## County Doesn't Have Jail.

But many a man has been elected president of the country is governed in his conduct by the constitution. The constitution says that when a bill shall pass both houses it shall be submitted to the president for his signature. If he approves the same he shall sign it; if he disapproves the same he shall return it to the house whence it originated, with his objections. It only depends, therefore, upon whether he approves the bill what his duty is. <sup>300</sup> Of course you can run away from an issue. If a bill is sent to the president and he does not sign it, then it goes into effect without approval.

## TWO Thousands Now Use This Low-Cost Cough Syrup

A Family Supply for 50c. Saving You \$2—  
The Quickest, Best Thing You Ever  
Used, or Money Refunded.

The prompt and positive results given by this inexpensive cough medicine have caused it to be used in more homes in the U. S. and Canada than any other cough remedy. It gives instant relief and will usually wipe out the most obstinate, deep-seated cough in 24 hours. It quickly succeeds, even in whooping cough and croup.

A 50 cent bottle of Pinex, when mixed with honey, makes a delicious and healthy family supply—of the most pleasant and effective cough remedy that money could buy, at a saving of 8c. Easily prepared in five minutes—full directions in package.

Children take Pinex Cough Syrup willingly, because it tastes good. It stimulates the appetite and is slightly laxative—both excellent features. Splendid for hoarseness, throat tickle, bronchitis, etc., and a prompt, successful remedy for infantile lung trouble.

Pinex is a special and highly concentrated compound of Impure, Acetone, White Pine extract and is rich in quinine and other natural healing elements. Simply mix it with sugar syrup or strained honey, in a pint bottle, and it is ready for use.

Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will gladly get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

## THE CHECK STUB AS EVIDENCE OF PAYMENT

WILL BURSOM URGE LAW  
TO MAKE IT CONCLUSIVE

Pertinent Question Hurlled at  
Gang Candidate By Former  
Governor Hagerman; How  
Marrion Will Care For Funds.

(Special Dispatch to the Morning Journal)  
Tucson, Ariz., Oct. 23.—Will  
Mr. Bursom, if he is elected governor,  
recommends to the legislature the en-  
actment of a law that will make a  
check stub conclusive legal evidence  
of the payment of money due the  
state from individuals, thus placing  
all the people in whatever capacity,  
on the same footing that Mr. Charles  
W. Safford, the referee, placed Mr.  
Hagerman in his alleged vindication of  
Mr. Bursom's financial transactions as  
supervisor of the penitentiary.

With this somewhat caustic query  
former Governor Hagerman con-  
cluded his drastic indictment of the re-  
cord of the candidate of the Las Vegas  
convention for governor, in the pres-  
ence of an audience that packed the  
Atrium theater here tonight.

The question was brought up by  
the reading from Mr. Safford's report to  
Judge Parker of items amounting to  
\$25, which were claimed to have been  
paid by Mr. Bursom for freight.

For these items no evidence of their  
payment was presented save that Mr.  
Safford claimed to have seen the  
stub of checks in Mr. Bursom's  
check book.

The audience tonight contained  
quite a number of progressive republi-  
cans who expressed their determina-  
tion to vote their votes against Mr.  
Bursom and the other men on the Las  
Vegas ticket.

Then V. N. Marrion of Albuquerque  
candidate for state treasurer, on the  
democratic ticket, followed Mr. Hager-  
man and made a brilliant speech, in  
the course of which he strongly  
urged the adoption of the "blue ball"  
amendment to the constitution.

At the conclusion of Mr. Marrion's ad-  
dress a man arose in the audience  
and demanded to know if Mr. Mar-  
rion should be elected state treasurer,  
where he would deposit the state funds.  
Mr. Marrion promptly replied:

"I shall advertise for bids from the  
different banks and the one which  
will give adequate bonds and agree to  
pay the highest rate of interest on  
the state funds will get the state de-  
posits. Every bank in the state will  
have absolutely the same opportunity,  
and all I shall ask will be that the  
funds be thoroughly safeguarded and  
that they receive the highest possible  
rate of interest to the state." The  
gentleman subsided.

The last speaker of the evening  
was Hon. H. H. Hanna who made a  
scathing arraignment of the republi-  
can state ticket and was cheered to the  
echo.

At Santa Fe, Union county, this  
afternoon Governor Hagerman and  
Mr. Hanna were the principal speakers  
in a largely attended meeting of  
citizens.

"I am proud of the men that I have  
put on that ticket. I am proud to have  
found men with a standing as high  
as they who took places on that bench  
and I am willing to abide by the re-  
sult that they have made and that they  
will make."

"I can't much excite about such  
a charge as this as it is, because I  
can't understand that the  
maker of it has pretension enough to  
understand the weight of the charge  
he is making."

"It indicates a view that such con-  
duct is an ordinary political consider-  
ation and is justified by political  
views."

"Therefore, I do not rest in the  
spirit that I ought to, perhaps, for I  
cannot believe that the country at  
large takes it seriously, considering  
the men against whom it is made."

"But now that we have gotten the  
law in shape for real enforcement,  
after twenty years, I hear somebody  
that to enforce it with statutory  
force, I don't want to disturb business  
any more than any other man, but that  
statute was on the statute books when  
I took the oath of office to enforce  
the laws of the land and I am going  
to see to it, so far as I have the power  
as chief executive, that every one  
who comes within that statute feels  
its heavy hand."

The president again expressed the  
hope that business would express itself  
with the statute.

## RELATIVES BLAME TAFT FOR DEATH OF J. R. WALSH

AGED BANKER LIVES ONLY  
9 DAYS AFTER RELEASE

Administration is Bitterly De-  
nounced For Failure to Free  
Aged Man to Whom Imprison-  
ment Meant Certain Death.

(By Morning Journal Special Leased Wire.)  
Chicago, Ill., Oct. 23.—John R.  
Walsh, convict president of the Chicago  
National bank, died at his home  
here today. He lived only nine days  
to enjoy the liberty of his parole  
from the federal penitentiary at Leavenworth, Kansas, gained by the con-  
tinuous efforts of the family and his  
friends since his incarceration of one  
year, eight months and twenty-six  
days. Death was caused by myocar-  
ditis, an inflammation of the muscles  
of the heart.

The former banker was 74 years  
old. Members of his family attrib-  
uted the immediate cause of his death  
to his imprisonment and charged  
President Taft and Attorney General  
Wickersham with responsibility in  
failing to arrange the parole earlier.

"They wanted the last ounce of  
blood," said Orville E. Babcock, son-  
in-law of Mr. Walsh.

"Who do you mean by 'they'?"  
"President Taft and Attorney Gen-  
eral Wickersham," he replied.

"We presented them with state-  
ments by Dr. Frank Billings and Dr.  
Joseph A. Capp, that Mr. Walsh was  
dangerously ill and that further con-  
finement meant his death. They in-  
quired these medical statements and  
his death resulted from the long delay  
in securing his release."

Mr. Walsh entered the Leavenworth  
penitentiary in January, 1910,  
to begin a five-years' sentence. Mem-  
bers of his family felt that this was  
equivalent to a life sentence and at  
once began work for his release. His  
health began to fail and examining  
physicians at the penitentiary said he  
was suffering with hardening of the  
arteries. After his release he was  
probably further weakened by a  
twenty-six mile automobile ride in the  
cold from the prison to Kansas City.

Mr. Walsh was convicted of misap-  
propriation of funds of the bank for  
the use of his other properties, the  
Bedford quarries, the Southern Indus-  
trial railway, the Chicago Chronicle  
and others. All the deposits were  
paid in full.

He is survived by his widow, Mrs.  
Mary L. Walsh, three daughters, Mrs.  
L. Blake Baldwin, Mrs. Orville E.  
Babcock and Miss Mary Walsh, and  
two sons, John W. and Richard W.

Mr. Walsh was born in County  
Cork, Ireland, and came here more  
than sixty years ago. His early strug-  
gle was hard. From a newspaper  
peddler he developed into a large deal-  
er, gradually acquiring funds until he  
gained a place in a bank. Thence  
he fought his way upward. Finally,  
when his health had had Mr. Walsh  
more charged with drawing money  
from his banks for their use. In 1907  
the Chicago National bank, the Equi-  
table Trust company and the Home  
Savings bank, all controlled by Mr.  
Walsh, closed their doors and he was  
indicted.

He was found guilty and on Decem-  
ber 2, 1909, he was placed in custody  
of a United States marshal. He  
remained in Chicago, however, until  
the last legal step to prevent impris-  
onment was taken and he entered the  
penitentiary over a month later.

Some, therefore, are of the opinion  
that he intends to attack promptly.  
He has, however, fewer troops under  
his command than he formerly sup-  
ported. It is not generally believed  
that he has above 15,000 of which  
only two battalions are Manchus. They  
are guarding the railway in the rear.  
Other troops intended for the Han-  
chow campaign have not been sent,  
owing to the fear of their desertion.  
There is also necessity for the strong  
force at Peking. General Yin Tehang  
sent back several military attaches  
who attempted to follow the army al-  
though they all possessed passports  
from the Chinese foreign board. The  
British and American attaches left  
here for Shanghai yesterday intend-  
ing to proceed to Hankow up the  
Yangtze River.

Yuan Shi Kai has refused to leave  
Chang Te in the special car which  
has been sent for him, but there is  
evidence that he has dispatched trust-  
ed adherents for former days as em-  
bassies to the rebel leaders. It is be-  
lieved he is endeavoring to reach a  
compromise between the rebels and  
the throne on the basis of immedi-  
ate constitutional government.

The foreign customs commissioner  
at Chang Te has telegraphed the in-  
spector general of customs here that  
the city has revolted, the officers be-  
ing killed and the treasury having  
fled. The foreign customs men took  
refuge in the river boats. It is offi-  
cially stated that the diplomatic  
body has informed the Chinese gov-  
ernment that it is unable to reply on  
the subject of indemnities which is a  
complicated and important that China  
had better approach the individual  
governments direct.

IGNITION OF CARTRIDGE  
CAUSED LIBERTY DISASTER

Paris, Oct. 23.—The commission ap-  
pointed to inquire into the cause of  
the explosion that wrecked the  
French battleship *Liberte* at Toulon  
on September 25 last, has completed  
its report.

The commission finds that the ex-  
plosion was not the result of the out-  
break of fire but due to the ignition  
of a cannon cartridge, although exactly  
what caused the ignition of has not  
been established.

(By Morning Journal Special Leased Wire.)  
Louisville, Ky., Oct. 23.—After a  
half day of womanly turmoil, in which  
temper and legislative capabilities  
were sorely tried, Dr. Anna Howard  
Shaw, of Moylan, Pa., president since  
1905 of the National Women's Suffrage  
association, was re-elected  
unanimously this afternoon. Second  
honors went to Miss Jane Addams, of  
Hull House, Chicago, who had agreed  
before leaving Louisville to accept the post.

Dr. Shaw's election came after several  
sharp struggles in which the  
eastern division of the suffragists  
clashed with those representing the  
other sections.

Most of these clashes had to do  
with a projected transfer of the na-  
tional headquarters from New York  
to Chicago.

The northeastern division had been  
severely torn between their belief in  
Miss Shaw, who had let it be known  
she would continue as president only  
if New York retained the headquar-  
ters, and their desire for a transfer  
of headquarters. Miss Shaw's re-  
election is believed to have settled, or  
at least delayed any decision on the  
headquarters question for a year at  
least.

Miss Shaw pledged "every power of  
body, mind and heart" to the work,  
asked for suggestions from any suf-  
fragist and suggested feelingly to the  
dormitory started flag passed on to her  
after the death of Susan B. Anthony.

The other officers elected follow:  
Second Vice President—Miss  
Sophronia Breckenridge, Chicago.  
Corresponding Secretary—Mrs.  
Mary Ware Bennett, New York.  
Recording Secretary—Miss Susan  
W. Fitzgerald, Boston.

First Auditor—Miss Belle LaFol-  
lette, Madison, Wis.  
Second Auditor—Mrs. James Lees  
Laidlow, New York.

A section of the revised constitu-  
tion which provided for monthly  
meetings of the official board, com-  
posed of national officers, occasioned  
sharp exchanges. The section ap-  
peared so late to call for meetings of  
the board at least once in every two  
months finally was adopted. Inas-  
much as the question involved the  
proposed headquarters transfer it pro-  
voked heated debate.

Most of the debate followed an an-  
nouncement by Miss M. C. Carey, Thomas  
president of Bryn Mawr college, that  
three women had offered to supply  
expense money to defray traveling ex-  
penses of officers going to the bi-  
monthly board meetings.

Evidently mistaking the point, one  
delegate intimated criticism of the  
administration of what has been  
known as the Susan B. Anthony \$50,000  
fund. Several arose to protest,  
but Miss Shaw recognized no one,  
and ex-cathedra answered the insinua-  
tion of injudicious use of the money  
and with tears in her eyes, explained  
the circumstances in detail.

state board raised the amount to  
\$182,388. The valuation of the Wells

## GLIDER UPSETS WITH ORVILLE WRIGHT

Aviator Has Close Call While  
Experimenting With New  
Fangled Machine; Presence  
of Mind Saved Him.

(By Morning Journal Special Leased Wire.)  
Rittville, Mo., Oct. 23.—Orville  
Wright had a narrow escape to-  
day when his glider turned over in  
the air and dashed to the ground. The  
machine was disabled but can be re-  
paired for flights tomorrow or  
Wednesday. Today's accident was  
the second with which the machine  
has met.

Wright had made one short glide  
and was essaying a second when the  
glider began to turn turtle slowly. The  
aviator scrambled nimbly over the  
machine as it turned and was on top  
of it when it dived to earth bottom  
side up. Wright was slightly shaken.

To make travel in the air as safe  
as on earth is the purpose of the ex-  
periments the Wright brothers are  
conducting. They are working upon  
their new mechanism designed to  
keep an aeroplane on an even keel.  
The Wrights began their work upon  
this problem before 1907. What they  
have accomplished, if anything, both  
Orville and Wilbur are keeping in  
characteristic secrecy. It is expected  
that their newest mechanism will be  
sent here and tried out on the  
glider.

In some respects the Wright con-  
trivance is said to resemble the al-  
lerton device used on the Curtiss plane  
and some of the foreign machines.  
Allerons are small flaps attached to  
the main plane. When a tricky gust  
tilts an aeroplane out of balance the  
alleron flaps downward while another  
flaps upward. That makes a differ-  
ence in the air resistance and helps  
the aeroplane to settle back to a level.

(By Morning Journal Special Leased Wire.)

learned tonight, as a witness in the  
trial of William J. Cummins, the for-

he left the steamer *Celtic* last Friday.  
Mr. Carnegie, aside from knowing  
Mr. Cummins through financial deals  
with him, is the holder of paper put  
up by Mr. Cummins and his friends  
as collateral for a loan of \$2,100,000

will be asked to testify about this

is said to have used the \$140,000 which

Stubborn Colds May Lead  
to Consumption

Did you ever have a cold that would  
not let you cough that persisted,  
prevented sleep, and made waking hours  
unbearable? If so, you are a victim of  
stubborn colds. Stubborn colds are  
properly called in such cases, perhaps  
some slight medicine may be effective  
where it is only a tickling in the throat,  
but when your chest is sore and your  
remedies don't answer, then take E-  
kman's Alternative. Neglect often leads to  
more serious trouble, a case in point is  
shown by the following letter:

"Confession: In July, 1908, I first  
noticed the conditions that showed I had  
consumption. I lost weight rapidly, and  
a hollow cough, perspiration, and very  
severe night sweats. My mother cough-  
ed Ekmann's Alternative. In the fall  
of 1908 I began to take it. At this time  
I am perfectly well and robust. My ap-  
petite is good and my weight has in-  
creased from 110 to 140 pounds. Not a  
trace of my old trouble remains. I will  
gladly express the merits of this medi-  
cine to anyone."

M. L. GERHARDT,  
Ekmann's Alternative is effective in Bron-  
chitis, Asthma, Hay Fever, Throat and  
Lung Troubles, and in upbuilding the  
system. Does not contain poison, opium  
or habit-forming drugs. Ask for booklet  
of cured cases and write to Ekmann  
Laboratory, Philadelphia, Pa., for more ad-  
vice. For sale by all leading druggists.

Stubborn Colds May Lead  
to Consumption

Did you ever have a cold that would  
not let you cough that persisted,  
prevented sleep, and made waking hours  
unbearable? If so, you are a victim of  
stubborn colds. Stubborn colds are  
properly called in such cases, perhaps  
some slight medicine may be effective  
where it is only a tickling in the throat,  
but when your chest is sore and your  
remedies don't answer, then take E-  
kman's Alternative. Neglect often leads to  
more serious trouble, a case in point is  
shown by the following letter:

"Confession: In July, 1908, I first  
noticed the conditions that showed I had  
consumption. I lost weight rapidly, and  
a hollow cough, perspiration, and very  
severe night sweats. My mother cough-  
ed Ekmann's Alternative. In the fall  
of 1908 I began to take it. At this time  
I am perfectly well and robust. My ap-  
petite is good and my weight has in-  
creased from 110 to 140 pounds. Not a  
trace of my old trouble remains. I will  
gladly express the merits of this medi-  
cine to anyone."

M. L. GERHARDT,  
Ekmann's Alternative is effective in Bron-  
chitis, Asthma, Hay Fever, Throat and  
Lung Troubles, and in upbuilding the  
system. Does not contain poison, opium  
or habit-forming drugs. Ask for booklet  
of cured cases and write to Ekmann  
Laboratory, Philadelphia, Pa., for more ad-  
vice. For sale by all leading druggists.

## PHILADELPHIA FANS HOLD OUT HOPE FOR GAME

BRIGHT SUNSHINE  
FOLLOWS DREARY RAIN  
After Being Postponed Five  
Times Clash Between Giants  
and Athletics is Likely to  
Come Off Today.

(By Morning Journal Special Leased Wire.)  
Philadelphia, Pa., Oct. 23.—After it  
had been postponed for the fifth time  
there is every indication that the  
much game of the world's champion-  
ship game, between the New York  
Giants and the Philadelphia Athletics  
will be played tomorrow at Shibe  
park.

The sun shone brightly all day and  
put the playing field in fairly good  
condition. The diamond is in far bet-  
ter shape than the outfield, but a light  
and use of huge sponges by a score of  
men partially cleared the outfield.  
Both teams took advantage of the  
pleasant weather to prepare for what  
is thought will be one of the most bit-  
terly fought games of the series.  
Manager Mack had his men on the  
diamond at Shibe park for fully two  
hours, principally at the bat. With  
Hartnett, Martin and Coombs serving  
up their best, the players took  
their regular turns at batting. Boker,  
the sensation of the two victories,  
scored by the Athletics, was the star  
in today's batting practice.

In five turns at bat he thrice drove  
the ball into the enclosure between the  
temporary wooden fence and the  
right field wall and later sent the  
ball over the right field fence. Bender  
and Plank warmed up with Thomas  
and Lapp on the receiving end. When  
the batting practice had nearly com-  
pleted, Mack sent Coombs in to pitch  
to Lapp.

Manager McGraw had his Giants  
out for a lengthy practice at the Na-  
tional league grounds. He followed  
precisely the same line of playing  
by the Athletics' manager. With  
Ames, Crandall and Miller pitching,  
the New York players got in some  
batting practice.

Mathewson and Marquard warmed  
up with Chief Meyer. Both of the  
National league stars seemed to be in  
splendid shape. Mathewson did not  
attempt to use all his speed, but oc-  
casionally would shoot a fast one  
over.

While neither manager would state  
positively tonight who would be  
pitching for the fourth game it  
is reasonably sure that Bender and  
Mathewson will again occupy the  
mound.

Indications are for a clear, crisp  
day.

## CALLAHAN TO MANAGE CHICAGO SOX NEXT YEAR

Chicago, Ill., Oct. 23.—James J.  
Callahan, who played in left field for  
the Chicago Americans during the

team this year, declined to renew his  
contract. According to statements by  
Duffy's associates, it is probable he  
will manage the Des Moines club of  
the Western league in 1912.

## ROSWELL CADETS IN BIG GAMES IN THE EAST

Military School Graduates On  
Opposing Sides in Army and  
Navy Game On November  
Twenty-Fifth.

(Special Correspondence to Morning Journal.)  
Roswell, N. M., Oct. 22.—Two for-  
mer cadets and graduates of the New  
Mexico Military Institute are now riv-  
als in the great football games of  
the east. Don Hamilton of Roswell,  
son of W. G. Hamilton, is playing left  
end for the eleven of the United  
States naval academy of Annapolis,  
and strangely enough, the man who  
will oppose him directly in the field is  
Charles Rowley, son of J. C. Rowley,  
of Gila Bend, Arizona, who is playing  
right end for West Point Military  
academy. The army and navy teams  
meet Saturday, November 25, on  
Franklin Field, the stadium of the  
University of Pennsylvania, at Phila-  
delphia. Both of these young men  
were graduated from the military in-  
stitute within the past three years.  
Both were high honor graduates, and  
went directly from the institute to  
the two great national schools.

Racing at Jamestown November 2.  
Norfolk, Va., Oct. 22.—The fall  
races of the Jamestown Jockey Club  
will begin here November 2 and con-  
tinue until December 1. The meet-  
ing will bring together some of the  
best horses that have ever been run-  
ning at Pimlico, Laurel and elsewhere  
and the stakes will be competed for  
by lively fields.

When proceedings brought by the  
attorney general of Virginia for revo-  
cation of the club's charter were  
reached in today's call of the docket  
in the circuit court, counsel for the  
state made no appearance. Judge  
McLennan said the case might be  
set later in the term, but the court  
could not proceed without consent of  
both parties. This meant that the  
races will proceed as scheduled.

## RACE RESULTS.

At Laurel.  
Laurel, Md., Oct. 23.—A heavy  
track made picking mighty uncertain  
at Laurel today. Favorites were  
slaughtered without mercy.  
The handicap at a mile went to  
Jacquilinea at 4 to 1 in a rough race.  
The army officers' race went to  
O. K., Lieutenant Rockwell riding a  
most impressive race on the winner.

Results:  
First race, five and one-half fur-  
longs: James Dockery won; Effie-  
lency, second; Nello, third. Time  
1:10 1-5.

won; Horizon, second; Rodkin, third.  
Time 1:17 1-5.  
Sixth race, five and one-half fur-  
longs: Richard Reed won; Mon Ami,  
second; Double Five, third. Time  
1:10 4-5.  
Seventh race, mile and an eighth:  
Dolly Bultman won; Montgomery,  
second; Service, third. Time  
1:56 2-5.

At Latonia.  
Latonia, Ky., Oct. 23.—Prince Gal  
repeated his performance of last Sat-  
urday by winning the feature race  
at Latonia today from a good field of  
24 horses. Catching Love not firing,  
he assumed the lead in the stretch  
and won easily.

First race, five and one-half fur-  
longs: Casey Jones won; Dynamite,  
second; McClintock, third. Time  
1:09 1-5.  
Second race, six furlongs: Joanne  
Geddes won; Dorbie, second; Vlyet,  
third. Time 1:24 1-5.  
Third race, mile: Irish Kid won;  
Hany, second; Exploit, third. Time  
1:41 4-5.  
Fourth race, six furlongs: Prince  
Gal won; Countess, second; Princess  
Calloway, third. Time 1:13 2-5.  
Sixth race, mile and an eighth:  
Stone Street won; Starter, second;  
Queen Marguerite, third. Time 1:54.

At Lake City.  
Spokane, Wash., Oct. 23.—J. E.  
Edwards, Wilfrid and Parlor Boy  
won at Lake City today, moving that  
owner up into fourth place in point  
of winnings. Wilfrid was an ex-  
treme outsider. Results:  
First race, five furlongs, selling:  
Wilfrid won; Evelyn, second; Le-  
high, third. Time 1:02 3-5.  
Second race, five furlongs, selling:  
Roy Elvov won; Native Son, second;  
Rio Pecos, third. Time 1:02 2-5.  
Third race, one and a sixteenth  
miles, selling: Icarion won; Ocean  
Shore, second; Foot Loose, third.  
Time 1:49 4-5.  
Fourth race, mile and a sixteenth,  
selling: Edna Stewart won; Dr.  
White, second; Stoneman, third. Time  
1:49 4-5.  
Fifth race, six furlongs, selling:  
Parlor Boy won; John H. Sheehan,  
second; Roberts, third. Time 1:15.  
Sixth race, seven furlongs: Heretic  
won; Teiste, second; David Warfield,  
third. Time 1:29 1-5.

## OVATION ACCORDED M'DONALD AT WAGON MOUND

Opera House of Prospective  
County Seat Town Crowded  
to Doors to Hear Democratic  
Candidate For Governor.

(Special Correspondence to Morning Journal.)  
Wagon Mound, N. M., Oct. 22.—W.  
C. McDonald, democratic candidate  
for governor of New Mexico, was ac-  
corded a great ovation here tonight.  
A crowd estimated at five hundred  
people, which filled the opera house  
to overflowing, repeatedly cheered the  
speaker as he proceeded with his ad-  
dress. The greeting accorded Mr.  
McDonald and members of his party  
was especially gratifying in view of  
the fact that the republican county  
convention was held in Mora today  
and the democrats are to meet there  
tomorrow to nominate their county  
ticket.

Mr. McDonald, in the course of his  
address, contrasted the three plat-  
forms in the present campaign, the  
democratic platform, the progressive  
republican platform and the standard  
republican platform. He reviewed the  
astonishing growth of the progressive  
movement throughout the country,  
which he said had sprung up as a  
protest against rule by republican  
bosses. He appealed to the voters to  
support the democratic ticket if they  
wanted an honest, economical and  
decent state government in New Mex-  
ico.

When Mr. McDonald entered the  
opera house he was accorded an en-  
thusiastic reception which lasted for  
several minutes. When he finished,  
scores of voters in the audience crowd-  
ed to the stage to shake hands and  
assure him that they would vote for  
him on November 7.

Other speakers at the rally were W.  
G. Haydon and George H. Hunker of  
Las Vegas.

Tonight's meeting exceeded in en-  
thusiasm and attendance the forum  
meeting held here two weeks ago.  
Mr. McDonald and party will be in  
Mora tomorrow, where they will hold  
a meeting at night, following the ad-  
journing of the democratic county  
convention. At this meeting will also  
be H. E. Ferguson and Alvan N.  
White, candidates for congressman  
and superintendent of public instruc-  
tion respectively, on the democratic  
ticket.

## DEFAULT JUDGMENT AGAINST CITY OPPOSED

Attorney H. J. Collins Will Ar-  
gue Motion to Reopen Case of  
Elfigo Baca Involving \$5,000  
Damages.

City Attorney H. J. Collins will  
argue in the district court today the  
motion of the city to reopen the de-  
fault judgment granted Elfigo Baca  
some two weeks ago in his suit for  
damages in the sum of \$5,000, al-  
leged to have been caused by a fire  
wagon colliding with his buggy about  
two years ago. The motion to reopen  
was filed some time since, and yester-  
day Mr. Collins requested permis-  
sion to present the argument today.  
The motion is based upon the assertion  
that the city was not notified that  
a trial of the case would be asked  
and Mr. Collins at the time was  
in Santa Fe attending the democratic  
state convention.

Divorce Decree Granted.  
Thomas Lopez was yesterday grant-  
ed a decree of absolute divorce from  
Gabriel Penda de Lopez, upon the  
grounds of abandonment. The parties  
were married in Albuquerque on  
November 21, 1904, and lived together  
up to within a short time prior to  
the filing of the petition for divorce.  
The defendant was served with the  
summons of the court after the filing  
of the petition by the sheriff of So-  
corro county but failed to appear in  
court in answer thereto. The decree,  
however, was not issued until the evi-  
dence of the plaintiff had been heard  
in open court.

New Trial Is Asked.  
Attorney John Venable yesterday  
argued a motion for a new trial in  
the case of C. P. Crane against Mat-  
thew Howell, in which a verdict up-  
on a suit for breach of contract was  
awarded the plaintiff on October 10,  
in the sum of \$250. Objections to the  
motion were offered by Attorney H.  
J. Collins for Miss Crane. The court  
reserved his ruling upon the motion  
until later.

Judgment Awarded by Default.  
A judgment by default was yester-  
day granted Neil B. Field and Angelo  
Viviani, upon a deed of trust against  
Daniel Morelli and D. K. B. Sellers,  
in the sum of \$4,079.92 and costs, with  
additional attorney's fees of \$402.87.  
The petition in the case which was  
filed in September, asked for the ap-  
pointment of a special master to sell a  
certain piece of property on the cor-  
ner of Washington avenue and Broad-  
way, and in accordance therewith the  
court appointed W. P. Metcalf special  
master.

Don't trifle with a cold is good ad-

## NO ENTHUSIASM IN LINCOLN COUNTY PREPARING FOR NORMAL GAME

Neither Democratic Nor Repub-  
lican Ticket Appears to Make  
Particular Hit With the Coun-  
ty Voters.

(Special Correspondence to Morning Journal.)  
White Oaks, N. M., Oct. 21.—Both  
the republican and democratic met to  
delegate convention at Lincoln this  
week and placed a full ticket in the  
field for this county, so that the is-  
sues are now fairly joined and the  
"washing" has already begun by the  
candidates of both sides. No third  
ticket is yet talked of although a  
good deal of dissatisfaction is expressed,  
especially among republicans  
when they come to figure up probable  
results. Every county in the new  
state has had its gang of official  
pap patriots and that Lincoln county  
has had its share there can be no  
doubt, and that some of them have  
glinted-holed themselves into the tick-  
et of just presented to the reckless vot-  
er is a plainy evident, although it  
seemed to be the generally expressed  
wish that new men should be brought  
to the front and the people started  
out on a new deal. However, this is  
to be a year of surprises, the first of  
which was pulled off at the Las Vegas  
convention but recently, and the  
culmination no doubt will appear on  
the 7th of November, when even the  
amateur pots that these political ring-  
sters have been lighting through this  
campaign will not save them from the  
black reek.

The following is the ticket nomi-  
nated by the republicans of this county  
last Monday:  
Representative, James V. Tully;  
sheriff, Robert Brady; treasurer, T.  
W. Watson; probate clerk, A. H. Har-  
vey; assessor, Henry Conn; commis-  
sioners, Romaldo Duran, Samuel  
Wells, Geo. Coe; probate judge, Dor-  
ate Luvato; school superintendent,  
Mrs. Wallace Gunn; surveyor, Frank  
Theimer.

At least five of these are new men  
and not heretofore known as politi-  
cians whatever their aspirations may  
have been, while the nominee for  
school superintendent is an old teach-  
er, peculiarly qualified for the duties  
of the office, and will add consider-  
able strength to the ticket although  
there is an antiquated prejudice among  
some of the people here against wom-  
en holding office.

The democratic convention dead-  
locked for three days on nomination  
of sheriff and finally selected a  
conference committee of sixteen to se-  
lect the matter. This committee finally  
selected a man outside of the  
six who were seeking that office and  
their report was accepted.

The ticket now stands: For repre-  
sentative, Scipio Salazar; sheriff,  
Porfirio Chavez; treasurer, John M.  
Penfield; probate clerk, Capt. D. W.  
Roberts; assessor, Walt Gilmore;  
commissioners, Manlio Chavez, Wm.  
Ferguson, M. Francis; probate judge,  
A. C. Norton; school superintendent,  
A. C. Norton.

Major Fred Muller, receiver of the  
United States land office at Santa Fe,  
arrived in Albuquerque last night  
from the west. Major Muller has just  
returned from an extended trip over  
the Navajo reservation and the west-  
ern portion of New Mexico during  
which he inspected the Seven Lakes  
oil fields in McKinley county. Asked  
concerning the future of Seven Lakes  
as an oil producer, Major Muller de-  
clared that there is no doubt as to the  
existence of oil in considerable quan-  
tities but he was not prepared to  
say whether or not the field in the  
near future would develop into a com-  
mercial proposition.

The trip of the land office receiver  
was made in the interest of the gov-  
ernment, in order to obtain accurate  
information concerning the district  
for use in the event that contests or  
controversies arise concerning the  
ownership of the numerous claims  
which have been located within the  
past few months. Major Muller was  
accompanied by several representa-  
tives of the general land office at  
Washington. He leaves this morning  
for Santa Fe.

## FRANK BURNS IS WINNER OVER MONTE ATTELL

Jersey City Lightweight Puts It  
All Over Former Champion in  
Ten-Round Bout at New  
Orleans.

(By Morning Journal Special Leased Wire.)  
New Orleans, La., Oct. 23.—Frank  
Burns of Jersey City was awarded a  
clear cut decision over Monte Attell  
of San Francisco in a fast ten-round  
bout here tonight. The sporting writ-  
ers were unanimous in their ballot.

Both entered the ring under 114  
pounds and in the heat of condition.  
Burns proved himself good at fighting  
and in the third and fourth  
rounds had Attell trying to ward off  
lightning like rights and lefts to the  
stomach and face. Attell froshed up  
in the sixth and seventh and even-  
ed matters with stiff short-arm jabs  
to the wind, landing a solar plexus  
that weakened Burns visibly.

In the eighth Burns tried fight-  
ing, bobbing Attell's head backward  
four times in quick succession with  
uppercuts, landing a right and left to  
the jaw as the bell rang.

Attell forced his man about the  
ring, frequently landing stiff jabs to  
the wind and ribs.

Burns had everything his own way,  
standing off and whaling Attell with  
right and left swings at will.

After the fight Burns announced  
that tomorrow he would post a \$500  
forfeit for a return match with  
Johnny Coulton, with a \$10,000 side  
bet for twenty rounds either Thank-  
sgiving day or during Mardi Gras.

This fight will be for the bantam-  
weight championship.

Tommy Dixon challenged the win-  
ner for a twenty-round bout at the  
West Side Athletic club.

Young Saylor of Indianapolis and  
Joe Mandot of this city were intro-  
duced as the principals in a twenty-  
round bout at the West Side club  
next Sunday.

Biliousness is due to a disordered

## COACH HUTCHINSON PUTS BOYS THROUGH FAST PRACTICE WORK; WEAK POINTS IN LINE-UP TO BE STRENGTHENED.

The Varsity football squad was out  
yesterday being put through some fast  
practices by Coach Hutchinson, pre-  
paratory to their game with the Nor-  
mal university eleven of Las Vegas,  
which takes place next Saturday af-  
ternoon at Tracton park.

The practice was mainly to work  
out the stiffness occasioned by the  
game last Saturday with the El Paso  
Military Institute at El Paso, and to  
correct what weaknesses shown by  
the work of the Varsity squad during  
the game.

Considering the fact that but three  
men on the team had played any foot-  
ball to speak of before, the showing  
of the Silver and the Red was most  
satisfactory. With the further prac-  
tice and games of the season, the  
team should show up as good and  
more than likely better than any team  
in this section.

The high school lunch was also out  
yesterday afternoon going through a  
little practice and getting on to a  
number of new plays which the boys  
expect to work in their next game  
with the U. S. Indian school. This  
game will be played next Saturday at  
the Indian school.

## RECEIVER MULLER VISITS SEVEN LAKESFIELD

Land Office Official Sees Pos-  
sibilities in New Oil District  
After Thorough Investigation  
of Country.

Major Fred Muller, receiver of the  
United States land office at Santa Fe,  
arrived in Albuquerque last night  
from the west. Major Muller has just  
returned from an extended trip over  
the Navajo reservation and the west-  
ern portion of New Mexico during  
which he inspected the Seven Lakes  
oil fields in McKinley county. Asked  
concerning the future of Seven Lakes

## HER PREMONITION OF MURDER CAME TRUE

Strange Manuscript Found in  
Effects of Woman Killed By  
Husband, Reveals She Ex-  
pected to Be Slain.

(By Morning Journal Special Leased Wire.)  
Elgin, Ill., Oct. 23.—Describing a  
premonition of her own death, Mrs.  
Oma Elyre, who was shot by her  
husband a week ago when he found  
her in Chicago with Corporal Barlow  
of Fort Sheridan, penned several  
months ago, a remarkably graphic  
story of how she expected to be  
sought out and killed.

The manuscript, found today,  
among her other possessions, gives  
in minute detail a description of Mrs.  
Elyre's meeting with Barlow, an in-  
cident to transpire many weeks after  
the writing. It gives with accuracy  
an account of how she would visit her  
mother's home in Chicago. The ap-  
pearance of her husband, his rage at  
finding her, his accusations and  
threats and finally brandishing a  
revolver, the struggle which followed  
and her own death, as well as the in-  
jury to Barlow, all of which came  
about as true to the details of the  
description as though it were written  
by a witness.

## HINES VEHEMENTLY DENIES HELPING STEPHENSON

Lumberman Whose Name Fig-  
ured in Lorimer's Election  
Declares He Told Him He  
Could Not Be Re-Elected.

(By Morning Journal Special Leased Wire.)  
Milwaukee, Wis., Oct. 23.—Edward  
Hines, the lumberman, vehemently  
denied today before the senatorial in-  
vestigating committee that he had  
anything to do with the election of  
Senator Isaac Stephenson. Mr. Hines'  
denials covered the following:  
"That he went to Washington and  
there told Senator Stephenson that,  
because of charges of corruption, the  
senator could not be re-elected.  
"That to overcome this obstacle he  
entered into an agreement whereby  
he and Stephenson each contributed  
\$25,000, which resulted in an election  
by the Wisconsin legislature on March  
1, 1899, after three democratic as-  
semblymen had absented themselves.  
"That he paid Robert J. Shields  
\$1,500 to help put over the election.  
"Did you ever assist in or receive  
any benefit from the election of  
Senator Stephenson?" Mr. Hines was  
asked by Senator Heston, chairman  
of the committee.

"Never. Nor did I ever make or  
receive any promises in that regard.  
I have known Senator Stephenson for  
twenty years and in that time have  
done eight or ten million dollars worth  
of lumber business with him. But I  
had no dealings whatever in his election.  
I was interested to a small ex-  
tent in his campaign in the primar-  
ies."

The committee endeavored to trace  
the source of the charges implicating  
Hines and Shields. The development  
of this phase of the investigation as  
shown by the record was:  
"John Brady, a Duluth hotel clerk,  
now dead, said he overheard two men  
unknown to him, 'talking about  
Hines' and Shields' work in Stephen-  
son's behalf. Then Brady told Daniel  
Haley, a partner of Wm. H. Cook, a  
Duluth lumberman hostile to Hines,  
with whom he was associated in a  
certain company and Haley told Cook  
and Cook told Lieutenant Governor  
Thomas Morris, and Morris told the  
investigating committee."

Going over the record the commit-  
tee found that Cook denied part of  
what Morris had said and Haley  
varied from what Cook had said and  
as Brady, the hotel clerk, was dead,  
no information could be had as to  
the identity of the two men who were  
responsible for the original report.

Another feature of today's session  
was an admission by Assemblyman  
Joseph A. Domachowski that the  
charge that he was offered a bribe of  
\$1,000 to remain away from the legis-  
lature at the time of Stephenson's  
election, was a joke.

might enter the town in force.  
Two negroes were arrested and taken

## JOHN S. BRYANT, A GRIMES EXPLAINS BRAKEMAN, IS WHY HE DIDN'T INJURED GET PINCHED

While Endeavoring to Board Engine Coast Lines Trainman Stumbles and Foot is Crushed.

While endeavoring to board switch engine No. 2411, in the Albuquerque yards yesterday afternoon, brakeman John S. Bryant, a Coast Lines trainman, stumbled over a switch stand and fell in such a way that his right foot was caught under the wheels of the locomotive, resulting in the crushing of the little toe and the side of the foot. While he may lose the toe, his injury is not serious and will not leave him permanently crippled in the belief of the surgeons at the Coast Lines hospital, where he was removed immediately after the accident.

At the time he was hurt, brakeman Bryant was on his way to the lower yards to go out on his run. He tried to board the engine for a ride down the yards.

## JOSE M. MARTINEZ NOT GUILTY

Youth From San Jose Yesterday Released From Charge of Assault With Deadly Weapon.

The jury in the case of Jose M. Martinez, charged with assault with a deadly weapon upon the person of J. Martinez, Monday after being out two hours yesterday, returned a verdict of not guilty, shortly after five o'clock.

The case took up considerably more time than was expected, as the defense presented exceedingly skillful testimony, and the case which looked very dark for the prosecution from the evidence that was introduced, every one was surprised to find the jury returning a verdict of not guilty.

Immediately after reaching and reporting his verdict the jury was released from further service until after the election, from noon on until election time Judge Abbott will hear only non-jury cases.

Had No Difficulty in Making Arrangements With Toy Marshal, Says Ex-Convict; Accompanied Also By Hart.

Having noticed an item in the Tribune to the effect that Mr. James Grimes, a prominent businessman, was a victim in our late city, and being somewhat interested in the fact that the democratic city marshal, now a "republican" candidate for sheriff, had taken no measures to apprehend the gentleman, a Morning Journal representative succeeded in finding Mr. Grimes, accompanied by Mr. Donald Hart, another successful safe-cracker, in a Central avenue resort, having a quiet game of dice with the toy marshal.

"I'll admit that he is a deputy of Mr. James Romero, sheriff, but see no need of discussing that phase of the subject. Yes, it is true, that Mr. Hart and myself contemplated opening extensive operations here, hearing that your splendidly furnished marshal was to be elected; but since arresting and looking over his prospects we have decided to locate elsewhere. While we are talking, I just want to say one little word for Don Solomon, of Valencia county. You will remember that it was by reason of his wise conservation in the selection of officers that we were able to pull off a rather profitable job at Belen."

"I think that we shall probably return to that county as it is a very attractive field and there is no fall owing to the fact that Valencia county cannot afford such luxuries when there is work waiting to be done by the county funds in an Albuquerque bank."

"Just as a final word I want to compliment you highly on your chief of police, a man of immaculate collar and whose shoes, I am told, are shined every ten minutes during the day. He must be exceedingly useful in heading processions, in decorating street corners and for other ornamental purposes. I congratulate the city and am glad to say that while we shall not care to do much work in the county as long as Mr. Romero continues as sheriff, we intend to visit your attractive little city frequently, as I am told there is no danger especially during fair time, that any citizen's home will be broken into, save between the hours of noon and midnight."

"From here," said Mr. Grimes, "we go to Valencia and Socorro counties for a brief voting trip. We have engagements in some city precincts with Mr. Hunsman and Mr. Lano and we have just spent several hours at the Santa Fe station watching the Pullman cars go by in order to get a satisfactory assortment of names to do the voting in a workmanlike manner. We shall also call on the Honorable W. E. Martin, an old and valued friend and associate, while in that section."

## BIG CROWDS HAD GOOD TIME AT THE CIRCUS

Howe's Great London Shows Gave Two Excellent Performances Here Yesterday; Exhibition Clean.

Though not the biggest circus touring the country, yet one of the best and cleanest shows on the road, Howe's Great London Shows gave two excellent performances yesterday, and many in Albuquerque yesterday, enjoying the large crowds both times.

Anybody could tell yesterday, not three days, for the men with the red balloons were early on the streets and every kid in Albuquerque, being before time for the parade, was the proud possessor of one of the inflated rubber balloons.

The parade was held almost on schedule time, 10 o'clock, and drew throngs of people who lined the sidewalks of the downtown streets which it traversed.

Features of the circus were the Olympic Japanese troupe of jugglers, clever clowns, who had new and clever stunts, Eddie Miller, known as the Spanish clown wonder, whose antics in the trapeze were startling, and the many beautiful horses.

The equipment of the show was in splendid shape, the costumes of the actors and actresses were new and there was an absence of the usual routine of gaudy and cheap hangings on which most of the larger circuses

MADE IN ALL SIZES AND STYLES.

MAJESTIC NEVER-BURN COOKER, STEAMER, CULLENDER AND DRAINER—The Perforated Cooker, shown in center, has small feet which admit water at the bottom. Nothing can burn. Food can be lifted out of soup, stew, chowder, etc., at the same time draining off all the water. The Steamer or Cullender shown on right can be used as an ordinary Cullender. It also fits on top of main vessel, and is used as a steamer.

THE MAJESTIC Extra Heavy Stamped Iron Marbleized Kettle, capable of withstanding heat that boils green.

THE MAJESTIC Marbleized Enamelled Pudding Pan, Made specially for the Majestic Set.

## Set of Ware FREE!

If you call at our store during our Majestic Demonstration Week and allow us to show you the many advantages and superior qualities of the Great and Majestic Range, and will purchase one at the regular price, we will give you Free the beautiful and useful Souvenir Set of Ware illustrated in this advertisement. This ware is made to match the quality of the Majestic Ranges, and we know all ladies will see the beauty and utility of this set, especially the first three pieces, which are entirely new and cannot be had alone by purchase, except at a very high price. The prices of Majestic Ranges are the same, but we give the set FREE with each Majestic Range bought during the demonstration week only.

## Reasons Why You Should Buy the Great Majestic

- 1st--It has the reputation of being the best range money can buy.
  - 2nd--It not only has the reputation but IS the best range made, and we will prove this to you if you will let us.
  - 3rd--It is constructed of malleable iron, material you can't beat, and of Charcoal iron, material that resists rust 300 per cent greater than steel, is riveted together air tight. No heat escapes or cold air enters the range, thus uses very little fuel to do perfect work.
  - 4th--The reservoir alone is worth the price of range over any other reservoir made. It boils 15 gallons of water: is heated like a tea kettle, with pocket against left hand lining, and is movable and sets on a frame, hence cannot wear out. When water gets too hot it can be moved away from fire.
- Majestic Ranges use less fuel; heat more water---and heats it hotter, costs practically nothing for repairs, lasts three times as long, bakes better, easier to keep clean and gives better satisfaction than any other range on the market. If you know positively that the above statements are true, wouldn't you buy a Majestic at once?
- Come in Demonstration Week and We'll Prove It to You.

## BOUND FOR OAKLAND LOSES GRIP AND TICKET

F. L. Ego, Alighting From a Westbound Train to Get Lunch, Stays Too Long and is Left.

F. L. Ego, a traveler from Chicago to Oakland, Cal., missed his train Sunday night and has been stranded in Albuquerque. Arriving in this city on Sunday night on train 7, he alighted from the train to go to a restaurant to obtain a lunch. When he returned to the depot his train had pulled out.

When alighting from the train near he left his grip and all his things on

the track. In his grip was his trunk, portfolio and what other things he had on him.

As soon as he discovered his predicament, he told the station men and a wire was sent to the conductor on No. 7, asking him to look out for the belongings of Mr. Ego. Consequently, however, the conductor answered the wire, stating that no such belongings could be found on the train.

UNIVERSITY ORATORS CONTEST TONIGHT AT ELKS' OPERA HOUSE

The subject of "National Central" will take place in the Elks' opera house tonight at 8:45 o'clock. The contest is to be presided over by Ralph Miller of Temple, Ark., who will introduce each of the three speakers to the audience.

A musical program has been arranged in addition to the speakers, which will be of interest. Miss Pauline Cartwright and Adele Howell will render vocal solos.

The speakers and the subjects of their order of delivery are: W. E. Miller, "The Dawn of Peace," W. E. Miller, "The World's Debt to It."

Don Lindsey and W. E. Cartwright.

The objective standard of Social Control.

By steady work and earnest endeavor the contestants have brought their orations up to the highest standard. The contest is open to the public, and the audience promises to be large enough to make it exceedingly interesting.

The leaders of the orators have not been chosen but promised and able local men will be present and doubtless will be able to serve to the capacity.

## CINCINNATI FIRM'S BID FOR COUNTY BOND ISSUE TABLED

The board of county commissioners in called session yesterday morning at the court house, laid on the table the proposition of Seasongood and Mayer of Cincinnati, to purchase the whole of the 4 1/2 per cent refunding bond issue for the sum of \$78,000. This action was taken owing to the absence of Chairman Alfred Grimes of the board.

Commissioners Policarpo Armijo and M. D. Springer were present at the meeting. Mr. Springer acting as chairman.

C. A. Boettger, who is building a modern residence upon the site of the old Sheridan home, made application to be connected with the county sewer, which was granted.

A number of current bills were presented by Clerk Walker and referred to the committee on the same.

## SANTA FE COUNTY REPUBLICANS NOMINATE

B. F. Pankey, For Senator, Heads Ticket; R. L. Baca and C. C. Catron For State Representatives.

(Special Dispatch to the Morning Journal)  
Santa Fe, N. M., Oct. 23.—The republicans of Santa Fe county held their convention here today and placed in the field for the coming election a complete legislative and county ticket. The convention, which met this morning, did not finish its labors until 8:30 this evening. Jose D. Sena presided over its deliberations as permanent chairman, while Roberts Hinds of Madrid served as secretary. Thomas B. Catron, republican war horse of Santa Fe county, delivered the keynote speech in opening the convention as chairman of the republican county central committee. The following ticket was nominated:

State Senator—B. F. Pankey of Lamy.  
State Representatives—Ramon L. Baca and Charles C. Catron, Santa Fe.  
Sheriff—Charles C. Clifton, Santa Fe.  
Clerk—Marcelino A. Ortiz, Santa Fe.  
Treasurer—Cesar Lopez, Santa Fe.  
School Superintendent—John V. Conway, Santa Fe.  
Assessor—Telefor Rivera, Santa Fe.  
Probate Judge—Canuto Alarid, Santa Fe.  
County Commissioners—George M. Kinsell, Jose Ortiz y Pino and E. J. Jiron.  
Surveyor—Candidate to be supplied by county central committee.

### WE BEG THEIR PARDON.

Conductor E. A. Pinney of the Santa Fe rather indignantly asks us to correct the statement that he expected to be a candidate on the Hubbell ticket. "I don't want anybody to think I have anything to do with that outfit," he said.

The item in this paper referred to should have read "Ed P. Pinney." George Hubbell, Thomas dealer, with some heat, that he was ever a candidate for a place on the Hubbell ticket. Owing to the fact that Mr. Thomas' initials are identical with those of George Henry Thomas it was erroneously reported that George Hubbell Thomas had been defeated for the nomination as county treasurer. George Henry Thomas was the defeated candidate.

### NO CASCARET USER EVER HAS HEADACHE

A 10 Cent Box Will Keep Your Liver, Stomach and Bowels Clean, Pure and Fresh For Months.

Sick headache, biliousness, dizziness, coated tongue, foul taste and bad breath—always trace them to torpid liver, delayed fermenting food in the bowels or sour, gassy stomach. Poisonous matters clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Salts, cathartic pills, oil and purgative waters force a passageway for a day or two—yes—but they don't take the poisons out and have no effect upon the liver or stomach.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the decomposed waste matter and poisons in the intestines and bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means inside cleanliness and a clear head for months. Ask any of the millions of Cascaret users if they ever have headache.

## GERMANS REBEL AT CIRCUS ACTS ADD TWO DOZEN PRIZES INCREASED COST OF LIVING TO SUCCESS OF "POLLY" FOR NEW MEXICO PRODUCTS

Socialists and Radicals Attack Tariffs Affecting Foodstuffs; Demand Free Importation of Meats.

(By Morning Journal Special Leased Wire)  
Berlin, Oct. 23.—In the Reichstag today there was a large attendance of members and secretaries of state in anticipation of the chancellor's reply to questions regarding the greatly increased cost of necessities of life. This subject probably will become an issue in the coming general elections.

After representatives of the Austrian and center parties had opposed many measures except a slight modification in the system of rebates on grain exports and the socialists and radicals had attacked the high tariff system responsible for the situation, Chancellor von Bethmann-Hollweg replied in a speech that frequently caused disorder.

He rejected the idea of any change in the present economic system because of the situation produced by the "triennial drought" and said that only measures to tide over the immediate crisis were necessary. A reduction in duties on foodstuffs would benefit middlemen and not help consumers, he said.

Germany, he said, must look within her borders for a way to lower prices, since Russia and America, the two outside sources of supply were impossible because of the prevalence in those countries respectively of anthrax and Texas fever. Accordingly he appealed to the Agrarians to expand in the matter of cattle raising and expressed the hope that much would come from the ventures of local authorities in selling direct to the consumer.

Three-Ring Aggregation in Actual Operation Spectacular Feature of Attraction at Theater Wednesday Night.

In the company appearing in Frederick Thompson's "Polly of the Circus," with Miss Ida St. Leon in the leading part, which appears at the Elks' theater Wednesday night, are, in addition to a score or more of well-known actors, a number of circus acts which contribute not a little to the success of the play. The big third act sawdust scene represents a three-ring circus in actual operation—one of the most realistic stage pictures ever shown on the stage. One of the many features of "Polly of the Circus" is a trained horse, one of a carload carried by this attraction. The animal is called Bingo and is a thoroughbred. He was brought to this country by Perum and Bailey's circus and afterward sold to the New York Hippodrome when Frederick Thompson was the managing director. During the summer time Bingo is one of the features of this great amusement place, Luna Park, Coney Island, New York City. Miss St. Leon and Bingo are great friends. The little actress says that her horse "can do almost anything but talk."

Patrons of the Elks theater will have the rare opportunity of seeing Bingo and a number of other famous animals. "Polly of the Circus" is one of the most unique plays presented in many years.

## ABANDONMENT OF FRONTIER POSTS DECIDED ON

Secretary of War Stimson and Major General Wood Reach This Conclusion After Trip Through West.

(By Morning Journal Special Leased Wire)  
Washington, Oct. 23.—After a month's tour in the west, Secretary of War Stimson and Major General Wood have returned to Washington. They made a flying trip along the Mexican border, inspecting army posts as far west as Pecos, Arizona.

Secretary Stimson and General Wood said the trip confirmed their belief that sound army policies require the concentration of troops in large posts and the abandonment of the many small western forts.

It was decided that nearly all the troops now in the southwest over and above the normal garrisons of the posts, including the troops ordered there in connection with the formation of the maneuver division, should be removed forthwith. Orders probably will be issued for the return of most of these troops to their posts, though some of the men must go to Hawaii and the isthmus of Panama to form the permanent garrisons there.

New State Carries Off Bulk of Honors For Exhibits at Dry Farm Congress at Colorado Springs.

Prof. J. D. Tinsley, dry farming expert of the Santa Fe railway, returned yesterday from the annual session of the international dry farming congress held at Colorado Springs. On his way home, Prof. Tinsley stopped off at Raton to attend the Northern New Mexico fair. He reported that the exhibits of agricultural products at the Raton fair were excellent and numerous. He saw Aviator Charles F. Walsh make two flights and said the birdman apparently found no difficulty in flying at such an altitude. Mr. Tinsley was enthusiastic about New Mexico exhibits at the dry farming congress, which totaled sixty-two. Many of those included exhibits made at the New Mexico state fair held here two weeks ago. New Mexico products carried off thirteen first prizes, nine second prizes and three third prizes. The San Jon Valley of Quay county had a splendid collective exhibit. The Roy, Mora county, fair association, sent a fine display of products. All the states of the west were represented in the exhibits, one of the best being sent from the farming country around Prescott, Arizona. Prof. Tinsley was surprised to see a display from that section of the southwest.

In attendance at the congress were eight delegates from New Mexico, of which Mr. Tinsley was one. He said that among the several hundred delegates in attendance, ninety per cent showed unusual interest in the New Mexico exhibits and made numerous inquiries about the agricultural possibilities of the new state.

Alberta, Canada, which sent eighty-two delegates, captured the 1912 congress for Lethbridge, Canada. The following were the prizes awarded displays from New Mexico: First Prizes—E. T. Grissom, Clovis, for cotton; Clovis Commercial club, for Hubbard squash; Clovis, for field pea vine; J. M. Watts, Clovis, for pepper (egg plant); J. M. Holland, McIntosh, for milk maize grain; Fred Little, Vaughn, for Jerusalem artichoke; S. W. Hightower, Estancia, two prizes one for hook beet and the other for pumpkin; C. H. Starkey, Bird City, for squash; R. D. Dunlap, Baranca, for broomcorn; J. C. Odell, Enders, for kaffir corn; Charles Oldorf, San Jon, for Spanish peanuts.

Second Prizes—J. W. Logan, Clovis, for German millet; Clovis Commercial club, for sweet potatoes; Mary Burr, Fort Sumner, two prizes one for Mexican beans and the other for black-eyed peas; William Chapman, Fort Sumner, for six stalks of kaffir corn; Luke Springstead, Fort Sumner, for six stalks of milk maize; W. S. Moore, Yero, for watermelon; Warner and Son, Vaughn, for pencil; S. W. Hightower, Estancia, for Mexican bean vine.

Third Prizes—S. W. Hightower, Estancia, for sugar beets; Fred Little, Vaughn, for Mexican beans; C. H. Starkey, Bird City, for watermelon; San Jon Valley, Quay county, won silver cup for best display of forage crops.

### Scalloped Oysters

(Recipe by "Marion Harland")

Crash and roll several handfuls of fresh crackers. Put a layer in the bottom of a buttered pudding dish. Wet this with a mixture of oyster liquor and milk, slightly warmed. Next, have a layer of oysters. Sprinkle with salt and pepper, and lay small bits of butter on them. Then another layer of moistened crumbs, and so on until the dish is full. Let the top layer be of crumbs, thicker than the rest, and heat an egg into the milk you pour over them. Stick bits of Colloids thickly over it, cover the dish, set it in the oven, bake half an hour; if the dish be large, remove the cover, and brown by setting it on the upper grating of oven, or by holding a hot shovel over it.

## SUPERINTENDENT OF MOTIVE POWER BUCK HERE

Santa Fe Official Who Looks After Very Important Department of Big System Confers With His Colleagues.

Traveling in Santa Fe private car No. 18, W. F. Buck, superintendent of motive power of the Santa Fe system, with headquarters in Chicago, arrived in Albuquerque late Sunday night. He spent yesterday here and will be here a greater part of today, leaving this evening for the east.

Superintendent Buck, when seen last evening by a Morning Journal reporter, stated that his trip was of no special significance, but merely one of periodical inspection over the Santa Fe lines. He came here from Texas, where he visited the various division points and conferred with the master mechanics. Accompanying him to Albuquerque was C. F. Duan, master mechanic of the Amarillo division. Upon arrival here, Mr. Buck was met by M. J. Drury, superintendent of motive power of the western grand division with headquarters at La Junta, and W. A. George, master mechanic of the Albuquerque shop.

The arrival yesterday and last night of mechanical officials from division points on the Santa Fe between Topeka and Los Angeles, among whom were Chief Boiler Inspector George Austin of Topeka; L. J. Reiser, George E. Roe and S. D. Cooper, also of Topeka, and J. T. Johnson of Los Angeles, indicated an important conference of mechanical officials here to discuss the mechanical problems of the Santa Fe system. It is said that the meeting is for the purpose of arranging for the handling of the three new transcontinental trains which the Santa Fe is to put on in the near future. The first of these trains will be inaugurated on November 12, when a fast train from San Francisco to St. Louis, operated jointly by the Santa Fe and Frisco systems, will be put on.

Mr. Buck, who is a Canadian by birth, is one of the Santa Fe's best known officials, though he is one of its youngest officials in point of service with the system. It was on January 1, 1904, that he entered the service of the Ripley road as master mechanic of the Arizona division, which position he held until 1909, when he was promoted to mechanical superintendent of the eastern grand division with headquarters at Topeka. Three years ago he was made superintendent of motive power of the entire system with headquarters in Chicago. Since occupying this important position, the motive power department of the Santa Fe has advanced to the highest point of efficiency. Mr. Buck is a man of few words, has a capacity for hard work and is a keen judge of men. He is comparatively young in years, being but 43.

## TAOS WILL HAVE NEW BANK BY JANUARY 1

Stock For New Financial Institution Subscribed; Las Vegas and Albuquerque Men Among the Subscribers.

(Special Correspondence to Morning Journal)  
Taos, N. M., Oct. 23.—The establishment of a new bank in the Taos county seat by January 1, 1912, is an assured fact. The requisite amount of stock has been subscribed and those taking an active part in its organization announce the institution will be ready for business with the opening of the new year. The list of stockholders is as follows:

Charles A. Spiess, Hallet Reynolds, E. D. Reynolds and S. B. Davis, Jr., Las Vegas; A. B. McGaffey, Albuquerque; Ramon Sanchez, Albuquerque; Antonio C. Pacheco, E. P. Martin, A. B. Trujillo, P. W. Drake, Gordon Gaudet, P. M. Dolan, Ben G. Phillips, Richard S. Oakley, J. N. Vigil, J. D. Martinez, Jr., J. H. Sharp, William McClure, B. O. Randall. The bank will be known as the Valley Bank of Taos.

### HYDE'S LAWYERS SCORE AN IMPORTANT VICTORY

Kansas City, Mo., Oct. 23.—Alleging that the defendant called for the second hearing of Dr. B. Clark Hyde, charged with the murder of Colonel Thomas H. Swope, were summoned. The defense attorneys for the defense, at the opening of the second trial today, obtained the dismissal of the entire number.

An order was then issued by Judge Porterfield, who is presiding, that a hundred new names be drawn and the defendant report for examination at Lockport tomorrow afternoon. The defense set in in the motion several reasons for the charge that the names had been called illegally. One of these, which was contained by the court, was that Marshal Maves, who called the names, is prejudiced. This may figure prominently in the case. The defense has been trying for weeks to establish this alleged prejudice.

## DEER PLENTIFUL BUT DIFFICULT TO FIND

Game Warden Thomas P. Gable Says Extreme Dryness Makes It Possible For Animals to Detect Hunters.

(Special Correspondence to Morning Journal)  
Santa Fe, N. M., Oct. 23.—Where are all the deer? is the question sportsmen are asking all over New Mexico. It is also the question that the friends of sportsmen are asking the hunters who return home with no venison.

Discussing the matter this morning Game and Fish Warden Thomas P. Gable who has done so much to stock the game preserves of New Mexico and make them a hunter's paradise. "There can be no doubt that there are many deer in New Mexico. It has been estimated that there is a deer for every man who will hunt for them but it is also certain that the deer left now are extremely shy. This may be due to the dryness which makes it very easy for them to hear the slightest sound. Deer have not only a very fine scent, but also hearing that is acute.

### Mountain Lions Are Busy.

"The mountain lion and the wild cat are preying hard on the deer. At Mogulion some time ago a man was arrested on the charge of killing deer out of season and proved that he found the deer after it had been killed by a mountain lion. The deer are naturally very much afraid of these animals of prey and are constantly on the alert to avoid their form. The action of the lion consists in constant pursuit, trying to get the deer until finally they rest and then are pounced upon. No wonder, then, that the hunter must be a clever man to get sight of the deer before the deer get sight of him or to keep it all close to the feet of the hunter."

Mr. Gable admitted that since the season opened a week ago he has not heard of any venison suppers. It is thought, however, some hunter will make good ere the season is over otherwise the deer will furnish requests for the mountain lion and his aggressive pal, the wild cat.

### More Fish Are Coming.

A government fish car will arrive in Santa Fe tomorrow night, making the third that comes to the territory in the past few days. The car will bring fish which will go to the Chisra spring of the country and as far south as Silver City.

## THEANO CAPTURES AUDIENCE BY HER DANCING

Revives With Infinite Grace and Charm Dances of Ancient Greece; Beautiful of Face and Form.

Thano, beautiful of face and form and reviving with infinite grace the dances of ancient Greece, danced her soul into the hearts of her audience at Elks' theater last night. It was an audience awestruck by the artistic performance but one large in enthusiasm it small in numbers. Of surpassing grace in the youthful dancer with a desperate earnestness in portraying the emotions of life. As an interpretive dancer Thano stands alone. The vividness, the soul and beauty and the poetry of motion are portrayed by this pretty barefoot dancer without a breath of suggestiveness.

Her dance number included "The Sea," a beautiful interpretive dance of the fascination and cruelty of the waves; the "Dorian Eclogue," a flower and fantastic number and "The Rhapsody," which was as gay and light as the sun of day. Another "Fate" was witty and magnificently

presented and "Sadness of the Moon" was wonderful and poignant in its suggestion of silvery moonlight and deep silence. Thano's last number, called "The Dance of Thano," was the most brilliant of the evening's artistic numbers.

Plays of Thano had a treat in the first part of the program when Frank Hendricks, eminent composer and pianist played, interpreting compositions of his own and the music of the famous composers. Mr. Hendricks is a master of the piano, lacking in none of the requisites which go to make the master musician. The keys seemingly respond to thoughts of his mind, feelings of his heart and soul. Mr. Hendricks is really wonderful and his work alone was well worth the price of admission.

As a whole it was a performance of artistic beauty, something to be remembered by all who were fortunate to see Thano and hear Hendricks.

## IMMEDIATE EFFECT OF GREAT KIDNEY REMEDY IS SOON REALIZED

In March, 1905, I was troubled with severe pains in my back and left side, but didn't think it was anything serious until last September. I got so bad that I was obliged to seek medical aid. It seemed as if I was suffering almost a living death, with head aching and burning pains after each meal, and I would have from five to six colic during the night. I had almost given up to die, when I happened to think of trying Dr. Kilmer's Swamp Root. My husband bought me a bottle and I began to improve from the first dose. When I had taken two bottles I was completely cured.

ALBUQUERQUE, NEW MEXICO

JUDGE THEM BY THEIR COUNTRIES.  
The methods and the men now being used in the attempt to deliver the state over to the corrupt bootlickers are strikingly exemplified in the counties of the leading ring bosses.  
In Socorro county, ruled by H. O. Bursum, Mr. Bursum has died up for the election of the decent citizens of New Mexico a ticket at which every sense of patriotism, respect for law and common honesty revolts; headed by a man charged with all manner of crookedness, who added to his list of despicable acts the humiliating outrage of tearing down the American flag, spitting on it and cursing it, and stamping on it in a frenzy of insane rage because Governor Hagerman was investigating the crookedness of another creature of Bursum—now nominated by Mr. Bursum, if you please, for the office of county commissioner of the largest county in New Mexico—after being removed from office for glaring malfeasance as sheriff. The rest of Mr. Bursum's ticket includes a man who has had the office of treasurer—Mr. Bursum's treasurer—for some eighteen years—and no one has gone so far as to hazard an assertion as to where the county funds of Socorro county are "working." This man is nominated by Mr. Bursum because he does not dare to let the accounts of the county treasurer go into new hands. The rest of the ticket contains chronic office holders and official fixtures of H. O. Bursum—and altogether it is the grossest insult by far which Mr. Bursum has yet offered to the people of New Mexico. The insolent boss who has held Socorro county under his thumb, protected defaulters and intimidated voters for many long years—the protector and shield of William E. Martin, employee of the penitentiary and district clerk—the man who tells home-steaders to "get on" as he needs the public domain in his business; the man who openly engineers election frauds in Socorro county, says that the ticket must be elected, there will be trouble if it isn't elected and the republican machine is ready to spend enormous sums of money to see that it is elected.

As a result of long continued rottenness, Bursum now finds himself confronted with a herculean task to carry his own county for himself as governor. One of the worst and most determined revolts against bossism and corruption has developed right in Mr. Bursum's own backyard—and he has to leave the rest of the campaign and devote himself to bulldozing his own sheep, herds into voting for him.

What do we find in Valencia county, the kingdom of Solomon Luna? Neglected mud holes called roads; ramshackle school houses; a court house and jail in such a state of ruin that prisoners have to be taken to Bernalillo county; every official influence, under Mr. Luna's control, devoted to holding back progress and preventing development; a county which, judging by its public improvements, has the appearance of bankruptcy, while vast sums of county money are "working" in an Albuquerque bank!

Valencia county has become nationally notorious for its Alphonse Votting under the direction of Mr. Luna; for the brazenness of its election stealing; for the openness of its intimidation and the voting of its sheep.

As a result we have Valencia county, ruled with a rod by Don Solomon for many long years, awakening to the fact that Don Solomon is not the sum and substance of the government of New Mexico and that if a man has determination enough he can vote as he pleases. The chronic republican "majority" in Valencia county, as in Socorro county, is to be cut and carved and slaughtered; and Don Solomon, like H. O. Bursum, has the fight of his life in his own county.

In Taos county we find the gang leader another corrupt and venal politician and willing tool and henchman of the Bursum gang, tied down to his own county because he dare not get away from any of his voters long enough to let them think; with the particular political bank of that section buried and Malpaisa Martinez, like Bursum and Luna, faced with

the fight of his career to keep the lid on his own county.  
In Bernalillo county, we find Francisco A. Hubbell, long, like Bursum and Luna and Martinez, absolute dictator of elections and of the expenditure of taxes—disgraced, discredited, defeated time and again by overwhelming popular majorities, thrown out of the republican party body, now leading a pitiful band of bootlickers and political henchmen in an assault upon the party and upon the solvency of the county, which under honest administration has just recovered from the disastrous effects of nearly a decade of Hubbellism. Mr. Hubbell's case is different from that of his co-bosses in that he is trying to climb back in and his friends are striving desperately to keep from being thrown out.

The end of the reign of these men has come in New Mexico. Repudiated by the honest men of their own counties, they are battling now with a tide of popular sentiment which is growing into a deluge and which will inevitably sweep them into political oblivion. It is an interesting fact that the first vaunting claims of a majority of 5,000 to 6,000 have been cut down, even by Mr. Luna to 2,000—and one prominent gang politician said the other day—"EVEN BURSUM will get a majority of 1,000." Even Hubsum!

AN UPRIGHT JUDGE.  
To assure the further elimination of the Hubbell political court from the machinery of justice in this judicial district, the selection yesterday by the good government forces of Herbert F. Reynolds, for district judge, is one upon which the people are to be congratulated. Mr. Reynolds is a quiet, unassuming, yet thorough, able lawyer; a young man of clever discernment and absolute integrity; a man whose nomination will win the cordial approval of the district bar, who want a judge with fairness and poise, coupled with knowledge of the law and lack of prejudice. Mr. Reynolds has kept himself free from entangling alliances with corrupt political forces; is in no sense of the word a practical nor professional politician and is a man whom the people can trust. His election over any Hubbell tool that can be adduced is a foregone conclusion; for after their experience with the political court of F. A. Hubbell and his corruption of justice, the citizens will never again risk a man who owes his nomination to the ex-boss.

M. U. Vigil as district attorney is the ideal complement to the upright judge; brilliant, incorruptible, determined, well versed in the law and one of the ablest of the younger attorneys in the state.  
The nomination of J. F. Sulzer of this city, for senator from the Bernalillo-Sandoval-San Juan district is a recognition of his sturdy, uncompromising, and continual fight against bossism and rottenness in this county. Mr. Sulzer was president of the Good Government League in the days when that position was made a thorny one by reason of the oppression and persecution of F. A. Hubbell; and Mr. Sulzer stayed with the movement until F. A. Hubbell was thrown out of power and repudiated by the people. Mr. Sulzer's hard-headed honesty marked his service in the legislature, and he is a man whom the friends of good government may depend upon. The choice of Isaac Barth for the Bernalillo county senator needs no comment; it is the wisest possible and he will be elected in a walk.

That the people's interests will be looked after at the expense of the bosses is assured by the nomination of Sulzer and Barth for the legislature.  
Julius Staab is the candidate for probate judge and a young man whose honesty, industry and ability will assure that the duties of that position are properly discharged. Mr. Staab is an attorney who has made his mark and is clean and reliable.

The foregoing list of candidates is made up of good men and true; men whose character is unassailable, and whose ability is equalled by their honesty, the latter always being the prime requisite for office holding in this state, in view of the lamentable lack of this qualification on the part of the opposition.

A GOVERNMENT OF PUBLICITY  
W. C. McDonald, of Carrizozo, democratic candidate for governor of New Mexico, says:  
"I believe in publicity. I believe that an official is the servant of the people, and that he should take the people into his confidence. If elected governor of New Mexico, I will be governor of the whole people."

This is the difference which will elect W. C. McDonald governor by the largest majority ever polled in New Mexico.  
Instead of being, himself, governed by a rotten clique of bosses, Mr. McDonald pledges himself to execute the laws faithfully for the whole people and to govern the politicians instead of being used as their tool.

What New Mexico surely needs is a governor who will govern the whole people. We have had too much of governors who govern in the interest of H. O. Bursum, Solomon Luna and their ilk.  
What New Mexico needs is a governor who will give publicity to every bit of graft and wrongdoing he uncovers in the state. We have had too many governors who have concealed evil, who have shielded defaulters and ex-convicts and other criminals and who have had to conduct their own operations sub rosa in order to conduct them at all.  
New Mexico's vital need is more

publicity at home as well as abroad. She needs more publicity in the penitentiary of the kind inaugurated by Governor Hagerman; she wants more publicity shed on election methods, on the expenditure of public funds, on the manner of handling the public lands and in every department of the state government.  
W. C. McDonald is the man to give it to us.  
The election of H. O. Bursum means more dark lantern methods in the administration of affairs.  
Can New Mexico afford it?

THE POLITICAL BANK.  
The State Savings Bank of Taos, the official republican political bank of that place, has gone under. The manager of the bank, a republican boss, has been arrested and held under \$5,000 bond.  
He is the man who placed Malpaisa Martinez in nomination for lieutenant governor at Las Vegas.  
The splendid record of prosperity in New Mexico, has been marred by the first bank failure for many years—a bank sacrificed on the altar of political manipulation.  
From the case of the Pittsburg institution which some years ago fell in a smash that scandalized the country and left a wake of suicide, bankruptcy, disgrace and ruined homes, to the case of the small bank in Taos—it is the same old story and a story which has a deadly moral.  
Beware of the Political Bank. The man who makes use of a bank for the advancement of political schemes or the fulfillment of political ambitions is playing with fire.

That is a funny little story they tell about one of the Trib-Cit's "honest merchant" candidates. The tale is that he had an arrangement with a foreman, since discharged in a well known local industrial establishment, whereby the foreman discharged employees and then for a small consideration, the merchant would see that the man got his job back. The foreman and the honest merchant, the story goes, split the profits.

ROSWELL TO TEXAS ROAD FEASIBLE

Highway Over Mescalero Sands Can Be Built Is Verdict of Engineer After Inspection Trip.

(Special Correspondence to Morning Journal)  
Roswell, N. M., Oct. 22.—The visit of State Engineer Charles D. Miller, of Santa Fe, to the Mescalero sands, east of Roswell on the Staked Plains, today gave final proof that the road from Roswell, straight east to Texas can be built. This is the verdict of the engineer, whose sanction is necessary before the Territorial Road Commission will spend there on the \$4,000 appropriated to this cause. Chaves county will spend a like amount on the improvement. J. W. Lewis, a road expert from Carlsbad, will be in charge of the construction, which will be started in a few days.

Surfing returns have been received to compute the work of the Roswell Fruit Growers' association this year. The association is made up of 100 of the fruit growers of this vicinity. There are 25 men outside of the association, several of the largest remaining outside. The association has shipped 400 cars of apples and received \$475,000, of which \$150,000 will be net to growers. Of the total \$625,000 has been paid to pickers and packers, who spent most of it at home. Ten cents per packed bushel and ten per cent on bulk apples is assessed by the association for marketing. The association has been a great success and it is believed the large orchard owners will come in next year. Half of the 400 cars shipped were boxed apples and the other half in bulk.

How Old is Ann?  
We note by the Trib-Cit that its candidate for surveyor occupied that office when "the immensely important survey of the county" was carried out and when "the most important bridge construction ever done in New Mexico" was completed.

The men under whose administration these improvements were consummated are now said by the Trib-Cit to have "mismanaged every department of their work."  
Was the bridge building mismanaged?  
We are told that it was "under the advice" of the Trib-Cit's candidate for surveyor.  
Was the survey mismanaged?  
The Trib-Cit says it was done "under the direction" of its candidate for surveyor.  
Is this another case of eating your own words?

REYES DECIDES TO STAY IN SAN ANTONIO  
San Antonio, Texas, Oct. 23.—General Reyes of Mexico, who has been accused of conspiring against the new government today denied that he will move to New York. He said he has heard that Madero is coming to San Antonio to confer with him but has heard nothing from Madero. A statement was made here today by a friend of Francisco I. Madero that the president elect of Mexico has abandoned his trip to Piedras Negras, because of reports that reached him from San Antonio that his assassination was planned.

JUMPING FROM the makeup of the Hubbell ticket, it will be well worth while for the common gazer to look carefully at his coat bill as well as his water bill.

THAT WHIZZING noise is the merry whir of numberless water meters—for this is the last chance to soak the public—the city tests the meters next month. Then what will become of the Trib-Cit?  
THE SANTA FE New Mexican is very anxious that all possible arrangements be made to get the election returns in promptly, so that no one will be "hot in suspense." If the New Mexican is so apprehensive as this two weeks before election, what will it do on November 7?

"THE REPUBLICANS," says the Santa Fe New Mexican, "must watch sharply to prevent frauds at the November election." This is good advice—in view of that election in Bibo, president of Valencia county when fifty-six votes were cast in alphabetical order as they appeared on the tombstones.

IT IS INTERESTING to observe that the gang press bureau is using all the incentive in the vocabulary to assure us that Mr. Hagerman is a dead one and merits no notice at all in this campaign. The bureau must have already used up a thousand columns of newspaper space to convince the people that Hagerman is a nonentity. Such a humbuggery, isn't it?  
THE REPORT that some one pulled Don Solomon's leg is unfounded.  
HON. STROUP ought to talk to a phonograph and mail the records around.

HON. STROUP has a kick coming. Francisco makes him speak but fails to furnish the audience.  
THE TALE OF THE FATE of the Taos political bank has been read with great care in various portions of our fair city.  
A FROST is predicted in the Gulf States. Hon. Stroup will corroborate our assertion that it has already reached Bernalillo county.  
A NEW CANDIDATE for treasurer in Socorro county might necessitate a visit to that section by the clever Mr. Safford and his whitewash brush.

WOULD THE HONORABLE William E. Martin be satisfied with the clever Mr. Safford as referee?  
POLITICAL BANKING seems to have struck a root in Taos county. It really seems to be dangerous business.  
MR. KASEMAN is lined up with the rest of the coat hangers.

IS MR. POLLOCK contemplating the erection of a steer proof fence around Bernalillo county?  
AT \$5,000 A RUT, how many sloughs could the Honorable Helm O. Bursum build for say \$20,000?  
DOES THE HONORABLE Solomon also expect Bernalillo county to furnish him with a few school houses and roads—while that \$50,000 is "working" in an Albuquerque bank?

M'MILLIN OFF DUTY BUT STILL ON PAY ROLL

Handsomeness Police Chief Defended From Charge of Inconsistency in Running For Sheriff on Hubbell Ticket.

Off duty, but not off the city pay roll, Thomas McMillin, Hubbell candidate for sheriff, was yesterday busily engaged in button-holing the innocent voter and presenting his claims to support for the office to which he aspires.  
Mr. McMillin very frankly admits that he is the best peace officer in New Mexico and points with pride to his long record in charge of the police force in Albuquerque during all of which time there never was an officer who exceeded him in ability, or if there was this officer did not remain long on the job. Time and again men who have had some little experience in police work have managed to secure positions on the Albuquerque force, but they soon resigned or were removed, and the chief points with pride to the fact that he is the only man ever able to make it stick. Time and again he has been attacked by men and investors who thought that the city would best be served by his removal. The grand jury has been appealed to, the city council and the mayor have heard complaints, but the chief, regardless of the political complexion of the city administration, has always come out smiling and victorious. It has long been the chief's proud boast that no city administration can change more quickly than he. In running for sheriff, however, he is essaying a more daring experiment, the result of which will be to watch out with interest, not to say amusement. There are those who hold that the chief is inconsistent in that, while holding office under the democratic city administration, he is at the same time a candidate for sheriff on a republican ticket. This, however, is a rank injustice to the handsome chief. He is merely a candidate for office on the Hubbell ticket, which knows no party. It is pointed out that the sole aim and object of the Hubbell movement in this county is to secure control of county affairs, and that the men on the ticket are, not selected with any view to their party alignment, but merely for what the boss considers their fitness to serve his purposes. For this reason, it is argued, that the chief, if perchance he should be defeated in the race for sheriff, can polish up his buttons, don his blue coat, and resume his duties as head of the municipal police for another decade.

JIM LYNCH SPENDS NIGHT IN CITY PRISON

James C. Lynch, condemned to death on the gallows for the murder of City Marshal Roy Woolfer of Roswell, was in Albuquerque last night, spending the night in the city jail. Lynch, who was recently sentenced to death by Judge C. J. Roberts of Carlsbad, is en route to the penitentiary at Santa Fe, where he was ordered for safekeeping, pending the outcome of an appeal to the supreme court which was granted his attorneys immediately following the death sentence.  
The prisoner was in charge of E. C. Stewart of Eddy county. The sheriff is accompanied by Deputy J. T. Cooper, S. H. Akin and B. N. Vest.  
Besides Lynch the officers brought with them H. D. Simmons, sentenced to from one to five years in the penitentiary on the charge of altering a check; Will Crockett, sentenced to six months to three years on the charge of burglary; J. Gibson, a 17-year-old boy, sentenced to four years in the reform school at Springer, and Clyde Hedges, 16 years old, sentenced to four years in the same institution. The two boys were found guilty of larceny.  
The officers leave this morning with their prisoners for Santa Fe and Springer.

The dead and the miners who were removed from the mine by rescuers, three of whom were overcome by gas. They were resuscitated at a hospital.  
The explosion occurred as the shifts were changing and but sixteen men were in the north entry, where the explosion occurred. Three hundred and sixty had reported for work but all had not gone into the workings.  
At the local offices of the owners of the mine, a Chicago corporation, it was stated that it was not definitely known what caused the explosion, but that it was possible the insulation on an electric cable had become loosened and that the exposed wire touched some spilled powder.

A REAL BLIZZARD AT TUCUMCARI

(Special Correspondence to Morning Journal)  
Tucumcari, N. M., Oct. 21.—The first snow of the season fell here Friday night it amounting to almost a blizzard, between two and three inches falling in a space of an hour. Much damage was done the young shade trees which line the streets. Railway traffic was little delayed although the county roads are almost impassable. The snow was preceded by a drizzling rain which fell during the afternoon.  
The new power winders and a power stricker have been added to the equipment of the Progressive Brown Works of this city, the capacity being greatly increased thereby. E. H. Fulwood, who has charge of the factory, is considering the addition of other machines and a possible extension of the main building of the plant. Since the establishment of the firm in Tucumcari, the business of the company has grown to the point of frequent carload shipments, the Black Island railway and El Paso having largely patronized the concern, on account of the cheap price at which brooms can be manufactured at this point. It is said that the supply of broom corn is short for this time of year on account of the firms from the east buying up much of the available crop. Sufficient is left, however, to supply the demands of the plant until next year.

The steel for the water tower and tank which will be erected by the municipal water company, has arrived and work will begin within another week, it is believed. Much of the steel water mains has also reached

FORTUNE FOUND IN OLD TRUNK

Mexican Government Bonds Worth Eight Hundred Thousand Dollars Discovered By Widow of Frisco Pioneer.  
(By Morning Journal Special Leased Wire.)  
San Francisco, Oct. 23.—A petition filed in the federal probate department of the supreme court here today for the opening of the estate of Charles J. Janson discloses that a collection of old papers, which had been at the bottom of an old trunk for thirty-two years constituted a fortune of approximately \$800,000.  
The papers consist of Mexican government bonds and securities and a local examination, made preliminary to the filing of the petition, is said to have established the fact that they constituted valid claims against the Mexican government for their full value with interest.  
Janson died in San Francisco February 1, 1879. His widow, Mrs. Therese Louise E. Janson, the present petitioner, believed the papers worthless and the trunk was unopened for years, being used as a receptacle for family belongings. Mrs. Janson in conversation with a friend recently mentioned the papers and the friend asked to see them, and after an examination expressed the opinion that they were valuable.  
Janson was in the service of the Mexican government forty-five years ago. The first of the bonds was executed in his favor in 1862. During the next seven years large blocks of bonds were given to him, some of which were war issues.

Chicago, Oct. 23.—Jervis O. New-  
ton, chief clerk of the State Bank of  
Chicago, today before the committee  
of United States senators investigating  
the Lorimer case, revealed a new  
phase of former State Senator Holst-  
law's connection with alleged corrup-  
tion in the Illinois legislature.Newton disclosed that \$700 in cash  
was deposited in the State Bank of  
Chicago to the credit of Holstlaw's  
luka bank on August 28, 1909, which  
was the date on which State Senator  
John Broderick had arranged to meet  
Holstlaw in Chicago, following a meet-  
ing between the two on June 16.Counsel for the committee last week  
unexpectedly produced a letter from  
Broderick to Holstlaw, dated August  
28, 1909, in which the Chicago senator  
sent for the luka man. The production  
of this letter and the testimony re-  
garding the \$700 deposit were advanc-  
ed in an effort to show that Holstlaw  
in addition to the alleged bribe of \$12-  
500 to vote for Lorimer, received part

RICHESON**Newton Druggist Testifies Cler-  
gyman Asked For Poison  
"Which Would Kill Puppies  
Without Also Killing Dog."[By Morning Journal Special Leased Wire.]  
Boston, Oct. 23.—A startling bit of  
evidence which has been in the hands  
of the police for several days, but  
which they have carefully guarded,  
leaked out tonight and promises to  
cast additional interest on the case  
of Rev. Clarence V. T. Richeson, the  
Baptist minister, charged with the  
murder of Avis Linnell, his cast-off  
sweetheart.When the police gave out the  
statement of William H. Hahn, the  
Newton druggist, where the Cam-  
bridge pastor is alleged to have  
bought cyanide of potassium, the  
drug that caused the death of the Lin-  
nell girl, they said that the pastor  
had asked Hahn for a poison which  
"would kill a dog at his home, which  
which was about to give birth to pup-  
pies."Tonight it is stated on authority  
that Druggist Hahn added another  
sentence to the conversation he  
claims to have had with Richeson,  
that the minister also said:  
"I want a poison which will kill  
the puppies without killing the dog."Druggist Hahn declared, it is  
claimed, that he stated that he knew  
of no drug that would do this.The police attach considerable sig-  
nificance to this version of the con-  
versation. While the state was col-  
lecting its evidence, the late Rev.  
Richeson late today faced two lead-  
ing members of his church and de-  
clared:  
"I am innocent and will prove it  
when the time comes."All that money and the legal pro-  
fession can provide to aid Richeson  
will be forthcoming. In addition to  
the statement of Richeson's fiancée,  
that the minister would have the best  
counsel money could secure, further  
assistance has been promised from  
his own family. Assurance of support  
came today from Dr. W. A. Richeson,  
of Amherst, Va., a wealthy uncle who
