## LOUISE VERMILYA MODERN BORGIA NOW BELIEF OF POLICE

Chicago Authorities Conducting Rigid Investigation of Nine Deaths Occurring in Woman's Boarding House.

## TOXICOLOGISTS EXAMINING VISCERA OF DEAD PERSONS

New Facts Unearthed in Case Indicate Murder of Relatives and Friends By Administration of Poison.

[By Morning Journal Special Leased Wire.]  
Chicago, Nov. 1.—Chicago police today pursued their investigation into the deaths of nearly half a score of relatives and acquaintances of Mrs. Louise Vermilya to make certain whether the similar deaths constituted only a remarkable series of coincidences or Mrs. Vermilya asserts. Nine deaths are included in the long list with which Mrs. Vermilya's name has been connected, including two husbands, two step-children, three children and three roomers at boarding houses she kept.

Pending the report of the toxicologists which are examining the viscera of the late persons whose deaths have occurred beneath Mrs. Vermilya's roof, the police have made no arrests. No positive evidence has been uncovered.

From letters received by the police and from separate investigations, the following new facts became known today:

"That while Mrs. Vermilya has said one of the members of the death roster, Richard T. Smith, a conductor, was only a boarder at her home, a former roomer asserts the one claimed previously to have been married, and that they lived together as husband and wife.

"That while the woman told the police she had assisted an undertaker at 'resurrection' in embalming bodies, the undertaker there denies she ever had any such experience. She gave this as a reason why she could discuss the death with composure.

"That R. N. Brington, a photographer of Peoria, and brother-in-law of the Conductor Smith, had made love to the widow after Smith's death, so as to investigate suspicions he then had about the reason for his relative's demise, and that she told Brington part of her matrimonial history, which he desires to give to the coroner.

"That Smith died during convulsions and after drinking some substance, whether medicine or not, being unsettled; but that the doctors gave the cause of death, from the description of the symptoms given by the widow, as acute gastritis."

Photographer Brington's story relating the confidential talks he had with the widow, while he was courting her is expected to develop new interests. In a talk with the police of Peoria, he said Mrs. Vermilya had periods of mental depression, in which she was fond of talking of death, and the many visits it had made to those near and dear to her. He said to the police:

"She told me it seemed strange to hear that nearly every one she knew well and cared for died, and asked me if I was afraid of death."

A new coincidence developed today following the sudden illness of Mrs. Vermilya, herself, when a sister living in the house adjoining, Mrs. Mrs. Mary Buchholz, suddenly became ill.

Mrs. Vermilya told inquirers today she had never studied medicine, or sought to become a nurse, as had been reported, but that she had some little knowledge of medicine that she had acquired to enable her to be of aid to neighbors and relatives in time of illness. She insisted she was innocent and condemned the police for maintaining a surveillance over her.

The deaths which are being looked into follow:

Fred Brinkamp, first husband of Mrs. Vermilya, died on farm near Barrington, Ill., after brief illness.

Charles Vermilya, second husband, died after six days' illness of "gastritis" at Maplewood, Ill.

Florence Brinkamp, four years old, daughter, died at Barrington.

Cora Brinkamp, eight years old, daughter, died at Barrington.

Harry G. Vermilya, step-son, 25 years old.

Lillian Brinkamp, step-daughter, 25 years old.

Frank Brinkamp, son, died of "pneumonia" in Chicago.

Richard T. Smith, conductor, and reported to be third husband. He boarded at her home.

Arthur Blissette, policeman, roomer, to whom she was engaged, died of "gastritis" last Thursday.

Two conductors who had worked with Smith on the railroad, told the coroner that Smith had told them he was living with Mrs. Vermilya, though not married to her, and that he had been threatened with death by another suitor of the widow, an undertaker.

Blissette was really engaged to Vermilya.

## GIRLS LOSE LIVES WHEN POWDER FACTORY IS DESTROYED

Fire in Chealis, Wash., Mill Burns Seven to Death Out-right While Eighth Will Succumb.

## CARELESS WORKMAN CAUSE OF DISASTER

Let Pot of Paraffin Boil Over, Resulting in Fatal Flash; Bodies Impossible of Identification.

[By Morning Journal Special Leased Wire.]  
Chehalis, Wash., Nov. 1.—Fire which destroyed the powder factory of the Imperial Powder company at Chehalis late today, caused seven young women to lose their lives and an eighth will die tonight in the hospital. Only two girls escaped, although a dozen men were unhurt. The dead:

VERA MULFORD,  
TILLIE RASCHBACK,  
SADIE WESTFALL,  
EVA GILMORE,  
BERTHA HAGLE,  
ETHEL THARP,  
MRS. ETHEL HENRY.

Bertha Crown was so severely burned that she will die.

The cause of the fire is a mystery. One report is that a pot of paraffin in the mixing room was allowed to boil over by a careless workman, and that part of it ran into some powder.

A flash followed and soon the whole structure was ablaze.

The girls were hurled down together and owing to the rapid spread of the flames could not escape from behind a counter on which they were working. There was no explosion, the powder being of the non-explosive character unless confined. A flash started the fatal fire.

Four of the company's buildings were destroyed, together with equipment and many tons of manufactured powder, entailing a financial loss of \$20,000 or more.

Seven bodies are at the Chehalis morgue tonight, but only one has been identified. A father picked out the body of his daughter by a ring she had worn.

## DO YOU WANT TO GO BACK TO BANKRUPTCY?

### FIGURES VS. FABRICATION; A FEW FINANCIAL FACTS

A financial revolution has taken place in Bernalillo county since the present county commissioners took charge.

The figures speak for themselves. The figures will re-elect these commissioners.

FRANK HUBBELL'S TAX LEVY FOR COUNTY PURPOSES IN 1905 WAS TWENTY-SEVEN MILLS—THE HIGHEST IN THE HISTORY OF THE COUNTY.

This was the year in which he was thrown out of power.

THE TAX LEVY FOR COUNTY PURPOSES NOW IS A LITTLE OVER TWENTY-THREE AND A HALF MILLS—23.068 mills, to be exact.

At 27 mills the county had no credit, no funds, no schools, no roads, no bridges, no government.

At 23.68 mills the county has good roads, splendid bridges, modern schools, high financial standing, business government and money in the bank.

Under the Hubbell era of misgovernment and extravagance and looting, conditions approached the stage of semi-barbarism.

Under the present era this is one of the most modern, most progressive, most enlightened and best governed counties in the state.

Under Francisco Hubbell the county was "broke."

Under the present era the county showed on September 30, 1911, CASH ON HAND \$87,813.92. During the first nine months of this year THE CASH ON HAND HAS RANGED FROM \$63,000 TO \$117,000.

THE MONEY IS IN THE BANK.

Taking charge of a bankrupt county and carrying a load of some \$25,000 of debts left by Hubbellism, these county commissioners, Alfred Grunsfeld, Policarpo Amnijo and Manuel Springer, have cleaned off the slate, paid the debts, re-established credit, and accomplished thousands of dollars of permanent improvements, including a survey of the county which will add half a million to the assessed valuation.

These men took up a ruined county and set it on its feet.

They took charge of a bankrupt institution and made a prosperous business establishment out of it.

Notwithstanding all this THEY HAVE CUT THE TAX LEVY NEARLY FOUR MILLS.

ASK YOUR TAX RECEIPT.

DO YOU WANT TO GO BACK TO BANKRUPTCY?

If not, vote for the business men whose stainless and able record of honesty and efficiency is found in the books at the court house—AND NONE OF THE BOOKS HAVE BEEN BURNED.

The End of the Trail.

## TREASURY DEFICIT NOW EXCEEDS 20 MILLIONS

Washington, Nov. 1.—The federal government's deficit for the fiscal year exceeded \$20,180,000, when the treasury opened its doors today. A year ago this deficit was \$13,000,000, while a month ago it was \$14,000,000.

The increase in the deficit in October was due to the fact that the receipts for the month were only \$55,055,000, while the disbursements amounted to \$60,150,000, an excess of expenditures over receipts of \$4,145,000. Comparing this showing with that of the previous month, the receipts for September exceeded the expenditures by more than \$5,525,000.

The total balance in the general fund of the treasury at the close of October was \$136,520,000, as against \$144,400,000 in September. The working balance in the treasury of-

times at the opening of business today was \$78,555,000, while a month ago it amounted to \$83,115,000. The total cash in the treasury today was \$1,897,170,000 as compared with \$1,885,510,000 at the end of September. The amount of gold coin and bullion in the trust funds for the redemption of the notes of certificates for which they are pledged was \$997,005,000, at the end of October, while at the close of the previous month it was \$1,002,070,000.

The Panama canal called for the expenditure of \$2,990,000 during October, making a total disbursement for this project during the current fiscal year of \$11,575,000.

There are 77,321 national banks in existence, an increase of two over the month of September. The total amount of national bank circulation at the close of October was \$739,165,000.

## RODGERS GREETED FOWLER AT TUCSON

Rival Cross Continent Aviators Meet and Exchange Good Wishes; Rodgers Flies For Phoenix.

[By Morning Journal Special Leased Wire.]  
Tucson, Ariz., Nov. 1.—Swooping down from the air at 1 p. m. today, Aviator C. P. Rodgers, now on the last stages of his coast-to-coast flight, was greeted here by Robert G. Fowler, who is attempting to make the trans-continental flight from west to east, and who has been held here since Monday by the necessity for repairs to his machine.

Fowler, who had been watching for his rival's appearance through the big telescope in the observatory in the University of Arizona, was the first to greet Rodgers as the latter stepped from his machine.

"Glad to see you, Mr. Rodgers," was the salutation. "I'm very glad to meet you, Mr. Fowler," was Rodgers' rejoinder. "You've had a lot of hard luck."

"So have you," replied Fowler. "The rivals exchanged best wishes for each other's success and Fowler hurried away to push the repairs on his machine. Rodgers took on a supply of gasoline and overhauled his machine, leaving at 2:45 p. m. for Phoenix, 110 miles away."

Rodgers started today's flight at Wilcox, Ariz., 8 miles east of here, at 11:05 a. m., making the distance in one hour and fifty minutes.

## HUNTER SLAYS TWO MEN; SERIOUSLY WOUNDS FOURTH

Luckless Companions of Inexperienced Gunner Mistaken For Deer and Shot Down at Close Range.

[By Morning Journal Special Leased Wire.]  
Maya Landing, N. J., Nov. 1.—Eager to have a shot at a deer which he supposed was coming down an unused road in the gloom of the early dawn today, Charles Norcross, of Ionia, N. J., fired into a party of four other hunters, killing two and seriously wounding a third. The dead are:

CONRAD STEELMAN, 28 years old, of Pleasantville, N. J.

JOHN YOST, 35, Pleasantville, injured.

William Jarvis, Pleasantville. Norcross is in jail here awaiting the action of the coroner.

According to Norcross' statement he was standing behind some under-

brush at the side of a road when he heard a noise. Believing the sound came from a deer, walking down the road, Norcross says he fired one barrel of buckshot in the direction of the noise. Before he could lower his gun there was a shriek, and jumping out of the underbrush, he was horrified to see three men lying in the road.

## Polo Player Killed.

Santa Barbara, Cal., Nov. 1.—John Cross, a polo player of wide prominence, fell with his pony while engaged in a game yesterday and suffered injuries that resulted in his death today.

## COUPLE CARRY OUT DEATH PACT

Sweethearts Swallow Strychnine and Both Are Found Dead Following Halloween Party.

[By Morning Journal Special Leased Wire.]  
Wooster, O., Nov. 1.—Death from strychnine poisoning was the coroner's verdict today in the case of Miss Carmen Humphrey, aged 19, and Rufus Billard, a young dancing master, who died within a few hours of each other under circumstances indicating a suicide pact.

Billard and Miss Humphrey were engaged. It was shown by one of the witnesses at the inquest that after a recent quarrel the young man had told the girl that she should marry him or nobody.

Miss Humphrey died in convulsions early today after coming home from a Halloween party, Billard being her escort.

Billard's body was found a few hours afterward near the burial plot of Miss Humphrey's grandparents in the city cemetery. He had left a note to his mother asking forgiveness, and requesting that he and Miss Humphrey be buried together.

## H. O. Bursum Speaks Tonight at Elks' Theater

Holm, O. Bursum of Socorro, candidate on the stand pat republican ticket for governor of New Mexico, will make a public address at 7:30 o'clock tonight at Elks' theater in this city.

In view of the fact that Mr. Bursum is a candidate for the highest office in the gift of the people of New Mexico, the Morning Journal urges every citizen, regardless of party affiliation, to go and hear his defense of his candidacy and of the political organization which has placed him before the people for their votes. Mr. Bursum is entitled to a full and fair hearing and no one should miss the opportunity of hearing him present in person his claim to the votes of the people and whatever argument he may offer in advocacy of the election of the ticket which he heads.

Seldom has a candidate for public office in New Mexico been compelled to meet such an array of opposition and to explain so many things as has Mr. Bursum. It is simple justice to the man that he be given every opportunity to refute the charges against him and the men who are backing him.

It is the public duty of every voter in the city to hear Mr. Bursum tonight and hear him attentively and thoroughly.

The Morning Journal urges every citizen to attend this meeting.

## IMPERIAL ARMY WILL CEASE FIGHTING

Appointment of Yuan Shi Kai as Premier to Mark Opening of Negotiations With Revolutionists.

[By Morning Journal Special Leased Wire.]  
Peking, Nov. 2.—The war office has received a report that the imperialists have captured Hankow and massacred the population.

Peking, Nov. 1.—The appointment of Yuan Shi Kai today as premier of China, will be followed by a cessation of hostilities on the part of the imperialists and the opening of negotiations with General Li Yuan Heng, leader of the revolutionists at Hankow.

An imperial edict providing for important administrative changes also accepts the resignations of the ministers.

All the ministers attended a secret session of the national assembly today, which, it is understood, practically agreed to the demands of the disaffected Lan Chau troops. A member of the war board was appointed to confer with the troops and express the assembly's views.

The assembly also discussed the recent loan for which arrangements had been made with a Belgian and French syndicate. The ministers explained that the loan was needed for the purpose of carrying on field operations. The assembly thought there was a good prospect of the termination of hostilities and in that case the loan would not be necessary. It was finally decided to confer the matter by telegraph to Yuan Shi Kai.

A member brought up the question of the Shanghai Taotai's failure to pay the installment of the Boxer indemnity, and a minister explained that two months' grace, with four percent interest had been allowed.

The panic among the people of Peking which ensued after the issuance of the first imperial edict, has been largely dispelled, and the newspapers are beginning to sum up the results of the seventeen days' rebellion.

The Daily News considers that the appointment of Yuan Shi Kai will change the entire political complexion, restore peace, inspire the people with confidence, command the respect of foreign countries and place the empire on a sound basis.

Reports received here state that several more cities have gone over to the revolutionists. The soldiers in north China are avowedly awaiting the action of Yuan Shi Kai.

The government troops and the Shan Si rebels are encamped not far apart. Apparently they do not intend to fight, at least not for the present.

## APPOINTMENT OF NEW PREMIER CLEARS SITUATION

Shanghai, Nov. 1.—The edict appointing Yuan Shi Kai premier and Yuan's active participation in negotiations with the rebels have considerably cleared the situation. It is evident that the revolutionists throughout the south are awaiting Yuan's word.

While the government's action has been delayed so long as to possibly seriously affect negotiations, there is reason to believe that the tone of the edict will appeal to the sentiment of the Chinese and a few days more may serve to settle the whole question.

A great obstacle is skepticism regarding the sincerity of the administration at Peking.

Yuan Shi Kai has sent a wireless to Shanghai instructing the telegraph department to send operators and material for repairs to Yen Kan, indicating that he expects to have control.

Rear Admiral Murdoch, commander-in-chief of the Asiatic squadron, is distributing the smaller vessels to points where Americans are nervous. He expects to establish wireless communication with Hankow tomorrow.

Miners Crushed to Death.

Eureka, Utah, Nov. 1.—Caught by a cave-in which occurred today in the Chief Consolidated mine, Walter Ferguson and William Allen were crushed to death. John Johnson sustained serious injuries.

### LOUISE VERMILYA MODERN BORGIA NOW BELIEF OF POLICE

(Continued From Page 1.)

Miss Lydia Rivard, of Kankakee, Ill., was shown by the filing today of the policeman's will, in which Miss Rivard was named as his fiancée, Mrs. Vermilya was a witness to the will and the police will endeavor to ascertain whether the widow had shown jealousy of the policeman's intended wife.

It was the suddenness of Biscanette's death coupled with the widow's statement that he was addicted to drink, whereas members of the police force had known him as an abstemious, that prompted the investigation.

## WHOLE DAY DEVOTED TO FRUITLESS QUESTIONS

NO PROGRESS MADE  
IN M'NAMARA TRIAL

Thirteen Months After Twenty-One Men Lost Lives in Explosion Hardly Beginning of Jury Has Been Obtained.

(By Morning Journal Special Leased Wire.)  
Los Angeles, Cal., Nov. 1.—With thirteen months to a day elapsed since twenty-one persons lost their lives in an explosion and fire which wrecked the Los Angeles Times building, hardly the beginning of a jury had been obtained in the trial of James B. McNamara, accused of having caused the death of Charles J. Haggerty, one of the victims. Counsel for the state estimated that in two months a jury may have been obtained.

Today's procedure in that direction amounted to nothing, so far as obtaining additional talemens accepted for cause was concerned. At the beginning of the session, District Attorney John D. Fredericks for the state, withdrew opposition to a challenge by the defense against one talemens, the examination of another who it is nearly certain, will not reach the jury, occupied most of the day and two others were released just before the close of court, one by consent of opposing counsel and the other because of opposition to the death penalty. The nine talemens who had been accepted as to the cause when court opened had not increased their number at the close of the session. Of these perhaps two or three will be on the jury as it is sworn.

Ten veniremen were selected for examination out of a new venire—the third thus far—of forty men, summoned yesterday. One of these, Jesse R. Townsend, was the man excused because of his opposition to capital punishment.

Ben F. Graves, a real estate dealer, told of having heard the Times explosion and saw from the windows of his residence the burning of the building. He said he knew General Harrison Gray Otis, proprietor of the Times; Harry Chandler, General Otis' son-in-law, and several other men interested in the case. While he told of the sound of the explosion muffled and blanketed by fog, came to his ears in the middle of the night. Attorney Leconte Davis, for the defense, conferred with District Attorney Fredericks and soon afterward Attorney Clarence S. Darrow, chief of counsel for the defense, suggested to the court that the man be excused.

"Is that a challenge?" demanded Assistant District Attorney G. Ray Horton.

"It is not," said Darrow. "I'm not going to challenge this man."

After a brief colloquy, the state agreed to release Graves.

In the case of Lorenzo Romans, a real estate dealer, who admitted having written many anonymous letters to William Mulholland, head of the mayor's commission, declared the Times explosion to have been caused by dynamite, because of disapproval of Mulholland's services as a city official, a challenge was leveled by the state under the statutory provision against incapacity from any sort of mental or bodily infirmity. It was restated by the defense, which announced that it would bring witnesses into court tomorrow to oppose it.

Romans laughed much of the time during his examination, and several spectators laughed at him, until he was called for order. He said he believed a fund appropriated by the city to investigate the Times disaster was a "corruption fund."

**SELECTING JURORS FOR  
SECOND TRIAL OF HYDE**

Kansas City, Mo., Nov. 1.—Doubt that the state would attempt to prove at the second trial of Dr. B. Clarke Hyde that Col. Thomas H. Swope came to his death by the administering of cyanide, was dispelled by the prosecution in examining witnesses today.

"Are you acquainted with the properties and the action of cyanide?" every venireman examined today was asked.

Scientists in the employ of the state testified at the last trial that only a trace of cyanide was found in Colonel Swope's viscera. It was the general belief at the opening of this trial that the prosecution would abandon that line of attack and depend solely upon the theory that he was poisoned by strychnine. Until today Prosecutor Conkling refused to discuss what testimony he had intended to introduce, but he said the cyanide feature would be included.

Twenty-four veniremen were interrogated today and three of them were accepted. The temporarily accepted jurors now number nineteen.

Judge Porterfield is urging the attorneys to make all possible speed and occasionally he takes part in the interrogating in order to expedite matters. Today a venireman was evasive in his answers, and the court said:

"You're excused; you haven't sense enough to be a juror."

**Funeral of Joseph Pulitzer.**  
New York, Oct. 1.—The funeral of Joseph Pulitzer, owner and publisher of the New York World and the St. Louis Post-Dispatch, was held here today in St. Thomas' Episcopal church, whose rector, the Rev. Ernest M. Stiles, conducted the services. The burial was at Woodlawn cemetery.

## TFT REVIEWS BIG FLEET TODAY AT NEW YORK

NINETY-FIVE FIGHTING  
SHIPS TO FORM LINE

Secretary of Navy Highly Pleased With Mobilization of Mighty Armada Which is Ready For Emergencies.

(By Morning Journal Special Leased Wire.)  
New York, Nov. 1.—The fleet has demonstrated its preparedness for any emergency and has shown the effectiveness of the present organization.

George Von L. Meyer, secretary of the navy, smiled as he made this statement this evening on board the president's yacht, Mayflower, after having inspected ninety-five fighting ships of the Atlantic fleet assembled in the Hudson river for the greatest mobilization in the history of the American navy. President Taft will review the fleet tomorrow as it passes out to sea.

Leaving the Mayflower in a speedy launch, after having received on board Rear Admiral Osterhouse, the commander in chief, the secretary paid visits to the flagship of the fleet standing erect in the launch in silk hat held firm, and frock coat flapping as he sped from ship to ship in the face of a twenty-mile wind.

The Mayflower fired a salute of nineteen guns as he left her side and this salute was repeated by each of the seven flagships that he boarded, beginning with the Connecticut and ending with the little Dixie, tender of the torpedo fleet.

His calls completed, the secretary re-boarded the Mayflower, which had steamed to the upper end of the seven miles of warships and passed slowly southward along the entire line, each ship saluting nineteen times. The echoes roared back from the New York shore after an interval so long that it seemed as if a second bombardment were going on in the streets of Harlem.

Members of the house committee of naval affairs followed the secretary of his visits to each of the flagships and were honored with a salute of seventeen guns. They, too, were gratified with the apparent efficiency and preparedness of the fleet and when the party re-assembled on the Mayflower, hope was expressed that congress might see fit to create the position of vice admiral.

"The rank of commander in chief should be commensurate with his great responsibilities," said Secretary Taft. "And it is due his position that he should have the rank of vice admiral."

Rear Admirals Waynright, Vreeland, Potter and Fletcher, acting as the secretary's aides, endorsed this expression and noted that the position of vice admiral would be created.

"This mobilization has demonstrated," continued Secretary Meyer, "that for our reserve fleet we should have a greater number of enlisted men. I have anticipated this in part by asking for 2,000 more men in this year's estimates, which have now gone to the treasury department. These estimates provide for the maintenance and addition of these men, but they are no larger than those of last year."

Besides the congressmen and other prominent guests aboard the Mayflower this afternoon, attaches of four foreign nations were present. They were Captain C. E. G. Sowerby, of England, Commander Retzmann of Germany, Commander Tokutomi Hiraga of Japan and Commander Vassiloff of Russia. There were also present Senators Root and O'Gorman of New York; Mayor Gaynor, Attorney General Wickersham, secretary of the Interior Fisher and others.

Two slim-nosed destroyers painted green, patrolled the course during the inspection and there was no untoward incident throughout.

About 200,000 persons witnessed the spectacle from the New York shore and gayly decked harbor crafts bore thousands up and down the line.

**PACIFIC FLEET ASSEMBLES  
IN LOS ANGELES**

Los Angeles Harbor, Cal., Nov. 1.—In perfect fighting trim, the Pacific fleet underwent off this port today the first naval review in Southern California waters and passed it to the satisfaction of Rear Admiral Chauncey Thomas, who was in command, and to the pleasure of national law makers who intimated that the mobilization might result in increasing the number of American men of war on the Pacific ocean.

After arriving here early today, the vessels immediately assembled the formation chartered out for them—a solid rectangle four columns and six rows, making twenty-four vessels while the other two crafts in the fleet served as reviewing ship and tender, respectively.

The review was conducted in the afternoon, Admiral Thomas receiving federal and city officials on board the Vicksburg on which he had temporarily transferred his flag from the California.

When the review was ended, Admiral Thomas served luncheon aboard the California and later escorted his guests to the battleship Oregon from the deck of which they witnessed a diving exhibition by submarines.

## SOCIALIST LEADS IN LOS ANGELES PRIMARY RACE

WOMEN'S VOTES MAY  
SETTLE MAYORALTY

Job Harriman Comes Within Four Thousand Votes of Capturing Seat Without Necessity of Regular Election.

(By Morning Journal Special Leased Wire.)  
Los Angeles, Cal., Nov. 1.—Official and complete returns from yesterday's primary show the failure of the efforts of the socialists to capture the mayoralty by a majority vote, and thus obviate the necessity of going before the people again on December 5 at the regular election.

Mayor George Alexander, "good government" nominee, and Job Harriman, socialist, will compete for the office in December.

These returns show the primary vote to have been as follows:

Harriman, 29,157; Alexander, 16,790; Mushet, 8,168; Gregory, 327; Becker, 59. Harriman's plurality was 3,367. His vote fell short 4,188 of a majority over all, which was necessary for election.

All of the socialist candidates for the city council and all except two of the board of education, will have their names on the regular ticket.

The socialist candidates for city auditor and city assessor, will have to contest with the opposition at the regular polls.

Regarding the vote cast at the primary, Mr. Harriman said today that had it not been for the support drawn from him by Mushet, he would have been elected. He claimed that nearly all of the Mushet vote would swing to him on December 5, making his election a certainty.

On the other hand, Mayor Alexander's friends declared the Mushet vote was cast largely by those opposed to Alexander, but not socialist and that in a two-men contest this vote would go to Alexander.

Impartial observers say the question that is agitating all factions is "what will the women do?" There are now approximately 26,000 women registered in Los Angeles, and November 9 when registration closes for the fair sex, it is believed at least 40,000 will have affixed their names to the poll books.

Herculean efforts have been and are being made by the socialists to enroll as many working women as possible. Socialist leaders claim 90 per cent of these will vote for Harriman, and that 80 per cent of those now registered are either socialists or women who will support the socialist ticket.

The baker, the grocer, the butcher—all small tradesmen—are delivering with each order, a socialist platform or socialist literature and many linger at kitchen doors to talk politics with the cook. Women socialists are making a canvass in opposition to the "good government" house to house workers.

**CALIFORNIA WOMEN TAKE  
NEW DUTIES SERIOUSLY**

San Francisco, Nov. 1.—California's newly enfranchised feminine voters are taking their duties of citizenship very seriously. They are not overlooking even the proposed reorganization of the country's financial system under the Aldrich plan.

When the sub-committee of the national monetary committee, headed by Vice Chairman Edward Vreeland, began today its sittings in this city, two of the state's suffragette leaders, Mrs. Mary Damage, president, and Miss Helen More, organizer of the state equal suffrage league, attended a portion of the session. Mrs. Damage said that while she admitted small knowledge of the subject, it seemed to herself evident that financial reform was needed.

"We came to learn about this financial question," said Mrs. Damage.

**HOLTSLAW'S CONFESSION  
WAS MADE VOLUNTARILY**

Chicago, Nov. 1.—Attorneys A. M. Fitzgerald and George Gillespie of Springfield, who acted as counsel for former State Senator Holtslaw, today told the committee of United States senators investigating the Lorimer case that Holtslaw's confession of corruption was made without pressure, suggestion or intimidation. Counsel for Mr. Lorimer failed in efforts to show that either attorney was actuated by other than proper motives.

The testimony was friendly to Senator Lorimer and urged several members of the Forty-sixth General Assembly to vote for the Chicago man.

## MARSHAL SERVES SUBPOENAS ON MIGHTY

Andrew Carnegie, J. Pierpont Morgan and John D. Rockefeller Among Those Haled to Court in Steel Trust Case.

(By Morning Journal Special Leased Wire.)  
New York, Nov. 1.—United States Marshal Henkel was in cheerful mood this evening after a round of subpoena service during the day upon prominent financiers and men of affairs named as defendants in the government's suit against the United States Steel corporation.

The marshal seemed particularly pleased as he exhibited a trophy in the shape of an autographed photograph. It bore the words:

"Compliments of Andrew Carnegie."

"Yes, sir," said the marshal. "Mr. Carnegie gave me that today. I went to his house to serve him with the subpoena. When my card was sent in Mr. Carnegie sent word right back for me to sit down. He showed me this picture and asked me if I would like one. I told him I would if he would sign it, and he did."

The marshal had communicated with J. Pierpont Morgan and had informed him that he would be around to see him before Mr. Morgan left for his business. The financier was waiting for the marshal in his library. He took the subpoena after a cheery good morning.

The marshal telephoned to John D. Rockefeller that he would be up to see him in a day or so with a subpoena.

"And what do you think he said?"

## WHITE RIBBONERS JEER MAYOR OF MILWAUKEE

He Gets in Bad With Women  
When He Tells Them He is  
Against Prohibition.

(By Morning Journal Special Leased Wire.) Milwaukee, Wis., Nov. 1.—Mayor Selden, the city's social executive, tonight addressed the National Woman's Christian Temperance Union convention and told them outspokenly that he did not believe in prohibition.

The remarks were greeted with cries of "No," words of disapproval and he was all but hooted into silence. He said there were things about the city which he could not approve of and that what he did not approve of might be favored by the prohibitionists. He declared that he did not believe the moon needed to be wiped out, but he said he agreed with the women as to the need for the better condition of children of the nation.

Aside from the re-election of Mrs. Lillian M. N. Stevens as leader of the hosts of women temperance workers, also her last year's associates, the feature of today's sessions of the national W. C. T. U. convention was a symposium on the question of equal suffrage.

The convention created a new department today, that of press bureau, Mrs. Minnie B. Horning of Illinois, being elected superintendent.

Resolutions were adopted petitioning the United States government to make an analysis of alcoholic drinks and patent medicines and to prepare proper charts of the same for use in the public schools; also that the United States government be requested to use its influence to protect the prohibition in the establishment of a five-mile prohibition zone.

## BARBARITIES NOT PRACTICED BY ITALIANS

Premier Gioletti Declares if Any  
Reproach is Admissible It  
Can Be Only For Being Too  
Humanitarian.

(By Morning Journal Special Leased Wire.) Rome, Nov. 1.—The reports that have been spread in foreign countries that the Italian troops at Tripoli have practiced extreme cruelty in the war against the Turks and Arab killing women and children, the aged and infirm and non-combatants, have caused intense indignation throughout Italy.

These reports have already been officially denied, but Premier Gioletti took occasion tonight to emphasize the denial and to make a statement in behalf of the government and nation.

"If any reproach is admissible," he said, "it can only be on account of excess of humanitarianism. We have perhaps, through exaggerated scruples, smothered the hero and property of the enemy and in so doing have exposed ourselves to grave risks. Perhaps what is the bounty of the strong may be judged as weakness."

The acts of treachery were due partly to the efforts of the Bedouins, about 15,000 of whom migrate at this season of the year from the interior to the coast for the date crop. They formed a conspiracy with the Turks and succeeded in persuading the Arabs, who had already declared themselves our friends, to rebel. But, indeed, the Arabs were ready to take up arms against those they considered weak at any moment. This is shown by the fact that many of the habitations, when set on fire, exploded like powder magazines, so great were the quantities of arms and ammunition hidden in them.

After the betrayal, when the Arabs, hidden by the trees, walls and houses in the oasis, shot in the back the troops courageously fighting the Turks, our soldiers defended themselves. They attacked the oases and routed the traitors, killing those caught in the act of firing and taking others prisoners. For safety we transported the prisoners to the Tremiti and Ustica islands where on their own admission, outside of the curtains of their liberty, they are

better treated than in their own country.

The case within our own lines, after the population had been removed out of harm's way, was rendered useless as a cover for the enemy. The troops and walls and in fact everything that might afford a shelter for the Arabs, was destroyed.

"In no report has General Canova made an allusion to women and children being killed. There is instead proof of unheard of cruelty to our wounded. Many were barbarously killed, being killed while lying wounded and unable to defend themselves. Besides the ocular testimony this is proved by the fact that while the normal proportion between the wounded and dead in battle is one to two, the Turks having about 2,000 dead and 4,000 wounded, our dead numbering 374 and wounded only 150.

In open attacks, in ambushes and also in time of treason, the humanitarian sentiment of the Italian army and navy are above praise. Always admired, they render this war an example of generous and chivalrous civilization."

## ARAB VOLUNTEERS ARE CONFIDENT OF VICTORY

Constantinople, Nov. 1.—The chamber today loudly cheered the reading of a telegram from the deputy from Tripoli, Sulaiman El Baruni, commanding the Arab volunteers. The telegram was dated October 28 and said:

"I reached the coast accompanied by the volunteers October 25, and delivered a formidable assault on the enemy, who were driven from their entrenched positions. Today I am marching on Tripoli. Thanks to divine assistance, I shall enter the town."

## TURKS MAY RETAKE TRIPOLI AT ANY TIME

London, Nov. 1.—The Daily Mail correspondent writing from Tripoli under date of October 27 describes the situation as extremely grave and adds that the idea that the Turks and Arabs may recapture the town is not so impossible as may seem to the outside world. He says:

"The Italian lines have been drawn in until they are little beyond the town itself. The failure of the attempt of retreating Italians to blow up the old Turkish fort containing a large stock of shells, makes it possible for the Turks merely to walk in and resume possession of the fort."

The Daily Mail Constantinople correspondent says:

"The latest news from Tripoli received at the war ministry says that the Turkish troops have advanced to posts two hundred yards from the town. The minister of the interior has issued a decree subjecting the Italians to an income tax and municipal dues from the latter of which, subjects, even of non-combatant powers, are not free."

A dispatch to the Daily Mirror from Tripoli dated November 1, says:

"The Turks yesterday shelled the town from Fort Hamid which the Italians were obliged to abandon. The Italian replied, wrecking the fort. It is reported many Turks were killed."

## EDUCATION FUND BOARD NOT TO DISSOLVE

Those Charged With Duty of  
Distributing Peabody Mil-  
lions, to Continue Work For  
Another Year at Least.

(By Morning Journal Special Leased Wire.) New York, Nov. 1.—The Peabody Education Fund board will not be dissolved nor the remaining funds distributed for another year at least. This was decided at a meeting of the board of trustees here today.

At last year's meeting it was intimated that the recent year might be the last in the board's history, but the unanimous decision today was to await at least another twelve months before dissolving.

The Peabody fund which originally was \$3,500,000, was donated by George Peabody to promote education in the south. Samuel A. Green secretary for the board, in a statement said:

"Last year we donated \$1,000,000 to the establishment of the George Peabody College for Teachers at Nashville, Tenn., thus diminishing our fund to \$2,500,000. It is quite likely you might say quite probable—that next year we will disband and give away the whole fund. We will then distribute the money among eleven remaining southern states. Tennessee has already received the lion's share and I doubt if any more will be allotted within that state."

## MOISTURE A-PLENTY AT MELROSE

Roads Still Muddy: Tons of Broomcorn Awaiting Shipment and Good Wheat Year is in Prospect.

(Special Correspondence to Morning Journal) Melrose, N. M., Oct. 26.—The roads about Melrose are the best possible evidence of the claim old timers make that there never was better moisture at this season than is now here. Many tons of broomcorn are waiting on the farms for the roads to get firm again. Old timers are predicting a good wheat year. People are already coming in and taking up the claims that some were induced to relinquish.

Broomcorn has been bringing good price and there has been much good stuff delivered. In many sections of the country it is a problem to know what to do with the feed, as the farmers have not yet learned the art of feeding.

The finest cotton yet raised in the county has been placed on exhibition at the index office and arrangements made to distribute the seed so that a Curry county strain may be developed for those who wish to raise cotton.

J. M. Holland, the candidate for assessor, has just received his premium for the best shelled maize exhibition here some splendid peanuts, at Colorado Springs. He has on exhibition here some splendid peanuts, but has had to yield the palm for the largest watermelon to R. T. Arnold, the candidate for commissioner, who brought in one weighing sixty-five pounds.

The department at Washington has identified the grass that is curing the bad fault of blowing in the local orchards as "Eragrostis plicata." Its seed lies dormant in cultivated ground till after "laying-by" time, then comes up, quickly carpeting the orchard, and dies during the winter so that it does not leave a turf to interfere with next year's cultivation.

## CASCARETS FOR A SICK, SOUR STOMACH

Gently but thoroughly cleanse and regulate your stomach, liver and bowels while you sleep.

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach; the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache means indigestion; a disordered stomach which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any. Try Cascarets; they cure indigestion, because they immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels. Then your stomach trouble is ended forever. A Cascaret tonight will straighten you out in the morning—a 10-cent box from any drug store will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing too.

## MISSIONARY WORK TO BE CONTINUED BY BAPTISTS

Sub-Committee From Northern and Southern National Convention Complete Investigation of New Mexico.

(Special Correspondence to Morning Journal) Roswell, N. M., Oct. 31.—When the sub-committee of the joint committee of churches from the Northern and Southern national Baptist conventions left Roswell this morning, its members, two prominent Baptists from the North and two from the South, stated that the result of their investigation of the divided conditions of Baptist work in New Mexico will be that both national conventions will continue to patronize the missionary work in the coming state and that there will be a get-together spirit that will help along the cause. After investigating at Roswell and Clovis the quiet of ministers left for their various homes in the North and South, deciding that they did not need to go to Albuquerque, as originally planned.

The proposed change of the New Mexico alignment from the Northern to the Southern convention, which was brought up at the last meeting of the territorial convention at Tucuman, has about died out and the committee of investigators from the great conventions decided that the best plan was to let the work rock along as it had been during the past year, working to a closer union all the time. The committee makes its official report to the joint committee of 18, which meets at Hot Springs, Ark., on January 24.

The investigating committee was composed of Rev. Edgar Y. Mullins, president of the Southern Baptist Theological Seminary at Louisville, Ky.; J. S. Dickerson, of Chicago, editor of "The Standard," a national Baptist paper; Rev. Walter Calley, D. D., of Boston, and Rev. J. A. Barton, D. D., of Fort Worth.

**Big Checks for Apple Growers.**  
Two big checks were received by Roswell fruit growers today. Dr. H. H. Keith received one for \$14,000 and C. P. Shearman one for \$12,500. Dr. Keith had already received a check for \$5,000. They have not received more than half of the returns on their apples.

**Roswell Boy Conquers Buffalo.**  
"Jeh" Shields, a Roswell boy, was the sensation at the last performance of the 101 Ranch Wild West show in Roswell. Upon a wager of \$25 he rode one of the buffaloes that are carried with the company to be viewed, strictly. None of the show riders tackled a buffalo in the daylight performance and Shields was the only one to ride at night. The huge animal was roped, thrown and saddled and when it got up, a boy was on his back. The buffalo put to shame the worst of the bucking broncos of the show and did stunts to the pitching race, but through it all Shields remained master of the situation and saddle, and the wild shouts of the hundreds in the audience who knew him and the thousands who admired him for his pluck.

## ASK AN INJUNCTION AGAINST NEW PRECINCT

McKinley County Democrats Hold That Creation of Ranchos de la Puente Voting District Was Illegal.

The injunction proceedings brought by the McKinley county democrats in the district court, upon which a temporary writ was granted, was continued yesterday morning until this morning. The proceeding was brought by Rees Beddow, candidate for assessor on the democratic ticket in McKinley county to restrain the county commissioners of that county from delivering the election material to the judges of election for precinct number 15, known as Ranchos de la Puente, a newly created precinct.

The regular republicans in McKinley county through Mann and Venable filed a motion to quash, claiming that the petitioners could not obtain any relief under the action sued out.

Judge Abbott was inclined to believe that the territory should be made a party to the suit, whereupon Felix H. Lester for the relator asked leave to amend and make the territory a party which was granted and the case was reset for this morning.

## The Right Man For the Job

Pitt Ross, candidate for county surveyor on the ticket of the people in Bernalillo county, is undoubtedly the most experienced, experienced and best equipped civil engineer in central New Mexico. Mr. Ross has been a resident of this city for seven years and during all of that time has been actively and successfully engaged in the practice of his profession. He served one term as county surveyor and spent seven years in city work. Mr. Ross' best claim to election is the fact that by reason of his long residence here he is absolutely familiar with all the conditions to be met by the county surveyor. He is thoroughly familiar with the private lands along the valley, knows practically every resident of the county, has the river and dyke work and road building end of the job at his fingers' ends and in short knows the entire county from an engineering standpoint like a book. Mr. Ross' experience in his line in this district and throughout central New Mexico in a wider sense is unique and makes him pre-eminently the man for the position in addition to his ability and experience. Mr. Ross is a man of sterling honesty and integrity, qualifications of considerable importance in this position where absolute impartiality and conscientiousness are prime requisites. Mr. Ross more over deserves election by reason of his unwavering support of the cause of good government in Bernalillo county and by reason of the fact that he is one of the most respected citizens of Albuquerque both in his business and social relations.

## JOE BREN PUTS CAST THROUGH FIRST REHEARSAL

Accompanied By Mrs. Bren, Well Known Composer and Impresario Arrives in Albuquerque.

Joe Bren, the well known composer and impresario, has arrived in the city, accompanied by Mrs. Bren and has taken active charge of the work of putting the finishing touches on the cast which will reproduce the "Inside Inn" at the Elks' theater. Mr. Bren who directed personally last night's rehearsal of the cast, putting the principals through their paces and trying a number of new song hits, expressed himself as extremely pleased with the excellent talent secured for the Knights of Columbus production.

The cast is enthused over the new music and the novelty acts, which are going to make the forthcoming production of the "Inside Inn" bigger and better than ever before. Nothing is to be the same, but the name and the plot. And since there is little or nothing in a name and the plot of a rollicking musical comedy is immaterial, the revised "Inside Inn" will eclipse the original production. It should score a genuine triumph this time, since the theater-

going public already knows something of the excellence of the show.

"The Inside Inn" with an all-star cast in which Mrs. Bren will appear in the leading role, and augmented by a large and well trained chorus, new songs, dances and specialties, will be staged at the Elks' theater on the nights of November 8 and 9, under the auspices of the Albuquerque council of the Knights of Columbus.

## Vote For Business Government.

Alfred Grunsfeld, Manuel R. Springer and Policarpo Armpio, as county commissioners, have given Bernalillo county a strictly business government.

Carrying the burden of debt bequeathed to them by the Hubbell regime of riotous extravagance and graft, the county pays its bills dollar for dollar; roads and bridges have been built, the monthly balance on the right side of the ledger runs from \$40,000 to \$100,000, and graft has been cut out. The people know that every cent of taxes is spent legitimately.

The prosperity of Bernalillo county demands the re-election of these men.

Opposed to them are men who are the personal candidates of the man who bankrupted the county.

There is only one course open to the business man—to vote for business government as against Hubbellism.

## STOCKARD-WHITE BET TAKEN; \$2,000 DEPOSITED

White Will Place Still Another Thousand On McDonald If Bursum Will Take Another Trip Through Pecos Valley.

(Special Correspondence to Morning Journal) Roswell, N. M., Oct. 31.—For several weeks a notice has been running in one of the Roswell newspapers that J. P. White and J. W. Stockard would pay \$25 reward for any person or collection of persons who would bet \$1,000 that W. C. McDonald is not elected governor of New Mexico. Today the notice was taken out, because the bet was taken through the First National bank of Roswell, where the \$2,000 is now up. It is stated that the bet was taken by the state republican committee.

Said Mr. White today: "I would like to have the republican central committee know that I will bet another thousand on McDonald if they will send Mr. Bursum, his opponent here for one more meeting; and if they will let him speak in the Pecos valley three more times before election day, I will give a bonus of \$250 for the bet."

"I am pleased to recommend Chamberlain's Cough Remedy as the best thing I know of and safest remedy for coughs, colds and bronchial trouble," writes Mrs. L. B. Arnold of Denver, Colo. "We have used it repeatedly and it has never failed to give relief." For sale by all dealers.

## TWO BEAUTIFUL BABIES TO MAKE SOMEONE HAPPY

Dr. Charles E. Lukens, Superintendent of Children's Home Society, in Charge of the Little Tots.

Two beautiful little babies who will gladden the home of some one in Albuquerque or elsewhere, are temporarily in the receiving home here of the Children's Home Society, of which Dr. Charles E. Lukens is superintendent.

The little tots, who are as sweet as they are pretty, were brought here from Raton, where the Rev. W. A. Nicholas, field worker for the society, took charge of them. Mr. Nicholas returned yesterday from a trip to the northern part of New Mexico and in the course of his journey he found the babies, both of which were motherless. He brought them to this city and the society will endeavor to find homes for them immediately.

Dr. Lukens requests that anyone who would like to adopt either one or both children, communicate with him at once.

## THE QUESTION OF VERACITY.

There appears to be a considerable question of veracity mixed up in this present campaign but after all there is nothing especially difficult to decide. The Bursum press bureau has denounced Mr. McDonald as a liar in whom there is no truth; the people seem inclined to take McDonald's word in preference to that of the Bursum press bureau. The same celebrated, dose-dosed, institution claims that its evening paper here led in its report of a certain speech of Mr. McDonald; it is easy to see that the press bureau is right. The gang beseeches the common people, after hearing Mr. Pierce of Las Vegas endorse two conflicting reports, to judge between his veracity and that of the clever Mr. Safford; we will admit that this is a trifle more difficult. The Bursum press bureau likewise pleads with the voters to decide whether Mr. Bursum is truthful, or whether the people are all liars; this must be answered in the negative. As between Mr. Bursum's word and that of Mr. Hagerman, the average citizen, knowing the records of both men will not be long in doubt. Mr. Bursum's defenders have said that all the money he paid in to the territory as prison warden was paid under protest; Mr. Bursum says he paid over \$1,700 voluntarily; in this case we certainly are forced to believe Mr. Bursum. As between Mr. Pierce, who has pledged himself to the truth of two diametrically opposite propositions, and Mr. Hagerman, we are under the unpleasant necessity of acknowledging that Mr. Pierce is at least badly mistaken. As between the clever Mr. Safford, who says that Mr. Hagerman said certain things about him, he has his unsupported word against that of Mr. Hagerman; knowing the records of both men we rather apprehend that Mr. Hagerman has the clever Mr. Safford on the hip. As between the patriotic Henry Dreyfus who said he did not deprecate the flag, and Governor Hagerman, a large number of citizens of Socorro, and a number of newspapers which published the news of the outrage at the time; and considering the fact that it has taken Mr. Dreyfus five years to frame his denial, the general public will be compelled to resolve the doubt against Mr. Dreyfus. As between Francisco Hubbell, who says one time that Jesus Romero registered a prisoner and another time that his deputy registered him, and Mr. Romero, there are many things which make it somewhat difficult to believe Don Francisco. In this decision we take into consideration the fact that Mr. Romero happened to be out of the city at the time the alleged outrage was committed; that Don Francisco's paper has never told the same story twice about this imaginary occurrence; we take into consideration Don Francisco's reputation for veracity, as established by his story of collecting money for 400 days of school visits in 200 days "through deputies"; by his recent story about the purchase of votes in Los Griegos by two gentlemen who happened to be in the city at the time; his story about how Hon. Stroup saved the taxpayers some \$300,000; and in fact about every other allegation Francisco has ever published in his paper.

As between the district court, which holds the law means one thing, and Francisco's Eminent Barrister, who alleges the opposite, we are constrained to rather lean toward the veracity of the court.

There is the question as to whether the Bursum press bureau or Archbishop Pitaval is the more credible; and it is impossible to keep from inclining to the archbishop's side of the matter.

Take it altogether, the burden of deciding who is telling the truth in this campaign cannot prove very burdensome for the voter.

There are a number of other tests of veracity which might be made but which are impossible at present owing to the lack of statements from the gentlemen involved. For instance, there is the matter of the \$15,000 from the sale of the McKinley county bonds which Mr. Safford is of the opinion that it is his impression that he believed that Francisco did something with the money; there is the circumstance of the registration certificate said to have been dated back by Mr. Bursum at Magdalena, and the paroled convict whom he sought to vote; there is the incident of the

unlawful removal of the prison books alleged to have been committed by the clever Mr. Safford; there is the episode of the \$3,450 appropriated out of the territorial treasury for William E. Martin and also the indictment and finding of that gentleman, Mr. Bursum's particular friend, in connection with the district court funds; there is the matter of the promise by Mr. Bursum that if elected governor he will make Mr. Martin prison warden; there is the affair of the alphabetical voting of citizens in Don Solomon's bailiwick; there is the matter of the seclusion of county prisoners on the King's sheep ranches; there is the incident of the \$50,000 being spent by Don Francisco on the Bernalillo county election; the record of the bill he passed to prevent the county prisoners starving on \$9,000 a month; there is the history of the Political Court, the money returned to the school fund, the assessment clinic and various other episodes in this county. There is the charge that Mr. Bursum in violation of law, sold supplies to the penitentiary personally and through his friends; there is the statement that Dave Perea, local candidate for county commissioner, is under indictment; the allegation that the Honorable Judge Falt and Mr. Bursum forced the passage of the Hawkins bill; and there are numerous other things of the same nature which if contradicted would bring up other interesting questions of veracity. In fact there are so many that space forbids giving any more of them.

All of which brings forcibly to mind the well known truism that truth is mighty and will prevail.

## REGARDING THOSE LANDS.

The Roswell News says:  
"From the way the hoary Pariah and its Albuquerque echo are throwing its over the fact that H. J. Hagerman has some twenty-six thousand acres of state lands leased, one would naturally wonder over what disposition will be made of these state lands if their boss is elected governor. These two delectables seem to regard it as a crime on the part of Hagerman to lease these lands and pay New Mexico a revenue for their use. If that were so it would have been equally a crime for the land board to issue the lease, and going back further it was a shame and disgrace for the territory to accept these lands from the federal government, and it was highly unbecoming on the part of Hon. Harvey B. Ferguson to secure these lands for New Mexico in the first place."

"According to the reasoning of this pair, (if such yapping can be dignified by the name of reasoning) these lands should have been selected conveniently close to the ranges of certain prominent central New Mexican sheepmen and held in perpetuity for their exclusive use, rent free. It is passing strange to the uninitiated how any newspaper could bring itself to resort to such positive misrepresentation of facts as has been the course of these two, agent the leasing of these lands by Hagerman."

"To one acquainted with New Mexico conditions generally, to the established methods of republican gang politicians particularly, and to the peculiar relations of these two 'moulders of public thought' to that gang; nothing whatever is surprising."

## UNAVAILABLE.

Probably the strongest candidate on the ticket of the people in this county and district is Herbert F. Reynolds, who will be elected district judge.

It is a striking tribute to the worth and cleanliness of the man that absolutely no attack of any kind has been made upon his fitness for the position, upon his character or his record. No such attack will be made. Mr. Hubbell dare not make it.

Herbert F. Reynolds as the people's candidate for the judgeship, is unavailable. He has no record of compromising political entanglements. He is utterly lacking in blind partisanship and personal prejudice. There is no man in the district of more thoroughly judicial temperament and no man so independent and with such an unblemished reputation. Add to this his thorough knowledge of the law and Mr. Reynolds' election is absolutely certain.

"Honesty and ability" said a well known jurist some time ago, "are the prime requisites of a just judge. If he has only one of these, that must be honesty; with himself and with the public. Without it, brilliancy is useless."

Fortunately Mr. Reynolds has both honesty and ability. And there is no better proof of his sense of the fitness of things than that he has refrained absolutely from any active participation in this campaign.

## A FUNNY SITUATION.

The Elida News says:  
The Republicans of this county have nominated an entire ticket, and some of those candidates are now out in the field actively engaged in campaigning. Some of these candidates have spent several days this last week in and about Elida, and the situation is, indeed, quite humorous. It has been publicly proclaimed by some of these candidates that the republican party of this county is strictly opposed to the election of Bursum and his bunch of henchmen, and one candidate declared on Wednesday, after Bursum had spoken in Portales on Monday, that there was but one man in Portales who would support Bursum, and that man was the one who had the "extreme pleasure" of introducing the republican nominee to his fellows at the Portales frost.

Merely for information, we should be obliged if the clever Mr. Safford, official vindicator, would tell us what really became of those books.

## FINE WORDS.

In his speech of acceptance the Honorable H. O. Bursum said:

"If I am elected governor I shall favor the passage of a corrupt practices act; there is nothing so demoralizing in politics as the use of money in election, and the sooner it is stopped the better, and I will pledge you here that it shall be my effort to seek such legislation as will guarantee to the people of this state honest elections, protection of the purity and sanctity of the ballot and provide some method by which the voter may be enabled to vote secretly without any workers at the polls being able to see what ticket he is about to hand to the election judges."

In view of the dating back of that registration certificate at Magdalena, the tens of thousands being spent now by the Bursum ring and the elaborate preparations to steal the election, we are compelled to have slight doubts of Mr. Bursum's absolute sincerity.

The memory of that \$9,000 a year for feeding prisoners is enough to keep the people from electing another one of Frank Hubbell's sheriffs. Between the man who has conducted the sheriff's business for less than half the amount used by Mr. Hubbell's last official, and the incompetent policeman now offered by Mr. Hubbell, the choice of the voters is a cinch.

Meanwhile the Roswell Record says:

"The Bursum bunch has left a trail of disgust behind it on its trip down the valley. The same opinion that was freely expressed in Roswell on Wednesday morning is echoed in every town through which the bunch passed."

The Eminent Barrister complains that he is not "schooled in the intricacies of the law." This statement will not prove especially surprising to the general public. There has long been a suspicion to that effect.

## Will the Clever Mr. Safford

## Enlighten the Public?

The statement has been made and has not been denied that the clever Mr. Safford, Bursum referee, while making his investigation of the penitentiary accounts, removed them from the prison in violation of the law.

As far as we know Mr. Safford has volunteered no explanation of this action.

New a more serious inference is carried by a letter just received by the Morning Journal from Mr. John R. De Mier of Alamogordo, former penitentiary commissioner. Mr. De Mier's letter gives the strong impression that some of these books unlawfully taken from the prison are not now accessible.

For the sake of Mr. Safford we trust the inference is incorrect.

The burden of proof nevertheless rests upon Mr. Safford and the people are entitled to a prompt and full explanation as to the disposition of these records; and whether they were made a part of the exhibits accompanying his report. Mr. De Mier's letter is as follows:

Alamogordo, New Mexico, October 31, 1911

The Albuquerque Journal,

Albuquerque, New Mexico,

Gentlemen:

Much is being said about the books Mr. Bursum removed from the penitentiary, but very little about whether Mr. Safford, referee, after taking the books that the Colorado Title and Trust company had made their report from, returned them.

The referee relief bill was passed by the Legislature, Section 5, chapter 15, Laws 1907, is as follows:

"The books may not be removed from the building wherein they are required to be kept, but must be examined at the building where such books, records and accounts are kept."

Being a member of the Board of Penitentiary Commissioners at the time Mr. Safford was going over the books, and after the completion of his report, we supposed he would return them. I met him at a republican barbecue at Tularosa, this county, after his report was passed upon by Judge F. W. Parker, and asked him why he did not return the books. He said that they were in the auditor's office. I told him that under the law he had no right to have removed them from the penitentiary. He replied that they were removed by order of Judge Parker. I then informed him that Judge Parker had no right to violate the law, and we wanted him to return the books, which he promised to do.

Subsequently at our meeting of the Board, Superintendent Green was asked if the books had been returned by Mr. Safford. He said that they had not although he had made several efforts to have them returned. At the next meeting of the Board, he reported that he had secured about half a dozen letter books that contained unimportant copies of invoices of purchases.

The books were very essential for reference, and Supt. Green we know put forth every effort possible to secure them and even Governor Curry was unable to secure their return. Why all this dodging about the disposition of these valuable records?

I saw from the last paragraph of Mr. Safford's report to Judge Frank W. Parker:

"In conclusion will say that I have, etc., etc., and I herewith transmit my full detailed statement as heretofore mentioned, together with ledger re-written by me and balance sheets, and all testimony of witnesses which I have caused to appear before me, together with the petty ledger compiled by the former examiner as well as his statement and all of which are respectively submitted for your consideration."

Respectfully,

(Signed) C. V. Safford, Referee.

This statement of Mr. Safford under his own signature as referee, positively proves the only books filed with the report as exhibits were the ledger re-written by himself, and the petty cash book compiled by the former examiner, the Colorado Title and Trust Company.

Not one of the original records or books he unlawfully removed from the Penitentiary, to his office in the Capitol where they might be "doctored" by unauthorized parties having access to them was mentioned in his report as being made a part of any exhibit.

But one conclusion can be arrived at.

It is now claimed these books were made a part of the record.

Even if this assertion was true it would show they were filed after Mr. Safford had filed his report with Judge Parker.

It is highly probable that the furnace in the boiler room of the Capitol would tell a story if it could talk.

Judge Parker and Mr. Safford should both speak out and inform the public what was really the final disposition of these valuable records.

Yours truly,

JOHN R. DE MIER.

ONR OLD FRIEND, the Major, is certainly conducting a quiet and unobtrusive campaign.

IF FRANCISCO still has any harrowing doubts as to "what has become out of the county funds" he might inquire at the bank.

"YOUR TAX RATE in this county is higher than ever before," says the Trib-Cit. It might be more accurate to say that the tax rate for county purposes is nearly four mills lower than the last time Francisco leveled it.

WE MUST CONFESS to a keen sense of disappointment. We were confident the Trib-Cit was going to tell us last night who owned it—but Nay, Nay, Pearline, the dark secret remaineth buried.

WE ARE GENUINELY sorry that H. O. Bursum had all those painful experiences while a youth; but our sympathy does not extend to the point of wishing to see him governor, because, like numerous other citizens, he had to work for a living.

THE PRESS burro points with pride to the fact that Mr. Bursum used to drive a bull team. It is our private opinion that he is still driving it.

## FINANCE AND COMMERCE

## Wall Street.

New York, Nov. 1.—It has been many weeks since Wall street has witnessed an upward movement in the market, which parallels that of today, beginning with the stroke of the gong which signalled the opening of the market, stocks were carried forward steadily to the end of the day, the buying was aggressive throughout. United States Steel rose nearly 4 points to 58 3/4, passing above the figure at which it closed last Thursday, when filing of the government bill broke the price to 50. Lehigh Valley and American Smelting each gained four points, Canadian Pacific 1 1/2, Reading 3 and Union Pacific 1 1/2. There was not a weak spot in the list.

The upward movement was ascribed generally to heavy buying for the week account. Quarterly report of United States Steel and the government's attitude toward American Tobacco reorganization plans.

An important development of the week as regards the United States corporation was a change in the attitude of the railroads which indicated that they have nearly reached the limit of the postponement of equipment buying. Semi-official statements were to the effect that new orders of the United States Steel corporation last month were larger than expected a fortnight ago, probably amounting around 50,000 tons daily.

The September report of the New York Central system showed increase in net revenue of \$1,363,000. This was unexpectedly large. The Pennsylvania system on the other hand reported a shrinkage in net revenue of more than \$700,000. The strength of Minneapolis, St. Paul and Sault Ste. Marie was explained by its showing of an increase of \$240,000 in operating costs last month.

Call money touched three per cent today for the first time since January 18. The advance in rates was due to the requirements for November interest and dividend disbursements and the temporary retirement of money banks.

The bond market exhibited decided firmness in line with the improvement in stocks. Closing stocks:

## Chicago Board of Trade.

Chicago, Nov. 1.—Wheat rebounded today after being for a time demoralized owing to huge sales by a house that has been identified with the leading bull clique. Reports of export flour sales at Toledo helped cause the rally. Closing figures were 1-8 1/4 to 1-4 net lower but firm. Corn finished a shade up, oats unchanged to 1-8 higher and hog products at 22 1/2 to 27 1/2 to 35c higher. The recovery in wheat attracted wide attention in view of the fact that at the lowest point of the session the market had broken nearly 2c from last night and almost compared with ten days ago. Export flour sales at Toledo which appeared to start the upturn were said to be the largest so far this season. A heavy snow storm sweeping down the Canadian northwest exerted a bullish influence of scarcely less importance. Earlier in the day bears had made much commotion over the big receipts November, December fluctuated from 94 5/8 to 96 1-2 with last sales 96 1-4, a decline of 1-4 net.
1-4, a decline of the same general course as wheat and was decidedly active. The market recovered the ground lost early and a trifle more besides. December ranged from 62 1/4 to 64 3/8, closing a shade up at 63 1/2 to 1-8c. Cash corn was weak. No. 2 yellow was quoted at 73 1/4 to 74 1-4c.
In oats business was relatively light. Upper and lower levels touched by December proved to be 46 3/8 and 45 1/2 to 45 1-2c, with the close 45 1-4c, a gain of 1-8c over last night.
Estimates tending to show a big increase in the world's land supply turned the provisions market upward despite a large run of hog wheat. When the pit was cleared, pork had risen 17 1/2 to 35c, lard 15 to 22 1-2 to 25c and ribs 15 to 15 1/2 to 1-2c.

Winter Hats Persian Campaign.

Washington, Nov. 1.—The rigors of winter in Persia are so severe that campaigning is impossible, according to a report from the American legation at Teheran. Further hostilities between the government forces and the revolutionists in that country cannot be looked for until next spring.

There is little danger from a cold or from an attack of the grip except when followed by pneumonia, and this never happens when Chamberlain's Cough Remedy is used. This remedy has won its great reputation and extensive sale by its remarkable cures of colds and grip and can be relied upon with implicit confidence. For sale by all dealers.

"YOUR MONEY BACK IF YOU WANT IT."

A. M., this evening at half past seven. By order of the W. M. J. A. Miller, secretary.

Judge Henry L. Waldo, solicitor in New Mexico for the Santa Fe system, was an arrival on one of last night's trains, coming from Las Vegas where he makes his headquarters.

Born to Mr. and Mrs. L. P. Terhune, at 322 South Seventh street, on November 1, 1911, a son, Mr. Terhune is local inspector for the Rocky Mountain Fire Underwriters.

John Jerna, traveling auditor of New Mexico, is here on one of his periodical visits and will spend several days checking over the records of the county officials at the court house.

There will be a social tonight at the Congregational church in honor of the pastor and his family and those members who recently joined the congregation. A musical program and refreshments will be the chief features of the program.

A party composed of Mr. and Mrs. N. W. Merklejohn and J. A. Caeo, chauffeur, of Chicago, are expected to arrive in Albuquerque this evening or tomorrow morning. They are making an automobile trip to southern California and are traveling in a big Winton "Six."

Special Santa Fe Officer Leed and Inspector E. H. Hall, probably prevented a serious fire in the local yards about 1 o'clock yesterday morning, when they extinguished an incipient blaze that had broken out in a car of cinders. The car was one of a string of freight cars and had the flames got a good start. The fire might have caused a considerable loss to railroad property.

The funeral of the late Engineer Al Mallinger, killed Saturday in a wreck near Gallup, was held there Tuesday. The body, accompanied by the widow of the dead engineer's brother, James Mallinger, was sent to Emporia, Kan., his boyhood home, where burial will take place today. The funeral was one of the largest ever held in Gallup and was conducted by the Brotherhood of Locomotive Firemen and Engineers.

The Santa Fe has begun handling through Albuquerque a shipment of 45,000 head of cattle consigned from Mexico to Denver and Kansas City. The cattle were recently purchased by Colonel C. V. Hunt, a former well known Albuquerque man, but who now lives in El Paso, from Luis Terrazas, the Chihuahua cattle baron. It will require five big trains to handle the shipment.

**Rosenwald's****BURSUM SPEAKS AT NEW SERVICE ON SAN JOSE AND SANTA FE SYSTEM IS DELAYED**

Republican Nominee For Governor More Confident Than Ever of Being Elected On Next Tuesday.

More confident than ever that the people of New Mexico will by their votes next Tuesday elect him first governor of the new state, H. O. Bursum, the republican nominee, arrived in Albuquerque last night from Bernalillo, Sandoval county, where he spent a part of yesterday. Last night Mr. Bursum visited San Jose and Barelitas, where he addressed meetings in behalf of his candidacy. Tonight he will speak in Albuquerque.

Accompanying Mr. Bursum to this city was Senator Casimiro Barelita of Trinidad, Colo., who has been campaigning for the republican ticket in the northern counties. Senator Barelita left last night for the south.

Last night's meetings in San Jose and Barelitas were disappointing to the republicans owing to lack of enthusiasm. Accompanying Mr. Bursum to the outlying precincts was ex-Judge Edward A. Mann of the Hubbell faction.

**WATER TAX DUE AND PAYABLE AT OFFICE OF WATER CO., 214 W. GOLD. PAGE 8****SANTA FE MAY ADOPT STANDARD FUSEE CASE**

The Santa Fe is considering adopting a standard fusee case for passenger trains and the proposed outfit has been received here. The case is a cylinder affair, built of heavy tin. In one end is a compartment built for torpedoes, and in the other a match box. The match compartment is in the main lid that opens into the cylinder proper. The fuses are arranged in holders and in the center is the space for flags. The case if adopted is to hang from the rear end of passenger trains and when a flagman is sent back he will carry it by means of a shoulder strap. The new arrangement is exciting considerable interest among local trainmen.

Time Card Changes Slated For November 12 Postponed Pending Other Important Changes On Ripley Road.

News has been received by Santa Fe officials in Albuquerque that indicates a postponement in the time card changes announced originally to take place November 12.

It was the intention to inaugurate the first of three new transcontinental trains on that date with the placing in service of a fast train from the Pacific coast to St. Louis. This, however, has been changed, the time card meeting has been postponed at Topeka and the officials are now working out a new arrangement.

Instructions from Chicago are said to have caused the change in the date of the new schedules. The date now contemplated for the new time card is early in December, at which time it is proposed to merge all the changes into one card.

As first announced, following a time card meeting held two weeks ago, two new time cards were to be come effective, one on November 12 and the other in December, the latter to carry the San Francisco-to-New Orleans train and the De Luxe.

**ANTONIO LUCERO IS BACK FROM TRIP TO DONA ANA**

Democratic Candidate For Secretary of State Made Splendid Impression at Las Cruces Rally.

At one of the biggest rallies ever held in Dona Ana county, Antonio Lucero, candidate on the democratic ticket for secretary of state, was warmly greeted on Tuesday night at Las Cruces. He discussed the issues of the present campaign in a way that made votes for himself and the democratic ticket and hundreds of men after the meeting personally assured him of their intention to vote for W. C. McDonald and the democratic ticket on next Tuesday.

The rally, which was under the auspices of the Young Men's Democratic club, was one of the biggest which Mr. Lucero has addressed during the campaign and he was especially gratified by the reception accorded him.

Today Mr. Lucero will visit several of the outlying precincts, where he will speak this afternoon and again tonight.

**WANT LOS GRIEGOS VOTING PLACE CHANGED**

Petition in District Court Alleges Present Location is Inconvenient to Many Citizens of Precinct.

Late yesterday afternoon Judge Abbott in the district court issued a temporary writ of mandamus commanding the board of commissioners to appear in court and show cause why the voting place in the Los Griegos precinct should not be changed from the place selected by the board to another location which it is alleged is more convenient to a majority of the voters.

The writ, which is made returnable this morning, was granted on petition of Max Gutierrez, who sets forth in his petition that he is a qualified voter of Los Griegos; that the board of county commissioners selected for the voting place the house of Antonio Jose Montoya, in the village of Los Candelaria, in the southern portion of the precinct, and that the voting place should be located in the village of Los Griegos, which is more accessible to a majority of the voters. The petition also sets forth that by reason of the recent storms and heavy rains, the roads in the precinct are in bad condition, rendering travel difficult.

Another petition of the same nature was filed by Juan Garcia y Rael, a citizen of precinct 23, in the mountains. Mr. Garcia y Rael sets forth that the county commissioners have selected the house of Tertio Lucero in the village of La Madera, for the voting place. A writ of mandamus is prayed for to compel the commissioners to locate the election booth in the house of Manuel Garcia y Lopez in the village of San Antonio, which petitioner holds is a more central location and more convenient to a majority of the voters.

Argument on both these cases, it is expected, will be heard by Judge Abbott this morning.
