## WHOLE DEMOCRATIC STATE TICKET ELECTED BY OVER 4000

(Continued From Page 1.)

democratic ticket have carried Union county by majorities of from 25 to 50. Union county elected two democratic representatives by majorities of from 10 to 25, and also gave its candidate in the shoe-string district of Union and Colfax counties a majority. The democratic county ticket is also elected, with the exception of the candidates for sheriff and school superintendent.

J. C. Slack, for state senator for the Colfax-Union district, was elected by a small majority.

### OTERO.

**OTERO COUNTY GIVES MAJORITY FOR McDONALD**  
Albuquerque, N. M., Nov. 9.—Almost complete returns give a majority of 180 for McDonald in Otero county. The county ticket is divided. Charles P. Downs, the republican candidate for the legislature is elected.

### ROOSEVELT.

**ROOSEVELT GIVES OVER NINE HUNDRED MAJORITY**  
Portales, N. M., Nov. 9.—With two precincts still to hear from, Roosevelt county gives McDonald a majority of 990. It is expected that the missing precincts will raise the majority to 1,000. The state and county candidates all have majorities approximately the same as the governor, the only exception to this being for the office of sheriff, where the republican candidate was elected.

### SANTA FE.

**SANTA FE COUNTY FOR BURSUM BY TWO HUNDRED**  
Santa Fe, N. M., Nov. 9.—Santa Fe county will give a majority of from two to three hundred for Bursum and elect the entire republican state and county ticket. Pankey, for the state senate, claims a majority of 200 over Otero.

### RIO ARRIBA.

**RIO ARRIBA REPUBLICAN BY SLIGHT MAJORITY**  
Tierra Amarilla, Nov. 9.—Based on returns received from nine precincts, Bursum and the entire republican state and county ticket will have a majority of between 500 and 600.

### SIERRA.

**McDONALD LEADS BY HUNDRED IN SIERRA**  
Hillsboro, N. M., Nov. 9.—With three democratic precincts to hear from, McDonald leads in Sierra county by 100. The democratic majority in this county will reach 150 when the full vote is counted. The democrats made a clean sweep of the county ticket.

### M'KINLEY.

**M'KINLEY COUNTY EQUALLY DIVIDED**  
Gallup, N. M., Nov. 9.—Returns from every precinct in the county show a majority for Bursum of 75. Gregory Page, republican candidate for the state senate, claims his election by 15, but there is likely to be a contest, illegals being alleged in several of the precincts. At the Heaton mine, it is said a little colored boy officiated as one of the judges. In another precinct one of the candidates for county commissioner was an election judge and received votes until he was driven off by the angry protests of the citizens. In the Navajo mine the election was run until 1 o'clock with only two judges. On protest of the democratic challenger, these two men, shortly after 1 o'clock went out and secured a third man who acted until the polls closed. The third man was not elected by the electors present as the law requires.

**RATON GIVES McDONALD TWO HUNDRED MAJORITY**

Raton, N. M., Nov. 9.—The city of Raton gives McDonald a majority of 205. It is generally conceded here that the democratic candidate for governor will have a majority of 400 in this county. H. L. Pickley, democratic candidate for the state senate, was defeated by a few votes.

**TAOS STRONG FOR BURSUM AND MALAQUIN MARTINEZ**

Taos, N. M., Nov. 9.—Fifteen out of twenty-one precincts in Taos county give Bursum a majority of 245. The balance of the republican state and county ticket goes through by majorities averaging about 300. Malaquin Martinez, republican candidate for lieutenant governor, received a majority of 400. Holloman for district judge, received 250 majority.

### SAN MIGUEL.

**SAN MIGUEL COUNTY STRONGLY REPUBLICAN**  
Las Vegas, N. M., Nov. 9.—Forty out of the fifty-three precincts in San Miguel county give Bursum a majority of 574. The precincts yet to hear from are small and it is not that they will materially change the result, although the Bursum majority will probably be increased by about a hundred. In East Las Vegas McDonald received a majority of 193.

### DONA ANA.

**DONA ANA COUNTY GIVES McDONALD SMALL MAJORITY**  
Las Cruces, N. M., Nov. 9.—It is still impossible to give the exact result in Dona Ana county except for governor. McDonald received a majority of 94. Morgan, lieutenant, the democratic candidate for district attorney, carried the county by 15. Edward L. Medler, the republican candidate for district judge, won by over two hundred majority, while Moreno and W. H. H. Lewellyn, re-

publicans, were elected to the house. Herbert S. Holt, republican candidate for the state senate, claims his election by two votes. This claim will be contested by the democrats. Judging from the general returns, it is believed that the balance of the republican state ticket is elected. The highest local democrat elected had a majority of 25; while the highest republican had 240. The counters became so interested in the close fight at home that the state officers were neglected and positive information as to most of the candidates on the state ticket is still lacking.

### SOCORRO.

**SOCORRO REPUBLICANS CLAIM COUNTY BY 700**  
Socorro, N. M., Nov. 9.—With a few small precincts in the western portion of the county to hear from, the managers of the Bursum campaign in this county claim that the republican candidate for governor will have a majority of 700. This claim is disputed by the democrats who insist that the returns from the mountain precincts will reduce the Bursum majority to about 600. The republicans claim the election of a majority of the men on their county ticket. It is conceded that Max Montoya, for treasurer; Benjamin Sanchez for school superintendent; and Emil James for sheriff, have been elected on the democratic ticket.

### QUAY.

**DEMOCRATIC TICKET SWEEPS QUAY COUNTY**  
Tucuman, N. M., Nov. 9.—Twenty-eight out of the thirty-four precincts of Quay county gave the following vote:

Remley, (rep).....747  
The democratic county ticket in Quay was elected with majorities that averaged 250.

Mr. Asquith speaking at London Banquet in Honor of Event, Defines Great Britain's Foreign Policy.

## NEW LORD MAYOR INDUCTED INTO OFFICE

Premier Asquith Speaking at London Banquet in Honor of Event, Defines Great Britain's Foreign Policy.

(By Morning Journal Special Lined Wire.) London, Nov. 9.—A new lord mayor of London, Sir Thomas Hoar Crosby, M. D., was inducted into office, and at the lord's mayor banquet tonight Premier Asquith made his fourth successive speech in honor of such an occasion.

The prime minister gave a clear exposition of Great Britain's foreign policy. The Moroccan agreement was the topic and it furnished a special opportunity, the premier's remarks coming opportunely as a reply to the speech of the imperial German chancellor in the Reichstag today.

"The settlement of the questions involved," said the prime minister, "is a relief to Europe for it removes perhaps the greatest obstacle to the smooth working of European diplomacy. Our gratification at the result is none the less profound and sincere because we have been suspected in irresponsible quarters of looking coldly upon the negotiations, and even of a disposition to hamper their success."

"Nothing can be farther from the truth. There is no secret about either the aims or the methods of British policy. Where British interests are involved it is our business to safeguard them. Where we have established friendships and understandings we seek to maintain them loyally and intact. But our friendships are neither exclusive or jealous. We have no cause to quarrel with any nation. Nor, with such a history and such an empire as our own, have we any disposition to curtail or fetter the natural and legitimate aspirations of others."

Mr. Asquith referring to China, said that the British government had no desire and no disposition to interfere with internal affairs of that country. The government would restrict its course to protect the lives and property of its subjects.

He emphasized Great Britain's neutrality in the Turko-Italian war, adding that the government desired to co-operate with the other powers on the question of mediation, which was very different from intervention, but it was useless to make proposals which were known to be unacceptable to either belligerent power.

Winston Spencer Churchill, in his first speech for the navy, as first lord of the admiralty, promised a reduction of the present abnormal expenditures, without compromising national security. It would be affecting, he said, to pretend that the sudden and rapid growth of the German navy was not the main factor in Great Britain's vast expenditure.

But the limit of German expansion, said Mr. Churchill, would be reached. "Building will be reduced one-half by the operation of the naval law. The mere observance of that law, without increase, would make the world breathe more freely and all nations enter upon a more trustful and more genial climate of opinion. On the other hand, if the vast program of the powers should be swollen by new expansions, Great Britain, of all nations, would best be able to bear the strain and would be last to fall at the call of duty."

Re-representative Garner Operated Upon

Washington, Nov. 9.—Representative J. N. Garner of Texas, was operated upon for appendicitis at George Washington University hospital to night. He was stricken suddenly, two hours before. At the hospital late to night it was stated that Mr. Garner was rallying rapidly.

## MRS. POWELL IS NOW HAPPY

Her Miserable Experience For More Than Four Months Enables Her to Appreciate Good Health.

Dry Ridge, Ky.—"I am so happy," writes Mrs. Lydia Powell, from this place, "to be well. I was so poorly that I was almost dead. I had a pain in my left side. My stomach was weak, and I was just a skeleton! Our family doctor treated me for four months, but I did not get any better. I had heard so much about Cardui, the woman's tonic, that I thought I would give it a trial. Now I am thankful for the wonderful help I have received from it. I believe if I had not taken Cardui, I would have been dead or crazy now. My health is very much improved. When I commenced to take Cardui I could hardly walk across the room. Now I can walk four miles and do my work with a great deal more ease. I will always recommend Cardui to all suffering women. I owe my life and health to Cardui, and I cannot praise it enough for the good it has done me."

Cardui has a record of more than 50 years' success as a medicine for women—for weak, tired, worn-out women. Suppose you try it. It will help you. N. B.—Write to Ladies' Advisory Dept., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## EXHAUST TUNNEL BLOWS UP; TWO ARE KILLED

Fatal Accident at San Francisco Dry Dock; Victims Were Plumbers Engaged in Repairing Tank Ship.

(By Morning Journal Special Lined Wire.) San Francisco, Nov. 9.—Two men were killed and two seriously burned at the Hunters Point dry dock here late today in an explosion of gas in an exhaust tunnel. The dead were WILLIAM KILPATRICK, laborer, and VAN ECKEN, laborer. John Hulscher, dock superintendent, and a laborer were injured. The British tank ship Mina Hesa was in the dock but was not damaged. The two men killed had descended into the exhaust tunnel, which is a huge pipe and the others were entering the manhole to repair a fitting when the explosion, believed to have been caused by an accumulation of gas in the tunnel, occurred.

Previously to this however, Dr. Cartwright, who made the physical examination of the prosecutrix two days after the occurrence, showed just what was the condition of the little girl, and was in strict contradiction to the story of the defendant. Ross insisted that they had, at one time, been sweethearts, and that after his marriage she was mad at him and did all this to get him into trouble.

The demeanor of the prosecutrix upon the stand was that of a most modest little maid, and gave no indication of the thoughts and words that were imputed to her by the testimony of the defense.

The addresses to the jury were made by Assistant District Attorney Michael McGuinness, Attorney Modesto C. Ortiz for the defense, and District Attorney Klock. Mr. Klock's final argument was a scathing arraignment of the defendant, and his audacity in telling the story on the stand that he did. In closing Mr. Klock asked the jury to find for the territory upon the evidence of Dr. Cartwright if on nothing else. He was, however, generous towards the defendant when he told the jury if they believed on quarter of the story of the defendant to acquit him.

Although preserving an exterior of indifference during the trial, Ross lost his sang froid during the prosecuting attorney's closing remarks. At times he would drop his head on his arm, and all the time during the address he chewed gum with nervous quickness and with a drawn and troubled face.

Sentence in the case was deferred until a later date.

## C. & A. COFFEE CO. CHANGES HANDS

Edgar T. Howell, who has successfully conducted the C. & A. Coffee company on South Second street, sold the business this week to two local young men, Armin M. Kraemer and Fred Pryor.

Mr. Howell will remove from this city to San Diego, Cal., about December 1, where he will engage in the same line of business in the California city. Mr. and Mrs. Howell will leave Albuquerque with the best wishes of a large number of friends. Mr. Kraemer has been employed in the store of William Dohde for the past seven years, while Mr. Pryor has been with the Ward Grocery for a number of years. Both are experienced in the grocery and kindred lines and will no doubt make good in their new venture.

## KENTUCKY JUDGE Foe OF ELECTION THIEVES

McDonald's majority 2197. Lexington, Ky., Nov. 9.—The most drastic instructions ever given a Kentucky grand jury in election fraud cases, were given today by Circuit Judge Charles Kerr, who, in a special order, told the grand jury to probe thoroughly the reported election frauds of last Tuesday.

If the jury finds that election certificates were bought, indictments must be found.

Indictments must also be brought in if any one is found to have paid an elector not to vote or even if a bet was made on the election.

Can't Tax Standard. Richmond, Va., Nov. 9.—Oil is a fuel, and the Standard Oil company therefore cannot be taxed in Virginia, so decided the court of appeals today.

Snow in South Dakota. Aberdeen, S. D., Nov. 9.—After a day of drizzling rain, a driving snow storm set in tonight and threatens to cause considerable suffering.

## MAN MARRIED SIX MONTHS GUILTY OF ASSAULT

Paul Ross Convicted By Jury in District Court of Ravishing Little Girl; Clemency is Recommended.

After being out for exactly one hour and five minutes, the jury in the case of the territory of New Mexico against Paul Ross, charged with ravishing little Josephita Gutierrez, on the evening of September 20, returned into court a verdict of guilty, but recommended the young man to the clemency of the court.

The case, which was thought to be nearly finished on Wednesday at the time of adjournment, dragged itself slowly to a close at ten minutes after three yesterday afternoon when Judge Abbott having delivered his charge to the jury they retired to the jury room to consider their verdict.

Most of the day yesterday was taken up in the direct and cross-examination of the defendant. He went on the stand shortly after the opening of court and was on the stand most of the morning.

He told a story that apparently made no impression whatever upon the jury. While a young man and married but six months, he told of moral turpitude that shocked every spectator in the court room. His evidence with regard to the offense for which he was on trial, was to the effect that the little girl had voluntarily come to his house at the time the crime was alleged to have been committed and tempted him with words, gestures and actions that overpowered his sense of propriety. In other words, the old story of Adam, "The woman tempted me, and I did eat," was recited anew.

The demeanor of the prosecutrix upon the stand was that of a most modest little maid, and gave no indication of the thoughts and words that were imputed to her by the testimony of the defense.

The addresses to the jury were made by Assistant District Attorney Michael McGuinness, Attorney Modesto C. Ortiz for the defense, and District Attorney Klock. Mr. Klock's final argument was a scathing arraignment of the defendant, and his audacity in telling the story on the stand that he did. In closing Mr. Klock asked the jury to find for the territory upon the evidence of Dr. Cartwright if on nothing else. He was, however, generous towards the defendant when he told the jury if they believed on quarter of the story of the defendant to acquit him.

Although preserving an exterior of indifference during the trial, Ross lost his sang froid during the prosecuting attorney's closing remarks. At times he would drop his head on his arm, and all the time during the address he chewed gum with nervous quickness and with a drawn and troubled face.

## SAFETY RAZOR BLADES RESHARPENED

## KANSAS GOVERNOR WANTS MINERS PROTECTED

Directs Attorney General to Prosecute Operators Who Fail to Obey State Laws; Too Many Accidents.

(By Morning Journal Special Lined Wire.) Topeka, Kas., Nov. 9.—As the beginning of a movement to compel coal operators of Kansas to protect miners from injury while at work in the mines, Governor Stubbs today directed John S. Dawson, the attorney general, to make an investigation at once of alleged negligence in the enforcement of mine laws in Crawford county. From August 1 to October 2, according to a complaint filed with the governor against T. J. Karr, county attorney of Crawford county, there have been seventy-eight accidents in mines in Crawford county. "Accidents in mines," said Governor Stubbs, "should be reduced to a minimum. If the mine owners will not do it, the state should compel it."

The last Kansas legislature passed a number of laws pertaining to the conditions of the mines. The operators are now required to install and maintain a system of telephones connecting every "room" with the pit office. Bath houses and lockers are also required. Governor Stubbs says he will see that the laws are enforced.

## EIGHT COAL MINERS DIE IN EXPLOSION

Pennsylvania, Pa., Nov. 9.—Eight miners are believed to have been killed in the Adrian shaft of the Rochester and Pittsburgh Coal and Iron company's mine, four miles from here as a result of an explosion today. Fifty miners who entered the shaft several hours after the accident in an attempt to effect a rescue, were driven out by the gas. Some of them who became unconscious, were carried to the surface by comrades.

## Auction Sale of the Season

On November the 13th and 14th, beginning promptly at 2:30 p. m. each afternoon, at 414-116 South 3rd street, I will sell at Auction, the elegant furnishings of fourteen rooms. ## A BUSY SESSION OF PROBATE COURT YESTERDAY

First Meeting Since September Results in Transaction of Large Amount of Business Relative to Estates.

The first session of the probate court since September was held in the court house in Old Albuquerque yesterday with Judge Florentino Mora of Chihuahua presiding, and E. M. Garcia acting as interpreter.

A number of probate matters were taken up by the court among them being the report of the board of appraisers of the estate of the late Frank E. Sturges. This report showed that Mr. Sturges died leaving real estate to the amount of \$4,138, personal property, \$7,778, and stock in corporations to the amount of \$4,598.

Upon her own petition the bond of Mrs. Sofia Hubbell, administratrix of the estate of Thomas S. Hubbell, deceased, was changed from a personal bond to a surety bond. The United States Fidelity and Guaranty company thereupon, presented a bond for Mrs. Hubbell in the sum of \$12,000, which was approved and filed.

The petition of John F. Brown to be appointed administrator of the estate of the late James Englehart, was continued until today's session of the court.

G. Badaracco presented a petition to be appointed administrator of the estates of Pedro and Louis Badaracco, which was laid over until today.

Mr. and Mrs. L. T. Delaney petitioned the court to be allowed to adopt Ernest Wells, a minor child, and to change his name to Paul Delaney. The court granted the petition.

Manuel A. Garcia was appointed administrator of the estate of Veneranda Ruiz de Garcia to serve without bond.

Arthur C. Culver was appointed administrator of the estate of Charles M. Quinn, under a bond of \$600 which was filed and approved.

Upon the petition of Rosa Tott to have Otto Dieckmann appointed administrator of the estate of Balista Tott, and the bond was fixed at \$500.

Dolores Garcia de Apodaca was appointed the guardian of Juan Sanchez under a bond of \$200.

Francis Garcia was appointed guardian of Felicitas Sanchez under a bond of \$200.

The final report of A. Borders, administrator of the estate of Maria Dragoie, was received, approved, and the administratrix discharged.

Lloyd Hunsaker was appointed guardian of Mary and Elizabeth Hunsaker under a bond of \$500. He was also appointed administrator of the estate of Nellie Nash Hunsaker under a bond of \$200.

H. N. Packert petitioned the court for an order to compel F. W. Schmalmaier administrator of the partnership estate of the Williams Drug company, to turn over to the administrator of the estate the assets now in his hands. An order was issued as requested.

The petition of Dell A. Georges to be appointed guardian of the person and estate of Maria J. Sayres an insane person was granted and the bond fixed at \$2,000. The court thereupon adjourned until this morning.

### WOULD BRING A MESSAGE ON FOOT FROM MAYOR OF GOTHAM TO ROSWELL

(Special Correspondence to Morning Journal) Roswell, N. M., Nov. 9.—Anson H. Coleman, Jr., a post office employee at Matuchen, N. J., writes a Roswell newspaper that he wants to walk from New York city to Roswell and bring a message from Mayor Gaynor to Mayor Neal of Roswell. The New Jersey pedestrian is coming west and will locate in Roswell on account of the wonders of the Pecos valley, concerning which he has heard so much. He will walk the entire distance and carry the message, provided sufficient interest in the enterprise is shown by the cities at the two ends of the proposed trip.

### HEAD-ON COLLISION ON COAST LINES

San Bernardino, Cal., Nov. 8.—Two engines were demolished, fifteen cars piled in a heap and conductor H. N. London of the Salt Lake railroad was badly injured tonight, in a collision of a Santa Fe work train and a Salt Lake freight train on the joint track of the two railroads at Victorville, near here. Telegraph poles near the track were splintered and the wires put out of commission. London was placed aboard an engine here and immediately taken to Los Angeles. Wreckers went out to clear the main line which it was expected would be blocked until some time tomorrow. The cause of the wreck was not determined tonight.

### Consumption

Anyone interested in the cure of Consumption should get one of the booklets telling of recoveries by the use of Eckman's Alternative.

Coughs, Stomach Colds and Pneumonia may be the beginning of more serious troubles. Eckman's Alternative is the effective remedy. Read Mr. Kanaly's statement.

"I was troubled with cough and expectoration. I also had a high fever. My case was declared Consumption by my physician. I was given Cod Liver Oil, Croscote and other medicines, all without benefit."

"At Christmas time, 1908, I was an expected to live. Calling Dr. R. H. McCarby, he advised the use of Eckman's Alternative, which I took with excellent results and was entirely cured."

"During the past year I have gained to the point that I can go out in all weathers and have had no cough or cold whatever. I have not taken any medicine since Eckman's Alternative."

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung troubles, and in expelling the system. It contains potent poisons, opiates or habit-forming drugs. Ask for booklet cured cases and letters to Eckman Laboratory, Philadelphia, Pa., for more evidence. For sale by all leading druggists and Highland Pharmacy and Alfaro's Pharmacy in Albuquerque.

## REAL ESTATE MAN HACKS OFF HAND WITH HATCHET

Becoming Confused While Riding in Taxicab, Kansas City Resident Maims Himself For Life.

(By Morning Journal Special Leased Wire.)

Kansas City, Mo., Nov. 9.—A tapping on the window of his taxicab caused a chauffeur to stop the conveyance suddenly on a crowded downtown street here today and allow his passenger, George R. Andrews, a real estate dealer, to get out. Blood streamed from Andrews' left hand as he stepped from the car and rushed into a drug store crying, "My hand is cut off." The injured member hung limp from the wrist, almost severed.

In the bottom of the taxicab lay a sharp hatchet covered with blood. The back seat and door were smeared with blood. (On the front seat, spread as to protect the cushion was a blood stained sheet.)

Andrews was taken to a hospital, where physicians said his hand would have to be amputated.

"I became confused while riding in the taxicab," Andrews said. "When I regained my senses I found my hand nearly severed. I often carry a hatchet about with me to tack up real estate signs."

### DETAILS OF WRECK ON NEW MEXICO CENTRAL

(Willard Record.)

A northbound freight on the Central Friday afternoon in charge of Engineer Irvin and Conductor Angie, was wrecked seven miles south of Willard which tied up traffic on that line for a few hours.

Just after coming over the top of the hill at mile post 88, the engine was shut off and the train was drifting slowly down the hill when the engine tank left the rails, turning on its side. The first four cars were heavily loaded with tin plate and when they ran into the tank, they were thrown from the track and scattered over the right of way. The four cars were badly smashed up but the contents were not damaged. 150 yards of track was torn up around which a shoo-fly track was built and traffic was resumed Saturday evening.

Sunday morning the northbound passenger was several hours late, caused by their getting the engine tank off the track while passing over the shoo-fly.

There is a general belief among railroad men that if the road has one wreck that there will be two more following in a short time. This is being verified to a certain extent this week on the N. M. C. Last Friday they had a bad wreck of freight cars. Monday the northbound train ran over a cow in a bridge 14 miles south of Santa Fe, derailing several cars and tearing up 200 feet of track and the bridge. Now the men are watching for the third and last wreck to

complete the usual number of three, but they are earnestly hoping that at least for this time the old adage will not repeat itself.

Fortunately in neither wreck was anyone hurt.

### Underwood Feels Confident.

Birmingham, Ala., Nov. 8.—Congressman Oscar W. Underwood said regarding yesterday's election: "It is very gratifying to know that the most decisive democratic victories were achieved in Kentucky and in Massachusetts, where the tariff was made the paramount issue. The results in New York, Maryland and New Jersey were caused by local issues. I think the election returns show the democratic party to be in a stronger position than ever."

## ENDS INDIGESTION AND STOMACH MISERY

Heartburn, Headache, Gas and Dyspepsia Go Five Minutes After Taking a Little Diapepsin.

The question as to how long you are going to continue a sufferer from indigestion, Dyspepsia or out-of-order Stomach is merely a matter of how soon you begin taking some Diapepsin.

If your Stomach is lacking in digestive power, Diapepsin will help it to do its work, not the drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should take a little Diapepsin occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Sick Stomachs, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved in five minutes after taking a little Diapepsin.

Go to your druggist and get a 50-cent case of Pape's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are no going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

### Annual Fire Loss Great.

St. Paul, Minn., Nov. 8.—The annual loss due to fire in the United States, its prevention and comparison showing a much smaller annual loss in European countries, were discussed tonight before the Minnesota Fire Prevention congress.

Governor Elmerhard of Minnesota, produced a table to show that in cities of America, the fire loss per capita in 1910 was \$2.39, as compared with 44 cents in England, 92 cents in France and 19 cents in Germany.

### Murderer Escapes From Prison.

Columbus, O., Nov. 8.—William Russell, under life sentence from Hiron county for murder, escaped from the penitentiary this afternoon.

## BURKHART ABREAST OF THE TICKET

Typographical Error Gives the Candidate For Supreme Judge Shade the Worst of It.

A typographical error in the Morning Journal yesterday gave Mr. Summers Burkhardt, candidate on the democratic ticket for the supreme court, a vote in this county of 2,831, making it appear that he was running considerably behind the other two justices. This is a mistake, and the figures should have been 2,831.

### \$50 OFFERED FOR THE BEST ESSAY ON SANTA FE DEMONSTRATION TRAIN

The Atchison, Topeka & Santa Fe Railroad company has offered a prize of \$50 for the best essay written by a school boy or girl in any district, town or city on the company's lines, through which the demonstration train passed. This includes the boys and girls of Albuquerque. The subject of the essay is to be "The Virtue of the Demonstration Train from an Educational Viewpoint."

Twenty-five dollars will be paid for the essay which ranks second, and \$10 for the essay which ranks third. There will be five prizes of \$5 each for the essay which ranks fourth to eighth inclusive, and ten prizes of \$2.50 each for the essays which rank from ninth to eighteenth inclusive.

The superintendent of schools, or the principal, or the teacher, or whatever the head of the school system is called, will select the best essay submitted by pupils in his or her district, town or city, and send it to J. P. Jarrell, publicity agent of the Santa Fe in Topeka, Kansas. The essays then will be judged by Albert Macfies of Chicago, editor of the Santa Fe Employees Magazine; Philip Eastman, managing editor of the Topeka Daily Capital, and L. E. Kienne, managing editor of the Topeka State Journal.

Prizes will be paid upon the report of the judges. Essays must not run over 1,000 words.

The demonstration train, which is now in Texas, will return to Topeka, November 15, when the tour of ten weeks will end. It is estimated that a million and a half people have seen the train. The Mallet locomotive which attracted so much attention will go to Arizona for freight service.

### FLAGSTAFF MAN GETS BAD KICK IN FACE BY THE DEADLY MULE

Flagstaff, Ariz., Nov. 7.—Ben Minder, a young man about 22 years of age, was kicked in the face by a mule at Badin's broom factory Monday afternoon and severely injured.

The mule had been fighting and he went in quest of the disturbance and received the both heels of one mule in the side of the face.

Clarence Spaulding happened to be in the barn at the time and heard screams after the disturbance and rushed to the boy's assistance. At first it was thought Minder had been killed outright, but after an examination it was found his injuries were serious but not dangerous.

The thieves turned out and hid when the auto went by and Saturday morning they came up to the river crossing

## GLADDING RECEIVES HIGH HONOR

City Official Made a Member of the American Society of Civil Engineers.

James N. Gladding, city engineer of Albuquerque, has received a much appreciated and well deserved honor, having just received notice of his election to membership in the American Society of Civil Engineers. This organization includes the greatest engineers in the country and to become a member an applicant must have the endorsement of five members of the organization. It is understood there are only one or two other engineers in this section who belong to the society.

### THREE BOLD BURGLARS NEATLY CAPTURED IN NORTHERN ARIZONA

Flagstaff, Ariz., Nov. 8.—The three burglars who broke into Blake's hardware shop and stole saddles and equipment, then gathered in three of Judge Harrington's horses last week, were captured Saturday at the crossing on the Little Colorado by Sheriff Francis. They proved to be Harry Robinson, whose hand was cut off by a switching freight train here a few months ago, and two young men named Miller and Smith. Robinson claims his home is in Denver and the other two claim Albuquerque as their places of residence.

They were a sorry bunch of desperadoes when taken in by the sheriff, and admitted they were real sorry they had tackled the job.

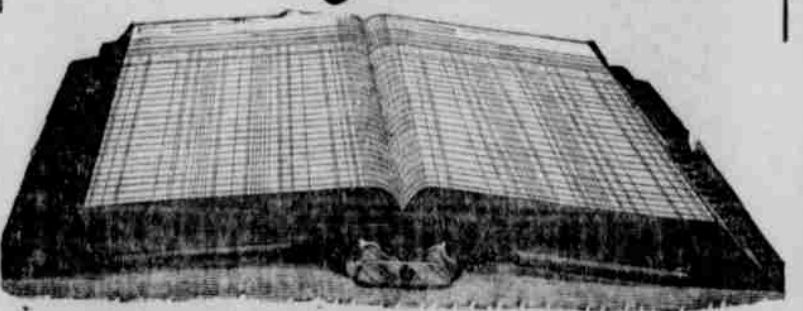

Word came in to the sheriff's office that three men answering the description of the men wanted, were seen earlier that day on the Tuba road and Sheriff Francis hooked up his automobile, leaving Deputy Sheriff Woods and County Ranger Frank Fairchild to peddle along after on horseback.

The thieves turned out and hid when the auto went by and Saturday morning they came up to the river crossing

## A WARNING OF DANGER TO MOTHERS AND DAUGHTERS

Did you ever stop to think, dear reader, that you, yourself, have assumed the position shown here while operating your sewing machine?

When the sewing machine is used frequently or constantly it is any wonder women suffer with backache, headache, nervousness, indigestion, spinal twist, fatigue, depression, lung weakness, loss of strength and many other organic diseases? If women only knew, as physicians know, the terrible effects of even moderate use of side needle sewing machines, they would not dare to jeopardize their health.

Your health is too precious to be endangered. If you are contemplating buying a sewing machine, be sure to see first the STANDARD CENTRAL NEEDLE SEWING MACHINE.

Compare the two views shown in the accompanying cut, one shows the spine-twisting position assumed in operating the old-style sewing machine, the other the correct way. The STANDARD CENTRAL NEEDLE way. The needle is directly in front of the center of the body, enabling the operator to work easily without twisting of the body or straining of the eyes.

Sitting position for Standard Central Needle Machine. Sitting position for ordinary side needle machines.

The New York Health Journal says: "When buying a sewing machine, health is of tenfold greater importance than all other features. The STANDARD CENTRAL NEEDLE is the only machine we know to be utterly free from criticism by physicians."

In the STANDARD CENTRAL NEEDLE we are following our policy of offering to our trade the best in everything for the home. In the Moore range we believe we have the ultimate value; for the STANDARD CENTRAL NEEDLE SEWING MACHINE we make the same claim. We shall be pleased to show you its many good features when you call.

313-315 West Central Avenue

## INSLEY MURDER TRIAL BEGAN YESTERDAY

Albuquerque Man Accused of Killing Brother-in-Law, Faces Jury; Night Sessions of Court Being Held.

The Jurors Chosen  
No. 1, Nicanor Torres, farmer, lives at San Jose.  
No. 2, Mariano Sabedra, switchman, lives at Atrisco.  
No. 3, W. E. Grimmer, secretary Hubbs' laundry, lives in Albuquerque.  
No. 4, Copia Herrera, laborer, lives at San Jose.

In the sombre court room of Bernillo county court house in Old Albuquerque, seated between his counsel, with his face thin and drawn, and his hair gray, sits the emaciated form of Thomas Insley, formerly in the bicycle business in this city. Insley is on trial for his life for the killing of his brother-in-law, John A. Higgins, by shooting him with a shotgun on the night of March 7, last. On the other side of the table, within arms' length, sits M. A. Higgins, father of the slain man, conferring continually with the prosecuting counsel. In the jury box sit a number of American and Spanish-American citizens who are being questioned as to their qualifications to sit as jurors upon the case involving the life of Thomas Insley.

There are few spectators in the court room, and the incisive voice of District Attorney Klock, and the stinging tones of interpreter Nestor Montoya reach through the empty court room with a weird effect. The jurors answer the questions with nods or shakes of the head, the defendant watching every move with nervous apprehension as the questioning goes on.

The trial of Thomas Insley, charged with murder, began in the Bernillo county court house yesterday afternoon. After six hours spent in questioning the regular panel of jurors for the September term, four were accepted by the attorneys, and the defense had exhausted four of its eighteen peremptory challenges to the prosecution's vote.

For the first time in many months a murder trial is going on in the Old Town court house, and night sessions are being held. Last night the court held until after midnight, and it is quite likely that night sessions will continue until the case is finished.

It was disclosed in the questioning of District Attorney Klock of the regular panel that the territory will ask for a verdict of murder in the first degree and the extreme penalty. The defense will rely upon the alleged weakness of the prosecution's case and the fact that the evidence is largely circumstantial.

"Have you conscientious scruples in rendering a verdict of guilty in a murder case where the penalty is death, providing the evidence warrants that verdict?" asked Mr. Klock of every witness.

"Do you believe in inflicting the death penalty in a case in which the evidence is largely circumstantial?" was Attorney Medler's invariable question of every witness.

Seventeen men of the regular panel of twenty-four have been examined and of these nine have been either accepted or excused, leaving but nine more on the regular panel to be questioned or excused before a special venire will be summoned. At the rate the examination was going yesterday and last night it may take all day today to complete the jury.

The clock had registered after 9 last night before the first juror, Nicanor Torres, was accepted. Following this R. E. Kistner was excused by the defense upon challenge number one.

Manuel Schneider was chosen. Nestor Somo took Mr. Kistner's place in the box and was examined for cause and passed. Manuel Garcia, a bridge tender at Del Rio, was excused by the defense, and Tomas Gutierrez, a butcher in the employ of the Western Meat company, who lives at San Jose, was also excused, thus exhausting two more challenges of the defense. Jose Remigio Duran, a farmer from Durango, was called and passed the examination for cause. Francisco Duran of Durango, also passed the examination for cause.

The roll call of the jury then developed that W. E. Grimmer, secretary-treasurer of the Hubbs' Laundry company, was excused. Grimmer is the only juror who testified to knowing both the defendant and the deceased. C. L. Keppeler, who testified upon the examination for qualification that he had formed an opinion in the case, when it occurred, but that he had lost it when he cooled off, was retired by the defense, on challenge number 4. His place was taken by Dominguito Gonzalez, a farmer of Alameda, who testified that he would not convict on circumstantial evidence. It mattered not how strong it might be. Attorney Klock asked to have him excused on the ground that he was clearly disqualified but the court refused the request, and an exception was noted by Mr. Klock. The defense resisted the challenge for cause.

Copia Herrera, a laborer who lives at San Jose, was accepted by both sides, but David Perez, a former justice of the peace in Old Albuquerque, was excused upon challenge number used by the prosecution. Nestor Pacheco was being examined for cause when the court adjourned until 5 o'clock this morning.

E. L. Medler, who is leading counsel for the defense, is conducting the examination of the jurors, being assisted by J. A. Miller of this city. The prosecution is represented by District Attorney Klock, Assistant District Attorney Michael MacGuinness, and A. B. Robertson, employed as special prosecutor by the relatives of the dead man.

The defense is fighting every inch of ground and is taking advantage of every point. Yesterday afternoon during the examination of Mr. Keppeler, as soon as he hinted that he had formed an opinion on the case when he first heard of it, stating: "I thought Mr. Insley did wrong," Mr. Medler was on his feet asking that the man be excused for cause or that the court room be cleared while the point was being argued. It is clear also that the defense will rely upon the testimony of the defendant in his own behalf, to a great extent, for in every instance justice both in the afternoon and at night Mr. Medler

## The Guests praise the Cook, the Cook praises

# Cottolene

Good cooks are not born—they are made by experience and the tools they use. The use of *Cottolene* will aid any cook in making an impression with her food. Being entirely free from hog fat, it makes food light, rich and digestible, but without the semblance of grease. Moreover, *Cottolene* food agrees with the stomach; it never causes indigestion or after-heaviness.

*Cottolene* is made from choice vegetable oil, which human hands never touch. It is packed in patent, air-tight sealed pails, and its freshness and purity are guaranteed.

For all shortening and frying purposes, *Cottolene* is better and more economical than butter or lard.

**COTTOLENE is Guaranteed** Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

**Never Sold in Bulk** *Cottolene* is packed in pails with an air-tight top, to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

## "Nature's Gift from the Sunny South"

## ORPHEUM THEATER THROWN OPEN TO PLAY-GOERS

Handsomeness, New Fireproof Vaudeville and Motion Picture House Gives Every Promise of Being Popular.

The Orpheum, Albuquerque's latest and most modern playhouse, corner Coal and Second streets, was formally opened to the public last night, and a record-breaking audience filled the theater to overflowing.

If last night's audience is any criterion, the Orpheum is going to be a well-attended theater. It will play at popular prices, dividing its program, being vaudeville and motion pictures.

The interior of the new amusement palace is elaborate. The scenery and decorations are the work of John Herbo, an Albuquerque man, who is a German scenic artist of ability. The Orpheum will give two shows a night, with special matinees on Saturday and Sunday afternoons.

W. P. Puttelle is the owner of the new theater, which will be conducted by Davy Clifford as manager.

## HARVESTER TRUST MAY DISSOLVE VOLUNTARILY

Washington, Nov. 9.—The voluntary dissolution of the International Harvester company, the so-called Sherman anti-trust law, was discussed at the department of justice today, Attorney General Wickham and Mr. Fowler, assistant to the attorney general on behalf of the federal government, and Edgar A. Rian, and John P. Wilson, representatives of the corporation, were closed for several hours.

It was declared that no conclusion had been reached and that another meeting would be held within a few days. The fact that negotiations have not been terminated is taken to mean that there is a likelihood of an agreement between the government and the corporation, precluding any possibility of an anti-trust suit.

## TRIED EXTORTION TO HELP POOR MOTHER

Indianapolis, Ind., Nov. 9.—William A. Gant, a clerk at \$7 a week in a store, who was arrested last night and confessed to having attempted a "black hand" extortion of \$500 from H. C. Adams, a saw mill operator at Fortville, was asked in jail today if there were "a woman in the case."

"Yes there is a woman in the case," answered Gant. "Seven dollars a week and a woman that needs the money. The woman is my mother."

## Castro Not Assassinated

Bordeaux, Nov. 9.—Relative to the report brought here by passengers on the steamship *Perou*, which arrived at Bordeaux yesterday, that ex-President Castro had been assassinated in Peru or the agent at LaGuaira had heard the rumor, a prominent Venezuelan, Delgado Chellan, declared that Castro had taken refuge in the Andes mountains.

## Miss Pae Ties on Bonds

Frankfort, Ky., Nov. 9.—The court of appeals today decided that Kentucky life insurance companies must pay the securities deposited by them with the state treasurer for protection of the policyholders.

## SPIRITED DEBATE OCCURS IN GERMAN REICHSTAG

Chancellor Von Bethmann-Hollweg's Position Badly Shaken; Serious Defection From Government's Bodyguard. Blow.

(By Morning Journal Special Leased Wire.)

Berlin, Nov. 9.—That Chancellor Von Bethmann-Hollweg's position is badly shaken, is the only possible verdict on today's debate in the Reichstag on the Morocco-Congo treaties. After his speech had fallen completely flat, speakers of the four leading parties, conservatives, clericals, liberals and socialists successively attacked his arguments and vied with each other in criticizing the agreement.

The defection of the conservatives and clericals from the government's bodyguard was an especially severe blow. Every speaker denounced Dr. Von Linderquist, who recently resigned as secretary of state for the colonies. Amid demonstration of approval from the whole house, the speakers all disagreed with the chancellor's position that the treaties terminated French hostility to Germany and insisted that the Reichstag must have a voice in deciding the fate of the treaties.

Baron Von Hertling, clerical, said the treaties would require the assent both of the Reichstag and the Bundesrat.

Herr Van Heydelbrand, the conservative leader, who is called "Uncrowned King of Prussia," while defending the emperor's prerogatives, said that the treaties must be referred to committee for further discussion.

Herr Bebel, the socialist leader, demanded a constitutional amendment, specifically requiring that all colonial treaties shall be subject to the decision of the Reichstag.

## DUCK HUNT COMES TO A SUDDEN END IN RIO GRANDE

Roy McDonald, Charles Quier and Harry Johnson, left last night for a trip down the river in a boat to hunt ducks, and returned about two hours after leaving, soaked to the skin, with their equipment at the bottom of the river, and Charles Quier minus a handsome new \$125 Parker shotgun.

The cause of the waiting and the loss was the striking of a snag in the river and the capsizing of the boat.

Intent upon a splendid outing and expecting to return in a day or so with a big supply of ducks which are reported to be plentiful down the river, the three men boarded a boat in the river at Old Town yesterday afternoon and proceeded to paddle down the stream. With the coming on of dusk, they got below the bridge south of the city and the swift current rapidly carried them on to the banks of an island about a mile below the bridge. Just as they felt they had struck land, they were caught by a snag, the boat overturned, the whole equipment suddenly dumped into the bottom of the falling Rio Grande, and the three men plunged into the river, nearly up to their necks and wet to the skin. After great difficulty they managed to drag themselves out and obtain assistance in returning to town.

## SHAKE-UP OF NEW MEXICO INDIAN OFFICIALS

Commissioner Valentine Announces That C. J. Crandall Will Resign as Superintendent.

(By Morning Journal Special Leased Wire.)

Denver, Nov. 9.—Further changes in the Indian service are inevitable, according to Robert C. Valentine, commissioner of Indian affairs, in the department of the interior, who is here today.

"The New Mexico middle has been cleared up," he said, "but so far as the administration is concerned, and Clinton J. Crandall, superintendent of the Indian school at Santa Fe, N. M., will resign, H. F. Coggeshall, chief special officer of the Indian service, will be made superintendent of the Santa Clara pueblo, taking the place of Charles E. McChesney."

Mr. Valentine was emphatic in denying the charge that the liquor interests had gained control of the Indian bureau and said that the prosecution of men who sell liquor to the red men would be more vigorous than ever.

Mr. Valentine also stated that the resignation of William E. Johnson was voluntary.

## BLEACHED BONES MAY PROVE MURDER CHARGE

Pembina, N. D., Nov. 9.—A pair of old shoes containing the bleached bones of a human foot, were introduced as evidence today in the trial of Ernest Stewart of Winnipeg, former United States immigration officer, accused of murdering Philip Worral, a half-breed, Worral, an inmate of the detention home, stationed at Neche, disappeared in 1909 and a skeleton, alleged to be his, was found last March. Stewart was arrested in July and charged with the murder.

The prosecution sought to show that the shoes and also bones of red hair and pieces of wearing apparel belonged to Worral.

## Turks to Aid Countermen

Mexico City, Nov. 9.—Turkish residents throughout the republic have started a movement to raise a fund of \$25,000 gold as a contribution to help meet the expense of carrying on the war with Italy.

## Fraser to Reinforce Garrison

Paris, Nov. 9.—France has decided to reinforce the French garrison at Tunis which now consists of only 1,200 men. This determination has been reached by the government because of the recent Arabian outbreak there against Italian working men.

## LAS CRUCES CITIZEN MYSTERIOUSLY MISSING

Robert Dross, Former Banker and Prominent Elk, Wanders From Home, While Temporarily Deranged, is Belief.

(Special Dispatch to the Morning Journal.)

Las Cruces, N. M., Nov. 9.—Robert Dross, 60 years of age, and a prominent real estate man here, disappeared from his home Wednesday afternoon and has not been heard from since.

When last seen, Dross was about a half mile below the city and going south. Organized groups scoured the country about Las Cruces all last night in a vain effort to locate the missing man. It is reported that he was seen in a dazed condition, south of Las Cruces on Thursday morning. On receipt of this report a general alarm was sent in and more than two hundred citizens joined in the search, which was kept up all day without result.

The Elks, of which lodge Mr. Dross was a prominent member, have offered a reward of \$100 for the recovery of the missing man alive or dead.

Dross was at one time cashier of the First National bank here and also secretary of the Chamber of Commerce, which two institutions are taking an active part in the search. The supposition is that, during a fit of temporary derangement, the unfortunate man wandered away. His home life was ideal and there is no known reason why he should leave home if in full possession of his faculties. As he had an unusually large circle of friends and no known enemies, it is considered likely that he has met with foul play.

## THE GROWTH OF BIG CITIES.

It is hard to take seriously the contention of the New York Times, renewed recently, that New York's splendid growth in the decade from 1900 to 1910 was disappointingly inadequate, "only 38 per cent, instead of the customary excess of over 50 per cent." We pointed out on Tuesday that the percentage of increase between 1900 and 1910 was 38.7 per cent, while the percentage of increase for the territory now composing New York was only 37.1 between 1880 and 1900, and for New York city before consolidation was 25.6 between 1880 and 1890, 28 between 1870 and 1880 and only 15.8 between 1850 and 1870. In order to find a growth of more than 60 per cent in a decade it is necessary to go back to the period before the Civil war, when New York had less than one-fifth of the population which it has now.

When a small city starts out to become a big city it gains in the first stages of its progress naturally show largest in the percentage column. After it has achieved high rank as a center of population the rate of increase must steadily diminish, unless annexation of adjacent territory is resorted to. In view of this inevitable tendency to retardation in the rate of gain, the ability of New York to add 38.7 per cent to a population of 3,437,202, as it did in 1900-10, is far more remarkable than was its ability to add 57.8 per cent to a population of 513,547, as it did in 1880-80. No city in the world of more than 500,000 inhabitants can expect to have a normal growth in a decade exceeding 50 per cent. London's rate of increase has been declining steadily. Between 1901 and 1911 it was only 16.2 per cent. Paris, Berlin, Vienna, Tokio and St. Petersburg are all growing much more slowly than New York is. In fact, among cities of the first rank New York's increase between 1900 and 1910 is without a parallel. No great capital has ever pushed faster in the front since census worthy of the name have been taken.

If the Times thinks that this city's present rate of progress is lamentably inadequate, what will it say of the progress made between 1900 and 1910 by the American cities? In that period Chicago grew 28.7 per cent, Philadelphia 19.7, St. Louis 19.4 and Boston 19.6. In the list of cities of more than 500,000 population Cleveland is the only one whose gain exceeded New York's. Cleveland's percentage being 46.9. Instead of maintaining that New York's growth has been abnormally small, the Times, if it pays due attention to census statistics, ought to admit that it has been astonishingly large. We live in the one great city of the world whose advance in the last decade was abnormally accelerated. —New York Tribune.

## Campaign Against Convict Labor.

Atlanta, Ga., Nov. 9.—The necessity for an educational campaign to make the public familiar with the various union labels and the condition of the campaign against convict labor systems in various states, were emphasized in the annual reports of officers at the opening session of the American Federation of Labor, which met here today.

## Army Chiefs Go West.

Washington, Nov. 9.—Secretary of War Stimson, accompanied by Major General Leonard Wood, chief of staff, left tonight for Fort Leavenworth and Fort Riley, Kansas, where they will inspect the army service schools.

## TWO BURGLARIES COMMITTED LAST NIGHT

Burglars became active in the city last night and as a consequence two places were burglarized and quite an amount of valuable jewelry stolen.

The first criminal act reported to the police was that of Luis Gannin, proprietor of the club saloon and rooming house on First street. His place was entered at 8 o'clock yesterday evening. Mr. Gannin's room, at the front of the house, facing a porch and directly on First street, on returning to his room last evening shortly after 7 o'clock he found the window on the porch open and examination showed that his effects had been rifled and three gold watches, three plain gold rings, and a diamond stick pin, the jewelry having a value close to \$300, had been taken.

No clue to the thief could be found, so late last night Mr. Gannin reported the matter to the police.

The second burglary reported was that of the residence of Dr. M. K. Wylder on West Central avenue. It is believed the house was entered about 8 o'clock last night. A diamond stick pin and \$1.50 in money was taken.

The stolen property belonged to Dr. Wylder's brother, Earl Wylder, and the officer is trying very hard.

No clue to the burglars was found in this instance. The matter was reported to the police and a thorough search of the city was being made last night to apprehend the offenders.

## Mexican Runs Amuck.

Fort Worth, Tex., Nov. 9.—M. Davis, of Kansas City, E. H. Donahue, of Fort Worth and Charles Kimberly, of St. Louis, were stabbed late tonight by an unknown Mexican who ran amuck in the business district of Fort Worth brandishing a large knife and shouting as he slashed a pedestrian, "Die, you American dog." The Mexican escaped. Davis and Donahue were dangerously wounded.

## "War Between the States."

Richmond, Va., Nov. 9.—The United Daughters of the Confederacy in convention today called upon the United States government to substitute the term "War Between the States" for "Civil War" and "War of the Rebellion," all official references to the struggle of the sixties.

## War Between the States.

Washington, Nov. 9.—Secretary of War Stimson, accompanied by Major General Leonard Wood, chief of staff, left tonight for Fort Leavenworth and Fort Riley, Kansas, where they will inspect the army service schools.

## FINANCE AND COMMERCE

## Wall Street.

New York, Nov. 9.—Wall street's view of the acceptance by the court of the American Tobacco reorganization plan was registered emphatically today in the stock market. Securities were purchased confidently in large amounts. Prices rose extensively in every quarter of the market.

While the American Tobacco stocks and bonds were strong, their movements were not so pronounced as those of the more active issues. United States Steel was the most conspicuous figure, rising more than five points to 62 7/8.

Transactions in this stock were on an enormous scale, with a total for the day of 421,000 shares. The stock was particularly sensitive to the dissolution suit instituted against the United States Steel corporation and the demand for these shares seemed to be almost limitless.

Gains were general throughout the list. Union Pacific rose to 112 1/2, a gain of nearly five points. Lehigh Valley, American Smelting and International Harvester rose four points or more. Reading and Amalgamated Copper more than three and other active shares from two to three points. Trading was on a much larger scale, with a total for the day of well above a million shares.

Reports of much greater activity in the steel trade continued to come in. Several contracts for steel rails are under negotiation, it was said. A declaration of an extra dividend on National Biscuit was followed by a rise of the stock to a new high record. Passing of the dividend on American Cotton Oil had been predicted for some time and the stock which rose two points early in the day, did not fall below yesterday's close.

London trading was estimated at about 35,000 shares, chiefly buying. United States Steel, Reading, Union Pacific and Rock Island were traded in most heavily for foreign accounts. Closing stocks:

Trading in the bond market was on a larger scale. Bonds generally showed pronounced strength. Total sales for value, \$6,378,000. United States bonds were unchanged on call.

## Chicago Board of Trade.

Chicago, Nov. 9.—Snow and cold stopping threshers in the Canadian northwest and making farmer offerings lighter at elevator points in the spring crop states gave a life to the price of wheat. The close was steady at a net advance of 5-8 to 1-8. Latest figures showed corn 18-16, fifteen off to 1-8; up; oats 1-4 to 1-4 1/2 higher; hog products 17 1/2 to 25c higher.

Wheat finished at nearly the top point of the day. In addition to the effects to the northwest storm, an improved demand for winter wheat, flour appeared to be an underlying cause of strength. The chief immediate influence was the covering of considerable quantities of short wheat in a pit that had previously been well sold out.

Sentiment in favor of the bull side received more or less impetus from talk of large sales of cash wheat pending though no such transaction was reported brought to completion. December swung from 93 1-4 to 94 1-4, closing 1-8 up at 94 3-8.

There were apparently big resting orders to buy corn at a shade below the market and there were equally liberal offers to sell at a little over the market. December ranged from 62 7/8 to 63 1-2 and closed steady at 63 1-4, a gain of 1-8 net. Cash grades were in moderate demand but lower. No. 2 yellow was quoted at 73 1/2 to 74c.

Firmness developed in oats, largely because car lot arrivals here exhibited some falling off. High and low limits touched for the December delivery were 46 7-8 and 46 1-2 with the close 1-4 to 3-8 net higher at 46 3-4 to 7-8c.

Provisions had the steepest advance in weeks. Values rose more on account of the scantiness of pit supplies than as a result of any important buying. At the end of trading pork was 25c up and other products, 15c to 17 1-2 to 17 1/2 to 1-2c higher.

## The Metal Market.

New York, Nov. 9.—Standard copper firm; spot and November, \$12.15 to \$12.35; December, \$12.20 to \$12.40; January, \$12.25 to \$12.50; February, \$12.20 to \$12.55. London steady, spot 56, 118 3/4; futures, 57 5/8. Arrivals reported at New York today, 245 tons.

Lake copper, \$12 1-2 to \$12 5-8; electrolytic, \$12 1-2 to \$12 5-8 and casting, \$12 1-4 to \$12 3-8.

Lead dull, \$4.25 to \$4.30 New York; \$4.10 to \$4.15 East St. Louis. London, 15 1/8 to 15 9/16.

Spelter dull, \$6.20 to \$6.50 New York; \$6.10 to \$6.40 East St. Louis. London, 26, 15s.

Antimony dull; Cookson, \$8.00 to \$12 1-2.

Bar silver, 56 1-2c; Mexican dollars, 46 1-2c.

## St. Louis Spelter.

St. Louis, Nov. 9.—Lead firm, \$4.15 to \$4.17 1-2; Spelter firm, \$6.20.

## St. Louis Wool.

St. Louis, Nov. 9.—Wool unchanged; medium grades, combing and clothing, 20 1-2 to 21c; light fine, 15 to 19c; heavy fine, 12 to 15c; tub washed, 26 to 30c.

## The Livestock Markets.

Kansas City Livestock. Kansas City, Mo., Nov. 9.—Cattle—Receipts 5,000 head, including 800 southern; market steady to strong. Native steers, \$5.25 to \$9.00; southern steers, \$3.75 to \$5.25; southern cows and heifers, \$2.75 to \$7.00; stockers and feeders, \$2.75 to \$6.00; bulls, \$3.25 to \$4.75; calves, \$3.00 to \$7.00; western cows, \$2.75 to \$5.00.

Hogs—Receipts 13,000 head; market steady to strong. Bulk of sales, \$5.75 to \$6.30; heavy, \$6.25 to \$6.55;

Provisions had the steepest advance in weeks. Values rose more on account of the scantiness of pit supplies than as a result of any important buying. At the end of trading pork was 25c up and other products, 15c to 17 1-2 to 17 1/2 to 1-2c higher.

A number of governors, congressmen, judges, college presidents and other prominent leaders of thought throughout the country, have united in a call for a national conference, to meet at Washington, D. C., December 12 to 14, 1911, to consider the growing evils of the inter-state liquor traffic.

The governors of the various states have appointed delegates to this conference which is to consider this matter, and recommend to congress suitable legislative relief. Governor W. J. Mills has appointed the following delegates from the state of New Mexico: Chief Justice William H. Pope of Roswell, Associate Justice Clarence J. Roberts of Raton, Judge A. L. Morrison of Santa Fe, Dr. E. McQueen Gray, president of the state university, Ex-Governor E. S. Stover, and James I. Seder of Albuquerque.

Dr. W. E. Garrison, president of the Agricultural college, Mesilla Park; Prof. C. M. Light, president of the Normal school at Silver City; Dr. F. H. H. Roberts, president of the Normal university at Las Vegas; J. H. Wason, Esq., Tucuman; C. A. Shipley, Esq., Artesia; Hon. A. C. Heard of Carlsbad, N. M.

support this church movement for the deepening of the spiritual life of the city and the quickening of the Christian fellowship of the churches. The general public is cordially invited to attend the various churches and to bring their friends with them.

W. H. Bailey, agent of the Bert Levy theatrical circuit is in the city conferring with Manager Joe Scotti of the Crystal.

Secretary Nathan Jaffe of the territory of New Mexico, passed through the city yesterday en route to Santa Fe after having been to his home in Roswell to vote.

J. G. Chavez, one of the veteran claim agents of the Santa Fe system, who now resides at Los Lunas and is a pensioner of the Santa Fe company, was in the city yesterday.

A temporary change in the personnel of the clerical force in the Alvarado has been made owing to the temporary absence of Day Clerk A. S. Good in El Paso. In consequence Jefferson Davis, manager of the lunch room, has been placed behind the desk in the day time.

**HUGE RATIFICATION MEETING PLANNED MONDAY NIGHT**

Governor-Elect McDonald, Ex-Governor Hagerman and Others to Deliver Addresses at Elks Theater.

A huge ratification meeting in celebration of the overwhelming victory of the democratic-progressives in the election of November 7, will be held in Albuquerque Monday night. This was decided on yesterday and a committee on arrangements consisting of D. A. Macpherson, M. Mandel, Ivan Grunfeld, J. J. Korber and John S. Beaven was appointed to prepare the program and arrange details of the big rally.

The plans have progressed far enough to predict that the ratification meeting will be the most enthusiastic and largest ever held in New Mexico. Hundreds of visitors are expected from Santa Fe, Las Vegas, Belen, Deming, Vaughn, Clovis, Las Cruces and Roswell which, with the several thousand from Albuquerque, who will join in the celebration, will make it a roaring affair.

The big doings will open with a torchlight procession and automobile parade, in which half a hundred motor cars will take part, together with many hundreds of mounted men and hundreds on foot. There will be lots of red fire and fireworks. Two bands will furnish music during the procession and these later will play at the Elks theater, where the speaking will take place.

Among those scheduled to deliver addresses are Governor-elect McDonald, former Governor Herbert J. Hagerman, former Governor Miguel A. Otero, Colonel George W. Prichard, A. Jones, chairman of the democratic state central committee, N. H. Laughlin, secretary of the state central committee, and others.

Every man on the successful state, congressional and legislative tickets, as well as those on the Bernalillo county ticket, will participate in the rally.

The meeting will not be exclusively for those who were elected and for the ones who made their victory possible by voting for them, but will be a rally in which everybody is invited to participate.

**DENNIS CHAVES WEDS MISS IMELDA ESPINOSA**

Dennis Chaves, a member of the engineering corps of the city of Albuquerque and a prominent young democratic politician, surprised his friends yesterday morning by celebrating the victory of the democratic ticket in New Mexico by getting married. He chose as his mate Miss Imelda Espinosa, the charming daughter of Dr. Aurelio M. Espinosa, professor of Spanish at the University of California, and formerly professor of Spanish at the University of New Mexico.

The young couple were married in the presence of a few friends yesterday morning by Rev. Father A. M. Mandalar, and left immediately afterwards for Denver to spend their honeymoon. After a trip of several weeks the young couple will return to Albuquerque where they will make their home.

Zapata Prepares to Surrender. Cuernavaca, Mex., Nov. 8.—An order was sent today by the rebellious Emiliano Zapata to his chiefs to permit the repair of railroads and telegraph and telephone lines in the territory they dominate and to refrain from further molesting them. This is looked upon as a preliminary to the surrender of Zapata as foretold by Madero prior to his inauguration.

from Pacific to Garfield avenue on Elsie street. The report was adopted and the water company ordered to lay the main.  
Lights were ordered placed at the intersection of Pacific avenue and Second street, and at Lewis avenue and William street.  
Of considerable significance, perhaps, was the adoption by the council of a resolution directing that the citizens' committee, which has been investigating the various forms of commission government make an immediate report, which report the council will consider at a special meeting.  
Among several petitions presented and referred to the proper committee, was one asking permission to establish and maintain a cemetery south of the city on land extending from Broadway east to the foothills. It is understood that if the petition, which as referred to the board of health for examination and report, is granted, that a cemetery to be made in time a beautiful burial ground, will be established by the petitioners and others who will form a corporation to maintain and operate said burial cemetery.  
Monthly reports of the city clerk, city marshal, city chemist, chief of the fire department, building, plumbing and electrical inspector, and treasurer were presented and referred.

**CROPS THIS YEAR BRING BETTER PRICES**

Farmer is Compensated For Shortage in Production By Higher Quotations; Flax Only Grain That is Cheaper.

(By Morning Journal Special Lensed Wire.)  
Washington, Nov. 9.—The decreased production in crops this year as compared with last year is being compensated to the farmer of the country by the larger prices they are receiving as shown by figures given out today by the department of agriculture. The aggregate production of crops in 1911, it is estimated is approximately 1,900 percent less than the crops of 1910, and above four-tenths of one percent less than the average production of the preceding five years.

Corn was worth 12.1 cents more per bushel on November 1, than on the same date last year; wheat, one cent; oats, 5.9 cents; barley, 25.6 cents; rye, 11.5 cents; buckwheat, 7.1 cents; and potatoes, 20.3 cents, while the value of hay was 2.6 cents a ton greater. Flaxseed, the only grain in which an increase was reported this year, is 19 cents cheaper this year than last.

**SALVATION ARMY DOING GOOD IN CITY**

During October Fifteen Hundred People Were Addressed at Open Air Meetings; Income Exceeded Expenditures.

The Salvation Army report for the month of October shows a commendable amount of work done by that corps under the direction of Captain Wendell. There were thirty-five open air meetings held, with an estimated attendance of 1,500. Forty meetings were held in the hall with an attendance of 150. The Sunday school shows sixty in attendance, and four meetings were held in the jail.

Three hundred and twenty-five garments and shoes were distributed to the needy, while sixty meals and lodging were dispensed. Sixty-five loaves of bread were given to the needy. The War Cry, the official organ of the Salvation Army, was well circulated during the month, 750 being sold, an average weekly sale of 150; while sixty Spanish and Italian War Cris were circulated, and 100 copies of the Young Soldier. Sixty papers were given away in the jail. The income of the corps was \$128.12, and the expenditures \$112.76, leaving a small balance on hand. The number of professed conversions is given as nine.

Captain Wendell wishes to express his gratitude to the people of Albuquerque for the assistance he received during the month.
