjornstedt, Bursen, Capt. O. Seebach, Privates Carlson, Kahl, Moore and Telford.

Twenty-third regulars—Privates Baker, McCann, Morgan, Newman and Parker. California volunteers—John Dunmore and Albert Hammonson.

The Spanish loss is estimated at not less than 200, including both killed and wounded, and in the neighborhood of 8,000 captured.

Vast stores of military and naval supplies were seized.

The casualties on the American side were confined to the land forces; not a man on the fleet was injured. Through four lines of entrenchments, extending two miles, the enemy was driven in panic to the walled portion of Manila.

The Spanish army surrendered.

The enemy had two lines of entrenchments in front of General Greene, and he of these lines was Rio Cigalong, a small stream. Next beyond was the powder magazine of an ancient fortress, mounting one 6-inch gun. Immense sandbag walls and trenches surrounded the fortress on the south and seaward sides. General Anderson was in command of the division, which was composed of two brigades.

At 9:30 a. m. the Olympia opened fire with her starboard 5-inch guns at a range of 4,000 yards. The Raleigh and Petrel opened with their 6-inch and 6-inch guns at 3,500 yards. Shell after shell burst in the fort and drove the Spaniards panic stricken toward Manila. Every shot was marked by debris hurled high in the air. Soon the enemy deserted the trenches in front of General Green but ran off to the right into the bamboo swamps. Two whole shots from the battery in the magazine was the only reply given to the first fire. Both fell 300 yards short.

The gunboat Caliso and launch Barcelo advanced to within 1,000 yards and began sending a deadly hail from their rapid fire and machine guns.

By this time the fort was deserted and the fleet signalled to cease firing, after which orders to advance were given.

The Colorado troops formed in column with the flag flying to the breeze, and dashed into the Rio Cigalong, wading waist deep. The Californians followed. The enemy's Manners began to crack in the bushes in front and on the left, but the shooting was wild. The Colorado men ran up to the fort and took possession.

Private Phoenix of company I, climbed to the ramparts and pulled down the Spanish flag, and as he was raising the American standard he was shot dead.

Thereupon Sergeant Richard G. Holmes, company I, seized the flag and ran it up on the pole.

The Colorado men, the Californians and the Eighteenth infantry drove the Spaniards through the streets of Malate at a dead run. The enemy threw away their guns and ammunition in their flight. The troops followed, capturing the Luneta battery and chasing the enemy into the walled city.

Meanwhile Gen. MacArthur's brigade, over on the right wing, was having the severest kind of fighting. Two guns of the Utah battery opened on blockhouse No. 14, and soon knocked it into splinters. Then the troops advanced by the Astor battery in the lead, and had the hottest fighting of the day at the junction of the Cigalong road.

The Spanish soon retreated, and Gen. MacArthur entered the city and established his headquarters in Malate.

Assumed Command.
New York, Aug. 19.—General Joseph Wheeler today formally assumed command of Camp Wicks, at Montauk Point.

Short Cabinet Session.
Washington, Aug. 19.—The cabinet session today was brief. The disbandment of the army and the naval review at New York were the main topics.

York were the main points in discussion. As to the former Secretary Alger stated that the details were being worked out, and considerable difficulty is being experienced in selecting the regiments to be put on the mustering out list, but it is expected that the matter will be in shape in a few days.

California Democrats.
Sacramento, Cal., Aug. 19.—Congressman James G. McGuire was unanimously nominated for governor by the California democratic state convention. On motion of United States Senator White the populist and silver republican candidates were nominated as follows: Edward L. Hutchison, lieutenant governor; T. W. Maples, controller; H. A. McCrany, clerk of the supreme court; Walter Vandlyke, justice of the supreme court; Christian Ruckles, superintendent of public instruction; J. L. Dryden, railroad commissioner; Judge W. M. Conley, of Malaga, was nominated for associate justice of the supreme court; W. S. Soren for state treasurer, and H. P. Andrews for attorney general.

GEN. MORALES CAPTURED.
Found in a Cave and Died on the Way to Prison.
Washington, Aug. 19.—United States Minister Hunter, of Guatemala, cables the state department that Gen. Morales, the leader of the revolution, was captured in a cave on Wednesday and died on the way to prison at San Sebastian.

The Ticket Completed.
Milwaukee, Wis., Aug. 19.—The republican ticket, complete, is as follows: Edward Scofield, of Oconto, for governor; Jesse Stone, of Watertown, lieutenant governor; W. H. Forehlde, of Jackson, for secretary of state; J. O. Davidson for treasurer; K. D. Harvey, of Milwaukee, for superintendent of public instruction; Graham L. Rice, of Superior, for railroad commissioner; Ed. Griffin, of Milwaukee, for insurance commissioner.

No More Troops Needed.
Washington, Aug. 19.—General Shafter has informed the war department, after consulting with General Lawton, commander of the department of Santiago, that it has been concluded it will not be necessary to send any more troops to Santiago for the preservation of peace and good order.

No More Concessions.
Yokohama, Aug. 19.—The German government, replying to the German request for concessions, has notified the German consul at Seoul that it proposes to establish a railway bureau and construct its own railways, and therefore no further concessions will be granted.

Appointment Accepted.
Washington, Aug. 19.—Chas. W. Goid, of New York, has accepted the appointment as representative of the department of justice on the Cuban military commission.

Southern Renominations.
Toledo, Ohio, Aug. 19.—At the republican congressional convention yesterday, Hon. James H. Southard was renominated for congress to represent the Ninth Ohio district.

Is Getting His Pension.
The statement that E. Sherman, an old soldier of this city, had been dropped from the pension roll is erroneous. He is still drawing his pension under the new law. Commissioner Evans' letter simply informed him that his claim for a pension under the old pension law had been rejected.

The difference between the old and new laws is that the former required the soldiers to prove that they had received their disabilities in the war, while the new law simply makes it incumbent upon them to show that they are in fact disabled now, no matter from what cause.

New Suits Commenced.
George W. Blake et al have commenced a suit in ejectment against Charles H. Toll et al for the recovery of the Julia mining claim in the Cochiti and El Comodoro districts.

A. J. Fisher et al have commenced a similar suit against Charles H. Toll et al for recovering the possession of the Albuquerque Lode mining claim.

Carrie Dearborn has commenced suit for a divorce from her husband, Herold M. Dearborn.

G. W. Bennett has instituted divorce proceedings against his wife, Annette L. Bennett.

Written by a Dog.
Prof. J. R. Ribera, the public school teacher at Las Padillas, came to town this morning with fruit for sale from the Hubbard orchards of Pajarito, N. M.

Fred Weston, who was at San Diego, Cal., spending his vacation, has returned to the city and resumed his duties at the local railway shops. Mr. Weston left his wife at San Diego, where she will remain several weeks longer.

Dan Elliott, the roadmaster, and Ray Hammond, in the civil engineering department of the Santa Fe railway, registered at the Hotel Highland from Las Vegas last night.

Hon. Mariano S. Otero, wife and daughter, Miss Otero, are now on a visit to friends in Durango, Colo.

The Santa Fe Pacific pay car came in from the west last night and the men are being paid off today.

ALBUQUERQUE, — AUGUST 19, 1908

The United States district court meets at Las Cruces on the 5th of September.

The school of mines at Socorro opens for the fall term, Monday, September 12.

The warm weather is about over, and that "fired feeling" is gradually disappearing.

New Mexico day at the Trans-Mississippi exposition at Omaha will be Thursday, September 20.

Business shows signs of improvement and by the first of next month the dull season will be over.

The Grand Lodge of the Independent Order of Odd Fellows meets this year at Gallup, on October 11.

Patronize the newspaper advertisers. They are the people who build up the community and make it prosperous.

It is estimated that about \$15,000 are annually paid into the insurance companies from the vicinity of Las Cruces.

Let there be no cessation of the cleaning up until there remains not a spot in the city that is not free from rubbish and refuse.

The signs of the times point to an early conflict between England and Russia. This time Uncle Sam will be only a spectator.

SOJOURNERS at the various resorts are beginning to return to get their affairs in shape for the most prosperous season Albuquerque has ever experienced.

The next territorial legislature will have the disposition of 1,500,000 acres of land that was secured by Delegates Ferguson to the territory for school purposes.

The republicans of New Mexico never had a better opportunity to elect a republican delegate to congress than they will have this fall. With a strong candidate victory is certain.

The base ball season will be inaugurated Saturday afternoon with a game between the Browns of this city, and the Santa Fe club. The two teams will also play on Sunday afternoon.

NEVER in the history of the territory was the mining industry more active than at present and never were the prospects brighter for those engaged in the development of meritorious claims.

THE annual fair of the Territorial Fair association of New Mexico will be held in this city, commencing on September 27 and continuing to October 1. Everybody in the territory will attend this year.

ALBUQUERQUE must take advantage of the flood of good fortune that is sweeping over the country. It is of tremendous force, but its powerful energies must be properly directed if they are to be enjoyed in the full.

EXAMINATION should be made by the proper officers of all premises in the city to see that the law in regard to connections with sewers is enforced and that all kinds of garbage is properly removed. Wherever delinquency is found notice should be served that the ordinance must be complied with at once. Lack of attention to such notice should cause prompt and rigorous prosecution.

PRESIDENT MCKINLEY is said to be experiencing difficulty in securing democrats willing to serve on the peace commission because they fear to place themselves on record against the course that later on may be dictated by their party and thus sacrifice their political future. The man who places his standing with his party above the best interests of his country is a poor sample of America and it is pleasant to know the number is very small.

O. M. LEE, one of the men accused of shooting and killing Col. Fountain and his little son, has asked himself again this time through the columns of the Sacramento Chief, published at Alamo Gordo. After trying exceedingly hard to explain certain matters in connection with his recent pitched battle with Sheriff Garrett and posse, wherein Deputy Sheriff Kearney was killed, he says: "I believe you know of your own knowledge that Garrett is an infidel, believing in neither God nor the hereafter, so that no oath that you could administer to him would be held sacred." If Lee is not guilty, why is he acting the outlaw? He should come from his hiding place in the mountains and give himself up to the authorities of Dona Ana county.

PROFITABLE ADVERTISING. It's pretty warm weather to talk business, but we can't help calling attention to the enterprise shown by the leading merchants this summer, as indicated in the columns of THE CITIZEN. It has been the policy of this paper to preach advertisement every day in the year. The merchants of Albuquerque have accepted the challenge and shown the quantity of advertising in this paper. More merchants are advertising this summer than in any previous summer. Business generally is better as a result of this advertising. Nine out of ten newspaper readers in the Rio Grande valley read THE CITIZEN. That is why business men who use our advertising columns get good results.

MR. ARNOLD'S VERSION. Miss Arnold, the pretty St. Louis young lady who kissed Hobson, has now come to the front with her side of the story. She says:

"I did not ask Mr. Hobson for a kiss. He had just kissed a little girl and I said to him: 'I wish I was a little girl again.' He said: 'Would you like to be treated as one?' I answered: 'Yes, and he kissed me. That is the way it was done, and I had no idea that the newspapers were going to take it up.'"

Now if Mr. Hobson is as glib as he is supposed to be he will let the young lady's story pass as the true version. The chances are he is satisfied and the people who are making all the fuss haven't the courage to kiss a pretty girl when they have the chance.

MARKET UNANIMOUS. It would be a nice thing for the Alabamians to make Gen. Joseph Wheeler's election to congress a unanimous affair. General Joe hasn't had a fair show. A job lot of candidates have been storming his political fences, and he couldn't strike back. Why? Because the old hero was busy storming forts, encouraging his men, braving fever and dodging Mauser bullets in Cuba.

The people of Alabama, of all parties, have an opportunity to pay a compliment to a brave man.

CANADA will hold a popular election on the prohibition question September 29th. The voters are called upon to answer the following question:

Are you in favor of the passing of an act prohibiting the importation, manufacture or sale of spirits, wine, ale, beer, cider and all other alcoholic liquors as well as beverages?

Canada is a country of cheap and pure liquors. It is to be doubted if prohibition gains a substantial victory in any of the provinces. Still, investigation would probably show that the cause of temperance had advanced materially in late years.

The Los Angeles Express says: "The man who is handy with a rifle has an affection for the Winchester, but it is not the gun for the express messenger in a hold-up emergency. The adventure on the Santa Fe Pacific, in New Mexico, gives an illustration. If the messengers and guard had been armed with double-barreled shotguns loaded with buckshot, there would be some good train robbers now."

THE New York Sun is waging malicious war against the Associated Press. It will be recalled that the Sun was the head and front of a rival news-gathering organization which undertook to run the Associated Press into the ground, and got buried itself in the attempt.

If any of the European powers feel inclined to indulge in war now they may have the whole field so far as the United States is concerned. All that we shall ask will be the privilege of selling the supplies and reading the war news.

The public schools of Albuquerque will open on the first Monday in September. Superintendent Hickey is getting things in good shape for the opening of the various schools.

PRESIDENT HERRICK announces that the New Mexico university will open on Tuesday, September 6, and the promise now is that the attendance will be larger than ever before.

Revolution in Italy. The recent bread riots in Italy are believed to have simply outbursts before the storm. The trouble is the people are overtaken. A great part of their earnings is taken by the government. As time goes by the crisis approaches, and the end is likely to be the same as in the American revolution. Many men and women try to do too much. They overtax their system as governments overtax their subjects. The result comes breakdown. The stomach, kidneys, liver and nerves are affected. What is required is a medicine like Hostetter's Stomach Bitters to restore the strength, and build up new and healthy tissues. Any drug will supply it, and the sufferer will be astonished after taking it to see how quickly it acts.

REAL ESTATE BARAINS. For sale—Four room cobbler-stone house, with two lots, near Hotel Highland; \$800. This is a bargain. Stone house, with four lots, on south Second street, stables, chicken houses, etc., only \$2,000. Two lots on south 18th street, only \$225. Brick house of three rooms on north Fourth street, only \$1,000. If you wish bargains in houses and lots, call on R. H. DICKINSON, 224 Gold Avenue.

A Clever Trick. It certainly looks like it, but there is really no trick about it. Anybody can try it who has Lame Back and Weak Kidneys, Malaria or nervous troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, acts as a stimulant to Liver and Kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is simply vegetable, a mild laxative, and restores the system to its natural vigor. Try Electric Bitters and be convinced that they are a miracle worker. Every bottle guaranteed. Only 50c. a bottle at J. H. O'Reilly & Co.'s Drug store.

Take Your Choice. Up to date or back numbers? Of course you will wear an up-to-date suit when it costs no more than old style. It fits better, better looking, better finish, etc. For \$17.50, \$15.00, \$12.00 and up to \$40.00. Trousers from \$3.50 up. Fit guaranteed.

The Rev. W. B. Costley, of Stockbridge, Ga., while attending to his pastoral duties at Klenwood, that state, was attacked by cholera morbus. He says: "By chance I happened to get hold of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and I think it was the means of saving my life. It relieved me at once. For sale by all druggists."

Good Business. Although some of our shoes during the sale go at an actual loss, we consider it business to so dispose of them and avoid accumulating old stock. See our windows. Simon Stern, the Railroad Avenue shoemaker.

NEW MEXICO NEWS

LAN CRUCES.

From the Independent Democrat. Henry Bascom arrived here last week from Arizona, to visit his brother, F. H. Bascom, and his sister, Mrs. Carroll.

Hugh Freeman, who has been attending college, has gone to El Paso to spend the remainder of the summer with his parents.

P. H. Curran, Esq., and wife, have returned from their eastern trip. Mr. Curran has been to Washington and other cities in the interest of the Agricultural and Mechanical college.

T. Bennett has started his evening factory, although, as yet, he will not be able to run on full time. He has about 130 acres of tomatoes, and as they are beginning to ripen, he is merely getting in readiness in time for the rush, which will commence in about two weeks if he gets a sufficient supply of water for irrigation.

From Dona Ana County Republican. Jim Leary, of Selden, has purchased the Tugard ranch near Bear canyon, and will move his family and stock to that place in a few days.

Jose Ruiz, of this place, who attended the Indian school at Albuquerque for the past four years, left for Carlisle, Penn., where he will complete his education.

The last two or three issues of the Rio Grande Republican has shown marked improvement, which is explained very simply by Editor Pape's absence.

County Superintendent Gamaliel is in receipt of a letter from the territorial superintendent, Manuel C. de Baca, requesting information regarding government land subject to educational purposes under the recent congressional act appropriating lands to the territorial institutions.

Louis Hostetter and family have returned from Omaha, where Mr. Hostetter was in attendance at the Trans-Mississippi exposition as a commissioner from New Mexico, and Mrs. Hostetter and children were visiting relatives and seeing the great fair. Relative to the exposition and New Mexico exhibit, Mr. Hostetter said: "Our showing is creditable, especially the mineral display, and as soon as the Agricultural college and a number of individuals send collections of grains and fruits, which is contemplated, our exhibit will compare favorably with any from the states. The government has a beautiful and extensive exhibit. Among numerous attractions are a model of all the battleships, that of the Maine being draped in black. The exposition grounds are laid out with a lagoon, after the world's fair plan, with gondolas, etc. Missouri, Kansas and Nebraska made an especially good showing." Mr. Hostetter strongly emphasized the merits of the work Manager Leeson had done, with the means and support given him, and said he was the right man in the right place.

JEMEZ HOT SPRINGS. Special Correspondence. Jemez Hot Springs, Aug. 17.—Latent arrivals at our resort for the past week are as follows:

Mrs. J. D. Sena, Mrs. J. M. Luna, Misses Carmen and Mary Sena, L. R. and Francisco Sena, Jose Ortiz, Dan W. F. Harmon, Frank Hudson, Sam Cartwright, N. Salmon and wife, all from Santa Fe.

Andreas Montoya and Lucario Candelario, from Mitchell.

Henry Goetz, Rev. R. M. Craig and family, from Albuquerque.

A heavy thunder storm raged over the mountains this evening, and the Jemez river went down with an immense body of water, bearing away bridges and carrying large trees in its maddening career.

Rev. Craig held services this evening in the Protestant Mission church, which was crowded to its utmost capacity.

JEMEZ. From the Optic. Work is being pushed on the Normal school building. A large force of plasterers are at work.

Carlos Sanchez, formerly an employee in this office, will be married to Miss Lola Ortiz on the 29th inst.

The work of connecting the insane asylum with the city electric light plant was begun to-day, and in a short time that institution will dispense with the oil lamp.

The county board to-day signified the tax rolls. They also appointed the oldest son of Felix Martinez—Felix, Jr.—as cadet to the New Mexico Military academy, Roswell, Cecil Hays, son of Conductor Richard Hays, being appointed as alternate.

Subscriptions to the amount of \$32 were donated by the good people of Las Vegas and forwarded to-day to El Paso by Rev. J. F. Kellogg to the pastor of the Methodist Episcopal church at that place to assist in making the first payment of \$500 on an indebtedness now due upon the new church and parsonage of that church in that city.
