## WHARVES LIE IN ASHES

Flames Devour Five Million Dollars Worth of Property at New Orleans.

## TWO SHIPS BURNED

Illinois Central Railroad is Heaviest Loser and Company's Officials Announce That It Will at Once Rebuild.

New Orleans, Feb. 27.—With the fire that destroyed its immense export terminals still burning, though beyond the power to do further damage, the Illinois Central Railroad today announced that it would rebuild immediately on a more elaborate and substantial scale than before.

Conservative estimates figure that the loss by fire will be \$5,000,000. The wharves destroyed covered 4,050 feet, over a distance of ten blocks. Of this wharfage 3,500 feet and what it contained, were destroyed, the remainder at the upper end of the terminals being saved through the fact that the wind blew strongly in the opposite direction.

Apparently no lives were lost in the fire, though there were many narrow escapes. The fire started in Conveyors Elevator D. It spread with remarkable rapidity, the sparks dropping into oil barrels on the wharf and extending the flames in every direction. Ten ships were lying at the docks when the fire started and all except two escaped. In addition to the railroad property the fire destroyed the Crescent Ice Company plant, many small stores and large number of small residences.

## PEABODY OR ALVA ADAMS

Denver, Feb. 27.—Printed copies of the briefs of the findings of the counsel for James H. Peabody and Alva Adams in their gubernatorial contest were today placed in the hands of each member of the committee which began the consideration of its report which will be submitted to the joint assembly on Thursday next. The Peabody brief claims his election by 2,433 votes, this result being reached by throwing out all of the precincts in which fraud is alleged. The Adams brief claims his election by 6,955 votes, after eliminating all precincts in which the fairness of the election has not been proven.

## HIS EXPENSE CLAIM FALSE

Washington, Feb. 27.—Voting on the impeachment case of Judge Swayne began at 10:10 o'clock today on the first article, which charged Swayne with certifying a false claim for expenses. The vote stood 33 guilty, to 29 not guilty.

The vote on the second and third articles, being similar charges, were practically the same. On the fourth and fifth charges, relating to Swayne's use of a private car on the Jacksonville, Tampa & Key West Railroad, the vote was: Guilty, 13; not guilty, 69. On the sixth count, charging that Swayne is a non-resident of his district the vote stood: Guilty, 31; not guilty, 51.

## A SCRAP IN CONFERENCE

Senator Bailey Caring Little for New Mexico's Statehood Aspiration Offers Amendment to Let in Oklahoma and Indian Territory.

Special to the New Mexican.

Washington, D. C., Feb. 27.—The conference committee on the amended Hamilton statehood bill is scrapping hard, and the members are taking every advantage possible, to get their own views adopted in the report. It is probable that the committee will report tomorrow. Neither the Beveridge crowd nor the friends of New Mexico and Arizona have as yet the advantage. The Texas Congressional delegation in the House of Representatives, which to a man is friendly to single statehood for New Mexico, is very indignant at Senator Bailey for slapping it in the face by announcing on Friday that he would vote for the Hamilton joint statehood bill to give Oklahoma and the Indian Territory one state and New Mexico and Arizona one state. Senator Bailey's move means that he only cares for Oklahoma and the Indian Territory and is willing to let New Mexico go.

Senator Bailey's Amendment.  
Washington, Feb. 27.—Senator Bailey today introduced as an amendment to the Indian appropriation bill, a bill for creating one state of Oklahoma and Indian Territory.

## GENERAL GORSKY IS WOUNDED

St. Petersburg, Feb. 27.—A dispatch from General Kuropatkin, dated yesterday, says: "The enemy is continuing the offensive against the front of our Tsinik Hetchen detachment and has turned both of its flanks. The Japanese have advanced against Kantai Pass, turning our left flank, but all of their attacks on the Tangu and Beydaling have been repulsed. At some of the outposts the riflemen from the Japanese outposts to retire. Colonel Gorsky was severely wounded."

Are Shelling Mukden.

New Chwang, Feb. 27.—Via Tien Tsin.—According to a person who has just returned here from the front, the Japanese are shelling Mukden with eleven-inch mortars. The bombardment which was recently commenced is further reported to have caused great damage far behind the Russian lines. Advice from Chinese sources say that a general engagement is in progress all along the line. The heaviest fighting is reported to be occurring on the Japanese right and General Kuroki is said to be sweeping far north and threatening to crumple the Russians back on the railroad. A special force is reported to be moving from the south and east with the intention of cutting off the Russian communication by railroad with Vladivostok.

Russians Lose Heavily.

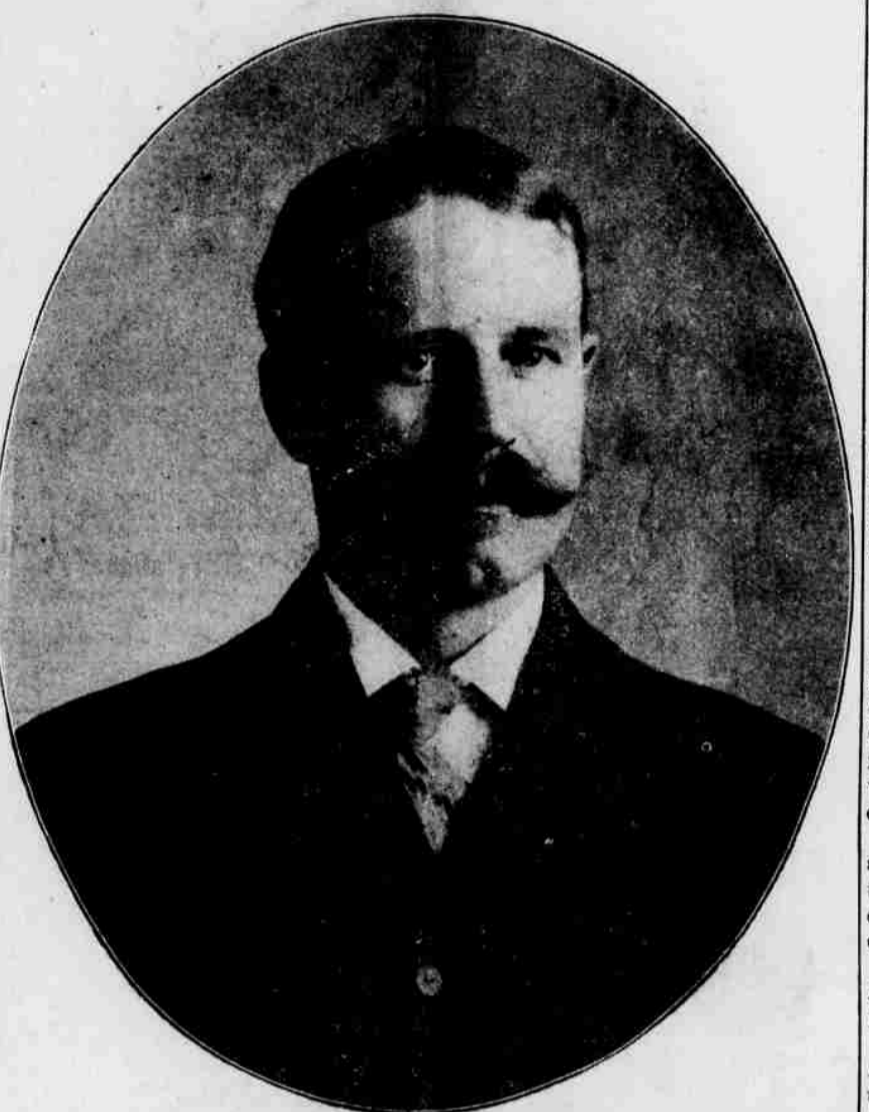

Madayadani, Manchuria, Feb. 27.—After fighting of a most desperate nature the Russians remained yesterday evening in possession of the Che and Da passes against which the Japanese have been flinging themselves madly from noon until dark. The Russians, who were greatly outnumbered, sustained repeated attacks, some units losing as high as seventy per cent in killed and wounded in hand to hand fighting with the bayonet.

Reduced in Rank.

St. Petersburg, Feb. 27.—Yielding to the demand of the United States, Russia has not only referred the officers of the cruiser Lena, who violated their parole, to return to San Francisco, but has reduced them one degree in rank as punishment. The only excuse offered was their youth.

## MEN OF THE HOUR IN NEW MEXICO

BERTRUM GRANT LYNCH,  
Member of the House of Representatives, 36th Legislative Assembly From San Miguel County.

## REPRESENTATIVE A RAILROAD ENGINEER

Bertrum Grant Lynch, who is a representative in the Assembly from the county of San Miguel, is a young man, His birth occurred February 6th, 1875, at Edwardsville, Wyandotte County, Kansas, where he lived until he was twenty-four years of age. He received a good public school education in his native town, passed through the high school at Chanute, Kansas. Having a taste for railroading, as soon as he was old enough he entered the railway service as a fireman and after due service became a locomotive engineer, a position which he fills today on the New Mexico division of the Santa Fe Railway System.

His father, J. B. Lynch, was a resident of Kansas for many years, was one of the leading Republicans of the Sunflower State and served creditably as warden of the state penitentiary under Governor Morrell's administration. Naturally, his son was born and bred a Republican and today is a staunch and as true a believer in and supporter of Republican principles as any citizen in this country. Mr. Lynch is a trustworthy and competent locomotive engineer, who enjoys the respect of his superiors, and the friendship and good will of his associates in the railway service. As a citizen he stands very well in his community. He is an honorable man, faithful and energetic in the performance of every duty and always loyal to the interests confided to his charge. He was elected to the Assembly upon the Republican ticket from his county last November by a very handsome majority. In the Assembly he has done his duty manfully and honestly, acting upon his convictions and doing in legislation what he thought was best for the people of the Territory, and always guided by the desires and wishes of his constituents and his own good sense of right, fairness and justice. He is chairman of the important committee on roads and highways and as such did yeoman work in procuring the passage of the Winters-Lynch Scenic Highway Bill, providing for a scenic highway between this city and Las Vegas and north to the Raton Mountains. He is an influential member of several important committees and while not an orator makes himself felt in committee and legislative work by his sound good sense, knowledge of affairs and ability to do work. All in all Mr. Lynch is making a very creditable and energetic representative and the people of San Miguel County did well in electing him to this honorable position.

## REMARKABLE MAN PASSES

George Sewell Boutwell One of the Founders of the Republican Party, is No More.

Groton, Massachusetts, Feb. 27.—After an illness of only a few days, George Sewell Boutwell, former Governor of Massachusetts and former United States Secretary of the Treasury, died at his home here today, aged 87, of pneumonia.

For more than sixty years, Boutwell had been in public life. He was one of the founders of the Republican party and a personal friend of Abraham Lincoln. Boutwell was among the most prominent opponents of the Spanish War. In fact, so strong was his conviction that after war was declared, he left the Republican party and with the formation of the anti-Imperial League, he became its president, which office he held at the time of his death.

Sunk By Ice.

Cairo, Illinois, Feb. 27.—The ferryboat, Katherine, which piles between Cairo and Birds Point, was struck today near here by a large piece of ice and sunk in several feet of water. Many passengers were aboard and a panic followed. All the passengers, after much difficulty, were taken off in safety.

## LEGISLATIVE ASSEMBLY

PETITIONS AND MEMORIALS...

Council Joint Memorial No. 6, by Mr. Read, to the Secretary of the Interior, to be referred to the Commissioner of Indian Affairs, asking that the Navaho Indians of the Territory be not allowed to take up all the waters within twenty miles of their reservations and that they be not allowed to break the game laws of this Territory outside the limits of their reservations. Under suspension of the rules Council Memorial No. 6, was read by title the second time and was ordered translated and printed. Under further suspension of the rules, Council Memorial No. 6, was read by title on third reading and was passed.

The chair laid before the Council a communication from the Secretary of the Interior relative to the Council's protest against the passage of House Bill No. 1793, in its present form, accompanied by a report of the proceedings of Congress in this matter to February 15th.

The Committee on Counties and County Lines, reported on House Bill No. 39, An Act allowing counties not having court houses to levy a tax for court house building purposes, recommending its passage as amended by the committee. The report was adopted. House Bill No. 39, was read by title the third time and was passed.

## RUGBY OF NEW MEXICO

Military Institute at Roswell a Boon to Boys of the Territory.

## A PROBLEM SETTLED

This Excellent College Answers the Perplexed Parents' Query of What to Do With a Growing Son.

The Boy—the most perplexing problem of the day. How to train him physically and mentally, that is the question that puzzles the father and the mother everywhere. New Mexico has offered one successful solution to the problem by establishing and maintaining the New Mexico Military Institute at Roswell. The only pity is that financial limitations compel it to refuse admission to more than 120 boys. It should accommodate 1,200 boys and it would do the commonwealth a power of good if every one of its 30,000 boys could have several years of training at this model school whose motto, "a sane mind in a healthy body," holds up the highest ideal of education.

Military schools for boys are almost as old as civilization but it is wonderful how the idea has expanded of late years, how New Mexico especially, has built up a successful military institution of learning from a small, inauspicious beginning. But the success lies in the idea itself. The school has made strong, well balanced, energetic men out of material that at times appeared, to say the least, unpromising. Take a puny and backward boy and make out of him a strong, healthy, soundly educated man who can take his own part in the world and you have wrought a great work, a masterpiece, second to no marble bust of Phidias or canvas by Rafael. And that is precisely what the Military School has done, and is doing. The place of such a school in any commonwealth need not be pointed out; it is self-evident that it should be the model and inspiration for every public and private school in the Territory.

The Military Institute at Roswell is positively successful in an administrative way. Comparisons are invidious, but the fact is that the trustees of the Military Institute have accomplished more with a little than have the trustees of all other Territorial institutions. The appropriations given this school have been less, rather than greater, than those given most of the others. But, by charging tuition, by careful management, sufficient was saved every year to pay for the construction of building after building until now the value of the real estate alone is as much as the Territory has ever expended upon the school. The Institute has been blessed, in addition, with an energetic faculty from its very beginning. Its present commandant, Colonel J. W. Willson, is not only a man of culture, a successful teacher, an inspiration to the boys, but he is a thorough business man, a good manager, a hustler. Under him the school is flourishing as it has never flourished before.

The location of the school in the rich Pecos Valley at the growing, modern town of Roswell, is an item decidedly in its favor. The climate is salubrious, the sanitation good, the surroundings pleasant. The buildings are well arranged upon a large campus that crowns a plateau that looks down upon the business part of the city. Scattered over this same plateau are the finest farms and some of the prettiest homes in New Mexico. The elevation is 3,700 feet and the sun does business almost every day in the year. There is only one sunnier spot in New Mexico and that is Santa Fe. You can appreciate what that means to a boy. It means outdoor exercise the year around and when such exercise is under the trained supervision of a faculty of seven bright men who make the training of boys their business and their only business, then it must spell "Health" with a capital H for the pupils. During the six years that the Institute has existed there has not been a case of serious illness among the students. However, delicate students are not solicited and the candidate for admission must stand a physical examination. The Territory of New Mexico maintains no sanitarium for consumptive boys and the parent who sends his boy to the Military Institute is assured that his companions will not be of the kind that will communicate disease or frailty to him.

But not only from a physical standpoint is the student taken good care of. The course of study is thorough and comprehensive although all unnecessary frills upon which so many schools waste their time, are cut out. The school is especially strong in mathematics, English and Spanish and the students are given a thorough course

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

WHO WILL SET THE LIMIT?

Somehow, Uncle Sam's experts are fearful about the future of New Mexico. A statement by the director of the Geological Survey given wide circulation says that there are only five feasible reservoir projects in New Mexico, that of the Elephant Buttes, the Rio Hondo, the Urton Lake, the Las Animas and that of the Gallinas, and that the best that can be done for this Territory is the reclamation of 750,000 acres of land, and ergo, New Mexico can never hope to support a greater population than 1,000,000 people. Suppose these statements were true, the absurdity of leaving mining, manufacturing, railroading and climatic advantages out of the calculation when speaking of the future development and growth of the Territory is apparent. But there are more than five feasible reservoir projects in New Mexico and there is a possibility, yea, a probability, of the reclamation of more than 750,000 acres in the Territory. Some time ago, the New Mexican showed how with small reservoirs and pumping plants 250,000 acres can be reclaimed at a moderate cost in Santa Fe County alone, and Santa Fe County comprises less than one-fiftieth of the area of the Territory. There are quite a number of streams in New Mexico today, of which not one half of the ordinary flow is utilized for irrigation and there are several million acres that can be reclaimed with pumping plants. Then there are sections in Roosevelt County, on Johnson's Mesa, on the Boreas Mesa, in the Sacramento and White Mountains and elsewhere that need no irrigation at all, where the rainfall is sufficient for the cultivation of thousands of acres. The Department of Agriculture is making experiments which promise much that will lead to the raising of crops on land now considered arid and unfit for cultivation. When it comes to speaking of present conditions, it will do to set limitations, but as to future possibilities even the Geological Survey is upon uncertain ground, for there is no limit in sight to the possible future development of the southwest. Because five reservoir projects have after investigation proven to be feasible is not proof at all that there are not other feasible reservoir projects and that agriculture must in the future be confined to those valleys or mesas reached by the ditches from those five reservoirs. The Geological Survey should not play the ostrich.

THE NEW MEXICO MILITARY INSTITUTE.

The idea that the New Mexico Military Institute seems to make soldiers out of boys is erroneous. The Institute is a higher institution of learning maintained by the Territory for the special benefit of the 30,000 boys of New Mexico. It is called "Military," because it pays attention to physical development, because the military discipline and the military virtues underlie its system of training. Strong men, with sane minds in healthy bodies, are the graduates of the Military Institute and every man knows how much this means toward success in life. A military life is a systematic life. There is nothing haphazard, no dawdling about its duties. Play, study and training, moral, physical and mental, are systematic and thorough and the graduate of the Military Institute makes not only a good soldier but also a good business man, a good mechanic, a good student. The institution carries out specifically what ought to be the general, underlying principle of any system of education, be its limit the primary school or be it the University and professional school. For that reason, the Military Institute is an important, an essential part of the educational system of the Territory and the fact that it has been so successful than had been anticipated is so much the more reason for its being on the part of every citizen and its for it the most liberal support by commonwealth.

NO OCCASION FOR HYSTERICS.

New Mexico's Don Quixote, who is constantly fighting windmills at Washington, has grown hysterical over a proposition to locate a leper colony in New Mexico. While the thought of having a leper colony within a hundred miles of any settlement is sort of gruesome, yet lepers have been kept in quarantine for months at New York, San Francisco and other ports within a stone's throw of densely inhabited portions of cities and no harm has resulted. The location of sanitarium at first seemed as repellent an idea as a leper colony, but New Mexico has discovered that instead of harm, it has done the Territory great good both as to the amount of money expended here and as to the advertisement given the Territory's climate, not to speak of the lessons taught as to the proper treatment of consumptives. The number of lepers in the United States today is not 300 and if Uncle Sam sees fit to expend a hundred thousand or a million dollars at some isolated spot in the wide expanse of New Mexico to plant a leper colony no harm will result to a single citizen or interest of the Territory. Lepers will not be permitted to run at large, to spread their contamination, and if New Mexico's climate restores them to health it would be cruel indeed to deny them its boon, especially since no possible harm to New Mexico can result. New Mexico is hankering after a leper colony, as little as Santa Fe would want a glue factory, but after all, there is no cause for great alarm, and a leper colony is worse in degree only to a Fraternal Sanitarium which proposes to herd 15,000 consumptives of all kinds in one spot. Yet the towns of New Mexico are falling over each other to secure that sanitarium within their very confines, while they shrink in dismay at the thought of a leper colony planted somewhere in the Mal Pais or on the Chaco Mesa.

NEW MEXICO SHOULD FOLLOW SUIT.

The Missouri legislature is about to pass a good roads law, whose provisions, while hardly applicable in New Mexico, yet show that other commonwealths are in real earnest about the construction of good roads. The bill provides for local option and the election of a board of road commissioners in each county in the state. These commissioners shall apply to the state for a corps of engineers to lay out a road district whenever called upon. The contract for the proposed roads shall be let by the county commissioners to the lowest bidder. Payment for the road construction will be placed as a tax on the acreage abutting on the road and running back two miles. The sum of \$125,000 is to be appropriated as a fund out of which the engineers who lay out the roads to be built under this act are to be paid. New Mexico, too, should have a good roads act of whose provisions those counties that are progressive might avail themselves.

THE INSURANCE COMMISSIONER-SHIP.

The Las Vegas Optic in commenting upon the suggestion of the New Mexican that Catarino Armijo of Las Cruces would be a very proper man for the appointment of insurance commissioner under the new insurance law, suggests Colonel Venecio Jaramillo, of El Rito, or George A. Fleming, assistant secretary of the Territory, for the position. As far as the New Mexican is concerned, either of these two would certainly do very well in case the appointment should not be given Mr. Armijo. The New Mexican has carefully viewed the situation from every standpoint and believes Mr. Armijo's appointment would be the best for the people in every particular and certainly a superior one from a political standpoint. Should the Governor appoint Mr. Armijo, the New Mexican, naturally, will feel greatly pleased. Should the choice fall upon either of the two names suggested by the Optic it will be satisfied.

Here is another gem from President Roosevelt, which, while it takes a little thought to fathom, is worth the while remembering: "It is neither the conscientious man who is a craven at heart, nor yet the bold and strong man without the moral sense who is of real use to the community; it is the man who to strength and courage adds a realizing sense of the moral obligation resting upon him; the man who has not only the desire but the power to do his full duty by his neighbor and by the state. School education can never supplant or take the place of self education; still less can it in any way take the place of those rugged and manly qualities which we group together under the name of character, but it can be of enormous use in supplanting both."

The town of Juarez, Mexico, will this year expend \$170,000 for water works and a sewerage system. Juarez is not much larger, nor much more wealthy than Santa Fe but still it strives to remain in the procession of modern cities even at great financial sacrifice. A hint and a lesson to Santa Fe which takes two years to build a decent street crossing and a decade to rear a modern school house. In these strenuous days, if a town desires to be more than a whistling post its people must do more than try to lift themselves by their bootstraps.

Standard Oil stock has fallen from \$840 to \$600 per share, representing water to the amount of \$200,000,000. If a few scattered attacks from state legislatures can do this much, what would a concerted national movement directed against the Standard Oil interests accomplish? No wonder there was subdued excitement at the meeting of the directors of the Standard Oil Company at New York last week and the best legal talent in the country was summoned to attend the meeting. Even John D. Rockefeller begins to feel in his bones that a cold wave is coming that is bound to chill the water in more than one trust.

Roswell and Albuquerque are disputing which is the livelier city. It is unfortunate that Santa Fe is not in the class to be entered as one of the candidates for the honors at stake. But hope springs eternal in the human breast and the time may come when even the Ancient City will again be in position to claim honors as the largest, most prosperous and liveliest city in the southwest. That time would come sooner than expected if every property owner and business man would become an energetic, hustling member of the Board of Trade.

Should the statehood bill now pending in the Senate fail, it would be a very proper and correct thing for the present Legislative Assembly to provide for a constitutional convention for the state of New Mexico this summer. The best and most public spirited papers in the Territory are for this plan. The two Dromios, the Albuquerque Journal and the Albuquerque Citizen, oppose it, because, forsooth, it does not suit them, and will not bring dollars and cents to the sporting element of the Duke City.

The county commissioners of Chaves County will hold a special meeting at which a schedule for the assessment of realty and personal property will be made for the guidance of the assessor. An excellent idea, which the county commissioners of other counties might follow provided they are sincere in their desire to have property assessed as it should be and as it is assessed in Chaves County, which returns the largest per capita assessment of any county in the Territory.

When the late General Lew Wallace was governor of New Mexico, twenty-five years ago, he was a poor man as far as goods of this world go. He leaves an estate of half a million dollars, all made in the interval since then and mainly with his pen. Writing, if it is the kind that the public will buy, pays well and General Wallace wrote what was worth while reading, the great and only secret of success in literature.

This is the picturesque way in which Thomas F. Lawson puts it: "For the first time in the history of our country, a President of the United States was able to take by the throat the greatest business combinations and trusts the world has known and shake them until their teeth chattered and their backbones rattled like hung dried corn in a fireplace when the wind gets at it."

A plan, or rather device, to extract zinc from water has been patented and an experimental plant has been erected at Webb City, Missouri. It is probably in the same line as the machinery advertised several years ago as capable of extracting gold from sea water. The zinc mines of New Mexico need fear no competition from that direction for some time to come.

The Albuquerque Journal condemned the libel law before it knew what was in it and before it had the least understanding of its provisions. The same paper now condemns other measures passed by the Assembly or before it, without knowing what it is talking about. It is certainly not a safe adviser.

In the past nine years the Standard Oil Company has paid in dividends something like \$350,000,000. The New Mexican violates no confidence by saying that the passage of a coal oil inspection law by the New Mexico legislature has caused no panic among the Standard Oil securities on Wall Street.

The Albuquerque Citizen says that the salary of nearly all of the county officials has been increased by the present Assembly. This is not true, but that does not matter to the Citizen.

The latest bribery disclosures in the Indiana legislature have been made by a man whose first name is Ananias, a fact which would prejudice the average jury against his statements.

Santa Fe County must have a new and modern jail building and that this year.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

What Are They? Chamberlain's Stomach and Liver Tablets. A new remedy for stomach troubles, biliousness, and constipation, and a good one. Price 25 cents. For sale by all druggists.

"Go West,

Ranch it and rough it and you'll soon get rid of that weak chest and that hacking cough." That is what the doctor said to a young married man with a wife and child to care for and a modest salary to support them on. He couldn't go West. Love and duty tied him to his desk in the city.

People don't have to travel to cure coughs or strengthen weak lungs. Dr. Pierce's Golden Medical Discovery cures obstinate, deep-seated coughs, bronchitis, bleeding of the lungs, weakness, emaciation and other forms of disease which if neglected or unskillfully treated terminate fatally in consumption.

"I will write you what Dr. Pierce's Golden Medical Discovery has done for me," says George H. Reicher, Esq., of Dorton, Pike County, Ky. "Thirteen years ago I was wounded by a ball passing through my lung. I have had a bad cough almost ever since, with shortness of breath, and it was very easy to take cold; the slightest change of weather would cause me to cough to be so bad I would have to sit up in bed all night. Could not eat or sleep at times; was all run down; could not work at all. A few months ago I began using Dr. Pierce's Golden Medical Discovery. Have not used more than two bottles and now can eat, sleep, and work, and I feel like a new man. I cannot find words to sufficiently recommend Dr. Pierce's Golden Medical Discovery, or tell the good it has done me."

Dr. Pierce's Common Sense Medical Adviser in paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. The book has 1008 pages and over 700 illustrations. Address Dr. R. V. Pierce, Buffalo, N. Y.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

H. B. Holt, an attorney of Las Cruces, and who is a candidate for district attorney of the Third Judicial District to succeed W. H. H. Llewellyn, who was lately confirmed as U. S. attorney for New Mexico, was looking after his political fences here today.

C. T. Brown of Socorro, the well known mining engineer and expert, has returned to Socorro after spending two weeks in the Black Range and other parts of Sierra and Grant Counties on mining business. While out he was caught twice in heavy snowstorms.

E. P. Allen, wife and daughter, of Independence, Kansas, spent yesterday here viewing interesting sights. Mr. Allen is one of the big oil operators in the southeastern Kansas oil fields and left last night with his family to spend the remainder of the winter on the Pacific coast.

Surveyor General Morgan O. Llewellyn and George W. Armijo, chief clerk of the House, left this morning for Washington, where they will serve as aides on the staff of General Adna R. Chaffee in the inaugural parade on March 4th. Both were appointed by Governor Otero to represent New Mexico at the inauguration.

Sheriff B. C. Hernandez, of Rio Arriba County, is expected to arrive in Santa Fe on this evening's Denver & Rio Grande train to take charge of the two men who are charged with robbing the store C. L. Pollard & Company, at Espanola, last Monday night. The men are confined in the county jail here and refuse to discuss their case. They seem to realize that it is all up with them for a few years.

## MINOR CITY TOPICS

Mrs. A. M. Bergere is confined to her home on Grant Avenue by illness.

Santa Fe Lodge of Elks cleared a little over \$400 by the minstrel performance last week.

The train from the south and west on the Santa Fe arrived three hours late yesterday afternoon.

David Gonzales, engineer of the New Mexican Printing Company, is dangerously ill at his home on Upper Palace Avenue.

The volume of water flowing down the Santa Fe River is quite large showing that the snow is melting rapidly in the mountains.

The Ladies' Aid Society of the First M. E. Church has postponed the supper it intended to give on March 10th to March 16th.

Do not be deceived. These are only a few June days that have strayed into February. Spring does not come to stay until May.

The tie preserving plant at Las Vegas has closed down for an indefinite time. During the shut down extensive repairs will be made.

The last will and testament of the late Marcial Sena has been filed in the office of the probate judge and the hearing has been set for March 20th.

The Colorado Telephone Company has definitely decided to extend its long distance line from Las Vegas to Santa Fe and Albuquerque this summer.

Train No. 10 on the Santa Fe arrived at noon and the branch train left at 1 o'clock to make connections at Lamy with No. 2, from the south and west.

Sidewalks should be constructed in the Fort Marcy Addition by the city Board of Education. These are greatly needed and no time should be lost in providing them.

The penitentiary authorities are doing good work in the improvement of Palace Avenue. The city authorities should take heart and do needed work on other streets.

Born to Mr. and Mrs. Harry Benjamin, Albuquerque, a son. The event occurred Saturday, and mother and child are doing well.

The Denver & Rio Grande is experiencing trouble with high water near Embudo. It is reported that water to a depth of several inches is running over the track at that point.

The Capital City Club will give a dance at the Palace Hotel on the evening of March 7th. All members are requested to send names of those to be invited to O. C. Watson at once as cards will be issued March 1st.

All members of Company F, N. M. N. G., will report at the armory at 7:30 o'clock this evening with full equipment, for inspection and checking up government property. E. C. Abbott, captain commanding Company F.

The first public meeting of the Historical Society, will take place this evening in the chamber of the House of Representatives in the Capitol. The exercises are to be interesting and every one is welcome. The meeting will begin at 8 o'clock.

H. C. Hamill, of the surveyor general's office has purchased the furniture and removed into the residence of Captain W. E. Stover, on the south side, Captain W. S. Stover, on the south side, tomorrow for Washington, D. C., where they will make their future home.

Captain Thomas A. Brannigan received from his Las Cruces home last week a four-leaf clover, which had been picked from the field. Springtime in New Mexico is all the time and the good luck of the four-leaf clover is with its citizens.

There were no bids for the 15,000 acres of the Cebolleta land grant which were to have been sold on Thursday morning at the court house steps at Albuquerque by Special Master Harry F. Lee. Another date for the sale will

be set by the District Court.

Miss Hazel Pearl of Lincoln, Illinois, and Warren Morane, of Albuquerque, were married on Thursday evening by Justice of the Peace George Craig, twenty minutes after the arrival of Miss Pearl on Santa Fe train No. 1. The groom is in business at the Duke City.

Professor Perez's First Cavalry Band rendered an excellent concert yesterday afternoon in the plaza to a large crowd. For the first time in many weeks the seats in the park were occupied, it having dried sufficiently to make promenading possible there.

General Manager S. B. Grimshaw of the Santa Fe Central is taking all necessary precautions to protect the roadbed of the line against any possible danger from high water due to the melting snows. A work train and a large force of laborers are busy along the line between this city and Torrance.

In behalf of Santa Fe Lodge No. 460 B. P. O. Elks, the committee who had charge of the Elks' show, take this means of thanking the ladies, children, their parents, the gentlemen and in fact every one who assisted in making the performance the success it was. The citizens admit that it was the best amateur show ever given in Santa Fe, all of which is due to the talent secured and faithful work of those who took part.

The City Council should get a move on at its meeting Monday next, should provide measures for the construction of sidewalks heretofore ordered on several of the streets of the city. If the property owners are too selfish or too careless of the public good to comply with the ordinances made, the city should do the work and sell the paving certificates to defray the cost. There is no earthly excuse for the city administration to be backward and cowardly in this matter.

The Woman's Board of Trade, in response to several requests, has decided to give another of its popular and delightful dances at the Palace Hotel on March 2d. Tickets are now on sale at Fischer's and at Ireland's at \$1 apiece. It is hoped that there will be a large attendance, for the ladies always endeavor to make these dances as enjoyable as possible. Their efforts at present are directed toward the erection of a public library and they should have the support of all those who have the good of Santa Fe at heart.

Last evening the first of the series of Union services was held at the Presbyterian Church. A large congregation was present, taxing the seating room of the edifice. The sermon was by Rev. Sevier and he emphasized the fact that every day some soul could be saved if the Christian people of Santa Fe would just heed the "still small voice" and the promptings of their own hearts. The services tonight will be held at the Presbyterian Church, commencing promptly at half after seven o'clock, and will be conducted by Rev. Shively, of the Methodist Church.

R. C. Huber, deputy game warden for Santa Fe County, has returned from Estancia, where he brought complaint before Justice of the Peace Garrett against Antonio Salazar for selling venison. Salazar admitted having done so in ignorance of the law. Justice Garrett ruled that since the law specifically provides that the complaining deputy game warden must be a resident of the county in which he brings the complaint, and since Deputy Warden Huber was not a resident of Torrance County, therefore he could not entertain the complaint and discharged Salazar.

### DURING LEGISLATURE.

The Bon Ton has made a specialty of catering to the general trade, serving special dinners and private meals. The best on the market can be had at all times at this popular hostelry. Mr. Conway is always at the service of his friends and patrons.

There is a class of people in Santa Fe who trade only with the merchants who advertise their business in the home paper.

## BRIGHT WOMAN VISITS SANTA FE

Mrs. C. M. Hoover of Pueblo, Only Police Matron in Country Wearing a Uniform.

Mrs. C. M. Hoover, police matron of Pueblo, Colorado, arrived in Santa Fe Saturday afternoon via the Denver & Rio Grande and departed for her home by that road this morning at 11 o'clock. Her presence in this city is understood to have been due to a delicate private mission which may in part become a matter of public record some time later.

Mrs. Hoover is one of the pluckiest women in America and one of the women of whom Coloradans are most proud. For one thing, she is the only police matron in uniform in the United States, and the Police Matrons' Union of the country is considering the adoption for all matrons of the uniform which Mrs. Hoover originally designed.

Mrs. Hoover is one of the brightest women politicians of her state. She is chairman of precinct 11 of Pueblo, and carried it for the Republican party two years ago for the first time in the city's history. She also carried it for Peabody in the last election by a clear majority of twenty-three.

Previous to the last election she broke all Pueblo records of registration by registering 186 voters in a single day.

When appointed police matron by the mayor of Pueblo, Mrs. Hoover was not a candidate for the place, and did not know there was a possibility of this happening until she read of her selection in a newspaper one morning. The work was new to her, but she went at it in earnest and is was only a little time until it possessed for her an absorbing interest. She found herself in charge of those unfortunate women of her city who chanced to come under arrest and also the scores of bad boys taken from freight trains in straying from Denver and Cripple Creek. Her work calls her to the police station at all hours of the night yet never has she found it necessary to go armed. She always takes the women arrested into the jail herself, unaccompanied by any other officer. She is the mother of four bright children who find her just as faithful as though she did not have her hands full of outside work of a magnitude that would fully tax the capacity of most men.

## RUGBY OF NEW MEXICO

(Continued from Page One.)

In surveying, civil engineering, chemistry and other technical and bread and butter studies. The graduate who has taken advantage of the facilities of the Institute is not only in position to enter immediately upon a course of university study, or to go into business for himself but he is prepared for the duties of manhood and citizenship. He is bound to be successful if he applies what has been instilled in him by his instructors and their system as to morals, physical culture and education, one of the principal aims being the development of self reliance based upon knowledge.

Given more liberal financial support and greater public encouragement and the New Mexico Military Institute will accomplish for New Mexico what Eton and Rugby have done for England.

## TERRITORIAL TOPICS.

### Captain Cooney Sells His Sheep.

Captain M. Cooney of Socorro, has sold his sheep, 2,000 in number, at \$2.50 a head to W. H. Liles of Denver. Held on Charge of Horse Stealing.

James Gould was arrested at Lake Valley, Sierra County, last week, on the charge of horse stealing and in default of \$250 bail was lodged in the county jail.

### Otero County Looks Good.

Reports from Otero County indicate that the farmers and stockmen of that county will enjoy this year one of the best and most profitable seasons which they have had in several years.

### His Features Disturbed.

Walter Delavan while working with a well drilling machine near Hagerman, Chaves County, had his nose broken and his eyelids cut off by a crank that flew loose while he was bending over it.

### Roswell's Public Schools.

There are now 1,250 pupils enrolled in the Roswell public schools and twenty-seven teachers are employed. It was only two years ago that Roswell had only as many pupils enrolled as Santa Fe, or about one-half the present number.

### Sent Behind the Bars.

Pablo Garcia, known as a bad man in Socorro County, was lodged in the county jail at Socorro last week on the charge of assault and battery. Garcia has served a term in the penitentiary and has had several narrow escapes from being killed in brawls.

### A Big Land Deal.

Four thousand acres of land and cattle thereon near Hagerman, Chaves County, were last week sold by W. E. Washington to the Drumm Commission Company of Kansas City. The purchase price was \$210,000. Washington retained 3,000 acres, all under ditch, upon which he is erecting a fine residence. He will continue in the cattle business.

### Want to Be Rangers.

Petitions are being circulated in Grant County urging the appointment of Bailey Herring and Ira Walker upon the ranger force to be created in accordance with the new ranger law. They will also be appointed inspectors by the Territorial Cattle Sanitary Board. One will be stationed in the southwestern part of Grant County and the other in the northeastern part.

### Flood Damage on Gila.

Highwater in the Gila, Grant County, took out the head of the Sunset ditch, the largest and most important canal on the lower Gila. The river also changed its channel so as to take the place formerly occupied by the head of the ditch. The owners of the water right are now building a new canal in the solid rock taking their water out of the river above the old head.

### A Ham and Bacon Thief.

Manuel Lacombe, of Albuquerque, was arrested on Saturday evening on the charge of stealing 1,700 pounds of lard, bacon and ham from the Armour warehouse at the Duke City. A large amount of the stolen stuff was found in Lacombe's room. Lacombe had been employed lately in the sheep camps around Chilli and spent most of his time when unemployed in the suburbs of Albuquerque.

### Death of a Recluse.

T. Coke Silliman, who lived the life of a recluse the past twenty-three years in the Magdalena Mountains, died last week at Water Canon, Socorro County. Little was known of his life but he was a graduate of Yale, was a musician in the Federal Army during the Civil War and held official positions at Washington before coming to New Mexico. He was known as Judge Silliman in the neighborhood. Making Track Repairs Near Silver City.

The track of the Santa Fe Railway several miles below Silver City has been reconstructed on higher ground by Wood, Bancroft & Doty and the grading outfit was moved last week to Lake Valley for similar work. Another grading outfit is at work eight miles below Silver City building several miles of track in the low foothills to avoid the valley and washouts. A force of men is also digging out of the sand a steel bridge near Silver City that was washed out last fall. This work will take it several months to complete.

Split His Wife's Skull With a Hatchet. Accused with splitting his wife's skull with a hatchet and attempting to set fire to his house by kicking over a red hot stove, John Reynolds of Las Vegas is a fugitive from justice. On Friday evening Reynolds found a note addressed to his wife and signed "Will," which sent him into a jealous rage that resulted in the bloody deed. A few moments after he left, a neighbor, perceiving the odor of burning wood, went into the Reynolds house and extinguished the blaze. He found the woman unconscious, but she regained her senses afterwards and made an ante-mortem statement accusing her husband of the deed. A telegram received from Starkville, Colorado, says a man answering to the description of Reynolds has been arrested there.

### NOTICE TO STOCKHOLDERS.

Notice is hereby given that the annual meeting of stockholders of the Santa Fe Progress and Improvement Company will be held at the office of the company in the law office of Catron & Gortner, Santa Fe, N. M., on Tuesday, March 7, 1905, at noon. W. A. Barney, president; R. C. Gortner, secretary and treasurer.

## DREAD OF HUMANITY

"I am compelled by a sense of gratitude to tell you the great good your remedy has done me in a case of Contagious Blood Poison. Among other symptoms I was severely afflicted with Rheumatism, and got almost past going. The disease got a firm hold upon my system; my blood was thoroughly poisoned with the virus. I lost in weight, was run down, had sore throats, eruptions, spots and other evidences of the disease. I was truly in a bad shape when I began the use of S. S. S., but the persistent use of it brought me out of my trouble safe and sound, and I have the courage to publicly testify to the virtues of your great blood remedy, S. S. S., and to recommend it to all blood-poison sufferers, sincerely believing if it is taken according to directions, and given a fair trial, it will thoroughly eliminate every particle of the virus. JAMES CURRAN, Stark Hotel, Greensburg, Pa.

Painful swellings in the groins, red eruptions upon the skin, sores in the mouth and loss of hair and eyebrows, are some of the symptoms of this vile disease. S. S. S. is an antidote for the awful virus that attacks and destroys even the bones. S. S. S. contains no Mercury, Potash or other mineral ingredient. We offer \$1,000 for proof that it is not absolutely vegetable. Home treatment book giving the symptoms and other interesting and valuable information about this disease, mailed free. Our physicians advise free those who write us.

## CERTAIN RESULTS.

Many a Santa Fe Citizen Knows How Sure They Are.

Nothing uncertain about the work of Doan's Kidney Pills in Santa Fe. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:  
Nazario Alarid, hackman, of Cerrillos road, says: "I was continually buying medicine for my kidneys, and if a man spends every now and then 50 cents for a bottle of one guaranteed preparation and 50 cents at another time, he makes an inroad into his finances. None of the medicine I used had the slightest effect on my kidneys or backache, at least I was unable to notice any. When an attack of backache reached the virulent stage, I was compelled to stop work for an hour until the spasm disappeared. When wrestling with an attack, I went to Ireland's Pharmacy for Doan's Kidney Pills. There must be more than ordinary merit in that preparation, for a course of the treatment for a short time positively stopped the very severe attack."

For sale by all dealers. Price 50 cts. Foster Millburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

**Chamberlain's Stomach and Liver Tablets Unequaled for Constipation.**  
Mr. A. R. Kane, a prominent druggist of Baxter Springs, Kansas, says: "Chamberlain's Stomach and Liver Tablets are, in my judgment the most prior preparation of anything in use today for constipation. They are sure in action and with no tendency to nauseate or gripe. For sale by all druggists."

Don't get excited when you hear people raising a row about what they have to eat, but go to the Bon Ton, where you can get anything from quail on toast to chile and tamales.

**Perfect Confidence.**  
Where there used to be a feeling of uneasiness and worry in the household when a child showed symptoms of croup, there is now perfect confidence. This is owing to the uniform success of Chamberlain's Cough Remedy in the treatment of that disease. Mrs. M. I. Basford, of Poolesville, Md., in speaking of her experience in the use of that remedy says: "I have a world of confidence in Chamberlain's Cough Remedy for I have used it with perfect success. My child Garland is subject to severe attacks of croup and it always gives him prompt relief." For sale by all druggists.

**Fraud Exposed.**  
A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people, who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. As a protection to you, is our name on the wrapper. Look for it, on all Dr. King's New Discovery remedies, as all others are mere imitations. H. B. BUCKLEN & CO., Chicago, Ill., and Windsor, Canada.

**Are You Restless at Night.**  
And harassed by a bad cough? Use Ballard's Horehound Syrup, it will secure you sound sleep and effect a prompt and radical cure. 25c, 50c, and \$1.00. Fischer Drug Company.

Justice of the Peace Dockets for sale by the New Mexican Printing Company.

**ITCH—RHEUM.**  
E. T. Lucas, Wingo, Ky., writes, April 25, 1902: "For ten to twelve years I had been afflicted with a malady known as the 'itch.' The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I was told to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured completely. 25c, 50c and \$1.00 bottle. Fischer Drug Co."

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are Mexican.

**CROUP.**  
Begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liniment to the throat.  
Mrs. A. Villet, New Castle, Colo., writes, March 19, 1901: "I think Ballard's Horehound Syrup a wonderful remedy, and so pleasant." 25c, 50c and \$1.00. Fischer Drug Company.

A postoffice has been established at Bibo, Valencia County. Benjamin Bibo has been appointed postmaster. The new postoffice is midway between Seboyeta and Paguate.

**Notaries Public Appointed.**  
Governor Otero has appointed the following notaries public: Constancho Miera of San Antonio, Socorro County; Aniceto Abeytia of Socorro, Socorro County; D. J. M. A. Jewett of Capitan, Lincoln County; George A. Quinken of Cedar Hill, San Juan County; Frances Wood of Aztec, San Juan County.

**Another Railroad for New Mexico.**  
Articles of incorporation were filed today in the office of Territorial Secretary J. W. Reynolds for the St. Louis, Rocky Mountain and Pacific Railroad Company. As stated in the articles the objects of the company are to build, equip and operate a line of railroad from Raton to Elizabethtown, Colfax County, New Mexico, a distance of 75 miles. The term of existence of the corporation is 50 years and the general offices of the company are at St. Louis, Missouri. The principal place of business in New Mexico will be at Raton.

The capital stock consists of 22,500 shares of a par value of \$100 each and the amount actually subscribed is \$75,000. The directors of the new railroad together with the amount of capital stock subscribed by each and their places of residence are as follows: Hugo Koehler, \$25,000, of St. Louis; Jeremiah Leahy, \$100, of Raton; Max Koehler, \$25,000, of St. Louis; Christopher N. Blackwell, \$100, of Raton; W. R. Schery, \$100, of Raton; Thomas B. Harlan, \$24,600, of St. Louis; H. B. Turner, \$100, of St. Louis.  
The directors are six and the incorporators will manage the affairs of the company for the first year.

## BIG HOLDERS OF SANTA FE STOCK

Standard Oil interests Own By Far the Largest Individual Block of Shares.

The Santa Fe Railway Company has close to 17,000 stockholders. The largest block of stock owned by any single interest is 300,000 shares by the Rogers-Frick-Stillman pool. Outside of this, there is not a single interest owning as much as 30,000 shares. Three years ago E. H. Berwind was credited with 50,000 shares, but he disposed of these, as did also the Rock Island Railway of its holdings of 100,000 shares which it sold in open market.

## BIG WATER SUIT NOW AT CAPITOL

On Saturday, a meeting of counsel in the Kansas-Colorado water suit was held in the room of the house committee on irrigation at the Capitol at Washington. The testimony of a number of irrigation experts and others was taken. The meeting was held upon the request of United States Attorney A. C. Campbell, who represents the national government in the controversy.

## TAYLOR MUST GO TO TEXAS

Chicago, Feb. 27.—Judge Chetian refuses to free Charles F. Taylor, indicted with Mrs. Alice Webb Duke by the grand jury of Nacogdoches County on a charge of obtaining \$3,000 under false pretenses. As a result Taylor will probably face trial in Texas. It was stated that he would start for Texas with a deputy today.

## SHOULD HAVE NOT FIRED UPON BRITISH FISHERMEN.

Paris, Feb. 27.—The International Commission on the North Sea incident finds that "Opening fire by Admiral Rojestvensky was not justified."

**When You Have a Cold.**  
The first action when you have a cold should be to relieve the lungs. This is best accomplished by the free use of Chamberlain's Cough Remedy. This remedy liquefies the tough mucus and causes its expulsion from the air cells of the lungs, produces a free expectoration, and opens the secretions. A complete cure soon follows. This remedy will cure a severe cold in less time than any other treatment and it leaves the system in a natural and healthy condition. It counteracts any tendency toward pneumonia. For sale by all druggists.

**Agonizing Urns.**  
Are instantly relieved, and perfectly healed by Buck's Arnica Salve. Rivenbark, Jr., of Norfolk, Va., writes, "I burnt my knee dreadfully; that it blistered it all over. Bucklen's Arnica Salve stopped the pain, and healed it without a scar." Also heals all wounds and sores. 25c at Fischer Drug Co.

**Grave Trouble Foreseen.**  
It needs but little foresight, to tell that when your stomach and liver are badly affected, grave trouble is ahead, until you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Ellet's Bitters, I found just what I needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Fischer Drug Co. 50 cents per bottle.

## OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate is very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Malaria, Bright's Disease of the Kidneys, Rheumatism, Neuralgia, Consumption, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is as attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

## LEGISLATIVE ASSEMBLY

his investigations against the trusts and prosecute all violators of the law. The memorial passed under a suspension of the rules, by a unanimous vote.

## INTRODUCTION OF BILLS.

House Bill No. 117, by Mr. Dalies. An Act authorizing the county commissioners to make a levy of taxes for the construction of bridges. The bill passed unanimously under suspension of the rules.

House Bill No. 118, by Mr. Sanchez. An Act relating to community ditches and acequias and to amend and repeal certain sections of the Compiled Laws of 1897. Referred to the committee on irrigation.

House Bill No. 119, by Mr. Sanchez. An Act providing for the erection and maintenance of a home for orphan children at Wagon Mound. Referred to the committee on education.

House Bill No. 120, by Mr. Sanchez. An Act authorizing the consolidation of benevolent, scientific and charitable associations. Referred to the committee on corporations.

House Bill No. 121, by Mr. de Baca. An Act providing for the filling of vacancies in county offices. Referred to the committee on territorial affairs.

House Bill No. 122, by Mr. de Baca. An Act prescribing the qualification of superintendent of public instruction of the Territory and for other purposes. Referred to the committee on education.

A message was received from the Governor announcing that he had signed Council Bill No. 31, relating to community land grants in Dona Ana County; House Bill No. 16, changing the name of Leonard Wood County to Guadalupe; Council Joint Resolution No. 7, protesting against establishing a lepers' colony in New Mexico and

that he had vetoed House Bill No. 69, by Mr. Stockton, adjusting the salaries of county commissioners in certain counties. The veto was sustained by the House.

House Joint Memorial No. 5, by Mr. Pendleton, addressed to the Secretary of the Interior and protesting against the withdrawal from the public domain of lands in eastern San Juan County, and providing for the restoration of said lands to entry, was passed under suspension of the rules by a unanimous vote.

The House then adjourned until tomorrow forenoon at 10 o'clock.

EARLY ALARM  
STARTLES CITY

Loss on Residence of Evaristo Lucero is \$800 With No Insurance.

This morning at 7:30 o'clock an alarm of fire was turned in from the residence of Evaristo Lucero, on Hickox Street. The fire department after some delay, reached the scene of the blaze only to discover that the nearest water plug was frozen and that they were two lengths short of hose.

With the assistance of some garden hose, from the residences of J. V. Conway, E. C. Abbott and Mrs. Parsons, the fire was kept under control until more hose was procured from fire headquarters. When this arrived the fire was quickly extinguished, but not until it had burned a large portion of the roof and two rooms. What the fire did not destroy the water damaged.

The loss will reach about \$800 and there was no insurance on the property. All the furniture was removed from the house. The blaze started from a defective flue.

CASE INTERESTS  
COUNTY OFFICIALS

Judge Edward A. Mann Hands Down Cogent and Perspicuous Opinion From Bench at Alamogordo.

Alamogordo, Feb. 27.—In the matter of the Board of County Commissioners of Otero County, versus T. F. Fleming, assessor, which came up before Judge Mann recently on demurrer to the bill, the judge, in overruling the demurrer, filed a cogent, yet perspicuous opinion. The complaint in this case alleges that the defendant, as assessor of Otero County, is indebted to the county in the sum of \$865.92 for money unlawfully claimed and collected from the county during defendant's term of office, from the month of March, 1901, to the month of October, 1904, the said amount being the sum total of commissions charged and collected by defendant on the following items: Retail liquor licenses; occupation licenses; poll taxes and slot machine licenses, on each of which said items the said assessor charged and collected a commission of four per cent, and which commissions plaintiff claims are not contemplated by law as legitimate emoluments of the office. The defendant interposed a demurrer to the complaint, setting up two grounds therefor: 1. That there was a defect of parties plaintiff in that the money claimed to be wrongfully taken and withheld by defendant would belong to the several school districts, and not the county; and that the school districts were, therefore, the real parties in interest and should have brought the suit. 2. That the complaint does not state a cause of action for the reason that the four per cent claimed and collected by defendant was a proper charge and such commissions were due him under the law as assessor of Otero County.

Relative to the first ground of demurrer, the opinion of Judge Mann, in effect, says that all our statutes with relation to school districts contemplate the payment of all these funds to the county treasurer of the county in which said school districts may be located, and constitutes the county the agent of the several school districts located therein to collect and disburse the funds of such school districts. All such funds, except the poll tax, are collected by county officers, and those officers are required to give additional bonds for the security of such funds. These funds, so paid into the county treasury, do not become the property of the various districts until credited by the treasurer to the several districts to which they belong, or until the apportionment is made as required by law. He holds, therefore, that the county commissioners of the county properly brought the action.

The second question raised by the demurrer involved a construction of the statutes with reference to the fees and commissions due assessors from the counties. After quoting freely from the statutes relating to the point, the judge decides that the act of 1901 is special legislation on a special subject and must prevail over the terms of a general statute. As this act fixes a fee of fifty cents, each, for occupation, gaming and liquor licenses, to be paid by the applicant, it is held that the assessor is not entitled to the four per cent commission provided for under a former act in addition thereto.

Judge Mann devoted considerable time to this point, and has filed a strong opinion. His every conclusion is supported by numerous citations directly in point.

Joe Capuano, a shoemaker, was placed in the county jail last Saturday morning in a deplorable mental condition. It required the services of four men to take him from his room near the shops to the jail. Several days ago Dr. Otis Miller informed the authorities of the man's present mental condition. Last summer his wife instituted proceedings for divorce, which case, however, was dismissed at the last term of court for this county. Family relations did not improve, seemingly, and his wife brought another action only a few days ago. Since that time the man's actions have aroused suspicion and he has been carefully watched. His condition at this writing is decidedly serious.

The recent act of the legislature fixing the time for holding court in this district, going into effect immediately, as it does, will cause the spring term of court for this county to lapse. It works no hardship, however, as the dockets were almost entirely cleaned up at the last term, Judge Mann having accomplished the disposal of all criminal cases of any great importance.

## LAID TO THEIR LAST REST.

The funeral services of the late Mrs. H. H. Dorman were held yesterday afternoon from the house. The services were private and were conducted by Rev. W. R. Dye of the Church of the Holy Faith. The pall bearers were Messrs. J. A. Massie, Richard H. Hanna, J. H. Gerdes, William C. Schnepfe, A. H. Broadhead and S. G. Cartwright. The Clarendon Gardens furnished the flowers, of which there were many beautiful designs. The interment was made in Fairview Cemetery.

The last sad rites over the body of little E. C. Abbott, Jr., son of District Attorney and Mrs. E. C. Abbott, were held at the home of the parents yesterday afternoon. Rev. George F. Sevier, of the Presbyterian Church, conducted the services, and interment was made in Fairview Cemetery. A large number of beautiful flowers and

emblems were in evidence, which were furnished by the Clarendon Gardens. Charles Wagner was the funeral director.

POPULAR RESORT  
TO BE IMPROVED

Forty New Tent Cottages to Be Built at Once at Sunmount Tent City.

Great improvements are to be made at Sunmount Tent City in the near future. Mayor A. R. Gibson, one of the proprietors, stated to a representative of the New Mexican today that forty new tent cottages, will be erected at this popular resort soon, thus doubling its capacity.

Sunmount is becoming known the country over as a health resort and is one of the substantial institutions of Santa Fe. In the last week Mayor Gibson has received inquiries from a number of northern and eastern people who are desirous of coming to the tent city to escape the rigors of a severe winter and to enjoy the perfect summer climate and the accommodations at the resort will be taxed. The new cottages that have been purchased are of the latest design. In the roof are screens under the canvas and the canvas is so arranged that it can be removed, thus allowing the air to circulate through the screens. This will furnish better ventilation than the present cottages. It is expected that by the first of June the new tent homes will be ready for occupancy.

During the past winter, which has been an unusually severe one for this section, the canvas and frame cottages at Sunmount have been occupied with comfort.

The management states that no improvements will be made in the dining room facilities as the present accommodations include 3,000 square feet of space. The original dining room will be transformed into a library and billiard parlor to be used by the guests. The excellent water system which was established at the inception of the project together with its very favorable location, has added much to the tent city's popularity.

The management further advises that the several guests who left early in the winter to spend the cold months in southern California will soon return to the resort.

Southern Pacific Conspicuous. New York, Sept. 27.—The Southern Pacific was the conspicuous feature of the day on the stock exchange and its rise to the neighborhood of 72 cents served to support other speculative leaders, but whenever they ran up they encountered heavy selling to realize and continually fell back.
