SHAFTER SPEAKS.

He Describes the Condition of His Army at Santiago.

Fatal Railroad Accident at Canton Junction, Massachusetts.

Death of Mayor Suro, the Millionaire Mayor of San Francisco.

GER. BLANCO OBJECTS TO PEACE.

Washington, Aug. 8.—Gen. Shafter has telegraphed the president regarding the publication of the "round robin," signed by the general officers of his command, as follows: "I can very readily see what intense excitement the publication must have occasioned—a great deal more than the situation warranted. The situation is greatly aggravated from the fact that before any of the men were taken ill they were thoroughly exhausted. At least 75 per cent of the command had been down with malarial fever, from which they recovered slowly, and of which they were now suffering. Placed here now in the condition in which they were when they came here, I do not believe they would be in any particular danger. The regiment of immunes that recently arrived is not suffering at all, and I do not believe they will. They can keep out of the sun, and are well clothed and well fed. What put my command in its present condition was twenty days of campaign when they had nothing but meat, bread and coffee, without change of clothes, without any shelter whatever and during a period of stormy weather. French troops reaching here in the middle of August with good camps, good water, abundance of tents, which they will find here, need not apprehend serious danger. I thank you for the high regard in which you hold my command and value the service they rendered. It pays for all the suffering we endured. Generals Wheeler, Lawton, Bates and Kent concurred with me in the view expressed above."

Canton, Mass., Aug. 8.—Three men were killed and a number of men severely injured at Canton Junction on the New York and Hartford railroad today by the express mail special from New York to Boston tumbling the tracks.

The dead are: James Shields, engineer; G. K. Kuswin, fireman; G. Sutherland, engineer riding in the cab. Injured: Mail clerks, Bowman, Butterfield, Lincoln, Seymour and Laconette.

DEATH OF SUTRO.

Famous California Millionaire Passes Away After a Long Illness.
San Francisco, Aug. 8.—Kx Mayor Sutro died at 2:30 this morning. Adolph Sutro was born at Aix La Chapelle, Prussia, April 29, 1830. He came to San Francisco in 1850, and engaged in mercantile pursuits, but later ventured into mining. Sutro conceived the idea of tunneling the Comstock lode. The tunnel cost millions of dollars, and millions were extracted from this gigantic work. Sutro bought real estate all over this city, and as the city grew the value of this property increased immensely. He was elected mayor four years ago, and served one term. He had been ill a long time. He was the largest individual property owner in San Francisco. His wealth was estimated at about \$4,000,000.

Called on Cervantes.
Annapolis, Md., Aug. 8.—Assistant Naval Constructor Hobson arrived this morning. He will call on Admiral Cervantes.

Drain.
Washington, Aug. 8.—Prof. Park Merrill, chief of the forecast division of the weather bureau, died last night of typhoid fever.

THE ROUGH RIDERS.

Left Santiago Yesterday for Montauk Point, Long Island.

Santiago, Aug. 8.—The First regiment of cavalry and First volunteer cavalry (Rough Riders) call on the transports (Hough Riders) following tomorrow. The Rough Riders following tomorrow are: William T. Hays, troop K; Corporal Edgar A. Schwartz, troop G; and Private William B. Hoyle, troop E. F. Whalen, troop A, and A. Steinhilber, troop D. They will probably leave in ten days in care of Dr. Gonzalez. Col. Roosevelt rode at the head of his regiment as it marched down the alameda to the dock where the Miami was moored. All the men looked fit for service but worn out. All are eager to return for the Havana campaign in the fall.

The Gunboat Was Not Wrecked.
Washington, Aug. 8.—The war department received a report from Gen. Gilmore, saying that the gunboat, which was reported wrecked, is safe.

Mob at Tampa.
Tampa, Fla., Aug. 8.—Early this morning a mob tried to rescue three negro teamsters of the regular army incarcerated in jail here. The armed guard or-

DEATH OF GUY ENDSLEY

Yellow Fever Claimed Him at the Santiago Hospital.

"Broncho Bill" is Now Safely Behind Bars at Santa Fe.

It is Stated that He has Confessed the Two Train Robberies.

BIG RAINS IN THE MOUNTAINS.

Yesterday a letter was received from Charles Hopping, dated at Santiago de Cuba, July 19, containing the startling information that Guy Endsley, a gallant "Hough Rider" in Troop F had died this morning from yellow fever.

As soon as the news had gained circulation, the flags on the several flagstaffs of the city were placed at half mast out of respect to the young man, who had gone through the hard-fought battles on Cuban soil without a scratch, and now succumbed to the dreadful yellow fever.

Only a short time ago THE CITIZEN published a paragraph wherein the news was given that Guy had captured a Spanish soldier single-handed, and conveyed his prisoner safely into camp, for which he received the thanks of his comrades.

The deceased enlisted in this city as a "Hough Rider," and was the son of Mrs. M. C. Nettleton. He was about 22 years of age, and his many friends here join with THE CITIZEN in mourning his death in a foreign country and in offering sympathy to his bereaved mother and relatives.

IN SAFE KEEPING.

"Broncho Bill" Taken to Santa Fe and Forwarded Over to Marshal Forsaker.
William Walters, better known as "Broncho Bill," the notorious outlaw, who is thought to be one of the leaders in the train robberies at Grants and Bijon and who is charged with the murder of Deputy Sheriff Vigil and Bustamante and an Indian trader, a couple of months ago, was taken to Santa Fe last Saturday night from Socorro by Detective L. N. Thacker, of the Wells Fargo company, Deputy United States Marshal Cipriano Baca, George Scarborough and J. D. Milton, and turned over to United States Marshal Forsaker. He will have his trial at the next term of the district court in Socorro county, where the murders were committed.

"Broncho Bill" was shot and captured by Mosera, Scarborough and Milton in Arizona, a few days ago. He was shot through the right arm and shoulder and there are still some doubts as to his recovery. At the same time his partner in crime, "Kid" Johnson, was shot through the body and died from his injuries a few hours later. It is understood that the latter made a full confession before his death and that the case against "Broncho Bill" is very strong. In fact, it is learned from a very trustworthy source that "Broncho Bill" has admitted his complicity in the train robbery on the Santa Fe Pacific at Grants and the Bijon train robbery on the Santa Fe. The latter robbery resulted in the shooting and killing of the sheriff's posse—Vigil, Bustamante and the Pueblo Indian.

The officers who took "Broncho Bill" to Santa Fe returned to Socorro on the train this morning.

YESTERDAY'S RAIN STORM.

Mountain Resorts Thoroughly Drenched With Water.

The rain yesterday was general throughout the mountains, and was the heaviest that has occurred for a long time. From the report of a picnic party at Bear canyon yesterday it appears that the storm was at its worst in that locality, there being several small cloud bursts. Quite a fraction of Albuquerque's population know what occurred in the Tularosa canyon, and a party consisting of Henry Brockmeier and family and Isaac Cox and family, who spent yesterday at Hell canyon, brings a similar report from there.

A. J. Lamb, T. J. Shinkle and J. F. Palmer, with their families, spent yesterday in Coyote, and they say that the road was washed out in several places between here and there when they returned home last evening.

Mr. Shinkle called at this office this morning, and he stated that Coyote canyon, up to and including the houses at the springs, was completely submerged with water several feet deep, and that the arroyos ran bank high with water for several hours.

Meeting To-Night.

Since there is a rumor on the streets that the slate is all made up for the meeting of the subscribers of the Territorial fair the committee takes this opportunity to say to the public in general and the subscribers in particular that you are all invited to the meeting to-night. Those that have not subscribed will have a chance to do so, and those that have will have a talk and vote for the money subscribed. Get to the meeting and make your talk and kick; have your vote and for ever after hold your peace or boom the fair. COMMITTEE.

Kirster's Wet Experience.
F. Kirster and wife had an experience yesterday which will remain fresh in their memories for some time. They drove out to Tijeras canyon yesterday morning and camped on the bank of the arroyo about two miles the other side of Silva's place. The arroyo was as dry as the desert of Sahara then, and the buggy was left standing in it. Shortly before 4 o'clock some peals of distant thunder were heard, and a few minutes later Mr. and Mrs. Kirster were startled with the roar of mighty waters. A cloud had burst and torrents of water came surging

TERMS OF PEACE.

Spanish Acceptance Received by Washington Authorities.

Labor Agitators and Leaders Arrested at Oshkosh, Wisconsin.

Eighth Illinois Infantry on Its Way to Santiago, Cuba.

DEATH OF GEN. POLAND.

Paris, Aug. 8.—The Spanish ambassador this morning presented the French minister of foreign affairs, M. Del Casse, Spain's reply to the peace terms of the United States, which was subsequently cabled to Washington.

HAD TO BE TRANSLATED.
Washington, Aug. 8.—The Spanish answer to the peace terms of the United States had not been received at the French embassy up to 9:30 this morning and a belief in growing among the officials that it will take until late this afternoon to complete the formalities of translation and reduction into cipher at Paris and transmission to the embassy here.

WILL CEDE NO TERRITORY.

Madrid, Aug. 8.—The Liberal says: "The government accepts the United States' conditions of referendum, believing it is not authorized to cede territory without a vote of the cortes. If President McKinley objects the cortes will be convoked this month. A fresh note from President McKinley, replying to Spain's reply, is expected during the week." The Liberal expresses the opinion that "certain passages of Spain's reply may lead to the exchange of cable messages of a critical nature, possibly creating fresh difficulties."

SPAIN'S ACCEPTANCE.

Washington, Aug. 8.—Secretaries Alger and Long and the attorney general met in conference with President McKinley at noon, ending at 1:30. At the conclusion it was announced that the official notification of Spain's acceptance had not yet been received. The president's expectation is to receive the formal acceptance early to-morrow.

SPAIN'S ANSWER IN CIPHER.

At 2:30 o'clock, Spain's answer was received at the French embassy. The dispatch was in cipher and is quite long. The embassy staff began the translation, which will take some time.

Death of a Brigadier General.

Asheville, N. C., Aug. 8.—Brig. Gen. John S. Poland, of New York, died here today of fever contracted at Chickamauga.

Gen. John P. Poland, who died at Asheville, N. C., this morning, was born at Princeton, Ind., October 14, 1836, and graduated at West Point in 1861. He rose to the present grade of colonel of the Seventeenth United States infantry, Aug. 1, 1891, was appointed brigadier general of volunteers May 14, 1898. His first active service was in the battle of Bull Run.

LABOR LEADER ARRESTED.

He is Prosecuted at Oshkosh from Arresting a Public Meeting.
Oshkosh, Wis., Aug. 8.—Thomas L. Kidd, recognized leader of the wood workers, was arrested the second time on Saturday night and kept in custody over Sunday, thereby preventing him from attending the usual Sunday labor meeting and advising the strikers. The arrest was made on a civil action for damages brought by the Paine Lumber company in connection with the strike and subsequent riots. The strikers were led to suppose that Kidd had left the city of his own accord. Strong guards of national police were stationed at the various public places, but there was no disturbance. This is the thirteenth week of the strike and with few exceptions the strikers' ranks are still unbroken.

Going to Santiago.

Springfield, Ill., Aug. 8.—The Eighth Illinois infantry, colored, left today for New York. They expect to arrive in New York on Tuesday night and take the steamer Yale direct to Santiago.

FROM TO-DAY, until further notice, we will offer our entire stock of summer goods at prices to set them moving. This is not a money making sale for us, directly, but we believe it to be to our interest by closing out this season's goods at cost, or even below cost, in order to get a fresh stock for the coming season. One of the members of our firm is in the eastern markets within a few weeks, and new goods will begin arriving within a month. We need room, and we need above all, MONEY. The Almighty Dollar will be mighty in our store within the next few weeks than it has ever been before, and that is saying a great deal. Don't let below prices mislead you as to quality. There's not an article mentioned that isn't worth almost double. You will agree with us when you see the goods.

ROSENWALD BROS.

THE CITY IN BRIEF.

Personal and General Paragraphs Picked Up Here and There.

T. J. Curran, who has recently developed into a first-class life insurance agent, has returned from Santa Fe and other northern New Mexico towns.

Simon Neustadt, the general merchant of Los Lunas, enjoyed the Sabbath with his wife and her relatives of this city yesterday. He returned south to-day.

I. L. Hildbrand, division superintendent of the Santa Fe Pacific, rolled into the city, in his special car, last Saturday night and returned westward yesterday.

Frank Pimpel, who is now in the employ of the Santa Fe Pacific out on the road, was here yesterday, returning west last night. Frank was formerly night clerk at Sturges' European.

Mrs. J. W. Robins and daughter, of Marceline, Mo., have arrived, and will be the guests of Mrs. W. K. Talbot and Mrs. J. P. Goodlander, mother and sister of Mrs. Robins, for several weeks.

Judge F. A. Hubbard reports his little son, the junior judge of the family, as getting along nicely. The little fellow fell and broke his arm about a week ago, and the bones are knitting as well as could be expected.

L. A. Grant and wife, of Los Angeles, who were on a visit to Canada relatives and friends, stopped over here last Saturday night on their return to Los Angeles. They will remain for several days, and have secured rooms at Mrs. Mason's on south Fourth street. Mr. Grant is a brother of A. A. Grant.

Mrs. J. W. McAtyure, with her daughter, Miss Bertha, and son, John, from Joplin, Mo., reached the city last Saturday night and for the time being have taken rooms at the Hotel Highland. They are well known in this city, having visited the territorial metropolis on several previous occasions, and their many friends welcome their return.

Chas. Chadwick, who deals in sheep, buying outright or on commissions, has returned to the city, and was notified out driving yesterday with Trinidad's well-known stock buyer, J. B. Mahan. Mr. Chadwick states that after visiting Kansas City and Chicago for a few days, he took a jump over to Omaha to see the big Trans-Mississippi exposition. He was pleased with New Mexico's display at the exposition, and says that Mr. Lee

son, the commissioner in charge, deserves great credit for the interest he is taking in advertising the resources of this territory. On another subject Mr. Chadwick denied emphatically that he was or is about to marry; he is having considerable fun these days and has no intention, at the present time, to relinquish his hold on single blessedness.

Ben Manger, the popular manager of Fred Harvey's local house, is actually taking a brief vacation, and while "off duty" Bruce McCormick will officiate as manager.

Lucky Numbers.

The Egyptians possessed an elaborate system of mystic numbers; the traditions of a number of them have been preserved to this day. For instance one or more represented divinity.

Two, or the dual, the origin of contrasts. Three, or the triad, the first of equals, and the number containing the most sublime mysteries as it was supposed to be made up of God—the soul of the world, and the spirit of man. Five, or the pentad, played an important part in occult science, and seven, or the heptad, was very powerful for good or evil.

The lines in the hand upon which the science of palmistry is based, were numbered by the ancient philosophers according to these symbolic numbers, and the fate of the person seeking information was only determined. The prominence of the lines in the hand does always count for good or evil. The direction in which they stray away from their natural position is of the greatest importance; for instance, should one of your prominent lines, which should run nearly at right angles with the hand be turned around so as to begin on the wrist and terminate between the second and third finger it indicates you are a prominent candidate for suicide or the insane asylum. So due are the lines in the hands of some persons, which are supposed to represent their highest and best motives, and the symbols of their good fortune that the professor is obliged to fortune that the professor is obliged to determine whether they are there or not. All of these particulars are very interesting when elaborated upon by a scientific expert whose education in them began with his childhood, and surrounded by the past masters of the science in its home in India. Give Prof. B. Harding a call at his room, 31 Armijo block and be convinced of his wonderful powers.
