FROM REPORTS TO

**Democratic State and County Tickets Gaining Votes Every
Minute and on Eve of Election all Indications Point to an
Overwhelming Landslide Against Boss Rule and Machine
Government in New Mexico; the Reports in Detail**

That William C. McDonald and the
democratic state ticket will carry
New Mexico by an overwhelming ma-
jority is evident from the reports re-
ceived from all counties in the past
two days by the Morning Journal.

That McDonald will go through with
a clean majority of from 5,000 to 10-
600 may be safely predicted and it is
possible that the victory for good
government against the dishonest
politicians will be even more remark-
able and sweeping. The following
pre-election estimates from corres-
pondents in the various counties are
all based on careful investigation of
conditions so far as available.

Curry County—Democratic, 700.
Clovis.—The situation here on the
night before election indicates one of
the most sweeping victories that has
ever been known for the democratic
state and county ticket. Curry county
will give a democratic majority of
700.

Roosevelt County—Democratic, 1,000.
Portales.—Everything indicates a
big victory for McDonald, the state
and county tickets. The majority for
the democrats will be at least 1,000.

Chaves County—Democratic, 1,500.
Roswell.—The democratic county
chairman on the day before election
confidently claims a clean democra-
tic majority of 1,500 for the county
and state tickets.

Eddy County—Democratic, 1,200.
Carlsbad.—A careful canvass of Ed-
dy county, including the towns of
Carlsbad, Artesia, Hope, Dayton,
Lakewood, and embracing more than
500 voters in the plain country, indi-
cates by far the largest vote that has
ever been polled in Eddy county. Ar-
rangements have been made for a
barbecue at each polling place in the
county and it is now believed that
the democratic majority will not be
less than 1,200.

Union County—Democratic, 350.
Clayton.—Complete reports from
the precinct managers turned in to
Judge J. A. Pace, the chairman of the
democratic county central commit-
tee, indicate a complete upturn and
turn-over in Union county. This has
been the only border county on the
east that heretofore has given republi-
can majorities. The voting pre-
dicts a unit for McDonald and the
straight democratic ticket. The coun-
ty ticket will probably be mixed in
its returns but a majority of the dem-
ocratic candidates it is believed,
will be elected.

they will receive the support of be-
tween 200 and 300 socialists who
have no candidates for those offices
on their ticket. The county will give
a majority for McDonald of at least
350 and it is probable that the can-
didates on the democratic ticket for
supreme court judge will have close
to 500 majority.

Quay County—Democratic, 400.
Tucuman.—Reports from Nara
Vista, Montoya, Jordan, Obar and
elsewhere indicate that Quay county
will roll up a substantial majority for
McDonald and the democratic ticket
straight down the line of at least 400
votes.

Guadalupe County—Democratic, 200.
Santa Rosa.—Reports from Vaughn,
Puerto de Luna, the Piedra Pintada
country, Casuso and other precincts
show no falling off in the democratic
sentiment and McDonald will carry
the county easily by 200 at the least.

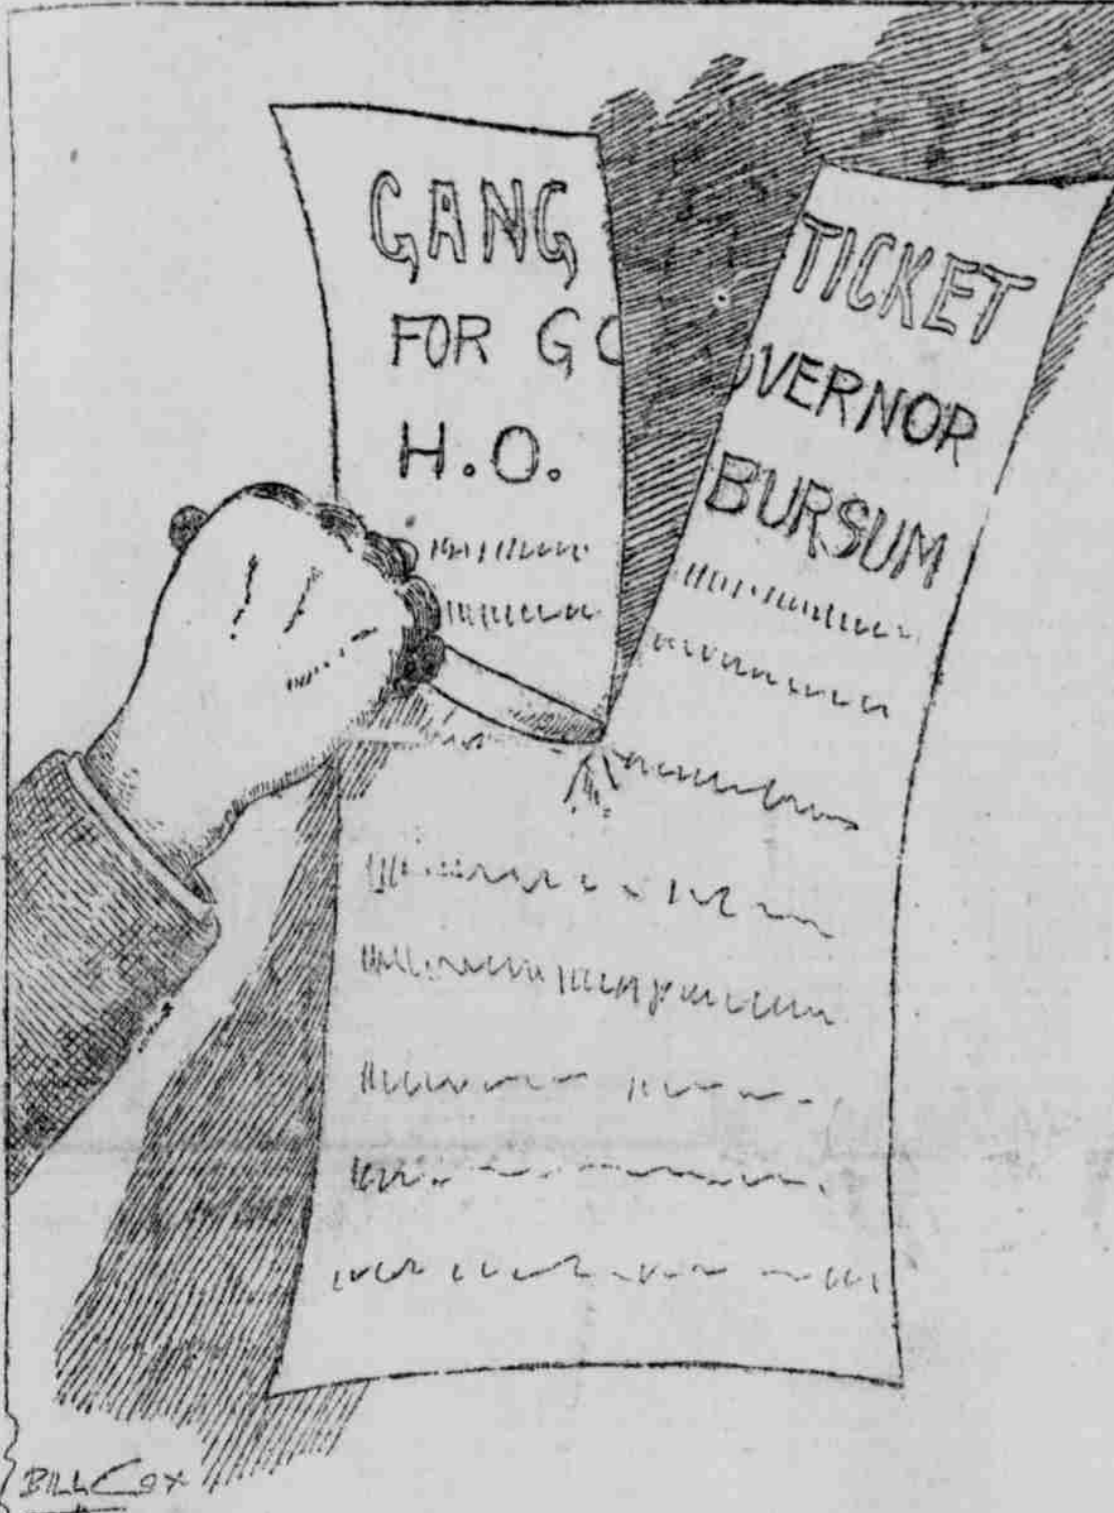

Lincoln County—Democratic, 350.
Carlsbad.—W. C. McDonald will
come out of his home county with
a majority on a conservative estimate
of 350. The remainder of the democ-
ratic state ticket will likely run
from 100 to 200 majority and the re-
sult on the county ticket will be mix-
ed.

Otero County—Democratic, 200.
Alamogordo.—The republicans con-
cede Otero county to McDonald by
from 50 to 100 and a fair estimate is
200 majority. Some democrats claim-
ing 350. The county ticket will be
mixed, the republican candidate for
sheriff having a good show to win.
The blue ballot will carry and it is
believed that from 200 to 250 soci-
alists will cast their ballots for the
democratic supreme court judges.

Colfax County—Republican, 400.
Baton.—Inside republican estimates
of the Colfax county majority for
Bursum and the state and county
tickets cut down the former republi-
can majority by half and place it at
400. The highest claim made by the
republicans is 450. Democrats and
progressive republicans say that if
Bursum wins it will be by a bare
200, and do not concede any major-
ity, if the election is honest.

Mora County—Democratic, 200.
Watson.—Mora county, of re-
cent years a republican stronghold,
returning a 500 or 600 majority, for-
merly democratic by 1,000, is returning
to the democratic fold. The republi-
cans claim it for Bursum by 200; the
other side claims it by 200 to 250 for
McDonald and he is making more
votes every minute. It is safe to say
the democrats will win by 200.

San Miguel County—Republican, 400.
Las Vegas.—San Miguel county may

AN AGED TALESMAN STARTS ROW IN COURT

**M'NAMARA TRIAL IS
SUDDENLY ENLIVENED**

**George W. Morton Takes Issue
With Counsel During Pre-
liminary Examination; Now
Ready for Challenges**

(By Morning Journal Special Leased Wire.)
Los Angeles, Nov. 6.—The defense
in the McNamara murder trial will
seek tomorrow to open the case of
Talesman George W. McKee, ac-
cepted as to cause and the prosecu-
tion will conclude its examination of
Talesman George W. Morton, rein-
stated late today after a challenge for
implied bias was refused. When
court adjourned today the state had
found no ground for a challenge for
actual bias, and with these incidental
exceptions, the jury was complete as
to cause and ready for peremptory
challenges.

Those in the jury box, besides Mc-
Kee and Morton, were Robert Bur-
ton, F. D. Green, A. C. Winter, Wal-
ter N. Frimpton, George W. John-
son, Sam Mendenhall, Frank Frakes,
Byron Lisk, M. T. McNeely and Wil-
liam P. Clark.

Little certainty was felt tonight
that any of these men would be in the
final jury to try James B. McNamara
for the murder of Charles J. Haggerty,
a victim of the Los Angeles Times
explosion.

ton, he said he was a civil war vet-
eran, a life long republican and was
a postmaster, but that at present he
"might be called a socialist." He
subscribed for the "Appeal to Reason,"
a socialist paper.

Interrogations by Attorney Horton
drew him at once to the edge of his
chair in angry expostulation, elicited
several appeals to the court, got At-
torney LeCompte Davis into difficul-
ties with the judge and from time to
time threatened the excellent disci-
pline maintained by bailiffs in the
courtroom.

Morton made a number of state-
ments which attracted attention in-
cluding one assertion that "capital is
educating labor to rebellion." Asked
what capital and labor had to do with
the case he said:

"I know it here."

"What's here?" asked Judge Bord-
well.

"The fight between capital and
labor," said Morton. "I think unions
on the one side and capital on the
other are causing this great commo-
tion."

"What great commotion?"

"This trial."

Morton said later that he referred

to the contention of capital and labor
outside the courtroom.

"I say let the law take its course,"
he explained.

"I take you're not in sympathy
with the present form of govern-
ment?" hazarded Horton.

Morton slid to the front of the wit-
ness chair and glared at the prosecu-
tor.

"And why shouldn't I be in sym-
pathy with it," he cried. "Didn't I
help sustain it. Didn't I help fight
for it in the war?"

"But are you in sympathy with it?"
Horton asked.

"Certainly I am," replied the tales-
man.

"Have you any feeling against the
Los Angeles Times?" asked Judge
Horton.

The talesman turned to the court.

"Judge, is it right for me to an-
swer that?" he asked.

"No, you don't have to," said Judge
Bordwell.

Objection by the defense, to a ques-
tion as to whether he had any feel-
ing against General Harrison Gray
Otis, proprietor of the Times was
sustained.

WHERE TO VOTE.

Today occurs the most important election in the history of New Mexico
and no voter, regardless of his political faith, should neglect to register his
will at the polls. Owing to the large number of candidates to be voted upon
and the delay inevitable as a result of the "blue ballot" requirements, it is ab-
solutely necessary that every voter should be at the polls early. In past elec-
tions many citizens have disfranchised themselves by delay in presenting
themselves and this year the crush at the eleventh hour is certain to be great-
er than ever before. Therefore, do not fail to go to the polls at the earliest
possible moment. The polls open at 9 o'clock in the morning and close at 6
o'clock in the evening. Following are the boundaries of the different election
districts and the location of the respective polling places:

PRECINCT NO. 12.
Division 1.—All that portion of Albuquerque north of Central avenue and
east of Second street. City Police Station, Korber building, North Second
street.

Division 2.—All that portion of Albuquerque north of Central avenue and
west of Second street. Office of H. L. Schlut, 519 West Central avenue.

PRECINCT NO. 26.
Division 1.—All that portion of Albuquerque east of Second street and
south of Central avenue, 115 West Gold avenue, store formerly occupied by J.
M. Sollier.

Division 2.—All that portion of Albuquerque south of Central avenue
and west of Second street. Dunbar's real estate office, corner of Gold and
Third.

poll a majority for Bureau of 400 to 500, according to the Bureau men. The democrats and progressive republicans refuse to concede this former republican stronghold to Bureau and it is stated on the best of authority that Mr. Bureau will get the big surplus of the campaign in San Miguel county.

Santa Fe County--Republican, 200.
Santa Fe--The republicans claim this county for Bureau by 300 at the outside. While Governor Otero has a hard fight for senator, the indications are that he is going to win. T. B. Catron is making a desperate fight and spending money like water but the strength of the progressives and democrats is growing and if Santa Fe county shows 200 for Bureau it will be surprising.

Sandoval County--Democratic, 100.
Bernalillo--Sandoval county is torn wide open and turned upside down and the democratic campaigners who have been through the county claim it by from 200 to 300. There is no doubt that Sandoval has experienced a violent revolution and it is not a rash estimate to say that it will go for McDonald by 100.

Bernalillo County--Democratic, 1,000.
Bernalillo county will give a majority for the state and county tickets which will be 1,000 at the lowest estimate and it may go as high as 1,200.

Torrance County--Democratic, 100.
Estancia--The democrats are claiming this county by 300. The situation is doubtful, but it is safe to predict it will give a small democratic majority. The republicans claim it by 200.

San Juan County--Democratic, 200.
Farmington--Four hundred majority for McDonald is a fair estimate for San Juan county, as the republicans concede it by 200. Reports from over the county indicate growing strength for the democratic ticket and it may be a landslide.

McKinley County--Democratic, 200.
Gallup--The democratic-progressive republican organization on the day before election figure that the revolt against Page and the indignation resulting from the attempt to steal the election will run the McDonald majority up to 200. The republicans are abandoning their first claim of 150 for Bureau.

Valencia County--Republican, 800.
Helen--Solomon Luna claims Valencia county for publication by 1-100 for Bureau. Enough progressive republicans, however, are known to be in the county to run this estimate down to 500 at the outside. This is the first year that a determined fight by the opposition has made serious inroads in the republican majority.

Socorro County--Republican, 500.
Socorro--A generous estimate concedes this county to Bureau by 500. Reports from the Moguelon country, which is all against Bureau, from Magdalena, San Marcel and elsewhere, with the division here, make Mr. Bureau's hold on his home county precarious and democratic leader Torres claims it for McDonald by 200. This is the first year that a serious fight has been made and the opposition is strong.

Sierra County--Democratic, 300.
Cutter--Sierra county will go for McDonald by at least 300. The widest republican claim has only been for 50 majority for Bureau.

Donna Ana County--Democratic, 300.
Las Cruces--Donna Ana county has experienced the most tremendous revolt against bureauism in the territory and as a result Bureau cannot hope to get a look-in. The people have decided that the domination of the ring represented by Holt and Llewellyn must come to an end and it will be a landslide for McDonald by at least 200.

Grant County--Democratic, 600.
Silver City--Six hundred majority for McDonald is a reasonable estimate in Grant county, based on fairly comprehensive reports from the various precincts. W. H. Andrews is said, came in here and tried to induce the China Copper company to build a smelter and employ the people here. However, completely failed and everything is for McDonald in this county. Santa Rita, Central, Hurley and Lordsburg report indicate that there is a profound progressive republican sentiment in this county which combined with the democratic vote justifies the above estimate for the democratic ticket.

Luna County--Democratic, 250.
Deming--Luna county which has always been democratic by 10 to 250, will turn up its normal majority with the additional some of 50 progressive republican votes.

Taos County--Democratic, 200.
Taos--The revolt against Malagula Martinez, the smash of the political bank and the general upheaval assures a McDonald majority of 200. The republicans have never claimed this county by more than 250.

Rio Arriba County--Republican, 200.
Santa Fe--Reports from Rio Arriba county show that the republican majority will be cut down to a maximum of 200 and the activity of the democrats and progressives will make the vote even closer.

HUNTING SEASON AT ITS HEIGHT IN NOVEMBER

QUAIL SHOOTING OPEN IN EVERY STATE OF THE UNION; WILD TURKEY NOW LEGITIMATE

(Special Correspondence to Morning Journal)
Washington, D. C., Nov. 5.--November marks the height of the hunting season. Tracking snow on the ground in the north permits moose and deer hunting to begin in earnest. Upland game birds are well grown, and the migration of waterfowl is at its height.

The chief interest centers in the opening of the hunting season for quail. Every state in which they are abundant, from New York to Nebraska and from Florida to Texas, opens its quail season this month, with the exception of Georgia, where the opening is delayed until the first of December. The season is already open in New England, Michigan, and Minnesota, where quail are few, and in western states, where quail differ from the bobwhite of the east. Eastern sportsmen may take the field from the first day of this month, except in Delaware, Kentucky, Ohio, Kansas, South Carolina, Tennessee, Louisiana, and Oklahoma, where shooting opens on the 15th, and in Indiana and Illinois, where it begins on the 10th and 11th, respectively.

Next in importance to the opening of the quail season is the opening of wild turkey hunting in most of the states where turkeys are abundant. Arkansas, Arizona, and Maryland have permitted turkey hunting since September, and in Georgia, Alabama, Mississippi, and Texas the opening of the season is deferred until after the close of November; but in all other states, from Pennsylvania to New Mexico, where the hunting of wild turkey is a feature, the season opens in November.

Eight northern states which offer deer hunting, Vermont, Massachusetts, Pennsylvania, New Jersey, Wisconsin, Minnesota and North and South Dakota, open seasons in November, varying from five days to a month in length, and in the south deer hunting begins this month in Florida, Alabama, Mississippi, Missouri, Oklahoma, and Texas.

October witnessed the opening of the ruffed grouse season in most of the states still affording good shooting, but Pennsylvania, where an unusually abundant supply is reported this year, opens its season on the first of November.

The shooting of waterfowl has been in progress throughout most of the United States for several months, but two important ducking centers of the east, the Susquehanna Flats, at the head of Chesapeake bay, Maryland, and Currituck sound, North Carolina, have been closed to duck hunters until this month. Duck shooting on the waters of New Jersey also opens in November.

The hunting of black bears is not a general form of sport and in a few states bounties are paid for their destruction. Several states, and three of those in which bear hunting is still a prominent sport, Michigan, Louisiana, and Mississippi, open their bear seasons in November.

November witnesses also the closing of some important seasons. By the end of the month deer hunting is over in the north, except in Maine and New Hampshire. It may be followed in the south for additional periods varying from one month in Louisiana and Texas to three months in Mississippi. In New York and every where in the west the deer season is closed by the beginning of November. By the last of the month the prairie chicken season is over in every state in which these birds may yet be shot; and woodcock shooting has ended in all northern states in which woodcock may yet be found in comparatively large numbers, though in the south the season continues open.

Reports received by the U. S. department of agriculture from various sources indicate about 45 fatalities, that accompany the hunting season, have occurred up to November 1.

ELECTION RETURNS AT CRYSTAL AND PASTIME

Two Popular Theaters Will Have Results of First State Election Thrown Upon Screen Tonight.

The returns of the first state election will be given in full at the Pastime and Crystal theaters tonight, the management having made arrangements to this effect. MAINE DECIDES TO RETAIN PROHIBITION

Augusta, Maine, Nov. 6.--Maine retains constitutional prohibition. Governor Plafie and his council late tonight decided to accept the corrections in the vote of four towns, cast in the special election in September, thus reversing the result as indicated on the face of the first official returns.

Election returns at the Pastime and Crystal tonight.

Why You Should Vote for the Business Commissioners

The people of this county know the splendid record of Alfred Grunsfeld, Policarpo Armijo and M. R. Springer, as county commissioners and for that reason will re-elect them today by overwhelming majorities.

These men took charge of a county plunged in financial ruin by Francisco Hubbell. They paid off from \$20,000 to \$25,000 debts left by the regime of loot which bankrupted the county. No bills had been paid for a year; the current income had been used in violation of law to pay the bills of the year before. The county was "flat broke" and worse; it was heavily in debt without a thing to show for it except wreck and ruin.

These commissioners took hold. They borrowed money and paid off Francisco's debts. They paid off the loans. They gradually brought the payment of all debts up to date.

They have reduced the levy for county purposes from 27 mills under Hubbell--the highest in history--to 23.58 mills in the present year.

They have built two splendid new bridges across the Rio Grande at a cost of nearly \$100,000; and in spite of the fact that bonds for these bridges must be carried, the tax levy is still four mills less than in Mr. Hubbell's time.

They have built dozens of miles of splendid permanent roadway, co-operating with the state engineer's office which has supervised the work. It has been done wisely and economically.

They have built new school houses, repaired the ruined ones looted by Hubbellism and saved thousands of dollars yearly in the cost of the schools.

They have secured honest road supervisors and every cent spent on roads may be traced in the public records.

They have built ten miles of permanent flood proof dykes, preventing the floods which under Hubbell, cost the farmers \$10,000 damages at a stroke.

They have completed a survey of the county, characterized by Mr. Hubbell's paper as one of the most important public improvements in the history of the county.

They have enlarged and repaired the jail and made it sanitary.

They have established the credit of the county as "A. 1."

They have enabled the county for the first time in years to have full terms of court.

The monthly balances, cash on hand, run from \$63,000 to \$114,000.

There is a substantial balance in every county fund. We printed the figures the other day.

They have assured honest county elections.

They have been strictly non-partisan in their administration of the public business.

They have made their splendid financial showing in spite of the fact that a law passed in 1909 transferred the money from all city occupation licenses, except for saloons, to the city instead of the county; causing a loss from the county general fund of some \$2,000 a year.

These commissioners have done many other things, coming under the head of honest business government. They have taken a wrecked county and made it prosperous; and their splendid work will be endorsed by the biggest vote ever polled in Bernalillo county.

DEMOCRATS CLAIM FOSS IS CONFIDENT DONA ANA BY SAFE VOTE OF RE-ELECTION AS GOVERNOR

Majority of From Three to Five Hundred Confidently Predicted; Gang Candidates All Have Records

(Special Dispatch to the Morning Journal)
Las Cruces, N. M., Nov. 6.--The democratic county central committee this afternoon issued a statement in which the county of Dona Ana is claimed for the democratic state and county ticket by majorities estimated at from three to five hundred. The statement is made following a complete canvass of the county and is believed to be conservative.
The republican machine has labored long and hard here, sending personal workers to almost every voter. The people, however, have tired of boss rule and it is not believed that the machine emissaries have accomplished anything but harm for their cause. There is little opposition to the "blue ballot" here and it is generally believed that the majority for the ratification of the easier amendment will be greater than that rolled up for the candidates.

The records of the men on the republican ticket are against them and it is believed that this cause alone will be sufficient to insure their defeat.

Robert B. Holt, candidate for the state senate, is regarded as particularly vulnerable owing to his connection with the "solid seventeen" in the legislature of 1907, which was responsible for the defeat of the 3-cent fare bill. Asked concerning his attitude on this measure, Mr. Holt is said to have replied: "Its passage would have caused trouble in the party," thus, it would seem putting the interest of his party above that of his constituents. Mr. Holt's official conduct while serving as treasurer of the board of regents of the Agricultural college here is also sharply criticized, as is also his connection with the Deming land deal.

W. H. Llewellyn, who now is a candidate for the legislature on the same ticket with Mr. Holt last fall, roasted that gentleman somewhat severely last fall during the constitutional campaign. His utterances then are being contrasted with those made recently and this has not helped Mr. Holt any.

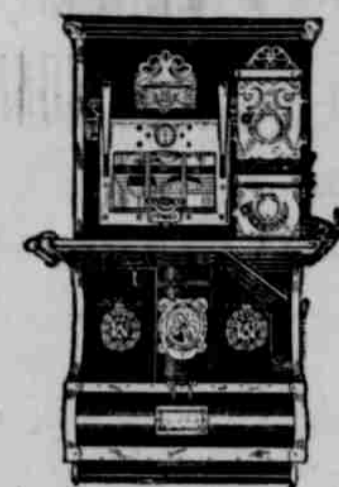

Isidoro Armijo, candidate for county clerk on the gang ticket, is not regarded as a particularly strong citizen. He has held his present office for twelve years and is firmly convinced that the people owe it to him to make it an even seventeen. Mr. Armijo's connection with the Dona Ana colony land grant has not helped him with the people. While in charge of the grant he is said to have sold some of the land at a remarkably low figure.
The records of the men on the republican ticket are so generally known that it is safe to predict that there will be some weeping and wailing when the votes are counted.

Secretary Sues For \$50,000.
New York, Nov. 6.--Suit for \$50,000 was brought today against the executors of the estate of the late Mrs. Charles T. Yerkes by Miss Mary A. Fitzpatrick, once secretary of Mrs. Yerkes.

The complaint is attached an agreement alleged to have been signed by Mrs. Yerkes, promising to pay to Miss Fitzpatrick the amount sued for, "as compensation for valuable services rendered as private secretary and other capacities."

Moore Range Talk No. 4

Glass Oven Door-- Aluminized Day-Light Sanitary Oven

Previously we have described the Triple Construction Walls, Hot Blast Everlasting Fire Back, Thermometer, Thermometer Guide, and Control Damper.

Through years of experimenting, the Moores have had perfect, a quality of plate glass which will withstand any heat, and the plate in the oven door are absolutely guaranteed not to break from heat. The value of a glass door oven is very apparent, making it unnecessary to open the door in order to see how the baking is coming on. This saves heat which would otherwise be lost by opening the door, and when heat is saved, fuel is saved. Besides, by not opening the oven door, the cake is saved from falling.

The MOORE oven is aluminized and is perfectly light, making even the far corners visible at all times. In this way no dust or impurities escape the view, and sanitary conditions are assured.

Besides all the foregoing features, the MOORE range has the Anti-Scorch Lid, which is so useful in cooking cereals, oysters, milk, etc., which are so apt to scorch; the Slimmer Lid for small vessels; the Broiler Lift, which is so handy for broiling, broiling, etc.; the Duplex Grate for wood or coal; the L Water Heater which gives almost double the heating surface for your water tank.

This is the last of the series of ads on the MOORE RANGE. We extend you a cordial invitation to call and see the range itself. Even if you don't need a range and don't contemplate buying one, we shall nevertheless, take great pleasure in explaining the MOORE to you personally. We want you to realize the splendid progress that has been made in range construction.

SPORTS

VARSITY ELEVEN TO PLAY AGGIES

Team Leaves Friday Night for Las Cruces; New Mexico Championship Involved.

The Varsity football eleven will journey to Las Cruces on Friday night to meet the team of the New Mexico College of Agriculture and Mechanical Arts there on Saturday afternoon. This is expected to be a very close game. The Aggies beat the El Paso Military Institute 3 to 0 some time ago, and the E. P. M. I. boys by a fluke, got a 6 to 0 victory from the Varsity about three weeks ago. Secret practice for the Varsity gridiron warriors was the order issued by Coach Hutchinson yesterday, and from now until the time of the game, the men will practice signals and quick plays behind closed doors.

RODGERS ENJOYS RECREATION AT PASADENA

Coast-to-Coast Flyer Drives Racing Auto at Break-Neck Speed; to Finish Journey on Wednesday

(By Morning Journal Special Leased Wire.) Pasadena, Cal., Nov. 6.—C. P. Rodgers put in his first day on the Pacific coast turning corners in a big racing automobile at a speed that many persons declared was equal to that made in his airplane from Yuma to Imperial with the wind at his back. Rodgers said he felt in condition to start back on another trans-continental trip, "if I had a machine."

"I am working hard," said Rodgers, "to get my machine into order so I can make the last leg of my trip—the leg that technically finishes the trans-continental flight. I must go to the surf, and I will do this just as soon as I get my motor fixed—probably on Wednesday."

Long Beach, San Diego and Santa Barbara are bidding for Rodgers' "finish." It is as yet undecided where the aviator will land.

LOCAL HIGH SCHOOL TO PLAY NORMAL U.

The Albuquerque High school football team under the supervision of Coach Alton, who has had charge of the team for the last few weeks, will leave Friday evening for Las Vegas where it will meet the eleven of the New Mexico normal university in a fierce struggle on Saturday next.

Every afternoon the boys get out on the vacant lot on Central, between Sixth and Seventh streets and in pickings go through their line play, off tackle and forward pass plays. Since their victory over the normal school two weeks ago, they have entered the tack of perfecting themselves with greater interest and vigor than ever.

It is likely that another practice game with the Varsity will be played before Sunday.

St. Paul, Minn., Nov. 6.—Manager M. J. Kelly, of the St. Paul American Association baseball team tonight announced the purchase of Outfielder Rignetti from the Boston club of the American league.

AUTO TOURISTS TO RESUME TRIP THIS MORNING

Raymond-Whitcomb Excursion After Day's Stop In Albuquerque, Is to Press on Towards Pacific Coast

The first Raymond-Whitcomb transcontinental automobile tour which arrived in Albuquerque on Sunday evening, will leave for the west this morning at about 8:30 o'clock, expecting to make Laguna 58 miles west, for the night stop. Here the party will camp for the night, continuing west on Wednesday until McCarthy's is reached when the route drops south to Nation's ranch in northern Socorro county for the next night. The route then continues thence to Springerville, through the White Mountain Indian reservation to Globe, on to the Roosevelt dam and then into Phoenix.

A four-day stop-over will be made at Phoenix during which time the party will forsake the auto and in a special excursion train will take a trip to the Grand Canyon. Returning the overland trip to the coast will be again taken up. It is expected that Los Angeles, the objective point of the tour will be reached by November 21. As the Raymond-Whitcomb company is under contract to tour the party until December 1st, it is expected that after November 21, a series of short tours through the California cities will be made.

The impending trip over the desert where there are no accommodations for a large party necessitated increasing the number of attaches by one each. Henry Henderson, who is well known in Albuquerque as a first-class culinary artist, was engaged and will leave with the tour this morning.

All day yesterday Manager Ashton was busily engaged in obtaining supplies to last for the trip to Globe. In this he was assisted by General Manager Henderson. The Fred Harvey system who is greatly interested in the trip, and by Manager Smithers of the Alvarado.

In the meantime the chauffeurs were also busily engaged in taking down the machines, which were placed in a local garage, and giving them a thorough overhauling.

While the officials here on the party were yesterday engaged in traveling ready for the next move, the travelers were enjoying themselves looking over the city. They all appear jubilant over the fact that the trip was made to Albuquerque without mishap.

While the officials here one day ahead of the schedule. If the present halt is kept up they will arrive in Los Angeles in record time.

CHAIN OF GUILT TIGHTENS ABOUT WOMAN

Mrs. Louise Vermilya Formally Arrested in Chicago and Placed in County Jail; New Witnesses Appear.

(By Morning Journal Special Leased Wire.) Chicago, Nov. 6.—Two new witnesses came forward today to accuse Mrs. Louise Vermilya, the widow arrested on charges of poisoning Policeman Arthur Hissontette, a roomer at her home, of having knowledge of the manner in which some of the other eight persons who have died beneath her roof, came to their death.

Their identity was disclosed by Coroner Peter Hoffman after the widow had been served with a warrant and had been moved to the county jail.

Acting on the story of one of the witnesses, the coroner left at once today to exhumate the body of Frank Brinkham, son of Mrs. Vermilya's first husband, and one of the first of whose deaths followed an attack of acute stomach disorder. The grave is in Waldheim cemetery, a suburb of Chicago.

Arthur F. Hissontette, Sr., father of the dead policeman, was one of the new witnesses called forward by Hoffman. He had been served with a warrant and had been moved to the county jail.

Another witness was Miss Elizabeth Nolan, former governess of Frank Brinkham, who in an affidavit charged that her intended husband had made statements on his dying bed, virtually charging his stepmother with having "done away" with him.

Hissontette, Sr., said: "I went to visit my son when he was ill, the day before he was taken to the hospital. I stayed most of the day and I had two meals at the Vermilya home. After eating some ham and eggs on which I put some pepper from a tin box, I began to have severe pains in my stomach. I got an emetic at a drug store and was relieved for a while, but the pains still came with me and caused me great uneasiness now."

Coroner Peter Hoffman said tonight after scrutinizing portions of the body of Richard Smith, the Illinois Central railway conductor, whose death is coupled with that of Hissontette in the charges against Mrs. Vermilya, that he was satisfied that Smith died of arsenic poisoning as charged.

Dr. Knabe Suicided Says Burns. Indianapolis, Ind., Nov. 6.—Detective W. J. Burns, who is here watching the litigation concerning evidence to be used in the McNamara trial at Los Angeles tonight said he believed Dr. Helene Knabe, who was found dead two weeks ago, ended her own life. Although not connected with the case, he has discussed the evidence with local detectives and declares there is no motive on which to base a murder clue.

Son of Millionaire Dies in Asylum. St. Louis, Mo., Nov. 6.—Adolphus Pepper, son of the late Episcopal tobacco manufacturer, Christian Pepper, died today in Vincent's insane asylum, where he was committed after an attack on his brother-in-law, Colonel Nicholas M. Bell. Recently a son was born to Dr. Pepper. The \$200,000 fortune left to Adolphus Pepper is divided between the son and Mrs. Pepper by a will made shortly after Pepper's marriage. It was said tonight by members of the family.

METHODIST BISHOPS RECEIVE ASSIGNMENTS

Oklahoma City, Okla., Nov. 6.—Bishops of the Methodist Episcopal church in all parts of the world were assigned to preside over conferences of the church to be held next spring, at this afternoon's session of the Board of Bishops.

Kansas City is to have two conferences at the same time. The St. Louis conference meeting on the Missouri side of the river and the Kansas conference on the Kansas side, on March 26. This, it is said, will bring together perhaps as great a number of ministers as have ever assembled at an annual conference. The assignments include:

Bishop Neeley, Mexico conference, Mexico City, February 21, 1912.

The convocation of bishops will be concluded tomorrow afternoon. Tomorrow night the clergy will leave for Tulsa, Okla., to visit the Methodist college. From Tulsa, they will go to Denver, to attend a meeting of the mission board.

THIRTY ZAPATISTAS KILLED IN BATTLE

Quaila, Mex., Nov. 6.—Thirty Zapatistas were killed today in an encounter with federalists who had been sent to dislodge the rebels from the Hacienda colon. The federal loss is not reported.

Yesterday the Zapatistas raided the Inter-Oceanic railway station on the Hacienda, wounding the agent. Reports reaching here from Ayala, are that Emiliano Zapata proposes to come here tomorrow to surrender.

NEGRO RAVISHER RIDDLED WITH BULLETS

Clarkeville, Texas, Nov. 6.—Within three hours today after Riley Johnson, a negro, attacked a young woman at a farm house near Clarkeville, he was killed by a mob of angry citizens. His mother into instant inability when she responded to her daughter's appeals for assistance, he was captured by a sheriff's posse and shot to death by bystanders when he made a break for liberty.

NEGRO EDUCATOR'S ASSAULT IS ACQUITTED

Booker T. Washington Fails to Have Punished White Man Who Assaulted Him for Alleged Peeping.

(By Morning Journal Special Leased Wire.) New York, Nov. 6.—Booker T. Washington, the noted negro educator, failed to obtain satisfaction at law today for the beating which he received at the hands of Henry A. Ulrich, a white man, on Sunday evening, March 19. Ulrich was acquitted in the court of special sessions this afternoon of the charge of assault which Dr. Washington had preferred against him.

After the fight, which started in the vestibule of an apartment house where Ulrich lived at 11-1-2 East 63rd street, Dr. Washington was laid up at the hospital for several days with his right ear torn, his scalp cut and his face badly bruised.

Ulrich testified he found Washington peeking into the keyhole of his apartment and also the one opposite and that Washington struck the first blow. Mrs. Laura Alvarez with whom Ulrich boarded, swore that when she passed Dr. Washington he said to her: "Hello, sweetheart."

Washington's story on the stand today was the same explanation he offered at the time of the altercation.

He swore that he was not peeking into any keyholes; that he was only searching for the tenants' directory in an effort to find a family with which he understood a friend was staying and denied positively that he had spoken to Mrs. Alvarez or any other woman.

The acquittal of Ulrich was not unanimous. Justice O'Keefe dissenting from the opinion of Justices Moss and Seeger. After Ulrich left the court he was arrested again charged with being a fugitive from New Jersey, where an indictment has been found, charging him with deserting his wife who lives in Orange.

Dr. Washington, when asked if he had any comment to make on the outcome of the trial, replied: "No; not a word."

Both Ulrich and Washington told their story on the stand today.

"I first saw Mr. Washington peeking through the keyhole of my door," Ulrich said. "He saw me and left and walked toward Eighth avenue. I saw him walking up and down the street and after ten minutes he came back, walked by Mr. Revette's apartment window and stooped to look beneath the shade."

"I opened the vestibule door and burst in upon him and shouted: 'What are you doing here?' He struck me in the face and then we fought. He asked me to let it drop. Washington said: 'I know I have done wrong. Let me go. While we were fighting he struck his head against a fire hydrant.'

"Did you have any stick or other weapon with which you hit Washington?" "No, sir; I used no stick."

Mrs. Laura Alvarez, on the stand, said:

"When I went out on the night of March 19, to take out my dog, I found Dr. Washington crouching down in front of Mr. Revette's apartment, peeking through the keyhole. He asked me to let it drop. I came upon him so suddenly that he had no time to straighten up and I almost fell over him. He got up frustrated and hurried out."

Later, she said, she saw Dr. Washington near Broadway.

"He followed me down to the house," went on Mrs. Alvarez, "and was frightened when I ran past him."

"What did Washington say to you?" "He said: 'Hello, sweetheart.'"

"I ran into the house and told Mr. Ulrich. He then went into the hall and I saw him talking to Washington. Mr. Ulrich asked him what he was doing and I saw Dr. Washington strike him."

FATHER ACCUSED OF KILLING BABE UNMOVED

Santa Barbara, Cal., Nov. 6.—John Rech, who is under arrest on a charge of having killed his infant child because, he said, "the cost of living was getting too high," was arraigned today before Justice of the Peace Shup, and heard read the complaint, formally charging him with the crime.

"Baby was almost dead, anyhow," drawled Rech at the conclusion of the reading of the complaint. He was taken back to jail, his preliminary examination being set for next Friday.

JAPANESE FISHERMEN TAKEN INTO CUSTODY

Ketchikan, Alaska, Nov. 6.—Twenty-one Japanese fishermen were arrested by an agent of the United States Fisheries Bureau on a charge of illegally fishing in Alaskan waters. The Japanese were placed in jail here and their boats and gear seized. The arrests which are the outcome of mass meetings of Alaska fishermen last week with protests were made against the alien fishermen being permitted to work in Alaskan waters, caused much excitement here.

The United States grand jury recommended that fishing by aliens be prohibited.

PLACID AIR LEVEL SIX MILES HIGH

Washington, Nov. 6.—Willis L. Moore, chief of the United States Weather Bureau thinks an aviator might cross the Atlantic ocean if he would take his airship up six miles and remain at that level at least two days. At that height there is said to be a placid ether level free from the conflicting storms and currents which swirl below.

Chief Moore has expressed that opinion to Melvin Vaniman, the aviator, who has been planning a trans-oceanic flight from Atlantic City, but insists there is no possibility whatever of Vaniman's ship crossing the ocean unless it can fly at the six-mile altitude.

NEWS NO LONGER CENSORED IN CHINA

PAPERS AT PEKIN PUBLISH EVERYTHING

Give Complete Accounts of Revolution and Hankow Massacres, Blaming the Imperialists for Outrages.

(By Morning Journal Special Leased Wire.) Peking, Nov. 7.—The revoking of the rigorous censorship hitherto imposed on the Chinese press, is a notable sign of the times. The Chinese papers today publish with the greatest freedom, long accounts of the Hankow massacres, giving the details and attributing to the imperialist leaders the blame for both the Hankow and Shanghai outbreaks. As a consequence of these publications, there is increased animosity toward the Manchus.

The United States and Great Britain have decided to take effective measures for the protection of their people in China, in event of danger to foreigners which, however, does not yet appear probable.

It is suspected that the regent's brother, Prince Tuan, has left the country, as he has not been seen for three days. He obtained leave of absence from his post as acting minister of the navy.

A private letter from an officer of Yuan Shi Kai's staff says the rebel leader, General Li Yuan Hong, makes twenty-five demands, the most important of which, that the imperial household proceed to Jehole with the entire court, including the Eunuchs, and remain there, receiving in return adequate pensions from the new government, which is to be republican.

A special secret meeting of the national assembly yesterday decided to telegraph Yuan Shi Kai, explaining the fearfully involved conditions of the political situation in Peking, which required the immediate presence of a premier. A member of the assembly explains that this is a fair warning and that if Yuan does not comply, another premier possibly may be appointed.

Consular reports from Mukden say that many Chinese are fleeing into the country, believing the Manchus will retreat to Mukden and massacre the Chinese inhabitants.

Yuan Shi Kai has requested that the Fifth division, quartered in Shan Tung, proceed to Niekao, a few miles from Hankow. The Third Chang Chueh Fu division is arriving at Changhai in detachments of two hundred. So far, warm comradeship has been shown between the soldiers of the two divisions.

The Peking chamber of commerce has requested the government to provide four thousand rifles and a sufficient supply of ammunition to arm the commercial police and consular employees. There are other evidences of anxiety here over a possible outbreak within the city.

Robert Gally, a noted Princeton football player, who is now head of the Young Men's Christian association of Peking, not trusting to the police, is organizing a band of twenty-five Americans and Britishers, with one hundred Chinese volunteers, for defense. Both Manchus and Chinese women and children will be cared for by this body.

Chin Hsu college, where students are prepared for the American colleges, is almost deserted. The women teachers are entering Peking. Several of the men teachers have joined Gally's volunteers.

Advices from Amoy say that city is almost in a condition of anarchy. The postal has stopped on a foreign steamer and the customs commissioner has taken refuge in the Japanese consulate. Two hundred and fifty British troops at Hong Kong have been ordered to Shanghai and two hundred Russian troops to Tientsin. The Italians are establishing a wireless system between Peking and Tsing Tao.

CLEVER BURGLAR CAPTURED; SQUEALS

Spokane Police Arrest Henry Barr, Notorious Crook; Pal Who Disposed of Loot in Custody at Kansas City.

(By Morning Journal Special Leased Wire.) Spokane, Wash., Nov. 6.—Henry Barr, said to be one of the cleverest and most daring crooks ever caught by the local police, confessed today to a series of burglaries that has worried the department and down town business men for many weeks.

Barr, Police Captain Burns states, also accused Barney Stevens, a realty dealer of Kansas City, who he claimed had received all of the stolen goods. Barr said that he had robbed stores in Butte, Helena, Salt Lake and other cities. In each case the stolen goods had been found in his possession. Stevens' arrest occurred, however, before Barr's confession.

In a telegram from the Kansas City police today, they announced that Stevens was under arrest, and a large portion of the supposedly stolen goods had been found in his possession. Stevens' arrest occurred, however, before Barr's confession.

TWENTY THOUSAND DOLLARS LOST IN TRANSIT

Mysterious Disappearance of Treasure Sent in Mail Pouch Results in Investigation Postal Clerk Suspected

(By Morning Journal Special Leased Wire.)
Greenboro, N. C., Nov. 6.—That a United States mail pouch routed from Raleigh to New York and containing \$20,000 disappeared two weeks ago in a manner similar to the recently reported \$30,000 theft of a pouch at Lynchburg, Va., became known here today. Beyond admitting the loss of the package officials refuse to discuss the matter.
It is declared unofficially that the Raleigh pouch disappeared after being received by a mail clerk on a northbound train passing here and that the clerk in whose custody it was last placed has been suspended from the service pending an investigation.
The pouch was handled by the local postoffice and later transferred to the mail clerk now under suspension. It is said he remembered seeing and checking it, but he did not detect its loss until he reached the end of his run. The name of the clerk is withheld. It is said his suspension is on the ground of carelessness.

TO PUNISH PERJURERS IN LORIMER INQUIRY

Chicago, Nov. 6.—Possibility of perjury trials as the outgrowth of the federal senatorial investigation into the Lorimer election developed today when two witnesses gave testimony directly in conflict with that of two former members of the Illinois legislature.
Sidney Yarbrough testified that he was with Charles A. White in Springfield, at the time of Senator Lorimer's election.
"White asked me if I would vote for a republican for United States senator for \$2,000," said Yarbrough. "I told him that if I happened to be in his place that I would not do so, as it would ruin him in a political way."

He must have been.

Try This Famous Pinex "Pint of Cough Syrup"

A Family Supply for 50c, Saving \$2. The Surest, Quickest Remedy You Ever Used or Money Refunded.

A cough remedy that saves you \$2, and is guaranteed to give quicker, better results than anything else, is surely worth trying. And one trial will show you why Pinex is used in more homes in the U. S. and Canada than any other cough remedy.
You will be pleasantly surprised by the way it takes right hold of a cough, giving almost instant relief. It will usually stop the most obstinate, distressing cough in 24 hours, and is unequalled for prompt results in whooping cough.
A recent bottle of Pinex, when mixed with home-made sugar syrup, makes a full pint of the best cough remedy ever used. Easily prepared in five minutes—directions in package.
The taste is pleasant—children take it willingly. Stimulating, expectorant and slightly laxative—both excellent features. Splendid for croup, hoarseness, asthma, bronchitis and other throat troubles, and a highly successful remedy for incipient lung troubles.
Pinex is a special and highly concentrated compound of Norway White Pine extract, rich in guaiac and other natural healing pine elements. Simply mix with sugar syrup or strained honey, in a pint bottle, and it is ready for use.
Pinex has often been imitated, but never successfully, for nothing else will produce the same results. The genuine is guaranteed to give absolute satisfaction or money refunded. Certificate of guarantee is wrapped in each package. Your druggist has Pinex or will gladly get it for you. If not, send to The Pinex Co., Ft. Wayne, Indiana.

Taft Qualifies AS VOTER IN CINCINNATI

President Promises to Vote Early Today, Saying That is Only Way; Guest of His Brother.

(By Morning Journal Special Leased Wire.)
Cincinnati, O., Nov. 6.—President Taft qualified as a voter in Cincinnati today. He appeared personally before the Cincinnati election board and later before the election judges in his own precinct and went through the steps required by law.
"I'm going to vote early tomorrow; you know early voting is the right way," said the president tonight.
The president has announced his intention of voting the republican ticket. There has been criticism of this announcement here on the score that in so voting Mr. Taft will support the candidates of the so-called "boss." George B. Cox, about whom he spoke so bitterly at Akron, Ohio, when he was secretary of war. Tonight the president refused to discuss his announcement, saying merely that he knew the republican candidates and was convinced of their worthiness.
In voting tomorrow, the president probably will cast the first ballot of any president of the United States for a woman who is seeking office. He will vote for Miss Edith Campbell, candidate for member of the local school board.
"I expect to vote for Miss Campbell," said the president, "because I think there should be women representatives on the school board and I know Miss Campbell's ability and qualifications."
Mr. Taft accompanied by Mrs. Taft, Miss Helen Taft, and Mrs. Thomas McLaughlin, of Pittsburgh, a sister of Mrs. Taft, arrived in Cincinnati early today. Shortly after breakfast the president took up the duties of a citizen who has been out of town but who wants to register and who wishes to vote.
He appeared before the election board and secured his certificate of registration just before 11 o'clock. Late this afternoon he motored to 288 Madison Road, where tomorrow he expects to vote.
"Hello, gentlemen," said the president, as he walked into the polling place. The election judges arose, doffed their hats and said:
"Good afternoon."
"I want to see if I am in the right place," said the president, taking out the certificate he had secured early in the day, and carefully looking over it.
Richard Murphy, a democrat, and one of the election judges, questioned the president.
"What is your occupation?" asked Mr. Murphy, "President of the United States?"
"Well," answered Mr. Taft, smiling, "just put me down as a lawyer; I want that known because I may need the business soon."
"You are president of the United States?" asked Murphy.
"Well, put me down as president," answered Mr. Taft. "I can't deny that, make it president of the United States and attorney."
From the polling place Mr. Taft returned to the home of his brother, C. P. Taft, whose guest he will be tonight, tomorrow and tomorrow night.

CONTROLLER BAY CLAIM GIVEN UP BY RYAN

Alleged Author of "Dick to Dick" Letter Voluntarily Relinquishes Rich Land Filing in Alaska.

(By Morning Journal Special Leased Wire.)
Washington, Nov. 6.—Richard S. Ryan, alleged author of the famous "Dick to Dick Letter," which started the Controller Bay investigation, during the extra session of congress last summer, today relinquished all claim to the 56-acre tract on Controller Bay, Alaska, known as the Canyon Creek line terminal tract.
Mr. Ryan is president of the Controller Bay Railway and Navigation Company. The claim which he relinquished today lies between the claims of J. J. Ryan and A. L. Schuer, which it is conceded were taken in the interest of the railway and navigation company, of which Mr. Ryan is head.
The law requires that between all claims adjoining the water front eight rods shall be reserved from entry. Mr. Ryan's claim occupied practically all the eighty rods between the soldiers' additional homestead claims of J. J. Ryan and Schuer. He contended that the law did not apply in his case, because his application was only for right of way over the tract, not for absolute possession, and that the expression in the law "reserved from entry" need not prevent the government from granting the use of the law for railway or navigational purposes.
Secretary Fisher received today from the Seward Commercial club of Seward, Alaska, the following telegram:
"Mass meeting Seward people most heartily endorse your policy advocating before mining congress. God speed."
In his speech before the congress, the secretary declared himself in favor of prompt development of the resources of Alaska. He said he did not believe in government ownership of the mineral resources of the peninsula, but thought the leasing system would prove the best solution of the question.

PROGRESSIVE RALLY CLOSES CAMPAIGN IN VALENCIA

Foes of Boss Rule Determined to Give Such an Account of Themselves as Will Cause King Solomon's Throne to Tatter.

(Special Dispatch to the Morning Journal.)
Belen, N. M., Nov. 6.—A rousing progressive republican meeting in the Commercial club here this evening, closed the present campaign for good government and the abolition of boss rule in New Mexico.
The meeting, which packed the Commercial club to the doors, was one of the most enthusiastic ever held here and augurs well for the success of the ticket tomorrow. The principal speech of the evening was made by Major H. Ruppe of Albuquerque, who made a rousing address, advocating progressive principles and the ratification of the blue ballot amendment to the constitution.
A number of local speakers also made addresses, all of which were accorded the closest attention, the speakers being frequently interrupted by applause.
The indications tonight are that the reign of the king of Valencia county is about to come to an abrupt close. Belen precinct is almost solidly for the progressive ticket and the outside precincts are showing strong symptoms of a revolt against the rule which has long throttled Valencia county and given her a reputation as one of the most backward counties in the entire nation.
Election returns at the Pastime and Crystal tonight.

HUSBAND AWAKENS TO FIND WIFE DEAD BY SIDE

Mrs. Charles Gray, Wife of Santa Fe Machinist in Albuquerque Passed Away During Night Unexpectedly.

To wake up in the morning and find your wife who went to sleep by your side the previous night in apparent usual health stiff and cold in death, is a horrible experience, and yet that was just what happened to Charles Gray, a well known Santa Fe machinist, of 1108 South Edith street, yesterday morning.
Mr. and Mrs. Gray retired at the usual hour the night before and when Mr. Gray arose the next morning he noticed that his wife looked unusually pale. He tried to wake her and found she had passed to the great beyond. The dissolution occurred some time in the night, and was so peaceful that it did not awaken the husband.
Mr. and Mrs. Gray have been residents of Albuquerque for about three years. They came here upon the advice of a physician for Mrs. Gray's health and for a long time she seemed to have regained her health. About a year ago, however, she gave symptoms of a return of her trouble and had been gradually failing since. She was not so sick that she could not get about to attend to her ordinary household duties. This made her sudden death a great shock to the husband.
She leaves a little four-year-old son to comfort the heart-broken father and husband.
The body will be embalmed this afternoon and will be sent to the old home in Rockefeller, Ill., where burial will take place.

MURDER SUSPECT IDENTIFIED BY SLEUTH

Denver, Nov. 4.—Confronted by Detective Sergeant Forbes of the New York police department, James McDermott, who surrendered October 21, to the local police, asserting that he was wanted in New York city for murder, denied all knowledge of the crime with which he is charged, but admitted he had killed some one somewhere.
McDermott declares he does not remember the name of the man killed, where, when or how he killed him. Sergeant Forbes says McDermott is wanted in New York for the murder of Postoffice Inspector Chas. Muldoon, on March 17, last, during a St. Patrick's day celebration in New York.

CASCARETS GIVE A BILIOUS HEADACHE

Gently but thoroughly cleanse your Liver, Stomach and Bowels and you feel great by morning.
You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill tempered. Your system is full of bile not properly passed off, and what you need is a cleansing up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physic that irritates and injures. Remember that every disorder of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep you and the entire family feeling good for months. Children love to take Cascarets, because they taste good and never give or sicken.

Bursum Will Be Lucky to Carry His Own County of Socorro Declares Champion of Clean Government in New Mexico.

CAMPAIGN CLOSED IN ALAMOGORDO YESTERDAY

Popular Standard Bearer Leaves for Home in Carrizozo to Cast Vote After Strenuous Month on Stump.

(Special Dispatch to the Morning Journal.)
El Paso, Texas, Nov. 6.—W. C. McDonald, democratic candidate for governor of New Mexico, who was here last night en route to close his campaign for the governorship, is sanguine that his cause is won. Captain McDonald had just returned from Socorro where last night he conducted a big rally in Mr. Bursum's home town.
"I am almost too tired to talk politics," said Captain McDonald, "but we are going to win. That is assured. If Mr. Bursum carries his own county he will be doing well."
Captain McDonald spent the entire day here and was everywhere hailed as the next governor of New Mexico. Although he has been on the road constantly for the past month, the democratic standard bearer shows little trace of his strenuous work and was as cheerful and apparently as energetic as though he had just started in on the trip. This afternoon Captain McDonald left for Alamogordo where he will make the closing speech of the campaign this evening, leaving on the late train for his home in Carrizozo to vote tomorrow.

GEORGIA MAN INDICTED FOR POISONING WIFE

Leesburg, Ga., Nov. 6.—Charged with the death of his wife, Etta Richardson Childers, by placing poison in a bottle of medicine she was using, Mort S. Childers was indicted this afternoon. His trial probably will begin Wednesday.
The case of Robert Kennedy, a former sweetheart of the dead woman, and also charged with the crime, probably will be taken up by the grand jury tomorrow.
Mrs. Childers died August 15, shortly after taking a dose of medicine from a bottle which she kept on a sideboard at her home at Smithville, near here.
Arsenic was found in the medicine.

MADERO ASSUMES PRESIDENCY OF MEXICO

TOGETHER WITH NEW CABINET HE TAKES OATH

Thousands Parade Streets of Republic's Capital Splitting Air With Vivas for Recently Elected Chief Executive.

(By Morning Journal Special Leased Wire.)
Mexico City, Nov. 6.—Officially, the periods of revolutionary Mexico were closed today when Francisco I. Madero took the oath of president and placed across his breast the tricolor insignia of the chief executive.

This afternoon the oath was administered to the eight members of his cabinet. At the same time Francisco Leon de la Barra, who has governed the country as provisional president since the day General Diaz left for the capital for Europe, boarded a special train for Vera Cruz, whence he, too, will sail for Europe, but on a diplomatic mission.
A number of diplomats, including the American ambassador, were at the station.
The personnel of the cabinet with which President Madero begins his administration follows:
Foreign Relations—Manuel Calero, Interior—Abram Gonzalez, Justice—Manuel Vazquez Tagle, Education—Luis Domínguez, Communications—Manuel Bonilla, Finance—Ernesto Madero, War General—Jose Gonzales Salas, Pomento—Rafael Hernandez.

Upon the return of de la Barra from Italy which will not be for some months, it is expected he will take the portfolio of the foreign office, Calero going as ambassador to Washington.
Tonight public buildings in front of the national palace were brilliantly illuminated as was San Francisco street over which there has been erected a series of arches bearing heavy burdens of electric lights. The new president took no part in the public manifestations but for many hours huge crowds of admirers marched through the city bearing banners and singing while drowning the music of many hands that joined in the demonstrations.

Although a holiday, there was no serious disorder. The only feature of the program which served as a reminder that the inauguration of Madero was the culmination of a revolution, was the manner of his arrival at the chamber of deputies where he took the oath of office. From his office to the chamber he was escorted by a detachment of former revolutionists. In command was General Ambrosio Figueroa, now commander of rurales in Mexico.

General Pascual Orozco, who was largely responsible for Madero's success in Chihuahua and at Juarez, also rode in this detachment. Madero himself received but little more applause than did Orozco.
Though identical in form and wording, the inauguration of Madero was markedly different from that which the public was accustomed to when General Diaz was so many times sworn into office. Within the chamber, Madero smiling, emphasized his appreciation of the plaudits by waving his hand, in contrast to the dignified and somewhat mannish usually adopted by Diaz.

De la Barra's departure was the occasion for a manifestation as enthusiastic if not so great, as that extended to Madero at any time during the day.
His passage to the station could be traced by the flower strewn streets and the space about his train in the railroad sheds was carpeted with jasmynes.
Within the cars huge banks of the white flowers, selected because they symbolize purity, were built.
President Madero professes to have the utmost confidence in his ability to restore peace within a short time. He does not believe that the counter revolution which his secret agents claim has been organized by Emilio Vasquez Gomez and others, can even be contemplated.

He begins his administration with dozens of prisoners in his jails and if the reports of the police are rewarded there will be many more there within the next few days.
The investigation of the rebel plot continued today but without important development.
The chief problems with which President Madero will have to deal immediately are the Zapata movement, the uprising in the Isthmus of Tehuantepec, where the rebels yesterday were reported to be in possession of four machines guns taken from the federalarrison at Juchitan, and the turbulent conditions in the state of Sinaloa.

The Zapata movement, Madero believes, will cease of itself now that he is president. The Sinaloa troubles, he believes, will disappear with our drastic measures and the insurrection on the Isthmus, he considered simple to suppress. Specialists from Cuautla say that Zapata today signified his intention to surrender at once.
Tonight President and Mrs. Madero established their residence at Chapultepec castle.

DERUA RECAPTURED BY TURKISH TROOPS

Washington, Nov. 6.—Confirmation of the news of the recapturing of Derma in Tripoli, by the Turkish troops, was contained in a dispatch here tonight by the Turkish embassy from the minister of foreign affairs at Constantinople.
The telegram states that the imperial Ottoman troops were reinforced by the Senousi, who killed five hundred Italians and captured a considerable quantity of arms and ammunition.
The loss to the Turks, says the dispatch, was eighty dead and as many wounded.
The recapture of Derma evidently occurred October 28, as that was the day the telegram is dated.

To Settle Ticket Scandal.
Chicago, Nov. 6.—Final disposition of the world's series baseball ticket scandal if any further disposition is made, will be undertaken Thursday at a special meeting of the national commission at Cincinnati. President B. B. Johnson, of the American league made this announcement today.

Samuel Peppy's Eyesight.
Interesting speculations by Darcy Power, F. R. C. S., on the cause which led Mr. Peppy to end his diary at the age of 36 are given to the Lancet. Mr. Power read a paper on the subject at a recent meeting of the Samuel Peppy club. He quoted copiously from the famous diary the pathetic allusions to failing eyesight, which begin in 1682-84, at the age of 26, and end in 1689, with the close of "all that I doubt I shall ever be able to do with my own eyes in the keeping of my journal." Says Mr. Power, "Any one who reads critically the account which Mr. Peppy has given of a special meeting of the national commission at Cincinnati. President B. B. Spectacles—

Peppy, the Westminster Gazette points out, tried various "tubes" and glasses, which were all that the spectacle makers of those days had to offer; but the hypermetropic astigmatism from which he suffered could not have been cured by glasses during his lifetime, for science was not sufficiently advanced to recognize the condition.

"But astigmatism can be relieved by allowing the rays of light to pass throughout a single meridian of the irregularly curved cornea, or lens, it is tantalizing to think that Peppy might have stumbled accidentally upon this method if anything had caused him to read through a slit while he was wearing his glasses. This might easily have happened had he set upon his tubes and crushed them, or if, in the agitation of speaking, he had squeezed them flat in his hands. He would then have found his eyes strained beyond his acute mind would have set itself to determine the cause; he would have pasted strips of black paper on each side of his glasses, and the diary might have been continued to the end of his life, while the paper he would have certainly read on the subject before the Royal society would have added still greater lustre to his name and might have revolutionized the laws of dioptries."—London Telegraph.

Rubber Paving in London.

The prophecy of the president of the Rubber Exhibition, held at the Agricultural hall, that the time will soon come when the price of rubber would be low enough to make rubber paving an accomplished fact in the streets of London, is now being heard. Whenever one comes across one or other of the few specimens of rubber paving which are to be found at present in the metropolis, one experiences a sense of grateful relief. But up till now a wide use of this material for such a purpose has been prohibited by the question of expense, although it has been thoroughly recognized that as a substitute for the ordinary materials used in paving the streets, rubber offers enormous attractions. If it could be employed in large quantities in certain localities, London, one imagines, would be a happier place. For there is no doubt that as things are, the increase of traffic must be attended with increase of noise and heat, though Londoners may become dulled by painful habit to the ceaseless roar, the nerves of the community are certainly, even if unconsciously, in a state of tension. At the same time, however, we trust that the evil will not be allowed to go unchecked simply because there is a chance that the adoption of rubber paving is likely to cure it in the future.—London Globe.

PARTY OF FIVE LIVES FOR FIVE WEEKS IN BIG TOURING AUTO

(Special Correspondence to Morning Journal)

New York, N. Y., Nov. 5.—One of the most enjoyable vacations in a motor car, of the past summer, was taken by Attorney and Mrs. Edw. W. Little, their son, Earl W., and daughter Gladys, and Miss Gertrude Saxton, all of Indianapolis. This party spent five weeks on a leisurely 3,800-mile tour to Fall River, Mass., and other New England and intermediate points in a 1910 model 40 horse powered Premier car. Going and coming they averaged 200 miles a day, and the longest run for any day was 325 miles, half of which was made in a driving rain.

The motorists did not depend upon hotels in a single instance, making camp every night they were on the road, on the premises of hospitable farmers, sometimes in yards and sometimes in barnyards. The generosity of the country folk was one of the most pleasing features of the tour. The unique camping equipment carried by the tourists, was the marvel of all who saw it and was pronounced the most complete. Camp was made at night by stretching a large canvas over the top of the car, fastening the bottoms at the sides at about the same angle of the ordinary tent. Roll springs were carried, which were placed on the running boards and supported by bars. The seat was removed from the tonneau on the floor of which was placed another set of springs, hooked in place at the ends. This sleeping compartment was used by the ladies. For a table the rear seat was placed on the bumper in front of the car. The tonneau tent was unusually satisfactory for the reason that it was divided into three compartments and was closed in front by extra canvas. The trip going and coming was made via Dayton, Springfield, Marion, Bellevue, and Cleveland, Ohio; Germantown, Buffalo, Rochester, Syracuse, Utica, Binghamton, and Albany, N. Y.; Pittsburgh, Springfield, Worcester, Boston, and Fall River, Mass., and Providence, R. I. Two miles outside of Albany a two-penny nail was run through one of the tires, which was the only tire trouble throughout the journey. The party spent considerable time in fishing and enjoying itself in other ways, making the trip by easy stages.

Lighting Sick Rooms by Auto.
The loss of many lives may be traced to the automobile judging from the many casualties reported in the daily papers, while occasionally one reads of the motor car being instrumental in the saving of lives. Usually this is done by record breaking runs in which valuable time has been saved.

Dr. T. B. Noble and Dr. A. C. Kimberlin, of Indianapolis, two of the most prominent physicians in the middle west, are using their Premier cars in a new and original way in their practice and it is believed other physicians in all parts of the country will copy their methods. By the use of an electrical apparatus they provide their own lights for the sick rooms in which they minister to patients and in many instances they have been provided with perfect light in houses that were deficient in this respect.

Both Dr. Noble and Dr. Kimberlin drive six-cylinder Premier roadsters, both of which are equipped with the latest electric lighting system. Plus sockets for two lights have been fastened on the dash and to these are attached wires of any length. These

wires are passed through a window or door into the sick room. One of the wires is attached to a globe and shade that fastens around the neck of the physician while the other is attached to a hand light similar to those used in repairing automobiles and is carried by a nurse or an attendant.

It is surprising, according to the physicians, how many houses are inadequately lighted. Many of the best houses that are lighted by electricity do not have lights near the sick bed. The new lighting system is particularly valuable in instances of this kind and where the lights are poor. Dr. Noble and Kimberlin would be pleased to see all physicians use a lighting system of this kind.

The Truthful Mr. Bursum, Builder of Roads

Mr. H. O. Bursum, who mulcted the taxpayers of Socorro county for many thousands of dollars for building a road to Magdalena, has been publishing letters from his henchmen and relatives telling what a good road it was.

Here is a little communication which ought to settle this road matter conclusively.

Magdalena, N. M., Nov. 6. Editor Morning Journal:—We the undersigned citizens of Socorro county having read the article in regard to the good road built by H. O. Bursum from Magdalena to Mogollon, which article appeared in the Albuquerque evening paper of November 5, do hereby claim there is no such road in existence.

There was a road partly built over the distance between Magdalena and Mogollon but in no case is there a practical road which was in any way built or improved by H. O. Bursum. If a man must, and has a good team and light wagon, he can, with a great deal of difficulty, get over said road.

WESTGARD DID NOT SEE THE FOURTH STREET ROAD

Interesting Fabrication in Trib-Cit. All True With the Exception That it Misses All the Facts

A. L. Westgard, the automobile pilot and pathfinder, quoted in last night's Trib-Cit, as denouncing the North Fourth street road, has not seen that road nor traveled over it since reaching this city. He has not traveled over it on any of his previous trips through here. Mr. Westgard and the auto tourists came into the city on this trip over a road about five miles distant from the North Fourth street road. "The party was never in shooting distance of the North Fourth street road," said Harry Drumm, who escorted them in, yesterday.

The place where Mr. Westgard was "marooned" in an auto was just this side of Bernadillo in Sandoval county.

Mr. Westgard has not seen the road which \$10,000 was expended UNDER THE SUPERVISION OF THE STATE GOVERNMENT TO WHICH THE TRIB-CIT IS POINTING WITH PRIDE.

This stretch of road is just this side of Alameda in the valley. The state spent \$4,000 on it and the county \$6,000. "I never saw so impassable a stretch of sand made into such a perfect hard, smooth roadway at such an economical cost," said Harry Drumm last night. Mr. Drumm has traveled all kinds of roads from the Atlantic to the Pacific.

THE UNSPEAKABLE ROADS IN SANDOVAL COUNTY WHERE THE TOURISTS WERE STUCK HAVE BEEN BUILT BY THE MIERA-SANDOVAL BRANCH OF THE GANG THAT IS NOW SEEKING RE-ELECTION IN THIS STATE.

The present county commissioners have been the first to co-operate with the automobile associations and the Commercial club and people of Albuquerque to build a system of good roads. They have built dozens of miles of permanent, splendid roads, which have enabled men like Francisco Hubbell to use automobiles in this valley.

On the republican state administration's estimate and under its supervision Bernadillo county appropriated \$5,000 for the North Fourth street road. The work done with this money is pronounced by the state engineer and other experts as the best they have ever seen for the money.

And we consider that this will hold the Trib-Cit for a season.

BOY DIED PLAYING ON FAVORITE HARP

Concord, Cal., Nov. 6.—"I died playing on the harp," wrote Elmer Cota, 15 years old today, as his blood ebbed through two bullet wounds. Cota was found in the woodshed of his father's home, a 22-calibre rifle near him and under his hand lay the note:

"I shot myself in the side fooling with the gun, and then I ended myself. I died playing on the harp." The pencil had slipped from his fingers as he tried to sign his name.

As indicated in the note, two wounds were found, one on his side and the other in his head. The harp referred to was a Jew's harp.

Where You May Find the Penitentiary Report

Mr. Bursum has indignantly asked what has become of the report of the Colorado expert accountants who revealed the disgraceful mess he made of the penitentiary accounts.

We should think Mr. Bursum would be content to let that report alone and would desire to forget it.

If anyone has any doubt as to where a copy of that report may be found here is a letter from John R. DeMier, former penitentiary commissioner, which states the facts well known to the people:

"Alamogordo, New Mexico, Nov. 5, 1911.

"The Morning Journal, Albuquerque:

"I see the gang appears worried as to what has become of the Colorado experts' report on the management of the New Mexico penitentiary during the administration of Mr. Bursum.

"They want to know if Governor Hagerman 'buried it.'

"No, he did not. NEITHER DID HE BURN IT.

"While on the penitentiary board I had access to the original copy of the report, which is in the safe at the penitentiary, where it properly belongs, being of interest to that institution. The Colorado expert examined the books at the prison—not taking them away as Safford did—made out his report there, filed the original with the superintendent, where it could be found if any interested person wanted to make comparisons between it and the records.

"ALL THAT IS ON FILE FROM REFEREE SAFFORD is a summons served by the sheriff on the superintendent to turn over all books to the sheriff under penalty of the law if he failed to do so; thereby making him violate the law, Chapter 15, Section 5, Laws of 1907, which forbids the referee to remove any books or records from the building in which they were kept.

"Respectfully,

"JOHN R. DEMIER."

David and Gabriel Last Hope of the Busted Boss

With everything else on his ticket irrevocably lost, Francisco Hubbell, he of the assessment cinch and the School Vote, is making his final desperate and heart-rending effort to land the county commission.

His main effort all along has been to elect David Perea and Gabriel Sanchez, both of whom he believes would be his personal property as county commissioners.

Having abandoned hope for all the rest, Francisco will fight to the last ditch to get these two elected.

DO YOU KNOW WHY, dear reader?

It is nothing less than the old lure of the ASSESSMENT CINCH. The board of county commissioners sits as a board of equalization. If the Don owned the commission or a majority of it, he could again become as the Assessment Cinch Boss. When they weren't good, he used to raise their assessments. If he could do it again, it would be the realization of fond dreams of years.

More than that, Mr. Voter—With control of the county commission, Francisco Hubbell, whose last reign cost the county \$80,000 clear velvet, would again have control of the county finances.

We don't need to tell you what that means.

It is up to you today to politely invite Mr. Francisco Hubbell and his indicted saloon keepers to go back into the tall trees.

HAND BETS \$1,000 NEW STATE TRAIN THAT M'DONALD WILL WIN TO BIG MEET PROPOSED

San Miguel Democratic Leader Calls Charles A. Spiess; Republicans Desperate in San Miguel.

(Special Dispatch to the Morning Journal)

Las Vegas, N. M., Nov. 6.—The biggest individual bet of the campaign here was made today when J. D. Hand, president of the Placita Ranch company, and one of the democratic leaders of San Miguel county, posted \$1,000 even money with Charles A. Spiess, the republican leader, that W. C. McDonald would be elected governor of New Mexico tomorrow. Spiess bet on H. O. Bursum.

Dr. J. M. Cunningham, who was a witness of the bet between Messrs. Hand and Spiess, offered to bet Mr. Hand a thousand dollars that he would lose his bet on McDonald. Hand promptly accepted the wager and went out to procure the money. Returning he found that Dr. Cunningham had changed his mind.

Tonight there is more McDonald money in sight than there are takers.

The republicans the past two days, and especially today, resorted to desperate tactics in an effort to stem the tide against them in this county, which heretofore has been a seething hot-bed of republicanism. Despite their efforts, San Miguel county tomorrow is expected to roll up a heavy vote for McDonald, and the state and county tickets, which it is expected will materially trim the former republican majority of 1,600 until it will dwindle to several hundred if it is not entirely wiped out.

Tonight democratic headquarters downtown were thronged with people. Impromptu speeches were made and enthusiasm was at high pitch. There will be democratic watchers at the polls tomorrow in every precinct in the county and the progressive republicans and democrats will be on hand in full force at the polls in East and West Las Vegas to see that no fraudulent voting or intimidation takes place.

Plends For Currency Reform.

Washington, Nov. 6.—A vigorous appeal for immediate banking and currency reform legislation will be made to congress at its approaching session by Secretary of the Treasury MacVeagh.

He expressed confidence today that a financial law will be enacted. Mr. MacVeagh endorsed the revised Aldrich plan of reform and with some modifications will recommend it to congress as a means of meeting the situation.

Passengers on Irrigation Congress Special Will Have a Chance to Visit New York

(Special Correspondence to Morning Journal)

Chicago, Ill., Nov. 5.—State delegations to the National Irrigation Congress at Chicago December 5-9 next are coming on special trains from the west, north and south. The most elaborate plans at present are those of the New Mexico delegation.

Col. W. S. Hopewell writes to the congress headquarters here from Albuquerque, N. M., that a special train has been arranged for, to be called the "New State" train, which will carry delegates to the national irrigation congress to the number of two or three hundred.

This train will leave New Mexico in time to visit New York and Washington and return to Chicago in time for the irrigation congress and the land show here, after which the party will disband and the members return home as they prefer.

Col. Hopewell writes: "The 'New State' train will carry banners endorsing the National Irrigation Congress and we believe it will be of great benefit to the irrigation congress, the new state of New Mexico and the development of the west."

Nebraska is another state which will send a special delegation. State Engineer D. D. Price writes to the irrigation congress from Lincoln, as follows: "The Nebraska State Irrigation association meets in Bridgeport, on November 14 and 15, at which time it is the plan to arouse considerable enthusiasm to secure a large delegation to the national convention in Chicago. We are looking forward to a very successful state meeting and also to bringing a large delegation to the national convention. It has been planned to charter one or more Pullmans from the state of Nebraska, to Chicago and return. In this way we will be able to keep our delegation more together and thus obtain better results."

Special delegations in chartered cars will attend from several other states. Large and enthusiastic delegations are expected from Arizona, the home of B. A. Fowler, president of the congress; Washington, the residence of R. Insinger, chairman of the board of governors; Missouri, the home of Fred W. Fleming, first vice-president; Montana, the home of L. Newman, second vice-president; Colorado, where the third vice president, A. G. Watson, resides; California, the home of Fourth Vice President John Fairweather; Wyoming, the residence of Fifth Vice President B. C. Buffum, as well as Idaho, Kansas, Nevada, North Dakota, South Dakota, Oklahoma, Oregon, Texas and Utah.

The attention being paid this year to drainage, has interested the southern and eastern states and large delegations are expected to represent them.

Put that money back—

Just forget that "roof expense" item. Put the "repair money" back in your pocket. You're not going to need it. This time, before you cover your buildings, you're going to investigate prepared roofings and as sure as you do, you'll use Peerless.

Your money does more than its share when it brings Peerless Prepared Roofing. The moment your building is covered with Peerless, all expense ceases. This roofing is on for good. You can forget your "roof troubles" for

Peerless Roofing

will end them. The real quality that's in the material insures wear on the roof.

Remember that there's a twenty-year old reputation behind every roll of roofing that bears the Peerless mark. The makers have to make Peerless so it makes good, because they can't afford to sacrifice the prestige they've spent twenty years a'building.

We've samples here for you. Come and get them. We've information that will save you dollars—real ones—on the next building you roof. Find out about it today.

PROGRESSIVES RUN ON DEMOCRATIC TICKET

Action Made Necessary by Provisions of Obnoxious New Mexico Law Aimed to Prevent Independent Tickets

The progressive republican candidates of the Second Judicial and Fifth senatorial district tickets, yesterday morning filed with County Recorder Walker an interesting document in which they decline nomination on the progressive republican ticket and accept places on the straight democratic ticket. This action, it is pointed out in the statement filed with the recorder, is made necessary by the peculiar provision of the present New Mexico law, passed by the senate which makes an independent ticket practically impossible in a general election. The candidates, while announcing their adherence to the principles of the national republican party, set forth that they are compelled to make the race on the straight democratic ticket, the only alternative being the abandonment of the fight for good government in this county and district. Following is the statement:

Albuquerque, N. M., Oct. 31, 1911. To A. E. Walker, Probate Clerk and Recorder, Bernadillo County, City.

We, the undersigned, the progressive republican nominees for the coming Bernadillo county judicial and district election to be held on November 7, 1911, for county and district offices, hereby decline to accept the nomination presented by said progressive convention, and, for the purposes of the local issue, confronting the people of this district, accept the nominations on the regular democratic ticket heretofore filed in the office of the probate clerk and ex-officio recorder of Bernadillo county on the 24th day of October, 1911.

We are compelled to take this course on account of the state of the law prohibiting the running of an independent ticket. This law, we are informed, was put upon the statute books for the express purpose of preventing an expression of opinion by the people in just such a case as the present one. Although the law is of doubtful validity, acting contrary to its provisions would involve the result of this election in a legal contest. We are confronted with this situation. We must either give up the contest for good government or run upon the democratic ticket.

We hereby declare that we are republicans, and we maintain our allegiance to the republican national cause and express our belief in an attachment to the principles of the national republican platform.

We regret that local conditions in Bernadillo county and the state of the territorial law upon the subject of elections compel us to take this step, but we firmly believe that it is better to do so than abandon the cause

of good government in the county and district, or jeopardize the result of this election in a legal contest.

Why You Need Ramero as Your Sheriff

Bernadillo county needs Jesus Romero, the man characterized by O. A. Larragolo as "an honest man whom I respect thoroughly," as sheriff, because:

- He is honest.
- He is efficient.
- He is fearless.
- He is the uncompromising foe of Hubbellism and graft and extravagance.
- His enemies have never been able to point to a single act taken illegally from the county.
- He has conducted the office from \$19,000 to \$15,000 cheaper than did Mr. Hubbell's last sheriff.
- Mr. Hubbell is against him—need we tell you why?
- Mr. McMillin is against him because the toy marshal WANTS ANOTHER TWELVE-YEAR JOB.
- The only kick you have heard on the honest Mr. Romero has been in Francisco Hubbell's paper and from the lips of the Perpetual Incompetent.
- Hardly convincing, eh?
- Vote for Romero and honesty, economy and efficiency.

FINANCE AND COMMERCE

Wall Street.

New York, Nov. 6.—Under the lead of the standard railroad issues, stocks were advanced again today. The movement was preceded by a period of hesitation in the early trading, when a majority of the active stocks sagged below Saturday's close. Active buying lifted the market and during the remainder of the session prices were held firmly. Heavy trading kept the market in check, stocks were supplied plentifully on the advances, but the selling ceased when the market showed signs of weakening. It was assumed that owners of large amounts of stock were taking advantage of the recent rise to reduce their holdings.

The short interest was reported to have met with serious reverses. Large stock loss orders, especially in United States Steel, have been uncovered on the advanced and the attack on the bears was carried on again with success today. The northwestern railroads were conspicuous points of strength. Trading in these stocks was stimulated by reports of increasing business owing to the movement of crops. Among the eastern roads, Reading, Pennsylvania, Lehigh Valley and Baltimore and Ohio stood out prominently with gains of a point or more. Baltimore and Ohio crossed par for the first time in several weeks.

The specialties, which have been prominent recently were in the background today, although a number of stocks such as General Electric, National Biscuit and International Harvester made good gains. United States Steel rose to above 60, its highest price since the violent break after the filing of the government's dissolution suit. Texas company dropped five points to 33 3/4, its lowest figure for the year and a fall of more than 50 points from the year's high record.

Increased earnings for steel manufacturers even at the low level of prices were foreshadowed in the report that the railroads touching the steel and iron districts of western Pennsylvania and eastern Ohio would reduce freight rates on iron ore, coal and coke. Such a move, in conjunction with the reduction of rates on ore from the mines to the upper lake docks, might be expected to affect materially the cost of steel products. Steel makers estimate that the increase in orders during the last week amounted to nearly ten per cent on the average. New business of the United States Steel since the latter part of October has been considerably larger. London continued to sell stocks here. Transactions for the London account aggregated about 30,000 shares, of which 20,000 were sold on balance, with the chief dealings in United States Steel and Reading.

Paris again appeared as a bidder for the week's consignment of South African gold in London, obtaining \$2,000,000 for replenishment of its reserve.

Total sales for the day	681,399 shares.

The bond market was firm with a good distribution of business. American Tobacco issues were heavy in the late trading. Total sales, par value, \$4,081,000.

United States bonds were unchanged on call.

Chicago Board of Trade.

Chicago, Nov. 6.—In a wild flurry, wheat today sold lower than at any time since the government began suit against the United States Steel corporation. The chief cause of the break in prices was a false report that a federal indictment had been returned against the Armour Grain company as the result of an alleged corner in wheat. At the close, the market was comparatively steady but at a net decline of 1 to 1 1/2¢ 1 5/8¢. Corn showed a loss of 3/8 to 1-2¢. Oats finished unchanged to 3/8 to 1-4¢ off and hog products 10 to 15¢ up.

The descent from the high point of the day in the wheat pit to the bottom level touched was 2 1/4¢ for December. Notwithstanding that the federal grand jury was not even in session, the confidence of traders suffered such a shock that the recovery at the close did not rally the market more than 3/8 from where the staple had been brought to a halt. There was a widespread impression that before the break in prices, the principal longs had surreptitiously been on the selling side. Moreover, a big increase in the visible supply total had a depressing effect. December fluctuated from 92 1/2 to 94 1/2¢, with last sales 1-2¢ 1/2 to 1-2¢ 3/4 down at 92 7/8¢.

Corn, after selling higher on account of wet weather suffered a break with wheat. December ranged from 62 to 63 1/4¢ and closed weak. 3-8¢ 1/2 to 1-2¢ lower at 62 1/2 to 63 1/4¢. Cash grades were in more plentiful supply. No. 2 yellow was quoted at 74 3/4 to 75¢.

A fair demand for commission houses proved enough to make oats relatively steady. High and low limits recorded for December were 48 1/4 to 49 1/4¢ and 3-8¢ 1/2 to 3-8¢ 3/4. The close at the last named figures, a net decline of 1-8¢.

Provisions had a strong undertone due to good investment. In the end pork was up 10¢, lard 5 to 7 1/2¢ and ribs 5 to 7 1/2¢.

Arthur Phelan, the classy little third baseman who played for Albuquerque during the fair baseball tournament, left last evening for his home in Lincoln, Ill. Third Baseman Phelan has been signed by Cincinnati for next year, and will more than likely wear the "Reds" uniform all year. Last year he led the Southern league in stolen bases and batted well to the fore, besides holding among the leaders. During the tournament here Phelan was the leading slugger, and basestealer. He is clean-up man with a vengeance, and nearly always hits for extra bases.

PHYSICIAN ADMINISTERED
TO INJURED ENGINEER

The railroad men of the Santa Fe Court lines are planning some method of expressing their appreciation to Dr. N. L. MacLaughlin of Findley, O., for his heroic service in behalf of Engineer Crystal in the Santa Fe wreck at Navajo last week. Dr. MacLaughlin happened to be traveling on eastbound train No. 4, when the limited came up to the scene of the wreck. Hearing that a trainman had been injured he immediately left his berth in the car, went to him, and administered to his injuries. Not only this, but he stayed with him on the relief train until the train reached Albuquerque. He continued with him on the limited on Sunday. Many of the railroad men in this city yesterday expressed themselves in generous terms of the kindly work of Dr. MacLaughlin.

BIDS ON AUTO
FIRE TRUCK

Aldermen Refer Matter to Committee for Examination and Report; Will Take Action on Thursday Night

After opening and reading the bids of seven concerns for the proposed motor truck combination fire engine and hose wagon, the city council last night referred the matter to the fire committee of the council with instructions to associate themselves with a competent mechanic to inform them upon the specific elements of the engine. The council then adjourned to meet on Thursday night, to receive the report of the fire committee.

A full board of aldermen was present last night when Mayor Elder called the council to order. Owing to the fact that it was the night before election and the councilmen were anxious to get away as soon as possible, the reading of the minutes was dispensed with, and the matter of the opening of the motor truck bids was made the only business of the session.

Each bid was accompanied by a certified check for \$500. The following were the bids:

Victor Motor Truck Co., of Buffalo, N. Y., six cylinder 100 horse power combination engine, \$7,200, f. o. b. Buffalo.

Graham Motor Co., of Los Angeles, Cal., \$11,250, f. o. b. Albuquerque.

Watrous Engine Works Co., of St. Paul, Minn., 101 horse power combination engine and hose wagon, \$8,775, f. o. b. Albuquerque.

Robinson Fire Apparatus Co., St. Louis, Mo., 120 horse power, \$9,000, second bid \$6 horse power combination engine, \$7,475, f. o. b. Albuquerque.

American-LaFrance Fire Engine Co., 35 horse power, \$9,000, f. o. b. Albuquerque.

Each company agreed to send an expert with the engine and to instruct the fire company in its use. The delivery of the machine was also guaranteed in ninety days from the time of the receipt of the order.

Immediately upon the close of the reading of the bids Alderman Wroth moved to refer the whole question for investigation to the fire committee, with instructions for them to get an expert, and that a report be made on Thursday night. The meeting then adjourned.

In addition to the city officials present, L. H. Bennett, of Denver, agent of the Victor Motor Truck company, of Buffalo, N. Y.; D. S. Robinson, of the Robinson Fire apparatus company, of St. Louis, Mo.; Julius Pearce of Denver, general sales agent of the Watrous Engine company, of St. Paul, Minn.; and E. D. Thomas, general sales agent of the American-LaFrance company, with headquarters in Denver, were on hand. The agents will stay in Albuquerque until the matter is settled.

POLITICAL NOTICE.

L. C. (Bennie) Bennett, candidate for treasurer on the republican ticket, came here from New York some ten years ago, practically starting his business career with Gross Kelly & Co. By strict attention to business and energetic work he rose rapidly in the good graces of his employers and after eight years in their employ he left them to go into business with the Springer Transfer Co.

Mr. Bennett, or "Bennie," as he is commonly known to a host of his friends, has ever held the esteem and respect of his associates, and when all is said and done all must admit his entire business training makes him exceptionally well qualified for the office he is seeking and his friends predict that he will carry the city by at least 500.

PURE FOOD ORDER SET
BACK TO ORANGE GROWERS

San Bernardino, Cal., Nov. 6.—Because the artificial coloring of oranges is no longer permitted by order of the Bureau of Food and Drug inspection, eastern tables this Thanksgiving will be without oranges as far as southern California is concerned. According to prominent orange shippers, this season's crop will be from two to four weeks late because of the order. Heretofore by use of the coloring device the first of the crop usually has been in New York and intermediate points for the country's annual feast day. This year it is expected the first car will be shipped early in December.

INSIDE INN WILL
DRAW LARGE
AUDIENCES

Heavy Seat Sale for First Performance Tomorrow Night; Second Sale for Thursday Goes on Today.

The seat sale for the first night's production of "Inside Inn" to be given at Elks theater tomorrow and Thursday night was large and the sale for the second performance starting at Matson's this morning at 8 o'clock is expected to be still larger.

Record-breaking crowds are expected both nights. The show is to be well worth the money. This is the fourth show which Joe Bren has put on in Albuquerque and if previous success count for anything the rollicking musical comedy to be staged in Elks opera house tomorrow and Thursday nights of this week will be a winner.

Though the "Inside Inn" has been presented in this city before under the auspices of the Elks it has been entirely revised for the Knights of Columbus presentation and with new songs and new specialties is just as good as new if not better, since it has been tried out and not found wanting in any of the essentials which go to make a successful play.

Probably the feature of the show, aside from the appearance of Mrs. Bren, a great local favorite, in new songs and new dances will be that of Charles Sapp of Kansas City, who came with Mr. Bren to take a leading part in the show. Mr. Sapp has a magnificent voice and will be heard in several selections. His only other public appearance in this city was at the Alvarado Sunday night where he sang several times to the unexcelled delight of the Sunday diners and guests of the hotel.

It is sure to make a tremendous hit in the show. The cast as a whole is excellently selected, and is truly an all-star cast. The chorus is doing fine work this year. Mr. Bren has brought along special scenery and elaborate costumes and the play will be professional in every detail.

MAKING AN INSPECTION
OF THE HARWOOD SCHOOL

Mrs. Anna Kent, of East Orange, N. J., secretary of the Methodist bureau in charge of industrial schools for girls, supported by the church, and her assistant, Mrs. Ward Platt, of Philadelphia, arrived in Albuquerque yesterday and are guests at the Harwood home. The two ladies came here from Wichita, Kan., where they had been attending the annual meeting of the board. They are here for the purpose of making an official visit to the local school. A reception will be given the ladies on tomorrow afternoon from 2 to 5 o'clock.

OFFENDERS ARE FINED
IN THE POLICE COURT

The "satiated sextette" rendered selections from the opera bouffe "Boozie de Hassomere," in the city police court yesterday morning for the education of the police judge and the patrolmen. Each of the performers were assessed five iron men for the privilege of busting the city ordinance wide open.

Antonio Toriata, Thomas Russell, Luciano Pive, Ed Morris, Manuel Torres and M. Ortiz, composed the sextette. M. Ortiz sang so well he was returned to jail until the evening session, when he was fined the regulation amount and sentence suspended. Antonio S. Khousous and Jose Pineda were set back ten times for their delinquency. Antonio pleaded guilty to vagrancy, while Jose forfeited a \$10 cost bond.

ABRAN ABEYTA HAS
GIVEN UP SOCORRO

Stand-Patter From Boss Bursum's Bailiwick Concedes Ex-Pen Superintendent's County to Democrats

Abran Abeyta, of Socorro, a Bursum leader, who was in the city yesterday, told a prominent democrat that he conceded Socorro county to McDonald. When Mr. Abran Abeyta gives up Socorro county to the democrats you may look for a landslide. All reports from the home county of the ex-penitentiary superintendent, where he has spent thousands of dollars in a vain effort to stem the tide, indicate that the vote will be either very close or a big victory for McDonald.

The Albuquerque Carriage company is now giving National Trading Stamps with all purchases and repairing.

PROBATE COURT TO
CONVENE NEXT WEEK

Owing to the nearness of the election, Judge Plomema Mora decided not to hold probate court yesterday and so not to Probate Clerk A. E. Walker. Instead of waiting until the first of December to call the next term, Judge Mora has decided to open the November term on Thursday morning next. In his office in the court house in Old Albuquerque at 10 o'clock. It is understood that there is a large amount of business to be transacted at this term of the court.

BE REPRESENTED
AT RICHMOND

Five Official Delegates Asked From Here For First Annual Road Congress November 20-23.

The following correspondence explains itself:
Colorado Building,
Washington, D. C., Oct. 30, 1911.
Mr. F. B. Schwenker, Chairman,
Good Roads Committee,
Albuquerque, New Mexico.
My Dear Sir: On behalf of the directors of the American Association for Highway Improvement I have the honor to extend to you an invitation to be present and participate in the First Annual Road Congress of the association and its affiliated organizations at Richmond, Va., November 20-23, 1911. President Taft will address the congress on the opening day and many other distinguished men will be present. I sincerely hope that you will be among the number.

I have the honor to further request that you name five official delegates to represent the Good Roads committee. As this will be a most profitable and interesting meeting, I would urge you to take such action as may be practicable in order that your association be represented. I would especially call your attention to the fourth day, "Association Day," of the congress, when a meeting of all the representatives of the various organizations throughout the country, generally interested in road improvement, will be held. Exchange of ideas between the different organizations and counsel from the American association on difficult local road problems, will be the principal activities on that day. In this way it is hoped that the representatives of the various organizations will profit greatly from each other's experience.

Hoping to receive a prompt reply with the names of delegates and their addresses, that we may send them official invitation, I am,
Very respectfully,
L. W. PAGE, President.Albuquerque, N. M., Nov. 4, 1911.
Mr. L. W. Page, President,
American Association for Highway Improvement,
Washington, D. C.My Dear Sir: I am in receipt of your letter of October 30th, extending invitation to the First Annual Road Congress, to be held at Richmond, Va., November 20-23, 1911. I sincerely regret that it will be impossible for me to attend, but will endeavor to secure representation from this community. We are very much interested in the matter of much roads; and just now, we are straining every effort to secure a transcontinental automobile highway through this city. Will advise you promptly the names of any delegates we may arrange to send.
Very truly yours,
F. B. SCHWENKER.Shipwreck De Luxe.
