SYRUP OF FIGS

NEVER IMITATED QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of obtaining the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guarantee of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not grip nor nauseate. In order to get its beneficial effects, please remember the name of the Company—

THE GRAPHOPHONE

The most fascinating invention of the age. Always ready to entertain. It requires no talent, no skill, no effort. It reproduces the music of bands, orchestras, soloists, etc. There is nothing like it for an evening's entertainment at home or in the social gathering. You can sing or talk to it and it will reproduce immediately and as often as desired. Your song or voice. Other recorded talking machines reproduce only records of cast and dried subjects, especially prepared in a laboratory, but the Graphophone is limited to such performances. On the Graphophone you can hear any music, any voice, any sound, any thing you desire. The reproduction is clear and brilliant. Graphophones are sold for \$10 up

Manufactured under the patents of Bell, Tainter, and Woodworth. Not established in the territory of the world for Talking Machines and Gramophones. Write for catalogue.

Health Officer Desmarais has issued an order that no circus or show be allowed to perform in Las Cruces. So small a town in this writing and we stand a fair chance to escape.

Dr. Brown of Rineon, informs us that the last vestige of smallpox in that town has been stamped out and that there is only one family at Loma Parda that has it. He doesn't know the number of cases at Colorado.

Mr. and Mrs. H. L. White and children, and Mrs. White's sister, Mrs. Jas. Manning, all of Roswell, stopped in Las Cruces Friday night en route to La Mesa, to visit Mrs. White's relatives. They came by way of Mesquite and report heavy rains from the Pecos to the Rio Grande. The two ladies are sisters of Lieut. Ballard of Company H, New Mexico volunteer cavalry.

Jack Block, after eighteen years of business in this city, is now a comparative man of leisure. He has his office in the Sixth street store of Manuel Manko, and is simply collecting his assets. His debts were always paid as soon as due.

In the case of Francisco Diaz, who was tried before Judge Wooster on Tuesday, the defendant was placed under \$15,000 bonds to await the action of the grand jury on the charge of assault to kill, and under a bond to keep the peace.

He is at Tampa, Fla., and it will be three months before he can leave the hospital.

Special Correspondence.

Gallup, Aug. 11.—On Sunday last, John Young went down to a pond in the Rio Puerco, with some boys, who call themselves "fishes" or something to that effect, their principal object being deviltry, to blow up a ship which they had made. They launched the boat and John got the range with his cannon, which he had filled with powder and rocks, and set it off with a squib of his own manufacture. The breach of the thing being unexpected save by the wood upon which it was mounted, of course raised upon reaching the resistance offered by the pebbles, projecting the powder into the air, and the boys were scattered.

By Dr. Harper who says he will get around well enough if the powder comes out of his eye, which it has done since he made the remark. Such foolhardy acts in boys who know a great deal better should not go unpunished, and this is not the first offense of this gang, for they have "been there before."

They have been threatened several times by Marshal Fredericks who will take them in hand for a week or two in vacation at his "canyon resort," should they continue.

Samuel Heacock is quite ill with inflammation of the stomach.

Mr. August Bouvier has been quite sick for the past two weeks, but is improving now slowly.

Mr. Shaw has been placed on the Crescent Coal company's town delivery wagon, and the former driver, C. B. Smith, has taken the mine motor, while the driver, James Shurt, has gone to the store. Dick Flehvie, of the store, has taken the place of P. Bulkey, who resigned.

We are glad to see Mrs. Page, who was injured some time ago by an unruly horse, down town again. She will soon be able to discard her crutches.

The superintendent and teachers of the Episcopal Sunday school gave the children a picnic at Box canyon, two miles south of town. The little tots had their lunches provided and had a most enjoyable time.

Murray Johnson, accompanied by his family, arrived last night from San Juan valley. Mr. Johnson intends to open a butcher shop here.

Tim Maloney, E. Hart's book-keeper, is spending a short vacation at the Cienega. Mr. and Mrs. J. J. Keegan and their daughter, Hazel, returned from a visit to Washington, D. C., and to Mr. Keegan's parents at Gordonsville, Va.
