RAILROAD ACCIDENT IN KENTUCKY.

Guantanamo Bay, Aug. 9, via Del Rio, Aug. 10.—The St. Paul has arrived from Porto Rico and proceeds to Santiago to embark troops. The St. Louis sailed for Santiago this morning. Both the St. Paul and the St. Louis will embark the troops outside the harbor entrance, being too large to enter the harbor proper.

Capt. Clarke, formerly of the battleship Oregon, is going north on the St. Paul, owing to ill health.

Capt. Barker, formerly of the Newark, commands the Oregon, and Capt. Goodrich, formerly of the St. Louis, commands the Newark.

The Newark, Detroit, Swansea and Scorpion accompany the Resolute to the Isle of Pines.

A speedy conclusion of peace negotiations one way or the other is earnestly hoped for throughout the fleet, as the infection and suspense are trying, though the health and discipline of the naval forces are good. There are only 170 men on the sick list out of 5,900 men in the ships of this harbor and none of the cases are serious.

Chief Engineer McConnell, fleet engineer, of the flagship New York, goes north on sick leave. He has been suffering from rheumatism almost since the war began, but stuck to his duty. Doctors now positively order him home. The splendid work of the New York's engines, not a single break-down being recorded, is greatly due to Chief Engineer McConnell.

MOB IN ARKANSAS.

Four Negroes Charged With Murder Are
Hanged in Missouri County.

St. Louis, Aug. 10.—A special to the Post-Dispatch from Grays, Ark., says: At midnight last night a mob of 300 citizens visited the Monroe county jail at Clarendon and took therefrom four colored prisoners, charged with the murder of John T. Orr, and lynched them. The mob was a most orderly one. They marched to the jail and demanded the keys of Deputy Sheriff Frank Milwee. He at first refused, but seeing their earnestness turned over the keys. A committee brought out the prisoners, and they were taken to the old mill near the river, a few hundred yards from the jail and strung up, and this placard was attached to the bodies: "This is the penalty for murder and rape."

The four hanged were Will Sanders, the one who fired the shot that killed Orr; Bill Weaver, mother of Sanders and a cook in the Orr household; Dennis Reed, a "hoodoo doctor and conjurer," who tried to poison Orr with boiled snake heads, and Mance Castle, who volunteered to do the job, and transferred it to Sanders. Mrs. Rachel Morris, accused of being accessory before the fact, and Susie Jacobs, a negro woman, accessory after the fact, have skipped out.

John T. Orr, the victim, was a prominent business man not known to have an enemy. He carried a life insurance of \$5,000. Mrs. Orr, who hired the negroes to kill him, took poison yesterday afternoon in the jail and is dying. She had a four-year-old daughter. Orr was married to the woman in 1890, while she was attending school in Kansas. Her name was Mable Inez Barker, and her father lives in Wagon, Wis.

TERRITORIAL EXPANSION.

Congressman Bland Opposes Annexation
of Porto Rico and Cuba.

Springfield, Mo., Aug. 10.—It became evident early to day that Congressman Bland and followers had broken away from Gov. Stone on the question of territorial expansion and had declared against such policy.

Before the state convention met the delegates from the Eighth (Bland's) congressional district adopted resolutions favoring the Bland foreign policy. Congressman Bland, when introduced as temporary chairman, was received with applause. Bland went at once to the Chicago platform, recalling the financial panic.

"This domestic issue," he said, "must remain paramount until settled right."

"If I could express my personal opinion in a platform I would declare against the annexation of Cuba, Porto Rico or the Philippine islands, and that when we shall have wrested these islands from the Spanish government they should be allowed to govern themselves."

RAILROAD ACCIDENT.

Several Persons Injured by a Landslide on
a Kentucky Railroad.

Middleboro, Ky., Aug. 10.—While the north bound train was coming from Norton, Va., it struck a landslide near Pennington Gap and three coaches rolled

down an embankment sixty feet. About twenty passengers were aboard, all of whom were injured. Supt. J. W. Logsdon of the Cumberland Valley division of the Louisville & Nashville railroad, had a rib broken and otherwise badly bruised. Chas. P. Perin, manager of the Watts steel and iron syndicate, and W. W. Tinsley, of Knox county, and Little son were badly bruised. Tinsley's wounds may prove fatal.

Military Camps.

Washington, Aug. 10.—The war department has under consideration the establishment of army camps at Lexington, Ky., Knoxville, Tenn., and Tryon, N.C.

The Cerro Gordo Claim.

Colon, Colombia, Aug. 10.—It is learned from a reliable source that the Italian ultimatum demanding the payment of the Cerro Gordo claim expires on August 15. Anxiety as to the ultimate action of the new vice president, Senator Marroquin, and cabinet, inaugurated Sunday, is daily increasing. It is reported that the Italian warship Carlo Alberto is at Curacao.

Refused to Run.

Lincoln, Neb., Aug. 10.—Today a telegram from Assistant Secretary of War Meikelfohn, positively forbidding the use of his name for the governorship, left the field to Judges Hayward and Baker, with the first named far in the lead. The republican state central committee has agreed to present W. C. Conklin, of Blair, for temporary chairman.

Senator Thurston was made permanent chairman of the convention. His appearance was the signal for applause, which became tumultuous as he referred to the war and the administration of President McKinley.

Nominations for governor brought out the names of Judge M. L. Hayward, of Otoe county, and Judge H. S. Baker, of Douglas county. Judge Hayward was nominated on the first ballot.

More Troops for Manila.

Washington, Aug. 10.—The war department received a dispatch from San Francisco saying that 2,000 troops started today for Manila. There are about 5,000 soldiers now at San Francisco who will be sent as soon as the transports can be obtained.

Injured by a Street Car.

Canton, Ohio, Aug. 10.—Joseph Saxton, uncle of the wife of President McKinley, was struck by a street car and seriously injured. He is well advanced in years and suffered from defective hearing. The injuries are not necessarily fatal.

Troops for Porto Rico.

New York, Aug. 10.—The transport Chester, with the first regiment of volunteer engineers, numbering about 1,200, sailed today for Porto Rico.

Sergeant George W. Armitage, of Troop F, Roosevelt's "Rough Riders," who is here on a thirty days' furlough, will leave for Santa Fe to-morrow night, where he will visit relatives and friends for a few days, after which he will return to this city.

Sergeant Armitage is truly glad that he is an American soldier, but he states that he has a hard job since his return shaking hands with friends and reiterating his war experiences in front of Santiago de Cuba.

Carl K. Ackerman, a young newspaper man from Atlanta, Ga., where he formerly held a position on the Journal, is in the city and is registered at the Grand Central. He comes for the purpose of completing a series of stories for a northern publication, and incidentally becoming New Mexico through the newspaper which he represents. His wife is at present stopping in Beming.

Capt. I. H. Horner did not get away for the east last night. He will surely leave this evening, and for the next three months his address will be Columbus, Ohio. On route to the Buckeye state he will stop over a few days at Kansas City.

W. F. C. Gibson, wife and child left this morning for Alamo Gordo. Mr. Gibson, who was for years an engineer on the Santa Fe Pacific, now has charge of engine No. 1 on the El Paso & North-eastern railroad.

Hon. Sol. Luna, who is prominently mentioned in connection with the republican nomination for delegate to congress, is in the city, returning last night from his sheep ranch in the Magdalena mountains.

Judge N. C. Collier returned from Silver City last night, where he had gone to attend the funeral of Judge Gideon P. Banta, which occurred Monday afternoon under the auspices of the order of the Elks.

The Albuquerque-Bland Telegraph and Telephone company has filed articles of incorporation with Wm. T. Powers, B. Brooks, J. J. Dieck and A. L. Conrad as incorporators.

Cirano Salazar is in Bernalillo on a visit to friends. He is connected with the Spanish weekly paper, La Bandera Americana, of this city.

Half a dozen commercial tourists were interviewing our merchants yesterday, and they report having dotted down big orders for goods.

Judge C. W. Potter, a Denver insurance agent and adjuster, is here again mingling with local agents.

Sanitary Policeman Rossi was around today with his chain gang, flushing the sewers.

COREA ADOPTS GOLD STANDARD.

New York, Aug. 10.—The World's advice from Manila of August 4th, referring to the arrival of the third expedition from San Francisco says: Never did expedition encounter more danger or endure more perils on a voyage. Six men and one officer died and fifty more were taken sick. Typhoid and meningitis played havoc on the transports. Two dromedars went insane and leaped overboard, but a fire on board one of the ships was the worst peril of all. The transports and their convoy, the monitor Monterey, were three days out from Hawaii, when fire was detected on board the Morgan City. At midnight when all the troops were asleep, Capt. Dillon assembled the crew and told them the news. Every man was pledged to secrecy. Silently the men began to battle with flames in the hold. Night and day the heroic crew fought but the bunkers were still burning when the Morgan City arrived here. Then for the first time the troops learned of their danger. The flames were extinguished after the ship had been in port a few hours.

THE MARSHAL MADE THEM PAY.

Soiled Doves, Sailing Under Decent Colors in the Tails.

Rebecca Smith and Lucile Rowe are the names of a pair of fallen angels from Denver, who have been spending their time in the city since July 27, and have attracted considerable attention by their somewhat striking appearance.

One of them is dressed in the dowdy attire of a "weeping widow," still mourning the loss of her beloved departed, while the other is more cheerful in her dress.

The widow is tall and slender, and has a graceful figure. Her companion is more stately, but is nevertheless the possessor of a striking form.

Marshal McMillin yesterday secured positive evidence showing that this lovely couple, especially the "beautiful widow," were in competition with the local demimonde without paying any dues into the city treasury. He called upon them at their room in the hotel last evening and notified them of the regulations of this city with regard to people of their kind, and that it would be in order for them to pay in their dues.

The "ladies," especially the "fair widow" in her dowdy attire, were greatly shocked at the revelations of the marshal, but when they were told that they would be given an opportunity to make an explanation before Justice Crawford this morning if they did not comply, they promised to pay "manana," as the Spanish would say. It was cash on the spot or go to jail with Marshal McMillin, however, so they finally concluded to pay \$5 apiece and continue "to do business" at some other room or suite of rooms for half a month, while the closest calculation their time runs out to night.

Later information, however, is to the effect that these two lovely cracker-jacks, who thrived immensely in Santa Fe a few months ago, will walk up to the captain's office and pay the extra \$5 a piece to continue business for the other half of the month.

Of course, Rebecca Smith and Lucile Rowe are not the names these Denver "ladies" registered under at the hotels, but as the widow expressed herself, in order to prevent a scandal, fictitious names were given to the marshal.

DEATH OF J. R. MYERS.

The Aged Father of Chas. F. Myers Dead at
St. Louis.

Last Wednesday evening, in response to a telegram announcing the dangerous illness of his aged father, Chas. F. Myers, of the firm of E. J. Post & Co., left for St. Louis, arriving there Friday night.

Yesterday the firm here received a telegram from Mr. Myers giving the sad intelligence of the death of his father. His funeral took place in St. Louis to-day.

The deceased was 57 years of age, and was a retired merchant of St. Louis, where he was prominently and popularly known among a large circle of relatives and friends.

Out of respect to the memory of the deceased, the store of E. J. Post & Co. is closed to-day.

After a short visit of three days with his family, Charles F. Jones returned to Bland last night. He is one of "The Lobby" firm of Anderson & Jones at Bland.

Further details state that there were eighteen persons on the river steamer Jessie of the Columbian Exploration company which foundered in the Kuskowin river, Alaska, during a severe storm July 28. It was thought that all were lost. News of the disaster was brought to the headquarters of the Alaska Commercial company by Indians.

INSURGENTS BOMBARD.

Aguinaldo Takes a Hand in the Game at
Manila.

Manila, Aug. 3, via Hong Kong, Aug. 9.—Sunday night there was heavy bombardment by the insurgents. Many shots entered the town. Several reached the citadel itself and it is reported that some ladies were killed. One shot caused 20 casualties at Luneta battery, another exploded at Malate barracks, killing five. The troops turned out just in time to save Malate fort and magazine. The insurgents showered large and small shots with such precision that the garrison believed the whole American army and fleet were concentrating their fire. Many Spaniards had previously resolved to cease fighting the moment the Americans began, but the insurgents have subsided and the forts have been reinforced from the barracks. There has been little fighting in other directions. The total Spanish losses are probably 100, but many houses have been seriously damaged.

On Sunday 1,500 houses at London were burned, and the flames, driven by a strong gale, threatened the whole of Manila, but they were finally extinguished, mainly through the efforts of a fire brigade organized by British merchants at Manila.

MADE REAR ADMIRALS.

Washington, Aug. 10.—The president has determined to recommend to congress

that Acting Rear Admiral Sampson be advanced eight numbers, and Commodore Schley six numbers. This will result in making each a rear admiral, but with Schley ranking immediately below Sampson. Capt. Clarke of the Oregon will be recommended for an advance of six numbers in the captain's grade. Lieutenant Commander Wainwright will go up eight numbers. Other promotions throughout the fleet will be recommended.

ANOTHER ARMY CAMP IN KENTUCKY.

Washington, Aug. 10.—It is believed that Spain will concede from certain conditions it has made, and that agreement will be made on the basis of the terms of peace.

The French ambassador, accompanied by Secretary Thebaud, arrived at the state department about 11 o'clock, and after a conference of fifteen minutes with Secretary Day, the latter drove to the White House to confer with the president, and Cameron remained awaiting Day's return.

An agreement has been reached on a protocol embodying the terms of peace between Spain and the United States.

PEACE PROTOCOL.

Washington, Aug. 10.—Secretary Day, at 1 o'clock to day made the following statement to the Associated Press:

"We have agreed upon a protocol embodying proposed terms for the negotiation of a treaty of peace, including the evacuation of Cuba and Porto Rico, and it is expected that the protocol will be executed."

It can be stated that the terms are precisely those laid down by the president in his original note about a week ago. It is believed that nothing but a few formalities remain to be disposed of to secure signature to the protocol.

The formal signatures to the protocol will not be affixed to-day.

AMERICANS DISGUSTED.

Conduct of Aguinaldo Loses Him the
Friendship of the American Army.

Cavite, Manila, Aug. 3, via Hong Kong, Aug. 10.—Americans are disgusted with the conduct of Aguinaldo, the insurgent leader, whose power is weakening owing to the unobtainability of his promises. Two insurgent steamers are in Manila bay provisioning in order to insure Aguinaldo's escape if necessary.

The American field hospital worked splendidly under a galling fire at the battle of Malate, and the remarkable courage and steadiness of all ranks of the regulars and volunteers caused Gen. Greene to officially thank the troops. The Spaniards used Mauser and Remington rifles with brass-cased bullets.

New Army Camp.

Washington, Aug. 10.—The war department has decided to establish an army camp in the blue grass region of Kentucky. It is probable that the troops at Chickamauga will be marched to the new camp, the exact location of which cannot now be stated.

Two Boys Killed.

The 10-year-old son of a man named Chavez was killed by falling into a well in the northeastern part of the city last Sunday. He was leaning over the well and fell in and when taken out a little later he was dead.

The 12-year-old son of Griego, who lives in the same neighborhood, was killed the same day by being kicked by a broncho horse with which he was playing.

IMPROVEMENTS AT THE SHOPS.
The Santa Fe Pacific Making Extensive Additions to Its Works.

INTERVIEW WITH G. W. SMITH.

Any person who does not feel optimistic over the future of Albuquerque, or who is not convinced that a period of business revival has already set in, will do well to pay a visit to the Santa Fe Pacific railroad shops and witness the amount of work being done, the improvements being made and the new machinery that is being and has already been put in during the past few months at that great center of activity.

In an interview with G. W. Smith, the efficient superintendent of machinery, a number of facts, past, present and prospective, which cannot fail to be of vital interest to every resident of Albuquerque.

A \$10,000 store house is to be erected immediately. It is to be built of stone and will be of the latest and most improved design. The plans have already been submitted, and as soon as they are accepted the work on the building will be commenced.

The contract has been let for a stationary boiler and compound duplex air compressor. This machine cost about \$7,000 and is now on the way here from the factory.

A new building is to be erected at once for fitting up car wheels and all this work will be taken out of the machine shops, thus making room for other machines.

A new fire proof pattern warehouse will be built for the storing of patterns. A two story building to be used for fire department headquarters will be put up in the very near future. The lower floor will be used for storing the hose cart, hook and ladder, fire buckets, etc. The latest improved fire alarm and signals will also be put in. The second floor will be fitted up as a sleeping apartment and six men will sleep there and be always on duty. They will work in the shops during the day and sleep in the fire hall at night.

The material is already on hand for a 35-foot addition to the boiler shop, to be used for cleaning and welding pipes, building stacks, ash pans and other sheet iron work.

A new Corliss stationary engine is now being put up at the car shops, and three new machines are being put in in the wood working department.

The track department has received orders to put in a narrow gauge track for handling and distributing material through the repair tracks.

The company has about completed a pneumatic motor to be attached to the transfer table to propel the table back and forth in handling engines, cars, etc.

There have been built three 172 horse power return the stationary boilers for these shops, and two are being built of the same pattern for the shops at San Bernardino, Cal.

There have been recently received from eastern manufacturers the following new machines, which are now in operation: One large drill press, one 36-inch planer, one lathe for turning brass work, one turret lathe, one tool grinder, which is intended to do all the grinding of tools for the entire shops, and two 16-inch engine lathes.

There is at present ordered the following new machinery, considerable of which is now on the way here: One 72-inch upright boring machine for boring and turning driving wheel tires, one 60x90-inch planer, costing \$6,000 and large enough for doing and planing all the work on the engine cylinders, which has heretofore been done in Topeka; one 6-inch spindle nut tapping machine, one double spindle stay bolt thread-cutting machine, one centering machine, one 40-inch radial drill, one large combined punch and shears for cutting off bar-iron, 2x6 inches, and with sufficient capacity to punch a two-inch hole through an inch and a half iron; one large bolt-heading machine to make bolts of sizes varying from one-half inch to two inches, inclusive; one large exhaust fan for conveying sawdust and shavings from machines in the mills to the stationary boilers.

The new machine tools which already been put in and those which soon will be cost approximately \$30,000, which, with the other great improvements mentioned above, make a highly creditable addition for Superintendent Smith's administration of affairs up to date.

EX-PENITENTIARY CONVICT.

He is a Tough Convict With a Very Tough Record.

Kesquiel Cano, recently discharged from the penitentiary and who is charged with the murder of Lola Gallegos, an old Mexican woman, was interviewed by a representative of the New Mexican, and the following extracts of the interview is clipped from that paper:

"Fixing his shackles he climbed on a box, crossed his legs and said: 'I was born in Bernalillo county, I am 28 years old; all my family are alive except my father. I was married in 1894 to Lola Harvey, an American girl from Kansas. She got a divorce and is now in Flagstaff, Ariz. I worked for a long time with Ed. Dodd, the contractor at Albuquerque. The first time I came to the penitentiary was for holding up an Indian and taking \$12 from him for this I got one year. The second time they claimed I robbed five houses, and had five indictments against me, so I pleaded guilty and got three years. I have only been out of the penitentiary fifteen days and now I am locked again; isn't that hard luck?'

Besides being charged with murder, Cano robbed the Wood residence, and he has confessed to this robbery. He denies that he killed the woman.

Pecos Valley Road. S. B. Ballard, chief engineer of the Pecos Valley railroad, came in yesterday from Roswell, N. M., en route to Amarillo. The work of building the long extension of the road between the two places named is progressing rapidly. So far, the work on the road is confined to grading. At the Amarillo end about

ten miles of track has been laid. Near Canyon City, in a cut on the thirteenth mile, some very hard rock was unexpectedly struck, which will cause delay in building of several days, as it has to be blown out. It is expected that the road will be completed by January 1. It will open up a good and large section of country which has long needed and wanted a railroad.

Speaking of the Pecos Valley Mr. Ballard said that everything was flourishing there. In the northern portion there has been enough rains for crops to do well without irrigation.—Fort Worth Register.

Gold Found in the Philippine Islands.

On Mindanao, one of the Philippine islands, gold is found in the river beds, but owing to the primitive conditions prevailing there it is not known how rich these deposits are. With the advance of civilization this matter will be fully investigated by shrewd prospectors. Great discoveries may be made, but no discovery was ever greater than that of the Philippines, which civilization long ago investigated and found to be all that is claimed for it. In cases of loss of appetite, indigestion, biliousness and constipation it acts in a truly wonderful manner. The bowels are made to act natively, the desire for food is increased, sour stomachs are sweetened, and a healthy color is given to the face. A trial is recommended.

"THE WAGES OF SIN IS DEATH."

John Drain Shoots and Kills Jennie Wilson at Williams.

John Drain, one of the old-timers and a man who has heretofore stood well with his acquaintances, concluded to celebrate last Sunday in the most approved frontier fashion; consequently he filled up on whisky and visited the place of Jennie Wilson, a comely matron of the lower strata. But he was too hilarious for Jennie, and she, by the aid of a dangerous looking sharp-shooter, persuaded him to leave and defer his visit till a more opportune time. Drain continued drinking all day, and late in the evening donned women's clothes and paid a visit to the different saloons of the town, finally going back to the place of his inamorata. This time he carried a Sharp's rifle, and when the report of a shot, fired about 11:30, was heard, together with the screams of the unfortunate girl, the hastily gathered crowd knew it was murder. The ball passed through the middle of the girl's body and lodged in the side of a freight car standing on the track about 100 yards north of where the girl was standing.

Immediately after the shooting Drain hid in a room in the rear of Cline's saloon, where he was found and placed under arrest by Deputy Sheriff Buggins. The girl was carried to the private hospital of Dr. P. A. Melick, where everything possible was done by Drs. Melick and Ronsaville for the poor unfortunate, who lingered for about thirty minutes before she died. She gave considerable money and jewelry into the keeping of the doctor. In the pouch containing the jewels was found the withered index finger of some black man's hand. It was a gruesome and ghastly relic, from which even the hardened recited. A coroner's jury was empaneled about 4 a. m., which returned the verdict that the deceased came to her death from a gun-shot wound at the hands of party or parties unknown.

Drain's preliminary hearing was held before Judge Sanford on Monday afternoon, who bound the prisoner over to the grand jury, now in session at Flagstaff. The offense is an unobtainable one, but it is presumed that the little friendship caused the judge to place Drain's bond at \$2,000, and as the prisoner could not meet that amount he was taken to the county jail at Flagstaff by Deputy Sheriff Buggins on Monday evening.—Williams News.

The Reason Why?

One reason for our success in business is the fact that we close out, at the end of each season, all goods pertaining to that time of the year, regardless of former prices. That is why we have no old stock. See our \$1.75 and \$2.75 shoes and our Hanes \$3.75 shoes. They bargained Simon Stern, the Railroad avenue clothing store.

Reasons Why Chamberlain's Colic, Cholera and Diarrhoea Remedy is the Best.

1. Because it affords almost instant relief in case of pain in the stomach, colic and cholera morbus.

2. Because it is the only remedy that will cure chronic diarrhoea.

3. Because it is the only remedy that will prevent bilious colic.

4. Because it is the only remedy that will cure epidemic dysentery.

5. Because it is the only remedy that can always be depended upon in cases of cholera infantum.

6. Because it is the most prompt and most reliable medicine in use for bowel complaints.

7. Because it produces no bad results.

8. Because it is pleasant and safe to take.

9. Because it has saved the lives of more people than any other medicine in the world.

SYRUP OF FIGS

NEVER IMITATED QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured only by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the company a guarantee of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get the beneficial effects, please remember the name of the company—

NEW MEXICO NEWS.

GALLUP.

From the Gleaner.

E. M. Sanjula, a former Gallupite, but now an engineer running out of Needles, was here for a few days last week calling on his numerous friends.

Judge Theo. Maxwell has secured the contract to construct six new frame buildings for the Crescent Coal company at its Catalina mine.

William J. Fee has just secured the brick work for the new store building at the W. A. Clark mine. The building will be two stories high and its size will be 40x50 feet.

Mrs. Judge Maxwell and her pretty little daughter, Miss Emma Patterson, are in Albuquerque visiting with friends and relatives. She will remain for some time.

Rev. P. A. Simpkins returned on No. 2 Friday evening from a pleasant vacation spent on the coast, principally at Santa Monica. He is much improved in health and spirits.

Mrs. G. H. Harney and children and Miss Jennie and Edith Baylis left on Monday for the Nelly ranch, in the Zuni mountains, where they will remain for three or four weeks.

From Rio Grande Republic.

Mrs. B. A. Allen and Miss Kathie Hess left for a trip overland to La Paz and Mesquite, expecting to be gone ten days or two weeks.

W. S. Shepherd, United States commissioner at Tularosa, and Claude Thompson, manager of the Tularosa Land and Cattle company, returned to Tularosa, after visiting in the valley for several days.

There was a good deal of alarm felt the first of last week when the report was spread that there was a case of smallpox in town, but it proved to be without foundation. Las Cruces has thus far been fortunate, but can hardly hope to entirely escape when the dread disease has made such progress through the territory.

From the Register.

Rev. Dr. Propper, general missionary for Colorado and New Mexico, will preach at the Baptist church on Sunday, August 14, both morning and evening.

S. F. Matthews, district attorney at Lincoln, writes Jack Thornton that the bailiffs there last week did frightful damage to crops and fruit, and tore shingles off some of the roofs.

The republican county central committee of Chaves county met last Saturday for the purpose of organizing. The members present were H. Leland, W. S. Prager, E. A. Cahoon, H. W. Hamilton, W. A. Finley, J. S. Dicus, O. R. Tanner and R. S. Hamilton. The absentees were W. M. Reed, C. C. Martin, M. B. Lewis, A. D. Stratton and J. R. Slesse. An early meeting had been found necessary, and only two days' notice could be given which was the cause of so many being absent. The election of officers resulted in the unanimous choice of E. A. Cahoon for chairman and H. Leland as secretary and treasurer.

From San Juan County Index.

Miss Maud Waring returned Wednesday from Farmington, where she had been visiting friends for a few days.

While buying last week J. A. Koonin fell from a wagon and sustained injuries which have confined him to the house several days.

Last Saturday was the hottest of the hot. Ninety-one in the shade was the record at the experimental station at 1:30 in the afternoon.

From the Optic.

Guy Hatchell, who is quite ill of typhoid fever, is doing as well as could be expected.

Dr. F. H. Atkins, chief of the weather bureau at this place, reports that nearly one and one-half inches of rain fell here Sunday afternoon.

William Mitchell, on the east side, was monkeying with some powder in a pipe or tube. As it did not go off readily, he began to blow it. It then went off, taking his eyebrows, eyelashes and the skin of his face. William will be more careful hereafter.

The board of directors of the Insane asylum, on account of the small pox scare, have decided not to allow visitors to the asylum, unless by special permission of the board or of the physician in charge. The new addition to the asylum is being fitted up preparatory to occupancy next week.

Frank Diaz, from Old Mexico, who has been in the employ of Browne & Manzanarez Co., for about two years, tried to run amuck Sunday. Early in the morning he cut Luis Madrid, porter at Pace & Perry's, across the arm. Later in the afternoon, he began an attack on Gavino, a boy employed by Gross, Blackwell & Co. The latter got him down and held his hands so that while he cut fourteen gashes in Gavino's coat, he was not able to wound the flesh. The rain was at its height, and the two tumbled in the mud of the street till they were covered from head to heels. Ernest Market rushed out, clapped his hand cuffs on Diaz, and took him away to jail.

WHITE OAKS.

From the Eagle.

The Old Abe company began the erection of its eyecandy plant on Tuesday.

Mrs. W. C. McDonald and daughter, Mrs. Morris B. Parker, who is here on a visit from Mexico, were in from the Carizozo ranch Saturday.

Mrs. J. P. Foley, who has been visiting relatives here for several weeks, left for Pinos Altos, where Mr. Foley has recently located as superintendent of a mining property.

Unstable Langston has returned from Lincoln, where he had taken three prisoners. Mr. Langston reports that a very destructive hail storm occurred at Lincoln on Saturday evening, in which many gardens and much fruit were destroyed, and that plenty of dead poultry was found after the storm subsided.

The last letter.

There is a singularly pathetic story connected with the death of E. W. Johnson, the civil engineer, who was killed last Saturday a week ago in the collapse of the assay building at Jerome. Johnson had been employed at the mine more than four years. Previous to coming to

KINGMAN.

Reports of the scarcity of water on the ranges and of springs going dry are very numerous lately, and it is feared that unless some rain falls pretty soon stock will be likely to suffer severely.

A. J. Olin, of the Temple Park company, recently received the bad news of the death of his brother, who was one of the volunteers stationed at Chienkama, at which place he contracted typhoid fever, which caused his death after a very brief illness.

Manager Hunter, of the Dennis Lumber company, last Wednesday delivered the flagpole to Sheriff Potts which was so kindly donated to the town of Kingman by that company. It will be erected in front of the court house, and its raising should be made the occasion of a general holiday.

Prof. Nelson Carr has been requested by the government to teach the Indians of the Colorado river agency. The Colorado river agency is above Yuma at Parker on the river. It is a nice, warm place to live, no clothes being necessary in the summer and no wood or coal in the winter. It is 110 degrees in the shade in the winter and 60 in the sun in summer.

St. Johns.

From the Herald.

The typhoid fever is paying its annual visit to this place.

The Mormon church at Moss last Sunday raised about \$80 for the Maine monument fund.

Capt. Ben. Schuster, wife and family left for Heber, where they will visit their friends and relatives and spend some time fishing and hunting.

John M. Black, wife and family, who left here some time ago for San Juan, New Mexico, have just returned, and they think that St. Johns is a better place than San Juan.

To Cleanse the System.

Effectually yet gently, when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headache, colds or fevers, use Syrup of Figs, made by the California Fig Syrup Co.

REGIMENTAL COLORS.

Presented by Good Templars of Arizona to Colonel McCord.

Last Saturday afternoon, in the public square of Prescott, Ariz., the regimental colors were presented to Col. McCord. There was a large procession of citizens, including the 750 volunteers stationed at Whipple barracks, and the exercises were the most elaborate ever seen in Prescott. The Journal-Miner, in its article, says:

Judge R. M. Ling presided over the meeting and delivered an address of welcome and introduced various speakers of the day.

Regimental colors were presented to the regiment by the Good Templars, the presentation speech being made by A. P. Shawman, one of the part of the supreme lodge of the United States, and by A. P. Walbridge on behalf of the territorial grand lodge of the order. The colors were accepted by Col. McCord in a brief but appropriate address, giving assurance that his regiment would never permit the colors to go down in dishonor.

Col. McCord, of the United States army, on behalf of the ladies of New Mexico, presented the New Mexico battalion of the regiment with handsome colors.

Capt. Fall, of the Las Cruces company, accepted the flag on behalf of the battalion in a very eloquent speech. Capt. Fall is one of New Mexico's most prominent lawyers, and was formerly associate justice of the supreme court of that territory, and is a very fluent and eloquent speaker.

Gov. Murphy, on behalf of the citizens of Phoenix, presented Col. McCord with a beautiful gold-mounted sword, to which Col. McCord responded very appropriately, when three cheers were given with a hearty good will for the colonel of the regiment.

Other speakers of the day were Judge A. C. Baker, of Phoenix; Hon. J. C. Hernandez, Col. J. F. Wilson and Eugene Brady O'Neill, of Prescott, and Private Wyckoff, of Captain Bortolotto's company, of Albuquerque, who gave up an excellent law practice in Albuquerque to join the volunteers and who is an eloquent speaker.

The exercises were interspersed throughout by music from the Prescott brass band.

In the evening an open air concert was given in the plaza by the consolidated bands—the Pioneer, of Phoenix, the Prescott, and the regimental band, of Whipple, consisting of an aggregate of fifty-two pieces.

KINGMAN.

Reports of the scarcity of water on the ranges and of springs going dry are very numerous lately, and it is feared that unless some rain falls pretty soon stock will be likely to suffer severely.

A. J. Olin, of the Temple Park company, recently received the bad news of the death of his brother, who was one of the volunteers stationed at Chienkama, at which place he contracted typhoid fever, which caused his death after a very brief illness.

Manager Hunter, of the Dennis Lumber company, last Wednesday delivered the flagpole to Sheriff Potts which was so kindly donated to the town of Kingman by that company. It will be erected in front of the court house, and its raising should be made the occasion of a general holiday.

Prof. Nelson Carr has been requested by the government to teach the Indians of the Colorado river agency. The Colorado river agency is above Yuma at Parker on the river. It is a nice, warm place to live, no clothes being necessary in the summer and no wood or coal in the winter. It is 110 degrees in the shade in the winter and 60 in the sun in summer.

St. Johns.

From the Herald.

The typhoid fever is paying its annual visit to this place.

The Mormon church at Moss last Sunday raised about \$80 for the Maine monument fund.

Capt. Ben. Schuster, wife and family left for Heber, where they will visit their friends and relatives and spend some time fishing and hunting.

John M. Black, wife and family, who left here some time ago for San Juan, New Mexico, have just returned, and they think that St. Johns is a better place than San Juan.

REGIMENTAL COLORS.

Presented by Good Templars of Arizona to Colonel McCord.

Last Saturday afternoon, in the public square of Prescott, Ariz., the regimental colors were presented to Col. McCord. There was a large procession of citizens, including the 750 volunteers stationed at Whipple barracks, and the exercises were the most elaborate ever seen in Prescott. The Journal-Miner, in its article, says:

Judge R. M. Ling presided over the meeting and delivered an address of welcome and introduced various speakers of the day.

Regimental colors were presented to the regiment by the Good Templars, the presentation speech being made by A. P. Shawman, one of the part of the supreme lodge of the United States, and by A. P. Walbridge on behalf of the territorial grand lodge of the order. The colors were accepted by Col. McCord in a brief but appropriate address, giving assurance that his regiment would never permit the colors to go down in dishonor.

Col. McCord, of the United States army, on behalf of the ladies of New Mexico, presented the New Mexico battalion of the regiment with handsome colors.

Capt. Fall, of the Las Cruces company, accepted the flag on behalf of the battalion in a very eloquent speech. Capt. Fall is one of New Mexico's most prominent lawyers, and was formerly associate justice of the supreme court of that territory, and is a very fluent and eloquent speaker.

Gov. Murphy, on behalf of the citizens of Phoenix, presented Col. McCord with a beautiful gold-mounted sword, to which Col. McCord responded very appropriately, when three cheers were given with a hearty good will for the colonel of the regiment.

Other speakers of the day were Judge A. C. Baker, of Phoenix; Hon. J. C. Hernandez, Col. J. F. Wilson and Eugene Brady O'Neill, of Prescott, and Private Wyckoff, of Captain Bortolotto's company, of Albuquerque, who gave up an excellent law practice in Albuquerque to join the volunteers and who is an eloquent speaker.

The exercises were interspersed throughout by music from the Prescott brass band.

In the evening an open air concert was given in the plaza by the consolidated bands—the Pioneer, of Phoenix, the Prescott, and the regimental band, of Whipple, consisting of an aggregate of fifty-two pieces.

From the Optic.

Guy Hatchell, who is quite ill of typhoid fever, is doing as well as could be expected.

Dr. F. H. Atkins, chief of the weather bureau at this place, reports that nearly one and one-half inches of rain fell here Sunday afternoon.

William Mitchell, on the east side, was monkeying with some powder in a pipe or tube. As it did not go off readily, he began to blow it. It then went off, taking his eyebrows, eyelashes and the skin of his face. William will be more careful hereafter.

The board of directors of the Insane asylum, on account of the small pox scare, have decided not to allow visitors to the asylum, unless by special permission of the board or of the physician in charge. The new addition to the asylum is being fitted up preparatory to occupancy next week.

Frank Diaz, from Old Mexico, who has been in the employ of Browne & Manzanarez Co., for about two years, tried to run amuck Sunday. Early in the morning he cut Luis Madrid, porter at Pace & Perry's, across the arm. Later in the afternoon, he began an attack on Gavino, a boy employed by Gross, Blackwell & Co. The latter got him down and held his hands so that while he cut fourteen gashes in Gavino's coat, he was not able to wound the flesh. The rain was at its height, and the two tumbled in the mud of the street till they were covered from head to heels. Ernest Market rushed out, clapped his hand cuffs on Diaz, and took him away to jail.

WHITE OAKS.

From the Eagle.

The Old Abe company began the erection of its eyecandy plant on Tuesday.

Mrs. W. C. McDonald and daughter, Mrs. Morris B. Parker, who is here on a visit from Mexico, were in from the Carizozo ranch Saturday.

Mrs. J. P. Foley, who has been visiting relatives here for several weeks, left for Pinos Altos, where Mr. Foley has recently located as superintendent of a mining property.

Unstable Langston has returned from Lincoln, where he had taken three prisoners. Mr. Langston reports that a very destructive hail storm occurred at Lincoln on Saturday evening, in which many gardens and much fruit were destroyed, and that plenty of dead poultry was found after the storm subsided.

The last letter.

There is a singularly pathetic story connected with the death of E. W. Johnson, the civil engineer, who was killed last Saturday a week ago in the collapse of the assay building at Jerome. Johnson had been employed at the mine more than four years. Previous to coming to

Our Annual Midsummer Sale

FROM TO-DAY, until further notice, we will offer our entire stock of summer goods at prices to set them moving. This is not a money making sale for us, directly, but we believe it to be our interest by closing out this season's goods at cost, or even below cost, in order to get a fresh stock for the coming season. One of the members of our firm is going to the eastern markets within a few weeks, and new goods will begin arriving within a month. We need room, and we need above all, MONEY. The Almighty Dollar will be mighty in our store within the next few weeks than it has ever been before, and that is saying a great deal. Don't let below prices mislead you as to quality. There's not an article mentioned that isn't worth almost double. You will agree with us when you see the goods.

LADIES' SKIRTS.

Six weeks ago we had 250 skirts on hand, now we have 50. That's a great many more than we want to have when our new ones come in. We have only the better qualities left, in black and colors, now for \$1.75 to \$3.00. They were \$2.75 to \$5.00.

Equal bargains in all other departments which lack of space does not permit us to mention.

ROSENWALD BROS.

THE CITY IN BRIEF.

Personal and General Paragraphs Picked Up Here and There.

Carl E. Ackerman, registering from England, Ga., is at the Grand Central.

M. V. B. Benson, the well-known fire insurance adjuster, with his son, is at the Hotel Highland from Denver.

Rev. G. K. Birlew, the Congregational minister at San Rafael, after a stay of a day in this city returned west last night.

Owen Dinsdale is making some improvements in the Rio Cafe and will commence serving dinners again on September 1.

William Olin, of the clerical force at the railroad store house, left last night on a month's vacation at his old home in Stevens Point, Wis.

Hon. L. Bradford Prince, ex-governor of the territory, came in from Santa Fe last night, and continued west to Los Angeles, Cal., on some legal matters.

M. Harold, who for some time was stationed at Golden, boring and drilling wells for the several mining companies of that neighborhood, is in the city, registered at Sturges' European.

H. B. Ross and E. H. Ross, two Texas brothers, the former from Del Rio and the latter from Eagle Pass, are in the city to-day. They are stockmen and are stopping at Sturges' European.

Thos. F. Phelan and M. R. Crosson, ranchmen in El Tioja precinct, south of the city, drove in from their ranches late yesterday afternoon, and remained overnight in the city, stopping at Sturges' European.

J. B. Manby, the sheep and cattleman of Trinidad, Col., returned to the city last night from Socorro, where he purchased a big flock of sheep. His firm now have 30,000 sheep and 6,000 cattle in the territory, which they will ship east this fall.

Ed. O'Neill, a consumptive who came here a few days ago from the north and secured lodging at the city building, will be sent to El Paso to-morrow morning, the Non-Sectarian Benevolent Society advancing railroad fare as O'Neill is in a destitute condition.

The members of the Lead Avenue Methodist church met at the home of the Drs. Bishop last night and welcomed their new pastor, Dr. J. W. Robinson, and his wife to this city. A short program, consisting of speeches, recitations

and music, was carried out, and refreshments of ice cream and cake were served. The evening was very pleasantly spent and everybody had a good time.

Chas. Roe returned from the Las Vegas hot springs last night and will remain here for a few days after which he will return to the springs and with Mrs. Roenee Miss Macmillan, they will leave there for this city. Mr. Roe is the south western manager of the Singer Sewing Machine company.

Prof. B. Harding, who is now entering hundreds of our people at his room in the Grand Central hotel, upon being asked if he noticed anything peculiar or different in the Albuquerque crowds that swarmed about his office from those he had met in other parts of the world, after remaining in a thoughtful mood for a moment, replied: "That the hopes, fears, desire and ambition of all the vast number of people he had had occasion to serve in his long experience were very much the same in all countries, the climatic effect upon the temperament of the inhabitants being noticeable as he traveled from a torrid to a temperate zone and vice versa. Seldom if ever he had been called upon to make so many predictions, after finishing personal matters, as in Albuquerque. As to the future prospects of our city, next to private information, which was sought often, came the question, 'What do you think of our city, professor, and its future prospects?' His answer has invariably been: 'Had I no power beyond that of observing the almost universal interest taken by my patrons in its future prosperity, I would say that alone was sufficient to make it one of the most prosperous places in the world, but when I go beyond the outward show and make a scientific prediction, founded upon the exact research of occultism, I am happy to inform all that the time is only a few months away when Albuquerque will experience the most solid and substantial prosperity she has ever known. There are several good things in store for her in the near future. And it will be a pleasure to me to make a record of this prediction, so that in some future time when I return I may witness its fulfillment.'"

The professor makes a few engagements to visit private houses when these desiring to consult him are unable to call at his room, 31 Grand Central.
