## CONTINENT IS FROZEN

Las Vegas Leads the West  
For Terrific Fall in Temperature.

## IS THIRTY BELOW

Five People Perish in Oklahoma  
While Live Stock is Suffering  
Intensely the Country Over.

### Cold That Kills.

New York, Feb. 13.—Six persons were injured, one perhaps fatally, in a collision between the Madison Avenue car north bound, and the Lexington Avenue car going east on One Hundred and Fifteenth Street. Slippery rails caused the accident. Reports from the various hospitals show that scores of people were seriously injured by slipping and falling in various parts of the city. Traffic was paralyzed all over Greater New York. Hundreds of horses fell and many had to be shot on account of their injuries.

### Worst of the Year.

Chicago, Feb. 13.—Today was the coldest of the winter in Chicago. At 7 o'clock this morning it was nineteen below. At 8 o'clock it was eighteen below and the weather observer predicted it would not rise much higher during the day. The intense cold is accompanied by a high wind. All incoming trains are late.

### Freezing to Death.

Kansas City, Feb. 13.—Missouri, Kansas and the territories are today in the grasp of the most severe cold wave in twenty years. Great suffering is experienced and all train service is demoralized. In Oklahoma five persons were frozen to death and the loss to stock there and in western Kansas is the greatest in a score of years. In Kansas City the Weather Bureau announces twenty-two below, equalling the coldest weather in the history of the local service. In other portions of Kansas twenty-four below is reported. In Central and Western Kansas a gale is blowing and the temperature is twenty-eight below.

### Fierce at Denver.

Denver, Feb. 13.—The backbone of the wave which covered the Rocky Mountain region Saturday night and Sunday appears to be broken. The minimum temperature at the Weather Bureau in this city during the night was fourteen below, between three and four a. m. At 6 o'clock this morning the official temperature was zero with indications of a further rise during the day and much warmer tomorrow. The coldest of the present snap was Sunday morning at 6 when it was twenty-six below at 4 o'clock this morning, equalling the lowest recorded. All trains are badly delayed, the Missouri Pacific trains from the east, due in Pueblo, Saturday, are now snow bound and all other trains are many hours late.

### Iowa Records Smashed.

Des Moines, Iowa, Feb. 13.—The mercury today broke all records, going twenty-six below.

### Nebraska Also Ran.

Lincoln, Feb. 13.—The mercury registered twenty-six below early today, the coldest since 1897. On account of the blocked train service there is a scarcity of coal here. In central Nebraska as low as thirty-two below is registered.

### Omaha Sits In.

Omaha, Feb. 13.—There was a continuous fall of temperature during the early hours this morning. Twenty-two degrees below were registered early today. There is much suffering of live stock throughout the state. The condition of freight traffic remains unchanged. Hundreds of cars of merchandise are blocked in the yards in Omaha with no prospects of immediate movement.

### St. Louis Chilled.

St. Louis, Feb. 13.—Not in many years has the thermometer registered as low as today, when the coldest weather with one exception in the history of the local station was ushered in with a temperature of eighteen below. At 9 o'clock this morning there was a rise of only one degree, and a stiff wind combined with the cold, crippled street car transportation and interfered seriously with all business.

All the west is today in the throes of the bitterest cold of the winter. Reports of temperatures far below zero are being received from the country over, but Las Vegas seems to have led the west and the world for a bad night, the mercury at that city having dropped to thirty degrees below. Santa Fe people at 7 o'clock this morning awoke to a temperature of three below, it having been yet four degrees colder just at day break. If the "kickers" had been at the Meadow City at the same hour their kicklets would have been frozen into icicles before they could have been registered.

### Florida Plays Freeze-Out.

Washington, Feb. 13.—The Weather Bureau today issued the following special forecast:

(Continued on Page Eight.)

## BARELA NOT A CANDIDATE

Casimiro Barela, of Trinidad, Colorado, representing his district in the state Senate, arrived in the Capital last night for a conference with political leaders and friends. He will also appear before Governor Otero to urge a commutation in the case of Jose Eufrasio Vigil, sentenced for murder in Colfax County and who is to be hanged in Raton on the 17th instant.

Senator Barela held a long conference this morning with Hon. Solomon Luna, national Republican committeeman for the Territory, and it is said that in this interview he flatly denied that he was even a candidate for Governor of New Mexico. He said the newspapers had simply been using the stories about his alleged candidacy to make news.

## OF NO POLITICAL SIGNIFICANCE

A delegation of prominent citizens of Taos arrived in the city Saturday. They came to visit Senator Casimiro Barela, who is in the city today on business and will likely go with him to Trinidad for a visit the latter part of the week. They are Juan Santistevan of Taos, Gregorio Griego and Ramon Sanchez of Penasco, and Antonio C. Pacheco of Arroyo Seco. The members of the party upon being asked concerning the report that they were here to consult with Senator Barela and to aid his reported candidacy for the governorship of New Mexico, say that there is no truth in the report whatever and that they are here simply on private business. Juan Santistevan and Antonio C. Pacheco, two of the members, so informed a representative of the New Mexican. They all agree, however, that there is much snow in Taos County, in many places eighteen inches deep and on the plains about six inches deep and that the outlook for the coming spring and summer for stock and farming is first class.

## CARBOLIC ACID ROUTE TOO HARD

Mrs. Texas Brady who has been in the jail at Alamogordo since last fall, on last Wednesday swallowed a dose of carbolic acid with suicidal intent. The agony which the fiery fluid caused her, led her to scream for help. Medical aid was summoned and she will probably recover. The woman is being held on the charge of blackmail. Her male companion, who had been arrested with her, died at the county jail last week from the effects of a surgical operation. Despondency over his death was the cause of Mrs. Brady's attempt at suicide.

## JOSEPH'S STORE BURGLARIZED

Midnight Intruders Break Open the Safe and Secure Four Hundred Dollars in Paper Money.

The store and postoffice at Ojo Caliente, Taos County, was entered by burglars on last Tuesday night. The burglars opened the safe and abstracted \$400 in paper money but left undisturbed a \$20 gold piece, \$60 in silver and a lot of jewelry including several diamonds. Antonio Joseph, proprietor of the store and postmaster and he says that he has absolutely no clue to the robber or robbers.

## WOMAN SUSTAINS TERRIBLE BURNS

Mrs. Florida Baca de Gonzales, the wife of a stockman living across the Rio Grande from Socorro, was terribly and perhaps, fatally, burned at her home last week. Her clothing caught fire accidentally and before help could reach her the skin of her body from her ankles to the hips had burned almost to a crisp. She suffered horrible tortures for several days before a physician was called in, who ordered her taken to Socorro where she lies at the home of Ambrosio Torres, hovering between life and death.

### Special to the New Mexican.

Capitan, Feb. 13.—In the teeth of the worst storm in five years, Constable Columbus Byfield, assisted by James Brent, a former sheriff of Lincoln County, rode to the ranch of Robert Leslie, eight miles south of White Oaks, Tuesday last and made two sensational arrests finding startling evidence of guilt. Byfield and Brent found at the Leslie ranch the freshly butchered carcasses and hides of nine beefs, the hides bearing the brand of the Carrizozo Cattle Company and the W and the Three Blocks brands of the El Capitan Cattle Company. In a slaughter pen near the Leslie ranch house four fat cows also of these brands. Leslie's seventeen year old son was the only person on the ranch. He was foiled in his efforts to hide and was promptly arrested. Elisha Leslie, an elder son of Robert Leslie, was captured as the officers were returning to El Capitan. He was at that time en route home from El Capitan where he had made a sale of a stolen beef.

Both young men were a day or two later taken to Nogal where they were given a preliminary hearing and held over to the District Court. Their father, Robert Leslie, will be arrested on sight. He will hardly be able to escape the country.

For a long time the Leslies have been suspected of butchering and selling stolen cattle, but to catch them in the act has been exceedingly difficult because they possessed a large bunch of cattle of their own. Naturally, they have always resented suspicion with the statement that they were butchering their own cattle. Their opportune capture at this time is due to the matured plans of those directly interested.

Elisha Leslie, familiarly known as "Lish" was indicted in Lincoln County, two years ago on a charge of cattle stealing, having been arrested by James Brent, one of the arresting officers in this case. "Lish" escaped and crossed the Arizona line. He remained in Arizona until a few months ago when he returned home, giving bond for his appearance at the next term of court. The officers will see to it that he is on hand, safe enough, at that time.

## WOMAN MAY NOT HANG THURSDAY

Philadelphia, Feb. 13.—A petition asking for a reopening of the case of Samuel Greason, colored, was filed in the Supreme Court today. Greason and Mrs. Kate Edwards were convicted of the murder of the latter's husband but in a recent confession the woman exonerates Greason from all blame. Should the Supreme Court grant the request of Greason's counsel neither Greason nor Mrs. Edwards will be hanged Thursday of this week as they would be relieved in order that she might testify in Greason's behalf. A supplemental confession by Mrs. Edwards was also presented to the court. In it she says she gave her husband liquor until he became intoxicated and then she hit him on the head with a hammer. Her daughter Mary witnessed it all she says, and then helped her throw the body into the cistern. Mary is now in St. Louis and the police there have been asked to keep her under surveillance.

## DIE OF COLD IN COLORADO

Florence, Colorado, Feb. 13.—Charles C. Freise, a well known citizen of this place, was frozen to death yesterday while hunting. His body was found early this morning.

### Second Colorado Fatality.

Walsenburg, Colo., Feb. 13.—William Pettie, employed by the Huerfano Mining Company was frozen to death after losing his way on the road from the mining camp to town. His body was found this morning.

### BIG ALABAMA BLAZE.

Mobile, Feb. 13.—The fire which destroyed Battle House, Mobile's historic hotel, the Commercial House, and several adjoining buildings, was gotten under control today. The total loss is \$400,000.

## TEDDY FULL OF SPUNK

He Flatly Refuses to Present the  
Senate Amendment Treaties  
to Other Nations.

## ALL OR NOTHING

Says the Change of Wording is a Step  
Backward Which He Very Respect-  
fully Declines to Take.

Washington, Feb. 13.—President Roosevelt will not present the arbitration treaties as amended by the Senate to the countries with which they were negotiated. In reply to the numberless inquiries by representatives of the press at the state department today, Secretary Hay made in substance the following statement: "The President regards the matter of the general arbitration treaties as concluded by the action of the Senate Saturday. He recognizes the right of the Senate to reject the treaty either by a direct vote in that sense, or indirectly by changes which are incompatible with its spirit and purpose. He considers that with the Senate amendment, the treaties not only cease to be a step forward in the cause of general arbitration, but are really a step backward, and therefore he is unable to present them in this altered form to the countries with which we have been negotiating."

## WILL MURDER IT IN CONFERENCE

### Special to the New Mexican.

Washington, D. C., Feb. 13.—Sufficient signatures have been secured on the Republican side to send the amended statehood bill to the conference committee. This is interpreted to mean that the House will insist on the provisions of the original Hamilton joint statehood bill and that a fight will be made in the conference committee. This action is not favorable to the prospects for single statehood.

### Must Watch Out for Dams.

Washington, Feb. 13.—New Mexico persons, localities and boards having at heart any irrigation schemes whatsoever cannot watch them with too great a zeal. Every arid section in the west is clamoring for aid and the ones that are followed the most insistently and whose backers see to it that they are urged by the greatest influences will be the ones to secure appropriations for work. The Smith-Culberson bill, which is to give El Paso Rio Grande water at the expense of the Mesilla Valley, is being carefully looked after by the New Mexicans at the Capital.

## HEARST ATTACKED IN CONGRESS

Washington, Feb. 13.—In the House today Congressman Sullivan of Massachusetts, replied to certain statements regarding himself printed in the New York American. His remarks were the outcome of the debate on the railroad rate bill in the course of which Sullivan inquired why Mr. Hearst was not present to explain his own bill. Sullivan characterized the American's article as a "deliberate insult to one member by another." He referred to Hearst as the "unknown man or political novice whose only recommendation is his inherited wealth." Replying to Sullivan, Hearst denied that he either suggested or inspired the article in the American referred to. He charged that John A. Sullivan was one of two brothers who kept a saloon in Boston where a murder was committed and that the two Sullivan brothers were indicted for murder. This accusation threw the House into an uproar and provoked objections. Speaker Cannon admonished Mr. Hearst that his remark violated the rules. Hearst cut short his remarks with the statement that he was proud of the hostility of such men as Sullivan.

## WOUNDED CITIZENS ARE IN PRISON

Warsaw, Feb. 13.—Advices from Lodz say that a number of men resumed work today, but that after a couple of hours all is again quiet. It is semi-officially announced that as a result of the disturbances at Lodz, one hundred and twenty-four bodies have been buried while two hundred wounded persons are still in prison.

## LEGISLATIVE ASSEMBLY

### COUNCIL.

Afternoon Session—27th Day.  
Council was called to order at 2:15 o'clock by President Clark. Messrs. Greer, Leahy and Winters were absent. Journal of previous session was read and approved.

President Clark announced having signed Council Bill No. 17, and Council Joint Resolution No. 3.

An adjournment was then taken until tomorrow morning at 10 o'clock.

### HOUSE.

### Afternoon Session—27th Day.

Speaker Dalles called the House to order 2:20 at o'clock. Upon roll call all were present except Messrs. Ortiz, Wight and Williams. Reading of journal was dispensed with.

House Bill No. 75, by Mr. Wilkerson, An Act entitled An Act to amend section 1, chapter 4, of the acts of the Legislative Assembly of 1899 and for other purposes. Referred to committee on judiciary. The bill refers to the date of holding sessions of the Supreme Court of the Territory.

House Bill No. 76, by Mr. de Baca, An Act entitled An Act to secure more thorough teaching of both English and Spanish in the public schools of the Territory. Referred to committee on education.

House Bill No. 77, by Mr. de Baca, An Act entitled An Act to amend section 1, of an act to create the county of Quay. Referred to committee on counties and county lines.

House Bill No. 78, by Mr. Griego, An Act creating school districts. Referred to committee on territorial affairs.

House Bill No. 79, by Mr. Sanchez, An Act to change a portion of the northern boundary line of Mora County. Referred to committee on counties and county lines.

House Bill No. 80, by Mr. Sanchez, An Act to prevent corporations, etc., from changing the course of rivers and other streams. Referred to committee on irrigation.

House Bill No. 81, by Mr. Sanchez, An Act providing for the better protection of fish and game in the Territory. Referred to committee on finance.

House Bill No. 82, by Mr. Howard, An Act grouping the several counties of the Territory in district attorney districts and the appointment of district attorneys therefor. Referred to committee on judiciary.

House Joint Memorial No. 3, by Mr. de Baca, praying for the establishment of another land office district in the Territory. Referred to committee on territorial affairs.

The committee on judiciary reported on House Bill No. 7, recommending that it be not passed. Mr. Sanchez moved that the report be laid on the table indefinitely. Upon a vote, the result was 18 ayes and 4 nays. Mr. Pendleton made a stirring speech against the bill which was listened to attentively and resulted in several converts. The bill relates to titles to real estate.

The committee on judiciary reported House Bill No. 25, with the recommendation that it be not passed. It was moved by Mr. Wilkerson that the report be adopted and the motion was carried. Mr. Wilkerson then moved that the bill be laid on the table indefinitely, which was carried. The bill relates to pawnbrokers.

The committee on judiciary reported House Bill No. 46, recommending its passage. The report was adopted. The bill was read in full for information and provides for the amendment of section 19, chapter 81 of the Session Laws of 1901, relating to the appraisal of estates of deceased persons. Mr. Wilkerson moved that the bill be read the third time by title, preparatory to its passage, which motion was carried. The bill passed unanimously.

The committee on internal improvements reported House Bill No. 54, by Mr. Howard, by request, recommending its passage. The report was adopted. Upon motion the bill was read in full for information. The bill provides for a standard of weights and measures in the Territory. Mr. Crollot moved that the bill be amended, exempting the measure of land. The motion was out of order. Mr. Howard then moved that the bill be recommitment. The motion carried.

The House then adjourned until tomorrow morning at 10 o'clock.

## LEGISLATIVE POINTERS.

The officers of the force of mounted police provided for by the Greer "Mounted Police Law" will not be appointed by Governor Otero until after the session of the Legislative Assembly closes. The law prescribes that the appointment of the captain, of the lieutenant and of the sergeant in the force, shall be made within sixty days from the approval of the bill. It is understood, that Governor Otero will be very careful in his selections and will not act for some time in order to name as good men as can be had for these very important positions.

## DEATH BLOW TO SLANDER

Solicitor General Prichard's  
Brilliant Challenge to United  
States Senator Burrows.

## SHOW UP OR SHUT UP

Michigan Man Will Earn \$1,000 For  
Charity If He Can Produce Two  
Polygamists in New Mexico.

United States Senator Julius Caesar Burrows, of Michigan, one of the Senators opposed to statehood for New Mexico, in a speech in a recent debate on the statehood bill now pending in the Fifty-eighth Congress, gave New Mexico a severe drubbing, among other things asserting in substance that New Mexico is full of Mormons, that they control political and legislative affairs here and that if the Territory became a state, they would rule. This shows how little the honorable Senator from the great state of Michigan knows. If he is no better posted on affairs in general and if there are many like him in the U. S. Senate, then the good Lord have mercy upon the country. There are in New Mexico not over one thousand Mormons. They have a small settlement on the San Juan River in the vicinity of Fruitland, another at Ramah, in McKinley County, and there are a few of them in the Rio Grande Valley, north of Santa Fe. There is not a single polygamist among them, as far as is known. The following dispatch which was sent today to the Senator by Solicitor General George W. Prichard, is certainly entitled to an answer from Senator Burrows:

"Hon. J. C. Burrows, United States Senate, Washington, D. C.

"The Congressional Record of the 7th instant contains these words uttered on the floor of the Senate by you: 'Today polygamy exists in New Mexico. It has been declared that it is a breeding ground of polygamy. If this Territory is not admitted, these violators of law will be brought to justice.' I challenge the truth of the above utterance and will put up one thousand dollars to be turned over to any charitable organization you may name if you furnish the names of two men in this Territory out of a population of three hundred thousand here, who have plural wives in New Mexico. You said in your speech that you had the information. Let us hear from you."

GEORGE W. PRICHARD.

"Solicitor General of New Mexico." The records of the United States courts in this Territory, show conclusively that not a Mormon has been indicted or tried under the Edmunds' law which has been enforced by the United States for over twenty years, in the U. S. courts of this Territory. Had there been a single Mormon polygamist in the Territory during these years, he would have certainly been found out, indicted and tried, as the United States district attorneys have made it a special practice to be active and strenuous in the execution of the provisions of the Edmunds act, which was primarily passed by Congress to stop the practice of polygamy in the territories of the United States.

## ARM AND HEAD ARE BLOWN OFF

William Wells was killed in a dynamite explosion last week in the Kelly mine in the Magdalena District, Socorro County. Wells while using his pick struck the cap of a charge in a drill hole which had been left by the night shift. The explosion tore away the miner's right arm and the top of his head, death ensuing almost immediately.

## ACTRESSES SUE THE SANTA FE

Daisy Powell and Minnie Woods, two variety actresses, who were put off a Santa Fe train at Belen, Valencia County, on the ground of boisterous and drunken conduct, have sued the railway company in the District Court for El Paso County, Texas, for \$10,000 damages. The actresses, who boarded the train at Albuquerque and were put off during the night, had a hard time to reach El Paso.

## Meeting of Cattle Sanitary Board.

The Cattle Sanitary Board was in session at the Capitol this afternoon. The following members were present: E. G. Austen, president; W. C. Barnes, secretary; M. N. Chaffin, C. L. Ballard and W. H. Jack.

## HOMESEEKERS AT ROSWELL.

A party of 250 homeseekers arrived on one train in Roswell on last Friday evening. Many of these will locate at Dexter, a new town in Chaves County. The homeseekers were from the middle west and the northwest.

## THE WORK OF THE RECLAMATION SERVICE SO FAR.

Under the national reclamation act, which became law in June, 1902, considerable work has been done and, considering the circumstances connected with irrigation matters in the arid west, the reclamation service has been quite busy. There are criticisms in sections of the country that not enough work has been performed and that the delay in the matter has been too great. These criticisms are not just and are not borne out by facts. The questions involved are of grave importance and all engineering problems must of necessity be considered and acted upon slowly and deliberately. The Colorado Springs Gazette, in treating the matter, editorially says that surveys have been completed for thirteen great irrigation projects in as many different states and territories, which will reclaim 1,131,000 acres of desert land at a cost of \$31,395,000, an average of \$27.26 an acre. The improved land will be sold at this price, to be paid for in ten annual installments, and thus the government will be reimbursed the entire amount of its expenditure, and the money so received will be used over again in other irrigation work.

For six of these projects, located in Arizona, Colorado, Idaho, Nebraska, Nevada and New Mexico, contracts have already been let and on some of them work has been already commenced. The first of these, near Phoenix, Arizona, involves the construction of one of the largest dams in the world. It extends across a narrow gorge of the Salt River, and is to be 270 feet high, 210 feet wide, 165 feet thick at the base and 20 feet thick at the top. It will create an artificial lake 32 miles long, five miles wide and 200 feet deep. The cost of this project will be \$3,200,000 and it will reclaim 160,000 acres of desert land now covered with cactus and sage brush.

The Gunnison tunnel project in this state is better known. A tunnel six miles long will lead the waters of the Gunnison River through the mountains to the Uncompahgre Valley, there to irrigate between 100,000 and 125,000 acres of land which is now comparatively worthless, but which will have a value of \$300 to \$400 an acre when the system is completed. In Idaho a dam is being built across the Snake River near the town of Minidoka. It will be 2,000 feet long and fifty feet high and will back up enough water to reclaim 70,000 acres of land, all of which belongs to the public domain. The cost will be \$1,820,000.

About twenty miles from Casper, Wyoming, a dam is being built across the North Platte River to impound water for the irrigation of 100,000 acres of land across the Nebraska line. The estimated cost is \$2,500,000. In Nevada work was commenced in September, 1903, on a dam across the Truckee River which will take the flood waters from the mountains and the overflow of Lake Tahoe and convey them to the Carson River. Another dam will be built across the latter stream to form a reservoir from which 100,000 acres of land will be irrigated at a total cost of \$2,600,000. The last of the six reclamation projects now under way is in the Pecos Valley, New Mexico, where 10,000 acres are being watered at a cost of \$280,000.

It is said that no achievement of his administration gives President Roosevelt more satisfaction than the reclamation act, and it may well be believed. It must be remembered that it was largely through the personal influence of the President that the law was passed, a fact which perhaps partly explains his gratification. Except only the homestead act, there is no measure on the statute books of such vital importance to the west, and if Mr. Roosevelt's administration had ended immediately after its passage it would yet be notable in American history.

Several correspondents want to know who will be named for coal oil inspector and who for insurance commissioner. Give it up! Try Governor Otero.

## SOUTHWESTWARD HO!

New Mexico has been told again and again by those in power that it needs more water and more people before it can make any just claims to statehood. The Reclamation Service is working hard to give the Territory the necessary water and the Bureau of Immigration is active without intermission to get the people. A dispatch in the Sunday papers from Chicago says: "There is to be a rush of people into the Southwest. One mail in a single railway office has contained over a hundred letters, all asking about soil and climate and other things that go to make up life in the arid region. On one line alone, 487 passengers with homeseekers tickets, have left Chicago in the last six weeks for a single county in the southwest and many of these people will remain permanently. Vast tracts of land which have been devoted heretofore to stock are now being divided up for farms. For the present the migration to the northwest seems to have come to a stop and the tide has turned to the southwest."

The Bureau of Immigration too, is getting hundreds of letters of inquiry regarding the Territory and every railroad train brings new settlers into New Mexico. Given ample means to push its work, the Bureau will succeed in bringing thousands of permanent settlers into the Sunshine Territory during the next two years and then we can say "We have the water and the people, what are your objections to New Mexico now? When everybody else outside of the Territory seems to take delight in "knocking" the southwest, the Bureau of Immigration has an important duty to perform for which it should be well equipped.

## LIBERTY IN RUSSIA WILL COME IN DUE TIME.

The humble and those who love liberty, no matter where they live, hoped to see an upheaval in Russia that would forever ban tyranny and the knout, but for the present their hopes have been doomed to disappointment. The Czar, his grand dukes and their hierarchy are too firmly entrenched to be displaced by unorganized industrial strikes. Still, the whole world is in sympathy with the hopes and the strivings of the Russian workmen and applauds every deed that strikes at the chains which bind them.

When a deed is done for Freedom, through broad earth's aching breast Runs a thrill of joy prophetic, trembling on from east to west; And the slave, wh'er he cowers, feels the soul within him climb To the awful verge of manhood, as the energy sublime Of a century bursts full-bl blossomed on the thorny stem of Time.

## IT IS UP TO THE PEOPLE!

"If the people of Bernalillo County who suffered from the flood of last October, claim their share in the appropriation made for their relief by the Martin bill, it will result in the donation of about \$10 to each family. Should this \$4,000 be placed in the hands of the county commissioners for use in building dykes, it would insure these people protection for their crops in this year of bountiful water. If the people are wise they will use this money for future protection rather than for a little present relief."—Albuquerque Journal.

The money appropriated by Councilman Martin's Relief Law should be used exactly in accordance with the provisions of the measure, unless the law should be changed. It is up to the people!

It is understood that quite a lobby had been gotten together by the general agents of insurance companies in Albuquerque to come to this city and work against proposed insurance legislation. If this report is true and there is no good reason to doubt it, the insurance men who were organizing the lobby were just "a little bit too late." Those who favored the creation of an insurance department and of the office of insurance commissioner, had everything in good shape and when Mr. Sanchez introduced the bill, it went through both Houses with a rush. Eternal vigilance is the watchword in legislative matters.

Any legislation which seeks to change the law as to effect some suit now pending, is vicious and should not be enacted. In the states which are not careful in such matters, a clause is added to every bill which affects rights of parties or substantial interests, which reads as follows: "Nothing herein contained shall affect any action now pending." This is a good rule and is commended to the attention of the judiciary committees of the present Assembly.

When President Roosevelt gets through with the railroad freight problem and after the administration has given the beef trust the drubbing it deserves, it is hoped that the rotten paper trust will be taken in hand. How the newspapers of the country would shout in chorus were that pestiferous trust torn into shreds.

The Daily Citizen accuses the Daily Optic of inconsistency on the statehood question and then quotes: "Consistency thou art a jewel." And still there are several persons mean enough to say that the New Mexican press lacks humor.

## THE RECOMMENDATIONS OF THE GOVERNOR TO THE ASSEMBLY SHOULD BE HEEDED.

A few hide bound Democratic newspapers in this Territory make the charge that the administration is controlling legislation by the Assembly. Supposing this were true? There is not a state in the Union in which the Governor has not more or less to say concerning legislation to be enacted. In fact, the Governor very often dictates what legislation shall pass and what shall not. It is a well established fact that in the national administration, the desires and opinions of the President for the time being, carry much weight and are favorably considered by Congress even when one or the other House is opposed to the political opinions of the Executive at the time being. Why should not the Republican Legislative Assembly in this Territory heed the opinions and recommendations of the Executive? Is there any good reason why this should not be the case? If so, it should be brought forth! The Governor of New Mexico by the Organic Act is an integral part of the Legislative Assembly of the Territory and in fact one-third of it, as it takes two-thirds majority to overcome his veto. This provision of law proves clearly that it was the intent of Congress that the Governor of the Territory should have much to say and should exercise great influence in shaping legislation. These Democratic papers, and one or two that are not Democratic, but are opposed to the administration, jump on Governor Otero and call him a boss and a tyrant because, forsooth, he exercises the plain and bounden duties of his office. This is the fact stripped of all verbiage and hot air pumping.

The New Mexican violates no confidence in saying that every applicant for office to be confirmed by the present Legislative Council will know what has been done in his case when the Thirty-sixth Legislative Assembly finally adjourns. This is official.

"When the whole story of the passage of the amendment to the Hamilton bill, in the Senate giving statehood to New Mexico is told, there will be a great deal of credit for Delegate-Elect W. H. Andrews."—Las Vegas Optic.

Agreed. The delegate-elect induced the Senators and Representatives from Pennsylvania to change front and to favor New Mexico's just claims to single statehood.

The railroad trust magnates say that if the Interstate Commerce Commission should be given the power to regulate freight rates, the stockholders will suffer. What an awful calamity that would be! Just imagine such men as J. Pierpont Morgan, George J. Gould, James J. Hill, the Belmonts, the Loebes and others suffering! Imagine this if you can. If you find it too hard a task, give it up.

"The completion of the Scenic Highway between Las Vegas and Santa Fe is now assured. The work will be pushed rapidly."—Las Vegas Optic.

Yes, and if the appropriation holds out, and it is believed it will, considerable work will be done during the coming two years on the extension of the highway from Las Vegas north towards Raton.

## JUST IN TIME.

A motorman in Chicago ran his car onto the approach of an open bridge but stopped it with the fender actually overhanging the gulf below. He wouldn't want to repeat the experiment because the chances are that he'd never again have the same good fortune.

Once in a while some one who has traveled to the very edge of the danger line of stomach disease stops just in time to save his health. But the majority of people go across the line, and slight symptoms of indigestion grow to disease of the stomach, involving the other organs of digestion and nutrition.

Indigestion and other forms of stomach "trouble" are perfectly and permanently cured by the use of Dr. Pierce's Golden Medical Discovery. It strengthens the whole body by enabling the perfect digestion and assimilation of food.

**\$3,000 FORFEIT** will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"I have been suffering for about eight years," writes Mrs. H. Pierce, of Millersburg, Ky. "I have had several doctors to treat me—some for female weakness and others for stomach trouble, but received no relief. When I wrote you for advice I was hardly able to work, and you advised me what to do. I took nine bottles, five of 'Golden Medical Discovery,' four of 'Favorite Prescription,' also two vials of the 'Pellets.' Dr. Pierce's medicines will do all that you claim for them. Believe I would have been in my grave if I had not taken them."

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease it requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## When Yop Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. ## COUNCIL BILL NO. 51.

Introduced by Hon. Alexander Read, February 8th, 1905; read first time in full, and under suspension of rules, read second time by title, ordered translated, printed and referred to Committee on Territorial Affairs.

### AN ACT

For the Better Protection of Game Animals, Birds and Fish Within the Territory of New Mexico.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. After the passage of this act it shall be unlawful to kill, trap, ensnare, or in any manner destroy or injure, at any time, any elk, mountain sheep, beaver or ptarmigan within the Territory of New Mexico; and any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than one hundred dollars (\$100.00) nor more than five hundred dollars (\$500.00), or by imprisonment for not less than thirty days nor more than ninety days, or by both such fine and imprisonment in the discretion of the court; *Provided*, that the Territorial game and fish warden may grant permits for the capture of such beaver as interfere with the operation of any lawful canal, ditch or dams, and for the capture of beaver to be transferred from one stream to another.

Sec. 2. It shall be unlawful to kill, trap, ensnare, injure or destroy any antelope, pheasant, bob-white, quail or wild pigeon within the Territory of New Mexico for a period of five years after the passage of this act.

It shall be unlawful to kill, trap, ensnare, or in any manner injure or destroy any deer within the Territory of New Mexico, except that deer with horns may be killed with a gun only during the period commencing September fifteenth and ending October thirty-first of each year; *Provided*, that no person shall kill or have in his possession more than one such deer during said period in each year.

It shall be unlawful to kill, trap, ensnare, injure or destroy any turtle-dove within the Territory of New Mexico, except that such birds may be killed with a gun only, during the period commencing with the first day of September and ending with the thirty-first day of October of each year.

It shall be unlawful to kill, trap, ensnare, or in any manner injure or destroy any native or crested quail within the Territory of New Mexico, except that such birds may be killed with a gun only, during the months of September, October, November and December of each year.

It shall be unlawful to kill, trap, ensnare, or in any manner injure or destroy any wild turkey, mountain grouse or prairie chicken within the Territory of New Mexico, except that such birds may be killed with a gun only during the months of October, November and December of each year.

Any person failing to comply with the provisions of this section or violating any of the provisions thereof, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than fifty dollars (\$50.00) nor more than one hundred dollars (\$100.00) or by imprisonment for not less than thirty days nor more than sixty days, or by both such fine and imprisonment in the discretion of the court.

Sec. 3. No game fish shall be held in possession of, or placed upon the table of any hotel, restaurant, cafe or boarding house, or named on its menu or bill of fare as food for its patrons either under the name used in this act or in the laws of New Mexico, or under any other name or guise whatever where the same have come from any of the streams or waters within the Territory of New Mexico; or any game known as elk, deer, antelope, or mountain sheep, killed within the Territory of New Mexico; or any game birds known as wild turkey, mountain grouse, native or crested quail, turtle-dove, pheasant, bob-white quail, wild pigeon or ptarmigan killed within the Territory of New Mexico; and none of the game animals, birds or fish mentioned in this section shall be held in possession by any persons for more than five days after the close of the season for killing or taking the same; and whenever any proprietor, manager, keeper or owner of any hotel, restaurant, cafe or boarding house shall import any game animals, birds or fish into the Territory of New Mexico, it shall be the duty of such proprietor, manager, keeper, or owner immediately to report the fact to the game and fish warden of the Territory of New Mexico or to his deputy within the county, and to apply for a permit to sell and offer for sale the same; and upon satisfying the said warden or deputy by the production of invoices, bills of lading and other required proofs that such game animals, birds or fish came from without the Territory of New Mexico, then a permit may be issued by such warden or deputy, for a period not greater than ten days, to such proprietor, manager, keeper or owner of such hotel, restaurant, cafe or boarding house, allowing him to sell and offer for sale the same during the period stated in such permit; *provided*, that the provisions of this section shall also apply to any business house or merchant within the Territory of New Mexico importing or offering for sale, or selling game animals, birds or fish brought from without said Territory.

Any person failing to comply with the provisions of this section, or violating any of the provisions thereof shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than twenty-five dollars (\$25.00) nor more than one hundred dollars (\$100.00) or by imprisonment for not less than thirty days nor more than sixty days, or by both such fine and imprisonment in the discretion of the court.

Sec. 4. Whenever the owner or lessee of lands within any enclosure or pasture in the Territory of New Mexico shall desire to protect or propagate game birds, animals or fish within said enclosure or pasture, he may publish notices in both English and Spanish, warning all persons not to hunt or fish within said enclosure or pasture, which notices shall be by hand bills posted in at least three conspicuous places on said premises, and by publication for three consecutive weeks in some newspaper of general circulation in the county wherein said premises are situated. After the publication and posting of such notices it shall be unlawful for any person to enter upon said premises or enclosure for the purpose of hunting or fishing, or to kill or injure any bird, animal or fish within such enclosure or pasture at any time without the permission of such owner or lessee, and any person violating the provisions of this section shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than fifty dollars (\$50.00) nor more than one hundred dollars (\$100.00) or by imprisonment for not less than thirty days nor more than sixty days, or by both such fine and imprisonment in the discretion of the court.

Sec. 5. Chapter 26 of the Session Laws of 1901 of the 34th Legislative Assembly of the Territory of New Mexico is hereby repealed; and sections 11, 14, 15 and 16 of Chapter 48 of the Session Laws of 1903 of the 35th Legislative Assembly are also hereby repealed; and sections 1854, 1855, 1856, 1857, 1858, 1859, 1860, 1861, 1862, 1863, 1864, 1865, 1866, 1867 of the Compiled Laws of the Territory of New Mexico of 1897 are hereby repealed; and Chapter 46 of the Session Laws of 1901 of the 34th Legislative Assembly of the Territory of New Mexico is hereby repealed; and this act shall take effect and be in force from and after its passage.

## COUNCIL BILL NO. 49.

Introduced by Hon. W. H. Greer, February 8, 1905; read first time in full, and under suspension of rules read second time by title, ordered translated and printed, and referred to Committee on Territorial Affairs.

### AN ACT

Relating to the Fees Paid for Recording Brands, to Fix the Salary of the Secretary of the Cattle Sanitary Board, and for other Purposes.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. The fees to be paid to the secretary of the cattle sanitary board for recording brands and for furnishing certified copies thereof, shall remain as now fixed by law, but said fees when received by said secretary shall be transmitted the first of every month to the territorial treasurer, together with all inspection fees and other monies received by said secretary on the account of the cattle sanitary board to be placed to the credit of the cattle indemnity fund.

Sec. 2. The secretary of said cattle sanitary board shall receive such compensation for his services as shall be fixed by said board not to exceed \$1,800 per annum.

Sec. 3. This act shall take effect and be in force from and after its passage.

Councilman Nestor Montoya and Representative S. Crollot, who spent Sunday at their homes in Albuquerque, returned to their legislative duties at noon today.

Juan F. Sanchez, of Lemitar, spent the day in the city on a visit to his daughter, who is attending the Loretto Academy and to view legislative proceedings.

Colonel E. G. Austen, of Las Vegas, president of the Cattle Sanitary Board, arrived from the north last night and today attended a meeting of the Board at the Capitol.

Miss Francis Wood and Miss Margaret McGlinchey, stenographers in the House, returned today from Albuquerque, where they passed Saturday and Sunday.

E. R. Paul, of Pittsburg, Pennsylvania, is visiting in the city. Mr. Paul was formerly employed as a clerk in the offices of the Santa Fe Central Railway.

Miss Nina Otero issued invitations today for a dance and reception at the Palace Hotel Wednesday evening complimentary to Miss Maude McFie and Miss Peet, of Monticello, Indiana.

W. H. Whiteman, former adjutant general of the Territory, has gone to southern California, where he will be joined by his wife. They intend to make their home there permanently.

Mrs. J. W. Crumacker of Indiana, but formerly of Albuquerque, who has been the guest of Chief Justice and Mrs. W. J. Mills at Las Vegas, went to Albuquerque today to visit Mrs. E. W. Dobson.

M. N. Chaffin, of Las Vegas, was here today to attend a meeting of the Cattle Sanitary Board, of which he is a member. He reported that the coldest weather of the winter visited Las Vegas yesterday.

Will C. Barnes, of Dorsey, secretary of the Cattle Sanitary Board, was present today at a meeting of the Board at the Capitol. He will leave Wednesday for Gallup on business connected with the Board. Mr. Barnes says that there is not a cow in all of northern New Mexico that could stand another night as cold as last night.

T. F. Byrd was in the city today en route from Estancia to St. Louis. Mr. Byrd is interested in a large saw mill that is being erected in the Manzano Mountains and goes to St. Louis to purchase machinery for the plant.

J. C. Barney, of Manderson, California, arrived in Santa Fe on Saturday and is a guest of his brother, W. A. Barney. He will probably remain here for several months to get rid of rheumatism and malaria from which he has suffered in late years.

John B. Harper, of Durango, chief engineer who is in charge of the construction of the Zuni Reservoir, is in town on official business. He reports that work on the Zuni River dam and reservoir has been somewhat delayed owing to the cold weather.

H. S. Lutz, city agent for the Atchison, Topeka & Santa Fe Railway returned today from California where he entirely recovered his health. He visited nearly every coast city between San Francisco and San Diego and enjoyed himself thoroughly.

Treasurer F. A. Hubbell of Bernalillo County, was an arrival on the noon train from the south. Mr. Hubbell, when asked if he is interested in legislative affairs, "smiles broadly and winks the other eye." He would not decline the appointment of coal oil inspector were it offered him.

Epifanio Abeytia, a farmer at El Moro, Colorado, spent the latter part of last week in the city visiting relatives and friends. He was accompanied by his wife and several children. Jesus Abeytia, of Palma, Torrance County, was also in the city on a similar mission. They are both well-to-do in worldly affairs.

Mr. and Mrs. James L. Seligman returned this morning from a six weeks' trip to Philadelphia, to which city they had been to visit Mrs. Frances Seligman, Mrs. Seligman's mother. They encountered very cold weather and a great deal of snow along the line which they traveled. The train which they were on did not reach this city until 5:30 o'clock this morning, being ten hours late.

**NOTICE OF FORECLOSURE.**

Territory of New Mexico, County of Santa Fe.—ss—No. 4699.

The First National Bank of Santa Fe New Mexico, Plaintiff, vs. Charles H. Elmdorf, the Fidelity Trust Company, a corporation, as trustee, et als, Defendants.

In the District Court of the First Judicial District of New Mexico for the County of Santa Fe.

The said defendants, Charles H. Elmdorf, and the Fidelity Trust Company, a corporation, trustee, and each of them, are hereby notified that a complaint has been filed against them and the Socorro Company, the American Valley Company and Thomas B. Catron as defendants in the District Court for the County of Santa Fe, Territory aforesaid, that being the court in which said cause is pending, by said plaintiff the First National Bank of Santa Fe, New Mexico, the general object of said action being to recover the amount due upon a certain promissory note of ten thousand six hundred and fifty-five and 55-100 dollars, and one thousand and sixty-five dollars attorney fees, together with interest and costs of suit, and that a certain chattel mortgage in the said complaint described upon certain sheep which formerly belonged to the American Valley Company and are now claimed or owned by the Socorro Company, be foreclosed and that the interest, if any, of the defendant, the Fidelity Trust Company, as trustee, to the said sheep, be declared subordinate to the lien of plaintiff, as will more fully appear by reference to the complaint filed in said cause. And that unless you and each of you, enter your appearance in said cause on or before the 8th day of April, A. D., 1905, judgment will be rendered against you who shall fail to appear in said cause by default.

Plaintiff's attorney is H. M. Dougherty, whose postoffice address is Socorro, New Mexico.

In witness whereof, I have hereunto set my hand and seal of the said court at Santa Fe, New Mexico, this 11th day of February, A. D., 1905.

A. M. BERGERE, Clerk.

## MINOR CITY TOPICS

Tomorrow is St. Valentine's Day. Yesterday was the anniversary of President Abraham Lincoln's birthday.

The two-year old son of District Attorney E. C. Abbott and wife is reported to be quite ill.

It was seven below zero this morning at 6 o'clock, according to thermometers at the plaza.

The Fraternal Union of America will give a dance Wednesday night in Elks' Hall on Palace Avenue.

Yesterday morning the funeral of the late J. M. Montoya took place at Tecolote, San Miguel County.

District Attorney A. A. Sedillo of Socorro, and his wife were presented with a lusty baby boy on last Saturday.

At White Oaks on last Friday, Frank Morris and Miss Antonia Ortiz, were married at the town hall by Justice of the Peace H. B. Tompkins.

Troop A, of the First Regiment of Cavalry of the New Mexico National Guard, has taken steps for reorganization. The troop is stationed at Las Vegas.

Lucinda Idalg, aged eighteen months, and Nina Montoya, aged nine months, daughter of Cipriano Montoya, died at Las Vegas on last Saturday.

Notwithstanding the bitter cold of yesterday afternoon, Prof. Perez's First Cavalry Band rendered the usual Sunday afternoon concert to a large crowd.

At Las Vegas, on Saturday, in the divorce case of Elizabeth Szabados of Raton vs. Jacob Szabados, a decree pro-confesso was entered in the District Court.

Funston, the big St. Bernard dog of A. B. Renahan, died last night of inflammation of the kidneys. The animal was a great pet and its loss is keenly felt by its owner.

Socorro last week had the heaviest snowfall on record for the past ten years. There were four inches of the beautiful and the thermometer registered fifteen degrees above zero.

Santa Fe Chapter No. 2, Royal Arch

Masons, will hold its regular monthly convocation this evening at 7:30 o'clock. Visiting companions are courteously invited to be present.

There will be a special meeting of Golden Lodge, No. 3, A. O. U. W., at Odd Fellows' Hall, tonight. The officers for the ensuing year will be installed and a number of candidates initiated.

H. Wildy Lea, son of the late Captain J. C. Lea of Roswell, escaped from the New Mexico asylum for the insane at Las Vegas on Friday of last week. A reward has been offered for his recapture.

The Pythian Hall at Springer, Colfax County, was dedicated on Saturday evening by C. E. Perry of Las Vegas, grand keeper of records and seals of the New Mexico Grand Lodge of Knights of Pythias.

The City Council will meet at 7:30 o'clock this evening in Mayor A. R. Gibson's office. Every member is urged to be present as action will be taken on the construction of the breakwater along the Santa Fe River.

For the Melba concert at Albuquerque, February 17, the Atchison, Topeka & Santa Fe Railway, will sell tickets at one and one-fifth fare for the round trip. Tickets will be on sale February 16 and 17 with a return limit of February 18.

Socorro, at a public meeting last week at the home of C. T. Brown, made extensive preparations for the reception and entertainment of the Fraternal Sanitarium site committee which expects to reach Santa Fe tomorrow.

At Alamogordo, last week, at the residence of the bride's brother, Joseph Walker, Miss Olive Walker and T. C. Tillotson were married. The bride has been a public school teacher in Otero County and the groom is a stockman of the lower Pecos country.

Rehearsals will be held every afternoon and evening this week for the Elks' big show, which takes place next Monday and Tuesday evenings. The exchange of tickets opens next Thursday evening at Fischer's Drug store. The regular sale to non-ticket holders will open Friday morning.

The local postoffice received word this morning not to dispatch mail north of Embudo or from Antonito to Durango over the Denver & Rio Grande Railroad until further notice as

both lines are drifted shut with snow and it may be a week before they will be open to traffic again.

At Roswell on last Wednesday, Miss Hallie Faison, one of Roswell's fairest daughters, was married to W. Kenny Saunders of Childress, Texas. Rev. S. R. Twitty performed the ceremony which took place at the home of the bride's parents, Mr. and Mrs. J. C. Faison on Santa Fe Street, Roswell.

Several parties have been formed to attend the Melba concert at Albuquerque on Friday evening. The legislature will adjourn on Thursday to permit the members and employees to attend the concert which will be given at the Elks' Opera House at the Duke City and will be the musical event of the season.

The Santa Fe Hook and Ladder Company will give a dance at the opera house on the night of February 22d, for the benefit of the company. Professor Perez's orchestra will furnish the music and a good time is promised all those who attend. The admission will be 50 cents; ladies admitted free.

A large flock of birds, whose habitat is Mexico, has taken up quarters in the yard of the Church of the Holy Faith on Palace Avenue. The birds are annual visitors and always choose the same headquarters. Sort of a religious flock, you know. However, they are armed with very strong bills and are very voracious and destroy whatever vegetation they can get a hold of.

This evening at 8 o'clock a meeting of the Forum will be held at the home of Mr. and Mrs. C. A. Haynes on Johnson Street. There will be papers on timely topics by Judge John R. McFie, Judge A. J. Abbott and Miss Bertha Staab and an instrumental solo by Miss Schormeyer. Officers will be elected. An invitation is extended to all of those interested in the society and its aims.

On Saturday evening, Mrs. C. A. Haynes entertained at dinner in honor of Miss McFie and this evening Mrs. C. L. Bishop will entertain in her honor. Tomorrow evening Mrs. Haynes will entertain the Christian Endeavor Society, and tomorrow afternoon Mrs. Bursum and Mrs. Garrett entertain at the penitentiary in honor of Mrs. Martin. On Wednesday Mrs. Prince will entertain in honor of Mrs. R. M. Harding. Yesterday afternoon Mrs. Robbins entertained at dinner a party of nine guests.

The local lodge of Elks is becoming alarmed about its large stuffed Elk which was sent to the World's Fair at St. Louis as one of the exhibits in the New Mexico building. Nothing has been heard of the animal for some weeks and it is feared it may have been lost. The thousand dollar table sent to the Fair by the Woman's Board of Trade is also unaccounted for, although the glass case in which it was sent has been returned. A search will be instituted for these exhibits at once.

Train service is again demoralized and the telegraph companies are also sufferers by reason of the storm of Saturday and yesterday, which was general over Colorado and New Mexico. Trains Nos. 10 and 7 of yesterday on the Santa Fe did not arrive here until noon today and No. 2 from the south and west is reported several hours late, while No. 9 of yesterday is not even in sight. The Denver & Rio Grande is again snowbound. The Western Union Telegraph Company had a wire to Las Vegas and Albuquerque this morning, as did the Postal. Later in the day the lines were both open to Denver and the service was as good as possible under the circumstances.

## MINES AND MILLS

**Sierra County.**  
The Good Hope Bonanza mill at Hillsboro, is steadily increasing its output of gold.

The property of the Hillsboro Gold, Mining and Milling Company at Hillsboro, which was sold at special master's sale, is being advertised to be sold again at special master's sale on March 11, 1905. The second sale is caused by the fact that the party who bid it in at the last sale failed to put up the purchase price.

Says the Sierra County Advocate: "After spending a few days in the Black Range, W. R. McLaughlin and W. D. Spielman of Omaha, Nebraska, left for home last week. Charles Hunt, a mining engineer of Mason City, Iowa, was with them. We understand, that these capitalists expect to engage in mining quite extensively in this district. They were here one year ago and were convinced that this is a good field for mining operations. Mr. Spielman is a veteran of the war in the Philippines and Mr. Hunt fought with the Boers against the British in South Africa. Mr. McLaughlin is a veteran trail blazer and bear exterminator, he having spent two weeks in the wilds of the Black Range early in the year 1904."

**Grant County.**  
The machinery for the Century Company has been all placed on its claims in the Lordsburg District by William Davis. The shaft on the principal claim is being enlarged and timbered. After that work is completed the shaft will be sunk deeper. Water for the plant is being pumped out of the shaft.

The Silver City Reduction Works banked one of its boilers last week owing to a shortage of coal. A train of coal cars has been on the way from Colfax County for several weeks and on Saturday reached Silver City. Furnace No. 2 is being dried out before being fired.

**Taos County.**  
The following letter from the secretary and treasurer of the Glenwoody Mining Company was recently published: "Our stock is non-assessable and the company never assessed the stockholders. We have called for a voluntary loan from the stockholders at the rate of one half cent per share to take up the indebtedness of the company. For this loan we issue notes but as only very few responded we were not able to clean up the accounts and owe at the present time about \$5,000." The Glenwoody mine and mill are on the east side of the Rio Grande River, the mill being an experimental plant of 50 tons capacity consisting of a five foot Huntington mill, with cyanide tanks. The machinery power is furnished by the river, the water being taken out by a flume, the head of which is one mile above the mill, a 160 horse power turbine wheel developing the power. The ore is quartzite, the width of the main lode being 600 feet and of an average height of 300 feet above the river. It has been calculated by Professor F. A. Jones that there are 50,000,000 tons of low grade ore in sight. The lode is probably four miles long. The ore averages from \$1.50 to \$2.50 per ton and being an ideal cyanide proposition and owing to the cheap power and labor, abundance of water and favorable climate at Glenwoody should pay as well as do the Treadmill properties in Alaska.

**Colfax County.**  
Drill No. 2, arrived at Elizabethtown last week and was put to work in the lower end of the Moreno Valley. It is to meet drill No. 1 near the Scully Ranch.

**Otero County.**  
Assays of ore taken from the Two Sisters' mine at Jarilla recently and sent to El Paso for assay, averaged \$15 per ton for smelting purposes alone, not to speak of the gold and silver it carries. The lead is a well defined fissure vein. Indian Territory men are interested in the mine.

**Rio Arriba County.**  
Active operations are to be resumed by the William Mining and Milling Company, owning the Lower Flat placer at Hopewell, twenty-three miles northwest of Tres Piedras. The abundance of water this year seems to assure successful operation. The lack of water last year caused cessation of work on the placer. The company owns one hundred acres of placer ground with good water rights with plenty of head. There is a fine dumping ground nearby and the gravel can be handled very cheaply. A hydraulic plant with two giants has been installed and a saw mill has been erected. There are now two good wagon roads from Tres Piedras to the Placers. Hopewell has been a producer of placer gold since 1881, when placer gold was discovered in Eureka Gulch. One man, Clarence C. Hood, in those early days took out \$175,000 of placer gold. A nugget valued at \$34 was found in that year.

The New Mexican has from time to time published a historical review of mining operations in the Bromide District but the Western Mining Reporter on last Saturday published a more detailed history of the Bromide mine which gave the district its name, from which the New Mexican republishes the following:

"The Bromide, from which the district takes its name, was located originally by J. W. Bonnet and D. M. Field, but owing to a disagreement between the locators in regard to the performance of the first annual labor, the property passed into other hands. The relocators disposed of the property to eastern parties, who, after erecting suitable buildings and installing

a steam hoisting plant, worked the mine for a few months, during which time they shipped some of the richest silver rock ever mined in New Mexico. Owing to dissensions among the various owners, work on the property was discontinued and the ground was patented and allowed to remain idle for a considerable period, in the course of which the machinery was wrecked and totally destroyed presumably by some lawless settlers who were inimical to the advances being made by the prospectors and miners. Some time after this, a lease was given to a local party, who, owing to the lack of machinery, was obliged to limit his operations to a very superficial form of exploration work; lacking the means to put in the machinery necessary to properly develop the ground. This lease was short lived, and the property was idle for a number of years.

"Deane and Howard of Creede, Colorado, then secured a lease on the ground and work was once more resumed. The new lessees installed a new steam hoisting plant and pump, and soon had the property on a paying basis, after several months of successful operation, the lease was sold for a handsome figure to local and eastern parties who had worked the ground for a short time only, when an excessive inflow of water was encountered which called for the installation of an entirely new plant of machinery, thus causing another shut down, and the Bromide once more became a non-producer.

"Late in 1903 the Dillon Development Company, who disputed the integrity of the patent secured by the Bromide people, relocated the claim and have run a tunnel to tap the Bromide lead at a point below the original shaft."

## INHERITED SCROFULA

When a child I had a very severe attack of Diphtheria, which came near proving fatal. Upon recovery the glands of the neck were very much enlarged, and after the free use of iodine, the right one was reduced to its normal size, but the left one continued to grow—very slowly at first, until it was about the size of a goose egg, which began to press on the windpipe, causing difficult breathing, and became very painful. An incision was made and a large quantity of pus discharged. The gland was removed, or as much as could with safety be taken out. For ten years I wore a little piece of cloth about an inch long in my neck to keep the place open. During this time I had to have it cut open by the doctor every time I took cold or the opening clogged. In the Spring or early Summer of 1884 I was persuaded by my wife to use S. S. S., which I did, strictly in accordance with directions. I took twenty-six large bottles, and was entirely cured, for I have not suffered since that time.

Only a constitutional remedy can reach an hereditary disease like Scrofula. When the blood is restored to a normal condition and the scrofulous deposits are carried off there is a gradual return to health. S. S. S. is well known as a blood purifier and tonic. It is the only guaranteed, strictly vegetable remedy sold. If you have any signs of Scrofula, write us and our physicians will advise you free.

**ITCH—RING WORM.**

E. T. Lucas, Wingo, Ky., writes, April 25, 1902: "For ten to twelve years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the Liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 bottles. Fischer Drug Co.

### A FRIEND'S ADVICE.

Will Often Help You Greatly. Read What a Santa Fe Citizen Says.

You may hesitate to listen to the advice of strangers, but the testimony of friends or residents of Santa Fe is worth your most careful attention. It is an easy matter to investigate such proof as this. The evidence must be conclusive. Read the following:

Juan A. Ortega, ex-policeman, of Loma street, says: "If all troubled with pain in the back have that annoyance ended as quickly as the use of Doan's Kidney Pills procured at Ireland's Pharmacy ended mine then backache due to kidney complaint would cease to have any terrors for users of this very strengthening and curative preparation. No one in Santa Fe needs be the least dubious about using Doan's Kidney Pills if they require a medicine to wash, purify and strengthen their kidneys."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

### Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.

### CROUP.

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.  
Mrs. A. Vilet, New Castle, Colo., writes, March 19, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1.00. Fischer Drug Company.

**Chamberlain's Stomach and Liver Tablets** Unequaled for Constipation.

Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists."

### LEGAL NOTICE.

In the District Court of the First Judicial District of the Territory of New Mexico, sitting in and for the County of Santa Fe.

Frederick Muller, administrator, etc., plaintiff, vs. Mary Nicholson Wilcox, William H. Pope, Cecil H. Wilcox, guardian at law of Mary Nicholson Wilcox, defendants.

The said defendants, Mary Nicholson Wilcox, and Cecil H. Wilcox, her guardian at law, are hereby notified that the suit aforesaid has been commenced against them in the said court, and summons thereon issued directed to them returnable at the first day of the March term, 1905, of the said court, which will be Monday, March 6, 1905, the purpose of the said suit being to subject to the payment of the indebtedness allowed and approved against the estate of the said Hugh N. Wilcox, deceased, the real estate of which the decedent died seized, to-wit: That certain residential property situate in the city of Santa Fe in precinct No. 18 of the County of Santa Fe in the Territory of New Mexico, commonly known as the "Old Twitchell Place" or the "Newberry Place," and unless said defendants enter their appearance in said cause on or before the 6th of March, 1905, judgment thereon will be rendered against them by default, and the appointment of a guardian ad litem for the said Mary Nicholson Wilcox, a minor, will be prayed according to law.

Plaintiff's attorney is A. B. Renahan whose office and business address is in the Sena Block, at Santa Fe, New Mexico.

In witness whereof I have hereunto set my hand and the seal of the district court of the First Judicial District of the Territory of New Mexico, this 23d day of January, 1905.

(Seal) **A. M. BERGERE,**  
Clerk of the Said District Court.

## CHURCH WORK IN SANTA FE

The Woman's Foreign Missionary Society of the Presbyterian Church will meet at the home of Mrs. Crichton, corner of Cathedral and Palace Avenues on Saturday afternoon the 18th; an interesting program is promised.

Endeavor Day exercises were conducted at the Presbyterian Church of Las Vegas by J. E. Wood. He also addressed a meeting at the Baptist Church and on last Monday evening gave his lecture "Christian Endeavor and Modern Reform" at the Presbyterian Church in that city.

Rev. J. A. Shively spoke to the men at the Endeavor meeting at the territorial penitentiary Sunday afternoon. The midweek prayer meetings are on Wednesday evening at 7:30 o'clock and should have the support of all the members of the church. The study of the Sunday school lesson usually follows the prayer meeting.

The Christian Endeavor topic Sunday evening was "Christ a servant—and we are servants." Phil. 2:3-11. The meeting was led by Miss Morrow and Miss Anna Beal.

The Ladies' Aid Society of the M. E. Church had a well attended meeting at the home of Mrs. Booker on Thursday afternoon. These weekly meetings of the ladies are doing much to bind them together into a successful working body.

The revival in progress for some time past at Roswell still continued with unabated interest, and the occasion is being taken advantage of by the Salvation Army to start a building for their cause. Subscriptions are pouring in upon Captain Graham and the building promises to be a reality before the summer is at hand.

At the First Presbyterian Church yesterday Rev. George Sevier preached at 11 a. m. on "Christ's Love for Sinners," and at 7:45 p. m. on "A Man's Life." The church orchestra furnished good music both for the Sunday school and the Endeavor meetings.

The Christian Endeavor Society of the Presbyterian Church has arranged to give a social at the home of Mrs. Charles Haynes next Tuesday, Valentine evening. Judging from the invitations, hearts will be much in evidence. A program has been arranged and it is hoped that all will have a good time. The contributions are in part for the benefit of Spanish mission work. The committee having the entertainment in charge has been earnest and painstaking in its arrangements for the social.

### Poisons in Food

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c. at Fischer Drug Company. Try them.

### What Are They?

Chamberlain's Stomach and Liver Tablets. A new remedy for stomach troubles, biliousness, and constipation and a good one. Price 25 cents. For sale by all druggists.

### Agonizing Urns.

Are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. J. Rivenbark, Jr., of Norfolk, Va., writes, "I burnt my knee dreadfully; that it blistered it all over. Bucklen's Arnica Salve stopped the pain, and I healed it without a scar." Also heals all wounds and sores. 25c at Fischer Drug Co.

POINTERS**

(Continued From Page One.)

Last week only ten bills were introduced in the House and nine bills in the Council.

Representative Pendleton has the faculty of saying much in a few words, like the governor of Santa Clara who recently was in Washington, D. C., with the Pueblo delegation, and of whom the New York World tells the following: "Four Pueblo Indians, wearing blankets and moccasins, took a ride on one of the numerous 'Seeing Washington' automobiles that lumber along the avenues at all hours. They paid their dollar and listened intently to the lecture of the man with the megaphone at the front end of the machine. After the trip they climbed down and trudged up the street. 'How do you like it, chief?' asked a man who saw them get off. 'Much talk, much ride, much smell,' said the chief, who had had a whiff or two of the gasoline."

The legislature of Colorado on last Friday passed a resolution instructing its representatives in Congress to vote for the admission of New Mexico and Arizona as separate states. Telegraphic reports from Washington this morning have it that the Republican leaders, including Congressman Dalzell and Sibley of Pennsylvania, have succeeded in securing the pledges of all except three of the Representatives of the thirty-two who favored single statehood for New Mexico, to abide by the Republican caucus action of Friday afternoon last and to refrain from voting with the Democrats to concur in the Senate amendments to the Hamilton statehood bill. This means joint statehood with Arizona, or nothing, for the present.

Senator Elkins, a former resident of this Territory, and well remembered by old timers, figures in the following story:

When Senator Beveridge was closing the debate on the statehood bill for the territories committee he had a large map of the proposed new states on the wall and used a long school pointer to show the listening Senators where the mountains are, and all that sort of thing.

Once when he started, pointer in hand, to make a statement clear, he found Senator Elkins intently studying the map.

"Ah," said Beveridge, "I notice the Senator from West Virginia in front of the map. He is familiar with the country and I will use him to prove what I have to say."

"No, sir!" shouted Elkins, backing away. "No siree! You can't prove anything by me. I am not one of your witnesses, I think you are entirely wrong."

Ament the bill introduced in the Council to define and to regulate the practice of osteopathy, a New Mexico legislator tells the following story, coming from New York Harbor, Maine: "Say, yer know that litterry chap that hed the Furness cottage upon the hill, two years ago last summer—Mark Twain, I b'lieve they called 'im. Gee! ye'd never think ter look at him that he could write books!"

"Wal, he uster come over to my house an' set fer hours to a time while I spun yarns an' told 'im about York folks an' liked ter smoke an' talk, an' joke with an' things. Seemed ter be reel sociable like—old fool like me."

"Wal, one day he come ter me lookin' kind o' worrid like, an' his hair was all ruffled up like he'd been out in a stiff nor'easter, an' he sez: 'Cap'n Brooks, can you tell me if there is an osteopath at the Harbor?' 'Wal,' sez I, 'the mebbe, but I ain't never ketched one on 'em an' I've been fishin' here nigh-onter 40 years.' He looked at me kind o' queer, an' then sed he guessed he'd go up ter the drug store an' enquire."

"Wal, I went home an' told the old woman about it, an' she sez: 'You big fool, Jed Brooks, 'tain't no fish, 'tis a bird.' So then I went inter the best room an' tok laown the cyclopedium my boy Steve hed when he was ter Harvard college, an' I'll be durned if it want no fish at all, nor no bird neither, but a new-fangled kind of a doctor!"

Governor Otero on Friday signed Council Joint Memorial No. 3, by Mr. Miller, protesting against the passage in its present form, by the Senate of the United States of House Resolution No. 17,939, relating to the construction of a dam and reservoir on the Rio Grande in New Mexico and for other purposes. The memorial has been telegraphed to the president of the Senate and reads as follows:

Whereas, it appears that there is now pending in the Senate of the United States Congress a bill designated as H. R. 17,939, passed by the House of Representatives of said Congress, relating to the construction of a dam and reservoir on the Rio Grande in New Mexico, and for other purposes, and,

Whereas, it appears from the provisions of said bill that same establishes the priority of lands in New Mexico and Texas which have heretofore been actually irrigated for a considerable number of years in succession over lands in New Mexico (as well as in Texas) not so heretofore actually irrigated; and,

Whereas, the establishment of such a distinction by reason of such declared priorities would be detrimental to the development of that section of

**A Stove**

with a good character is the genuine Round Oak. It has been on the market these many, many years, and is still the leader in sales and popularity. It is the best. It is solid comfort from the leg up, for it holds the fire, burns any kind of fuel and gives you all the warmth you want or just as little. Don't experiment; it won't pay you. There is but one Round Oak. It is sold in town at our store only.
