WHERE THE MONEY GOES

A Draft of the Council Appropriation Bill for the 57th and 58th Fiscal Years.

IS CAREFULLY DRAWN

Provisions are not haphazard but are arrived at with due consideration to the finances.

Council Bill No. 120, prepared by the finance committee of both Houses, making appropriations for the 57th and 58th fiscal years, was introduced by Hon. W. E. Martin in the Council this morning. The committee have given the drafting of the bill much time and consideration and its provisions are not haphazard but were arrived at after consultation with the territorial officials and considering the financial condition of the Territory.

The territorial institutions are provided for as follows:

New Mexico College of Agriculture and Mechanic Arts \$11,000; University of New Mexico \$16,000; New Mexico School of Mines \$12,000; New Mexico Normal School \$12,000; New Mexico Normal University \$12,000; New Mexico Military Institute \$12,000; Insane Asylum \$42,000; Miners' Hospital \$5,000; Institute for the Blind \$5,000; Reform School \$2,800; Deaf and Dumb Asylum \$2,800; Children's Home at Belen \$4,500; Penitentiary \$35,000; Capitol \$8,810; a total of \$202,510.

For salaries and contingent expenses there are appropriated about \$85,000. There are a number of miscellaneous items, the largest of which is \$8,000 to reimburse the penitentiary for brick furnished to public institutions; \$4,185.50 for insurance of the Capitol building and furniture; \$2,500 for the protection of the Mimbres Valley from floods; \$3,000 to pay the deficiencies of the New Mexico Board of Managers of the Louisiana Purchase Exposition; \$500 for briefing the opinions of the Supreme Court during the past three years; \$2,500 to the territorial library for the purchase of books; \$1,200 for the rent and maintenance of armories; \$1,200 for the National Guard expenses; \$500 for the New Mexico Historical Society; \$4,000 for the Bureau of Immigration; \$500 for the insurance of the territorial library and a number of small deficiency accounts including \$553 for the rent of armories, \$789.90 to Lars M. Larsen for current expenses of the Deaf and Dumb Asylum the past three years; \$2,500 for publishing United States Geological Survey reports by the School of Mines. These sums are for each of the two fiscal years, excepting such extraordinary expenses as the deficiency of the Louisiana Purchase Exposition Board and for the relief of the Mimbres Valley. The total of the appropriations is well within the estimated revenues of the Territory.

CAN THE LEGISLATURE REPEAL THE CONSTITUTION.

Denver, March 11.—The Supreme Court today listened to arguments of the counsel on the questions propounded yesterday by the Senate as to the constitutionality of declaring the office of governor vacant and what effect it will have. Attorney John Waldron for Peabody, alleged that the legislature is attempting to repeal the constitution and that no branch of the government has the power to do that. Attorneys George L. Hodges and W. L. Bryant, for the Alexander people, asserted that the legislature has no power to find that there was no election. Senator Edward Taylor said that there were no questions involved that would give the court the right to take the matter up. Taylor appeared as a friend of the court.

BOMB PROVED TO BE A BOOMERANG.

St. Petersburg, March 11.—The explosion of a bomb at the Hotel Bristol, adjoining the Hotel D'Angleterre here, just before daylight, blew to atoms the owner of the bomb, a man with an English passport and giving the name of Alfred Henry McCullough, and also wrecked the adjoining room, killing the wife of an officer and injuring several other officers. There is no doubt that the man killed was connected with the Terrorist plots. It is believed he was packing his effects, probably preparing for some desperate enterprise, when he dropped the bomb. His passport was fictitious, but the man was a foreigner, not a Russian. It is believed he was a Frenchman.

THE LATEST WAR NEWS

Tokio, March 11.—The full extent of the Russian disaster is still unknown here. It is known, however, that the casualties and the losses in guns and munitions of war are enormous. Even approximate figures are unobtainable as yet. It is expected that the prisoners will number many thousands. Local estimates vary from twenty to fifty thousand. It is not clear yet whether Kuropatkin planned to stand and hold his line north of Hun River or to retire, until he found it was too late to carry out his plan. His action in heavily reinforcing his right in the neighborhood of Mukden, incline many to believe that he planned to hold the line of Hun River and attempted to check flank attacks. By a desperate onslaught the Japanese drove through the line of Hun River and then pressed northward, practically creating a giant cordon around Mukden and bagging a tremendous force by the operations completed yesterday. Desperate fighting continued last night, the Russians striving to break the encircling barrier. It is evident that the losses on both sides were heavy yesterday, swelling the already tremendous total loss involved in the capture of Fushun and the continuous heavy fighting. It is now known that as a result of the operations of yesterday, if the Japanese army succeeds in obstructing the line of retreat between Fushun and Tie Pass, but a small fraction of Kuropatkin's army will emerge from the disaster. The Japanese wedge, which was driven through the Russian center on Hun River, continues to advance to the north. It is reported that the Russians are retreating north along the line of the railroad, evidently very badly demoralized after being caught between the wedge and the extreme Japanese left, northwest of Mukden. They have been heavily punished along the route of the road described. The Japanese are shelling disordered masses of the Russians.

Japs in Vigorous Pursuit.

Tokio, March 11.—Later in the day, the following dispatch was received from headquarters of the Japanese armies in the field: "Our force in Sing King direction, after carrying the enemy's position on the northern heights of Fushun, pursued him as far as Huiyugapao, five miles north of Fushun and at 11 o'clock last night resumed vigorous pursuit of him."

Sixty Thousand Prisoners.

St. Petersburg, March 11.—It is reported in military circles this afternoon that Kuropatkin has lost 300 guns and about 60,000 prisoners, besides about the same number of killed and wounded.

Russians Still in Danger.

St. Petersburg, March 11.—The Associated Press learns that a dispatch received by Emperor Nicholas from General Kuropatkin last night, in addition to announcing the retreat of the Russians, added: "Our retreat is being conducted with the enemy harassing both flanks. The second army, under Biderling, suffered the heaviest, both in killed, wounded and prisoners. How many are surrounded is unknown. The army is still in danger."

Japs Are North of Mukden.

London, March 11.—A dispatch to the Japanese legation from Tokio says the Japanese detachment has reached Pu River, thirteen miles north of Mukden and is inflicting considerable damage on the retreating enemy.

May Mean Annihilation.

Tokio, March 11.—The following dispatch from headquarters of the Japanese armies in the field was made public today: In Sing King direction, our forces are now attacking a superior force of the enemy occupying the north heights near Fushun. All our forces in the Shakra River direction entirely dislodged the enemy on the right bank of the Hun River Friday and surrounded the enemy on the east and north of Mukden. According to several reports, from noon of March 10, the Russians filled the district between the railroad and the Mukden road in great confusion and in a state of utter exhaustion. Thousands on thousands of Russians are in the district between Sanwa, eight miles north of Mukden, and Mukden, and are retreating north in a miserable condition. Artillery and in fantry in the vicinity are pouring a fierce fire upon them, inflicting heavy damage. On Friday our detachment hurriedly advanced from Sing King Tien, on the Hun River between Mukden and Fushun, and reached Pu River, thirteen miles north of Mukden, and at sunset was inflicting heavy damage to the remnants of the enemy. Our detachment is now trying to annihilate them.

RUSSIA TO CONTINUE WAR UNTIL VICTORIOUS.

Washington, March 11.—"After Liao Yang there was talk of peace. Russia's answer was reinforcements. Like Liao Yang, Mukden is the scene of another retreat and again Russia's answer will be large reinforcements, but of peace not one word." This was the emphatic statement of Count Cas-

MEN OF THE HOUR IN NEW MEXICO

HON. MALAQUIAS MARTINEZ.
Member of the Legislative Council From the Counties of Taos, Rio Arriba and San Juan.

Hon. Malaquias Martinez was born in the town of Taos on December 5, 1859. As a boy and a young man he was given the best education the school facilities of the Territory afforded in those years, attending one of the first schools opened in Taos County, the Christian Brothers' College in Taos and the Brothers' College in Mora County. After leaving Mora he was a clerk and contractor in the employ of the United States government at Fort Union and for a time engaged in the cattle business. In 1890 he returned to Taos, where he took up farming and stock raising and has continued in these vocations ever since, being now the owner of some valuable and highly improved farms and graded stock. In 1890 he served as census enumerator for Taos County, doing this important work diligently and carefully. In 1892 he was elected to the office of superintendent of county schools, holding that position for two years with ability and satisfaction to the people.

In the campaign of 1894 the Republicans of Taos County elected him as a representative to the Thirty-first Legislative Assembly, but political maneuvers by his Democratic opponent deprived him of the office to which he was fairly elected. In 1896 he was elected on the Republican ticket as representative from Taos County. In the campaign preceding his election he promised the voters that he would serve them faithfully if elected and his work during the session made good the pledge; he proved himself one of the most valuable members of the House. His record was so good and his actions as representative were so satisfactory to his constituents that he

has been elected member of the Council to represent the counties of Taos, Rio Arriba and San Juan in the Thirty-third, Thirty-fourth, Thirty-fifth and Thirty-sixth Legislative Assemblies by very handsome majorities. In these several bodies he acquitted himself so creditably and well that he was re-elected three times and with this session he will finish ten years of service in the legislature of the Territory making a record of which his constituents and he, himself, may justly be proud. In everyone of these four sessions he served as chairman and as a member of several important committees. An examination of the record shows that he voted uniformly on the right side and that quite a number of the good laws now on the statutes of New Mexico were introduced by him and passed by his active aid and timely labor.

From his majority he has been a staunch Republican and for twelve years past has been a leader of his party in his section. He has served several times very acceptably and successfully as chairman of the Republican Central Committee of his county and as member of the Republican Territorial Central Committee from Taos County. In March 1903, he was appointed a member of the Board of Penitentiary Commissioners and as such has performed his duty faithfully and acceptably.

Councilman Martinez was married at Ocate in November, 1883, to Miss Juanita Chaves, who died three years later, leaving one child. In 1889 he was again united in marriage at Ocate, this time to Miss Emilia Blattman. Two children bless this union.

For Russia will never sue for peace. Neither could she accept terms which did not recognize Russia as a power in the far east. Friends of peace throughout the world should use their influence with Japan. The victor should be moderate. Otherwise no end of the war is in sight."

NEW YORK STRIKE CONTINUES UNIMPROVED.

New York, March 11.—Although two days have elapsed since the unions involved in the street railroad strike were repudiated by their national officers and ordered back to work, conditions are still far from normal, although more trains are running than at any time since the strike began. It is probable that many of the strikers will never be taken back. It is stated that the company has decided not to re-employ any men over forty years of age. This plan will cut off hundreds.

NO CONFIRMATION OF PEACE OVERTURES.

London, March 11.—The foreign office says it has nothing confirmatory of the report printed in the Graphic today to the effect that peace overtures between Russia and Japan have already been commenced through France and Great Britain. Officials say that no negotiations are in progress as far as the British government is concerned and the government has no news forecasting such negotiations.

THE FLAG OF THE FREE

It is to Wave From Every School House in the Territory of New Mexico.

A SIGN OF PATRIOTISM

A Daily Salute to the Starry Banner—Lincoln's Birthday Dedicated to Its Observance.

For some years there has been on foot a movement all over the country to instill into the public school pupils a spirit of healthy patriotism. In many of the states compulsory flag laws have been enacted compelling each public school to own and to display, during school hours or at designated times, an American flag.

New Mexico has fallen in line by enacting a compulsory flag law and requiring a daily salute to the flag. The salute will be in the following form:

The pupils stand facing the flag in the attitude of a military salute and recite in concert:

"I pledge allegiance to my flag and to the Republic for which it stands, one nation indivisible, with liberty and justice for all."

The following are the provisions of the statute which has become law:

Section 1. The boards of school directors of the various school districts and the Boards of Education of the cities and towns of this Territory shall procure at the expense of their respective districts, towns or cities, for every public school not now provided therewith, a United States flag not less than five feet long, together with a flagstaff, and the necessary appliances therefor; and thereafter whenever the flag, flagstaff, or the necessary appliances thereof of any such school shall from any cause become unsuitable for further use, such school boards of directors or boards of education shall in the same manner purchase others in place thereof.

Section 2. The school directors or boards of education in the various districts, cities and towns in the Territory shall cause the United States flag to be displayed upon the public school buildings or premises therein during school hours if in their best judgment it be practicable, otherwise at such times as they may direct, and such boards of school directors or boards of education shall also establish rules and regulations for the proper care, custody and display of the flag; and when, for any cause it is not displayed it shall be placed conspicuously in the principal room of the school building.

Section 3. The twelfth day of February in each and every year hereafter is hereby established in the annual school calendar to be known as flag day, in honor of the birthday of Abraham Lincoln, and shall be observed with patriotic exercises in the public schools; but such day shall in no wise be construed to be a holiday: It is also provided that when such day shall fall on Sunday or on Saturday, the following or preceding days respectively, as the case may be, shall be observed.

Section 4. It shall be the duty of the superintendent of public instruction to prepare a program of patriotic exercises for the proper observance of flag day, and to furnish printed copies of the same to the school directors and boards of education of the various districts, cities and towns, at least four weeks previous to the twelfth day of February in each year. He shall also prepare for the use of the schools a printed program providing for a uniform salute to the flag, to be used daily during the session of the school.

Section 5. This act shall be in force and effect from and after its passage.

National Guard, was taken up out of its regular order. The Council recessed from its action in not concurring in the House amendment to the bill. The amendment was concurred in and the amended bill passed. The amendment fixes the salary of the adjutant general at \$1,200.

REVOLUTIONARY PREACHING.

It is a strange comment upon con-
 ditions in Russia that there are more
 people in the Czar's dominions who
 are rejoicing over the Japanese vic-
 tories than there are in Japan itself.
 Mark Twain, with a sarcasm that is
 cutting, comments thereon somewhat
 as follows under the title of the Czar's
 Soliloquy: "After the Czar's morning
 bath it is his habit to meditate an hour
 before dressing himself, seeing only a
 lank, skinny, bowlegged libel of the
 image of God," he sees nothing there
 to give autocratic power. There is
 nothing there to worship. No one
 could tell his carcass from that of a
 barber, a shoemaker, or a tramp. It is
 this, he muses, which 140,000,000 Rus-
 sians kiss the dust before and worship.
 He concludes that it is all in his
 clothes. Hence his clothes are the
 real Emperor of Russia.

Then he considers what kind of an
 invention the human race must be.
 For centuries the swarming Russian
 millions have allowed his family to
 "rob them, insult them, trample them
 under foot, while they lived and suf-
 fered and died with no purpose and no
 function" but to make his family com-
 fortable. Like horses, which allow
 one man to govern them when they have
 the strength of a hundred men, so the
 Russian people will let this one family
 enslave them by the use of a few sol-
 diers, when these soldiers are them-
 selves their own sons and brothers.
 "In Russia such laws as exist," he con-
 tinues, "make an exception—our fam-
 ily. We do as we please, we have
 done as we pleased for centuries. Our
 common trade has been crime, our
 common pastime murder, our common
 beverage blood—the life blood of the
 nation. Yet the pious moralists say it
 is a crime to assassinate us. We and
 our uncles are a family of cobras set
 over 140,000,000 rabbits whom we feed
 upon all our days; yet the moralist
 urges that to kill us is a crime, not a
 duty. It is not for me to say it aloud,
 but to one on the inside this is naiv-
 ety; on its face illogical. Our
 family is above all law; there is no law
 that can reach us, restrain us, protect
 the people from us. Therefore, we are
 outlaws. Outlaws are a proper mark
 for any one's bullet. Ah! what could
 our family do without the moralist? He
 has always been our stay, our sup-
 port, our friend; today he is our only
 friend." Then the Czar muses on the
 fallacy of the moralist's plea that no
 good has come or can come from vio-
 lence. Yet the merest child's book of
 history should teach the falsity of this.
 "No regal tyranny was ever over-
 thrown except by violence."

THE PRACTICE OF OSTEOPATHY.

The Assembly has passed the Read
 bill creating a Board of Osteopathy
 and providing for the licensing of doc-
 tors of osteopathy in this Territory.
 The measure is among the good ones
 passed and will prove of benefit to in-
 valids and sufferers from nervous af-
 flictions, as well as to sick people gen-
 erally. Osteopathy is a method of
 treating the sick without medicine and
 has become firmly established in the
 United States during the past ten
 years as a rational and sound method
 of treatment of suffering humanity
 and those who are afflicted with illness
 temporary or chronic. The provi-
 sions of this bill will elevate osteo-
 pathy in this Territory as under it no
 person will be licensed to practice un-
 less he or she has had a complete
 course in a reputable college of osteo-
 pathy, shall well understand the meth-
 ods of osteopathy and be of good moral
 character. The Legislative Assem-
 bly did the right thing in passing the
 measure.

THE SELFISH ANIMUS OF THE JOURNAL.

The Albuquerque Journal in its
 issue of Thursday made a bitter attack
 on Councilman Jacobo Chaves and
 Speaker Carl A. Dalles because the
 former introduced Council Joint Reso-
 lution No. 8, providing for the print-
 ing of bills, reports and documents in
 Spanish, and because the latter sup-
 ported the measure actively in the
 House and aided greatly in its passage.
 The Journal in its rage and jealousy
 designates these two gentlemen as
 "grafters" and charges them directly,
 to say the least, with corrupt motives
 in the passage of this measure. It
 gives them no credit for decency nor
 conscientiousness in the performance
 of their duties. It condemns Messrs.
 Chaves and Dalles because, forsooth,
 they do not think as the Journal does
 and because they have the courage of
 their convictions and vote according-
 ly. The paper does not want any print-
 ing in Spanish of the reports and trans-
 actions of the Assembly, because it
 does not care to have the Spanish
 speaking citizens of this Territory
 know anything about legislative af-
 fairs nor does it want them to be of
 the least importance in territorial af-
 fairs. The "Mexicans" are not only
 of no consequence to the Journal, but
 as far as that paper and those who
 are behind it are concerned, they want
 to push the "Mexicans" to the rear in
 every possible case. The "Mexicans"
 are not entitled to any consideration at
 the hands of the Journal and its own-
 ers and hence the paper opposes any
 and everything that might be of ben-
 efit or use to the Spanish speaking
 citizens of this Territory. Because
 Councilman Chaves and Speaker
 Dalles simply ask that the same right
 and privileges be accorded to all alike,
 English and Spanish speaking citizens
 of the Territory, they are "grafters"
 and their methods, aims and objects
 are prompted by corrupt motives. The
 fact that these two gentlemen are
 very conscientious and honest in every
 respect, in politics, business and social
 life, matters not to that paper. It at-
 tacks them nevertheless and that with-
 out cause and without foundation. It
 does so unjustly and unfairly and be-
 cause it can. Had they voted away a
 hundred thousand dollars for a dyke
 for the city of Albuquerque to protect
 the property of the men who own the
 Journal, they would have been all
 right and praiseworthy and this ac-
 tion would have been lauded to Heav-
 en. One fortunate circumstance,
 which takes the sting of the poison
 from the Journal's attacks on Messrs.
 Chaves and Dalles, is that these legisla-
 tors are too well known to be serious-
 ly affected by them and that the peo-
 ple are convinced that they are honest
 and honorable men who are doing
 their duty in their present positions,
 as they deem right and proper and for
 the best interests of the people.

TINKERING WITH THE SCHOOL LAWS.

Concerning tinkering with the pre-
 sent school laws, the Las Vegas Optic
 correctly and timely remarks:
 "There is one kind of tinkering with
 the school laws to which the Optic
 strongly objects. That is the enact-
 ment of legislation that will divert a
 portion of the funds for the support
 of the public schools to enterprising
 citizens. A bill was introduced into
 the House by Mr. Griego and was re-
 ported favorably by committee, provid-
 ing for the payment of school direc-
 tors. This bill was promptly recom-
 mitted. It is inconceivable that the
 House will pass it and equally incon-
 ceivable that it can get a single vote
 in the Council. Throughout this
 whole nation members of school
 boards have served willingly without
 compensation because of the sacred
 nature of their duties. The public
 school is recognized as the chief sup-
 porter of the liberties of our people.
 And it remains for a man in New Mex-
 ico to introduce a bill providing that
 the guardians of the public school are
 to be paid. We regret that such a
 measure could have emanated from a
 New Mexico legislator."

A green eyed monster evidently has
 charge of the columns of the Albu-
 querque Journal, and all because that
 paper is "not in it." It denounces ap-
 propriations for necessary public print-
 ing as "grafts" useless, valueless, det-
 rimental, etc. Really and truly, it
 makes a great deal of difference whose
 ox is gored, especially when it comes
 to printing. Anything and everything
 in that line that is not for the abso-
 lute benefit of the Journal is intrinsic-
 ally, wholly, and absolutely bad,
 wicked, corrupt, valueless and use-
 less. Everything, however, that falls
 into the maw of that publication is
 heavenly, sublime, just, proper, eco-
 nomical and morally, as well as legally
 right.

Councilman Miller's bill providing
 for a classification of counties accord-
 ing to the amount of territorial taxes
 collected in them and basing the salar-
 ies of certain county officials upon
 these collections will doubtlessly meet
 with the approval of the Governor and
 will prove one of the best measures
 passed at this session. The principle
 is right and the provisions therein
 were carefully and intelligently con-
 sidered and will be found to be for the
 best interests of the people.

But four more days of the session,
 gentlemen of the Assembly. The ap-
 propriation bill must be passed within
 that time. Haste should be made slow-
 ly and all measures before the Assem-
 bly should be carefully and conscien-
 tiously considered during the remain-
 ing four days.

The Albuquerque Journal in a recent
 issue announced that the printing es-
 tablishment of the Albuquerque Citiz-
 en owned by Hughes & McCreight
 had been sold to a syndicate com-
 posed of Governor Otero, Delegate W.
 H. Andrews, National Committeeman
 Solomon Luna and Chairman H. O.
 Bursum of the Republican Territorial
 Central Committee. The paper is
 very specific and claims that Hughes
 and McCreight received \$12,000
 and that \$6,000 were made by
 the purchasers. The New Mexican
 is in position authoritatively to deny
 the statements of the Journal. The
 gentlemen above named have not pur-
 chased the Citizen, have not paid any
 money to Messrs. Hughes and Mc-
 Creight directly or indirectly and have
 not made any money out of the trans-
 action. The Journal will have to try
 again. That is all in this case.

The need of good roads in New Mex-
 ico is felt by mining men as well as
 farmers and city folk. Says the Sil-
 ver City Independent: "Owing to the
 miserable condition of the roads, peo-
 ple living in the country are unable to
 come to town to trade and it has been
 somewhat dull here for the past week
 or two in consequence." Another item
 has it that the Silver City Reduction
 works had to close down owing to the
 impossibility of hauling ore from the
 surrounding camps. Work on a min-
 ing prospect had to be stopped for a
 similar reason—bad roads. And yet,
 New Mexico has spent within the past
 two decades enough labor and money
 on its roads to have macadamized ev-
 ery important road in the Territory.

A justice of the peace has been ar-
 rested at Manila for being the head of
 a conspiracy to start a revolution. He
 had addressed a wild appeal to Senor
 Santos, governor of the province of
 Albay, southern Luzon, boasting of his
 strong following, and urging that the
 towns secretly prepare to overwhelm
 the scouts and constabulary and kill
 the American oppressors and neutral
 natives. Jose del Rosario in Malabon
 has been arrested on a similar charge
 and the court officials are kept busy
 with cases of that kind. As long as
 the chief industry among the Filipinos
 is to create trouble, so long they will
 lack prosperity and the possession of
 that complete independence which os-
 tensibly is their desire.

"Mukden has fallen" was flashed
 over the wires yesterday from far off
 Manchuria. This was expected and
 despite General Kuropatkin's asser-
 tions that it is his plan to fall back
 and lure Marshal Oyama's forces
 northward and away from their base of
 supplies, military men and those ac-
 quainted with the military situation in
 Manchuria are of the opinion that the
 Japanese have gained another great
 advantage and another glorious vic-
 tory. General Kuropatkin seems to
 forget that his plan has cost Russia
 thousands and thousands of soldiers
 and vast supplies and munitions,
 which Russia is in no shape to replace
 during the present war.

The Oklahoma legislature is to pass
 a resolution asking Uncle Joe Cannon
 to visit the Territory as the guest of
 the people. Cannon is from Illinois,
 but perhaps the proximity of his
 home to Missouri puts him in the
 class that wants to be shown. It
 wouldn't hurt to invite the old states-
 man to New Mexico, even though a
 very enthusiastic reception could not
 be guaranteed him. However, it
 would be respectful, to say the least,
 and if he says the right thing about
 the Territory and takes back a few of
 the things he has said about it, there
 will be no trouble about working up
 a high degree of enthusiasm.

Senator Bate who died this week,
 possessed old fashioned and almost ob-
 solete ideas of public honesty. He
 would not accept the pension to which
 he was entitled as a veteran of the
 Mexican War because he was drawing
 a salary from the United States. He
 never accepted a railroad pass or a
 telegram frank nor ever sought a pub-
 lic job for a relative. It would not hurt
 the United States if there were a
 larger proportion of men of his type
 in Congress.

The latest from St. Petersburg is
 that the Japanese are given stimulat-
 ing drugs to incite them to attack
 pills of which are found in the pocket-
 ets of prisoners. In other words, the
 Japanese brand is superior to vodka.
 It were perhaps better for the Rus-
 sians if their officers and their men
 drank a little less stimulant and did
 a little more calm thinking.

INCREASES REVENUES

Councilman Miller's Bill Passes Both Houses of Assembly.

IMPORTANT MEASURE

Basing the Salaries of Certain County Officials Upon Actual Amount of Territorial Taxes Collected.

The following is the text of Councilman Charles E. Miller's Council Bill No. 99, which has passed both Houses and which will be of the greatest importance as affecting favorably the revenue systems of the several counties in the Territory. Mr. Miller in introducing the bill reasoned that it would be proper and for the best interests of the commonwealth were salaries of certain county officials based upon the actual amounts of territorial taxes paid into the territorial treasury yearly. He concluded that a law of this kind would induce the county officials having charge of the assessing and collecting of taxes to be more diligent, more careful and more strenuous in assessments and collections if their salaries were based upon the amounts collected. In this people who understand the situation agree with him fully. The original bill was published in full by the New Mexican as a measure of great importance but as it was materially amended before passing, the New Mexican now republishes it as amended on account of its great importance and to give county commissioners, assessors and tax collectors a correct knowledge of what they are expected to do hereafter if they would receive the maximum salaries under the bill.

Amended Council Bill No. 99.

Reported by Committee.

An Act to regulate the classification of counties, and fixing the salaries of certain county officials thereof:

Be it enacted by the Legislative Assembly of the Territory of New Mexico:

Section 1. Whenever any county of this Territory shall remit to the territorial treasurer, thirty-five thousand dollars, or over, during any one year, the same being the proceeds of the collections from the territorial levy for the year in question, such county shall be deemed a county of Class A. Over twenty-seven thousand and under thirty-five thousand dollars a county of Class B. Over twenty thousand and under twenty-seven thousand dollars, a county of Class C. Over fifteen thousand and under twenty thousand dollars, a county of Class D, and under fifteen thousand dollars a county of Class E. The collections herein given are based upon a levy of fifteen and one-half mills.

Section 2. The county commissioners of the several counties of this Territory shall receive the following compensation:

In counties of Class A, \$800 per annum; in counties of Class B, \$500 per annum; in counties of Class C, \$400 per annum; in counties of Class D, \$300 per annum; in counties of Class E, \$200 per annum, and five cents per mile for each mile actually and necessarily traveled in going to and from regular meetings of such board; provided, that the meetings of said boards shall not exceed twelve in number in each year.

Section 3. The probate judges of the several counties in this Territory, shall receive the following compensation:

In counties of Class A, \$600 per annum; in counties of Class B, \$500 per annum; in counties of Class C, \$400 per annum; in counties of Class D, \$250 per annum; in counties of Class E, \$200 per annum.

Section 4. The probate clerks of the several counties of this Territory shall receive the following compensation as ex-officio clerks of the boards of county commissioners, in addition to the fees now allowed by law to such probate clerks and ex-officio county recorders, and no more:

In counties of Class A, \$1,000 per annum; in counties of Class B, \$750 per annum; in counties of Class C, \$600 per annum; in counties of Class D, \$400 per annum; in counties of Class E, \$400 per annum.

Section 5. The county school superintendents of the several counties of this Territory shall receive the following compensation:

In counties of Class A, \$1,500 per annum; in counties of Class B, \$1,000 per annum; in counties of Class C, \$900 per annum; in counties of Class D, \$600 per annum; in counties of Class E, \$400 per annum.

Section 6. Section six of chapter twenty-seven of the laws of the Thirty-fourth Legislative Assembly of this Territory is hereby repealed, to take effect January 1st, 1907.

Section 7. The classification of the several counties of this Territory shall be made each year by the territorial traveling auditor, and shall be ascertained and determined from the sums paid into the territorial treasury by the collectors of the several counties of this Territory, for the fiscal year ending on November 30th, and previous to the year for which services are to be rendered, and the territorial traveling auditor shall immediately after the passage of this act, and hereafter on or before December 31st, of each year, certify to each Board of County Commissioners the classifica-

tion of their respective counties for the ensuing year, ascertained and determined in the manner hereinbefore described.

Section 8. Any member of any Board of County Commissioners of this Territory, after the notice of classification of their respective counties has been certified to them by the territorial traveling auditor, who shall neglect to perform the duties imposed upon such board in section seven of this act shall be liable to summary removal by the Governor of this Territory.

Section 9. This act shall in no manner affect or change the salaries of the county officials of the county of Santa Fe for the years 1905 and 1906.

Section 10. The county assessors of the several counties of this Territory shall be allowed for their services 4 per centum upon all moneys collected upon assessments upon taxable property made by them, and also upon all mercantile licenses assessed by them, and no more, under any circumstances, whatever, to be paid out of moneys collected on said assessments and to be paid as other moneys are disbursed, on warrant of the county commissioners.

Section 11. The county treasurers and ex-officio collectors of the several counties of this Territory shall be allowed, and shall receive, for their services four per centum upon all moneys for taxes and licenses collected or received by them within their respective counties.

Section 12. All acts and parts of acts in conflict with this act are hereby repealed, and this act shall take effect and be in full force on and after April 1st, 1905, except section six of this act, which shall take effect as provided for.

A. H. MERRITT.

"Tired in the Morning"

This condition is unnatural. A healthy person gets up in the morning well rested, feeling fine and ready for the day's work.

If you get up in the morning tired, it simply means that your nerves have not rested and their restlessness has not allowed you to rest in the healthy, normal way.

"Tired in the morning," "Run down," "All worn out"—these signs are the warnings—they mean that your nerves need attention.

You must feed some new power to your nerves.

That is just what Paine's Celery Compound does. It feeds new power to the nerves and builds them back to healthy strength.

It makes new Nerve Force.

It makes new vitality and makes life worth living.

That is just why for the past 18 years Paine's Celery Compound has been the most universal used tonic in the world.

A. H. MERRITT'S EXPERIENCE WILL PROVE VITALLY INTERESTING TO THOUSANDS.

"Two years ago I had a nervous disorder that completely prostrated me. I couldn't sleep, and would lay and toss about all night, arising in the morning more tired than ever, head heavy, eyes dull and every bone and muscle aching. I tried to get along without calling in a doctor, but was finally driven to it. He treated me for some time, but with no perceptible improvement in my health. Some one recommended your Paine's Celery Compound. The change it effected in my system was noticeable almost instantly. I gradually took on flesh. The 'all-gone' feeling left me. In less than six weeks I was fully recovered from what looked to me like an everlasting sickness. I feel actually grateful to you, as my health to-day is a testimonial of what your medicine can do. Yours very truly,"—A. H. Merritt, 32 Mule Hall Building, Boston, Mass., Feb. 12, 1904. Bandmaster First Regiment Band, Heavy Artillery, M. V. M.

It's So Easy

It's easy enough for a salesman to have you slip into a suit, take you before a mirror, pat you on the back, and say: Did you ever see anything fit so perfectly? Look at the way that collar hugs the neck; how well the shoulders set! &c., &c.

Perhaps

But how about the wear of the fit? Depends upon the tailoring. What is to hold that collar in place or to keep those shoulders in shape?

So don't go altogether by appearance; judge by what you know of the reputation of the store.

Ever since I have been in the clothing business I have stood and we shall continue to stand back of every piece of clothing I sell to the end.

If, when the season is over, you think you haven't had your money's worth of wear, come back and let me pay you what I owe you.

This is a safe store to tie to for clothes.

OFFICIAL MATTERS.

Appointed Notaries Public.

Governor Otero has appointed the following notaries public:

Horton Moore, of Las Cruces, Dona Ana County, and Eugene Cooper, of Hagerman, Chaves County.

Articles of Incorporation.

The following articles of incorporation have been filed in the office of Territorial Secretary J. W. Reynolds: The Gila Valley Land and Cattle Company; the incorporators are Edgar M. Young, Lee E. DuBois and George S. DuBois, all of Silver City, New Mexico. The objects of the incorporators are to purchase, own, sell and deal in cattle and generally to carry on and conduct the business of cattle and stock raising. The term of existence is 50 years and the principal place of business is Silver City, Grant County, New Mexico. The capital stock is \$1,000,000 divided into 1,000,000 shares of a par value of \$1 each. The number of directors is three and the incorporators are named as the officers of the company for the first three months of its existence.

TAKING CARE OF THE INDIAN.

The two government Indian Industrial Schools in New Mexico fared well at the hands of Congress this time. The appropriations for the Santa Fe school are: Pupils, 300 in number, \$50,100; superintendent, \$1,800; water supply \$1,500; repairs and improvements, \$5,000; electric light plant, \$3,000; total \$61,400. The school at Albuquerque, 300 pupils, \$50,100; superintendent, \$1,800; improvements, \$4,000; general repairs, \$5,000; total \$60,900. However, other schools fared even better. The total appropriation for the school at Chillico is \$140,900; at Lawrence, \$149,700; at Phoenix, \$134,400, while the only school in the southwest that receives less than the New Mexico schools, is that at Truxton Canon, Arizona, which is given \$37,550.

Of much interest in New Mexico is the following clause of the appropriation bill: "Lands now held by the various villages or pueblos of Pueblo Indians, or by individual members of the Pueblo tribe, with reservations or lands in New Mexico, and all personal property furnished these Indians by the United States or used in cultivating these lands; and any cattle and sheep now possessed or hereafter acquired by the Pueblo Indians, shall be free and exempt from taxation of any sort whatever, including tax heretofore levied, if any, until Congress shall otherwise provide."

In this connection the decision of Judge Ira A. Abbott of the Second Judicial District in the Pena Blanca ditch election contest is of interest, which gives the Pueblos the right to vote for officers in charge of ditches, holding that they, the Indians, have an interest in the ditch, analogous to that of a stockholder in a corporation.

CERTIFICATES SOLD AT PAR.

Territorial Securities on Account of Martin Relief Law Bought By S. Spitz at Favorable Rate.

Yesterday forenoon at 10 o'clock, Territorial Treasurer J. H. Vaughn opened bids for the purpose of selling territorial certificates of indebtedness to the amount of \$50,000 to be issued by the Territory to carry into effect the provisions of the Martin Relief Law passed by the Assembly, in accordance with the advertisement published in the case. There were six bids and after careful consideration the certificates were awarded to S. Spitz of this city at par and interest. This was the best bid received. The other five contained conditions that were deemed obnoxious or too hard on the Territory. Mr. Spitz's bid was the most favorable and hence was promptly accepted.

UNITED STATES

DISTRICT COURT.

In the U. S. District Court yesterday the case of Benito Maes and Anastacio Santistevan, of Taos County, charged with selling liquor to Indians, occupied the time of the court. The case went to the jury at noon. The jury remained out until 8 o'clock last night, and, not having reached a verdict at that time, the jury was discharged by Judge McFie. E. L. Medler, assistant U. S. district attorney, conducted the prosecution and Judge N. B. Laughlin represented the defendants. Edward Nichols, a young man indicted at the present term of the court for robbing the postoffice at Lamy a few weeks ago, was arraigned, and pleaded not guilty. Being without counsel or means to employ one the court appointed R. A. Hanna, to defend him, and set his trial for Monday morning next at 10 o'clock.

Territorial District Court.

The time of the District Court for the county of Santa Fe was occupied this morning in calling the docket and setting criminal cases.

The court announced to the members present that it was likely but a few days of the term could be devoted to jury trials on account of insufficient money in the court fund. The calling of the docket, however, developed the fact that but few cases were set for jury trial, the lawyers being only too willing to confide the interests of their clients to the judge without the intervention of a jury.

The grand jury adjourned this morning until Monday, as there were no more witnesses present to be examined. The petit jury was also adjourned by Judge McFie until Monday morning.

LEGISLATIVE POINTERS

Yesterday afternoon a number of ladies attended the session of the House. As the legislature draws to a close a great deal of interest is being manifested in its deliberations and the floor and galleries will probably be filled with visitors from now until the end.

Today a joint steering committee from the Council and House was appointed and will have charge of all bills that are to be reported for action, favorably and unfavorably. This was done in order to expedite business as but four days of the session are left.

The Governor today announced having signed Council Bill No. 79, An Act relating to incorporated towns; Council Bill No. 89, An Act providing for a compulsory flag law; Council Substitute for House Bill No. 46, An Act relating to appraisement of estates; Council Joint Resolution No. 8, the printing resolution.

Miss Matilda Gallegos, of Las Vegas, who is a competent stenographer, is a candidate for the position of translator of the Spanish reports and documents into the English language, preparatory to their printing. Nearly every member of the Assembly has signed a petition asking her appointment and in her favor.

Council Bill No. 120, the appropriation bill, was introduced by Councilman Martin this forenoon. It is a comprehensive bill covering 29 printed pages. It has been carefully considered and prepared in every detail and it looks as if it would pass without much amendment. The finance committees of both Houses have been busy upon it for the last week or ten days.

Judge A. V. Logan of Artesia, who spent the week here endeavoring to have another bill creating the county of Artesia introduced and to push it to passage, left yesterday for his southern home. The judge found that what he desired could not be done. Councilman Charles L. Ballard, who returned yesterday from Washington and who is the representative from the Council district in which the new county is to be located, has been against the plan from the very first and would not consent to favorable action at this time. It is the opinion of Councilman Ballard that the time for the creation of this new county has not yet arrived. Judge Logan left for home with a much better opinion of the New Mexico legislature than he had when he arrived. He found nearly all of them, with probably one exception, to be alright, straightforward and fair. The people of Carlsbad and of Eddy County therefore need not fear any untoward legislation during the remainder of the session. Right here it is well to remark that the next time they should endeavor to send a Republican to represent them in the House from that district.

MOTHER'S FRIEND

Help for Mothers

Any woman who is suffering disordered menstruation, bearing down pains, nervousness, or whose life is made desolate by barrenness, can have the same relief Mrs. Vincent secured, by taking Wine of Cardui in the privacy of her home. No physician's treatment necessary. This pure Wine commends itself to every suffering woman.

Will you go to your druggist today and secure the same relief Mrs. Vincent writes about? When the stomach, bowels or liver are affected, Thedford's Black-Draught should be used.

WINE of CARDUI

No. 933 Mission St., SAN FRANCISCO, CAL., Dec. 9, 1903.

I am happy and pleased to attest to the value of Wine of Cardui for prospective mothers. I took it for three months before my darling baby came and I suffered so little pain I felt I was an exception. The child is happy and healthy and the sunshine of my life. I had hardly any trouble after she was born, and after eleven days was up doing my entire household and feeling better than I had felt for years. I am the envy of my neighbors because of the unusually healthy child I have and because I never had a sick day myself. I give the entire credit to Wine of Cardui, for I was sickly, pale and thin before I took it, but since I have used it I have been in perfect health, have gained fourteen pounds and enjoy life as never before.

SNOWFALL BULLETIN.

Report of New Mexico Section, Climate and Crop Service, U. S. Department of Agriculture.

Santa Fe, N. M., March 9, 1905.

The snowfall during February was abundant throughout the Territory and the vast amount of snow which fell during the several preceding months in the higher altitudes and numerous mountain ranges was materially increased, and it is believed an ample supply of water for the coming season is now assured. In general the snow was evenly distributed and compact in the higher valleys but in the canyons it was drifted and varied in depth from two or three to thirty-five feet or more. The average depth in the higher mountains of the Rio Grande watershed was thirty-three inches; over the San Juan watershed in the northwest, twenty-two inches. The reports from the mountains of the Canadian watershed in the northeast portion showed an average depth of seventeen inches, while the reports from the Pecos and southeast and the San Francisco and the Gila in the southwest, averaged twenty-two and twenty-four inches, respectively.

The heavy snows and rains kept the soil thoroughly soaked and towards the close of the month many streams were at flood tide and all were flowing quite freely, and the lakes and water holes upon mesas and plains were filled.

The following remarks are from reports of correspondents and are of interest:

San Juan and Northwest Watershed.
Arboles, Colorado—B. A. Rodriguez Abundance of snow in mountains. Emmerst Wist—Snow evenly distributed, very solid, melting slowly. Rosa—B. A. Candelario—Plenty in mountains. Bloomfield—W. A. Cerro—Carlos de Herrera—Several feet; very deep in mountains. Ojo Caliente—A. Joseph—Evenly distributed in valleys but in mountains drifted into canyons. Indication are streams will be highest since 1891. Penasco—Ramon Sanchez—Snow evenly distributed and very compact, insuring abundance of water. Questa—A. J. Gomez—Snow melting fast; streams high. Taos—A. Clouthier—Evenly distributed; drifted into canyons, some places fifteen feet deep; compact and going off slowly; outlook fine. Trampas—B. A. Romero—Melting quite rapidly; soil good condition. Tres Piedras—Felix Grant—Snow melting fast; will be unusually prosperous year for farmers and stockmen. Golden—J. B. Livesay—Drifted but quite evenly distributed. Hobart—W. H. Hough—Plenty of water assured for irrigation. Pojoaque—Petra L. Boquet—Plenty of water; ground wet depth eighteen inches; outlook excellent. San Pedro—N. J. Stumquist—Snow fell on 21 days in February; ground soaked to bedrock. Santa Fe—Frank Owen—Abundance of snow in mountains; ground thoroughly saturated; Santa Fe river running eighteen million gallons in 24 hours.

Bland—B. H. Shaw—Snow compact; evenly distributed; water supply in abundance assured. Hagan—C. W. Fairfield—Snow melting rapidly; arroyos running; ground thoroughly soaked. Estancia—H. B. Hawkins—Warm rains melted snow off plains and low foot hills; considerable yet in higher mountains. Mountainair—J. W. Corbett—Snow melted except in higher mountains; outlook never better. Kettner—S. Horabin—Snow melting; streams running for several days. Marquez—M. Sandoval—Ground very wet and snow about gone. San Rafael—C. M. You Never Know the Moment When This Information May Prove of Infinite Value.

It is worth considerable to any citizen of Santa Fe to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itching of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

Brother Fabian of St. Michael's college, says: "I am convinced that Doan's Ointment has merit. It was used with success in a case which came under my observation, the authenticity of which I will be pleased to give in a personal interview out of idle curiosity, but if my interviewer really suffers with any form of skin disease and wishes to know what means to adopt to get relief. In the meantime I have no hesitancy in advising residents of Santa Fe to go to Ireland's Pharmacy for Doan's Ointment if they require its use for any purposes indicated."

For sale by all dealers. Price 50 cts. Foster Millburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no substitute.

GIVES HEALTH, VIGOR AND TONE.
Herbine is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

PROPER TREATMENT OF PNEUMONIA.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy, the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.

STRIKES HIDDEN ROCKS.

When your ship of health strikes the hidden rocks of Consumption, Pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Talladega Springs, Ala., writes: "I had been very ill with pneumonia under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs, and colds. Guaranteed at Fischer's Drug Co. Price 50c, and \$1.00. Trial bottle free.

Read the New Mexican and you will obtain by advertising in the "New Mexican."

INFLAMMATORY RHEUMATISM CURED.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

THE COLONEL'S WATERLOO.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo from Liver and Kidney trouble. In a recent letter, he says: "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth and thank God who gave you the knowledge to make them." Sold and guaranteed to cure, Dyspepsia, Biliousness and Kidney Disease, by Fischer Drug Co., at 50c a bottle.

TO MAKE DEFEAT CRUSHING.

Washington, March 11.—With Mukden as a new base, Marshal Oyama has determined to push northward in the direction of Harbin with a large part of his army in an effort to follow up his recent victory as rapidly as possible and accomplish his great purpose of administering a really crushing defeat to Kuropatkin. This information reached Washington from an authoritative source and accurately sets forth the present program of the Tokio office. The Japanese minister, Takahira, said today:

"For us it is but a chapter in the great conflict, though a most important one. It is difficult to say how much the battle of Mukden will contribute towards peace, for overtures for peace must necessarily come from the other side."

"Will your government suggest peace, in the light of Oyama's victory?" was asked. "Initiative, I repeat, can scarcely be looked for from Tokio," was the reply.
