SPANISH SUBTERRANEAN

Made No Peace Proposal Before
the Porto Rico Campaign.

Admiral Dewey Will Gather Spanish
Gunboats for a Round Up.

Shafter's Army to be Brought From Cuba
to Long Island, N. Y.

ANOTHER POWDER MILL EXPLOSION.

Washington, July 28.—It can be stated on the authority of the state department and foreign embassies here that there were no overtures in behalf of Spain for a cessation of hostilities until the French ambassador last Tuesday afternoon presented a note to the president. This statement is made with the full knowledge of European denials and must be accepted as that of the government of the United States. Therefore all talk about had faith shown by our government in pressing the Porto Rican campaign during the last few days is absolutely without foundation, and our government has done nothing that can subject it to criticism on this score.

Charges of bad faith against the United States attributed to Premier Sagasta are discredited as inventions designed to prejudice the successful progress of the present peace movement. Even supposing that there has been peace overtures, the military authorities regard Sagasta's alleged statement that peace overtures operate to stay the course of military operations, as directly contrary not only to the military law of the United States but to the whole recognized principles of international law. It is looked upon as showing a disposition on the part of Spain to deal with frankness and with the usual customs of international procedure, but rather to adopt methods which will excite the foreign powers and create a misleading prejudice against the United States. This view is likely to seriously prejudice the efforts of the Spanish government toward opening peace negotiations here and lead to the belief that the only method of procedure which will be clearly understood by Spain is to push the war forward vigorously and without recourse to evasive diplomacy.

Camp for Shafter's Men.
Trenton, N. J., July 28.—Adjutant General Corbin, with General Manager J. B. Hutchinson, of the Pennsylvania road, and a number of other railroad officials inspected a tract of land near Morrisville, Pa., with a view of establishing a camp for Gen. Shafter's forces now at Santiago. This is Gen. Corbin's second visit to this place, and it is said that he is very favorably impressed with its advantages.

Powder Mill Explosion.
Kimber, N. Y., July 28.—The powder mill of K. T. Johnson at Troy, Pa., was blown up today and the owner, who was paying tinner of the Pomeroy and Mitchell bank, was killed.

SPANISH GUNBOATS

Eleven Spanish Vessels to be Captured by
Dewey's Fleet.

New York, July 28.—A cablegram from Hong Kong to the Journal says that Admiral Dewey at Manila has dispatched the Raleigh and Concord to gather up eleven Spanish craft, which according to information sent him by Consul General Wildman, are at various places in the Philippine archipelago. Among these vessels are three gun boats at San Miguel, Luzon island, and four at Port Royal, Palawan island. Four merchantmen with cargoes of tobacco are reported at Cagayan, Luzon.

The same dispatch reports that English traders at the coal mines at Batan, Luzon island, have been imprisoned and subjected to ill treatment otherwise by the Spaniards there.

Shafter's Army.

Washington, July 28.—Secretary Alger has given orders for the removal of all of General Shafter's army as soon as the men in the discretion of the commanding officer may be brought safely back to camp on Montauk Point, L. I.

Prince Bismarck.

Hamburg, July 28.—Prince Bismarck is somewhat improved since yesterday evening. But for violent pains in the foot and face he would have passed a good night. As it was he slept fairly well.

St. Louis Postmaster.

Washington, July 28.—The president today, appointed Frederick W. Baumhoff postmaster at St. Louis.

Chicago Grain Market.

Chicago, July 28.—Wheat—July, 71½; Sept., 65½.

Corn—July, 34½; Sept., 35.

Oats—July, 26; Sept., 25½.

A Prisoner Escapes.

Al. Freeman, who has been in the county jail since his arrest at Roswell and brought here by Sheriff Hubbell, is at present a free man. Last night at about 8 o'clock, during the momentary absence of Jailor Sandoval, Freeman walked from the jail building, out of the front gate,

and, up to this hour, 4 o'clock p. m., has made good his escape. Sheriff Hubbell called at this office and stated that he was notified this morning, and now has some deputies out looking for his prisoner. Freeman is the fellow that passed forged checks on Joe Barnett, of the St. Kimo.

W. O. T. U.
The Woman's Christian Temperance Union will meet at the college building Friday, July 29, at 7:30 p. m. A parliamentary drill will be conducted by Mrs. Holt. A cordial invitation to all to attend and take part in the discussions.

RUTH J. STAMM, Secretary.

A JEWELRY THIEF.

A Lodger Robs the Jewelry Box of Mrs. J. R. Sanchez.

A rather neatly dressed man, known as J. McLaughlin, called for lodging at J. R. Sanchez's on Railroad avenue, Tuesday night, at 10:30 o'clock, and was assigned room 7, directly opposite and in front of the room occupied by Mr. and Mrs. J. R. Sanchez.

The man appeared at his room about 3 o'clock yesterday afternoon, presumably to take a short nap, and at 6:30 o'clock Mr. Sanchez, who conducts a barber shop on the ground floor of the building, heard him coming down the stairs. He stated to Mr. Sanchez that he would leave on the first train for Denver.

Mrs. Sanchez and her children were out visiting yesterday afternoon and the newly-dressed lodger virtually had the upstairs to himself.

In any event, Mrs. Sanchez this morning had occasion to inspect her jewelry box, which she kept on the bureau, and was amazed to find it almost empty. She reported her loss to her husband, who, in turn, notified City Marshal McMillen.

From the box there had been abstracted two gents' gold watches and chains, a child's gold ring and a scarf pin with four clipped diamond settings. The marshal, on receiving a description of the stolen goods, started out to investigate further, and discovered that McLaughlin, who is evidently a detestable name, had called at D. J. Abel's and tried to sell a trip pass over the Santa Fe Pacific railway to Ash Fork. The marshal has wired to officers along the Santa Fe and Santa Fe Pacific railways, and believes that he will soon have the light-fingered individual back in Albuquerque.

Mr. Sanchez states that his lodger is about 5 feet 8 inches tall, dark complexion, small dark moustache and quite heavily constructed. He is a foreigner, and talks broken English.

It was reported yesterday afternoon, the rumor reaching THE CITIZEN office from a well-known business gentleman, that an effort ought to be made to prevent Hall's circus from appearing here, or rather in old town, next Monday and Tuesday. The gentleman stated that he would advise such move on the grounds of public safety, and especially when it is a positive fact that contagious diseases now exist in and around Albuquerque and that the coming of the circus would undoubtedly increase their spread.

A real game sport, Capt. McIntosh, from Winslow, is in the city. Last night he fancied the big diamond pin worn by John Neeland, and asked its value, or rather what Mr. Neeland would take for it. The latter replied: "Oh, about \$300."

So sooner said than done, Capt. McIntosh pulled out a roll of greenbacks and counted out \$300. He turned over the money to Mr. Neeland, and the Winslow visitor is to-day wearing the big diamond.

The blacksmith, George Messinger, who was shot a few days ago by William Clark, the colored black driver, was up and around this morning, being seen by the reporter at the shop of Barney Boyle. Messinger states that he is experiencing no trouble from the shot, except a little stiffness in the neck. The preliminary hearing of Clark will probably take place before either Justice Crawford or Ribble on Saturday morning.

Growing tired over the long wait for the appointment to the position of postmaster of Albuquerque, it is learned that Siegfried Grunfeld expects to leave for Washington as soon as Samuel Neustadt returns from his vacation in southern California.

Aron Rosenwald, the dry goods merchant, and wife left last night for Las Vegas, and from there they will continue to Trinidad. Mr. Rosenwald will proceed to New York, while Mrs. Rosenwald, after a short visit to Trinidad, will return to this city.

Mrs. Alfred Grunfeld will leave this evening for Chicago, where she will attend the marriage of her brother, A. Neuhum to Miss Lottie Rosenfeld, which event will occur on August 2. Mrs. Grunfeld will be absent two or three weeks.

Late yesterday afternoon, W. C. Sanders, the resident manager of the Milagro Gold Mining company, received information that his favorite grandchild was dead at Trinidad. He left last night for Trinidad.

The Salvation Army people will give an ice cream and cake supper at their hall on south Second street on the coming Saturday night. Price, fifteen cents.

TERMS OF PEACE!

Spain Will Accept the Liberal
Offer of the President.

General Miles' Army Still in Camp
at Port Guanica.

Demands on Spain Will be Forwarded
to Madrid on Saturday.

CARTAGENA MAY BE BOMBARDED.

Madrid, July 28.—With the understanding that no indemnity will be demanded, and that Spanish sovereignty in the Philippines will be respected, the newspapers here consider the terms of peace attributed to President McKinley as acceptable. The papers, however, protest against the continuance of hostilities by the United States after Spain has sued for peace.

The minister of war, Gen. Corrales, is arranging for a reception to the Spanish troops which surrendered at Santiago, and is preparing sanitary stations in order to prevent the introduction of diseases into Spain.

Army of Gen. Miles.
Madrid, July 28.—According to an official dispatch just received from San Juan de Porto Rico, the American forces under Major General Miles occupy the same positions at Port Guanica as they did after landing. Several American warships and transports are reported cruising off the island.

Golf Players.
New York, July 28.—After a day of fast golf the four survivors in the Shinnecock golf tournament are Harry Hollins, Jr., Foxhall K. Keene, Walter J. Travis, and George Clark, Jr. Both Travis and Keene are regarded by many as probable winners of the cup.

PEACE PALAVER.

Spain is Not Thought to be sincere in
Making Peace Proposal.

Washington, July 28.—It has been suggested in some quarters that Spain has been disingenuous in making advance last Tuesday, and that the real purpose was to develop the opposition to the United States respecting the Philippines, hoping to secure the active support of some of the European powers. While this belief is not seriously entertained at the state department, the government, without regard to its soundness, will proceed in a straightforward way to let Spain know what is expected of her, if she desires peace. It should be confessed that little hope is entertained that Spain at once will accept the terms proposed. On the contrary, a wave of popular indignation is expected to sweep over the peninsula upon the announcement of the conditions, which will cause the Spanish government to drop negotiations and fight on. If there must be talking instead of action upon the United States proposal, Dewey and Merritt will proceed uninterruptedly to execute their program in the Philippines, Miles will continue to advance upon Porto Rico, and Watson will head a squadron for the shores of Spain. As these extensive movements will cost a great deal of money, the Spanish government, if it delays, must expect to meet the expense when it comes to settlement.

The present disposition of our government is to demand no money indemnity from Spain for the half billion dollars expense the war has imposed upon us. From this time on, however, the Spaniards are to be held to good faith by imposing upon them any further additional charges to which the United States is put.

Though rejection by Spain of our terms is expected in the beginning, there will be a steady pressure brought to bear that is expected will lead to success in the near future.

The Texas Frontiers.

Austin, Texas, July 28.—The populist state convention nominated Barney Gibbs for governor and W. Kirkpatrick for lieutenant governor without opposition.

MAY BOMBARD CARTAGENA.

Republic of Colombia in a Serious Position
With Italy.

New York, July 28.—A dispatch from Colon, Colombia, received here today, says: "The position of the Cerruti matter is now extremely serious. Three Italian warships are in front of Cartagena, one here, and another lying at Buena Ventura. The Italian minister at Bogota is here on board the steamer Atrato en route for Europe. The Italian admiral has received orders to bombard Cartagena. Great Britain and the United States are intervening, and the admiral having represented the situation to his government is awaiting final instructions."

Acquitted of Homicide.

Haltfax, N. S., July 28.—The decision of the court of enquiry given here today, exonerates Captain Henderson and officers of the ship Cromartyshire from blame in the Bourgogne disaster.

TERMS TO SPAIN.

They Will Be Sent by President McKinley
on Saturday.

Washington, July 28.—Secretary of State Day was closeted with the president half an hour this afternoon over a response to Spain's note suing for peace. When he left the White House, Day announced that a reply would be given Spain on Friday or Saturday. Meantime its tenor is to be carefully guarded.

Shippers Win Test Case.

Chicago, July 28.—Judge Taylor ruled in favor of the shippers in a test case brought by the Illinois manufacturers' association, granting a writ of mandamus compelling the United States Ex-

press company to accept for shipment without the payment of one cent in excess of regular rate. The case will be appealed by the defendants.

Troops for Porto Rico.
Newport News, Va., July 28.—The transports St. Louis and Massachusetts with General Brooks and troops, started for Porto Rico at 2:30 p. m. The other transports will follow at once.

HIS PERSECUTOR FINED.

The Person Who Slugged Jim Sing Fined
by Justice Ribble.

The famous assault case of Jim Sing, the Thornton restaurant keeper, came up before Justice Ribble this morning. Julio Gordenio and Andres Salas were the parties arrested, and at the trial it was developed that Gordenio entered the place of Jim Sing, not in the capacity of an officer as he represented himself, and gave the Chinaman a most severe and cruel clubbing.

Gordenio, on the pretense that he wanted Salas to help him sing for some alleged violation of law, persuaded Salas to accompany him to the Chinaman's place, but there was no evidence introduced to show that Salas had engaged in the slugging.

Salas was discharged, but the judge fined Gordenio \$10 and costs, amounting to a total of about \$32, which includes the railroad fare of the arresting deputy sheriff to Thornton and return and the fares of the witnesses brought here from Thornton.

Immediately on the announcement of the verdict, Gordenio, through his attorney, Hon. F. A. Hubbell, announced that he would take an appeal to the district court.

Justice Ribble also placed Gordenio under a peace bond of \$100, and as he could not appeal until he had furnished sureties to keep the peace hereafter, for a stipulated term, toward Jim Sing.

It is thought by some that Gordenio, who also carries on a small restaurant adjoining that of Jim Sing, is jealous of the latter, and that is the reason why he gave the Chinaman a good licking.

Jim Sing stated this afternoon that he was happy now and that he would return to Thornton this evening. He complimented his lawyer, Donaciano Chaves.

The collector for a very prominent firm of this city, who is noted for his indifference to the rights of others, recently helped himself to the fruit in an orchard on the Mountain road without permission. The man in charge catching him in the act gave the fellow a good drubbing for his impudence and peevishness. Rumor has it that the collector will be out of a situation August 1.

Ivan Grunfeld, of the dry goods firm of Grunfeld Bros., will leave for the west this evening. He will take his sample trunks, and will be absent several days.

Mrs. W. T. McCreight, who was called to Denver last Saturday night, telegraphed that she will return home this evening.

Romulo Barela, the general merchant at San Rafael, is in the city to day buying goods.

Santa Fe route dining cars are equipped with electric fans.

MERRITT AT MANILA!

Dewey is Probably Now in Pos-
session of the City.

Colonel Roosevelt Provides for the
Wounded Rough Riders.

Nearly Four Thousand Cases of Sickness
in Shafter's Army.

YELLOW FEVER CASES NUMEROUS.

New York, July 28.—A special to the

Tribune from Washington says: Gen. Merritt has reached Manila, according to the most conservative calculation at the war department, and the announcement is momentarily expected by cable from Hong Kong that he has assumed the military governorship, as directed by the president. It is understood among the authorities that Admiral Dewey will not postpone his demand for the capitulation of Manila after Merritt's arrival longer than that official desires. It is believed that Gen. Augustin, the Spanish governor general, has already found means of conveying assurances to Admiral Dewey of his readiness to surrender the moment the American forces are prepared to receive the city. The authority given Gen. Merritt in his instructions from the president precludes the possibility of the recognition of the claims of the dictator ship proclaimed by the insurgent chief Aguinaldo.

Thousands of Sick Soldiers.
Washington, July 28.—The report of

Gen. Shafter, showing that there were 3,770 cases of sickness in the army in Cuba, has given the war department considerable concern, but the reports heretofore made that the yellow fever cases were of a mild type encourages the hope that the deaths will be small. The large number of fever cases reported, 2,924, shows that not only yellow fever, but typhoid and other kinds are numerous.

GENEROUS ROOSEVELT.

He Provides for the Comfort of the
Wounded Rough Riders.

New York, July 28.—The wounded Rough Riders now being cared for in the barracks and hospital on Governor's Island have been visited by Major Brodie, who gave each of them a five dollar bank note by instruction of Col. Roosevelt to pay for minor expenses and such luxuries as the men may wish to buy. Brodie also informed the heroes that Col. Roosevelt would give more money if needed. The wounded cavaliers were pleased. One said: "That's just like Col. Roosevelt; he's continually doing things for his men."

Sick Soldiers.

New York, July 28.—The Leona, which arrived at Newport News yesterday, is now on its way to New York. She had on board fifty-three sick soldiers, including General Corbin's son. The health authorities at Newport News did not want any more sick landed there and the Washington authorities consented to send the vessel north. Surgeon General Sternberg says that yellow fever having once got started in the camp is sure to infect many soldiers.

ALBUQUERQUE, — JULY 28, 1906

SANTA FE is by all odds the best summer resort in New Mexico.

The republicans of Rioy and Chavez counties are at work and will be heard from in the fall campaign.

The United States should take the Spanish battleship Pelayo as indemnity for the destruction of the Maine.

The official roster of Dewey's fleet shows that not a single British war vessel of the guns that sent Montevideo's vessels to the bottom of Manila bay.

SAGASTA now insists that he asked for peace before Porto Rico was invaded. Sagasta is sick enough to be a successful democratic politician.

POSTMASTER GENERAL SMITH has announced that the United States postal service will be extended to Hawaii as soon as the American flag is raised there.

THE Santa Fe has lowered its freight rates from Colorado to New Mexico, and it is now possible for the people of this territory to do business with Denver and Pueblo.

SPAIN hardly got a good run for her money when it is remembered that her fleet in Santiago harbor was worth sixteen millions and only lasted forty-six minutes.

The wealth of the United States is estimated by Prof. Muirhead at \$81,750,000,000, or nearly \$82,000,000,000 more than that of any other government in the world.

GRAVE charges are being made against the commissioners of San Miguel county. If they are true Governor Otero will be justified in removing the members of the board from office.

THE imports of gold during the fiscal year just closed were the largest of the country, reaching a total of \$104,955,279, and the balance of trade in our favor was \$618,300,024.

THOSE who think the war is nearly over forget that it must be fought again in the congressional elections, the presidential election and throughout countless ages in the magazines.

THOSE who brought on the present war are faced with nineteen proven accusations that war is a terrible thing. Already nineteen plays on the war have been written, staged and booked for the coming season.

SINCE 1853 the United States government has expended in the distribution of seeds and in the promulgation of statistics concerning them \$3,476,892. The cost of seeds and statistics on the seed question involves \$100,000 a year.

THE Cuban insurgents are retarding the work of General Wood in restoring order in Santiago. They are still disgruntled because the town was not delivered over to them. The Spaniards are accepting the change of government in Santiago with good grace.

SEVERAL hundred Spanish prisoners of war were bound from New York harbor gave three mighty cheers for the American flag when a patrol gunboat flying the national colors passed by. The unique spectacle was a splendid endorsement of the wise and humane policy of our government.

THE general land office has made another important ruling in regard to compromising where claims conflict. The commissioner takes the ground that if a claimant has a right to a portion of the ground he has a right to the whole of it, and has no right to compromise the case pending a decision of the land office.

THERE is a grim but royal humor in a letter to his home folks from Tom Ibbell, of the Rough Riders, the man who rode the first shot and was himself shot seven times before he was carried back into the lines. His only reference to his wounds and condition was: "Every time I move I hurt, and every time I hurt I move some more and hurt some more."

THE large earnings of the Pacific railroad for the fiscal year, so large that the figures surprised the public, may be taken as an indication that another era of railway expansion is drawing near. It is not the only indication pointing in that direction, but it is a very significant one. Railway business, like every other, responds to the law of supply and demand.

GOVERNMENT FINANCES. The comparative statement of the government receipts and expenditures shows that the total receipts for the month of June were \$33,909,313, and the disbursements \$17,852,291. The receipts from the several sources of revenue are given as follows: Customs, \$14,560,729; Internal revenue, \$16,663,365; miscellaneous,

\$2,370,218. This shows a loss of about \$7,000,000 in the customs and a gain of over \$4,000,000 from internal revenue. The expenditures during June include \$19,723,804 on account of the war department and \$2,306,021 on account of the navy. The total receipts during the whole of the last fiscal year were \$44,511,081, a gain over the previous fiscal year of about \$57,000,000. The customs receipts decreased about \$57,000,000, and the internal revenue receipts increased about \$24,000,000.

RAILROAD EARNINGS. When all returns have been made it is estimated that the gross earnings of American railroads for the first six months of the present year will show an increase, as compared with the corresponding period of 1905, of over \$45,000,000. Already an increase of \$57,440,500 is shown, and but 202 roads have made their reports. These 202 lines operate 138,366 miles of track. With this mileage as a basis of comparison, it is shown that the present year bids fair to be a banner one.

In 1894 148,712 miles of track reported for the first six months a decrease as compared with the previous year of \$74,506,450. In 1895 149,942 miles of track reported an increase of \$12,232,535. In 1896 153,847 miles reported an increase of \$20,061,181. In 1897 159,135 miles reported a decrease of \$1,296,174. It will be seen, therefore, that no previous period has been able to make as good a showing as this first six months of 1906.

PORTO RICO TRADE. Nineteen-twentieths of what this country buys of Porto Rico are sugar and molasses. Nineteen-twentieths of the sales to the islanders are meats and breadstuffs. The rest of our exports are manufactured articles of wood, iron and steel, minerals, oil, coal and similar things. We import fruits, nuts, spices and the like, perfume, cosmetics, dyes, drugs, salt, chemicals and lumber.

We send to Porto Rico about the same amount as we buy there, our purchases averaging only \$394,000 more than our sales in the past five years; so, in view of the total volume of trade, which for last year was \$4,170,000, the imports and exports practically offset each other.

THE republicans of Old Albuquerque have sent to Washington a protest signed by 350 of the residents of the place, against the appointment of Leon Dubois as postmaster. The protest asserts that he is not a resident of the town, and is unfit to hold the office. The people of old town want Geo. E. Denny retained in the postoffice.

JUST as soon as the war with Spain is over New Mexico will have a genuine business boom, and this city will feel the good effects. There is even now a demand for better hotel facilities and dwelling houses.

THREE of the newspaper publishers of this city have sons in Troop F, Roosevelt's Rough Riders.

Soldiers Sing "God Save the Queen." In Tampa, Fla., the other day American soldiers did a thing that would have raised a protest a year ago. They joined in singing "God Save the Queen" in honor of Victoria's birthday. It is really astonishing how sentiment has changed since England has openly sympathized with the United States in our war with Spain. Radical changes in the relations of nations are no more wonderful, however, than the marked changes in individuals who are restored to health by this great medicine, Hostetter's Stomach Bitters. It is no unusual thing for people who are thin, weakly and all run down to show a marked improvement in a few weeks after taking this medicine, which overcomes nearly every known disease arising from a disordered stomach.

Snap Shots With a Graphophone. The Graphophone is to the ear what the photographic camera is to the eye, and more, for the Graphophone catches instantly and preserves every tint and shade of sound. A most interesting use of a Graphophone is to make records of your friends' voices to be preserved for future use. You can catch the story of your jolly friend just as he told it, or the favorite song of some loved one just as she sang it, and have it reproduced perfectly at any time and as often as you please. Besides the Graphophone affords wonderful entertainment in the way of reproducing the music of bands, orchestras, or vocal or instrumental soloists. No investment will return so much in pleasure as the purchase of a Graphophone. It is the perfect talking machine. Robbed the Grave. A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, my sunken, tongue coated, pain continually in back and sides, no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately a friend advised trying 'Electric Bitters,' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life and robbed the grave of another victim." No one should fail to try them. Write for a bottle, at J. H. O'Reilly & Co.'s drug store.

Try Schilling's Root and Baking Powder.

WHAT THE EMPLOYEES ARE DOING.

The engines are all receiving a new coat of paint.

The traveling auditor of the Santa Fe Pacific, J. K. Baxter, came in from the west last night.

R. A. Matthews, a Santa Fe Pacific official, with headquarters at Williams, is in the city today.

Electric fans are cooling. You get them and other reasonable articles in Santa Fe route dining cars.

It is expected that the Gila Valley, Globe and Northern railroad will reach Globe, Arizona, December 1.

The pile driver was placed in service on bridge repairing between Albuquerque and Lamy, in charge of Engineer Megeon and Fireman Bollitt.

E. O. Hood, general storehouse keeper of the Santa Fe between Trinidad and El Paso, has completed the inventory of all the storehouses under his charge.

Conductor H. F. Gifford and family, formerly of this city but now of Silver City, passed up the road for Chicago last night, he having received a thirty days leave of absence.

Geo. T. Nicholson, who attended a meeting of Santa Fe railway officials at Las Vegas last night on Tuesday, came in from the north last night and continued north to El Paso.

Complaints have been made at the Topeka office that a number of engineers on this division are in the habit of emitting their initials to their signatures on reports that they send in.

A. P. Henning and W. M. Thomas, who were at work the past few months at the local railway shops, have gone to Jerome, Arizona, to accept positions with the United Verde Mining company.

G. E. Ayer, one of the most popular railroad officials on this division, came in from his San Marcial headquarters last night, joining his family at their pleasant home on the Highlands.

It is common talk that the Sierra Madre road will soon be extended to Goetzville, Mexico. This will open to El Paso a wonderfully rich country and materially increase the output of business.

W. E. Symons, formerly master mechanic on the Raton division, recently assumed charge of the Plant System of railway line and steamship, in Florida, as superintendent of motive and machinery.

On account of slack business a reduction in force in the dispatcher's office at Las Vegas has been made, taking off one man, Mr. Tarkington, who takes position in the telegraph office until such time as he will again be needed as dispatcher.

It is reported that a pipe line will be laid from La Junta to Thatcher, Colo., for the purpose of getting better water for railroad use. The present water used contains a great deal of alkali, which has a ruinous effect on the steel and copper fire boxes.

Hugh O. Morrison, for several years connected with the railway offices of this city, now with the Santa Fe Pacific at Los Angeles, is here to enjoy a few days with former friends, after which he will visit his parents, Judge and Mrs. A. L. Morrison, of Santa Fe.

Passenger brakeman J. B. Selsor was married at La Junta the other day to a young lady with whom he became acquainted at the Colorado end of the division. Mr. Selsor and bride have arrived in Las Vegas where they expect to make their future home.

Locomotive engineers and firemen are not looking with much a favor upon the new monster freight engines which are being placed in service on many of the roads. One of these engines will do the work of two ordinary locomotives, and this results in displacing entire crews.

The relative friends of Wm. Farley, a former popular conductor on the A. T. & S. F. out of Raton, are grieved to learn of a serious accident that has befallen him. He has had a foot severely mangled in a railway accident and is now in the hospital at Los Angeles, California.

A blamed cow got mixed up on a cattle guard two miles west of town, and at 9 o'clock Sunday night, a west-bound freight train met that cow. Result: Dead cow, engine derailed, eight cars out of repair, and Nos. 19 and 20 delayed, and yet nobody was injured—Tucson Star.

From fifteen to eighteen miles of grade of the Prescott & Eastern railroad has been completed. The work of laying the track will be commenced to-day and will be continued until the grade is completed, and up or until the line is completed. It is expected that the line will be completed and in operation by September 1.

R. D. Gibbons, division foreman at Las Vegas, has issued the following order to engineers and firemen: "There is complaint made that some of our engineers and firemen are now leaving their hotels, cigar lights and red cups lying on arrival at Albuquerque. This should not be done, as an engineer going into Albuquerque does not know what engine he will come out on, and engines should be ready for service the same as they are at Las Vegas."

A WISE SECTION FOREMAN. Patrick Ryan was section foreman of no mean ability. He never wasted company material or words. One foggy morning while running over his section he collided with a freight train, and Ryan's car was reduced to scrap iron and kindling wood. The report of the accident to his superior officer was characteristic of the man and was as follows:

"Feather Mortality, Roadmaster, Exc. August the winter foggy morning, I was hit, green man at the break; hand car smashed to hell; where will I ship the wreck? P. Ryan, sec. man.—Sprague Mail."

NEW MEXICO BAR ASSOCIATION.

Thirteenth Annual Meeting—Bicentennial of Officers—Business Transacted. The thirteenth annual meeting of the New Mexico bar association was held Tuesday at the court house in Santa Fe, and there were present Messrs. T. B. Cullen, Frank Springer, A. A. Jones, F. W. Cullen, A. B. McMillan, R. L. Bartlett, W. H. Pope, Max Frost, G. L. Soligson, J. G. Pith, S. B. Newcomb, H. B. Ferguson, E. A. Fiske, W. Breden, H. L. Warren, R. C. Twichell, J. R. McPhee, W. Parker, R. C. Gortner, W. B. Childers, G. W. Knebel, Hugo Seaberg, W. J. McPherson, A. Freeman.

The president of the association, Hon. A. B. Fiske, of Las Cruces, having gone to war, Hon. W. H. Pope, first vice president, presided. Hon. H. B. Ferguson, delegate to congress, made an address to the association covering proposed legislation relative to the establishment of an appellate court for the territory of New Mexico as well as giving his ideas upon a bill to enable prospective prospectors to prospect on land grants confirmed under the act of 1891. The association appointed committees on these subjects, the first committee being Messrs. Jones, Clancy and Catron, and the second committee consisting of Messrs. Childers, Fiske, Pith, Springer and Newcomb.

A motion prevailed by which a committee was appointed to confer with the supreme court and the ensuing legislature relative to changing the time of holding the session of the supreme court. This committee consists of Messrs. Childers, Twichell and Springer.

The secretary of the association and treasurer were audited and approved. Messrs. W. J. McPherson, Hugo Seaberg and G. A. Soligson were elected members of the association.

The executive committee to be appointed by the incoming president was authorized to arrange a program for the annual meeting, including an address by some prominent jurist.

The secretary, on motion, was instructed to call the unanimous ballot of the association for Hon. R. E. Twichell for president of the association for the ensuing year. Vice presidents as follows were elected: First district, R. A. Fiske; second district, E. W. Dobson; Third district, T. B. Cullen; fourth district, W. C. Wrigley; Fifth district, A. A. Freeman.

For the thirteenth time General R. L. Bartlett was elected secretary of the association. Mr. Bartlett submitted a very elaborate report to the meeting which was approved. Geo. W. Knebel was re-elected treasurer of the association.

The incoming president was authorized to appoint all standing committees and also appoint delegates to the American and National Bar association meetings.

Considerable routine and miscellaneous business was done by the association and an adjournment was had until August 15, at 10 o'clock a. m.

Hon. R. E. Twichell, who was elected to the position of president of the New Mexico bar association, is probably one of the best known lawyers and citizens New Mexico. For sixteen years Mr. Twichell has been an attorney for the Atchison, Topeka & Santa Fe railway company, has held many responsible political and official positions in the territory, and stands among the first of his profession. He is regarded as one of the ablest and most promising young men in New Mexico, and is to be congratulated upon this new honor conferred upon him.

Mr. Twichell has always taken a great deal of interest in the association, has been chairman of the committee of history of the bench and bar, and is the author of many valuable sketches of the earlier members of the bar and bench who lived in this territory.—New Mexican.

City Marshal McMillan is after the low married women, who are having a grand old time while their husbands are out of town at work and is determined that some of them, who have been notorious, must help keep up the expenses of the city. Yesterday he captured a married woman, well known in the city for her length, alias "Mary Jones," and took her before Justice Ribble, who fined her \$10. The man, who was responsible for the racket that resulted in the woman's first arrest, was fined \$5.

Rev. J. W. Robinson and wife, formerly of Omaha, Neb., arrived last night and have taken a room, for the time being, at the Hotel Highland. Rev. Robinson is

It's a Pleasure

to show the clothes you buy from us to your lady or gentleman friends. They are so stylish, so just-right. The style stays because they're made right, of the right cloths, too. The findings are honest and the prices are fair and fearless. See our windows, step in the store and note our treatment, our methods; you'll not wonder then at our big success.
