HOT SHOT HURLED INTO RANKS OF BOSSES BY PROGRESSIVE ORATORS AT LAST NIGHT'S ENTHUSIASTIC MEETING

MULTITUDE BRAVES WIND AND RAIN TO HEAR RINGING ADDRESSES BY FOES OF GRAFTERS' OLIGARCHY

Triumph of Popular Government and Downfall of Ring Rule Forecasted in Tumultuous Applause From Vast Assemblage of Voters Gathered at Elks' Theater; Audience Shrieks With Laughter at Description of Careers of "Abraham Lincoln" Bursum, "James A. Garfield" Malaquias Martinez and "William McKinley" Sylvestre Mirabal; Gathering Marked Contrast to Pitiful Little Band Which Greeted Fall and Catron in Same Hall One Week Ago.

From the scene of the latest humiliation of the gang bosses, who so miserably failed yesterday to hold a convention in the once-republican stronghold of Sandoval county, Antonio Lucero, democratic candidate for secretary of state, E. V. Chavez, the brilliant democratic attorney and Juan Barth, candidate for the state senate, stirred the enthusiasm of an immense crowd at the Elks' theater last night with stories of bosses tumbling from their ascendancy and grafters at last found out and condemned by the people.

With these stories of triumph ringing in its ears the great crowd heard further from Col. George W. Pritchard of Santa Fe, how the republican party is backing up for a new start in life, and of its determination to sweep from its ranks the parasites and barons of the past, and to have killed the usefulness of a party that was once a power for good in New Mexico. The crowd cheered Hon. Alvan N. White, candidate for state superintendent of public instruction, when he told of the ambition of the democratic party to furnish free school books to the children of the new state, and went wild with applause when O. N. Marron, candidate for state treasurer, declared that the people want no more of bad-boy-thursans who burned the books.

The crowd cheered when Barth declared for the initiative and referendum, upon the belief that the people have sense enough to run their own affairs. He cheered when Colonel Pritchard declared that a new and democratic party would set out on the defense of the people who have dishonored the memory of Lincoln. He cheered when Marron told his finger down the records of "Abraham Lincoln" Bursum and "James A. Garfield" Malaquias Martinez and "William McKinley" Sylvestre Mirabal.

The triumph of popular government was spelled in the cheers. The downfall of the bosses was promised by the applause. That New Mexico should be decent was read in the words of those who set out on the determination to have a clean start in the organization of the new state.

The empty seats that greeted Fall and Catron a week ago when Frank Hubble tried to hold a Bursum rally were filled last night with the purposeful voters of the party that Bursum and Fall and Catron once ruled, and to a man those voters are in revolt against the gang control of New Mexico.

In vain the speakers challenged the audience to point to one piece of good government given them by Luna or Hubble or the dark lantern rulers, Springer and Spicer.

In ringing denunciation of Luna and the shameful backwardness of the county he once ruled, Lucero asked where has "King Solomon" built a school house, where has he made a single public improvement?

None answered. There is no answer. There are no schools worthy the name. There are no public improvements.

Luna wants no educated men in his vicinity," cried Lucero. "What he wants is ignorance, the ignorance that does his will. He does not want a free, progressive people, that knows its rights. But Valencia county has learned the truth, and Valencia county is no longer the property and chattel of Solomon Luna, ex-boss."

smiled. "New Mexico," he told me, "is managed by the worst gang of political grafters in the United States. Who wants to live there? And so the 6,000 people every day passed through New Mexico and went to a progressive state."

"They will tell you," said Mr. Chavez, in conclusion, "that I am an out-cider, that I am paid to come here, that this is not my country, and that this campaign is none of my business. But I have my property here. I do not want it destroyed or depreciated. I am of New Mexico, though because of the ill health of a good wife I must for a time live elsewhere. Your fight is my fight and that is why I am here."

(Continued From Page One.)

New Mexico Has Been Run Long Enough By the Political Bankers

There is no more important issue in the present campaign than the emancipation of New Mexico from the political bankers.

The recent failure of the Taos Savings Bank, the manager of which institution is a prominent republican politician and the man who nominated Malaquias Martinez for lieutenant-governor at the Las Vegas convention, has brought home this phase of the question to the New Mexico voters in a startling manner.

New Mexico cannot afford to have bank failures. Her unblemished record of many years without a failure is broken through the machinations of corrupt republican political bankers.

The politician who makes use of his bank to further his political ambitions; the politician whose campaign is financed by his bank; the corrupt boss who uses the funds of a county in his bank to advance his own political schemes, is a menace to the welfare of the commonwealth.

This kind of politics; this misuse of trust for political chicanery; this misuse of county funds for private and political benefit; this juggling with the financial interests of the public in New Mexico must stop. It is time to put a stop to the financing of corrupt political campaigns with banks. It is time to put a stop to the nomination of candidates who owe money to the bank which places them in nomination and who must be elected to enable the banker to make good on his investment.

Political banking must be wiped out of the scheme of things in New Mexico.

ROGER SULLIVAN OUTRAGED FATHER SWITCHMAN SUES TESTIFIES FOR SLEW IN SELF SANTA FE FOR LORIMER DEFENSE \$40,000

Democratic Leader of Illinois States It as His Belief That His Election as Senator Was Honest.

(By Morning Journal Special Leased Wire.) Chicago, Oct. 26.—Roger C. Sullivan, democratic national committee man from Illinois, told the committee of United States senators investigating the Lorimer case, that close friends of Governor Charles Denen aided in the election of Lorimer.

John R. Thompson and Chauncey Dwyer of Chicago, noted the fact, named by Sullivan in this connection. This testimony was brought out on cross-examination by Attorney Hancory of counsel for Mr. Lorimer.

Sullivan testified that, in his belief, the election of Lorimer was the culmination of conditions in the Illinois legislature during the 1909 regular session and not the result of corrupt methods in securing votes for Lorimer.

Coroner's Jury Terms Justifiable Homicide Trinidad Business Man's Murder of Auto Driver.

(By Morning Journal Special Leased Wire.) Trinidad, Colo., Oct. 26.—The killing of J. W. Bundy, auto driver, by Allan Fowler, former city treasurer, who stabbed Bundy to death with a knife Tuesday night, was tonight termed "justifiable homicide" by a coroner's jury, after only a few seconds' deliberation.

Testimony at the inquest by Fowler's daughters, Ruby and Hilda, was to the effect that Bundy had been introduced to them earlier in the afternoon by Charles Sanchez, and that he, under pretext of taking them for an auto ride, endeavored to get them to accompany him to a hotel, where he had engaged a room. Sanchez, who Fowler also attempted to kill, it was shown, was not with the girls at that moment.

Seeks Damages for Loss of Leg in Albuquerque Yards; Claims Carelessness Made Him Cripple for Life.

(Special Dispatch to the Morning Journal.) El Paso, Tex., Oct. 26.—George E. Palmer, formerly employed by the Atchafalaya, Topeka & Santa Fe railroad as a switchman, brought suit against that company in the United States court here today for \$40,000. According to the allegations of the plaintiff, while employed in the Albuquerque yards of the Santa Fe, he was ordered to make a coupling, and, after giving the stop signal to the engineer, he was thrown under the wheels of the train by the engineer starting his engine without signal. Palmer received the loss of his left leg and suffered injuries which made him a cripple for life.

The amount involved in this suit is one of the largest asked for in a personal injury case in the federal court here for years.

He Needs the Commission in His Business

Next to the district judge, Frank A. Hubble needs the county commission. Next to the judge, Mr. Hubble is bending his principal efforts to elect two of his personal candidates as county commissioners. The ownership of the county board would, with the adjunction of the political court, give Mr. Hubble pretty complete control of the affairs of the county and in particular of the disposition of the county funds.

Now in Mr. Hubble's days of power, some \$88,000, it is conservatively estimated, was directed into channels which had no connection with the development of the county at large and the benefit of the people. The administration of the schools used up some \$5,300 a year more than was necessary. Instead of four per cent, eight per cent was extracted from county collections—half for the sheriff and half for the collector. Instead of using some \$2,600 to \$4,000 a year for feeding prisoners, the expense was about \$9,000; and not satisfied with this, Mr. Hubble had a law passed to enable him to draw a still greater amount for satisfying the truly voracious appetites of the insatiable prisoners, whose number must have taxed the capacity of the jail. Money was drawn for "school visits," not only for every day in the year, but for twice as many days as there were in the year. Enormous sums of money were spent ostensibly for "school desks." It was found that county money was spent for luxurious furniture for private offices. All this was made possible by the fact that Mr. Hubble owned and managed the county commissioners.

It is likely, or probable, that Francisco, who has already spent between \$30,000 and \$50,000 to elect his ticket, would take chances on steering a county commission which he could not manage.

It is highly probable that two of his faithful henchmen and a business associate, if elected commissioners, would turn a cold shoulder to the suggestions of the man who nominated them?

LONG PLANNED SUIT TO BUST STEEL RUST FILED

Government Institutes Most Sweeping Action Ever Before Brought By Department of Justice Against Corporation.

BILL IN EQUITY MAKES STARTLING ALLEGATIONS

Demands Dissolution Not Only of Parent Concern But all of Its Constituent or Subsidiary Companies as Well.

Eastern government law suit at Trenton, N. J., to dissolve United States Steel corporation and thirty-six subsidiary companies.

J. P. Morgan, Andrew Carnegie, John D. Rockefeller, E. H. Levy, Charles M. Schwab and others prominent in banking and industrial circles, named as defendants.

Direct connection charged by the government between steel corporation and all the large railroads and shipping lines, Standard Oil company, the Pullman company, International Harvester company and Western Union Telegraph company.

Interlocking directorates said to have given steel corporation control over trade and the commerce.

Steel corporation proposed cancellation of leases on Great Northern and non-effective, until January 1, 1915.

Steel corporation's acquisition of Tennessee Coal and Iron property declared illegal and a national menace.

E. H. Gary and H. C. Frick alleged to have misled President Roosevelt when permitted the absorption of the Tennessee Coal and Iron property in 1907.

"Gary dinners" declared to have been all-powerful in suppressing competition and obligation laid upon participants characterized as "seven deers" than life itself.

(By Morning Journal Special Leased Wire.) Trenton, N. J., Oct. 25.—The government's long delayed suit to break up the so-called "steel trust" was begun here today in the United States circuit court. It is the most sweeping anti-trust action ever brought by the department of justice.

A deputy marshal went to New York this today to serve upon J. P. Morgan, Charles M. Schwab, Robert H. Gary and John D. Rockefeller copies of the bill in equity filed here seeking for the dissolution of the steel corporation.

The government asks not only the dissolution of the United States Steel corporation, but for the dissolution of all constituent or subsidiary companies which are alleged to have combined in violation of the Sherman law to "maintain or attempt to maintain," a monopoly of the steel business. Thirty-six subsidiary corporations are named as defendants.

J. P. Morgan, Andrew Carnegie, Charles M. Schwab, George W. Perkins, E. H. Gary, John D. Rockefeller, Jr., Henry C. Frick, Charles Steele, James G. Gayley, William H. Moore, J. H. Moore, Edmund A. Converse, Percival Roberts, Jr., Daniel G. Tobin, Norman S. Klein, P. T. Widener and William P. Palmer are named individually as defendants.

The United States Steel corporation, the Carnegie Steel company, the Carnegie Company of New Jersey, the Federal Steel company of New Jersey, the National Tube company, the Steel by Steel Tube company, the American Tin Plate company, the American Steel and Plate company, the American Steel company, the American Steel Hoop company, the American Bridge company, the Lake Superior (consolidated) Iron mines, all of which were organized under the New Jersey laws, and the H. C. Frick Coke company, the Tennessee Coal and Iron and Hadfield company and the Great Western Mining company are named as corporate defendants.

Louis W. Hill, James N. Hill, Walter J. Hill, E. T. Nichol and J. H. Greber are named as trustees in connection with the ore companies.

The steel corporation's lease of the Great Northern railway's iron properties, which the directors of the steel company today formally decided to cancel, is alleged to be illegal. The action of the directors was taken but a few hours before the filing of the bill. The government acknowledges that it is a violation of the steel corporation's intention in this respect, but states that under the terms of the lease no cancellation could be effective until January 1, 1915, and there is no limit on the amount of ore that can be taken out in the meantime.

Sensational allegations fairly topple over each other in the government's petition, which is an equity proceeding praying for injunctions to stop continuance of the alleged monopoly and such other relief as the court may grant.

The steel corporation's acquisition of the Tennessee Coal and Iron company, during the panic of 1907, is declared illegal and scathingly criticized. The petition declares that E. H. Gary and Henry C. Frick misled former President Roosevelt when they told him that "but little benefit would come

SPORTS

CADETS PLAY FIRST GAME FRIDAY

Institute Team Meets Roswell High School; to Play University of New Mexico Here November 4.

(Special Correspondence to Morning Journal)

Roswell, N. M., Oct. 25.—The first football game to be played in Roswell this season will take place in the park Friday afternoon at 2 o'clock between the team from the New Mexico Military Institute and the Roswell High School. The game will, no doubt, be of much interest and well worth seeing.

This year the institute team is hardly up to its standard. There are but few of last year's players in the lineup and the average weight of the team is considerably less than good. Still, the team is in good shape and expects to make a creditable showing. While on the other hand, it is reported that the High School has a banner team. Many of its players are from the University of New Mexico and it is reported that the boys from the south end of town have great hopes of defeating the Military Institute. For many years the High School teams have been unable to cope with the High School of the city. The very best of the school is expected to compete with the second team. This year they feel much stronger and, for the first time are going to tackle the first aggregation from the Military Institute.

The game will be played strictly according to the new regulations and will give a splendid representation of the great American college game. Captain Austin, of Ohio Wesleyan, is coaching the institute team, and Mr. Williams, of the High School, is coaching the Roswell team. The game is scheduled to be played at 2 o'clock on Friday afternoon. The game will be played at the Roswell High School. The game will be played at the Roswell High School.

RACE RESULTS.

At Laurel, Md., Oct. 25.—The feature of the day was the 100-yard race, won by the Roswell High School team. The Roswell High School team won the 100-yard race. The Roswell High School team won the 100-yard race.

PHILADELPHIA FOR SECOND TIME WINS WORLD PENNANT

Quaker City Aggregation Defeats Giants By Wonderful Exhibition of Classy Stick Work in Final Game.

SMALL FORTUNE GOES TO VICTORIOUS PLAYERS

Four New York Pitchers Powerless to Interrupt Swatfest and Struggle Ends With Score of 13 to 2.

(By Morning Journal Special Leased Wire.)

Philadelphia, Oct. 26.—(Herald Tribune.) The Athletics won the second successive year in an exhibition of batting seldom seen in a premier baseball series. The American League team defeated New York in the sixth game of the series by the overwhelming score of 13 to 2, thus giving them the four pennant games out of the six played, to carry off baseball's greatest honor.

It was more than a mere defeat for the Giants; it was a rout.

With the victory goes sixty per cent of \$27,819.61, or \$16,691.77, which each Athletic player will receive, \$2,615.29.

The losers will receive the remainder, \$11,127.84, or \$2,225.57 for each New York player.

Coming from behind after New York had scored one run in the first inning, the Athletics tied the score in the third inning, won it in the fourth by making four runs, made a little safer in the sixth when they added another run and crushed the Giants in the seventh inning under an avalanche of seven hits, which with a couple of misplays added seven runs to the total.

The sensational hitting of all the pitchers the New Yorkers sent into the box roused the excited crowds to the greatest enthusiasm. With victory in their grasp the Athletics appeared to let down and when the seventh inning was over the cheering thousands started to leave the grounds.

The strategy of the National League champions sent in three pitchers, to stem the tide, but all were hit almost alike. White got the worst whaling. The two others were Ames, who started the game and Marquard, who followed White into the box. Their defeat was complete. The Athletics won the game by the hit column when the game was over.

Every member of the team got a hit with the exception of Collins and Bender, but the former made a three run homer which helped to secure victory.

When the game began, Catcher Thomas was the only member of the Athletics that had not made a hit in the series. He got into the hit column in the seventh inning and the Athletics players themselves cheered Thomas for at least getting to a pitcher.

Murray of the New York team in the only one of its regulars who failed to connect with any ball pitched in the series for a hit.

"Chief" Bender, the wonderful Chippewa Indian pitcher, secured his work in the box by surrendering the exhibition he gave in the first game on the Polo grounds in New York. Three singles and a double in his many innings were all the New Yorks could garner off his delivery.

A pitcher game was made by Doyle in the first inning and he scored after when Murphy muffed an easy fly. From this time the Indians were never in trouble. New York got a single in the third and one in the fifth. In the ninth, Bender appeared to let down and Herzog hit him for a single and subsequently scored. It was the third game Bender pitched and his second victory in three days.

Despite the terrific hitting by the Athletics and the fact that a lot of errors were made by the two teams, the game was brilliantly played. Numerous plays which brought the cheering crowd to its feet were made. Bender, left fielder for New York, robbed Lord of a sure catch, but he was a great pitcher, catching his long fly in center field.

Baker and Davis made sensational running catches of foul flies and Collins electrified the spectators by a stop and throw of a terrific grounder to second base that no one thought he could reach.

The Philadelphia team was charged with five errors and all of them were made on the easiest kind of chances. Two of New York's three errors were wild throws which practically started the rout.

The crowd that saw the Athletics win the championship was the smallest of the season, numbering 29,494, but what it lacked in numbers was made up in enthusiasm. They had no noise and they were not to make any noise until the game was over.

A match game was arranged with the Normal University from Las Vegas to take place at Traction park next Saturday and arrangements were rapidly being consummated to make the turnout at the game one of the largest ever seen at a football game in Albuquerque. Yesterday information was received from the Normal boys that the order for football suits, given to the Spalding house in Denver had been lost on the way and there was no time to have the suits made before the game, it would have to be called off. Reason No. 4.

It will be noted that these unfortunate circumstances seem to touch themselves, coming to a time.

The postponed practice game between the High school and the Normal will be played at Traction park tomorrow afternoon at 2 o'clock. The High school boys think they will be in better shape after an additional afternoon's practice and believe they will be able to make a match better showing than they would have yesterday, even if it had not rained.

The postponement of this one game, and the cancellation of another due to the fact that the Normal team is young yet, and before it is over, Albuquerque will have an opportunity to see several first football games in the season. The New Mexico Military Institute, with a fast eleven will be here to play the Varsity.

him around and he almost did it by landing Baker on third with a single to center field. The veteran Davis then came up and hit a grounder to Doyle, who threw to the plate, but Baker was in with the run by a beautiful slide into home. This run gave the home team the lead. With none out, Barry laid down a bunt and in fielding the ball to first, Ames hit Barry on the hip and the ball rolled out to right field. Murphy and Doyle pounded the bases and Barry put on steam and started to sprint to second. Murray made a poor throw to catch the fleet-footed shortstop at second and Barry made a dash for home. He crossed the plate with the fourth run. Thomas, Bender and Lord then went out in order.

In the sixth the Athletics got a run on Murphy's two-base hit, and two outs, and in the seventh the Athletics put the world's championship in their possession.

Bender opened the seventh inning with a fly to Doyle. Lord singled to the infield and O'Driscoll put him on third with a single to center. Collins hit to White, who threw to Merkle, and when the latter dropped the throw, Lord sprinted across the base. Collins was safe. O'Driscoll on Baker's drive over Doyle's head and Collins went to third. Murphy pushed a single into center field and Collins came home. Baker standing at second, Doyle sent Baker home and Murphy to third on a smash to right field and a moment later Murphy came home when Barry lifted the ball into the crowd for two bases. Davis going to third.

Manager McGraw here switched pitchers, sending in Marquard, who let loose a wild pitch and Davis and Barry crossed the plate. Then up came Thomas, the ninth at the bat in the inning, and shot out his first hit of the series. Baker came up and Thomas started for first. Barry hit to Doyle. Fletcher, who was out, looked as if Thomas purposely went out to end the inning quickly. Bender struck out.

After that big inning the Athletics did not appear to try hard. At interest in the outcome of the series was gone and the big crowd started home.

There was no more scoring until the ninth inning, when Herzog scored on his single, a poor throw, a wild pitch and Fletcher's out. When the game was over the crowd of the crowd did not leave the ground before the game was ended presented a celebration. They cheered the players who had lived under the grandstand the instant the last man was out and gave three cheers for "Old Phil" and the Athletics.

first man out in the inning by firing. Bender hit a ball over second base which Doyle got by a beautiful run and threw the ball to Merkle who muffed it, but as Bender had stopped running Merkle was not given an error and Bender was safe. It would have been an almost sure single for the Indians if he had run the hit out. Lord drove a long fly to left center, which Devore got after a great run. Four runs, two hits, two errors. Devore's catch was as brilliant a piece of fielding as had been seen during the series.

Fifth Inning.
New York—Herzog fanned on three pitched balls, the last strike almost hitting the batsman. Fletcher was an easy out on a bunt. Bender in two, Meyers drove a line through the pitcher's box. Crandall went in to bat for Ames. Crandall was walked by Bender but not intentionally. Devore struck out. He had three balls and two strikes when called out by Connolly. No runs, one hit, no errors.

Sixth Inning.
Philadelphia—O'Driscoll hit a fly to Devore and sat down Collins bunted but White fielded the ball to first ahead of the first second baseman. Baker was out at first. Merkle muffed. No runs, no hits, no errors.

Seventh Inning.
New York—Captain Doyle was retired on a foul to Baker, which the latter got after a long run and sensational catch. Snodgrass drove a liner to left center which O'Driscoll took off his shoestrings after a long run. Murray was given his base on balls, the second passed by the Indians during the game. Murray was retired at second on Baker's throw of Merkle's grounder. Collins getting the put out. No runs, no hits, no errors.

Eighth Inning.
Philadelphia—Murphy drove a long fly to center, which Snodgrass muffed and it went for a double. Doyle is advanced. Murphy to third on his out. Doyle to Merkle. It was not an intentional sacrifice. Murphy scored on Barry's sacrifice fly to Devore. Thomas struck out on three pitched balls, one of which was called by the umpire. One run, one hit, no errors.

Ninth Inning.
New York—Herzog reached first on Barry's fumble of his easy grounder. Davis captured Fletcher's foul fly. Meyers again faced Bender. Bender struck him out. White also struck out. No runs, no hits, no errors.

Tenth Inning.
Philadelphia—Bender had been pitching magnificent ball, not a score having been made off him except in the first inning. Bender lifted a fly to Doyle. Lord made an infield single. O'Driscoll singled to center. Lord going to third and O'Driscoll to second on Doyle's throw. A very awful racket when Collins stepped to the plate. On a squeeze play Lord scored on Collins' hit to White. The latter tried to catch Collins at first, but dropped the ball. O'Driscoll scored on Baker's single over Doyle's head. Collins scored on Murphy's single. Baker going to second. Murphy's hit would have been an easy double had Baker not hesitated in running to second. Davis singled to right, scoring Baker. Murphy going to third. Barry drove the ball over the temporary fence in right field for a home run. Snodgrass was the ninth man up in the inning for the Athletics, they having batted around with only one out. It was a great exhibition of continuous hitting. Davis and Barry scored on a wild pitch. So far in the inning there had been seven runs scored on six hits. Marquard relieved White. The game had almost resolved itself into a burlesque. Thomas hit to right. Bender up. Thomas was out at second. Meyers to Fletcher. Bender struck out. Seven runs, seven hits, one error.

Eleventh Inning.
New York—Devore out at first. Barry to Davis. Doyle out. Davis to Bender, who scored. First. The crowd began to leave the grounds singing and cheering. Barry made his third error on the game by fumbling Snodgrass's grounder. The runner was safe at first. Murray was retired on a sensational stop and throw by Collins. No runs, no hits, no errors.

Twelfth Inning.
Philadelphia—With Wilson catching for New York, Lord drove a double to left, his third hit of the game. Neither team seemed to be playing the game. Lord went to second on O'Driscoll's error. Herzog took third on a wild pitch. Herzog scored on Fletcher's error. First. Collins to Davis. Melness went to first in place of Davis. It was Melness' first game in the world's series. Wilson out. Baker to Melness. One run, one hit, one error.

Thirteenth Inning.
New York—Merkle lifted a high one which O'Driscoll captured and scored. Barry made a sensational catch. The runner was safe at first. Murray was retired on a sensational stop and throw by Collins. No runs, no hits, no errors.

Fourteenth Inning.
New York—Merkle lifted a high one which O'Driscoll captured and scored. Barry made a sensational catch. The runner was safe at first. Murray was retired on a sensational stop and throw by Collins. No runs, no hits, no errors.

an average in the six games of 375. Barry is second with 368 and Murphy third with 361. The team batting average is .243. Lord and Davis are the only Philadelphia players who took part in the six games with a batting average of 1000.

Crandall leads the Giants at the bat with an average of .500, but he only took part in three games. Of the players who took part in the six games, Captain Doyle leads with a percentage of .304. Meyers is second, with .300 and Herzog third with .190. Matthews' batting average is .175. Snodgrass and Meyers each have a fielding average of 1000 in the six games. Murray made the poorest showing of the Giants. He did not get a hit and his fielding is rated at .625.

The Athletics excel in every department of the game, with the exception of stolen bases and are tied with their opponents at four.

SANTA FE DE LUXE TRAIN STARTS DECEMBER 10

Albuquerque to be One of Five Stops Between Chicago and Los Angeles; Sixty-Three Hours Its Schedule.

December 10 is the date set for the inauguration of the train de luxe on the Santa Fe. This information has been given out by W. J. Black, passenger traffic manager of the Santa Fe system, with headquarters in Chicago, and has been received by officials of the road in Albuquerque. It is also stated on the information that Albuquerque is to be one of the five stops to be made by this train between Chicago and Los Angeles for passengers.

The Santa Fe de Luxe is to be one of the most elaborate trains ever placed on wheels. The equipment has been designed and built especially for the Santa Fe and every effort of human ingenuity has been exerted to offer convenience and luxury unequalled by railroads in this country. The train de luxe will run from Chicago to Los Angeles in 63 hours. It will depart simultaneously from Chicago and Los Angeles on Sunday, December 10, and the schedule will be retained until about May 1. No tickets will be sold to intermediate points for this train.

The Santa Fe wishes to make the trip to California one of real joy to the traveler. This train de luxe is to run but once a week, and after its inauguration on December 10 it will leave Chicago and Los Angeles on Tuesday of each week, passing through Albuquerque on Thursday. It is an exclusive train for exclusive passengers who wish to spend money for additional convenience and a quick journey across the continent.

The train will be perfect in every detail. Complete new service will be maintained. A newspaper will be printed on the train—that is a schedule outline of the important news of the day will be gathered at certain points and distributed to the passengers.

MARK SMITH IS SENATE NOMINEE IN ARIZONA

Belated Returns From Primary Election Show He Has Defeated Eugene S. Ives for Second Term.

(By Morning Journal Special Leased Wire.) Phoenix, Ariz., Oct. 26.—District from Tuesday's primary election in Arizona are as yet very incomplete for the democratic candidates on the state ticket. It is known, however, that Marcus A. Smith, of Tucson, has defeated Eugene S. Ives, of Tucson, for the second democratic nomination for the United States senate, and will run, with Henry A. Ashurst, of Prescott, against Ralph A. Cameron, of Phoenix, and David A. Smith, of Globe, the republican candidates.

Carl Hayden, democrat, of Phoenix, and John S. Williams, of Tombstone, republicans, are the nominees for congress. The democrats named George W. P. Hunt, of Globe, for governor, and the republicans Edward W. Wells, of Prescott.

Two places in the democratic ticket for corporation commissioners are assured. These are F. A. Jones, of Phoenix, and W. P. Henry, of Winslow, with the third position unsettled between E. L. Short, of Rouse, and A. W. Cole, of Douglas.

The official canvass of the county boards of supervisors begins tomorrow.

WISCONSIN WARM IN HIS WELCOME TO TAFT

President Refuses to Make Political Capital Out of Reception; Discusses Socialism in Milwaukee; Cradle of Creed.

(By Morning Journal Special Leased Wire.) Milwaukee, Wis., Oct. 26.—President Taft received as cordial a welcome in Wisconsin today as he had found in any of the scores of states he has traversed during the last six weeks.

Mr. Taft did not attempt to analyze his reception nor to make political capital out of it. As a matter of fact, he steered as far away from politics as he could.

At Oshkosh, he drifted into a discussion of his tariff policy, but he did so with the explanation that he felt the people at large had a right to hear from a president's reasons for important executive action.

Not the least interesting event of the day was the president's visit to the city of La Crosse, where he withdrew his invitation to the president when it was announced that his time there would have to be somewhat curtailed. Mayor Wolff sent the telegram annulling the invitation and suggested rather sharply that the president might as well give all his time to Appleton and Oshkosh. Then the invitation was renewed and again accepted. The controversy evidently heightened interest in the president's coming for today the entire city turned out to bid him welcome.

Mr. Taft's first speech of the day was at Green Bay, where a great throng turned out to hear him. His subject there, as at Fond Du Lac, was peace. Next came Appleton and there, in the heart of a big paper manufacturing district, the president frankly answered a series of questions put to him in writing by the local Commercial club, asking an explanation of his course in favoring the paper and pulp agreements in the Canadian reciprocity acts which he declared did not invite disaster to the industry and which he said were put in to tempt Canada to depart from her prohibitory restrictions.

Senator Isaac Stephenson announced himself today as in favor of the arbitration treaties.

Mayor Zeld, the socialist executive of Milwaukee, was on the reception committee, which greeted the president on his arrival here tonight.

The president's constant speaking out of doors today, in a cold, damp atmosphere, had a serious effect upon his voice and when he faced an audience that filled the vast Milwaukee auditorium tonight, he spoke with the greatest difficulty.

Milwaukee is the socialist stronghold in the United States and when President Taft declared that the suppression of competition surely would lead to state socialism, there was a burst of applause.

"I am an individualist," exclaimed the president, "and I believe in individual effort as opposed to state socialism."

This called out a counter demonstration of approval far more noisy than the socialist applause.

FOR A DISORDERED STOMACH AND INDIGESTION

Cures Gas, Heartburn, Dyspepsia or Headache Five Minutes After Taking a Little Diapensin.

If you had some Diapensin handy and would take a little now your stomach distress or indigestion would feel fine.

This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it.

If your meals don't tempt you, or if you have to eat to fill your belly, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 5-cent case of Diapensin and take a little just as soon as you can. There will be no sour risings, no belching of indigestion, food mixed with acid, no stomach gas or heartburn, flatness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go away and there will be no undigested food left over in the stomach to poison your breath with nauseous odors.

Paper's Diapensin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is at any drug store waiting for you.

These large 50-cent cases of Paper's Diapensin contain more than sufficient to thoroughly cure almost any case of Diapensin, indigestion or any other stomach disturbance.

MEXICAN GOVERNMENT TO CRUSH ZAPATA

Mexico City, Oct. 26.—The government will throw a strong force into Morelos, Puebla and Oaxaca, to crush the Zapata rebellion as quickly as possible. This was decided at a meeting of the cabinet today and so reported to the chamber of deputies.

That the revolt could not be peacefully settled until Madero comes into power, was made known tonight, irritated by criticism that he indirectly was the cause of the continuing trouble at Zapata's hands. Madero wired from Mexico City, Oct. 26, that Zapata had refused to lay down his arms because he feared any agreement made with the present government would not be carried out.

Something Else That Has Never Been Explained

When the county of McKinley was organized out of the part of Bernalillo county, the new county was added to the old in the sum of about \$25,000.

Bonds in this amount were delivered to Bernalillo county and sold for 25 cents on the dollar.

After all but \$19,845.07 of the money received from the sale of the bonds had been disposed of in various ways, not explained, a check for the \$19,845.07 was turned over to Victor Montoya, who donated in the bank to the credit of Frank A. Hubbell, county treasurer.

The check was returned by the bank showing that it had been cashed.

As far as this newspaper of the public is informed, absolutely nothing exists to show what became of this \$19,845.07.

This matter has been brought up at various times by the newspaper, and to the best of our recollection, Mr. Hubbell has never explained what disposition was made of the money.

If he has an explanation ready now, it will be received with interest by the public just at this time.

The clever Mr. Safford is reported to have said some time ago that he was of the impression that he believed he had the idea that something was done with the money.

If the clever Mr. Safford should any light on the problem this also will be appreciated.

YOUNG MEN'S GOOD GOVERNMENT CLUB ORGANIZED

First Voters Determine to Take Active Part in Struggle for Righteousness in Public Affairs in New Mexico.

The Young Men's Good Government club, composed almost entirely of first voters, was organized last night at a largely attended and enthusiastic meeting. The young men of Albuquerque have determined to take an active part in the present campaign and the meeting last night was for the purpose of temporary organization and perfecting of plans to keep the club thoroughly in touch with the political situation in this county and in the state.

The club, which is a non-partisan organization, is determined to take an active part in the struggle for clean government in New Mexico. It is made up of young men from all walks of life, young men who have lived in New Mexico since infancy and young men who have the best interest of New Mexico at heart.

Temporary organization was perfected by the election of the following officers: President, I. H. Huggott; Secretary, H. B. Fennell; Treasurer, J. R. executive committee, B. K. Stamps, W. H. Crews, William Beauchamp, Walter Dieque and H. B. Jamison.

AVIATOR RODGERS TO REACH EL PASO TODAY

Sanderson, Texas, Oct. 26.—C. P. Rodgers, the Atlantic-to-the-Pacific aviator, flew from Spofford to Sanderson today. He started from Spofford at 1:03 p. m., alighted at Del Rio at 1:42, after traveling thirty miles, reascended at 2:50 and came down at Sanderson at 3:07.

From Del Rio to Sanderson, Rodgers followed the Mexican-Texas border the greater part of the way, crossing the international line four times. To replenish his supply of lubricating oil, he stopped for fifty minutes at Del Rio. The distance from Spofford to Sanderson is 1,000 miles.

The aviator expects to resume his flight to El Paso tomorrow morning.

Is It Afraid to Tell?

The local evening paper, having refused to cut some of its various contradictory statements, claiming that its owner, ship and management has changed, the Morning Journal recently asked that the Tribune, in proof of its allegation, tell the anxious public who are its present owners, managers and stockholders.

The Tribune has apparently not heard the question.

We will now repeat it in a somewhat louder tone.

The Tribune, now bitterly attacking the honest and fearless Mr. Hagerman, who started into the game as a rough shod that Theodore Roosevelt was afraid to back him up, and about a year or so ago.

There is some to be a general cleaning out of officials in New Mexico in the very near future and that fact is beginning to be apparent to the gaze. Since the disclosures which were made during the Hagerman administration concerning the situation in this territory there has been much quiet investigation of affairs in New Mexico and the result is that the administration is thoroughly conversant with the situation.

The Tribune has thus flatly reversed its whole attitude.

It says its ownership has changed.

The being so, the only way to prove it is to give the names of its present owners. If it does not, we can only conclude that the Tribune's editorial opinions are for sale to the highest and best bidder for cash—\$10,000.

MORTGAGE

Unless the Tribune gives us the names, we shall be able to reach only one conclusion. The Tribune will look for them this evening.

CHINESE THROWN SURRENDERS TO DEMANDS OF ASSEMBLY

In Desperate Effort to Pacify Revolutionists It Bows to Will of Body It Once Treated With Contempt.

DISMISSES MINISTER AND CALLS PRINCE TO ACCOUNT

Taking of Steps to Grant Immediate Constitutional Law May End Bloody Fighting Now in Progress.

(By Morning Journal Special Leased Wire.) Peking, Oct. 26.—The throne today surrendered to the Tsun Cheng Yuan, China's national assembly, and in compliance with its demands, dismissed Sheng Hsuan Hual, minister of posts and communications, ordered Prince Ching, president of the cabinet, before a board of inquiry, where he doubts will be severely dealt with, and the democratic candidate, with H. O. Bursum, the candidate of the ring. The people of Lincoln county, at least a large majority of them, are old-timers in New Mexico, and know both men, and there is no doubt as to where they stand.

The speaker was cheered to the echo when he contrasted W. C. McDonald, the democratic candidate, with H. O. Bursum, the candidate of the ring. The people of Lincoln county, at least a large majority of them, are old-timers in New Mexico, and know both men, and there is no doubt as to where they stand.

Mr. Hanna dismissed the issues of the campaign from the standpoint of a progressive republican, and he too, was given an ovation.

Inquiry among the residents of Lincoln county shows that Mr. McDonald not only has the unanimous support of the members of his own party and that of the progressive republicans, but that many of the so-called stand-pat republicans, who have known him long and favorably will support him and his ticket at the polls on election day.

Hagerman and Hanna, in the past few days have spoken to large audiences in Puerto de Luna, the old and new towns of Vaughn and several other smaller places, and everywhere they have been greeted by big audiences.

The number of republicans who openly declare that they are determined to rescue their party from the baneful effects of many large presages a landslide for the democratic-progressive ticket in this section of New Mexico.

Bursum, Falk, Eugene Baca and Jose D. Sena, who were to have gone to Captain this evening, missed their train and did not reach here until 10 o'clock. They were tonight endeavoring to arrange for transportation by automobile to Captain where they hoped that an audience would still be waiting. Reports from their meeting at Alamogordo last night are to the effect that it was not only a frost, but a positive freeze.

General Li Yuan Heng, rebel army commander at Hankow, has advised foreign consuls there that he intends to confiscate any ships he catches carrying war munitions or contraband goods, and departmental orders have been issued to this effect.

FOO CHOW REPORTED TO HAVE FALLEN

Shanghai, Oct. 25.—Chinese official telegrams report that Foo Chow has fallen and that the customs house has been seized by the rebels.

Foo Chow is one of the treaty ports in the province of Kiangsu. The population is about 700,000.

Madero gave his reason for his early inauguration that President de la Barra was not able to pacify the country," says General Viljoen. "He believes his inauguration will have a pacifying effect on the entire country and the Zapata uprising in the state of Morelos will be brought to a speedy conclusion."

WORK BEGINS ON NEW WATERWORKS

Las Cruces to Have Splendid New Supply System on Mesa; Construction of City Sewers to Start Soon.

(Special Correspondence to Morning Journal.) Las Cruces, N. M., Oct. 24.—The work of installing the city waterworks on the mesa and the construction of the city sewers will soon be begun and rushed to completion. The engineers have made a complete survey and estimate of the improvements and bids are now being asked for.

Last spring the enterprising taxpayers of Las Cruces voted \$40,000 for a modern city waterworks and \$15,000 for a city sewerage system. The water system now in use pumps directly into the mains, using valley water and making the pressure very low. Citizens had talked of a high pressure plant but not until several large fires had destroyed valuable property did the residents wake up to their helpless situation. A vote was taken, no one voting against the bonds. Experimental wells will be drilled high on the mesa. The best will be determined and pumps installed.

Don't trifle with a cold. It is good advice for prudent men and women. It may be vital in case of a child. There is nothing better than Chamberlain's Cough Remedy for colds and coughs in children. It is safe and sure. For sale by all dealers.

PREDICT LANDSLIDE IN GOADALUPE AND LINCOLN

BIG CROWDS OUT TO HEAR HAGERMAN AND HANNA

Progressive Speakers Accorded Ovation at Carrizozo; Bursum Meeting in Alamogordo Genuine Frost.

(Special Dispatch to the Morning Journal.) Carrizozo, N. M., Oct. 26.—One of the biggest audiences ever assembled in Carrizozo or in the county of Lincoln turned out last night to welcome former Governor Hagerman and Hon. R. H. Hanna. People came from great distances and packed the hall until every seat was taken, and by actual count, over four hundred people were standing in the aisles and in the space at the rear of the seats. The hall was beautifully decorated with flags and bunting and over the stage was a picture of William C. McDonald, of Carrizozo, the people's candidate for governor of New Mexico, at every mention of whose name there was a tremendous burst of applause.

Governor Hagerman, who was the first speaker of the evening, devoted his remarks to an arraignment of the men now seeking to seize the government of the new state for their own selfish purposes. He pointed to the long record of graft and misrule, extravagance and mismanagement that had marked the career of the men before the ticket nominated at the Las Vegas convention, and pleaded with his hearers to work for the election of the men on the democratic ticket, who were clean and whose platform pledged them to inaugurate clean government in the new state.

The speaker was cheered to the echo when he contrasted W. C. McDonald, the democratic candidate, with H. O. Bursum, the candidate of the ring. The people of Lincoln county, at least a large majority of them, are old-timers in New Mexico, and know both men, and there is no doubt as to where they stand.

Mr. Hanna dismissed the issues of the campaign from the standpoint of a progressive republican, and he too, was given an ovation.

Inquiry among the residents of Lincoln county shows that Mr. McDonald not only has the unanimous support of the members of his own party and that of the progressive republicans, but that many of the so-called stand-pat republicans, who have known him long and favorably will support him and his ticket at the polls on election day.

Hagerman and Hanna, in the past few days have spoken to large audiences in Puerto de Luna, the old and new towns of Vaughn and several other smaller places, and everywhere they have been greeted by big audiences.

The number of republicans who openly declare that they are determined to rescue their party from the baneful effects of many large presages a landslide for the democratic-progressive ticket in this section of New Mexico.

Bursum, Falk, Eugene Baca and Jose D. Sena, who were to have gone to Captain this evening, missed their train and did not reach here until 10 o'clock. They were tonight endeavoring to arrange for transportation by automobile to Captain where they hoped that an audience would still be waiting. Reports from their meeting at Alamogordo last night are to the effect that it was not only a frost, but a positive freeze.

General Li Yuan Heng, rebel army commander at Hankow, has advised foreign consuls there that he intends to confiscate any ships he catches carrying war munitions or contraband goods, and departmental orders have been issued to this effect.

BID FOR ISSUE OF COUNTY BONDS REJECTED

Commissioners Turn Down Proposal of Cincinnati Firm Because of Clause Regarding Examination By Experts.

A special meeting of the board of county commissioners was held in the court house yesterday to consider the bids of the Cincinnati firm of Senegood & Mayor of \$75,000 for the new refunding bond issue. This was refused because it contained a proposition that all the expenses of sending an expert from New York to investigate the legality of the issue was to be borne by Bernalillo county.

A. E. Walker, clerk of the board, was instructed to have an election proclamation prepared for the first state election for voting on "The Blue Ballot," and for county officers.

The board was also officially notified of the mandamus that has been issued by Judge Abbott with regard to the application of excess fees in the "General Deficiency Fund." This is the case which Judge Abbott decided on Tuesday adversely to the belief of the board, after the case had been pending some six months.

LIGHTNING BOLT BURNS OUT TRANSFORMER

Yesterday Afternoon's Storm Accompanied By Severe Lightning and Much Thunder; Considerable Rain Fell.

As a result of lightning striking on North Broadway yesterday afternoon during the rain storm, a transformer of the Albuquerque Gas & Electric company was burned out and that portion of the city was in danger of being in darkness last night. An extra gang of men was dispatched to the place of the trouble, and by 4:30 the transformer was repaired and the "juice" again flowed through the network of wires.

The rain that fell during the electrical storm yesterday afternoon was one of the heaviest in years. The streets were converted into miniature streams. Both the thunder and lightning were very severe, some of the reports shaking buildings down town.

The temperature fell following the rain, and the evening was consequently much cooler than evenings ordinarily are at this time of the year.

At night the wind blew considerably and it was quite chilly, reminding the late pedestrians of the oncoming winter.

NEW TIME CARD GOES IN EFFECT NOVEMBER 12

Putting on of First of Three New Transcontinental Trains on Santa Fe Responsible for Revision of Schedules.

A new time card, revising the schedules of practically every train on the Santa Fe's transcontinental line running through Albuquerque, will become effective November 12, on which date the first of three new transcontinental trains to be inaugurated by the Santa Fe will be placed in service. This new train is to be operated jointly over the Santa Fe and Frisco systems, giving the Santa Fe a fast train into St. Louis.

A meeting of the officials to formulate a new time card was held in Topeka last week, at which time a rough draft of the probable changes in schedules was drawn up. This, however, is subject to change and until the new time card is definitely agreed upon, no announcement of the revised schedules will be made by P. J. Johnson, Santa Fe agent in Albuquerque.

It is believed that the new time card will contain the most drastic rearrangements introduced in years of the schedules of trains now operating through Albuquerque in order to make way for the St. Louis train, and also for the de luxe train and the San Francisco to New Orleans. The latter two are to be placed in operation before the first of the year.

Mrs. H. B. Ray in Charge of Interesting Program at Meeting of Women's Club Today.

"Art, Travel and Music," is collectively and comprehensively the topic at the Women's Club today. One of the most interesting programs of the season has been arranged, both literary and musical and Mrs. H. B. Ray will lead the session.

The musical program is exceptionally fine, featuring work of the well known soprano, Mrs. Winchester, and piano numbers by Miss Hilda Grunfeld who has studied music for two years in Germany and who is a finished pianist.

The program in full is as follows: Roll Call—Things That Would Make the Art Department More Interesting.

Talk—"Our National Aims" Mrs. Hays Paper—"Woman's Work in Decoration"—Mrs. F. K. Harden Reading—"Selected" Miss Helen Ward "Famous Bridges, Ancient and Modern" Mrs. J. W. Wilson

MISSIONARY UNION TO MEET THIS AFTERNOON

Gathering of Allied Church Societies at Christian Church Expected to be Largely Attended; Interesting Program.

The Albuquerque Missionary union, an organization composed of representatives of all the Protestant churches, will hold a meeting this afternoon at the Christian church on the corner of Gold and Broadway.

The devotional portion of the program will be featured by the reading of Longfellow's "Message Beautiful," by Mrs. Woodford of the Congregational church.

Mrs. E. D. Miller will render a solo. A paper on "The Stranger Within Our Gates," will be read by Mrs. Potter of the Baptist church. There will also be a paper by Mrs. McKee of the Methodist church, South.

"The Lord's Work Demands Haste," Mrs. Beckman of the Methodist Episcopal church, will discuss.

A paper, "An Outlet for Patriotism," Mrs. Little of the Presbyterian church, will read.

Following the devotional exercises a social hour will be engaged in when the ladies will be the guests of the Christian church members. Refreshments will be served.

ELKS FIT HORNS TO BIG CLASS OF MEMBERS

Rousing Initiation Last Night Boosts Membership to 778; Albuquerque Lodge Biggest One in New Mexico.

Last night was a big night for Albuquerque Elks Lodge No. 461, when at an adjourned meeting, antlers were fitted to a large class of members. It was one of the largest classes taken in for some time and boosts the membership to 778, which is greater by far than that of any Elks lodge in New Mexico. At the rate the lodge is growing it is expected that eight hundred will be the total membership by January 1, 1912.

Those recently elected as members, most of whom were initiated last night, making them full-fledged members of the Best People on Earth, include Merle Cain, T. E. Anderson, C. E. Cain, George E. Able, W. M. Miller, P. P. Woy, E. E. Albright, Charles A. Eller, F. D. Woodford, T. R. Mann, E. G. Corrojo, Ray McPherrin, J. W. Gilbert, H. J. Moore, E. A. Clemens, G. A. Gutches, Ben E. Harcoe, N. L. Leonard, G. J. Cain, Carl L. Chase, G. E. Kennedy, R. A. Gaughan and P. J. Johnson.

Proceeding the initiation ceremonies, a short business session was held at which several applications for membership were received and accepted. Lunch closed last night's meeting and the newly initiated members were given an insight into that hospitality and good fellowship which is proverbial among Elks.

ALBUQUERQUE TO HAVE LODGE OF MOOSE

W. H. Carter, District Supreme Organizer of Widely Known Fraternal Order, to Install Order Here.

W. H. Carter, district supreme organizer of the Loyal Order of Moose, a social and fraternal order, is in the city and has established himself at 204 West Gold avenue. Mr. Carter proposes to assist in the establishment of a branch of the order in Albuquerque.

The Loyal Order of Moose has been organized since 1888, the first lodge having been established at Louisville, Ky. Dr. John Henry Wilson, who had secured some prominence as an organizer for the Knights of Pythias, was secured by the original organizers to push the new order, and he was practically the directing head of the work of the Moose until his death in 1909. The order did not grow very rapidly until 1906, but during the next two years 45 lodges were established and the membership increased to 14,000. Since that time the lodge has, under the guiding efforts of L. L. Davis, supreme organizer, grown until
