SANTA FE NEW MEXICAN

VOL. 42.

SANTA FE, N. M., THURSDAY, MARCH 2, 1905.

NO. 10.

FIGURES ON EDUCATION

Given by President W. G. Tight of the University.

COMPARISON OF COST

Shows That the Higher Institution of Learning in New Mexico Are Not Expensive.

President W. G. Tight, of the University of New Mexico, who has been in Santa Fe for a few days on legislative business, is one of the conscientious educators of the Territory. He is very enthusiastic over the outlook in the Territory and believes that if the educational institutions of New Mexico could have the same financial aid from the authorities, in proportion to the number of students enrolled, that the institutions of the states receive, that New Mexico's Universities and Colleges would rank away up toward the top. In an interview with a New Mexican representative, President Tight gave some figures that serve to throw much needed light upon educational statistics of New Mexico. Take the average of all the higher institutions of learning in this Territory and it will be found that the cost to the government per pupil is but \$150 per year. In no state in the Union does the cost per pupil run below \$210 in the state institutions. Many of them run as high as \$300, and in the non-state schools, such as Harvard, Yale, DePauw and others, the cost runs up considerably higher than this. One of the cries that goes up from the "kickers" is that it costs so much to furnish professors for the small number of students which attend the institutions in this Territory. A little time spent in figuring shows that in New Mexico the average is about one professor to twelve students. In the various state institutions the average runs from one professor to thirteen students, to as high as one professor to nine students, and it is in only a very few that the one to thirteen holds good. Again, as to the matter of salaries, a comparison proves that the salaries paid in New Mexico are much lower than is paid in the same class of institutions elsewhere. For the very reason it is almost impossible for our colleges to secure the class of men which they should have upon their faculties. They are constrained to accept the services of the young men who have recently graduated and are willing to accept a small salary in order to get a start and some practical experience. As soon as these men have reached a point where they are really valuable, some other institution with a more equitable appropriation, offers them more salary and they are lost to New Mexico.

Another thing which the people of this Territory should begin to realize, and that is that our Territorial institutions are the feeders for the teachers of the common schools. The common schools can not afford to send east or north to secure teachers who are up in the profession, and consequently they must accept the young graduates of the home institutions. However, these make just as good teachers as those who come from the larger colleges, and in many cases much better. But, without our own institutions how would we fill the positions in the common schools. Were the University of New Mexico, the College of Agriculture and Mechanic Arts and the two Normal Schools to be done away with, within twelve months not more than fifty per cent of the teachers needed in the common schools could be supplied. These are points which are of the utmost importance to the people of this Territory and they should be carefully considered. Our Territorial institutions need larger appropriations, both so that they can carry on the present work and also in order that they can grow and keep pace with the growth of our commonwealth along other lines.

SIXTY THOUSAND MEN

ARE OUT ON STRIKE. Moscow, March 2.—The strike area in the city and suburbs is extending. There are now 60,000 men out.

Several Riots Killed.

St. Petersburg, March 2.—According to reports from Moscow several riots have been killed in conflicts with the workmen of the Orechow Sujevo manufacturing district. It appears that the fighting was between a faction who assaulted the manufacturers and others who intervened for their protection. Troops were dispatched to the scene of disturbance. Ten thousand more men struck today in the large factories of the Viborg quarter of this city.

NO POOL SELLING IN CALIFORNIA. Sacramento, March 2.—The assembly by a vote of 43 to 20, has passed the Esports anti-race track bill prohibiting pool selling. The Ralston anti-prize-fighting bill has been passed by the Senate on reconsideration by a vote of 23 to 11.

LAIID BEFORE THE SENATE

Washington, March 2.—Senator Bailey's resolution for the discharge of the conferees on the statehood bill was laid before the Senate today. Senator Bailey said: "I understand that there is a bare hope of an agreement by the conference committee and so I will not press the resolution."

NO LEPER COLONY FOR NEW MEXICO.

Special to the New Mexican. Washington, D. C., March 2.—While Delegate Rodey was today watching the amended statehood bill in the conference committee room, the House committee on territories reported the bill placing a leper colony in New Mexico favorably. As soon as this report was made, Delegate-elect Andrews, who was watching legislation in the House, induced Representative Sibley of Pennsylvania to protest strongly to Speaker Cannon on inflicting a leper colony upon New Mexico, and owing to Representative Sibley's and Delegate-elect Andrews' efforts, the bill was killed.

LEGISLATIVE POINTERS

The pupils of the High School, in charge of Superintendent J. A. Wood, filled the gallery of the House during the morning session yesterday.

Traveling Auditor Charles V. Sanford is filling the position of Chief Clerk George W. Armijo during the latter's absence in Washington, and he is doing it very well indeed.

In the appointment of David Disinger, of Hillsboro, as assistant sergeant-at-arms, the House of Representatives made an admirable selection. He is unassuming, courteous to all, and always at his post of duty. Keenly alive to the wants of his country, he never lets an opportunity slip where he can benefit old Sierra. During his brief residence in the Capital City he has made many friends who would like to have him locate here permanently. Santa Fe plays good whist. So does Mr. Disinger, which is why one set would particularly like for him to remain here.

House Bill No. 96, introduced by Mr. de Baca, to repeal Section 1,099 of the Compiled Laws of 1897, seeks to erase from the statute books the funniest paragraph of the 4,196 paragraphs in the Compiled Laws. It reads: "Every person or persons who shall, in a gross, insolent or angry manner, insult another personally, against his honor, delicacy or reputation, shall be deemed guilty of having committed an assault and battery, and shall be punished before any justice of the peace or district judge: Provided, however, that upon trying the cause, the accused shall have the right to summon witnesses in his defense, and if it be proved that what is said is the truth, and that the injuries have been committed with the view of correcting the misdemeanors of the defendant in injury to public society, and offensive to the dignity of the Territory, in such case, and thus proved by the defendant before the judge or court trying or examining the cause, the accused shall be declared not guilty." Strange to say efforts in previous legislatures to repeal this section have somehow proven unsuccessful, probably because the legislators were loath to disturb the deliciously quaint English and the unique legal principles set forth by the section in question.

The following House Joint Memorial, introduced by Representative B. G. Lynch of San Miguel County, has passed the house unanimously: That, Whereas President Roosevelt and his cabinet officers, through his message and instructions, have been waging war upon the trusts and combinations of capital in the United States. And Whereas, the Attorney General of the United States and the Department of Justice has been instructed by the President of the United States to make a thorough examination and investigation of the trusts and combines throughout the United States and force them to a full and complete compliance with the laws and regulations of the United States and the Interstate Commerce Commission; Now therefore, Be it resolved by this 36th General Assembly of the Territory of New Mexico, that we fully endorse and sanction the wise and patriotic moves and recommendation of President Roosevelt and his instructions to his cabinet officers and the Department of Justice that a full, fair and impartial investigation of trusts and combines be made and that all violations of the law be prosecuted to the full extent and that the Interstate Commerce laws be fully complied with in every particular. That certified copies of this memorial be sent by the presiding officers of the two Houses of this Assembly to the President of the United States in Washington.

IN FAVOR OF PEABODY

Fourteen Republican Members of Committee so Disposed.

ADJOURNMENT TAKEN

Out of Respect to the Memory of Former Senator Wolcott, Who Died Last Night.

Denver, March 2.—Four reports were filed with Lieutenant Governor Jesse A. McDonald, by the gubernatorial contest committee to be presented today to the joint assembly which will decide, after hearing arguments, whether or not Governor Alva Adams shall surrender his office to former Governor James H. Peabody, who contested the election. Fourteen Republican members, a majority of one, finally signed the report in favor of ousting Adams and seating Peabody, but six of these committeemen declared that they reserved the right to vote as they saw fit after hearing the arguments in joint convention. They said that they signed the report in order to get it before the Assembly.

Report Signed by 13 Members.

Denver, March 2.—At a final meeting of the committee yesterday, the Peabody report was signed by thirteen members. One of these, Representative Dungan, subsequently withdrew his signature, notifying Chairman Griffith by letter that he had signed "through a misunderstanding." Senator Alexander and Representative Stewart, who refused to sign the report at the meeting yesterday, changed their minds during the night and their signatures were attached to the majority report that was presented today. Alexander had previously filed a report in favor of declaring the election of Governor null and void and giving the office to the lieutenant governor. Nine Democratic members made a report recommending the dismissal of the Peabody contest. A fourth report was prepared by William H. Griffith, chairman of the committee, and bears in addition to his signature those of Representative McIntyre, Dungan and Thompson, all Republicans. This report says there was shown that there have been frauds in forty precincts which was not disproved by Adams, but that Adams proved that sixty of the 104 precincts attacked by Peabody were free from frauds. On this account, the report says that Adams has enough votes to elect him.

Show Respect to Senator Wolcott.

Denver, March 2.—Immediately on calling to order of the joint assembly this morning, an adjournment was taken until tomorrow out of respect to the memory of former U. S. Senator Wolcott, who died last night at Monte Carlo, France.

CONDITIONS IN MIMBRES VALLEY

The Floods and High Waters of Recent Years Cause Great Damage.

Macedonio Torres, a resident near Dwyer, Grant County, spent the day in town. He is a farmer and fruit grower in the Mimbres Valley and although a native of Dona Ana County and a man of middle age, this was his first visit to the Capital. He was very favorably impressed with what he saw and thinks that the New Mexicans ought to be proud of the Capital of the Territory. Mr. Torres tells harrowing tales of the condition of the people in the Mimbres Valley. The floods of 1902 destroyed their crops and injured their lands to a great extent. In 1903 no crops could be raised and the high waters of 1904 and of this winter completed the havoc and damage started in 1902 and 1903. The agricultural lands in the narrow river valley are washed out and the people there are leaving the Mimbres country to settle elsewhere. His own lands have been seriously damaged and the tract of land upon which his fine orchard of 1,000 trees, some of them eight and nine years old, is located, is in danger of being washed away.

He has a large force of men building dykes and trying to save it. Mr. Torres says that the people of his section are very grateful to the members of the Thirty-sixth Legislative Assembly for making an appropriation for their relief by the provisions of the Martin flood sufferers' relief bill. Though the amount is too small to do much good, the people there are grateful, as small favors are better than none. He fears that the Mimbres River Valley, up to two years ago one of the finest fruit growing sections in New Mexico, from an agricultural standpoint, is ruined, at least for some years to come and until extensive reservoir and modern ditch systems are constructed there. Water in the river is higher than he has ever seen it and is being constantly augmented by rains and by the melting snows in the mountains. There has been more rainfall and snow in that section this winter than there has been during the space of several years.

JAPANESE ARE REPULSED

The Russians Maintain Their Position at Kudaza Village.

STUBBORN FIGHTING

Japanese Make Might Attack on Kutal Pass, Forcing Russians to Retire to Better Fortified Positions.

Shakhetun, Manchuria, March 2.—A stubborn fight is waging on the left wing. Vigorous attacks of the Japanese on the village of Kudaza have been repulsed and the Russians maintained their positions, thanks to the intervention of a relief column which attacked the Japanese west after two passes had been occupied. This column was hard pressed by the Japanese and suffered great losses. It advanced in detachments to the neighborhood of Ubenupusa and was attacked thrice during the night, but all detachments repulsed the Japanese onslaughts. To the westward the Japanese made a night attack on Kutal Pass. Some of the assaults were repulsed but at none o'clock in the morning the Russian advance guard vacated two outworks, which had been destroyed by the Japanese, and retired to adjacent and better fortified positions.

Japanese Capture Villages.

General Kuroki's Headquarters in the Field, March 2.—During the night the Japanese infantry swept forward from the hills and took three small villages near Witotfan, on the plain near the river, which has been the scene of many outpost engagements. One column advanced northeast and captured the town of Kodale, thirteen miles from Witotfan.

Japs Are Active.

Tokio, March 2.—Advices from headquarters of the Japanese armies in Manchuria show that the Japanese activity on the extreme right continues. That wing is pressing forward and is dislodging the Russians.

On a Cavalry Raid.

New Chwang, March 2.—A detachment of 400 Japanese cavalry with one gun, raided Shingmin, thirty miles west of Mukden, this afternoon. With the gun trained on the main street the troopers ransacked the railroad bridges and Chinese inns.

Lunches With the Emperor.

St. Petersburg, March 2.—General Stoessel was today received in audience by Emperor Nicholas, who invited him to luncheon.

Reports From the Front.

Tokio, March 2.—A dispatch from headquarters at the front says: "Our forces in Yenden direction are occupying Tsink Hetchen and are now pursuing the enemy northward. We captured a large quantity of provisions at Tsink Hetchen. Our force at Henshu is gradually dislodging the enemy from their position, thirteen miles northeast of Bentsiapute, and from another position seven miles northwest. The first position is four miles west of the second. Our force has pursued the enemy northward of the Shakhe River and has occupied Sunnupatzu, Tiao Chinhutun and Sunnupatzu, three miles north of Waitu Mountain. The enemy has many field and heavy siege guns on either side of the railroad, heretofore unused, and is now shelling us."

QUAY COUNTY IS PROSPEROUS.

The Completion of the Choctaw Dam Eagerly Looked Forward to.

J. A. Street, sheriff of Quay County, who was in Santa Fe Wednesday en route to Las Vegas for two Quay County prisoners who were at the Meadow City for safe keeping while the Quay County jail was being built, is now filling his second term of office. When his county was created he was appointed sheriff by Governor Miguel A. Otero. This last fall he was re-elected, making the race on the Democratic ticket and being the only Democrat who saw goal.

Mr. Street is enthusiastic about the prospects of his county and of Tucumcari, which he says is one of the best towns in the county. "We will have plenty of grass this year," he said, "and excellent crops. We have had an abundance of rain and snow, so that we are in no danger of a water famine for many a day. Our people are feeling good over the fact that the Choctaw dam is almost certain to be built this spring. Its completion will be of great benefit to that section."

ANXIOUS TO WORK.

New York, March 2.—A newspaper advertisement offering a day's work to fifty snow shovelers brought out such a crowd of applicants to a point in Fifth Street today that the police had to be called. When fifty checks had been given out, each entitling one man the right to shovel snow all day for \$2, there was a scramble of over 300 men, and when the police arrived over a score of fights for possession of the checks were in progress.

LEGISLATIVE ASSEMBLY

Afternoon Session—45th Day. (Continued From Yesterday.)

Speaker Dalles called the House to order at 3:35 o'clock. Every member was present. The reading of the journal was dispensed with.

Mr. Sanchez moved that House Bill No. 145, by Mr. Howard, providing for the appointment of a board of control of the Servilleta Land Grant in Socorro County, be taken up for consideration under suspension of the rules. The motion carried and the bill was passed by a unanimous vote.

Mr. de Baca asked unanimous consent to introduce a bill, which was granted. It was House Bill No. 148, by Mr. de Baca, an Act to regulate the licenses of gambling houses. Referred to the committee on corporations.

A communication was read from Albuquerque Lodge No. 466, B. P. O. Elks inviting the members of the House to attend the Elks' Bazaar now in progress in the Duke City.

REPORTS OF STANDING COMMITTEES.

The committee on agriculture and manufactures, reported House Bill No. 69, by Mr. Sanchez, an Act with reference to public utilities, with the recommendation that it be not passed. The report was adopted and together with the bill was laid on the table indefinitely by a vote of 20 to 4.

The committee on irrigation reported House Bill No. 80, by Mr. Sanchez, an Act to prevent companies, corporations or individuals from changing the natural course of rivers, creeks, or arroyos, with the recommendation that it be not passed. The report was adopted and together with the bill was laid on the table indefinitely.

The committee on irrigation reported House Bill No. 106, by Mr. Ortiz, an Act to amend Section 50 of the Compiled Laws of 1897, fixing the age limit of mayordomos at 70 years, recommending that it be not passed. The report was adopted and together with the bill was laid on the table indefinitely.

The committee on finance reported House Bill No. 90, by Mr. Pendleton, an Act authorizing Miss Sue Greenleaf to write a history of New Mexico for use in the public schools, recommending that the committee substitute be passed. The report was adopted. The bill provides that the history shall be the standard book for five years and that it shall be ready in six months. The author is to be paid \$500 within six months and 50 per cent of the profit on the book. When approved the author is to be paid \$500 more. The appropriation amounts to \$1,300 in addition to the royalty on the history.

Mr. Sanchez moved that the rules be suspended and the bill read the third time in full, preparatory to its passage. The motion was lost by a vote of 14 to 10.

Mr. Sanchez then moved that the substitute be made a special order for 10 o'clock Thursday morning, but upon roll call the motion failed. The substitute was ordered to take the regular course and was referred to the committee on finance.

The judiciary committee reported House Bill No. 93, by Mr. Sanchez, an Act to extend the work of the department of geology of the University of New Mexico, recommending that it be passed. The report was adopted. The bill carries no appropriation. The report was adopted and the bill passed by a vote of 21 to 2, Messrs. Duran and Grigio voting no.

The committee on finance reported House Bill No. 81, by Mr. Sanchez, an Act for the better protection of wild game in New Mexico, recommending that it be not passed, as the Council had passed a similar bill. The report of the committee was adopted and the bill was tabled.

The committee on finance reported House Bill No. 84, by Mr. de Baca, an Act appropriating \$4,000 to aid the county of Quay, recommending that it be not passed. The report of the committee was adopted and the bill was tabled.

The committee on finance reported House Bill No. 87, by Mr. de Baca, an Act providing for the collection of poll tax, recommending that it be not passed. The report of the committee was adopted and the bill was tabled.

The committee on finance reported House Bill No. 65, by Mr. Ortiz, an Act appropriating \$30,000 for the construction of an executive mansion in Santa Fe, recommending that it be not passed. The report of the committee was adopted and the bill was tabled.

BUSINESS ON SPEAKER'S TABLE. Amended Council Bill No. 80, by Mr. Martin, an Act relating to assessments and for other purposes. Mr. de Baca requested that the bill be referred to the committee on corporations. The request was not entertained and the bill was referred to the committee on finance.

Council Bill No. 79, by Mr. Clark, by request, an Act providing for a compulsory flag law in New Mexico. Referred to the committee on education.

POISON IS DISCOVERED

In the Bicarbonate of Soda Bottle Which Mrs. Stanford Used.

NO PLAUSIBLE MOTIVE

The Crime is Baffling to Friends—The Will Is Not Yet Made Public—Real Estate Is Not Large.

San Francisco, March 2.—News has been received from Honolulu stating that strychnine has been discovered in the bicarbonate of soda bottle from which Mrs. Jane Stanford took a dose shortly before her death. This news has convinced most of her friends here that she was the victim of poison. The apparent absence of any plausible motive for such a crime baffles her acquaintances, as well as the detectives who are on the case. Mrs. Stanford did not leave a very large estate, as she had deeded nearly all of her property to the University during her life. Her attorneys have not yet made public her will.

Amended Council Bill No. 68, by Mr. Leahy, an Act providing a rate of bounty to be paid for the killing of wild animals. Referred to the committee on territorial affairs.

Council Joint Memorial No. 6, by Mr. Read, addressed to the Secretary of the Interior and the Commissioner of Indian Affairs, requesting that the Navaho Indians be compelled to remain on their reservation and to stop them from the unlawful slaughter of game. Referred to the committee on mines and public lands.

Council Joint Memorial No. 7, by Mr. Chavez, asking the Reclamation Service to investigate the needs of the Estancia Valley, referred to the committee on irrigation.

Council Bill No. 91, by Mr. Leahy, an Act amending Section 182 of the Compiled Laws of 1897, relating to the Cattle Sanitary Board. Referred to the committee on territorial affairs.

Council Bill No. 93, by Mr. Martin, an Act to repeal sub-section 134, of Section 2685 of the Compiled Laws of 1897, which reads: "No motion to set aside any finding or judgment rendered out of term time shall be entertained unless it shall be filed and a copy thereof served upon the opposite party within ten days after the entry of such finding or judgment." Referred to committee on judiciary.

Council Bill No. 54, by Mr. Leahy, an Act to amend Chapter 62 of the Session Laws of 1901, an Act defining the property rights and powers of married persons, prescribing grounds for divorce and other matters. Referred to the committee on judiciary.

The House adjourned at 5:15 o'clock until 10 o'clock Thursday morning.

COUNCIL. Morning Session—46th Day. President Clark called the Council to order at 10:45 o'clock. Rev. George F. Sevier pronounced the divine invocation. The roll call showed all members present excepting Messrs. Ballard and Greer. The journal of the previous day's session was read and approved.

REPORTS OF STANDING COMMITTEES.

The committee on public lands by Mr. Miller reported Council Bill No. 65, by Mr. Leahy, an Act with reference to assessment work on mining claims, recommending that it be passed. The report was adopted and the bill passed.

The committee on judiciary, by Mr. Leahy, reported Council Bill No. 70 by Mr. Leahy, an Act to amend the law fixing the penalty for felonious assault, recommending that it be passed. The report was adopted. The bill passed. The vote was reconsidered and the bill was recommitted. It was referred to the committee on judiciary.

The chairman of the committee on territorial affairs reported House Bill No. 22, by Mr. Dalles, an Act relating to registration boards, recommending that it be passed. The report was adopted and the bill passed.

The committee on agriculture and manufactures of which Mr. Montoya is chairman, reported House Bill No. 56, by Mr. Pendleton, an Act describing lawful fences, recommending that it be passed as amended to as boundaries described. The report was adopted and the bill was passed as amended.

The committee on judiciary, Mr. Leahy chairman, reported Council Bill No. 83, an Act to amend the law on the statute of limitations as to real estate, recommending that it be passed. Report adopted and bill passed.

HOUSE MESSAGE RECEIVED. A message from the House announced that the House had passed House Bill No. 150, by Mr. Wilkerson, an Act to amend the act creating a department of insurance and regulation.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

IRRIGATION ATTRACTING WIDE ATTENTION.

The question of irrigation is becoming widely known throughout the United States and the more this is the case, the better. The evidence submitted in the Kansas-Colorado cause in which the use of the waters of the Arkansas River for irrigation purposes in Colorado, are involved, has helped much in that direction, and the work of the Reclamation Service and irrigation matters are in the public eye. This is in itself of great benefit, as it is good advertising for the arid states and territories.

Commenting thereon, the Denver Republican says that the testimony of members of Congress and others who are appearing in Washington before the commission appointed by the Supreme Court to take testimony in the Kansas-Colorado irrigation suit, is of great value.

A number of members of Congress have testified to the enormous value of irrigation as a means of developing the arid region, and to the fact that land made productive through the diversion of water would relapse into a desert condition if the use of water for irrigation were denied. The life of several of the states in the far west depends upon the continued diversion of water for beneficial use, and hence the contention of the lawyers representing Kansas is directly hostile to the welfare not only of Colorado, but of every other arid state as well.

The testimony shows that the great work of reclaiming arid lands upon which the federal government has entered will be defeated if the Kansas contention is upheld by the Supreme Court of the United States. The Senators and Representatives from the arid states have made this very clear by their testimony before the commission. This testimony has to a large extent been brought out by Mr. Campbell, who represents the United States as intervenor in the suit. The purpose of the department of justice in intervening was to leave the way open for the reclamation work which has been authorized by Congress and in which the Reclamation Service is now engaged.

The position taken by the Department of Justice is directly antagonistic to the claim of Kansas, that it can insist upon its doctrine of riparian rights which was borrowed from the English common law and made a part of the law of Kansas. Colorado has refused to adopt the doctrine of riparian rights, and the Supreme Court of the United States held in the case of the United States against the Rio Grande Dam and Irrigation Company—reported in U. S. Supreme Court reports 174—that a state can refuse to adopt the doctrine of riparian rights if it sees proper to do so. Since there is no federal common law under which this doctrine might operate, it is clear that the Kansas law of riparian rights cannot be extended to and made operative in the state of Colorado, compelling our people to recognize riparian rights in Kansas.

The contention of the Department of Justice is that the law of the arid region is the law of diversion, for beneficial use and not the doctrine of riparian rights. Upon this theory the federal government as intervenor in the Kansas suit is introducing its testimony.

When George B. Cortelyou takes charge of the Postoffice Department on March 4, he will assume the command over as large an army almost as that of Kuropatkin. There are 302,502 employees in the United States postal service, a much larger number than the employees of the War Department including the entire United States army. In fact, it is the largest force under one department anywhere in the world. Germany has 241,967 postal employees, Great Britain 183,596 and France, which stands fourth, 81,559. The postal employees of the United States draw in salaries and fees \$16,000,000 annually, showing that the mail business is quite a big industry.

THE NEW INSURANCE COMMISSIONER.

The New Mexican supported Catarino Armijo of Las Cruces, Dona Ana County, for the appointment of insurance commissioner and, naturally, would have been greatly gratified had its suggestion been adopted by the Executive. This, however, was not the case and ex-Delegate Pedro Perea of Bernalillo, was named by Governor Otero. The New Mexican gladly admits that the choice is excellent and beyond criticism. Mr. Perea has served this Territory honorably, diligently and successfully for several terms as a member of the Territorial Council, and one term as delegate to Congress. Mr. Perea's word is as good as his bond and his bond is first class. Ever since his majority, he has been a leading Republican and has done good work for his party. While the New Mexican would have liked to have seen the younger native element of this Territory represented in that office, as for instance by Catarino Armijo, still even in this direction, Mr. Perea's appointment is very acceptable. Although he is not a young man, he is still in the prime of life and certainly a leading representative of the citizens of New Mexico of Spanish or Mexican descent. There are mighty few men in this Territory who will not approve and be pleased with the appointment. The few that there may be, are only so on absolutely personal grounds. Governor Otero's action in this case is certainly beyond just criticism. The New Mexican is sure, from its long and intimate knowledge of Mr. Perea's high character, experience in public affairs and general ability, that he will prove himself a first class official in every respect.

Congressman Vespasian Warner, who will be pension commissioner after March 4, is a friend of the newspapers as is almost every other successful man in public life. He said this week: "The policy of secrecy as to essential matters will be abrogated, and every information possible will be given to the public. I have had experience with newspaper men in Washington for ten years, and I have yet to have one of them say an unkind thing about me or abuse any confidence I reposed. I know I can trust them, and I intend to do it. The newspaper men are invited to visit me when I take charge, and those of them who know me will feel assured in advance that they will be given all the help in my power. Those who do not know me may take it on trust."

A star gazer at Lick University this week discovered a seventh satellite of Jupiter. If the family of the brother planet keeps on growing, mother earth with her one satellite will feel the pangs of jealousy. However, the lack of moons has its compensation to the man who comes home from a toot at midnight. On this mundane sphere he sees but two or three moons but on Jupiter he would see visions of some thirty or forty as he leaned against a telegraph pole trying to orient himself.

National guard armories should be built in Santa Fe, Albuquerque, Las Vegas, Silver City and Roswell. An emergency exists in this matter and a bond issue to provide funds for the erection of these needed buildings would not be objected to by the people, nor would a necessary tax levy to pay the interest on such bonds. If the National Guard of New Mexico is to amount to anything, the companies and troops thereof in the several larger towns of the Territory must be furnished with proper accommodations.

The lobbyists of the Oklahoma legislature are having their troubles too. The house has passed a resolution excluding all but members and reporters from the floor and the president of the senate has issued a similar command. This is not in anticipation of statehood but owing to the arrival of the Standard Oil lobbyists who are not satisfied with Oklahoma's cravings to go into the oil business for itself.

Frank D. Comerford, the member of the Illinois legislature who was expelled for making charges of bribery against his legislative brethren, intends to go before the grand jury of Sangamon County with what he alleges is evidence of the truth of his charges. The grand jury is the proper place for charges of that kind and if Mr. Comerford can make his allegations stick, he will have done the grand commonwealth of Illinois a great service.

The first definite plans for a sea level canal across the Isthmus of Panama were laid before the Isthmian Canal Commission this week. The estimates accompanying the plans show that the undertaking is one that will tax even the resources of this nation. The cost is to be \$230,500,000 and the time necessary for its completion twelve years.

The higher educational institutions of the Territory should be treated fairly, no more and no less. No extravagant appropriations should be given them but no niggardly policy towards them should be observed. They are here and must therefore be properly sustained. The question, are there too many such in the Territory? is a closed incident.

It seems that outside of the offices of the Albuquerque newspapers and of a few other yellow sheets in the Territory, the people are very well satisfied with the acts and doings of the present Assembly. After all the people have the last say.

THE REPUBLICAN PARTY MUST NOT FLINCH.

When certain railroad managers went to President Roosevelt and remonstrated against his attitude on railroad tariff legislation, he said to them: "Gentlemen, you are only inviting still more radical action, government ownership. One of the railroad officials intimated that the views of the President were those of an alarmist. The President turned sharply and said: "The Republican party will not go up against any more stuffed clubs in a good while. The Democratic party will not try the game again in this generation." "What then?" gasped the visitor. "Social Democracy" came the astounding rejoinder. "That will be their next move, unless the Republicans with full power in the executive and legislative departments of the government satisfy the people and reform existing conditions. If we don't do this we shall be overwhelmed." All Republicans by no means agree with the President in this view of the situation but his warning should not be left unheeded.

Leonard Wood County has disappeared from the official map of New Mexico and Guadalupe County has been substituted for it. The change is not very complimentary to General Leonard Wood, but as the people of the particular section interested wanted it, the Legislative Assembly granted their wish. After all, General Wood will get along very well anyway, even if a New Mexico county is not named for him.

No special dispatches have been received from Delegate Rodey today by any of the New Mexican newspapers that he has "had another fight of his life." As there are but two days of the session left and as Congress is very busy with other things, the chances are that the Delegate had to stop having "The fight of his life."

The present Legislative Assembly has but twelve working days ahead. Fortunately, the work of the session is well advanced and but one important measure, the appropriation bill, is to be disposed of. In the main, the work of the Assembly to date, has been all right.

Considering that this is an arid country, the number of flood relief and dike building bills introduced thus far in the legislature is rather remarkable. The prevailing dampness and extra amount of precipitation during the past thirty days may account for this.

It looks as if the fight for single statehood for New Mexico will have to be commenced again as soon as the present session of Congress adjourns. Should this be the case, it will be waged more vigorously and more strenuously than ever.

The United States Senate, which killed time for two months and a half of the present short session, is now working overtime to pass needed legislation. That is a way the Senate has and after 120 odd years, the people ought to be used to it.

The incorporation bill introduced by Councilman Greer is a lengthy measure, and the assembly should take it up as soon as possible, if it is to be passed. It ought to have careful consideration and the end of the session is drawing close.

Announcement comes from the east that the blizzard season has closed after a very successful three months' stand and that the next attraction will be the flood season, which it is predicted, will be equally as successful as its strenuous predecessor.

The beginning of the end of the beet trust has commenced. The people hope that there will be no delay in reaching the end.

Join the Board of Trade and do work for the advancement of Santa Fe.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1898. (SEAL.) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

If troubled with weak digestion, belching or sour stomach, use Chamberlain's Stomach and Liver Tablets and you will get quick relief. For sale by all druggists.

The distracting headaches from which so many women suffer make life a daily purgatory. If men suffered with headache as women do, business would be almost at a standstill. Does not the fact that women only suffer from these severe headaches suggest that there must be a womanly cause for them?

\$500 Reward for Women Who Cannot be Cured.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Profluvium, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

WORLD'S DISPENSARY MEDICAL ASSOCIATION, Proprietors, Buffalo, N. Y.

"I took two bottles of your 'Favorite Prescription' and two of the 'Golden Medical Discovery' and am feeling well," writes Mrs. Dan McKenzie, of Lowry Mines, Cape Breton Co., Nova Scotia. "I had uterine trouble, pain in the side and headache. After taking your medicine I got well. You may publish this or use it in any way you think best, as I cannot speak too highly of Dr. Pierce and his medicines."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

STRIKES HIDDEN ROCKS.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon of Talladega Springs, Ala., writes: "I had been very ill with pneumonia under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs, and colds. Guaranteed at Fischer's Drug Co. Price 50c, and \$1.00. Trial bottle free.

PERSONAL MENTION

F. E. Dunlavy returned last night from a trip to Albuquerque.

Mrs. Frost will entertain at a luncheon and at cards Saturday afternoon.

Arthur Kavanaugh, an Albuquerque commercial man, looked after Santa Fe customers today.

Antonio Salazar, merchant at Pinos Wells, was in the Capital today on a visit to the legislature.

M. L. Kahn, representing a mattress house at Pueblo, called on the furniture dealers here today.

W. S. Alexander, representing a Pueblo packing house, looked after Santa Fe customers today.

E. C. Fwiger, a merchant of Belen, returned to his home last night after a short visit to the Capital.

Charles Atchison, a Denver cigar salesman, was in the city today talking business to his customers.

Roadmaster L. M. Williams, of the Santa Fe Central, was here from Estancia today on railroad business.

Miss McCarren and Miss Walsh, tourists, of New York, are at the Claire. They are en route to the coast.

S. B. Davis, Jr., of Las Vegas, district attorney of the Fourth Judicial district, spent the day in the city on legal business.

Francisco Sanchez y Sandoval, of Lyden, a well known sheep raiser of Rio Arriba County, is in the city on a visit to relatives and friends, and will remain several days.

G. H. Shone, master mechanic of the Santa Fe Central Railway, was attending to business here today. He will return to Estancia tonight.

Professor James G. McNary, editor of the Las Vegas Optic, arrived from the north last night and spent the day in town on legislative business.

C. E. Jones, of Denver, representing a candy factory, spent today here on one of his regular trips and will leave tonight for the south.

County Commissioner A. L. Kendall, of Cerrillos, who is also postmaster of that town, was in the city yesterday and attended a meeting of the county board.

Mrs. E. T. Dunn, of Windy Point, Wisconsin, arrived in Santa Fe last night and will remain here for several weeks. She is a health seeker and is stopping at the Claire.

Juan C. Jaramillo, superintendent of schools of Torrance County, is in the city from Torreon, to take in the legislature. He is registered at the Claire.

Mrs. Mary J. Murphy and Miss Mary Burr, of Chicago, Illinois, who have been spending the winter in Santa Fe, left yesterday for the City of Mexico, for a visit of several months.

J. F. Bonham and H. B. Holt, Las Cruces attorneys, who have been in the city for several days on legal business, have gone to Albuquerque and expect to return to the Capital Sunday or Monday.

Mrs. Celestino Ortiz, accompanied by her two daughters, the Misses Lena and Amada, returned yesterday afternoon via the Denver & Rio Grande from a trip to Denver.

Rev. R. M. Craig, pastor of the First Presbyterian Church at Albuquerque, is in the city and will assist Rev. George F. Sevier with the union meetings that are now in progress at the Presbyterian Church.

Dr. G. W. Harrison, president of the Territorial Board of Health, who has been here working with members of the Assembly for legislation desired by the physicians of the Territory, returned to the Duke City last evening.

J. S. Delamater of Pittsburg, Pennsylvania, representative of the Pennsylvania Interests in the Santa Fe Central, Albuquerque Eastern and other corporations in New Mexico, has returned to Albuquerque after spending a day at Santa Fe.

Silviano Roybal, of Chamita, superintendent of schools of Rio Arriba County, who has been in the city on official business, in consultation with Superintendent Amado Chaves, left this morning for his home, via the Denver & Rio Grande.

Benito Lujan, a ranchman of Pojoaque, in this county, was in town yesterday purchasing ranch supplies. He returned home this morning. He says that a great deal of rain has fallen in the northern part of this county during the past few days and that the water in the streams in that section is very high.

Faustino Trujillo, ex-sheriff of Taos County, arrived from the north last evening and will leave tonight for Clayton, Union County, whither he goes on personal business. Mr. Trujillo reports that there has been much rain during the past few days in Taos County, that the roads there are very heavy and muddy and that the snow is melting rapidly. He predicts a first-class

year for agricultural and stock interests.

H. H. Holt, of the firm of Holt & Holt architects, at Las Vegas, is in the Capital. He brought a large and handsome drawing, showing the improvements which have been made at the Territorial Insane Asylum near the Meadow City during the last two years and the new addition to the asylum. The drawing is three by five feet and is handsomely framed. It is a work of art and was today placed in the lobby of the Capitol for exhibition. It was made under orders from the Board of Regents of the asylum. Holt & Holt were the architects who prepared the plans and had charge of the construction of last year's addition at the territorial institute.

COMMISSIONERS' MEETING.

Bids for Construction of Wing Walls For Don Gaspar Avenue Bridge Again Called For.

The Board of Commissioners of Santa Fe County met at 2:30 o'clock at the court house yesterday, in special session, there being present Arthur Seligman, chairman, A. L. Kennedy, member, and Marcus Castillo, clerk.

Upon motion of Commissioner Kendall the clerk was ordered to re-advertise for bids for the wing walls of the Don Gaspar Avenue bridge, said bids to be opened March 11, 1905, at 3 p. m.

Upon motion of Chairman Seligman the clerk was instructed to buy five dollars worth of provisions for Mrs. Eulalia Sals de Chaves and Mrs. Luciano Sals de Chavez, indigent persons.

Upon motion of Commissioner Kendall, exemption of \$200 was allowed Robert Johnson. Louisa P. Hovey was allowed exemption as the head of a family on 1904 taxes. The clerk was instructed to notify the county assessor that no tax schedules will be accepted by the board unless proper boundaries of real estate and lands are given. The clerk was instructed to inform Contractor Carlson that the stone wall in front of the court house must be completed by April 1, 1905.

Upon motion of Commissioner Kendall the franchise for a telephone line between the towns of Cerrillos, Madrid, Golden, San Pedro, Hagan and other places was granted. The board adjourned, subject to the call of the chairman.

DEATH OF MRS. BENT.

Wife of a Pioneer Governor of New Mexico Died in Obscurity at Pueblo, Colo., Yesterday.

At Pueblo, Colorado, yesterday, there passed away, Mrs. Adeline Bent, wife of ex-Governor Bent of New Mexico, who was assassinated at Taos during the Pueblo uprising. For a number of years she had lived in obscurity near Pueblo, on a ranch left to her by Governor Bent. She was a woman of culture and refinement. Only a short time ago she started legal proceedings to secure possession of a large estate which it was alleged had been left by her husband.

BIDS CALLED FOR.

Office of the Board of County Commissioners of the County of Santa Fe. Advertisement for bids for the construction of wing walls to the Don Gaspar Avenue bridge in the city of Santa Fe.

Notice is hereby given that the Board of County Commissioners of the County of Santa Fe will receive bids for the construction of wing walls to the bridge across the Santa Fe River, on Don Gaspar Avenue, in the city of Santa Fe until the eleventh day of March, 1905, at 10 o'clock a. m., in accordance with the plans and specifications on file in the office of Probate Clerk and Ex-Officio Recorder of the County of Santa Fe. The contract for the construction of said wing walls will be let to the lowest and best bidder. The said Board of County Commissioners hereby reserves the right to reject any and all bids.

The Board of County Commissioners of the County of Santa Fe.

(Seal.) by ARTHUR SELIGMAN, Chairman.

Attest: MARCOS CASTILLO, Clerk.

OFFICIAL MATTERS

Examination for the Custom House Service.

John K. Stauffer, secretary for the civil service commission, announces an examination for the purpose of establishing an eligible list from which certification will be made to fill the vacancy in the position of deputy customs collector at the sub-port of Naco, Arizona, and other similar vacancies as they may occur in first grade positions in the customs service in the Nogales district. The examination is open to all citizens of the United States who comply with the requirements. Secretary Stauffer is in position to give further information about the examination as is the district secretary at Denver, Colorado.

MINOR CITY TOPICS

Mrs. Celso Lopez, wife of the county treasurer, is reported as very ill.

Mrs. James L. Seligman has recovered from her recent indisposition.

Invitations have been issued for a card party to be given by Mrs. A. G. Kennedy and Mrs. Frank W. Parker, on Palace Avenue Friday afternoon.

Latest popular song "Away Down in New Mexico," by Stokes Anthony Bennett. On sale at Fischer's pharmacy.

The local correspondent of the Denver Post is a dandy at Munchausen tales. Some things he imagines, others he makes up and others again he just guesses.

Violet, the nine year old daughter of Mr. and Mrs. W. A. Seldomridge, of Albuquerque, died on Tuesday evening after an illness of only four days. The funeral took place this afternoon and was private.

The city authorities should immediately take steps to repair several bad bridges spanning arroyos on Canon Road. The bridges have holes in them and there is much danger of horses breaking a leg in the holes.

Santa Fe and vicinity were treated to another soaking last night and today the streets were in a deplorable condition. No one is especially kicking, however, as all realize that New Mexico cannot get too much moisture.

W. H. Houser, of the Oxford Club, who has been on a visit to his children near Raton, returned home last night. Geo. M. Cundiff, also of the Oxford Club, returned from Albuquerque where he spend a few days with his family.

The Santa Fe Central will handle four double-decked cars of goats from Torrance the last of this week. The animals are consigned to Colorado points and will be brought to this city over the Central and transferred here to the Denver & Rio Grande.

Train No. 2 from the south and west on the Santa Fe, which was seven hours late yesterday, is again from six to seven hours late today. Passengers from Trains Nos. 10 and 8 from the south and west and No. 3 from the east were brought in from Lamy at one o'clock this afternoon.

Attention is called to the advertisement by the Board of County Commissioners on another page of this issue for bids for the construction of wing walls on the Don Gaspar Avenue bridge, which will be opened on Saturday March 11, at the office of the commissioners at the court house.

Friends of the contracting parties in Santa Fe have received invitations to the wedding of Miss Lena Varela, daughter of Mr. and Mrs. Gregorio Varela, to Reynaldo Romero, son of Mr. and Mrs. Eugenio Romero of Las Vegas. The wedding will take place at Las Vegas, at 10 o'clock on Saturday forenoon, March 4.

J. H. Vaughn, cashier of the First National Bank, won the handsome gray team belonging to Elías Clarke, the Alcalde merchant. The horses, together with the harness and a buggy, were raffled off yesterday. The chances sold for \$5 each. Millet Clancy threw the highest number, 45, for Mr. Vaughn. The second highest were Edward Ehle and Dr. J. M. Diaz, who each threw 42.

Colonel T. W. Heman, commander-in-chief of the Grand Army of the Republic, denies the truth of the Associated Press dispatch that he, together with

Colonel W. H. H. Llewellyn, had invited President Roosevelt to stop over in March at Las Cruces for a reception to be tendered the President by the Grand Army of the Republic. Colonel Heman says the encampment of the Grand Army will be at Albuquerque and that in May, and not at Las Cruces in March.

The maximum temperature yesterday was 50 degrees and the minimum 37 degrees. The relative humidity was 91 per cent, as much as it is on the soggy coast of New Foundland. However, the precipitation was only .17 of an inch. At 6 o'clock this morning the temperature was 40 degrees and today was as warm almost as a June day although it kept on raining. But for tomorrow colder weather is predicted but with no cessation of the rain.

Just at dark Tuesday evening a horseman rode across the new College Street bridge and cantered away, perhaps not knowing that he was the first to test the new structure. Today the workmen are setting the coping stones, the filling is nearly all in and only a little work remains to be done on the wing walls of the south end. With good weather the bridge should stand completed in ten days. The unusually inclement weather of the winter has retarded the work.

In today's issue of the New Mexican appears an advertisement asking for proposals for executing government surveys in New Mexico for running, measuring and making the designated standard, township and section lines in several townships. Sealed proposals will be received at the office of the Surveyor General of New Mexico until 10 o'clock of the morning of March 20, 1905. Further information will be furnished upon application to Morgan O. Llewellyn, Surveyor General, Santa Fe, N. M.

Residents of Santa Fe are well acquainted with that well known organization, the Woman's Board of Trade, and all appreciate the good work being done by it. The ladies are extremely anxious to build a public library and every means is being taken advantage of to secure funds for that purpose. The ball tonight at the Palace Hotel is to help this cause, a certain percentage of all money received from entertainments, dances, etc., being laid aside for the library fund. It is hoped there will be a large attendance this evening. Tickets, \$1 each, on sale at Ireland's and at Fischer's.

Rev. J. L. Shively, chaplain of the Council, has been obliged to absent himself from that body for two mornings on account of the serious illness of one of his children. For that reason it may tonight be decided to discontinue the protracted meetings in progress at the Presbyterian Church which were begun last week, and which were intended to be union meetings to be conducted by the Presbyterians and the Methodists. Since Rev. Shively cannot attend, the meetings may be discontinued for the present. This will be considered tonight. At the meeting last night Rev. R. M. Craig, of Albuquerque, was in attendance. Rev. George F. Sevier preached.

All of the losses resulting from the fire on Sunday, February 19, in the Masonic Temple Block owned by Mrs. Kahn and occupied by Dr. C. N. Lord, S. Spitz, and Jacob Weltmer, have been adjusted. The adjustment gives to Santa Fe about \$12,000 fresh capital of the insurance companies' money. This is approximately divided as follows: Dr. C. N. Lord, \$850; Jacob Weltmer, \$2,000; Mrs. Kahn, \$3,600; S. Spitz, between \$3,800 and \$3,900; Montezuma Lodge No. 1, A. F. & A. M., \$600; Santa Fe Commandery \$300;

Royal Arch Chapter \$600. There was also some agreement with George W. Hickox as to repairing and painting the roof of the building occupied by Seligman Brothers Company.

CONTRACT FOR BREAKWATER.

The City Council Acted Upon This Important Question Last Night.

The City Council met in adjourned session last night at the office of Mayor A. R. Gibson. Upon roll call, Mayor A. R. Gibson, Councilmen Kaune, Hogle, Castillo, Anton, Walker and Lopez, were present, Clerk Montenie at the desk. Garcia absent. There being a quorum the Council proceeded to business.

The first business considered by the Council was the breakwater question. The contract for the construction of a breakwater along the north bank of the Santa Fe River from Canon Street to Don Gaspar Avenue bridge was awarded to Encarnacion Barela, for \$850, his being the only bid submitted. He was required to furnish a bond in the sum of \$850 for the faithful performance of the contract, which is to be completed within 90 days. The contract calls for payments at the rate of \$40 per week.

A petition from the residents of the Second Ward residing on Read Street, which was recently opened, stating that Mrs. Simon Quintana had refused to carry out her previous agreement, which was to allow the street to be opened through her property if the city would pay the back taxes on the property, amounting to \$48, was read. The mayor appointed a committee consisting of Councilman Marcelino Garcia and Marshal Richard Gorman to call upon Mrs. Quintana and explain the situation to her and that if she then refused to carry out her agreement, condemnation proceedings will be brought by the city for the purpose of opening the street.

A communication was read from the Capitol Custodian Committee, relative to the open sewer at the Don Gaspar Avenue bridge, which deposits sewage from the Capitol, requesting that specific evidence of the contamination of the water used by persons residing along the river be made. Mayor Gibson appointed Councilmen Castillo, Hogle and Anton to investigate the complaints and get the names of the parties who are suffering from the contamination of the water by the sewer emptying into the river and report at the next meeting.

Attorney A. B. Renahan petitioned the Council to ascertain what had become of the city plats, as it was very necessary that these be on file in order that they might be referred to, when necessary. Councilman Lopez was instructed by the mayor to look up the same and report at the next meeting. There being no further business, the Council adjourned.

REMARKABLE ESCAPE.

J. A. Davis, the Plumber, Comes in Contact With a Strongly Charged Electric Wire and Suffers Severe Injuries.

J. Ashby Davis, the plumber, had a narrow escape from death last evening. Mr. Davis was doing some work in the office of Dr. J. M. Diaz at about 6 o'clock and was in the act of connecting a piece of pipe when the accident occurred. It was dark in the office and he asked Dr. Diaz to bring him the light. Mr. Davis had hold of the pipe and his hands were wet. When he took hold of the socket of the electric light it formed a complete circuit holding him so that he could not let go.

He became unconscious. The force of the shock threw him down and the only thing that saved his life was the breaking of the globe on the incandescent light. His hand was severely burned and he was made very weak, but outside of this it is not thought that any serious results will follow. He is confined to his home and is under the care of a physician. It may be several weeks before he will recover sufficiently to resume work, the powerful electric shock having severely injured his nervous system. Dr. Diaz, who is Mr. Davis' attending physician and who is somewhat of an expert in electrical matters, states that his patient's escape from instant death was most remarkable and lucky. The electric current was very powerful and the connection between it and Mr. Davis' body was complete. Had it not been for the breakage of the wire at the time this happened or had this happened a minute later, in the opinion of the doctor, Mr. Davis would not have survived.

NOTICE TO STOCKHOLDERS.

Notice is hereby given that the annual meeting of stockholders of the Santa Fe Progress and Improvement Company will be held at the office of the company in the law office of Catron & Gortner, Santa Fe, N. M., on Tuesday, March 7, 1905, at noon. W. A. Barney, president; R. C. Gortner, secretary and treasurer.

\$50,000.00.

Territory of New Mexico, six per cent certificates of indebtedness.

Sealed proposals will be received by the undersigned, treasurer of the Territory of New Mexico, at Santa Fe, New Mexico, until March 10th, 1905, at 10 o'clock a. m. for the entire issue of the above described certificates, delivery to be made at New York, Chicago, St. Louis, Denver or Santa Fe, on or before April 1st, 1905.

No bids for less than par and interest will be entertained, the right being reserved to reject any or all bids.

Issue is made under Council Bill No. 40 of the 36th Legislative Assembly of the Territory of New Mexico, for the payment of appropriations for the relief of flood sufferers, the building of dykes, and for other purposes.

Certificates to be dated March 1st, 1905, payable five years from their date, with the right of the Territory to pay them at any time after the expiration of one year from their date, principal and interest payable at the office of the treasurer at Santa Fe, New Mexico.

Certificates bear interest at the rate of 6 per cent interest per annum, payable semi-annually.

Beginning with the year 1905 an annual tax levy to be made on all taxable property in the Territory sufficient to pay into the territorial treasury a sum sufficient to pay the interest and twenty per cent of the principal of said certificates for each and every year for the term of five years.

J. H. VAUGHN, Treasurer of New Mexico.

MONEY'S DIGEST.

has made arrangements with the publisher of Money's Digest of the New Mexico reports to sell the same at the reduced price of \$8.50, delivered in any part of the Territory. This price will hold good only for a limited time in order to reduce the stock so as to pay for the publishing of the book. This price is subject to withdrawal without notice, cash to accompany each order.

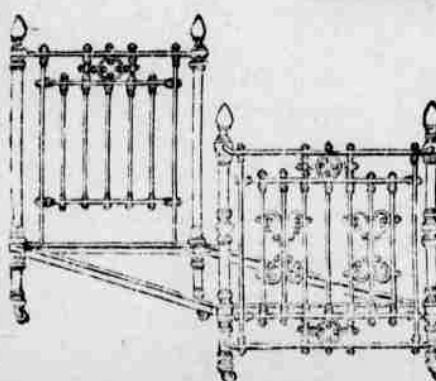

A SNUG BANK ACCOUNT.

Is what you will be able to have if you eat at the Bon Ton, where you can get the very best the market affords at less than at any other eating house in Santa Fe.

RISING BREAST

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradford Regulator Co. Atlanta, Ga.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Alfalfa, grain, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold-mining districts of El Esteban and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Eaton, N. M., on this grant, are located the Coal Mines of the Eaton Coal and Coke Company, whose employment may be found at good wages for any wishing to work during the seasons that farming or prospecting can not be successfully done. For particulars and advertising matter apply to

TERRITORIAL TOPICS.

Chaves County Death.

M. Wheeler, employed on the Keyes Ranch, 45 miles northwest of Roswell, died last week of pneumonia. He was aged 35 years. No relatives of his have yet been found.

Another Big Gusher at Dayton.

Artesian water was struck at the depth of 640 feet this week one mile west of Dayton, Eddy County. The water spouts four feet above the casing. The well is on the 640 acre tract of A. Walling & Sons, who are seeding part of the farm to alfalfa.

A Spouter in the Hagerman Orchard.

An eight inch artesian well was drilled on the big Hagerman orchard near Roswell last week. The flow spurts two feet above the casing and amounts to 800 gallons per minute. The well is 500 feet deep. The diameter, eight inch, is the largest of any well in the Pecos Valley.

Lincoln County Court.

District Court will convene at Lincoln on April 10, under the new law passed by the legislature. Under the old law, court would have convened on the second Monday of March. The jurors had been drawn and summoned for that date but have been notified not to report until April 10.

Tried to Kill His Wife.

Antonio Love was arrested at Roswell this week on the charge of trying to kill his wife some time during last September. Mrs. Love appearing as prosecuting witness. She claims that her loving spouse drew a knife on her and tried to send her to the kingdom come. She saved herself by grabbing the knife. Love was held for the grand jury under \$300 bail.

Telephone From Roswell to Lincoln.

A movement has been set on foot at Roswell to build a telephone line from Roswell to Lincoln, a distance of 65 miles. The line as projected will run via the Diamond A Ranch, Picacho, Analla and Hondo. The line is to give telephone connection to the farms that will be settled upon all along the Hondo River after the Hondo reservoir is completed.

Rebellious Prisoners.

Roswell this week, tried the scheme of working its city prisoners on the streets. But the prisoners objected. They were put in irons but still refused to do anything toward the improvement of the city which was furnishing them with board and lodging. The town officers are now trying to think up ways and means to compel the strikers to earn their board at public work.

Railroad Construction Work Hampered By Weather.

Construction work on the Rio Grande extension from Durango to Farmington, San Juan County, is being hampered by heavy snows and rains. Half of the force of Kilpatrick & Company, contractors had to be laid off on this account but will be re-employed as soon as the weather settles. Trains are to be run into Farmington by May 1, when it is thought the sixty miles of railroad will be completed. It has been decided to make Farmington the terminus for the present but later the road may be extended into Arizona.

Matters in Court at Las Vegas.

In the District Court for Mora County, Blas Palma of Watrous, was yesterday admitted to citizenship.

W. H. Ungles was yesterday appointed referee to take testimony, by Chief Justice W. J. Mills in the divorce case of Virginia Aragon vs. Ramon Aragon, both of San Miguel County.

In the case of Isaac Bacharach et al. vs. Nazario Gallegos, in the District Court for San Miguel County, judgment was rendered yesterday for the plaintiff to the amount of \$437.39, principal and interest of a note. The costs were assessed upon the defendant.

Fired the Big Shot.

The Slinkard Construction Company which has a sub-contract on the construction work of the government reservoir on the Hondo, Chaves County, on Sunday fired the big shot for which preparations had been made for the past four weeks. Three tons and four hundred pounds of black powder, the charge being placed in 59 holes, were fired simultaneously by means of an electric current. Another shot of about forty holes will be exploded in two weeks. The amount of rock and earth removed by the first blast was tremendous. The New Era grader or steam loader has been put to work on the reservoir.

ROUNDED UP BY THE POLICE.

Natividad Baca Stabbed in the Back at a Dance in Albuquerque—Justice of the Peace Cases.

At Albuquerque on Monday evening, Natividad Baca was stabbed in the back as the result of a family feud. Teselo Baca is in jail accused of the crime and two others are to be arrested. Baca was at a dance when he was called to the door by the three. They surrounded him while Teselo Baca wielded the knife. Baca will recover.

George Cramer, a plumber, was arrested at Albuquerque on Monday, on the charge of carrying concealed weapons, and was fined \$60 and put under \$200 bonds.

Jesus Sanchez and Enrique Rivera pleaded guilty in justice of the peace court at Albuquerque to being drunk and disorderly and were fined \$5 and given five days in jail.

An Indian squaw was arrested at Albuquerque on Sunday for being drunk and disorderly. She was released on Monday and the officers are

endeavoring to ascertain where she procured the whisky so that the information may be filed with the United States district attorney.

MORE LIKE LOUISIANA.

Dyke Building is Being Pushed on the Rio Grande River in Bernalillo County.

A force of four hundred Pueblo Indians and others is at work at present throwing up dykes along the Rio Grande River in Bernalillo County for a length of twenty-five miles. This is as a protection against the spring floods which are expected to come down the river within the next few weeks. The dykes are from three to five feet high and cottonwoods and willows are being planted on them to make them permanent.

No Annexation of Hayti.

Washington, Mar. 2.—In answer to an inquiry on the subject Secretary Hay has formally assured the Haytian minister here that the United States government has no intention whatever of acquiring, by annexation or otherwise, possession of Hayti or San Domingo, nor to extend American influence in that direction.

BACK GIVES OUT.

Plenty of Santa Fe Readers Have This Experience.
You tax the kidneys—overwork them—

They can't keep up the continual strain. The back gives out—it aches and pains; Urinary troubles set in. Don't wait longer—take Doan's Kidney Pills.

Santa Fe people tell you how they act. Hilario Sandoval, painter and paper hanger, San Francisco st., says: "Any one engaged in my calling requires a good sound back and if that part of his anatomy gives out or is weak, lame and aching for six or seven months, he cannot perform the ordinary day's work without great discomfort. My backache never compelled me to stop work, but to say the least it was decidedly irksome when in the acute stage. Gradually as I continued the treatment with Doan's Kidney Pills the aching ceased and in a comparatively short space of time totally disappeared."

For sale by all dealers. Price 50 cts. Foster Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

BEST REMEDY FOR CONSTIPATION.

"The finest remedy for constipation I ever used is Chamberlain's Stomach and Liver Tablets," says Mr. Eli Butler, of Frankville, N. Y. "They act gently and without any unpleasant effect, and leave the bowels in a perfectly natural condition." Sold by all druggists.

SCRATCH PAPER.

Made from ledger, linen, flat and book papers at 10 cents per pound at the New Mexican. This is scrap paper put up in pads and is less than the paper originally cost. Only a limited supply.

INCREDIBLE BRUTALITY.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at Fischer Drug Co.

Don't get excited when you hear people raising a row about what they have to eat, but go to the Bon Ton, where you can get anything from quail on toast to chile and tamales.

STARTLING MORTALITY.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases there is just one reliable remedy, Dr. King's New Life Pills. M. Flannery of 14 Custom House Place, Chicago, says: "They have no equal for Constipation and Biliousness." 25c at Fischer Drug Co.

Subscribe for the New Mexican and get all the latest and best news.

GIVES HEALTH, VIGOR AND TONE.

Herbina is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

Have your stationery printed by the New Mexican Printing Company.

CURED CONSUMPTION.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

Justice of the Peace Dockets for sale by the New Mexican Printing Company.

INVALUABLE FOR RHEUMATISM. I have been suffering for the past few years with a severe attack of rheumatism and found that Ballard's Snow Liniment was the only thing that gave me satisfaction and tended to alleviate my pains. March 24th, 1902, John C. Degnan, Kinsman, Ill., 25c, 50c and \$1.00 at Fischer Drug Co.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are Mexican.

THE BEST COUGH SYRUP.

S. L. Apple, ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00, at Fischer Drug Co.

THE WEATHER IN FEBRUARY.

As Far as Santa Fe is Concerned Last Month Cut Many Extraordinary Capers.

People in this part of New Mexico had an idea that the month of February just past was a very wet one, but according to the Weather Bureau in this city the total precipitation was only 1.6 inches or as much as an ordinary Sunday afternoon shower in the east. Nevertheless there is only one February on record since 1872 at Santa Fe that was wetter, and that was the February of 1891 when the precipitation was 1.91 inches, while the February of 1874 was equally as wet as February of this year. There were eleven cloudy days last month, a record breaker for Santa Fe, but elsewhere there were from 20 to 23 cloudy days. There were 7 partly cloudy days and 10 clear days, a record of which Santa Fe is not especially proud, although it is probably the best in the United States for the shortest month of the year. The excess of precipitation since New Year already amounts to 1.52 inches which indicates big crops in this year of our Lord. The average temperature was 33 degrees, two degrees below the normal of the past 32 years. The highest temperature recorded was only 52 degrees on February 26 and the lowest 3 degrees below zero on February 13. The greatest daily range of temperature was 28 degrees on February 12 and the least only 6 degrees on February 1. Since New Year, there has been a deficiency in the temperature of 25 degrees. The snowfall during the month just past amounted to 8.7 inches. The greatest precipitation during any 24 consecutive hours was .43 of an inch on February 3 and 4. The total wind movement was 4,435 miles, mostly from the northeast, while the average hourly velocity was only 6.6 miles. The maximum velocity was only 32 miles an hour from the northwest on February 8. The Weather Bureau recorded one lunar halo, one fog and one thunderstorm during the month. The mean relative humidity for the month was 72.4 degrees and on sixteen days exceeded the freezing point. The mean maximum was 39 degrees, and on four days was below the freezing point but at no time below 21 degrees. The sunshine percentage of this month broke all records, having been only 48, the lowest of any month recorded by the local Weather Bureau.

GOVERNOR OF ALL MORA.

George Curry of New Mexico to Receive Merited Promotion.

George Curry of New Mexico, may become governor of all the provinces of Mora. That is what the Manila Town Topics says in the last edition of that paper to reach America. It prints a clear picture of Curry, showing him to be in excellent health. The writer avers that he has inside information to the fact that Governor Curry will be transferred from the province of Isabela, of which he is now governor, to that of Samar where there is much trouble, and that when General Leonard Wood leaves the Moras that Curry will in all probability be his successor.

Curry is an old timer in New Mexico. He was sheriff of Lincoln County and was also its probate clerk. He has been a member of the Legislative Council of this Territory and served as its president in the 1895 session. In the brief dispute with Spain about Cuba, the Maine and other points of difference, Curry was a captain in President Roosevelt's Rough Riders. His friends here will be glad to see him succeed General Leonard Wood when the latter returns to this country to be the head of the United States Army. When Curry made his last visit to the States he had a talk with the President about the possibility of this appointment.

BLUSTERING MARCH.

The Month Has a Habit of Coming in Like a Lion and Leaving in the Same Manner.

The following data, covering a period of 32 years, have been summarized and averaged by the United States Weather Bureau in this city, showing the conditions that have prevailed in that time in the month of March:

The normal temperature is 40 degrees, but the average ran up to 53 degrees in 1879 and was as low as 32 degrees in the year following. The highest March temperature on record was 82 degrees on March 30, 1879, while the lowest March temperature was recorded the following year, zero, on March 15. The average precipitation for the month is .71 of an inch, but it has been as high as 2.06 in 1897, and as little as .13 of an inch in 1872. The average number of days with more than .01 of an inch precipitation has been 6 and the greatest amount of precipitation recorded in any consecutive 24 hours was .71 of an inch on March 3 and 4, 1897. The average number of clear days in the month has been 16, partly cloudy 11, cloudy 4. The prevailing winds have been from the southwest, the average hourly velocity of the wind 7.9 miles per hour; the highest velocity on record, 50 miles an hour from the east on March 18, 1875.

Go to the Bon Ton for short orders, square meals and good, prompt table service.

Advertise your business. It pays.

PROPER TREATMENT OF PNEUMONIA.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy, the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 122 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of

these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Malaria, Bright's Disease of the Kidneys, Rheumatism, Neuralgia, Consumption, Syphilis and Mercurial Affections, Scrofula, Catarrh, La Grippe, Female Complaints, etc., etc. Board, lodging and bathing \$2.50 per day; \$14 per week; \$50 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is attractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

ANTONIO JOSEPH, Proprietor

Catron Block No. 311

SANTA FE, N. M.

LEGISLATIVE ASSEMBLY

(Continued From Page One.)

ing the insurance business in New Mexico, substituting the word March for that of February and providing that nothing in the original act shall invalidate or injure any policy heretofore issued to any one in the Territory.

On motion of Mr. Martin House Bill 150, as above described, was taken up out of its regular order by the Council read the third time and passed.

The committee on military affairs, Mr. Martinez chairman, reported Council Bill No. 57, by Mr. Martinez, An Act to promote the efficiency of the National Guard, recommending that it be passed as amended. Report adopted and bill passed.

BUSINESS ON PRESIDENT'S TABLE
 House Bill No. 145, by Mr. Howard, with reference to the management of the Servilleta Land Grant, read second time by title and referred to the committee on public lands.

Amended House Substitute for House Joint Resolution No. 5, by Mr. Howard, providing for the printing of rules, etc., in Spanish, read second time by title and referred to the committee on printing.

MESSAGE FROM THE GOVERNOR.
 A message from Governor Miguel A. Otero announced that he had signed House Bill No. 128, by Mr. Stockton, regulating the salaries of commissioners of counties of the second and third class.

ONE NOMINATION.
 At 11:25 o'clock the Council went into executive session, confirming the nomination of Page B. Otero as game warden and at 11:30 o'clock the Council adjourned until 3 o'clock this afternoon.

HOUSE.

Morning Session—46th Day.

Speaker Dalles called the House to order at 10:10 o'clock. All members answered present to the roll call.

Mr. de Baca moved that the vote by which House Bill No. 93 passed the House, be re-considered. The bill is by Mr. Sanchez and provides for the extension of the study of geology at the University of New Mexico at Albuquerque. The motion was carried. Upon vote, the bill, as amended was laid upon the table by a vote of 19 to 5.

Mr. Sanchez moved that the rules be suspended for the purpose of taking up House Joint Resolution, No. 6. The resolution provides for the payment of the extra Capitol employees. The motion was lost by a vote of 15 to 9.

INTRODUCTION OF BILLS.

House Bill No. 149, by Mr. Howard, An Act to protect the inhabitants of the Territory from frauds perpetrated by itinerant vendors. Referred to the committee on territorial affairs.

House Bill No. 150, by Mr. Williams, An Act to amend An Act of the Thirty-sixth Legislative Assembly, being An Act to create an insurance department in New Mexico and to regulate the insurance companies doing business in the Territory. The amendment reads that the act shall not affect policies issued prior to the passage of the bill. Mr. Wilkerson moved that the rules be suspended for the purpose of taking up the bill. The motion was carried by a vote of 22 to 2. Messrs. de Leon and Sandoval of Santa Fe voting no. The bill passed.

BILLS ON THIRD READING.

The committee on territorial affairs reported House Bill No. 111, by Mr. Mirabal, An Act to protect persons hiring labor in advance, recommending that it be passed. The report and amendments were adopted. The bill passed unanimously.

The committee on irrigation reported Council Bill No. 93, by Mr. Martin, An Act to amend sub-section 134, of Section 2685 of the Compiled Laws of 1897, recommending that it be passed. The act refers to appeals in certain cases. The report was adopted and the bill passed by a vote of 20 to 3. Messrs. Neblett, Wight and Williams voting no.

The committee on territorial affairs reported House Bill No. 110, by Mr. Dalles by request, An Act relating to the duties of the Sheep Sanitary Board providing for quarantining of diseased sheep, recommending that it be passed. The report was adopted. The bill passed 21 to 1, de Leon voting no.

The committee on finance reported House Bill No. 90, by Mr. Pendleton, An Act authorizing Miss Sue Greenleaf to write a school history of New Mexico, recommending that the committee substitute be passed. Mr. Sanchez talked in favor of the adoption of the report. Mr. de Baca offered an amendment to the substitute providing that no money be paid Miss Greenleaf until 50 per cent of the work on the history had been completed and that the history be written and approved by the Territorial Board of Education and that she furnish a bond of \$1,600 for the faithful performance of her duties. Messrs. Ellis and Wilkerson spoke in favor of the adoption of the amendment, Messrs. Howard and Sanchez against.

Mr. Howard moved that the amendment of Mr. de Baca be laid on the table indefinitely. The motion failed to carry by a vote of 13 to 11. Mr. de Baca then moved that his amendment be accepted, which motion was carried by a vote of 13 to 11.

The House took a recess at noon until 2:30 o'clock this afternoon.

COUNCIL

Afternoon Session—46th Day.

The Council was called to order by President Clark at 3 o'clock.

Council Bill No. 98, by Mr. Chaves, An Act fixing salaries of certain county officials and defining classes of counties, was referred to the committee on counties and county lines.

tee on counties and county lines.

The committee on railroads, of which Mr. Martin is chairman, reported House Bill No. 104 by Mr. Lynch, An Act providing a penalty for stealing brasses and other railroad equipment, recommending that it be passed. The report was adopted and the bill passed.

The committee on irrigation of which Mr. Chaves is chairman, reported House Bill No. 21, by Mr. Williams, An Act relating to the use of water, recommending that it be not passed. The report was adopted and the bill indefinitely tabled.

The committee on irrigation, of which Mr. Chaves is chairman, reported House Bill No. 47, by Mr. Griego, An Act regulating ditches, recommending that it be not passed and the bill was indefinitely tabled.

The judiciary committee, of which Mr. Leahy is chairman, reported Council Bill No. 48, An Act providing for the appointment of district attorneys, recommending that it be not passed, but that Council Substitute for same be adopted. The Council Substitute for same passed. This bill is by Mr. Leahy.

HOUSE.

Afternoon Session—46th Day.
 Every member answered the roll call.

Mr. Williams offered an amendment providing that House Substitute to House Bill No. 90, by Mr. Pendleton, the Greenleaf History Bill, be amended to read that Miss Sue Greenleaf be required to furnish a bond of \$2,000 and upon furnishing such bond that \$1,300 be paid her for such history. The amendment was adopted.

An amendment by Mr. Wilkerson that the bond be approved by the territorial auditor before any payment is made to Miss Greenleaf was passed.

A motion by Mr. Griego to table the bill was lost by a vote of 17 to 7. The bill then passed by a vote of 16 to 8. Messrs. Duran, Griego, Ellis, de Leon, Mirabal, Ortiz, Vigil and de Baca voting no.

A motion to reconsider was laid on the table indefinitely.

Under the suspension of the rules, Council Bill No. 96, by Mr. Leahy, providing for the appointment of assistant district attorneys, was passed unanimously.
