DEMOCRATS DENOUNCE.

Senator Jones Talks Insultingly of Spanish-Americans.

The United States Will Build Three Monster Battleships.

Gen. Merritt Wants Fifty Thousand Troops for the Philippines.

POPULISTS BADLY BEATEN IN ALABAMA.

St. Louis, Aug. 2.—Senator Jones, of Arkansas, chairman of the national democratic committee, who was in the city conferring with prominent members of his party, said concerning our foreign policy before he left for New York:

"The United States is pledged to the world that an independent, stable government shall be established in Cuba. This country cannot afford to go back on its pledges. These are my private views, which I believe are those of the democratic party. I do not know what conditions may arise respecting Cuba, but I have never known a Spanish-American community capable of self-government, and it is possible that since we set out to free Cuba from Spanish domination we may be compelled to pursue a course which will eventuate in the control of the island. While I am not in favor of the acquisition of territory in the tropics, this course would be less objectionable than any other. Cuba is adjacent to the United States, as is Porto Rico, but the thought of annexing the Philippines is preposterous, undemocratic and not in accordance with the principles handed down from the days of Thomas Jefferson. We began this war to secure the independence of Cuba and nothing more. When we have accomplished that end and Spain has indemnified us for the enormous war expense our mission will be done."

Berlin, Aug. 2.—The funeral services in honor of the late Prince Bismarck will take place Thursday morning in the Emperor William Memorial church.

HIG BATTLESIPS.

Three Monster New Battleships to be Built by United States.

Washington, Aug. 2.—The question of the speed of the three battleships provided for by the new naval program has been reopened. It was supposed that the matter had been settled when Secretary of the Navy Long announced a few days ago that the preference would be given in awarding contracts to bidders who offered guarantees of the highest speed, retaining the general characteristics of the design set forth in the department's circular. It is proposed now to change these designs completely, with the intention of making the new vessels larger than was intended and speedier and consequently costlier. To do this will require an amendment to the law providing for building the three battleships. The proposition under consideration is to give the proposed ships a displacement of 13,000 tons instead of 11,500, and to fix their minimum speed at eighteen knots instead of sixteen. Another important change proposed to be made in the new ships is an addition of copper sheathing, to prevent fouling their bottoms and the loss of speed resulting therefrom.

WANTS A BIG ARMY.

Gen. Merritt Wants 20,000 Men for Occupation of the Philippines.

San Francisco, Aug. 2.—In reply to the dispatch received to-day from Gen. Merritt, now at Cavite, Gen. Merritt cabled that since the departure of the governor general of the Philippines five transports, with 4,807 men, had sailed from this port. Scarcely had the message been sent before Gen. Merritt received word from the war department that Gen. Merritt had asked to have his command increased from 20,000 to 50,000 troops, in order to be able to meet any emergency which may arise on account of the hostile attitude of Aguinaldo and the insurgent forces.

Populists Badly Defeated.

Birmingham, Alabama, Aug. 2.—Sixty out of sixty-six counties have been heard from so to yesterday's election. Partial returns received indicate a democratic majority of between fifty and sixty thousand. Reports show that the populists lost heavily.

will be ordered to strike. This is the decision of the convention of the United Miners of this district now in session here.

"We are not anarchists, nor do we intend to disturb our organization," said National President Ratchford. A 5 per cent levy to pay the expenses of the strike was ordered.

BURIAL OF BISMARCK.

The Emperor of Germany May Not Attend the Funeral.

Berlin, Aug. 2.—It seems doubtful whether Emperor William will go to Friedrichsruhe owing to the attitude of Prince Herbert Bismarck, who has not only not heeded his majesty's desire to have his father buried in Berlin, but some to have refused Prof. Lenbach permission to paint the portrait of the deceased as the emperor desired. Besides the coffin containing the remains of Prince Bismarck has been closed somewhat hurriedly.

Have not heard from Guzman, but Gen. Kever was there three days ago to receive the surrender of arms and political prisoners. They were undoubtedly released on his arrival."

Probate Court News.

In the probate court yesterday the account of D. Morrell against the estate of Frank Frank was tried before Judge Hubbell. Attorney Tomas Montoya represented the plaintiff and R. W. Johnson the estate. The account amounted to \$700, and of this only three items, amounting to \$87.50, were allowed. Morrell claimed to have paid \$400 for a license for Frank, but the estate showed that he had paid this license out of his own money.

A meeting was held last night at the store of Rosenwald Bros. for the purpose of forming an organization of the clerks of Albuquerque. J. W. Prestel was elected temporary president, and D. S. TERMS OF PEACE.

Official Statement of Demands of the United States.

Populists in Control of the Fusion Nebraska State Convention.

Philippine Insurgents Giving No Assistance to the American Forces.

FEDERATED WIRE WORKERS STRIKE.

Washington, Aug. 2.—The following is the official statement given out by authority of the president to-day after the cabinet meeting. In order to remove any misapprehension in regard to the negotiations as to peace between the United States and Spain, it is deemed proper to say that the terms offered by the United States to Spain, in the note handed to the French ambassador on Saturday last, are in substance as follows: The president does not now put forward any claim for pecuniary indemnity, but requires the relinquishment of all claim of sovereignty over the title to the island of Cuba, as well as the immediate evacuation of Porto Rico and other islands under Spanish sovereignty in the West Indies, and like cession of an island in the Ladrones.

The United States will occupy and hold the city, bay and harbor of Manila pending a conclusion of a treaty of peace, which shall determine the control, disposition and government of the Philippines. If these terms are accepted by Spain in their entirety, it is stated that commissioners will be named by the United States to meet commissioners on part of Spain for the purpose of concluding a treaty of peace on the basis above indicated.

NEBRASKA POPULISTS.

They Control the Democratic and Silver Re-publicans of the State.

Lincoln, Aug. 2.—A night of caucusing and conference failed entirely to clarify the political atmosphere incident to the fusion state convention which meets this afternoon. It developed emphatically to-day that the populists are master of the situation and can dictate terms to the other two parties which probably will be on the basis of giving the lieutenant governor to the free silver republicans, the attorney general to the democrats and the balance of the state ticket to the populists. As to the head of the ticket, Governor Holcomb is more frequently mentioned as a possible compromise candidate, but it is doubtful if he would accept with his knowledge of the populist opposition to a third term.

The story connecting the name of W. J. Bryan with the gubernatorial nomination was quickly denied as absurd by the delegates who claimed to be able to speak for Bryan.

A surprising strength has been developed by J. H. Edmondson, present state oil inspector and chairman of the populist state central committee. It is generally conceded that the choice for the head of the ticket lies between Edmondson, Thompson, Giffin and Weir, with the chances slightly favoring Judge Thompson.

PHILIPPINE INSURGENTS.

Aguinaldo Respectful to American Officers, But Wants to Run Things.

New York, Aug. 2.—A cablegram to the Journal from Cavite, July 30, via Hong Kong, says that a correspondent spent two days interviewing the insurgent leaders. He discovered evidence of jealousy at the American invasion, but no actual anti-American feeling. The dispatch adds: "Aguinaldo is respectful to Consul Adm. Dewey, Gen. Merritt and Consul Wildman, and will go any length to retain Wildman's good opinion, but holds back from giving energetic help to the United States forces. He will give only a negative sort of assistance until he knows the exact form the American policy will take. He is disturbed by the telegraphic reports that the United States will abandon the islands in Spain. There are indications of a clash between Gen. Merritt and Aguinaldo."

Medical Department at Santiago Is Being Severely Criticized.

Washington, Aug. 2.—An effort will be made by the war department to ascertain the name of the official at Shafter's headquarters who is responsible for dispatching to the United States transports loaded with soldiers, which are alleged to be unfit for the work to which they are put. Surgeon General Sternberg has sent the following dispatch to Major Harvard, chief surgeon with Shafter's army: "The management of the medical department at Santiago is severely criticized. Sick and convalescents sent on the quarter master transports are said to be overcrowded, not properly supplied with medicines, or medical attendance, or with suitable light diet. Who is responsible? Report in full and take measures to prevent similar occurrences in the future."

A rigid investigation is to be made of the charges by the Red Cross officials and others concerning the untidiness of the transport Concho, which reached New York several days ago.

Married.

Coburg, Aug. 2.—Duke Ernest Guethier of Schleswig-Holstein, brother of the emperor, was married to-day at Court church here to-day to Princess Dorothea Marie Henriette Augustine Louise of Saxe-Coburg.

Bodies of the Drowned.

New York, Aug. 2.—The steamship Westerland arrived today and those on board report that sixty miles off Sable Island within one mile of the spot where the ship La Bourgogne went down on July 4, the bodies of twenty-six men and

two women were seen floating in the water. It was a significant fact that almost all the bodies of the men floating with life belts on were sailors. The passengers seemed to have no life belts and therefore sunk.

Emperor William.

Kiel, Aug. 2.—Emperor William and empress left to-day for Friedrichsruhe.

SPANISH CLAIMS.

Millions to Be Demanded of Spain for Damage to American Property.

Washington, Aug. 2.—It is understood to be the present intention of the administration to assume all liability for claims presented by American citizens against Spain on account of injury to person or property in Cuba. Some part of this liability may be imposed upon the government of Cuba later on, when that shall have been established, including such cases as can be directly charged up against the insurgents, where they have destroyed property of American citizens in the course of their operations. The amount of the claims against Spain was \$10,000,000 at the date of the destruction of the Maine. It is estimated that the total has been increased to \$20,000,000 since that time and no doubt there are many other claims not yet presented.

Maj. Gen. Wade had a long consultation with Secretary Alger to-day perfecting the details of the expedition that he will lead to Porto Rico to reinforce Gen. Miles. Fifteen regiments have been practically selected.

STRIKE IN OHIO.

Wire and Nail Workers at Cleveland Quit Work.

Cleveland, Aug. 2.—A strike was formally declared to-day by the Federated Wire Trades at the works of the H. P. Nail company and American Wire company both of which are now under control of the recently formed wire and nail trust. The strike will throw about 2,100 men out of employment. The cause of the strike is a general cut of 33 1/2 per cent in wages and a threatened cut of 30 per cent more.

Police Court News.

In Justice Crawford's court to-day Bert Rutherford pleaded guilty to the charge of assaulting George McKenna, the night yardmaster in the railroad yards, and was fined \$10. The feelings between the two have been strained owing to the fact that Rutherford charged McKenna with having caused him to lose his job with the railroad.

Last night Rutherford went to the place where McKenna was working and a fight ensued in which the latter got the worst of it. The proceedings were interrupted by the arrival of Officers Lane and Martinez, who placed both of the men under arrest. McKenna was discharged by the court.

The sample of guano left at the livery

store of W. L. Trimble & Co., by J. S. Trimble and H. S. Knight, of the finest quality, and J. H. Pegue states that it is worth between \$18 and \$20 per ton for fertilizing to the farmers of California. When Messrs. Trimble and Knight were at Lava station last Sunday, where W. L. Trimble & Co. are doing a particular piece of grading for the Santa Fe railway, they visited the Houliere cave and Mr. Knight confirms the recent published account that the cave must contain from five to eight car loads of guano, the cave having been the roost of innumerable bats for years.

R. M. Thomas, assistant superintendent of the railway mail service, is in the city interviewing Postmaster Grumfield. These gentlemen, fully aware of the fact that contagious diseases exist and that some people are very careless in exposing others, warn the public to use extra due diligence, else the government will be compelled to fumigate all mails leaving from and coming through the Albuquerque postmaster.

C. B. Dixon and family will leave to-morrow morning for the Sulphur, where they will spend a vacation of several weeks. During Mr. Dixon's absence the Montezuma saloon will be temporarily closed, to be opened again on his return to the city.

Electric fans to keep you cool are new and timely features of Santa Fe route dining cars.

The public schools will open the first Monday in September.

NO EXTRA SESSION OF CONGRESS.

Washington, Aug. 2.—There will be no extra session of congress, though the senate will have to be called together for the prompt ratification of the treaty of peace if the present plans of the president prevail. It is stated at the White House that unless there should be some extraordinary development the house will not meet until it convenes in regular session next December.

Miss Winifred Spaulding, of Los Angeles, is expected to arrive in the city Thursday night, and will visit her sister, Mrs. Dr. Bishop, for some time.

Hugh Trotter has resumed his position as salesman at the Jaffa Grocery company's store.

EXTRA SESSION OF CONGRESS.

Cleveland, O., Aug. 2.—Senator Hanna stated to-day that an extra session of congress will undoubtedly be called early in the autumn. "The beginning of the end of the war is at hand," said the senator, "and an extra session will have to be called to consider the ratification of the terms of peace."

RAILROAD WRECK.

Accident Occurred on Santa Fe Pacific Near Holbrook.

One Killed and Thirty-Four Injured in the Wreck.

Sick and Fever Cases in American Hospitals in Santiago, Cuba.

EXTRA SESSION OF CONGRESS.

Special to the Citizen.

Holbrook, Ariz., Aug. 2.—Santa Fe Pacific train No. 1, westbound from Albuquerque, was derailed at St. Joseph. The accident was caused by a broken rail. The engine, baggage and mail cars passed over the broken rail, but the other cars were derailed. Four cars, including sleepers, day coach and chair cars, are in the Little Colorado river, up side down. Only one fatality is reported, Ray flooding, a boy 9 years old. His father is the Santa Fe Pacific agent at Kingman, Ariz. Thirty-four persons are more or less injured.

The injured as well as the other passengers were taken to Winslow and made as comfortable as possible in the Harvey house. Dr. Woods, assisted by the company physicians from Flagstaff and Williams, dressed the wounds of the injured.

The only train man hurt was Conductor Heady, and his injuries are slight. His face was scratched and he received a few body bruises. The Pullman conductor and porters were considerably shaken up.

At the time of going to press train No. 2 from the west is reported on time. This train leaves Winslow shortly before noon, so it would seem that the wreck was all cleared away at that hour.

A special train, in charge of Conductor Hall, was sent out from here at 11 o'clock this morning to the scene of the wreck. Drs. Cornish and Elder, with several assistants, went out on this train and will take care of the injured.

The telegrams received by local railroad officials are very meager, but corroborate the special dispatches of THE CITIZEN published above.

SICK AT SANTIAGO.

Death Rate Is Light and Sick Cases are Being Reduced.

Washington, Aug. 2.—The detailed condition of affairs at Santiago, together with the rate of deaths each day, is shown in the following telegrams from General Shafter: "Sanitary condition on July 29: Total sick, 4,164; total cases of fever, 3,212; new cases of fever, 609; cases of fever returned to duty, 792; deaths, 10. "Sanitary condition July 30: Total sick, 3,892; total cases of fever, 2,930; new cases, 543; cases of fever returned to duty, 515; deaths, 6."

In a dispatch dated Santiago, to-day, Gen. Shafter says that he is in hospital wounded and sick prisoners, 2,181.

ALBUQUERQUE, — AUGUST 2, 1908

THE European powers are now urging the United States to hold the Philippine Islands.

Spain is noted for doing the wrong thing, and may reject the proposition for peace.

"Island of Porto Rico, U. S. A." is the official title of the latest United States possession.

The chances are that the New Mexico troops at Prescott will soon come marching home.

At present no American made shoes are imported to the Philippine Islands. It will be different by and by.

If we are going to have any sort of a territorial fair, active work on the preparations should at once begin.

The free coinage question is a dead issue all over the United States, except in the back counties of Colorado.

Every effort should be made to stamp out the smallpox pest which is now epidemic in many parts of New Mexico.

The Sacramento mountain country is rapidly filling up with new settlers and is destined to be one of the best sections in New Mexico.

Congress will soon convene to provide an army for the captured Spanish colonies. If peace is declared with Spain the present volunteer army will all be discharged.

SHORTHAND is one of the arts that has never been lost. It is believed that it was practiced in Phoenicia before the Greek existed as a people, and possibly also at Babylon.

Taxpayers of the Philippines attract the attention of enterprising merchants and it is said that preparations are being made to establish direct steamship lines between New York and Manila.

If anybody has failed to appreciate the necessity for American clothing stores abroad, particularly in the West Indies, a present incident will make it plain. We are not even allowed to have our own coal held in stock at St. Thomas.

"Is the great people of the United States not come quickly to our help, we are lost. For God's sake, come quick!" is a part of a letter written by Cubans at Cienfuegos to Admiral Sampson. That's about the way Garcia and his Cubans talked before they got a taste of American provender.

The protest at San Francisco against the Chinese-made uniforms has taken another turn. This time it is Uncle Sam's volunteers who are doing the kicking. A board of survey, appointed by Brigadier General King at San Francisco to examine the clothing of the Tennessee volunteers, condemned it all.

At the first Paris exposition of 1789 there were only 110 exhibitors; at the second, in 1801, there were 230; at the fourth, in 1806, there were 1,424; and at the eighth, in the reign of Louis Philippe, there were 2,347. The first world's fair in Paris was in 1855. At the exposition in 1878 there were 55,486 exhibitors and 32,500,000 visitors.

Those revolutionary army contractors did not live up to their opportunities as patriotically illustrated by their modern representatives, but that they were of the same interesting type is shown by this extract from a letter of Washington to President Reed of Pennsylvania in 1778: "I would to God that one of the most atrocious in each state was hung in gibbets upon a gallows five times as high as the one prepared for Haman."

MAKING MONEY. Our great "Uncle Sammel" is the greatest "money maker" on the face of the earth. The director of the mint says: "We are working the mint two shifts of eight hours a day now. The New Orleans mint was put to work on silver dollars on July 11; the Philadelphia and San Francisco mints began the job last week. The intention is to first comply with the demands of the law, and then, so far as our facilities will permit, supply the calls for other coin. At present there is an immense stock of gold bullion on hand, and just as fast as possible we shall turn that into coin."

IRIGATION CONGRESS. The seventh annual session of the National Irrigation Congress has been called by the executive committee, through its chairman, ex-United States Senator Joseph M. Carey, to meet in Cheyenne, Wyo., September 1, 2 and 3. The basis of representation in the congress is as follows: The governor of each state and territory to name five delegates, the mayor of each city of less than 25,000 population, one delegate; the mayor of each city of over 25,000 population, two delegates;

each agricultural college, each regularly organized irrigation, agricultural and horticultural society, each society of engineers, each irrigation company and each agricultural body, one delegate. In addition to the foregoing, the following are delegates by virtue of their respective offices: The duly accredited representative of any foreign nation or colony; the governor of any state or territory; any member of the United States senate or house of representatives or member of any state or territorial irrigation commission.

DELEGATE MATERIAL. The republican party has excellent material for congressional delegate. There are leading republicans in every county, any one of whom could creditably represent the territory at Washington. Bernalillo county has such men as Pedro Perea, J. B. Armijo, B. S. Rodey and T. A. Finciel. Valencia county contains that grand old leader, Col. J. Franco, Charles and So. Luna. Colfax county could win with either T. W. Collins or A. C. Voorhees at the head of the ticket. Rio Arriba county has in T. D. Burns a popular and capable man. Taos county has Pedro Sanchez and Juan C. Santistevan, either of whom would make a good record in congress. Santa Fe has a dozen republican leaders, any one of whom is worthy of congressional honors. San Miguel county has Gov. M. A. Otero, John S. Clark and several other true and tried republicans, who would be elected if nominated. Socorro county has a number of good men, all worthy of any honor the republican party can confer upon them. Lincoln county has Col. G. W. Fritchard and other able men. Don Ana county has Capt. Llanos, Judge S. B. Newcomb and other popular and deserving men. Grant county has a dozen republican leaders, all of them worthy and competent for delegate.

The territory should elect a republican delegate. Mr. Ferguson can do nothing at Washington beneficial to New Mexico. He is with the minority, and minorities do not accomplish much at the national capital. The republicans can elect the delegate in November, and they should do so by a good majority. THE CITIZEN is in favor of the republican nominee, whoever he may be. Of course, from local pride and personal friendship, this paper would prefer to help elect Hon. Pedro Perea, but if some other man is the nominee we will all join in and do our best to secure his election.

YELLOW FEVER. While the cases of yellow fever in the army are many the deaths are few. Gen. Shafter, in his report of the health of his forces on July 27, registered 3,105 victims of that malarial, including 822 who had just been taken down. But the deaths for the day were only two in number. Ordinary fevers, or even measles or tonsillitis, might be expected to make a higher record of mortality than that, by which we may justly infer that the yellow fever, properly treated by medical and sanitary skill, is by no means so dangerous as popular imagination portrays it.

It is believed that when the present war is over a record will be preserved of the unexampled care of the sick and wounded. That some confusion should have existed in the fields, at first, and under unusual trying conditions was to have been expected. But the whole story, when finally told, will be to the effect that the American soldiers and sailors met the tolls and perils of war with great bravery, determination and patience and that the government provided well for those who were injured in the operation.

One of the most important effects of the Dingley law has been the stimulus it has given to lead smelting in the United States. No better proof of this could have been had than the active effort which has been set on foot in Canada to save the lead smelting interests of that country by placing a high import duty on lead and its manufactures.

"KEEP THE PHILIPPINES" is the demand of the American people, who must settle the terms of peace with Spain. Thousands of protests by mail and telegraph are being received at Washington against any agreement with Spain which abandons these islands.

SENATOR JONES, of Arkansas, goes out of his way to insult Spanish-Americans. He also shows that he is not conversant with American history. Spanish Louisiana was bought from France by Thomas Jefferson, and promptly annexed to the United States.

Controlling the Price of Wheat. Reents during the past few months in the Chicago wheat pit has shown how powerful one man can be. Throughout the whole of civilization the increase in the price of bread has been felt. This power of a man, however, is not so great as that of a single medicine in relieving and curing many diseases. This is Hostetter's Stomach Bitters, and its influence for good extends to all lands. When the mouth tastes badly in the morning, when appetite is lost, when dizziness comes on, when you are easily tired and have no desire to work, take a single dose of the Bitters before meals and you will feel like a different person. This one medicine controls the health of everybody.
