IS CLOSING IRON RING

Left Wing of General Nogi's Force Swinging Northward.

RUSSIAN ARMY IN PERIL

General Staff Admits Kuropatkin's Defeat, But Claim There Has Been No Disaster.

St. Petersburg, March 9.—A veil is drawn over the progress of Kuropatkin's heroic effort to extricate his beaten army but the general staff insists that, while he has been defeated, there has been no disaster. The peril of the whole army, and especially of the rear guard, is admitted, and Mukden may have been evacuated last night, although nothing definite has been received on that point. All day yesterday and last night a line of wounded, munitions, baggage and stores streamed northward. The Russo-Chinese Bank was removed to Tie Pass last Sunday. General Nogi, according to the latest authentic Russian reports, has reached a point half way between Mukden and Tie Pass, but it is believed that his left is swinging further north for a blow at the line of communication. This would realize Oyama's plan for the closing of the iron ring. The Tokio report that the railroad is actually cut is not confirmed here, the telegraph office to the contrary declaring that communication with Kuropatkin is still open. Losses will exceed those of any battle in the war. While the defeat of Kuropatkin has revived the talk of peace, it is too early yet to measure its full effect. If Kuropatkin succeeds in drawing off his army, no matter how damaged, the war office will insist that the situation will be unchanged.

Russian Center and Left Retreat.
St. Petersburg, March 9.—A dispatch from General Kuropatkin, dated March 8, says: On the right bank of the Hun River the enemy has assumed offensive operations towards Mukden from the northwest and the north. The center and left flank of our armies have fallen back, without fighting, on to the entrenched positions, on the right bank of the Hun River. Today the enemy attacked us on the north front, driving in small detachments of outposts.

Dispatch From Chief of Staff.
St. Petersburg, March 9.—The general staff has received the following dispatch from General Shakhovskoy, Kuropatkin's chief of staff, dated yesterday: "Several fierce attacks on our north front made during the night were all repulsed. In other directions the night was quiet."

Shakhovskoy's reference to the Russian north front would seem to indicate that the Japanese force is between Mukden and Tie Pass.

Russian Center Retreating.
With Japanese Army, March 9.—The left armies have cut and destroyed the railroad between Mukden and Tie Pass. Details are not obtainable at present. The Russians are in full retreat over the northern roads. The left column of these armies is at Likampu, seven miles north of the Hun River and five miles west of the railroad, and has had a fierce fight with Russian forces three times their number. The Russian casualties number 10,000. The Russian center is retreating in great confusion.

Japs Want Impartial Treatment.
Tien Tsin, March 9.—The Japanese have requested the transportation of 450 tons of rice to Simintin and unless the request is complied with the Japanese threaten to seize the railroad. It is believed to be a test case. The Russians constant shipment of wheat and coal to Simintin was not interfered with and the Japanese want impartiality. Today they again seized the telegraph office at Simintin.

Tokio Celebrating Victory.
Tokio, March 9.—Although the actual extent of the success gained by Oyama is unknown, Tokio is already celebrating victory. Flags are going up all over the city and crowds are on the streets celebrating. It is rumored that Kuropatkin's retreat has been partly cut off, insuring heavy losses of supplies and the capture of many prisoners, but this is impossible to confirm.

Japs Cut the Railway.
Tokio, March 9.—The Japanese have cut the railway north of Mukden.

Russians Take a Brace.
General Rennenkampf's Headquarters, March 9.—In pursuance to orders to retake at any cost the position at Oubeneppa that was lost at nightfall, the Russians at midnight stormed and recaptured the hills in the center. Among the Russian and Japanese dead on the hills was a Japanese general in full uniform.

80,000 Russians Surrounded.
New Chwang, March 9.—The Russians have not been reinforced from

JUST A FEW RECESSES

Denver, March 9.—The joint convention that is hearing the Peabody-Adams contest did not reach a vote on any reports before it this morning. After listening to the protest of B. J. O'Connell, a member of the bribery committee, because only one meeting of the committee had been held since its appointment Monday, and explanations from Chairman Arthur Cornforth of that committee, a recess was taken for fifteen minutes and immediately on reassembling another recess was taken until 2 o'clock this afternoon. The object of these recesses was to give the advocates of the Alexander report, which favors the declaration that no election resulted from the votes of last fall and therefore Lieutenant-Governor Jesse McDonald should be seated as Governor, an opportunity to submit the legality of such proceeding to the Supreme Court. If the Supreme Court will take the legality under consideration it is likely that a recess will be taken this afternoon until next Monday to give the court an opportunity to pass on the matter.

LEGISLATIVE POINTERS

During the absence of Rev. J. L. Shively from the Council, caused by the illness of his daughter, Rev. George F. Sevier is acting as chaplain.

The portly and tall form of Judge A. V. Logan, of Artesia, is conspicuous in legislative halls. The judge wants the creation of Artesia County, and wants it as the Texas cowboy did his gun.

George W. Armijo, chief clerk of the House, who attended the inauguration at Washington, and served as an aide on the staff of General A. R. Chaffee, returned home last night and resumed his duties today.

Mr. Martin says that a man cannot walk from the Capitol to the city, eat dinner and walk back again between the hours of 11 and 2 o'clock. Mr. Martin is evidently an ardent advocate of the simple life as well as the full dinner pail.

As time advances, it is more conclusively proven that the choice of Councilman John S. Clark for president and of Representative Carl A. Dalles for speaker was wise. This is the opinion of members generally and of all who have watched legislative proceedings thus far.

Both Houses are doing steady work, as it is realized by the members that there are but six short days for active work. There is every reason to believe that no important legislation will be neglected, but that all bills introduced will receive consideration and attention, pro or con.

Representative Williams, of Sierra County, is proving himself one of the best members of the House. He works quietly and unobtrusively, but his work is beneficial. He is certainly making a very good record, of which his constituents in Socorro and Sierra Counties may well be proud.

Councilman Greer's incorporation bill has been amended in minor particulars and it will very likely become law. It is believed that under its provisions many corporations will file incorporation papers in this Territory, thereby increasing the income of the territorial treasury from this source.

Judge A. V. Logan, of Artesia, reached the city Tuesday as a delegate from the people of that section to push through the measure for the creation of the new county of Artesia with the town of the same name as the county seat. It will be remembered that a similar measure was killed in the House during the fore part of the session. The new bill does not take as much country under Eddy County as was the case under the provisions of the bill that was defeated. It takes four tiers of townships in place of five from Eddy County. Its provisions are to go into effect immediately and the Governor is to have the appointment of the new county officials. Representative Ellis is working for its favorable consideration, but there seems to be a strong sentiment that the return of Councilman Ballard from Washington should be awaited before taking action on the measure. The people of Eddy County, outside of the part affected and which is to be taken into the new county of Artesia, are strongly against the plan and have kept the wires hot telegraphing to their friends in opposition to the measure. It seems to be but just and proper that Councilman Ballard, who is the representative from the ninth district, should be here to give his views on the question.

WATER USERS ASSOCIATION

Under Elephant Butte Reservoir and Ditch System Incorporated.

IMPORTANT PROJECT

The Dam to Cost Over \$4,000,000 and to Place Under Irrigation All of the Mesilla Valley.

The filing of articles of incorporation of the Elephant Butte Water Users' Association of New Mexico, in the office of Territorial Secretary J. W. Reynolds yesterday afternoon is another step towards putting into execution one of the vastest projects ever attempted in the southwest, the completion of which will entail a total expenditure of \$4,000,000 and place under irrigation an area of land beginning at a point on the Rio Grande at Elephant Buttes in Sierra County south to the Texas line.

The incorporators of the project include the following:

Oscar C. Snow, Henry D. Bowman, Isidoro Armijo, James H. Bentley, Nestor Armijo, Herbert B. Holt, Felix Martinez, Luis Goodman, William Palmer, Jr., J. L. Thompson, G. W. Mossman, C. E. Miller, H. M. Munday, C. H. Moore, Dan Kelly, Theodore Rouault, Gerald H. Totten, W. J. Sampson, H. M. Burke, B. B. Scoggin, Andres Gonzales, N. C. Frenger, B. E. Morris, J. M. Cunningham, L. Clapp, Charles W. Gerber, Sinfioro Garcia, H. Wertheim, W. B. Sweet, William Dessauer, H. F. Holstein, John R. McFie, George B. Preston, J. W. Kezer, R. Elwood, Francisco Lopez, John S. McClure, John D. Bryan, J. D. Isaacs, J. N. French, Pedro Flores, Jose Rodriguez, J. R. Purcell, John W. Yapple, Guillermo Lopez, Jose Albarran, Thomas M. Brewen, Robert Elwood, G. W. Freeman, Guadalupe Ascarate, Richard L. Young, Ruperto Garcia, Henry Summerford, William McCall, Jose Gonzales, P. Lassaigne, James P. Mitchell, J. C. Robbins, Daniel Milton Reade and Ysiquito Trevis.

The corporate powers of the association and the management of its affairs will be vested in a council, a board of directors and such other officers as the council may from time to time see fit to create. The officers of the association for the first year will be: Herbert B. Holt, president; Oscar C. Snow, vice president; Henry D. Bowman, treasurer, and Numa C. Frenger, secretary.

The term of incorporation is 50 years and the principal place of business will be Las Cruces, Dona Ana County, New Mexico. The capital stock is divided into 110,000 shares of a par value of \$40 each. The only persons who will be permitted to take stock in the association are those who own land within the belt to be benefited.

SENATOR BATE

HEEDS THE LONG ROLL.
Washington, March 9.—United States Senator Bate, of Tennessee, died in his apartments today of pneumonia and deranged heart. William Bromage Bate was 78 years of age. He was twice governor of his state, a veteran of both the Mexican and Civil Wars, rising from the rank of private to that of major general in the Confederate Army, and for eighteen years was a conspicuous member of the United States Senate. He attended the inauguration and suffered a slight chill but continued his official duties until Tuesday. A widow and two daughters survive. The remains will be taken to Nashville.

THE GALVESTON TO GET SILVER SERVICE.

Norfolk, March 9.—The United States cruiser Galveston, recently completed and placed in commission at the Norfolk navy yards, will sail next Wednesday for Galveston, Texas, where it goes to receive a silver service to be presented by the citizens of Galveston.

FIVE MINERS KILLED, FIFTEEN WOUNDED.

St. Petersburg, March 9.—A telegram from Ekaterinoslav, South Russia, says that five miners were killed and fifteen wounded in a conflict between the striking miners and the soldiers. Revolutionary disorders have broken out at Somelsk and in Middle Russia. Bands of demonstrators are marching through the streets carrying red flags.

MARKED IMPROVEMENT IN TRAIN SERVICE.

New York, March 9.—With the opening of the third day of the Interborough trainmen's strike, there appears to be a marked improvement in the operation of trains in the Subway; otherwise little change is noted.

FARMERS' CARNIVAL

Given by Columbian Literary Society of the Mesilla Park College.

A COMPLETE SUCCESS

The Financial Returns Were Satisfactory—Spielers and Barkers Help to Make Things Lively.

The event of the year thus far at the College of Agriculture and Mechanic Arts at Mesilla Park, was undoubtedly the Columbian Carnival held last week at the farm building by the members of the Columbian Literary Society. The building was tastefully decorated with bunting and palms and, with the various booths, presented a regular carnival scene.

A very heavy rain came up just before the hour of opening, and for a time it looked as though there would be a light attendance. But the clouds soon scattered and the "spielers" began their work. In a very little while the building was crowded with a jolly holiday crowd, and all of the shows were patronized to their full capacity. Many of these shows were worthy of a place in some of the professional carnival companies.

Among the most popular attractions were the candy booth, where home made candy was sold by the Misses Marguerite Ingram and Maude McFie, and the Japanese tea house where tea was served by pretty college girls dressed in the Japanese costume. The first day's carnival closed at 6 o'clock in the afternoon and all went home tired but happy.

At 3 o'clock on Friday afternoon the carnival was re-opened with several new attractions, and with the old ones improved. A much smaller crowd was in attendance upon this day than on the day previous. From 5:30 until 7 in the evening, a Mexican supper was served out under the trees. In the meantime a number of students were occupied in clearing out the hall for the dance which was to follow.

The dance began at 9 o'clock with a large and jolly crowd in attendance and continued until 1 in the morning. The gross receipts of the carnival days were about \$200 and the expenses will probably not exceed \$50. The faculty and students, while very glad of Professor Hiram Hadley's appointment as Superintendent of Public Instruction, regret very much that he is to leave the old halls where for such a long time his face has been one of the familiar and welcome sights.

WALPOLE GETS COMMISSION.

Although Confirmed Several Weeks Ago as Postmaster at Pueblo by the Senate, He Had to Wait.

Nimrod S. Walpole, a few years ago a resident of Santa Fe, and agent for the Pueblo Indians, and later, agent at Dulce, Rio Arriba County, of the Jicarilla Apaches, has finally received from President Roosevelt his commission as postmaster at Pueblo, Colorado. His appointment had been confirmed by the Senate on January 10, but his commission was held up because he had been indicted by a Pueblo grand jury for alleged election frauds. Investigations by agents of the Postoffice Department showed that the indictments were based upon political animosity and therefore the commission was no longer withheld.

RACES AT ALBUQUERQUE

Purses Amounting to Thousands of Dollars Are Hung Up for Prizes for May Events.

The Albuquerque Spring Racing Association, which is in the Western Racing Circuit, at its meeting on Tuesday, arranged the program for the racing events to take place at the Duke City on May 28, 29, 30 and 31. The prizes, including two stake races, foot up \$7,000, and this does not include several thousand dollars which will be hung up for running races. The association decided to have a special race, to be known as the Albuquerque Derby.

SAME OLD STORY, PREMATURE EXPLOSION.

Leadville, Colorado, March 9.—John Brennan and Patrick Deery, miners in the Coronado mine, were killed this morning by a premature explosion of giant powder. The men were working alone in the drift and their death was not discovered for some time after it occurred.

FAVORABLE TO THE SAN DOMINGO TREATY.

Washington, March 9.—The Senate committee on foreign relations today agreed to report favorably on the San Domingo treaty as amended. The vote was on party lines. Every Republican voted for and every Democrat against it.

Council adjourned at 4:15 o'clock.

HOUSE.

Afternoon Session—52d Day.

The committee on finance reported Council Bill No. 6, by Mr. Read, An Act fixing the fees to be received by assessors for collecting licenses, recommending that it be passed as amended. The amendments were adopted and the bill passed by a vote of 20 to 2, Messrs. de Leon and Wright voting no.

The committee on judiciary reported House Bill No. 165, by Mr. Neblett, An Act increasing the penalty for violation of the pharmacy law, recommending that it be passed. The report of the committee was adopted and the bill passed by a unanimous vote.

The committee on public improvements reported House Bill No. 141, by Mr. Crollot, An Act abolishing the use of the vara in measuring land, recommending that it be passed. The report of the committee was adopted and the bill passed by a vote of 20 to 1, Mr. Griego voting no.

The committee on counties and county lines reported House Bill No. 77, by Mr. de Baca, An Act providing for the drawing of a straight boundary line between the counties of Quay and San Miguel, recommending that it be passed. The report of the committee was adopted and the bill passed by a vote of 18 to 3, Messrs. Griego, Lynch and Vigil voting no. Mr. de Baca then moved that the vote by which the bill passed the House be reconsidered and that the reconsideration be laid on the table indefinitely, which motion prevailed.

COUNCIL.

Morning Session—53d Day.

The Council was called to order at 10:20 o'clock by President Clark. Rev. George F. Sevier offered prayer. The reading of the journal was dispensed with. All members answered to the roll call excepting Mr. Ballard and Mr. Greer, the latter being excused.

ARID LAND RECLAMATION

Senator Warren Says is Greatest Economic Problem of the Age.

KANSAS COLORADO SUIT

Wyoming Statesman Says Doctrine of Prior Appropriation Solves Question of Inter-State Use of Water.

On Tuesday Senator Warren of Wyoming, testified before Commissioner Granville A. Richardson, of Roswell, at Washington in the Kansas-Colorado water suit. He testified among other things that he went to Wyoming 37 years ago and that at that time there was scarcely any development along agricultural lines but that since then considerable development along those lines has taken place by reason of irrigation and that the future prosperity and development of the state depends upon a continuation of this policy. Senator Warren said that he has made quite a study of irrigation problems and he considers the reclamation of the arid lands of the west the greatest economic problem of the age. While opposing the position taken by Kansas in favor of riparian doctrines in the suit against Colorado, Senator Warren does not uphold the contention of Colorado that a state has absolute control and ownership in waters arising within its confines. The reclamation act was framed to prevent this and to preserve vested rights of the users of waters of streams for irrigation, regardless of state lines. The doctrine of prior appropriation is a satisfactory solution of the question of interstate use of waters.

NEW BILLS INTRODUCED.

Council Bill No. 114 by Mr. Martin, An Act relating to county clerks and collectors. Under suspension of the rules the bill was read twice, ordered translated, printed and referred to the committee on finance.

On motion of Mr. Martin the vote by which House Bill No. 140, by Mr. Hannigan, An Act relating to the adjustment of the Luna and Grant Counties' debts was passed yesterday afternoon, was reconsidered and the bill referred.

BILLS ON SECOND READING.

Council Bill No. 113, by Mr. Martin, relating to trust companies, read twice, ordered printed, translated and referred to the committee on corporations.

The committee on railroads reported House Bill No. 105, by Mr. Wilkerson, providing for the punishment of persons trying to wreck railroad trains, recommending that it be passed. The report was adopted and the bill passed.

MESSAGE FROM THE HOUSE.

A message was received from the House announcing that the House had passed House Bill No. 77, by Mr. Baca, amending An Act creating Quay County; House Bill No. 141, by Mr. Crollot, abolishing the vara in measuring land; House Bill No. 165 by Mr. Neblett, amending section 3718 of the laws of 1897, relating to the Board of Pharmacy; Council Bill No. 6, by Mr. Read, amending Section 1794 of the laws of 1897, relating to assessors' fees; Council Bill No. 105, by Mr. Read, providing uniformity in official bonds amended Council Memorial No. 6, praying the Secretary of the Interior and the Indian Commissioner to keep the Navaho Indians on their reserve; and that the House had concurred in Council Amendment to House Bill No. 39, to authorize the county commissioners of Luna County to levy a tax to build a court house and for other purposes.

COMMITTEE REPORTS.

The committee on mines and public lands reported Council Bill No. 94, by Mr. Leahy, An Act relating to land claims of soldiers, recommending that it be passed. The report was adopted and the bill passed. The committee on mines and public lands reported Council Bill No. 58, by Mr. Greer, An Act to regulate the formation of corporations for mining and other purposes, recommending that it be considered in the committee of the whole. The report was adopted and the Council resolved itself into a committee of the whole, with President Clark as chairman. The bill was considered by sections and amended and adopted.

The committee arose and the Council came to order at 11:45 o'clock. The Council adjourned until 2 o'clock this afternoon.

HOUSE.

Morning Session—53d Day.

Speaker Dalles called the House to order at 10:30 o'clock. All members present. The reading of the journal was dispensed with.

THE AGRICULTURAL FUTURE OF THE ARID WEST.

Secretary of Agriculture Wilson is a much more hopeful man than is the chief of the U. S. Geological Survey, who declares that only one in every seventy acres in New Mexico can ever be cultivated. Secretary Wilson says: "There are no bad acres. We have no useless American acres. We will make them all productive. We have agricultural explorers in every far corner of the world, and they are finding crops which have become so acclimated to dry conditions similar to our own in the west that we will, in time, have plants thriving upon all our so-called desert lands. We will cover this arid area with plants of various sorts which will yield hundreds of millions of tons of additional forage and grain for western flocks and herds. Our farmers will grow this upon land now practically worthless."

His opinion is reinforced by Frederick Coville, the chief botanist of the Department of Agriculture and who is personally very familiar with the west. He says: "There are millions and millions of acres in the strictly arid region, now considered worthless for agriculture which are as certain to be settled in small farms as were the lands of Illinois. I do not hesitate to predict that the transformation of these barren looking lands into farms through the introduction of desert plants will be as extensive a work as the enormous reclamation through irrigation."

Experiments recently made on the vast plateau around Cheyenne, show the possibility of cultivating and growing profitable crops on lands without irrigation, that had been regarded as suitable for nothing but sparse grazing by cattle and sheep. From an agricultural standpoint, the chances for development in New Mexico are grand and the entire wealth of the Territory today is but a fraction of what its agricultural wealth alone will be when this development has been brought about.

THE FRUIT GROWERS OF SANTA FE SHOULD CO-OPERATE.

Near Grand Junction, Colorado, on Monday, of this week, J. J. Durkee of Oberlin, Kansas, purchased an eight acre peach orchard from B. M. Landreth, paying therefor \$1,000 an acre. The same day, Durkee's son purchased at the same place a seven acre orchard for \$4,000. Located at or near Santa Fe, those orchards would probably not have brought one-half the above figures. Yet, Santa Fe climate is better and Santa Fe markets are more profitable than those of Grand Junction. Why the difference? The word co-operation explains it. The fruit growers of Grand Junction and surroundings have organized fruit growers' organizations which last year distributed hundreds of thousands of dollars among their members as profits on fruit sales by car load lots. Why do not the farmers of the Santa Fe, the Tesuque, and the Rio Grande Valleys co-operate?

A few weeks ago, Adolf von Menzel, the leader of the realistic school of painters in Germany, died at the age of ninety years. Physicians who performed an autopsy upon him to find out what the old chap really died of, discovered that he had consumed in an aggravated form in his youth and that he had water upon his brain for many, many years. A few more instances of this kind will make consumption fashionable and water on the brain a sign of distinction.

England is threatened with a water famine and daily prayers are being offered in the churches for rain. Wells are failing and reservoirs are low and if the drouth continues, irrigation will be the order in Great Britain. New Mexico has wondered who had stolen its weather and left something far inferior in its place. Unless that weather is returned poco pronto there will be an international war.

GOVERNMENT OWNERSHIP OF RAILROADS.

In Prussia the railroads are owned and operated by the state. Official statistics show that derailments are three times more frequent in the United States than in Prussia, collisions three and a half times more frequent and the killed and injured thirty-six times as numerous. The average number of accidents per million train kilometers per year in Prussia, ten years ago was 6.8; last year 5.07, showing a considerable decrease, while in the United States there is an increase. The earnings during the past year of the Prussian railroads were equal to a dividend of 7.3 on the capital invested, while in the United States there are thousands of miles of railroads that do not pay a cent of dividends, thousands more that are run at a positive loss and the average dividends of all the railroads is but very small. A maximum speed of 82 miles per hour is attained on the Prussian railroads, so that they are not slow by any means. However, wages paid by the American railroads are far above those paid by the Prussian state railroads. On the other hand, living is cheaper in Germany, railroad employees have practically a life job and are pensioned in old age and enjoy other advantages which are an offset to the higher wages paid on this side of the Atlantic. In comfort, American railroads are far above the Prussian roads, which, however, are divided into classes and offer an exceedingly low passenger rate to poor people who care more for getting to their destination than they do for plush seats and negro porters. Taken all in all, state ownership of railroads is beyond the experimental stage and if Uncle Sam essays into that field of Socialism in case the railroad trusts prove too obstreperous, he can profit by the work done and the results achieved in that line in Germany.

A CHANGE IN PENALTIES ON DELINQUENT TAXES NEEDED.

The provision in the present revenue laws providing that there shall be a penalty of five per cent on delinquent taxes and giving no time wherein this penalty is to accrue, except to allow the inference that it is for one year, should be amended and that at once. The present provision of the law is uncertain, vague and unsatisfactory and the amount is entirely too low. Indeed, it is farcical. It is a premium to be dishonest in the payment of taxes and a boon to the tax dodgers and knoekers, while it is a hardship upon the honest citizens, who pay their taxes promptly as the law requires. The penalty should be at least two per cent per month from the date on which the taxes become delinquent. The Thirty-sixth Legislative Assembly should make this greatly demanded and very important change before adjourning.

Hundreds of Pueblo and Navaho Indians are employed annually on railroad work as well as in the Colorado sugar beet fields and elsewhere outside of the Territory. If outside corporations find it profitable to furnish to the Indians free transportation and pay them good wages, why should not New Mexico people? The Indians make good laborers and mechanics and in view of that fact would it not be profitable for manufacturing industries to establish themselves in this Territory where good laborers can be procured without difficulty and at moderate wages and where raw material, climatic advantages and the nearness of new markets are also factors that should mean the success of industrial enterprises?

The bill by Councilman Martinez providing for the better government of the New Mexico National Guard, which has passed the House, with an amendment, made by the House should not be allowed to fail. It is a comprehensive measure and its provisions, if the bill passes and if carefully and intelligently carried out, will redound to the benefit of the Guard and bring about a better state of discipline and effectiveness, as well as be conducive to the increase of its membership.

John Brisben Walker, Thomas Lawson and a score of others are attempting to reform the world by the magazine route. The daily paper, however, remains the most powerful moulder of public opinion. The once-a-month reform editorial is too slow in the United States, where even the once-a-week reform screech of Colliers and other illustrated papers has comparatively little influence. The daily is on top and will always remain there.

Republican leaders are discussing the advisability of creating a new cabinet position, that of minister of the colonies, whose jurisdiction would extend over the affairs of the insular possessions and the Panama zone, including the building of the canal. The idea meets with a good deal of favor.

The yellow papers of the Territory are criticizing the present Assembly, charging that it is controlled by the Republican party organization. Well, what of it? Boodile does not control but sensible advice and well considered opinions do. Is this change not one greatly for the better?

President Clark has introduced a bill providing for an improvement in the present system of selecting jurors and also prescribing qualifications for citizens to serve on juries. The bill is all right and should be enacted into law. The present jury system is unsatisfactory in some respects.

SANTA FE CLIMATE THE BEST.

The Las Vegas Daily Optic one day this week devoted over two columns to the discussion of the relative climatic merits and advantages from a health standpoint of different localities in New Mexico. Naturally, Las Vegas is placed high above all others in that respect. Raton comes second and then Santa Fe. There is no fault to find with the loyalty of the Optic to its home town. The climate of Las Vegas is as near perfect as it is possible to be at any other place except Santa Fe. However, the United States Weather Bureau reported the other day that while the thermometer indicated a minimum of 3 degrees below zero at Santa Fe, cold enough for the most strenuous advocate of the cold air cure for consumptives, it was 31 degrees below at Las Vegas. Strange to say, in summer there is an equal difference in extremes in favor of Santa Fe. According to the Weather Bureau records, when the maximum last summer went far into the nineties at Las Vegas, it was low in the eighties in Santa Fe. During the past twelve months the range of extreme in temperature at Las Vegas was almost 40 degrees greater than at Santa Fe. Of course, that climate in the temperate zone is best that is the most equable, that shows the least variation between extremes. Then, according to the same official records, Las Vegas has a slightly greater total and maximum wind movement, a considerably higher relative humidity, a heavier rainfall, a slightly greater per cent of cloudiness than Santa Fe. There is no desire on the part of the New Mexican to deny Las Vegas the possession of a superb climate, only, it is not quite the equal of the climate of Santa Fe, which taken the year around, or taken in winter or summer separately, is the best in the world.

MR. STOCKTON'S BILL RELATING TO MARRIAGES SHOULD BE ENACTED.

Mr. Stockton's Bill No. 129, relating to marriages and providing for a uniform system of records thereof, which has passed the House, should receive the approval of the Council and become law. New Mexico is the only commonwealth in the Union where records of marriages are not kept, and where marriage licenses are not issued. Under the present statute, marriage certificates are recorded and that is all. The Territory should put itself in line with the rest of the country. Complete and correct records of marriages are very necessary for the protection of the rights of married men and women and their children, and very often of great importance in the courts, where they are needed as matters of evidence. The passage of the bill would mean that the spirit of modern progress is getting stronger in the Territory and that the legislators are endeavoring to do what is right and for the best interests of the people in this direction. Pass Mr. Stockton's bill.

The city of Santa Fe is constructing a breakwater on the north bank of the Santa Fe River, which will be a half mile in length. The cost of this work will be defrayed partly by the city and partly by private subscriptions. Bernillo County under a law enacted by the present legislature will construct dykes and levees to protect lands adjacent to the Rio Grande from overflow. This work is to be done by the residents interested and on the lands to be protected. All of this is in the right direction. Communities should help themselves as much as possible. Even in this respect, the Territory is advancing.

Representative Pendleton on yesterday introduced a bill for the prevention of cruelty to animals. It is a measure which should be enacted. Certainly something of the kind is very necessary in this Territory. Extreme cruelty to animals, especially horses and burros, is a daily occurrence throughout the Territory and it is time that inhumanity and cruelty to dumb brutes should be considered misdemeanors and punished severely.

A Russian giant, nine and a half feet in height, is on exhibition at London just now. He smokes 200 cigarettes a day, probably to show that cigarette smoking does not stunt his growth.

The antagonism of the yellow papers of the Territory to the present Assembly is easily explained. It is not a boodile body, hence these sheets are against the Assembly.

Six more working days of this session, gentlemen of the Assembly. The eyes of the people are upon you.

\$500 Reward For Women Who Cannot Be Cured.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

"I used four bottles of your 'Favorite Prescription' and one of 'Golden Medical Discovery,'" writes Mrs. Elmer D. Shearer, of Mount Hope, Lancaster Co., Pa., "and can say that I am cured of that dreaded disease, uterine trouble. Am in better health than ever before. Every one who knows me is surprised to see me look so well. In June I was so poor in health that at times I could not walk. To-day I am cured. I tell everybody that Dr. Pierce's medicines cured me."

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 31 one-cent stamps for the cloth-bound volume. Address World's Dispensary Medical Association, Proprietors, Buffalo, N. Y.

AN ACT

For the Relief of the County of Quay.

Be it Enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. The Treasurer of the Territory is hereby authorized and directed to loan to the said County of Quay the sum of two thousand dollars for the period of five years, to bear interest at the rate of five per cent per annum, interest to be payable semi-annually; the obligation to be executed to the Territory of New Mexico therefor by the said County of Quay, to be such as shall be prepared by the Solicitor General of the Territory of New Mexico. That said amount shall be used for the purposes of aiding said county to hold a term of court for the trial of criminal and civil cases therein pending, and the said court to use the same as court fund.

Sec. 2. That the County Commissioners of the County of Quay are hereby directed and required to assess, levy and collect in the same manner as the general taxes in said county are assessed, levied and collected, a sufficient amount of taxes each year after this date, to raise the one-fifth part of the said two thousand dollars, which said amounts as collected shall be retained in a special fund known as the "Territorial Loan Fund," and shall be used solely and only for the purposes of paying the interest upon said loan and the principal thereof, and the same when collected and so placed in said fund shall be turned over to the Territorial Treasurer at the end of each fiscal year hereafter, to be credited by him upon the obligation of said County of Quay.

Sec. 3. This act shall be in full force and effect from and after its passage.

Land Office at Las Cruces. Hon. W. E. Martin is also coming in for many congratulations and feels very good over his brother's success.

Hugh H. Harris, contracting agent of the Bell Telephone Company, with headquarters at St. Louis, Missouri, is in town. He has spent the past three weeks here for the benefit of his

health and for rest, having overworked himself during the St. Louis Exposition. He has been materially benefited by his stay and feels like a new man. He is loud and sincere in his praises of Santa Fe's health-restoring climate.

B. W. Robbins, who has been general agent of the Denver & Rio Grande Railroad in this city for several months, has been transferred to Denver with a similar position with the headquarters of the road in that city, and W. A. Barney, who was formerly general agent here, has succeeded him. Mr. Robbins has already left for his new post of duty and Mr. Barney arrived yesterday and has taken charge of the office. He will be located at the Union Depot. Mr. Robbins, during his service as general freight and passenger agent of the Santa Fe Central and as general agent of the Denver & Rio Grande Railroad here, has made many friends for his road and himself. He is a competent and obliging railroad official and very popular. Mr. Barney, who succeeded Mr. Robbins, was stationed here for a year and did acceptable service both for his road and for the business community while serving as general agent. The business men of the community are gratified that so long as the change was made by the railroad officials, Mr. Barney has returned to this city and to his old position.

"NORTH VIEW ADDITION" TO CITY OF SANTA FE.

City and County Surveyor J. L. Zimmerman has been directed to survey and plat six blocks of an addition to the city of Santa Fe, to be known as the "North View Addition." The owner of this property is W. G. Colby, of Elgin, Nebraska, who purchased it from the Santa Fe Water and Light Company. This addition will be quite an acquisition to the city, as it extends from Washington Avenue north to the foothills. Water can be secured from wells at a depth of from 20 to 30 feet, in sufficient quantities for domestic purposes, or connection can be made with the pipe lines of the Santa Fe Water and Light Company, which run through the premises. The lots are nearly all level and command a fine view of the city. The Board of Education of Santa Fe has under construction a \$30,000 high school building about nine hundred feet from the addition, and the United States Federal building, in which are located all the United States offices, is only about four hundred feet distant. Quite a number of people have already made application for lots to be used for residence purposes.

ARTESIA TOWN OFFICERS.

The board of trustees of the town of Artesia, Eddy County, has organized by electing A. V. Logan, president; Albert Blake, clerk; F. P. Hutchison, attorney; E. B. Kemp, treasurer; J. T. Patrick, marshal; William Benson, engineer. The town board consists of A. V. Logan, George P. Cleveland, E. B. Kemp, J. C. Gage and John Richey.

MONEY'S DIGEST.

The New Mexican Printing Company has made arrangements with the publisher of Money's Digest of the New Mexico reports to sell the same at the reduced price of \$6.50, delivered in any part of the Territory. This price will hold good only for a limited time in order to reduce the stock so as to pay for the publishing of the book. This price is subject to withdrawal without notice, cash to accompany each order.

MINOR CITY TOPICS

Eastern fish at meat market, Cartwright-Davis Company.

There will be regular practice of the Capital City Band at Elks' Hall on Palace Avenue tonight.

First addition of our spring suits now ready. See out \$17, \$20, and \$22.50 line. N. Salmon.

The board of directors of the Mutual Building and Loan Association will hold a regular monthly meeting this evening at 7:30 o'clock at the office of the secretary.

J. Ashby Davis has about recovered from the severe electric shock which he received about ten days ago while doing some plumbing at the residence of Dr. J. M. Diaz.

Wear one of Salmon's suits, a Hanan shoe and a Stetson hat and you will be called a dressy man. N. Salmon.

Mr. and Mrs. C. H. Everts have moved into the residence owned by Hon. T. B. Catron and formerly occupied by Mrs. Hall, on Grant Avenue. Mr. Everts is a draftsman in the Surveyor General's office.

A largely attended meeting of Santa Fe Lodge No. 460, B. P. O. Elks, was held at the club rooms of the lodge last night. Dr. J. E. Baca, of Parkview, was the victim who was forced to ride the goat.

Eastern fish Fridays and Wednesdays, Cartwright-Davis Company.

Manager Frank Owen, of the Santa Fe Water and Light Company, is installing a number of street lights in front of the business houses around the Plaza and this portion of the up-town district presents quite a metropolitan appearance at night.

Bids for the construction of the wing dam for the Don Gaspar Avenue bridge will be opened by the Board of County Commissioners on Saturday. The plans and specifications for the dam are on file at the county clerk's office where they can be examined by intending bidders.

Golden Lodge No. 3, A. O. U. W., met at Odd Fellows' Hall last night and installed the following officers for the ensuing year: J. B. Sloan, master workman; C. C. Pierce, past master workman; Grant Riverburg, foreman; F. H. McCabe, recorder, and Jose E. Sanchez, inside watchman. The new officers were installed by Dr. W. S. Harroun, past master workman.

The special train bearing General Manager S. B. Grimshaw, Private Secretary Katherine Erhardt, Master Mechanic G. H. Shone and Roadmaster L. M. Williams, which left this city Tuesday morning over the Santa Fe Central for an inspection of the road, returned last night. The new telephone system, roadbed and bridges were thoroughly inspected and Mr. Grimshaw states that everything was found to be in first class condition, which speaks very well for the road, as the past winter has been a very severe one.

Sealskip Oysters, Cartwright-Davis Company.

The management of Sunmount recently received a letter from Worcester, Massachusetts, asking for accommodations for Thomas F. Regan, of that city, and stating that Mr. Regan had started from that city on February 28. Since then they have been watching the trains each day for his arrival, but today they received word that Mr. Regan had jumped from a Southern Pacific train near El Paso and was instantly killed. Nagle & Carr, undertakers of El Paso, took charge of the remains, which were shipped back to Worcester.

U. S. DISTRICT COURT.

In the United States District Court yesterday afternoon the jury in the case of Ramundo Salazar, of Rio Arriba County, charged with selling liquor to Indians, brought in a verdict of not guilty and the prisoner was released. Salazar is 82 years old. He was defended by Hon. Alexander Read and Modesto C. Ortiz, while Assistant U. S. District Attorney E. L. Medler conducted the prosecution.

This morning the case against Benito Maes and Anastacio Santistevan, of Taos County, charged with selling liquor to Indians, was on trial. E. L. Medler, assistant U. S. attorney, is conducting the prosecution and Judge N. B. Laughlin represents the defendants.

MEXICAN CHILDREN IN SCHOOLS.

El Paso Parents Have Considerable Trouble in Straightening Out Their Difficulties.

Mexican children have been excluded not only from the United States Indian Industrial School at Chilocco, Oklahoma, but also from the school at Grand Junction, Colorado. Thirteen children of El Paso parents who had been in attendance there have been expelled, being unable to prove Indian blood in their veins. The parents sent money for railroad transportation for the children but owing to the misspelling of names, the superintendent of the school did not pay the money received to the children, but will do so upon receiving the correct names. The children will probably pass through Santa Fe on Saturday on their way home to El Paso.

INAUGURATION OF KIBBEY.

Arizona's New Governor Took the Oath of Office at Phoenix on Tuesday Afternoon.

Judge J. H. Kibbey was on Tuesday afternoon inaugurated Governor of Arizona to succeed Major Alexander Brodie. The ceremonies took place in the House of Representatives at the Capitol and were witnessed by about 500 people. Chief Justice Edward Kent administered the oath of office. The ceremonies were very simple and the inaugural address was short but to the point. Governor Kibbey has appointed E. S. Clark, of Yavapai County, solicitor general of the Territory, the office having been held by Kibbey previous to being appointed governor.

WOOL PRICES GOOD.

The Clip This Year in New Mexico Will Exceed That of Last By 60 to 80 Per Cent.

Bond Brothers, of Espanola, and Wagon Mound, have contracted for nearly all the wool in the Estancia Valley and the Manzanos, excepting the 150,000 pound clip of W. W. McIntosh and a few others. The clip this year is to exceed that of last year by from 60 to 80 per cent. Good wool is scarce in the east and prices are good and still going upward. Shearing will commence about May 1 and the wool will commence moving eastward about May 15. Levi A. Hughes, of this city, has closed large contracts for clips in Guadalupe County.

MUST DRAW NEW JURIES.

Judge E. A. Mann holds that new juries will have to be drawn for the April term of court at Lincoln. Juries had been drawn to serve at the March term but recent legislation changed the time for holding court at Lincoln from March to April. At first it was thought that the jurors drawn for the March term could hold over but this week Judge Mann directed Sheriff Owen that a new venire would have to be served.

LOTS OF WATER IN THE PECOS.

The Pecos River is showing the effect of melting snow. At Anton Chico it is so high that the mail has to be ferried across it on a wire. This is unusual so early in the season and damage by high water in the valley of the river is anticipated.

ACCUSED OF HORSE THEFT.

Sheriff Cleofes Romero has brought to Las Vegas from Union County, Jose Mauricio Chaves, accused of stealing a span of horses at Los Alamos, San Miguel County, and driving across the country to Clayton with them. He was lodged in the San Miguel County jail.

ALAMOGORDO DAILY JOURNAL EXPIRES.

New Mexico is minus one of its daily newspapers. The Alamogordo Daily Journal has stopped publication for the simple reason that a daily newspaper does not pay at Alamogordo. The publication of the Weekly Journal will be continued.

APPOINTED DEPUTY TREASURER.

William McIntosh, of McIntosh, treasurer and ex-officio collector of Torrance County, is in Santa Fe on legislative business. He has appointed Jesus Garcia deputy treasurer and collector with office at the county seat, Estancia.

Supplies for Notaries Public for sale by the New Mexican Printing Company.

FARMINGTON TO THE FRONT.

J. E. McCarthy, of Farmington, San Juan County, is in the city serving upon the United States petit jury. He is a well to do farmer and ex-county commissioner of his county. Mr. McCarthy is very much elated over the prospects for the future of his home town. He says that the town and the entire county are steadily growing in population and in wealth, and he firmly believes that Farmington will, in the near future, be one of the influential towns of the Territory. There is no boom, but everything is gradually improving west of the La Plata River. Mr. McCarthy says there is to be found some of the best coal that is mined in New Mexico. It is excellent coking coal and the veins are from 20 to 40 feet in thickness. These coal beds will aid materially in the advancement of the county. The railroad facilities will in a short time be equal to the best in the country. The Denver & Rio Grande has already commenced construction on a line to run through the county, and the Southern Pacific and the Phelps-Dodge Systems are soon to follow. These three roads will cross at Farmington, making that town an important railroad junction point. Land values in and around the town and county have increased greatly during the past year and the indications are that they will continue to do so for some time to come.

CANNED FISH we offer in large variety, sardines of all kinds and in many different sizes. Domestic oil sardines 5c. Mustard sardines 10c, 2 1/2c, and 15c. Senorita brand put up in California, in pure olive oil are well liked, per can 12 1/2c. Imported sardines at from 10c per can, up. Corned cod fish, fresh herring, soft shell crabs, clams and clam chowder are all a change from the constant meat diet.

BURNHAM'S CLAM BOULLION is refreshing to invalids or others who for any reason have weak stomachs. Trial size glass bottles 10c, half pint bottle 25c, pints 45c, quarts 85c.

BURNHAM'S CLAM CHOWDER in 3 pound cans we are selling at 25c. a can, made after a famous Rhode Island receipt. Trial cans 10c.

IMPORTED ITALIAN OLIVE oil such as we offer in tins can seldom be obtained in this section. Buying as we do from the importers we are able to make a very low price on this oil, quarts 85c, 1-2 gallon \$1.45, gallons \$2.75. There is no better oil offered than this.

SALT MACKEREL, Herring, White Fish, etc., are the proper thing at this time. We offer a nice line.

MALTA CERES needs no cooking. Ready for breakfast or luncheon with only the addition of milk or cream. Owing to the failure of the manufacturers we obtained a quantity to sell at the price of 5c per package in place of 15c as heretofore.

NEUTRITA, a flake breakfast food we still offer at 3 packages for 25c. We have just received a shipment of imported preserved figs in pound tins at 25c. per tin.

SPANISH SWEET PEPPERS in pound tins put up in olive oil, excellent for salads and to stuff and bake, 1 pound tins 20c, 1-2 pound tins 12 1/2c.

IMPORTED FRENCH PEAS are much used at this time. We have three grades at 20c, 25c, and 30c. The last is the finest thing put up.

COOKING OIL is much preferred by many to lard for frying, etc. Quart bottles at 30c, gallon tins \$1.25.

DRIED PRUNES are very fine this year and also cheap, per pound 5c, 10c, and the large meaty, juicy ones at 12 1/2c.

RICE is a food that is not used as much as the price and food value justify. Head rice 3 pounds 25c, Japan rice 4 pounds 25c, Honduras rice 5c per pound.

WHITE STAR SOAP in small boxes of 25 bars at 90c box is a bargain.

THE STORY OF SCISSORS

Years and years ago, in a big mill where shears were exclusive product, one of the master-workmen conceived the idea of quietly making a very small, almost tiny, pair of shears. When they were finished, he sent an apprentice for the masters of the mill. The boy had simply bidden them come and as he led them to the unusual exhibition, he proudly shouted, upon reaching the spot:—

"See, Sirs!"

Thus it was that scissors were named.

The scissors and shears that we sell bear our name etched in the metal. We are not ashamed of them. The kind we can't guarantee, we don't want to know about.

Everything from manure scissors to 14-inch shears, and for every use that a woman can conceive of.

REMEMBER! Our mail order department "works while you sleep." A postal does your part,—we do the rest.

LEGISLATIVE ASSEMBLY

Continued from First Page.

close of the session. Referred to the committee on finance.

Council Joint Memorial No. 8, by Mr. Martin, addressed to the United States Congress, petitioning it to pass a bill creating the Seventh Judicial District with headquarters at Socorro. The memorial was passed under suspension of the rules by a unanimous vote.

Council Bill No. 82, by Mr. Read, An Act to license the practice of Osteopathy in New Mexico and creating a Board of Osteopathy. Referred to the committee on judiciary.

Council Bill No. 36, by Mr. Winters, An Act prescribing the manner of describing money in indictments. Referred to the committee on judiciary.

Council Substitute for House Bill No. 41, by Mr. Neblett, An Act authorizing the Territorial Board of Education to issue teachers' certificates to conductors of normal institutes. Referred to the committee on education.

Council Bill No. 85, by Mr. Martin, An Act relating to the removal of county seats. Referred to the committee on counties and county lines.

Council Bill No. 87, by Mr. Winters, An Act to compel certain prisoners to do public work in incorporated towns and cities. Referred to the committee on finance.

Council Bill No. 83, by Mr. Read, An Act relative to land suits. Referred to the committee on judiciary.

Council Bill No. 88, by Mr. Winters, An Act prohibiting territorial or county officials becoming sureties for others. Referred to the committee on finance.

Mr. Neblett moved that the vote on Council Bill No. 6, by Mr. Read, An Act fixing the fees to be received by county assessors from liquor and gaming licenses, be reconsidered, which motion carried. Mr. Sanchez then acted as temporary speaker and Mr. Dalles took the seat of Mr. Sanchez for the purpose of discussing the bill. He made an eloquent appeal for the passage of the bill as amended without further amendment. Mr. Wilkerson offered an amendment to the effect that the bill should not affect incorporated cities, which amendment was adopted. Mr. Wilkerson then offered another amendment striking out the words collector and treasurer wherever they appeared in the bill and inserting instead the word sheriff. This amendment was amended by Mr. Dalles by adding thereto that the assessors should receive 3 per cent of all licenses collected and the sheriffs 2 per cent.

Mr. Wilkerson moved that the House stand in recess until 2:30 o'clock, which motion was carried.

COUNCIL

Afternoon Session—53d Day.

The Council was called to order at 2:15 o'clock by President Clark.

On motion of Mr. Read, the Council resolved itself into a committee of the whole for further consideration of Council Bill No. 58, by Mr. Greer. Further amendments were made and the bill as a whole was adopted. The committee of the whole arose at 2:45 o'clock and the Council was declared in session. President Clark as chairman of the committee of the whole reported Amended Council Bill No. 58, recommending that it be passed. The report was adopted and the bill was passed.

MESSAGE FROM THE HOUSE

A message from the House was received announcing that the Council had passed Council Joint Memorial No. 8, by Mr. Martin, petitioning Congress to establish a seventh judicial district.

BILLS ON THIRD READING

Amended Bill to Amended Council Bill No. 99, by Mr. Miller, relating to classification of counties, amendments were adopted, the bill read the third time and passed.

Mr. Martin moved that the vote by which Council Bill No. 99 was passed be reconsidered and the reconsideration thereof be indefinitely tabled. The motion was carried.

House Bill No. 77, by Mr. de Baca, amending An Act creating Quay County, read the second time by title and on motion of Mr. Winters, was indefinitely tabled.

House Bill No. 121, by Mr. Crollot, An Act eliminating the vara from the measure of land read the second time by title and referred to the committee on mines and public lands.

HOUSE

Afternoon Session—53d Day.

Speaker Dalles called the House to order at 2:45 o'clock. All members present. The reading of the journal was dispensed with.

The discussion of Council Bill No. 6 was resumed. Mr. Crollot moved that the bill together with the amendments thereto be laid on the table. Mr. de Baca cited parliamentary rules showing that it was out of order to introduce any new amendments to a reconsidered bill and his point of order was sustained by the chair. Mr. Dalles amended the motion of Mr. Crollot to lay the bill on the table, to the effect that the motion be rejected. The vote on the motion of Mr. Crollot to table the bill resulted 18 to 5, Messrs. de Baca, Hannigan, Neblett, Wilkerson and Dalles voting no.

Mr. Dalles made a stirring appeal against the tabling of the bill and pleaded with the members to change their votes and vote against tabling it. Mr. Pendleton was the first and only member to change his vote from yes to no and the bill was tabled.

the direction of Harbin since March 1. Nogi's army made a forced march of twenty-five miles daily and, acting in conjunction with Oku's army, surrounded 80,000 Russians in the direction of Tie Pass and cut off their supplies. Hurrying Japanese armies passed the division of Russians without giving it any attention until the enveloping movement was completed, when they crushingly attacked the Russians on all sides.

Japs Driven From Railroad.

Mukden, March 9.—The Japanese during the night broke through the Russian lines, reached the railroad and slightly damaged the line. The Russians later drove them away and the line was repaired today.

Surrender His Only Alternative.

New Chwang, March 9.—It is reported here that Tie Pass has been invested by the Japanese and that General Kuropatkin, having no alternative, will probably be forced to surrender within a week.

OFFICIAL MATTERS.

One Applicant Examined.

At the meeting of the Territorial Board of Pharmacy yesterday afternoon, one applicant, S. T. Bann, of Albuquerque, was examined for a registered pharmacist's license. The board met again today when Mr. Bann successfully completed the examination and was passed. This finishes the business before the board.

FIRE DEPARTMENT

CALLED OUT.

A telephone message was received by the New Mexican office this afternoon about 3 o'clock from the local Weather Bureau office stating that a fire had started in the building. A message was sent from this office to the fire department and they responded immediately. Upon arriving at the scene of the blaze, it was found that the fire was beneath the wainscoting and upon tearing this out, the fire was quenched with a few buckets of water.

COMFORTS OF TRAVEL.

The porter on the California Limited this winter will be prepared to press a gentleman's trousers while he waits. This is a new wrinkle, introduced for the benefit of fastidious dressers. It isn't absolutely necessary to carry along an extra pair of trousers, either; the porter works while you sleep.
