APPALLING CRIME ADDS TO RUSSIA'S CONSTERNATION

Bomb Thrown Under the Carriage of Grand Duke Sergius, Uncle of the Czar, Blows Him to Atoms-- Ten Thousand Laborers Deprived of Bread.

St. Petersburg, Feb. 17.—The Associated Press has received a dispatch from Moscow stating that Grand Duke Sergius, while driving in a carriage, was assassinated by a bomb thrown beneath the carriage. The carriage was blown to pieces. The assassins were arrested. One is dangerously wounded. Several students in the vicinity were wounded and some of them were arrested.

The First Report.

London, Feb. 17.—A dispatch to the Reuters Telegram Company from St. Petersburg says that a telephone message received there from Moscow announces that an explosion occurred at Kremlin, where Grand Duke Sergius has been residing and that the grand duke was killed. The dispatch adds that no confirmation of the report has been received and that the population of Moscow is greatly excited. According to another report a bomb was thrown beneath the grand duke's carriage and the latter with the grand duke was blown to pieces.

Another Confirmation.

London, Feb. 17.—Another dispatch to the Reuters Telegram Company from St. Petersburg says that a later telephone message from Moscow states that Grand Duke Sergius was assassinated while driving towards Kremlin and near the court of justice. His carriage was followed by another containing two men. The bomb was thrown beneath the grand duke's carriage. There was a violent explosion, the carriage was shattered and the grand duke killed. The assassins were arrested. One of them is wounded seriously. Several students are also in custody.

Uncle of Nicholas.

St. Petersburg, Feb. 17.—The Grand Duke Sergius, uncle of the Russian Emperor and formerly Governor General of Moscow, is understood to have been condemned to death by the revolutionary party in December last. The governor generalship of Moscow was abolished early in the year and the grand duke, according to dispatches from Moscow, kept closely to the guarded Nickouski palace at the outskirts of Moscow, retaining his position as commander in chief of the military of that district. Later in January, however, it was announced that the grand duke had sought refuge in one of the palaces of Kremlin. He has been classed as the most reactionary member of the imperial family, as the head of the war party and has been stigmatized by the liberals as Russia's "Evil Genius." He was born in 1857 and was married in 1884 to Princess Elizabeth of Hesse-Darmstadt. They have no children.

"I Don't Care; I Have Done My Job." Moscow, Feb. 17.—While the Grand Duke Sergius was driving today from Nicholas palace through the Senate quarter his carriage was followed by two cabs. At the Law Courts a sleigh in which were two men, one of them dressed as a workman, went quickly ahead of the grand duke's carriage. The sleigh then slowed up to allow the carriage to pass and at that moment a bomb was thrown beneath the carriage. The force of the explosion broke all the windows on the Law Courts and the report was heard outside the city. The carriage was blown to pieces, nothing but the wheels remaining. Grand Duke Sergius was instantly killed. His head was blown off and his body fearfully mangled. His coachman was also killed. On the arrest of the murderers, neither of whom were known to the police, one of them coolly said: "I don't care; I have done my job." An immense crowd gathered at the spot and made a demonstration against a number of students who commenced scattering revolutionary proclamations. The assassination occurred at 3 p. m.

Great Sensation Created.

St. Petersburg, Feb. 17.—4:50 p. m.—The news of the tragedy in which Grand Duke Sergius was blown up created a tremendous sensation in St. Petersburg where the announcement by telephone from Moscow arrived during the afternoon. Owing to the intense excitement prevailing at Moscow few particulars are ascertainable.

Three Others Marked.

Berlin, Feb. 17.—Travelers who arrived here from St. Petersburg say it was common talk there that the terrorists marked four persons for assassination, the Emperor, Grand Duke Sergius, General Trepoff and Interior

Minister Bouligan.

Fuel to the Flame.

St. Petersburg, Feb. 17.—Minister of Interior Bouligan has ordered all the governors of provinces not to leave their posts at present. The managers of the Poutloff Iron works announce that as the men have not returned to work they will not be further supplied with provisions on credit at the company's stores until work is resumed. This means that 10,000 persons will henceforth be deprived of obtaining food. The decision has caused intense bitterness among the strikers.

Another Russian Defeat.

St. Petersburg, Feb. 17.—A dispatch from Saichun, Manchuria, says that 11,000 Japanese troops and Chinese bandits are reported to be in southern Manchuria in the neighborhood of Chialbasochon, forty-five miles northwest of Guanshu Pass whence they intend to operate against the railroad. A detachment of Russian frontier guards with two guns encountered the Japanese February 14 and defeated them. The detachment, however, while advancing was surrounded by two regiments of Japanese cavalry, four companies of infantry, and a large band of Chinese bandits about fifteen miles northwest of Guanshu Pass and lost heavily. One gun was lost and nearly all the gun horses and a number of gunners were killed.

Quits in Disgrace.

St. Petersburg, Feb. 17.—The arrival in St. Petersburg of General Gripenberg, former commander of the Second Manchurian army, who reached here at midnight, has also caused great sensation in military circles. The general frankly avows that he has relinquished his command after the recent attempt of the Russians to flank Field Marshal Oyama, because, he claims, Kuropatkin refused to send him help when victory was in Gripenberg's hands, instead, ordering the latter to withdraw.

They Want Peace.

St. Petersburg, Feb. 17.—The Associated Press learns on authority that the question of peace was formally considered by Emperor Nicholas and his ministers at the conference yesterday. No particulars are obtainable as every one present was pledged to secrecy before the discussion was begun. The belief is, however, that possible conditions and terms were under consideration. It is suggested that some intimation of terms has reached the Russian government from Japan, although it is certain it did not come through the regular diplomatic channels.

"He Who Hesitates."

St. Petersburg, Feb. 17.—The Associated Press is in a position to state positively that after a long consultation which it held yesterday with the committee of ministers, headed by its president, M. Witte, on the advisability of summoning the Zemsky Zabor, the Emperor arrived at no definite decision.

TWO LYNCHINGS IN ONE DAY

Smithville, Texas, Feb. 17.—A negro charged with criminal assault has been captured and shot to death by a mob. He was identified as the man wanted, and confessed. He implicated three others and it is also said there are three women implicated in the crime. Two of these persons have been arrested and the third is being sought. While seeking the negro, the Smithville mob found the body of a Mexican hanging to a tree. He had been taken from the officers at Dale and lynched.

LAST MRS. HOCH WAS POISONED

Chicago, Feb. 17.—The two doctors who have been analyzing the stomach and liver of Mrs. Marie Walker-Hoch, the latest alleged victim of Johann Hoch, declared definitely that the young woman's death was due to arsenical poisoning.

"With the evidence of four analysts before us," said Dr. Lewke, who is the coroner's physician, "there is no doubt left that Mrs. Walker died as the result of work which would have done credit to a Borgias."

TWO DAYS IN SNOW DRIFTS

Perilous Experience Endured by
Sixty-Eight Persons Between
Durango and Antonito.

GREAT IS SAN JUAN

Dr. E. G. Condit Tells of Bright Prospects of a Rich Section Soon to Be Opened by Railroads.

Dr. E. G. Condit, here today from Aztec, had a great experience with snow Sunday and Monday. He was from Saturday morning until Thursday evening traveling from Aztec to Santa Fe. The trip from Aztec to Durango, forty miles overland, was easy, but to get from Durango to Antonito was no easy matter. There were twelve feet of snow on the Cimbras Pass and the rotary snow plow broke an axle and left the Denver & Rio Grande passenger train on which Dr. Condit was, in that distressing drift. There was nothing for it except to wait for a snow plow from Salida which did not arrive until Wednesday evening at 4 o'clock. Sixty-eight passengers were aboard yet no one suffered either for food or fuel. There were no sleepers so no one enjoyed the luxury of a bed for the two nights they were buried in the beautiful. All of the passengers had brought along plenty of food in the event of such an emergency. Superintendent W. D. Lee of Alamosa was in the party and he looked after everybody's general comfort as far as it could be done.

Booms San Juan.

Dr. Condit is an enthusiast about the San Juan country. To the New Mexican this morning he said:

"San Juan County, the banner county of this Territory is now entering upon an era of prosperity which is sure to bring her to the front still further. With the Rio Grande Railroad buying rights of way, the Contractors Kilpatrick Brothers, already on the ground and establishing camps every mile or so down the valley from Durango, with sixteen car loads of horses and nine car loads of tools unloaded, distributed and more to come, with some 300 men on the grounds and more coming every few days, it is simply a question of a short time till San Juaners can ride on the 'varnished cars,' instead of forty miles by buggy. The road is to be a broad gauge and extend sixty miles south, passing through Aztec, the county seat. The contract made with the people of Aztec and vicinity calls for the completion of the road into their depot site before the 15th of October, but Kilpatrick Brothers, the large contractor in the railroad building business in the country and with their outfit there is no doubt in their minds or with the Rio Grande officials that the trains will be running into Aztec before the 4th of July.

"The Southern Pacific people are also in the field, have their survey completed and are taking options on rights of way, and the Phelps-Dodge people are also on hand so that out of it all with the Santa Fe Central extensions to San Juan County still to figure on, we should have at least two or three roads there. Every year our immense orchards are being added to in area and more lands are being covered by new ditches as well as many extensions and enlargements of old ones are going on, and an increase of products.

Railroads Expect Big Business.

"It is certain that the fruit crop alone, although immense, would not bring the railroads, but with the tremendous quantities of coal to be mined from forty foot coal veins and the feeding of sheep and cattle for the market we are no longer to be overlooked or ignored by the railroad world. It is twenty miles from Durango to the state line, and eighteen from there to Aztec, the grading of the first eighteen miles of the road is sublet and the attention of the head contractors will now be turned to the New Mexico end of it. The snow is some two feet deep at Durango and interferes with the work of locating camps, but at Aztec last Saturday, it was less than two inches. Our streams are always dangerously high till late in the season and ferry boats and bridges are necessary to get across. Of course while we are glad to see other portions of the Territory get this snow, yet as far as San Juan County is concerned, we have all we want and it can be 'turned off' at any time now with our consent.

Good Times Ahead.

"With plenty of good water at all times, farm and grazing land and the pastures of the mountains of Colorado but a short distance off, where our cattle and sheep feed and fatten in summer, with a progressive wide awake American population I can but say Amen to our able representative to the Legislature, Judge Pendleton, when he says 'sell all that thou hast and come to San Juan County.'"

ALL UP WITH NEW MEXICO

Statehood Bill Goes to Conference and it Won't Know Itself When It Gets Out.

WILL KILL AMENDMENT

Some Hot Shot From Mr. Williams Who Dares Majority to Allow a Vote on the Question.

Washington, Feb. 17.—The House today by a vote of 161 to 127 adopted the resolution sending the statehood bill to conference.

Before the bill was ordered to conference, Lloyd, of Missouri, charged that thirty-five Republicans who were in sympathy with the Democrats on the statehood question had been coerced by rules and leadership.

Powers of Maine, said he was not aware that there were thirty-five Republican recalcitrants or that Lloyd was designated to present a statement of their wrongs.

The rule was likewise criticized by Williams of Mississippi, who said that both New Mexico and Arizona deserved separate statehood.

"I challenge the gentleman now. I dare a majority of this House to let us have a vote on that question," he said.

Williams referred to the so-called recalcitrant Republicans who had been whipped into line as "blanket Indians." He said if they had been let alone and not bound in writing hand and foot, the minority plus those men would have been able to adopt the amendment as to New Mexico.

Committee Named.

Williams provoked laughter when he compared the speaker with a noted Indian chief named "Old Man Afraid of His People" and said the speaker would go down in history as "Old Man Afraid of His Majority."

Grosvenor delivered some sarcastic remarks on his futility of "Following the minority of the House that was growing smaller by degrees and visibly less," and said that the position of Williams, if carried into execution would defeat the introduction of any state during this Congress.

McLachlan of California, voted with the Democrats in opposition to the resolution. The speaker announces as a House conference committee: Hamilton of Michigan, Powers of Maine, and Mooney of Tennessee.

Parcels Post Goes.

Washington, Feb. 17.—The parcels post treaty between this government and Great Britain was today signed by the President, Secretary Hay and Postmaster General Wynn. It had already been signed by the British officials and will take effect April 1.

Payne Resolution Adopted.

Washington, Feb. 17.—The House adopted the resolution offered by Payne of New York, sending the agricultural bill back to the Senate by a vote of 261 to 5. The resolution declared that the amendment to the bill abolishing the drawback clause of the Dingley tariff bill on wheat imported manufactured into flour and then exported is in contravention to the article of the constitution providing that all bills for raising revenue shall originate in the House.

Agreement With Indians.

Washington, Feb. 17.—The House passed a bill to ratify and amend the agreement with the Indians of Shoshone or Wind River Reservation, Wyoming, after eliminating the provision granting the preferential privilege to Payson to select 640 acres of mineral and coal land within the reservation.

BILL GETS A SHEEPSKIN THIS SIDE THE POND.

Berlin, Feb. 17.—Emperor William will accept the degree of Doctor of Laws from the University of Pennsylvania. It will be conferred on him in absentia February 22, at the same time that it is bestowed on President Roosevelt. This is the first instance so far as is known in which a reigning sovereign has taken an American University degree.

NEW MEXICO MAN 'COMMITTS MURDER

A special from Phoenix, Arizona, gives the particulars of a murder committed near that city by a man from Bernalillo, New Mexico. The dispatch states that Maximino Lucero of Bernalillo, New Mexico, shot and killed Pedro Salazar, a citizen of Phoenix, at a sheep camp near that place, Wednesday night. After committing the deed Lucero fled to the hills, but was captured by a posse a short time afterwards and lodged in jail. An attempt was made to lynch him but the sheriff foiled the attempt. The murdered man was an old resident of Phoenix and conducted a Spanish paper there.

SANTA FE'S CLAIMS ON BIG SANITARIUM CLEARLY PRESENTED

Meeting at Elks' Hall Yesterday Afternoon the Occasion of Many Happy Speeches Which It Is Hoped Will Bear Much Good Fruit.

(BY S. B. GRIMSHAW.)

At 3 o'clock yesterday afternoon at the Elks' Hall the business men of Santa Fe put the claims of this city for the National Fraternal Sanitarium for Consumptives squarely before the committee here from St. Louis seeking for a site.

Ex-Governor L. Bradford Prince made a short but eloquent address explaining Santa Fe facts in detail. He touched upon the climate, the weather conditions, supply of water, the growing of fruit, the altitude and other points of vantage.

W. R. Eldson, president of the Fraternal Association made a short, but one of the most eloquent speeches ever heard in Santa Fe, relative to the aims and object of the Fraternal Association in establishing and maintaining a sanitarium in New Mexico. He was frequently interrupted by applause. At the conclusion, Mr. Eldson called upon Dr. W. H. Mayfield, of St. Louis, whose speech was eloquent in the highest degree and so appropriate and sympathetic that many in the audience had tears in their eyes before the conclusion of his remarks.

Dr. Mayfield was followed by Dr. H. A. Warner of Topeka, who in an eloquent manner described the aims and objects of the institution referred to. This speech, as were the others, was followed by hearty applause.

M. P. Moody, manager of the American Baptist Publishing Company, then concluded the remarks of the committee by a sincere tribute to its officers. His address was finely delivered.

On behalf of Santa Fe Dr. Knapp spoke plainly and to the point, confining himself to facts and was followed by Dr. Diaz, Dr. Massie and Dr. Harroun. These gentlemen gave from their actual experiences the results of years of treatment of cases of tuberculosis in this ideal climate and offered and gave the fraternal committee all the practical information desired.

C. E. Linney, section director of the Weather Bureau furnished in a clear cut and straightforward manner the official figures of the Weather Bureau on all phases of the weather in New Mexico for the last thirty-five years. These figures were to the point and were impressively presented.

Frank Owen of the Water Company, gave facts and figures relative to the water supply and took the ground that the cloudy days and the snow were absolutely essential to this country for the supply of water and in addition, he practically demonstrated that an underflow exists here which would supply any quantity of the very best of water. Mr. Owen's remarks were very earnest and convincing.

Judge Morrison made a short address which was received with much applause and concluded by saying that good old Santa Fe was as desirable a place as he wished to live in and that the remainder of his days would be spent here.

Mr. Boyle delivered a few remarks in a forceful manner, based on an experience of thirty years. He confined himself largely to the subjects of climate and the growing of fruit.

Judge Laughlin made a strong and being frequently interrupted by appeal for Santa Fe, going into details of appeal. It was finely delivered and carried conviction with it.

The Santa Fe committee, joined by many interested citizens, drove with the St. Louis committee from their special Pullman car at the Santa Fe depot to the Capitol. All the offices were visited and the visitors were cordially received by Governor Otero, the members of the Council and House of Representatives, the speakers of those bodies and by others who took special pains to show them around the building.

The Indian School was then visited and there the party was met by C. J. Crandall, the superintendent, who gave a rare entertainment in observing the systematic government of the school. The dining room was visited while the scholars prepared to take their noon meal and the committee expressed their satisfaction with everything shown. Luncheon was then enjoyed at the Palace Hotel after which the Historical Society's rooms were visited, also the room in which Ben Hur was written and the gentlemen in charge of the Historical Society and others vied with each other in showing and explaining to the visitors the many antiquities in valuable documents and preserved by the society.

The entire party then assembled at the Elks' Hall for the meeting which has just been described. After the meeting the visitors were taken to the Palace Hotel for dinner, after which the entire committee with their friends were given a reception by ex-Governor and Mrs. Prince, and were finely entertained. Mrs. Prince made an impressive appeal of over an hour's duration in the interests of Santa Fe, after which carriages conveyed the party to its special car and the members left the city at 9:30 o'clock accompanied by ex-Governor Prince.

The Santa Fe committee, consisting of Hon. L. B. Prince, H. S. Kaune, Frank Owen, W. N. Townsend, C. F. Easley, Fritz Muller, S. B. Grimshaw, I. Sparks and A. P. Tarkington, lost no opportunity to make the visiting committee acquainted with every citizen they could in the short time allotted, and worked hard during the entire day to make the visit as pleasant as possible. Also a large number of the citizens gathered at the Palace Hotel and were introduced to the visitors. Through the kindness of Adjutant General Tarkington, the band was secured, and while the visitors were at dinner they were entertained by music. This was highly appreciated by the visiting committee and was spoken of in terms of praise.

The visiting committee having only one day in Santa Fe could not accept the offer of the Santa Fe Central for a special trip over its line, but the members promised to avail themselves of the kind offer from Hon. W. H. Andrews, president and general manager, and W. S. Hopewell, second vice president, as transmitted to them by S. B. Grimshaw, representing the Santa Fe Central, this summer.

The members of the Santa Fe committee and the merchants, professional men and citizens generally used every possible effort to give the St. Louis committee the kindest attention and only absolute facts relative to climatic and other conditions were presented. Perfect harmony prevailed and NOT ONE WORD WAS SAID IN OPPOSITION TO ANY OTHER CITY OR TOWN IN THE TERRITORY.

(BY FRANK OWEN.)

Fruit and truck growing, which is indirectly one of the objects of the institution and one of the chief requisites of the site to be selected, was put before the visitors in such a manner as we think convinced them that there was nothing more to be desired along these lines. Personal experiences by men whose utterances could not be questioned as regards people who have visited this climate for health, always prolonging life and in most instances affecting permanent cures, were cited in an informal manner and the Santa Fe people could but feel that the distinguished gentlemen of the committee went away without a question at least of the perfect healthfulness of Santa Fe.

Those present could not fail to realize the magnitude of the proposed undertaking and the consequent responsibility resting on the shoulders of the committee investigating the site, and even if Santa Fe does not secure the location the Santa Fe citizens who received the St. Louis men feel that the earnestness of that committee will insure to the people they represent and the people needing their help the most careful and discriminate judgment. As for ourselves we know that we have the goods and feel assured that there can be only one location and that is Santa Fe.

SIX ARMED MEN TURN A TRICK

Chicago, Feb. 17.—Twelve men were held up by six armed robbers in the office of Max Middleberg, proprietor of the Electric Light, Oil and Gasoline Delivery. The highwaymen fired several shots as they entered, wounding two persons. They also knocked a clerk named Julius Bensev on the head, who said he could not open the inner compartment of the safe, rendering him unconscious. The robbers secured \$800 and made good their escape.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

IMPROVEMENTS IN THE LOCAL POSTOFFICE SERVICE.

Although the present postmaster has been in charge of the Santa Fe postoffice only two years and a half, the improvements in the service have been many and marked. Aside from the entire refitting of the office, turning it into a modern, convenient and commodious place for public business of which Santa Fe has every reason to be proud, the laying of brick pavements not only in front of the postoffice but on the principal streets of the city is due to the work that Postmaster Walter has done for the introduction of free delivery which was granted the city after many obstacles were overcome, that would have discouraged almost any other postmaster. The free delivery of letters is of great convenience especially to people living at a distance from the postoffice and means that \$2,500 of postal revenue are annually spent in the city which otherwise would have gone into the treasury at Washington. In minor things also, there has been a great improvement and advancement. Formerly the registry and money order windows were closed at 5 p. m. and during the distribution of mails, today they are kept open until 6 p. m. and while the mails are being distributed. Formerly the lobby of the postoffice, was closed at 9 p. m. but at present it is kept open all night. Formerly the number of letters sent to the dead letter office was much larger than at present, showing that much greater care is being used in endeavoring to find the addressees of letters poorly and illegibly addressed. According to the postal laws the clerks need to report for duty only from 8 a. m. to 6 p. m., yet part of the force is on duty from 6 a. m. to 10 p. m. at all times in order to distribute quickly, mails that arrive after or before business hours although the postal laws do not require this. The postmaster looks personally after each branch of the service and there are occasionally, days when he is on duty twelve to eighteen hours. In consequence, it has become practicable to keep the mails open until the very last moment for departure, while according to the postal laws they may be closed one-half hour before each departure of mails. The postoffice clerks are no longer selected for their political service but upon merit, for the office has been placed under civil service rules upon the request of the postmaster, thus assuring the clerks' tenure of office as long as they behave themselves. Of course years of practice make them more skillful in the handling of mails and much swifter in its distribution. In these two and a half years the business of the office has been almost doubled, yet, there has not been a single instance of mail being delayed by the local force, not a single complaint of any registered letter being lost and not an instance of dereliction of duty on the part of any of the present force, either office or letter carrier. Thus, the patrons of the Santa Fe postoffice have every reason to be satisfied with the service they have been and are receiving and can be especially proud of the personnel of the letter carrier and clerical force in the office which will compare in skill, dexterity and conscientiousness in handling the mails with the force in any other postoffice in the Southwest.

"The New Mexican is the territorial paper," says the Albuquerque Journal. Correct, and what is more this paper has always advocated what is best for New Mexico and has for the past forty-two years done great good and telling service for the people of the entire Territory, regardless of sectional lines. This paper is not like its Albuquerque contemporaries which see nothing except what benefits or hurts their town. "The New Mexican is the territorial newspaper indeed."

If there is any boodling lying around loose in the Thirty-sixth Legislative Assembly, some of the Albuquerque statesmen and editors want to know it. Very commendable sentiment that. They evidently want to be tempted.

TO INVESTIGATE THE CHARGES AGAINST THE SANTA FE.

A careful and intense inquiry into the charges made against the great Santa Fe Railway System, as to discrimination in rates and disobedience of the laws of the land, is to be made. This was expected by the people on the part of President Roosevelt and as usual he has not failed to meet the desires, wishes and expectations of the people. In commenting upon this proposed investigation, the St. Louis Globe-Democrat says that the appointment of Judson Harmon of Ohio and Frederick N. Judson of Missouri, to investigate the charges that the Atchison, Topeka & Santa Fe Railway granted rebates to the Colorado Fuel and Iron Company and other concerns shows the President's earnestness in this task. Both the men named are Democrats. Both hold a high place in their profession for ability and independence. Harmon was attorney general for a time in Cleveland's second administration. If there be anything in the accusations against the railway they will be able to find it out. Under the terms of their selection they have a free hand in the work of investigation. Every facility which the attorney general's office at Washington can furnish them for their work will be placed at their disposal.

President Roosevelt's secretary of the navy, Paul Morton, was a member of the official board of the Atchison road at one time. On this account some Democrats said that the President would disregard the charges against that company. This is not the President's way, however. The matter will be investigated, regardless of who is hit. Nobody believes that the investigators will be swayed in the slightest degree by the circumstance that one of the leading officials of the road recently is a member of the Roosevelt administration. Paul Morton's father, J. Sterling Morton, was secretary of agriculture in the second Cleveland cabinet, and an associate of Harmon in that administration, but this circumstance will not impede him in his work of bringing out the truth, whatever it chances to be.

It must be borne in mind that the name of Paul Morton does not appear in the case in any shape. He has denied that he had any responsibility for the action that is charged against the railway company. Evidently the President takes his word as truth. The great body of his fellow-citizens do likewise. The facts, whatever they may be, will be revealed by the Harmon-Judson inquiry. It is safe to say that thorough work will be done in the inquiry, and punishment will promptly be inflicted if guilt is revealed. Incidentally, some new light may be thrown on the question of private rebates by railways which will be of value in shaping legislation against this evil.

THE NEW INSURANCE LAW.

Darby A. Day, New Mexico manager of the Mutual Life Insurance Company of New York, who was in the city during the week, informed a representative of the New Mexican that his company had no objection to the new insurance law and would abide promptly by its provisions. He was of the opinion that the good of the Territory would be subserved by the law. Among its effects would be the weeding out of some weak and unstable companies, both in life and fire insurance and this would be beneficial. The provisions are no more stringent than they are in most states of the Union, where they are carried out and obeyed by insurance companies. Right here the New Mexican desires to state that the protests against the law which are heard in some quarters come mostly from those who have had a soft snap holding up insurance companies when sessions of the legislature roll around.

These promoters every two years were selling something they did not own and had nothing to do with. It paid them, therefore they are intensely sore at losing a future chance for making money very easily.

The esteemed Albuquerque Journal is growing hysterical over the passage of the bill relating to libel, by the Assembly. Why all this fuss and feathers? The provisions of the bill, if it is approved by the Governor and becomes law, cannot hurt any decent and reliable newspaper. As far as this paper is concerned, it fears no libel law, as it proposes to keep on in the even tenor of its ways and be decent and fair in the treatment of public questions and the acts of men in public life. As heretofore it will tell the truth in temperate language, but the truth will be told and in that form it does the good it is intended to.

Thomas K. Neldringhaus, Republican caucus candidate for United States Senator from Missouri, is of the opinion that even in caucus nominations, there is many a slip between the cup and the lip. At the same time, it is proper to remark that the Republican legislators who have bolted the Republican caucus nomination because Dick Kerens wanted them to, have greatly injured the Republican party of the state and deserve the odium and contempt of all good Republicans.

The esteemed Albuquerque Journal feels great solicitude for the well being of the coal oil corporations in this Territory. Natural.

"THE NEW MEXICAN THE TERRITORIAL PAPER."

The esteemed Albuquerque Journal is frantic over the public printing of the Territory. In yesterday's issue it published a three column article under flaming headlines on the subject. The article contains many untrue statements and generally speaking is incorrect. The expenditures for public printing are found easily in the biennial report of the territorial auditor and no one has ever made, to the knowledge of this paper, the least effort to hide or cover them up. The public printing law, as it now exists, has been upon the statute books for a number of years and has been found to work quite well. The editor of this paper never held the position of public printer. The statement that the public printing amounts to \$36,000 for two years is absurd. There is nothing to hide in this matter and there is nothing to cover up. As far as the New Mexican knows, the public printing has been strictly in accordance with law. If any paper or any man can show the reverse, let him or the paper do so. The case with the Albuquerque Journal is simply sour grapes. It has a right to its opinion, as well as to recommend to the Assembly anything that it sees fit, be it sensible or otherwise. To this the New Mexican takes no exception. It is perfectly willing that this should be so. At the same time, this paper will remark and that without blushing that the New Mexican is the territorial paper, and a very good one and is not at all ashamed of this fact. Indeed, it is proud of it. It is a legitimate business enterprise and is thoroughly well known in the Territory.

The office of traveling auditor is a very important one. Although it has been in existence but eighteen months Traveling Auditor Safford has fully demonstrated that its creation was a great and good thing for New Mexico and has saved the territorial and county treasuries during that time many and many thousands of dollars. The salary now being paid this official is rather small when compared with the importance of the duties performed. It should be increased and clerical assistance should be given him.

Delegate Rodey, according to Washington dispatches, is again working against the best interests of the people and against their desires and wishes by supporting the movement in the House of Representatives, the purpose of which is to insist on the passage of the original Hamilton joint statehood bill. Mr. Rodey has not yet discovered that he has made and is making a grievous and foolish mistake in this matter. One house has fallen upon him already, but he has not taken the hint.

There are several citizens of New Mexico who are perfectly capable and well enough informed to write a school history of the Territory. It would be unfair to its citizens to enact a law making a history written by some outside person an official text book of the schools of the Territory. Protect home interests and stand by New Mexico's citizens!

The Martinez libel bill passed the House yesterday morning by a vote of 15 to 5. There is little doubt, but that Governor Otero will approve it. It is a proper measure. The newspapers of the Territory which have allowed themselves too much license in attacking officials and private citizens unjustly and unfairly will do well to stand from under.

It is acknowledged by everybody who knows anything about it that this county must be provided with a new and decent jail building. This should be done this year. The present structure is absolutely unsafe, very unhealthy, an eyesore and a hundred years behind the times.

The people of New Mexico elected the members of the present Assembly. These are just from the ranks of the people and know what is wanted. They act upon this knowledge in passing bills. Their actions are the acts of the people.

The people of the towns of Bernadillo in Sandoval County, and of Estancia in Torrance County, ought to feel grateful towards the present Assembly. Their towns were made county seats and thus helped greatly.

Of course, Great Britain is friendly to Japan. The Mikado's government has just ordered fifty railway locomotives from British manufacturers.

The record of the present Assembly shows that it can do a good deal of work in a very short time, when it gets to it.

MONEY'S DIGEST.

The New Mexican Printing Company has made arrangements with the publisher of Money's Digest of the New Mexico reports to sell the same at the reduced price of \$6.50, delivered in any part of the Territory. This price will hold good only for a limited time in order to reduce the stock so as to pay for the publishing of the book. This price is subject to withdrawal without notice, cash to accompany each order.

Advertise your business. It pays.

Narrow Chests.

The old theory that consumption was inherited is utterly discredited by modern medical science. The germs of consumption must be received from without. These germs are everywhere. They are constantly being received and cast out by the healthy system.

It is the narrow chests, whose inheritance is weakness who fall a prey to consumption because they are too weak of lung to resist and throw off disease.

Doctor Pierce's Golden Medical Discovery makes weak lungs strong. It cures obstinate deep-seated coughs, bleeding lungs, weakness, emaciation and other conditions which if neglected or unskillfully treated find a fatal termination in consumption.

\$3,000 FORFEIT will be paid by the World's Dispensary Medical Association, Proprietors, Buffalo, N. Y., if they cannot show the original signature of the individual volunteering the testimonial below, and also of the writers of every testimonial among the thousands which they are constantly publishing, thus proving their genuineness.

"In the spring of 1900 I was taken with hemorrhage of the lungs, and became very weak and short of breath, lost flesh and had no appetite," writes Mr. E. L. Robinson of Xerxes, Tenn. "I was persuaded to try Dr. Pierce's Golden Medical Discovery. The first few bottles seemed to do me but little good, and I commenced its use. I weigh 160 pounds now, and when I commenced I only weighed 140 pounds. If any one doubts this statement I will be pleased to answer any inquiry."

Accept no substitute for "Golden Medical Discovery." Nothing is "just as good."

Dr. Pierce's Pleasant Pellets cleanse the clogged system from impurities.

Supplies for Notaries Public for sale by the New Mexican Printing Company.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., Jan. 30, 1905.

Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, N. M., on March 15, 1905, viz:

Felix Ronquillo for the lots 2 and 3, SE 1-4 NW 1-4, SW 1-4 NE 1-4, section 6, T 16 N, R 10 E.

He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Benito Chavez, Emeterio Garcia, Hilario Garcia, Manuel Sandoval, all of Santa Fe, N. M.

MANUEL R. OTERO,

Register.

Perfect Confidence.

Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

ITCH—RITZ CORM.

E. T. Lucas, Wingo, Ky., writes, April 25, 1902: "For ten to twelve years, I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 bottles. Fischer Drug Co.

A GUARANTEED CURE FOR PILES.

Itching, Blind, Bleeding or Protruding Piles. Your druggist will refund money if PAZO OINTMENT fails to cure you in 6 to 14 days. 50c.

When You Have a Cold.

The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by all druggists.

HOUSE BILL NO. 75.

Introduced by Hon. Thos. N. Wilkerson, February 13, 1905; read first and second time by title, ordered translated and printed and referred to Committee on Judiciary.

AN ACT

An Act to amend Section 1, Chapter IV of the Acts of the Legislative Assembly of the Territory of New Mexico, Approved February 4, 1899, and for other purposes:

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. Thrt Section one of the said Act of the Legislative Assembly of the Territory of New Mexico, being Chapter IV of the Acts of 1899, approved February 4, 1899, be and the same is hereby amended to read as follows:

The regular term of the Supreme Court shall be held at the City of Santa Fe commencing on the first Wednesday after the first Monday in January in each year, and adjourned terms of said Court may be held from time to time, between the first day of any regular term and the first day of an ensuing term, as the Court may deem proper and order.

Sec. 2. All appeals, writ of error, bonds, summons, citations and other process, heretofore returnable to the first day of the regular term of said court, shall hereafter be returnable sixty days after such appeals are taken and such writs of error sued out, or such bonds, summons, citations and other process is issued, and the Court shall take jurisdiction to hear, determine and dispose of all such appeals, writs of error, bonds, summons, citations and other process from and after such return days in the same manner it has heretofore taken jurisdiction thereof, on the first day of the regular annual term of said Court. In all cases so docketed in the Supreme Court, citation shall be issued by the Clerk of the Supreme Court and served on the appellee or defendant in error, as now provided by law in cases of appeals taken out of term time.

Sec. 3. Whenever any writ of error is sued out and the judgment sought to be reviewed is for a recovery other than a fixed amount of money the Chief Justice or any Associate Justice of the Supreme Court may by order fix the amount of the bond to be given as a condition for granting a *supersedeas*, as now provided by law in cases of appeals, and upon the making of the said order and the giving of the bond, to be approved by the Judge making the order, the *supersedeas*, shall at once go into effect, and the judge shall certify his approval of the bond, and his said order allowing said *supersedeas*, and upon the filing in the office of the Clerk of the Supreme Court of the same, the said clerk shall thereupon issue the writ of error as in other cases, and the said order fixing the bond and granting the *supersedeas*, shall also be entered in the District Court in which the judgment sought to be reviewed by writ of error was rendered.

Sec. 4. Sub-section 161 of Section 2685 of the Compiled Laws of 1897 shall hereafter be held to apply to all civil cases, and such cases may hereafter be reviewed either by writ of error or appeal.

Sec. 5. Section 1 of the Act of the Legislative Assembly approved February 18, 1903, being chapter 5 of the Acts of the Thirty-fifth Legislative Assembly is hereby amended so as to read as follows:

Sub-section 175 of Section 2685 of the Compiled Laws of New Mexico 1897, be and the same is hereby amended so as to read as follows: All statutes in force at the date of the passage of this Act, (Section 2685,) or enacted since then, or hereafter enacted, relating to *habeas corpus*, *mandamus*, prohibition, *quo warranto*, replevin, attachment, ejectment, eminent domain, suits for partition of real estate, actions to determine and quit title to real property, proceedings for the sale of real estate of infants, shall not be held to be repealed by the enacting of said section 2685 of the compiled laws of 1897, but said section 2685, and all other statutes relating to said subjects shall be construed together as if all of said laws were enacted at the same time, and shall receive such construction from the courts as to harmonize the same as parts of one act, and no repeal shall be held to have been made by implication or conflict, except so far as may be necessary to harmonize the said laws and give effect to them as one uniform system.

Sec. 6. This act shall be in force from the date of its passage, and all acts in conflict herewith are hereby repealed.

COMFORTS OF TRAVEL.

The porter on the California Limited this winter will be prepared to press a gentleman's trousers while he waits. This is a new wrinkle, introduced for the benefit of fastidious dressers. It isn't absolutely necessary to carry along an extra pair of trousers, either; the porter works while you sleep.

On this luxurious train daily market reports are received by wire; there are the latest morning and evening newspapers issued on route, fine stationery, a library of western books and current magazines. A Whittely exerciser for those who wish to keep up their athletics, and electric curling irons for the ladies are other traveling comforts.

The Santa Fe Central Railway in connection with the Rock Island and the M. P. & N. systems makes close connection at Torrance for all points east and west by the new Golden State Limited fast trains. Homeseekers from the east and others desiring berths for the return trip may have the same secured by calling at the general ticket office of the Santa Fe Central in this city. Every possible attention with politeness and courtesy will be extended to all.

JUSTICE OF THE PEACE DOCKETS.

The New Mexican Printing Company has prepared civil and criminal dockets especially for the use of justices of the peace. They are especially ruled, with printed headings, in either Spanish or English, made of good record paper, strongly and durably bound with leather back and covers and canvas sides; have a full index in front and the fees of justices of the peace and constables printed in full on the first page. The pages are 10-1/2x16 inches. These books are made up in civil and criminal dockets, separate, of 320 pages each or with both civil and criminal bound in one book, 80 pages civil and 320 pages criminal. To introduce them they are offered at the following low prices:

Civil or criminal \$4.00
Combination civil and criminal \$5.00
For 45 cents additional for a single docket or 55 cents additional for a combination docket, they will be sent by mail or prepaid express. Cash in full must accompany order. State plainly whether English or Spanish printed heading is wanted. Address, NEW MEXICAN PRINTING CO.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grain, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of Elmoretown and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Eaton, N. M., on this grant, are located the Coal Mines of the Eaton Coal and Coke Company, where employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done.

PERSONAL MENTION

A. Menett, Las Vegas commercial man, is in the city looking after the trade in his line.

Lou Well, a Kansas City drummer, spent yesterday and today in the city looking after his customers.

George Arnot, manager of a wholesale grocery firm in Albuquerque, is registered at the Palace Hotel.

E. E. Spierling, with the Albuquerque Eastern construction camp, near the Duke City, spent the day in town.

Dr. J. L. Norris, Santa Fe Central physician at Estancia arrived in the city last night and spent the day here.

Hon. L. Bradford Prince went to Albuquerque last evening and attended to legal business in the Duke City today.

County Treasurer Eugenio Romero, after spending a few days in the city on political business, has returned to his home in Las Vegas.

Attorney A. B. Renahan, returned on the afternoon train from Albuquerque, where he has been a couple of days on important legal matters.

George F. Goerner, a mining man, of El Paso, who has been spending several days in the Capital City on business, has returned to the Pass City.

J. A. Knox, traveling freight and passenger agent of the Santa Fe Central Railway, returned last night from a trip over the road.

H. B. Hamilton, an attorney of Lincoln, a son of the late Judge Hamilton, is in the Capital for a couple of days on legal business.

S. A. Bennett of the District Court clerk's office, was a southbound passenger for Albuquerque last night to attend the Melba concert.

Nicolas Galles, register of the U. S. land office at Las Cruces, arrived in Santa Fe yesterday from the south and transacted business here today.

President John S. Clark of the Council, left this forenoon for his Las Vegas home to spend Sunday. He will return to the Capital Sunday night.

Louis S. Riley of Antonito, a well known lawyer in southern Colorado, has his name on the Claire Hotel register. He is here on legal business.

L. M. Williams, roadmaster on the Santa Fe Central, left this afternoon for Estancia in charge of a force of laborers who will clear the track of snow.

Mr. and Mrs. Solomon Luna, went to Albuquerque last night to remain over Sunday. They will also visit their home at Los Lunas before returning to the Capital.

H. B. Henning, city editor of the Albuquerque Morning Journal, has returned to the Duke City to attend to his duties during the adjournment of the legislature.

President E. G. Austen of the Cattle Sanitary Board, who has spent the past week here on business connected with his duties as such, returned last night to Las Vegas.

Mrs. Vivian Waddall, of Belton, and Mrs. Mary Lake, of Fairfield, Texas, were in Santa Fe a short while today en route to Colorado. They were guests at the Palace.

District Court Clerk and Mrs. A. M. Bergere and Miss Nina Otero left last evening for Albuquerque to be guests of friends and to attend the Melba concert there this evening.

C. Armijo, assistant cashier in the bank of George D. Bowman and son at Las Cruces, returned to his southern home last night after transacting business here for several days.

Dr. E. G. Condit, a practicing physician of Aztec, San Juan County, was an arrival on last night's Denver & Rio Grande train and transacted professional business in Santa Fe today.

W. C. McDonald of Carrizozo, president of the New Mexico Cattle Growers' Association, was an arrival from the south last night and is at the Palace. He is here on private business.

John W. Corbett, probate clerk of Torrance County, arrived yesterday via the Santa Fe Central from Estancia. He attended to official business while here and returned home on this afternoon's train.

Rev. R. P. Pope, division missionary of the Baptist Church in New Mexico and a resident of Estancia, spent yesterday and today in town on business and returned to his resident town on this afternoon's Santa Fe Central train.

Mr. and Mrs. Roberto Chaves of Los Lunas, are in the city on a visit to their parents, Councilman and Mrs. Jacobo Chaves, who are domiciled on the south side in the Tucker residence, during Councilman Chaves' tour of duty in the city.

Granville A. Richardson, of Roswell, U. S. Commissioner in the Kansas-Colorado-Arkansas River water rights case, arrived in the Capital last night. Mr. Richardson has just returned from Fort Smith and Little Rock, Arkansas,

where hearing in the case were held.

J. F. Bonham, of the law firm of Bonham & Holt, Las Cruces, is a visitor in the Capital City. He reports cold weather in the Mesilla Valley but says that no damage will result. Mr. Bonham is well known here, as he resided and practiced law in this city for several years during the '80s.

Speaker Carl A. Dalles left last evening for Belen, his home, to remain over Sunday. He was accompanied by Mr. and Mrs. Paul B. Dalles of the same town, the former being his brother, and Miss Anita Becker, also of Belen, daughter of John Becker, a well known merchant of that place. Mr. and Mrs. Dalles and Miss Becker spent the past week here and had an enjoyable visit.

J. B. Lynch, a prominent citizen of Pueblo, Colorado, arrived from the north yesterday and this morning left for Las Vegas with his son, Hon. B. G. Lynch, one of the representatives in the House from San Miguel County. Mr. Lynch had been connected with the Santa Fe Railway as western live stock agent at Pueblo for many years, but has now severed his connection with the road and is contemplating moving to this Territory, as he believes there will be more advancement and progress in New Mexico during the next five years than there have been for many years past. Mr. Lynch is a strenuous and energetic Republican and has done yeoman service for the party during his many years of residence in Kansas, as well as in Colorado. Both gentlemen will return to this city Monday next.

OFFICIAL MATTERS

Public Funds Received.

The following public funds have been received by Territorial Treasurer J. H. Vaughn:

A. A. Keen, secretary of the Capital Custodian committee, \$5.

William E. Williams, treasurer and collector of Lincoln County, taxes 1903, \$65.77; 1904, \$254.81.

J. H. Canning, treasurer and collector of Lincoln County, taxes 1903, \$10.79; 1904, \$368.81.

Eugenio Romero, treasurer and collector of San Miguel County, taxes 1902, \$15.77; 1903, \$110.09; 1904, \$391.14.

James C. Dunn, treasurer and collector of Otero County, taxes 1903, \$163.76; 1904, \$308.68.

Articles of Incorporation.

The following articles of incorporation have been filed in the office of Territorial Secretary J. W. Reynolds:

The W. S. Land and Cattle Company; the incorporators are John W. Macbeth, Henry F. May and J. F. Truesdell, all of Denver, Colorado. The objects of the incorporators are to engage in a general live stock and land business, including the owning, raising and selling of all kinds of cattle and live stock and dealing in lands and whatever else is necessary to carry on such a business. The term of existence is twenty years and the principal place of business Denver, Colorado. The capital stock consists of 1,000 shares of the par value of \$100 each and is non-assessable. The number of directors is five and those who will manage the affairs of the corporation for the first three months are William French, Harold C. Wilson, John S. Macbeth, Henry F. May and J. F. Truesdell, all of Denver, Colorado. The incorporators will carry on a part of their business in Colfax County.

Advertisements in the New Mexican and you will increase your business.

IRELAND'S PHARMACY

MINOR CITY TOPICS

La Voz del Trabajador of Albuquerque, has suspended publication.

Train No. 2 from the south and west on the Santa Fe was a little over an hour late today.

Santa Fe Lodge No. 2, I. O. O. F., will hold its regular weekly meeting this evening at 7:30 o'clock.

John B. Wharton was held this week at Lincoln for the grand jury under \$1,000 bond on the charge of assault.

The annual encampment of the Department of New Mexico, Grand Army of the Republic, will be held at Albuquerque on May 5 and 6.

The Golden State Limited on the Rock Island was over eight hours late today and the Santa Fe Central held its train at Torrance in order to make connections.

The junketing committees appointed by the Legislature yesterday left last night to visit the different public institutions of the Territory and are expected to return to the Capital Monday.

The Fraternal Sanitarium committee left last night for Albuquerque, after spending yesterday in Santa Fe. It is reported that the weather in the Duke City is very unpleasant today as a heavy snow has been falling there.

The sale of seats for the Elks' big show next Monday and Tuesday night has been very good and the Elks are assured of a packed house both nights. This show promises to be one of the best local talent affairs ever given in the Capital City.

A party of thirty-six Swedes from Colorado arrived in the city last night over the narrow gauge and stopped at the Bon Ton restaurant. There was a band with them and after supper it rendered several unfamiliar airs in front of the restaurant. The party is on its way to Arizona to locate in a mining camp.

At the local offices of the Santa Fe Central today a report was received that a heavy snow was falling at Estancia and up to noon covered the ground to a depth of six inches. This afternoon a force of twenty men was sent to that point to attend to the track as the snow was drifting slightly and might interfere with traffic.

Word was received in Santa Fe today of the death of Rocco Emilio, for many years a prominent resident of Lincoln County. His death occurred at El Paso as the result of an operation to remove a mastoid tumor. He was a native of Italy and came to Lincoln County twenty years ago. He is survived by his wife and several children.

J. W. McAfee, aged sixty-eight years, died at St. Vincent's Hospital Wednesday afternoon and was buried in Fairview Cemetery yesterday. Charles Wagner was funeral director. McAfee's back was broken several days ago by a fall from a wagon load of alfalfa. He resided at Socorro and was well known in Santa Fe. The deceased was a member of the famous Quantrell band during the war of the Rebellion.

More snow tonight and Saturday with colder weather tomorrow is what the local Weather Bureau reports today. Yesterday the relative humidity was 80 per cent, a very unusual state of atmosphere for Santa Fe. The temperature at 6 a. m. today was 28 degrees. Yesterday the thermometer registered as follows: Maximum temperature at 3:50 p. m. 38 degrees; minimum temperature at 6 a. m. 27 degrees; mean temperature for the 24 hours 32 degrees; precipitation .05 of an inch.

Two weeks ago when Manager Frank Owen examined the depth of the snow on the Santa Fe water shed, in the mountains east of this city, he found in many places that the snow was from three to four feet in depth. He will visit the Santa Fe water shed again on Sunday and expects to find a great increase in the depth of the snow fall, as during the past two

weeks several snow storms have passed over the range. If this should prove to be the case, the water supply for Santa Fe Valley and this city will not only be abundant, but much more than can be used.

Six Navaho children arrived at the U. S. Indian Industrial School last evening accompanied by Judge Vicente Beagay, who is the police judge of the Navaho nation. The parents of the children live near Fort Defiance, Arizona. Judge Beagay is one of the leading men in the Navaho nation and a loyal supporter of the government. During the Indian campaigns in this Territory from 1875 to 1883 he secured Navahos who were enlisted as scouts to serve with the regular troops. This was especially the case in the campaigns against Victorio from 1876 to 1880. Judge Beagay will remain a guest at the Indian school for several days.

A freight wreck near Las Vegas, tied up the Santa Fe Railway yesterday. An eastbound freight train rounding a curve full speed, collided with a gravel train. The crew of both trains jumped, Fireman O'Neill being injured by the fall. The engines were reduced to scrap iron and several cars were hurled from the track which was torn up for some distance. As a consequence trains were all late last night and the mails from three Santa Fe trains in addition to that from the belated Santa Fe Central train did not arrive at the postoffice until 7 o'clock this morning, giving the postoffice force two very busy hours at distribution.

In view of the fact that every business house on the east, west and south sides of the plaza has contracted with the Santa Fe Water and Light Company for outside lights in front of each business place, which, when the brackets and lights are in place and in service, will illuminate these three sides of the plaza, and present a very pretty effect, Manager Owen has concluded to place four of these lights on the north side of the plaza in front of the Palace free of charge, as a donation from the Water and Light Company to the lighting by electricity of the city. When this is done, the plaza at night will present a very pleasing sight and one which people will enjoy especially in the evening during the concerts in the plaza.

WILL HAVE THEIR DEMANDS OR STRIKE.

New York, Feb. 17.—After a protracted meeting behind closed doors, at which 1,000 employees of the Interborough Rapid Transit Company, were present, it was determined to again make sweeping demands on the management of the road, and that the failure to grant it shall result in a general strike on the Interborough System, both the subway and elevated March 1.

Take nutmeg; one is not as good as another. Schilling's Best, in nutmeg, is ground fine from difficult nuts to grind because full of oil; the oil is their virtue. There are dry nuts; there are wormy nuts. We are no more careful in nutmegs than all through.

Your grocer's; moneyback.

U. S. WEATHER BUREAU NOTES.

Forecast for New Mexico: Snow tonight and Saturday; colder weather tonight.

Yesterday the thermometer registered as follows: Maximum temperature, 38 degrees, at 3:50 p. m.; minimum, 27 degrees, at 6:00 a. m. The mean temperature for the 24 hours was 32 degrees. Relative humidity, 80 per cent. Precipitation, 0.05 of an inch.

Temperature at 6:00 a. m. today, 28 degrees.

NURSE WINS A FORTUNE

W. J. Skeed Presents Miss Adams With Rich Mining Claim Out of Gratitude.

WILL BE A BONANZA

Bread Cast Upon the Waters Returns as Copper and Big Development Company is Organized by Young Woman's Father.

Readers of the New Mexican will doubtless remember the story published in this paper several months ago about the good fortune of Miss Goldie Adams, of Joplin, Missouri. The circumstances are that Miss Adams won the admiration of a man by the name of W. J. Skeed, who resided in Joplin some years ago and whom she nursed while sick. After Skeed recovered he removed to Albuquerque and began to prospect for copper in the mountains in western New Mexico. He located a claim which has since developed into a good property.

Upon the eighteenth birthday of Miss Adams in November she received from this man Skeed a deed to a claim adjoining his mine. C. W. Adams, the girl's father, immediately made a trip to Albuquerque and visited the mine at Copperport in the Zuni Mountains. Finding that the property was of apparent value he made arrangements to develop it and has incorporated the Goldie Adams Copper Company with a capital stock of \$500,000. Miss Adams is the secretary and treasurer of the company. Samples of the ore have been sent to Denver and assays show values as high as 50 per cent copper. It is said that eastern capital has been secured to develop the property.

Early Fruit Retarded.
It is said that as a result of the recent cold weather in the Mesilla Valley that fruit blossoms will probably be retarded and thus lessen the risk of their being injured by late frosts.

Las Cruces Firm Increases.
Sidney C. Barker, eldest son of F. C. Barker, has become a partner in the firm of F. C. Barker & Company, Las Cruces, the largest growers and shippers of fruits, flowers and vegetables in New Mexico. The business of this firm is to be increased.

Miss Powell Wins.
Miss Daisy Powell won her suit against the Santa Fe Railway in the District Court at El Paso this week. Miss Powell is an actress and was traveling in company with a companion when she was put off a train of this road at Belen for alleged drunkenness and because the conductor claimed her ticket was invalid. The suit was for \$10,000 and the court gave her judgment for \$750. Her companion's suit is still pending.

Another Tucumcari Bank.
A report from Tucumcari says that that enterprising little town will soon have another bank. It is said that S. C. Pandolfo, an insurance man of Tucumcari has the backing and the bank is expected to be ready for business not later than June 1. It will be known as the Quay County National Bank.

Valuable Package Stolen.
A few nights ago a package of Mexican filigree and agate jewelry valued at over \$500 was stolen from Santa Fe train No. 8, between Albuquerque and Gallup. The jewelry was the property of the Fred Harvey news system and was in charge of the news butcher on that train.

Revival at Cloudcroft.
Rev. J. W. Pope recently closed a series of revival meetings at Cloudcroft. The attendance was very good during the meetings, but these had to be discontinued on account of the deep snows. Mr. Pope has traveled 2,500 miles during the past year and has baptized 265 people in his missions in the Territory.

Stockmen Jubilant.
Stockmen of western New Mexico are jubilant over the prospects for cattle and sheep during the present year. For the past several years the continued drouth has ruined their business but the abundance of snow that has fallen thus far this winter assures plenty of moisture for the range. Judging from the number of big ranch deals reported from different sections of the Territory, it looks that as if the predicted revival in live stock circles had already begun to materialize.

TAINTED BLOOD

Columbus, Ohio, May 19, 1903.

Some four years ago I was suffering from impure blood and a general run-down condition of the system. I had no appetite, was losing flesh, and had an all-gone tired feeling that made me miserable. I began the use of S. S. S., and after taking seven or eight bottles my skin was cleared of all eruptions and took on a ruddy, healthy glow that assured me that my blood had been restored to its normal, healthy condition. My appetite was restored, as I could eat anything put before me, and as I regained my appetite I increased in weight, and that "tired feeling" which worried me so much disappeared, and I was once again my old self. I heartily recommend S. S. S. as the best blood purifier and tonic made, and strongly advise its use to all those in need of such medicine. VICTOR STUBBINS, Cor. Barthman and Washington Aves.

Wheeling, W. V., May 28, 1903.
My system was run down and my joints ached and pained me considerably. I had used S. S. S. before and knew what it was, so I purchased a bottle of it and have taken several bottles and the aches and pains are gone, my blood has been cleared and my general health built up. I can testify to it as a blood purifier and tonic. 1533 Market St. JOHN C. STRIN.

ONE CERTAINTY.

Some Santa Fe People Fully Realize It Now.

When the back aches from kidney ills. When urinary troubles annoy you. There's a certain way to find relief. A sure way to be cured. Doan's Kidney Pills will do it. Santa Fe people endorse this claim. Tomas Baca, miner of Cerrillos st., says: "I have not the slightest hesitation in recommending Doan's Kidney Pills. I thoroughly believe from my experience that anyone troubled with an aching back, and most miners are annoyed with that tormenting affliction, who goes to Ireland's Pharmacy for Doan's Kidney Pills and takes a course of the treatment, will find his backache cease. I had attacks of it for about three years, never so that I could not work, but many a time I would have laid off had I been able to afford it. Doan's Kidney Pills stopped a very serious attack. I am thoroughly convinced they will prove as beneficial to others as they did to me." For sale by all dealers; price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Have your stationery printed by the New Mexican Printing Company.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's Jew Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada. For sale by Fischer Dr. Company.

Justice of the Peace Dockets for sale by the New Mexican Printing Company.

Agonizing Urns

Are instantly relieved, and perfectly healed by Bucklen's Arnica Salve. J. Rivenbark, Jr., of Norfolk, Va., writes, "I burnt my knee dreadfully; that it blistered it all over. Bucklen's Arnica Salve stopped the pain, and I healed it without a scar." Also heals all wounds and sores. 25c at Fischer Drug Co.

CROUP.

Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat. Mrs. A. Villet, New Castle, Colo., writes, March 19, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1.00. Fischer Drug Company.

Chamberlain's Stomach and Liver Tablets Unequaled for Constipation. Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment the most superior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists."

(Homestead Entry No. 4923.)

Notice for Publication.

Department of the Interior, Land Office at Santa Fe, N. M., Jan. 26, 1905. Notice is hereby given that the following named settler has filed notice of his intention to make final proof in support of his claim, and that said proof will be made before the register or receiver at Santa Fe, New Mexico, on March 9, 1905, viz.: Martin Baca, for the lot 3, section 6, T 15 N, R 8 E. He names the following witnesses to prove his continuous residence upon and cultivation of said land, viz: Jose Padilla, Asencion Romero, Donaciano Rael, all of Cerrillos, N. M.; and Marcos Coriz of Santa Fe. MANUEL R. OTERO, Register

Poisons in Food

Perhaps you don't realize that many pain poisons originate in your food, but some day you may feel a twinge of dyspepsia that will convince you. Dr. King's New Life Pills are guaranteed to cure all sickness due to poisons of undigested food—or money back. 25c. at Fischer Drug Company. Try them.

"A POINTER."

Good whisky brightens up a sluggish brain; bad whisky will make a sluggish out of you. "Uncle Sam" joins us in assuring you only the purest at "THE CLUB."

Are You Restless at Night.

And harassed by a bad cough? Use Ballard's Horehound Syrup, it will secure you sound sleep and effect a prompt and radical cure. 25c, 50c, and \$1.00. Fischer Drug Company.

New Mexico Civil Code handsomely bound in sheep, per copy \$1.00, for Company. Copies will be sent by mail upon the receipt of sum as above, to any address desired.

FATAL ACCIDENT AT QUEENSTOWN

Queenstown, Ireland, Feb. 17.—An explosion of gasoline occurred on board the new submarine boat "A-8" while the officers and crew were engaged in charging the tanks. The crew was hurled in every direction. A number of the crew of the gunboat Hazard volunteered to go to the rescue of the submarine boat's crew. They had hardly got on board the submarine when another explosion occurred and all the rescuers were more or less injured. Lieutenant Skinner, of the submarine, subsequently died of his injuries. Two of the crew were dead when picked up. Fifteen men were injured, some of them being horribly mutilated.

EIGHT HURT AND FOUR WILL DIE

New York, Feb. 17.—Eight workmen were badly injured by an explosion in the Brooklyn Sulphur Works in Brooklyn today. The firemen and policemen brought them out and were themselves much affected by the fumes and at one time ten firemen were lying on the sidewalks with the ambulance surgeons administering restoratives. Four of the injured workmen will die.

FIVE STORY FALL KILLS ATTORNEY

Duluth, Feb. 17.—Claude S. Snively, a prominent attorney here, pitched headlong from the fifth story window in the Lonsdale building today and was killed. He was alone at the time and it is believed looked from the window and, becoming dizzy, fell out.

Grave Trouble Foreseen.

It needs but little foresight, to tell, that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Fischer Drug Co. 50 cents per bottle.

Supplies for Notaries Public for sale by the New Mexican Printing Company.

HEALTH.

Means the ability to do a day's work, without undue fatigue and to find life worth living. You cannot have indigestion or constipation without its upsetting the liver and polluting the blood. Such a condition may be best and quickest obtained by Herbine, the best liver regulator that the world has ever known. Mrs. D. W. Smith writes, April 3, 1902: "I use Herbine, and find it the best medicine for constipation and regulating the liver I ever used." Price 50 cents. Fischer Drug Company.

Don't get excited when you hear people raising a row about what they have to eat, but go to the Bon Ton, where you can get anything from quail on toast to chile and tamales.

What Are They?

Chamberlain's Stomach and Liver Tablets. A new remedy for stomach troubles, biliousness, and constipation and a good one. Price 25 cents. For sale by all druggists.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Malaria, Bright's Disease of the Kidneys, Rheumatism, Neuralgia, Consumption, Syphilis, Catarrh, La Grippe, all Female Complaints, etc., etc. Boarding and bathing \$2.50 per day; \$10 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor
Ojo Caliente, Taos County, N. M.

SUNBURST BRAND EXTRA SIFTED PEAS are the best value we have ever offered in canned peas. They are small in size, tender, and of fine flavor. Price 15 cents per can. Sunburst Marrowfat or Sweet Wrinkled peas 12 1-2 cents.

FERNELLE SWEET POTATOES are now being used to a considerable extent and are giving good satisfaction, the cans well filled and the quality excellent, can 20 cents.

MACKEREL are nice for breakfast for a change, fancy fat each 12 1-2 cents. Large fat each 20 cents.

ROLLED HERRING, the largest we have ever offered, each with a dill pickle inside, an appetizer, each 5 cents.

BLOATERS, extra large, each 5 cents.

Our stock of **CHEESE** is now quite large. Empire brick and Limberger, Domestic Swiss and fancy New York cheese we offer at 25 cents per pound. Muenster cheese, per pound, 30 cents. Imported Swiss, 40 cents per pound. Neufchatel, 2 for 15 cents. Wisconsin full cream cheese, 20 cents per pound.

MUSHROOMS are much used to serve with steak and other meats such as veal cutlets, etc. We offer "miniatures" the finest put up at 35 cents per can, ordinary quality 25 cents per can, in glass 35 cents per jar.

CRABS either deviled or the whole ones are extremely nice for entrees for dinners or for luncheons. We furnish shells free with the canned deviled crabs. Full directions for preparation on each can.

TOBACCO, CIGARS AND CIGARETTES we offer in large variety and of the most popular brands. In nicker cigars we have the Owl, Washington's Cabinet, Cremona, Little Tom, Franklin, Mexican, Lillian Russell, Capitan, Porto Rico Exports, etc. In 10 cent goods, Sir Arthur Sullivan (clear Havana), Tom Moore, General Arthur, Dry Climate, etc. A fine imported cigar for 12 1-2 cents.

UNION LEADER is the newest thing in cut plug smoking tobacco, 5 cent and 10 cent packages, and in half pound tins at 25 cents, one pound tins 50 cents.

SWEET CAPORAL granulated tobacco in one ounce sacks at 5 cents each is one of the most popular cigarette and pipe tobaccos among the newer brands. All the old favorites such as Bull Durham, Honest Weight, Seal of North Carolina, Pedro, Lone Jack, Yale, Lafayette, and Cornell Mixtures, A. & G. Perique, Oriental, Salmagundi, Maryland Club, Columbia, Curve Cut, Cameo, Sweet Caporal and Lone Jack long cut, etc., through a long list.

SUNBURST string and wax beans are decidedly cheap at two cans for 25 cents, tender and fine flavored.

**TAKES CASH BUT
NO DIAMONDS**

Thief Who Burglarized Mrs. Mary Gold's Store a Very Discriminating Person.

The curio store of Mrs. Mary Gold, on Lower San Francisco Street was entered by burglars sometime last night and \$79 taken from the safe. The burglars overlooked a drawer containing diamonds valued at \$1,000 and other valuable jewelry. Nothing else in the store was disturbed.

There is a mysterious air to the robbery. Not a trace of where the thieves entered the store could be found today. It is also singular that the diamonds and other jewelry were not touched, which confirms the view of the police that the work was done by someone entirely familiar with the store.

The outside door of the safe was not bolted and it was therefore an easy matter for the burglar or burglars to open it. Entrance was effected to the money drawer by inserting a knife just above the lock key hole of the receptacle and forcing down the lock. The money was in bills and silver and after taking it the burglar put back the pocketbook in which it was kept.

Several good clues are in the hands of the police and arrests are expected at any time. It is their belief that no professional thief would have overlooked the other valuables or would have been able to enter the store without leaving some trace of how he got in and out.

**KICKS AT SOLAR
INSTRUMENTS**

Estancia, N. M., Feb. 16, 1905.

Editor New Mexican, Santa Fe, N. M.

While I endorse the idea embodied in the bill relative to surveyors and engineers, I do not endorse the provision requiring the use of solar instruments. In the first place it favors a little of "graft" which I am sure is far from the intention of anyone connected with or interested in the bill. In the second place, in some work, my own instrument for instance, the needle is as good or better than the solar. My work is locating settlers and surveying their claims and in retracing lines. On account of the delicate adjustment of the solar I prefer the needle and think ordinarily there is less liability of error. By the provisions of this bill as it now stands my old instrument would become practically worthless and an outlay required that I do not now feel that I am able to meet and I am satisfied it would effect others the same way. I realize the necessity of something being done to insure better work among surveyors in New Mexico and I favor any move in that direction that does not work an unnecessary hardship on the individual members of the craft.

JOHN W. CORBETT.

**HYDE FIGHTS FOR
HIS MILLIONS**

New York, Feb. 17.—The crucial point in the contest involving the control of four hundred millions of dollars will be reached this afternoon when the directors of the Equitable Life Assurance Society met to consider the question of changing the association from a stock to a mutual company. On one side is James H. Hyde, vice president and holder of a majority of the capital stock while arrayed against him is President James W. Alexander of the association together with thirty-eight officers of the society. President Alexander and his supporters proposed the plan to change the association from a stock to a mutual company. Hyde did not object so much to mutualizing the company as to the method of Alexander in bringing it about, saying that Alexander's plan would eliminate him (Hyde) from the directory.

**KANSAS REFINERY
WILL BE BUILT**

Topeka, Feb. 17.—Governor Hoch at noon today signed the bill passed Wednesday appropriating \$200,000 for the erection and maintenance by the state of an oil refinery with a capacity of 2,000 barrels daily. The signing of this measure will make it possible for Kansas to begin in earnest the fight started recently against the Standard Oil Company.

More Like It Coming.

Further legislation directed against the Standard Oil Company came up in the House today. A bill making oil pipe lines common carriers was made a special order for this afternoon. This is one of the two remaining oil bills still to be taken up. The other is an anti-discrimination bill, designed to prevent the Standard Oil Company from underselling the state. It has been a made a special order for next Monday.

New Mexico Civil Code handsomely bound in sheep, per copy \$1.00, for sale by the New Mexican Printing Company. Copies will be sent by mail upon the receipt of sum as above, to any address desired.

LAND OF FLOWERS AND SUNSHINE.

California Woman's Letter of Special Interest to People in Santa Fe.

At this season of the year a letter from the land of flowers and sunshine is of special interest to our readers. The following letter from the Holden Drug Company, of Stockton, Cal., one of the largest drug houses on the Pacific coast, is of especial interest. They write: "Enclosed is a letter from one of the most prominent residents of this city. She will not allow her name to be published in the newspapers, but we can furnish to anyone writing us.

The letter is as follows: "For some four years my daughter has had headaches, which seriously interfered with her school work. Until recently we attributed the trouble to eye strain, but happening to notice your advertisement of Hyomei, we were satisfied that her trouble came from catarrh.

We purchased a dollar outfit, and within twenty-four hours relief was experienced, and the loosening of mucous matter and the reduction of throat inflammation began. Sixty days' use of Hyomei made nearly a complete recovery, which we considered very satisfactory after nearly four years' of expense and fruitless treatment by other methods, and that we feel grateful is to put it mild."

Mrs.

This letter shows that many cases of sickness and debility are simply caused by catarrh and that they can be cured by Hyomei. This is nature's own method of curing catarrh, medicating the air you breathe.

A complete outfit, including the inhaler, costs but \$1., and extra bottles are only 50 cents. Ask A. C. Ireland to show you the strong guarantee under which he sells this remarkable remedy.

A Stove

with a good character is the genuine Round Oak. It has been on the market these many, many years, and is still the leader in sales and popularity. It is the best. It is solid comfort from the leg up, for it holds the fire, burns any kind of fuel and gives you all the warmth you want or just as little. Don't experiment; it won't pay you. There is but one Round Oak. It is sold in town at our store only.
