HER HONOR AT STAKE

Senora Ella Bell Goldner Fighting for Her Own and Her Mother's Good Name.

INVOLVES BIG ESTATE

The Story Deals With New Mexico, the Plaintiff Claiming Silver City as Her Birthplace.

In the Superior Court at El Paso, before Judge Wilbur, is now being fought a legal battle, the result of which will decide the honor or dishonor of two families. It will also decide who is to get the fortune left by Nathaniel Bell, who was a successful mine owner in Grant County, thirty years ago. One of the principal parties to the suit claims New Mexico as her birthplace and as the home of her mother before her. On one side is Senora Ella Bell Goldner, of Nueva Grandes, Chihuahua, Mexico, who claims to be the daughter of the late Nathaniel Bell. On the other side is Mrs. Susan W. Bell, who claims to be the widow of Nathaniel Bell. Bell's fortune was made in mining in the Pinos Altos mining district, Grant County. He died in Los Angeles, California, leaving an estate of \$300,000, mostly in valuable mining properties.

Mrs. Goldner claims that her mother, Librada Valencia Bell, was married to Bell in Silver City, in 1872; that she and two brothers were born of the union and that six years after her birth Bell deserted her mother. She claims that she was born in Silver City on August 28, 1874, and lived there eight years. She declares that after her father left her mother, that woman was compelled to go to Mexico, where she died. These are her only claims and she asks for justification and her just share of the estate.

Mrs. Susan Woolfolk Bell claims that there was no legal marriage with Librada Valencia, but that Bell, a single man, married her (Susan) at Pinos Altos, New Mexico, November 5, 1884, and that she and her two sons, aged 19 and 17, are the only legal heirs to the fortune. The claims of Judge Dillon, attorney for Mrs. Bell, are not so calm as the statements of the other side. He goes back to the war between the Mexican Republic and the Emperor Maximilian and his French allies, and says that Mrs. Goldner's mother married at that time. In addressing the court Judge Dillon reviewed the fact that Nathaniel Bell died intestate in Los Angeles, May 22, 1899; that his widow, Mrs. Susan W. Bell, was appointed administratrix of the estate; that some mining claims were presented which had to be carried to the Supreme Court of the United States; and that, just prior to the settlement of these claims, the petition of Mrs. Ella Bell Goldner was presented.

The defense will deny that the woman, Librada Valencia Bell, was ever the wife of Nathaniel Bell, or that the plaintiff, Ella Bell Goldner, was his prove a story that goes back to the days before the time of the encroachment. They claim that they will meet of the French on the Mexican Republic. They propose to prove on testimony drawn from the plaintiff's witnesses that Librada Valencia contracted a ceremonial marriage at her home in Bacerac, Sonora, with a man named Loreto. This man became a soldier in the war with Maximilian and then disappeared, so it is claimed. The defense states that it expects to show conclusively that Loreto did not die in the war, but that when his wife left her home to go to the mining camps of New Mexico in the late '60s or early '70s, she knew where he was. Judge Dillon says that they will show that this man is alive today. Then he proposes to trace the life of the plaintiff's mother, who was first found living at Ralston, New Mexico, now Lordsburg. The defense claims that the woman went from there to Las Cruces, then to other mining camps and finally to Silver City. In the winter of '74 or the spring of '75, she voluntarily left Silver City and went to Georgetown, where for four years she was known as Mrs. George Lynch, and that there these children were born. From there the defense claims to trace her to Tucson; then back to Silver City, where they say that either she or her daughter, the plaintiff in the case, induced a man named Harris, in 1892, to go to Bell in Pinos Altos, and make the first demand for money, claiming that the children were his. This demand, they say, was repudiated, as were all subsequent demands of that nature. Then the defense will endeavor to show that the woman disappeared for a time and finally reappeared at Deming. From there she went to El Paso, where she met her death.

Shortly after the close of Judge Dillon's speech, the attorneys for the plaintiff attempted to put in evidence

AMERICANS CAPTURED

General Kuroki's Headquarters in the Field, March 14.—The country is swarming with hungry and disheartened Russians who are surrendering in squads to any pursuing Japanese they meet. Most of the foreign attaches with the Russian army, including two American and one English officer, were captured at Mukden.

No Further Organized Fighting. St. Petersburg, March 14.—General Kuropatkin, in a dispatch dated March 13, says he has received no further report of any fighting between organized bodies of troops, and announced that the Japanese are making reconnaissances. In a dispatch filed the previous day, the Russian commander-in-chief notified the Emperor that General Melendorff fell from his horse on March 10 and fractured his collar bone. He was taken to Harbin and his recovery is hoped for.

Kuropatkin Has Not Been Specific. St. Petersburg, March 14.—According to information received by the war office, the remnants of General Kuropatkin's army have made good their retreat and now out of immediate danger of the new movement north of Tie Pass. The Japanese are reported to be completely exhausted by the long hard fight and are compelled to rest and undertake the task of burying their dead and looking after their wounded prisoners and plunder. The war office admits, however, that Kuropatkin has not furnished specific information as to the whereabouts of General Kawamura who is reported to be northeast of Tie Pass, or of the Japanese columns that are reported to be pushing northward by forced marches west of the railroad. General Kuropatkin has also left the war office in doubt in regard to the number of prisoners captured by the Japanese, having made no detailed report about the separate units. Therefore the general staff is in no position to contradict the Tokio dispatches detailing the Russian losses. While Kuropatkin has assumed the full responsibility for accepting battle at Mukden, he has confessed to the Emperor that his plan miscarried miserably through the failure of two generals, whose names cannot be learned, to execute his orders. He also throws the blame on some troops which failed to respond properly at the critical moment. At a war council held today it is understood that it will be decided to continue the war. The question of Kuropatkin's successor was also discussed but no decision was reached.

May Have Reached Tie Pass. General Kuroki's Headquarters in the Field, Monday, March 13.—The greater part of the retreating Russians are supposed to have reached Tie Pass. Pursuing Japanese have had frequent encounters with the rear guard. Kuropatkin must remove his supplies from Tie Pass if he plans a retirement to Harbin, as they will be necessary to maintain his army during March. The Russians have no supplies between Tie Pass and Harbin.

LEGISLATIVE POINTERS

Councilman Alexander Read is "muy vivo." What he does not see in the Legislative Council is not worth seeing.

Representative Stockton of Colfax County is one of the few "silent" members of the Assembly but when he wants a measure passed he gets the votes.

Councilman D. C. Winters is quiet and dignified but he watches proceedings very carefully and votes on the right side. He does not say much but when it comes to voting he gets there with both feet.

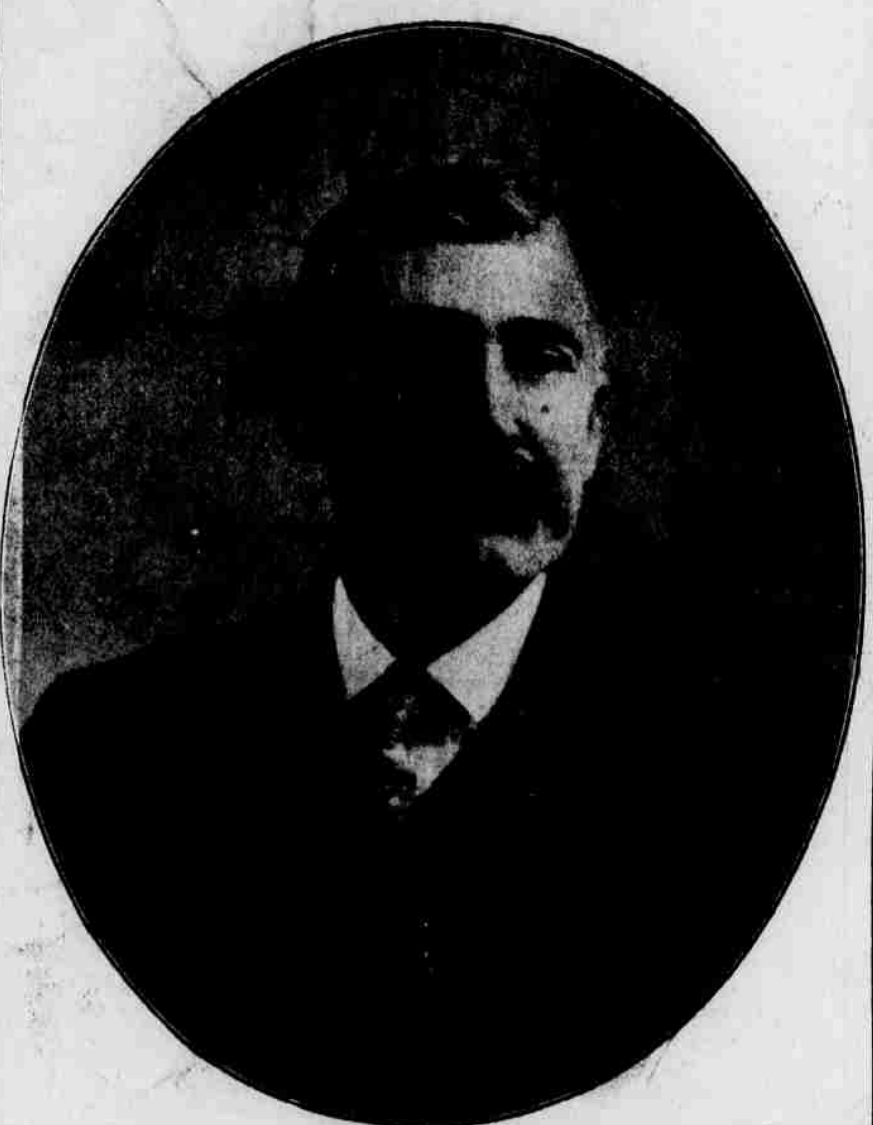

Representative Granville Pendleton chairman of the finance committee of the House, is a bright and witty talker and is especially popular with the ladies. They laugh at his jokes and think him "quite a nice fellow."

Concerning the increases in appropriations for the several territorial institutions, the sentiment seems to be that while there are too many of them as long as they are in existence, they should be properly supported. This sentiment carried the day, hence the increased appropriations.

Mr. Sanchez's pure food bill did not have much of a chance in the House yesterday. Mr. Sanchez says that one of his reasons for introducing the bill was that he wanted to get pure chili. He and his people liked it and the stores were selling too much adulterated chili. He will try again at the next session of the legislature, should he be a member, which he hopes he will be.

Speaker Dailies although a very busy man attending to his duties as such, nevertheless during the past week found time to aid Messrs. Seligman and Hagerman, members of the New

MEN OF THE HOUR IN NEW MEXICO

HON. CRISTOVAL SANCHEZ.
Member of the House of Representatives from Mora County.

Hon. Cristoval Sanchez was born in the town of Las Cordovas, County of Taos, on the 25th day of March, 1862. His parents were Juan F. Sanchez and Bonifacia Maestas de Sanchez, well known and respected in their community. At the age of nine years, his father died and his uncle, Hon. Pedro Sanchez, became his guardian and looked after his education. He attended the College of the Christian Brothers in Mora County and several private schools. When still under age, he became a farmer and stock raiser, in which vocations he has since been successfully engaged. He has a fine farm and stock ranch near Ocate, Mora County. He was married in 1882 to Miss Placida Chavez, daughter of one of the best known families of Cojuelos, Colorado. They have one son, Pedro Sanchez, who is a pupil at St. Michael's College in this city. The aged mother of Mr. Sanchez lives with him in comfort and in ease.

From his boyhood he has been a staunch Republican and became influential and prominent in Mora County politics over twenty years ago. He was elected superintendent of schools

of the county of Mora in the year 1884, and served conscientiously and successfully in that position. In 1897, he was appointed county commissioner of that county by Governor Otero and filled this office creditably and ably. In 1900, he was elected a member of the House of Representatives from Mora County and was re-elected in 1902 and 1904 to the same position by gratifying majorities.

For a time, in the later '90s, he was court interpreter of the Fourth Judicial District. He translated the laws into the Spanish language for the Thirty-fifth Legislative Assembly.

As a legislator, Mr. Sanchez is bright, alert and well posted. He is a fluent and impressive speaker in the Spanish language and does fairly well in English. During the present and his previous legislative terms he has served as chairman and as member of several important committees. He is persistent and courageous, a good "fighter" and is recognized as an efficient and successful Republican floor leader by the other members of the Legislative Assembly.

LEGISLATURE MUST DECIDE THE CONTEST.

Denver, March 14.—The joint legislature this morning received the answer of the Supreme Court to the questions submitted to that tribunal last Friday, in regard to the governorship contest. The court assumed jurisdiction and handed down the opinion that the legislature had no right to declare a vacancy and must decide the contest between Adams and Peabody, without reference to any other person. When the decision was read a motion was immediately made by the Peabody adherents that a recess be taken until tomorrow morning. The reason given was the absence of one member. On roll call the members voted 48 to 48 and the lieutenant governor cast the deciding vote in favor of the recess.

SANTO DOMINGO TREATY UP IN EXECUTIVE SESSION.

Washington, March 14.—The Santo Domingo treaty was taken up in executive session of the Senate today and Teller made a plea for an open session for discussing the law points which he said were involved in the treaty. He said it was desirable on matters of this character to get the views of the country and make the people understand just what was proposed to be done. Objection was made by Foraker to opening the doors. Morgan then took the floor and discussed the Dominican debt for the purpose of showing that it was largely made up of fraudulent claims.

MISSOURI CONTEST STILL UNDECIDED.

Jefferson City, Mo., March 14.—In the ballot for U. S. Senator today most of the Niedringhaus strength was thrown to Judge Selden P. Spencer, but was not elective, as 32 votes are necessary to choice. The ballot resulted, Spencer 61; Niedringhaus 5; Cookrell 76, the rest scattering. The second ballot showed a gain of three for Spencer. The deadlock has existed since January 18.

LEGISLATIVE ASSEMBLY

COUNCIL.

Afternoon Session—57th Day. (Continued From Yesterday.) The Council remained in executive session from 3:30 o'clock yesterday until 8:15 o'clock last night, considering the appropriation bill which is Council Bill No. 120, by Mr. Martin. The Council arose at 8:15 o'clock for dinner and thereafter assembled immediately to adjourn again under agreement to make a further consideration of Council Bill No. 120, by the committee of the whole, a special order for 10 o'clock this morning.

HOUSE.

Night Session—57th Day. Speaker Dailies called the House to order promptly at 8 o'clock. The reading of the Journal was dispensed with. The consideration of House Bill No. 76, by Mr. de Baca, An Act to secure more thorough instruction in English and Spanish and requiring teachers to be able to teach both languages was taken up. The committee on education reported the bill favorably. Mr. Dailies offered an amendment to make the bill compulsory in towns of more than 500 people. The amendment was adopted. The bill was tabled by a vote of 10 to 8. The committee on education reported House Bill No. 122, by Mr. de Baca, An Act describing the duties of the territorial superintendent of public instruction and requiring that officer to speak both the Spanish and English languages, recommending that it be passed. The report of the committee was adopted and the bill passed by a vote of 16 to 2.

The committee on education reported House Bill No. 132, by Mr. Sanchez, An Act to provide for the expenses of the Territorial Board of Education and to regulate county institutes, recommending that it be passed. The report of the committee together with the bill were laid on the table indefinitely.

The committee on education reported House Bill No. 135, An Act giving boards of school directors in incorporated towns the right to hold teachers' institutes, recommending that it be passed as amended. The report of the committee was adopted and the bill passed by a vote of 17 to 1.

The committee on territorial affairs reported House Bill No. 133, by Mr. Williams, An Act providing that fees of justices of the peace and constables shall not be paid in advance, recommending that it be passed. The report of the committee was adopted and the bill passed by a vote of 14 to 7.

The committee on territorial affairs reported Amended Council Bill No. 68, by Mr. Martinez, An Act fixing the bounty to be paid for the killing of wild animals, recommending that it be passed. The report of the committee was adopted and the bill passed by a vote of 13 to 6.

The steering committee reported Council Bill No. 113, An Act relating to trust companies and giving such companies the right to loan on personal property, recommending that it be passed. The report of the committee was adopted and the bill passed by a vote of 13 to 6. The committee on judiciary reported House Bill No. 114, by Mr. de Baca, An Act authorizing the appointment of boiler inspectors to inspect boilers, recommending that it be passed. The report of the committee failed of adoption by a tie vote, 9 to 9. Mr. Sanchez moved that the enacting clause be stricken out. Mr. de Baca amended this motion by moving that the motion of Mr. Sanchez be tabled. On the amendment the vote was 10 for and 9 against. Mr. Pendleton objected to the bill on the ground that it provided for the appointment of too many inspectors. Upon final vote the bill failed to pass by a vote of 10 to 7. The House adjourned at 9:30 o'clock until Tuesday morning at 10 o'clock.

COUNCIL.

Morning Session—58th Day. President Clark called the Council to order at 10 o'clock. Prayer was offered by Rev. J. L. Shively, chaplain. All members answered to the roll call. The reading of the Journal of yesterday was dispensed with.

The Council went into executive session as a committee of the whole and the consideration of the appropriation bill was resumed.

The interest fund was decreased from \$52,000 to \$48,000. The amounts given the several institutions were increased as follows: New Mexico College of Agriculture and Mechanic Arts from \$11,000 to \$14,000; University of New Mexico from \$16,000 to \$18,200; New Mexico School of Mines \$12,000 to \$14,000; New Mexico Normal School at Silver City from \$12,000 to \$14,000; New Mexico Normal School at Las Vegas from \$12,000 to \$14,000; New Mexico Military Institute from \$12,000 to \$14,000; Insane Asylum from \$42,000 to \$60,000 or so much as may be needed and providing that the physician shall reside at the asylum; Miners' Hospital from \$5,000 to \$8,500; Institute for the Blind \$5,000 to \$10,000, Deaf and Dumb Asylum at Santa Fe

HORRIBLE HOLOCAUST

Five Story Tenement House in New York City Destroyed by Fire.

DEATH LIST IS LARGE

Fire Escapes Choked With Rubbish and Add to the Victims—Many Thrilling Escapes.

New York, March 14.—At least a score of persons were burned to death, several were so badly hurt that they may die, and forty others were slightly hurt in a fire that destroyed the five story tenement house in Allen Street early today. Many persons were carried out of the burning house and many thrilling escapes and daring leaps for life marked the fire. Of the bodies so far recovered the following have been identified:

Rachel Solomon, age 45; Jacob Solomon, age 19; Abraham Solomon, age 20; Isaac Solomon, age 18; Jesse Cohen, age 15; Rose Wiener, age 23; Sander Wiener, age 4; Ida Muskowitz, age 10; Harry Kaufman, age 10; Rose Miller, age 4; Morris Miller, baby.

The crowded fire escapes in the rear were largely responsible for so many deaths, and injured persons. There were about 200 persons in the building. The fire started in the basement by the explosion of a kerosene lamp.

Among the rescuers who distinguished themselves were Policeman John J. Dwan, Fire Lieutenant Bonner, son of the former fire chief, and Fireman Hannigan. Dwan ran a plank from the window of an adjoining building and carried across it nearly a dozen persons. On his last trip, the plank, which was on fire, broke and Dwan and a child fell to the ground, about twenty feet. The child was not hurt but Dwan had his shoulder crushed. Bonner ascended a red hot fire escape five times. Four times he brought down a woman or a child. The fifth time, when carrying an unconscious woman, his strength gave way, and he staggered and would have fallen if he had not been caught by a comrade. The fire escapes were choked with rubbish and some persons were burned to death on them in sight of the crowd.

One cause of the terrible loss of life was the failure to keep the skylight door free and clear. It was fastened tight. As the flames rushed up the stairs the people dashed for the roof, but were unable to burst open the door.

Big Fire in Chicago.

Chicago, March 14.—Fire that broke out today in the printing and box department of the Grand Crossing Truck Company's plant at Seventy-ninth Street and South Chicago Avenue, caused a loss of \$500,000. The entire plant is estimated at \$1,000,000 and employed 800 persons, many of them women and children. At the first shout of fire there was a panic among those working on the upper floors, but all were taken out in safety.

from \$2,800 to \$5,000; Reform School from \$2,800 to \$5,000; St. Vincent's Hospital at Santa Fe from \$2,500 to \$3,600; Grant County Hospital, Silver City, from \$1,200 to \$1,800; Sisters of Mercy Hospital at Silver City from \$1,200 to \$1,800; Ladies' Hospital at Deming from \$1,200 to \$1,800; Eddy County Hospital at Carlsbad from \$1,200 to \$1,800; Orphans' School at Santa Fe from \$3,000 to \$5,400; Relief Society, Las Vegas, from \$1,200 to \$2,400; Sisters of Loretto, at Taos, from \$1,200 to \$1,800; Sisters Hospital at Albuquerque, from \$1,200 to \$2,400; Sisters Hospital at Gallup, from \$1,200 to \$1,800. Other items changed were: Salary and expenses of the Board of Equalization, from \$1,500 to \$1,000; for printing weather bulletins, from \$500 to \$800; for contingent expenses of the Territorial Secretary and additional clerk hire, from \$600 to \$1,200; for the insurance of the Capitol and furnishings for five years, from \$4,185.50 to \$4,410; Capitol Building Bond Fund 4 years, correction of typographical error, from \$4,340 to \$3,440; for the payment of Miss Olsen, from \$300 to \$350; for the purpose of carrying on the summer school of the Normal University, \$1,200.

At 11:25 o'clock, the committee of the whole adopted the bill as amended and the committee arose. The Council was called to order by President Clark whose report on Council Bill No. 120 by the committee of the whole, was made by the president through the clerk. The report was adopted. On motion of Mr. Martin the bill was read the third time by title and on motion of Mr. Read it passed. Mr. Catron voting no. Mr. Martin moved a reconsideration of the vote and that the reconsideration be tabled. Carried.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

SANTA FE SHOULD PROFIT BY THE EXAMPLE OF COLORADO SPRINGS.

The greatest asset Santa Fe has is its climate. It is superior to the best climate elsewhere either in this country or in Europe. With a clean and comfortable city, with good sidewalks and crossings, modern and well conducted schools, a first-class water supply and splendid drinking water, lighted thoroughfares and well kept and clean parks, Santa Fe, on account of its grand health-giving and health-preserving climate should attract health seekers, tourists and persons seeking recreation and rest yearly and should obtain big revenues from them. Colorado Springs has been made what it is by what is called its "fine climate," which is, however, inferior to that of Santa Fe in winter, in summer, in spring and in the fall. Colorado Springs, which is today one of the richest towns west of Chicago, owns that its "fine climate" is more valuable to its growth and advancement than anything else and the people there do everything to advertise it, understanding fully that it will bring more money to them than any other possession or attraction they have. Santa Fe should follow the excellent example set by Colorado Springs and profit by it as it could, would and should were it to do so. The following from the Colorado Springs Gazette shows how the climate of that city is looked upon by its leading newspaper and by the people:

"Colorado Springs cannot get too much advertising among the residents of other cities. Notwithstanding its Cripple Creek interests and the high place that this city holds as a center of financial interests reaching out into every corner of the continent, from Colorado to the Klondike or to the wilds of Old Mexico, the choicest possessions that this city has are its matchless climate, its incomparable attractions for the lover of the greatest handiworks of nature and its instinctive and distinctive affinity for the highest in ideals of every kind.

"The city never has been and is not now a great industrial center. Its skies are not hidden by the smoke of a hundred stacks and the tin dinner bucket and the twelve-hour working shift are not common. The business of the city is largely restricted to supplying the daily needs of the people who live here and of the strangers within our gates who are here in constantly increasing numbers.

"The offer of the members of the Merchants' Association to distribute monthly several thousand copies of the report of the city Health Department and of a general circular setting forth the advantages of the city which the Health Department has been sending out with its monthly report for a year past, is strictly within the scope of advertising Colorado Springs that will prove most profitable. The money spent in this way is practically certain to come back a hundred fold. The advantage of the daily newspaper over other means of advertising lies in the fact that it goes before the people every day, and the name of the merchant that appears before the readers of the paper most frequently will get the patronage. The same theory applies to the subject under discussion. If the name and attractiveness of Colorado Springs as a city for a rest or a residence are put more frequently than those of other cities before the people who want these things Colorado Springs will get the people and the merchants of this city will get their patronage.

"Five thousand of these advertising circulars mailed out of Colorado Springs monthly will do five times as much good as would be done by one thousand. The offer is well worth accepting."

"Artesia will make another effort to become a county seat."—Roswell Record. Yes, either in the Territory legislature or in the Thirty-seventh Territorial Legislative Assembly.

THE TARIFF DRAWBACK PROVISION.

One of the stock arguments of the free trader has been that owing to the tariff, American manufacturers cannot compete with foreign made goods in foreign markets because they must pay too high a tax on raw material that must of necessity be imported. Secretary of the Treasury Shaw has put a quietus upon that argument under his interpretation of the drawback provisions of the tariff law. The law provides that ninety-nine per cent of the duty paid on imported raw material shall be returned to the importer when he exports the manufactured article into which the foreign materials have entered. Thus wool, grain, ores, and hides imported from foreign countries will have the duty remitted if they are used in the manufacture of articles that are exported. Formerly, the duty was remitted only if the imported material was visible to the eye in the exported article but under Secretary Shaw's interpretation any other proof may be furnished to prove that the raw material in question actually entered into the manufactured article to be exported. Fully \$10,000,000 of duties paid on wool, leather, hides, lumber, grain, and other raw material will be paid back annually to importers under this interpretation of the law by Secretary Shaw, who argues that at least a hundred million dollars' worth of the foreign trade is dependent every year on the drawback, and that at least fifty million dollars of that goes to the American workingmen, an amount which he would not receive but for the drawback policy. This ruling will greatly increase the exportation of American manufactures. Thus reciprocity and the drawback give the nation in its foreign trade all the advantages of free trade while the tariff at the same time protects the American producer when in his home markets.

HOW ABOUT AN IMPROVED ROAD LAW?

Concerning the workings of the present road law under which road overseers receive \$50 per annum for looking handsome and doing nothing and the new bill introduced by Mr. Leahy for the betterment of the public roads and highways in the Territory, the Las Vegas Optic pertinently says:

"In the early days of the session there was much said in and out of the legislature of the importance of better road laws. A bill was introduced repealing the objectionable statute allowing a number of road overseers in each county not more than \$50 a year for services. The Territory will be saved thousands of dollars a year if this law be passed and the roads will not be any the worse for it. In fact they will have a little more money that now goes into the pockets of those who return no valuable services to spend on the roads."

The Albuquerque Journal of Sunday morning stated that there was a rumor in existence in Santa Fe that a resolution making an appropriation for contingent expenses for the payment of the employees of the present Assembly is to be passed before the session ended. The New Mexican takes pleasure in saying to its Albuquerque contemporary that there is no truth in the rumor and no such resolution will come up. The fact is and this the Journal should know by this time, that there are many scandal-mongers and rumor peddlers about legislative halls and that these make it a rule to spread false reports and rumors in order to create trouble and to blacken the reputation of men in public life unjustly and unfairly.

Congress has adjourned without doing anything substantial for American shipping. More than one-half of the present tonnage added to the world's merchant marine was built in Great Britain, and most of the remainder in Germany and other countries. Some national policy must be adopted to encourage ship building and the transportation of American goods in American bottoms. In fact, with the Atlantic on one side and the Pacific on the other and in possession of the Hawaiian and Philippine Islands, the gateways to the Orient, the commerce of the world should be carried in American built ships and under the American flag.

The Legislative Council went into executive session last evening in order to consider the appropriation bill. As far as the New Mexican knows, this is the first instance in legislative annals in which a legislative body did so. The precedent is not a bad one and there seems to be no good reason why it should not be taken up elsewhere. The New Mexico Legislative Assembly is evidently setting a pace in several directions and so far these have been right. The present session, when compared with the legislative sessions of Colorado, California and in one or two other states this winter, is certainly far ahead of those in the states named in many respects.

"The Alamogordo Journal has suspended publication. There was no demand for a daily newspaper in that town. The Journal was a lively sheet and deserved a better fate."—Albuquerque Citizen.

Wrong again. The Daily Alamogordo Journal was of the yellowest tendencies, hide-bound in politics, and at every chance attacked Governor Otero and Republican officials, as well as the Assembly without cause and with false and wicked fabrications. The people of Alamogordo had no use for such a publication and hence it died.

AN EXECUTIVE RESIDENCE IN THE CAPITAL.

The Legislative Assembly should provide the necessary funds for the construction of an Executive residence in the Capital City. It is but right and proper that such a one should be provided for the Governor at the time being, be he who he may and be his politics what they may. Nearly all of the commonwealths in the United States have done this and were the Assembly to enact a statute providing for such residence, its action would prove to the people of the country that New Mexico is progressing and advancing. In view of the fact that one of the principal charges made against this Territory and against its admission as a free and sovereign state of the Union, is that its people are illiterate, unprogressive and ultramontane, it would be extremely felicitous were the Read bill for the construction of an Executive mansion here to be passed, as this would be one of the strongest and soundest refutations of the charge made. The appropriation for the purpose named, could be extended over several years and the necessary money for the building could be obtained upon loans to be paid back from the receipts of the tax levies made for the purpose. Pass the measure!

"The Santa Fe New Mexican announces that eastern capital has purchased the Albuquerque Citizen. The New Mexican should be in a position to deliver accurate information in the matter."—Albuquerque Journal.

The New Mexican is in this position and its information is quite accurate. It is to the effect that eastern capital was advanced for the purchase of the Albuquerque Citizen. The story that the paper was purchased by a syndicate consisting of Governor Otero, Mr. Luna, Mr. Bursum and Mr. Reynolds has absolutely no foundation.

The battle cry of part of the Japanese troops hereafter will be: "We are from Port Arthur!" and "We are from Mukden!" will be shouted by others. While in two months it is very possible that "We are from Harbin!" will be used. In the meantime, the people all over the world are entertained by dispatches from St. Petersburg stating that "the government and the people" are not dismayed, but will prosecute the war until Russian success is attained. What "the people" of Russia do not know about the present war, would amount to a huge volume.

"Statehood was not won during the Fifty-eighth Congress. Enough progress was made however to make success quite probable during the Fifty-ninth Congress if the effort is vigorously renewed before the loss of present advantages."—Socorro Chieftain.

The above is correct and as far as that is concerned work to secure statehood for New Mexico during the Fifty-ninth Session of Congress has already been commenced by leading Republicans of the Territory. Delegate W. H. Andrews is in the van and will lead the fight.

"The rumor that Governor Otero was to be removed apparently has no foundation."—Albuquerque Citizen.

This is one of the false reports started by scandal-mongers with evil intent. Like many others of the kind it has proven a boomerang.

But two more days of the Assembly, gentlemen. You have kept in the narrow path of righteousness for fifty-eight days and therefore it ought to be easy to keep away from the broad path of wickedness for the remaining two days.

Pass the Clark jury bill. If there are objections to any of its provisions, these should be properly amended, but the general principle of the bill is all right. Pass it.

The issue of \$2,500 Philippine Improvement Securities by the United States Government, bearing four per cent interest, has been bought by a St. Louis bank for \$2,726,500 or at 7.096. This indicates that Uncle Sam's credit is improving right along and his Philippine investment is not at all considered a losing one.

Railroad presidents according to the latest advice disagree over the wisdom of President Roosevelt's rebate and trust policy. Fortunately, the people of the United States, Republicans as well as Democrats, are quite in harmony with the President on these propositions.

It will be a year this month that actual warfare between Russia and Japan began and the cause of the Czar's legions has gone from bad to worse right along. It seems improbable that another year of such strenuous fighting can be kept up by either side to the conflict.

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Protrusion, or Falling of Womb which they can not cure. All they ask is a fair and reasonable trial of their means of cure. Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century. From this fact it will readily be seen how utterly foolish it would be for them to make the above unprecedented and remarkable offer if they were not basing their offer on curative means having an unparalleled record. No other medicine than Dr. Pierce's Favorite Prescription could possibly "win out," as the saying goes, on such a proposition. But they know whereof they speak. They have the most remarkable record of cures made by this world-famed remedy ever placed to the credit of any preparation especially designed for the cure of woman's peculiar ailments. This wonderful remedy, therefore, stands absolutely alone as the only one possessed of such remarkable curative properties as would warrant its makers in publishing such a marvelous offer as is above made in the utmost good faith.

"I want to tell you of the great improvement in my health since taking your Favorite Prescription," says Mrs. H. S. Jones, of Forest, N. C. "When I began its use I was a physical wreck and had despaired of ever having any health again. Could not sit up all day. I noted a great improvement before the first bottle was used. Was suffering with almost every ailment that a woman is subject to; had inflammation of ovaries, painful and suppressed periods, and other symptoms of female disease. After taking six bottles of Favorite Prescription, I felt like a new person. Can ride horseback and take all kinds of exercise and am not tired." "If you are led to the purchase of 'Favorite Prescription' because of its remarkable cures, do not accept a substitute which has none of these cures to its credit."

If you are looking for a perfect laxative try Dr. Pierce's Pleasant Pellets.

PROPER TREATMENT OF PNEUMONIA.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy, the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.

Don't get excited when you hear people raising a row about what they have to eat, but go to the Bon Ton, where you can get anything from quail on toast to chile and tamales.

INFLAMMATORY RHEUMATISM CURED.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam." For sale by all druggists.

Keep your business ever before the public by advertising in your home success in any honest enterprise.

BEST REMEDY FOR CONSTIPATION.

"The finest remedy for constipation I ever used is Chamberlain's Stomach and Liver Tablets," says Mr. Eli Butler, of Frankville, N. Y. "They act gently and without any unpleasant effect, and leave the bowels in a perfectly natural condition." Sold by all druggists.

Go to the Bon Ton for short orders, square meals and good, prompt table service.

GIVES HEALTH, VIGOR AND TONE.
Herbina is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middlesborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbina. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." Sold at Fischer Drug Co.

MEN OF THE HOUR IN NEW MEXICO

GLENVILLE A. COLLINS.
Irrigation and Railroad Engineer and Surveyor.

Glenville A. Collins was born at Clarks Falls, Connecticut, in 1880. He remained in that state until four years of age, when at the death of his father, his mother moved to Massachusetts. A few years thereafter the family moved to Colorado, where the subject of this sketch grew to manhood, in goodly proportions, judging from his height and size. He received his education in the public schools of Colorado and in 1898, took a course at the State Agricultural College. In 1899 he took an extended sea voyage along the Atlantic Coast for the benefit of his health, visiting most of the West India Islands and the American and Canadian ports on the Atlantic Coast. After this sea voyage, he remained eight months in Providence, Rhode Island, engaging in private study, thereafter returning to Colorado, where he took a two years' course in Colorado College at Colorado Springs, finishing his education there. He was a noted athlete among the students and showed such aptness and skill as a surveyor and engineer that he was called upon during his term to make official surveys for the College.

THE AGRICULTURAL COLLEGE.

What it is Doing and Has Done for New Mexico and What it Needs—A Message to Legislature.

The New Mexican Printing Company has just turned out for the New Mexico College of Agriculture and Mechanic Arts a very neat little booklet under the above caption. The booklet points out what the College has done in practical work and in its influence toward the betterment of conditions in the Territory. Among other things which the booklet sets forth are that the College has trained upward of 1,000 young men and young women to be better citizens of the Territory; it has given valuable information to farmers and stockgrowers in regard to crops, conditions, stock, etc.; it has demonstrated new and economical methods of pumping for irrigation; it has shown the farmer the way to get increased revenue from his land; it has demonstrated the most effective ways of fighting the apple worm, the San Jose scale, and other pests; it has analyzed the waters of the Territory and reported on their fitness or unfitness for use; it has aided the farmer by advising him as to the suitability of his soil; it has conducted farmers' institutes in various sections, at which subjects of importance to the farmer have been intelligently discussed by competent authorities; it has advertised New Mexico and attracted settlers.

The needs of the institution, as set forth in the booklet, are as follows: A main building to replace the present small and unsuitable one; a building for the agriculture and horticulture department, which are now compelled to use any room that they can get; a library, to accommodate the 15,000 volumes that are now stacked away on temporary shelves; a boys' dormitory, to replace the ramshackle frame cottages that are now used for that purpose; a gymnasium, in which also an

armory should be incorporated to shelter the equipment furnished the cadet department by the United States.

The College only asks for what its conditions require. It asks only for as good building accommodations, in proportion to its attendance of students, as the other educational institutions of the Territory now possess and have possessed for years past. The work of the College is already seriously handicapped through lack of building accommodations and unless these are furnished, it will be seriously crippled.

Should the Daries Irrigation bill become law, Mr. Collins will be a candidate for appointment to the office of irrigation engineer created by it. He is a young man of ability and scientific education, honorable, straightforward and very careful and painstaking in engineering work entrusted to his care. He enjoys a very good reputation as a man, as a citizen and in his profession.

MESILLA VALLEY FARMERS MEET.

Saturday closed a three days' meeting of the Mesilla Valley farmers, held at the College of Agriculture and Mechanic Arts. There was a large attendance and a series of practical talks was given by members of the faculty of the College. At the last session, on Saturday evening, besides the address by President Luther Foster, Professor R. F. Hare gave a talk on the relative values of foods and feeding stuffs, Professor E. O. Wooten, told the story of a grain of wheat, from the soil to the oven, and Professor J. J. Vernon talked on the practical relative value of different breeds of cattle. These last three numbers were illustrated by a series of stereopticon views, referring especially to the subjects discussed.

JOHN S. LONG.

Dr. S. Weir Mitchell, the Great Neurologist, Warns Americans Who Neglect Their Nerves.

"In busy centers the number of deaths due to nervous causes has increased twenty per cent in forty years. One-fourth of the deaths in cities to-day are from nervous diseases."—Dr. S. Weir Mitchell.

The clean, rich nerve-force that was behind the health and happiness of thousands upon thousands is literally burning itself up like the dry wick of an empty lamp. It is the "Strenuous Life," with a vengeance.

Can men who go to their work in the morning tired and with lax spirits give to their own affairs the electric touch of confidence and power upon which success depends?

Can mothers worn out and nervous, plodding dully or ill-tempered through the routine of homekeeping, bring into the family life that precious spirit of hopefulness and happiness without which the word "home" seems a mockery?

When you feel exhausted—when you grow tired sooner than you should—when you lose patience with the irritating cares of daily life—when you feel discouraged—when you feel that your hopes and ambitions are not as high as they used to be—when you spend a sleepless night—when you get up almost as weary as when you went to bed—when you are worried.

These are all signs that your nerve forces are burning low.

Neglect the nerves and they will make you feel this neglect in many ways, they control all of the organs of the body and must be kept healthy and strong to do their work properly,—tired nerves cannot keep the organs of the body working in that harmony which is essential to real health.

This is why Paine's Celery Compound is able to bring health in so many different forms. Paine's Celery Compound feeds and nourishes the nerves. It makes new Nerve Force. It makes pure, rich blood, a clean active liver, a stomach that acts quietly and strongly upon all the food that is given to it, bowels that throw away promptly and surely all the ashes from life's engine room.

It makes the heart beat true and evenly, it makes the brain clear and vigorous.

The Nerve Force does this all, and Paine's Celery Compound makes the Nerve Force.

Best of all it makes that buoyant life-spirit, the thrill of health, that is the secret of happiness and the keynote of individual success.

Without Nerve Force there can be no health at all—no success—no joy in living.

John S. Long's case is simply one of thousands upon thousands. An average case and an object lesson to the average person.

"For nervousness and stomach troubles Paine's Celery Compound is the medicine. I was almost a physical wreck when I commenced to use Paine's Celery Compound, and now I am as healthy as any man in the world, and I owe it all to Paine's Celery Compound. The first bottle I took helped me wonderfully, and by the time the second was used I was a well man, and I can cheerfully recommend it to any one as being the best medicine I have ever used."

—John S. Long, Ballard, Wash.

Try Paine's Celery Compound to-day. It braces you up at once.

Take two days' treatment. See how much better you feel. See how much more easily the trials roll away.

For over 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world.

Remember this—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University. All reputable druggists recommend and sell Paine's Celery Compound.

OJO CALIENTE HOT SPRINGS.

These Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Baranca Station, on the Denver and Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90 to 125 degrees. The gases are carbonic. Altitude, 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1,686.24 grains of alkaline salts to the gallon, being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the miraculous cures attested to in the following diseases: Paralysis, Malaria, Bright's Disease of the Kidneys, Rheumatism, Neuralgia, Consumption, Syphilis, Catarrh, La Grippe, all Female Complaints, etc., etc. Board lodging and bathing \$2.50 per day; \$1.00 per week; \$5.00 per month. Stage meets Denver trains and waits for Santa Fe train upon request. This resort is at tractive at all seasons, and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 9 a. m., and reach Ojo Caliente at 4 p. m. the same day. Fare for round trip from Santa Fe to Ojo Caliente, \$7.40. For further particulars, address

It's So Easy

It's easy enough for a salesman to have you slip into a suit, take you before a mirror, pat you on the back, and say: Did you ever see anything fit so perfectly? Look at the way that collar hugs the neck; how well the shoulders set!" &c., &c.

Perhaps

But how about the wear of the fit? Depends upon the tailoring. What is to hold that collar in place or to keep those shoulders in shape?

So don't go altogether by appearance; judge by what you know of the reputation of the store.

Ever since I have been in the clothing business I have stood and shall continue to stand back of every piece of clothing I sell to the end.

If, when the season is over, you think you haven't had your money's worth of wear, come back and let me pay you what I owe you.

Mrs. W. O. Crockett and Mrs. Byron T. Mills, of Las Vegas, arrived in the city this morning and will be here for the remainder of the session of the legislature. They are registered at the Palace.

George H. Shone, master mechanic of the Santa Fe Central Railway, arrived last night from a trip to Alamosa, where he has been visiting his family, and left this afternoon for his headquarters at Estancia.

Surveyor General Morgan O. Llewellyn, who attended the inauguration at Washington and served as an aide on the staff of General Adna R. Chaffee in the parade, returned home last night and resumed his duties at his office in the Federal Building today.

Bishop J. M. Kendrick, of Phoenix, Arizona, of the Protestant Episcopal diocese of New Mexico and Arizona, is a visitor in Santa Fe, which was his former home, and will remain here until next week. On Sunday he will officiate at the services in the Church of the Holy Faith.

U. S. Court Commissioner W. E. Lindsey, of Portales, is here interested in legislative proceedings. Mr. Lindsey was the first probate clerk of Roosevelt County, and left that office on January 1st last, with an excellent record. He is a practicing attorney in his home town.

Herbert J. Hagerman, of Roswell, who has done valuable service in con-

nection with the St. Louis Exposition and who has been in the city for a week working with Treasurer Arthur Seligman of the New Mexico Board of Managers of the Louisiana Purchase Exposition, in getting up the report of the Board's transactions to the Governor, left today for his southern home via the Santa Fe Central and the El Paso & Northeastern Railroad. Mr. Hagerman although very busy while in the city enjoyed himself greatly as he was entertained by his friends and was quite in demand.

Edward A. Cahoon, cashier of the First National Bank at Roswell, a very successful and strong financial institution in southeastern New Mexico, who has been in the city during the past week looking after legislation for his section, left at noon today via the Santa Fe Central and El Paso & Northeastern for his southern home. Mr. Cahoon did some very good work in aiding the passage of several laws which were asked for by the people of his part of New Mexico, and which will prove very beneficial to them. He also managed to put in a spoke or two to prevent the passage of several obnoxious bills pending in the Assembly. He was also active in helping to secure a good appropriation for the New Mexico Military Institute. Mr. Cahoon has many warm friends in the Capital, who are always glad to be of service to him and his friends in Roswell.

A KILLING NEAR DURANGO.

Not far from the line of San Juan County, New Mexico, near Durango, Colorado, on Sunday, Pablo Garcia, was seriously wounded by Anselmo Maestas. Shortly afterwards Maestas gave himself up and confessed that he had assaulted the two men. Pablo Garcia had been frightfully beaten over the head with the gun, his skull was fractured and he died a few hours after being taken to the hospital at Durango. Before dying he accused Maestas of being the murderer. Diego Garcia was shot in the neck just under his right ear. The bullet was extracted through his mouth. He will probably recover. The trouble is supposed to have arisen over an alleged intimacy of the Garcia brothers with Mrs. Maestas.

SHEEPHERD TOOK HIS OWN LIFE.

A revolver clapped in his hand and a gaping wound in his abdomen, Florencio Barbero, a sheep herder for Frank A. Hubbell, was picked up dead yesterday at the west end of the bridge over the Rio Grande at Bernalillo County. His clothing was blood soaked and the ground was torn up for some distance by the man in his death struggle. The horse with which he had left Atresco, his home, returned riderless. A coroner's jury brought in a verdict of suicide.

RYAN WILL STAY.

President Roosevelt has informed Thomas J. Ryan, assistant Secretary of the Interior, that he is to be continued in his position. Mr. Ryan who was a visitor in Santa Fe not so long ago, when he was a guest at the Executive mansion, has been assistant Secretary of the Interior the past eight years and is a warm friend of Governor and Mrs. Otero.

WRECK ON THE DENVER & RIO GRANDE.

On Sunday evening a bad wreck occurred at Fountain, Colorado, on the Denver & Rio Grande Railroad. The southbound passenger train crashed into the diner and tourist car of an east bound train. Twenty passengers were hurt and one trainman was fatally injured.

CITY TOPICS

Lighter of the Plaza Barber is still confined to his home on the south side by illness.

The Wells-Fargo Express Company today shipped a young burro to a purchaser in Ohio. The animal was confined in a small crate and was supplied with plenty to eat.

David Gonzales, fireman at the New Mexican Printing Company, who has been very ill with pneumonia, is greatly improved and will be ready to go to work in about a week.

Train No. 10 on the Santa Fe arrived at 12:45 this afternoon and the branch train did not return to Lamy to make connections with No. 2, as that train is reported indefinitely late.

Cards have been sent out for a luncheon and card party to be given by Mrs. Solomon Luna, of Los Lunas, and Mrs. A. M. Bergere at the Bergere residence on Grant Avenue, Thursday next.

Contractor A. Windsor is pushing the work on the Central High School building and before many months Santa Fe can boast of one of the finest public school buildings in the Territory.

General Manager S. B. Grimshaw, of the Santa Fe Central, has constructed at Torrance a portable chute, to facilitate the handling of sheep by his road. Already a number of shipments have been made.

The town is full of visitors to attend the remaining sessions of the Legislative Assembly and the hotels report all the business they can comfortably handle, and then some. The restaurants are also reaping quite a harvest.

The work of repairing the building owned by Mrs. Kahn, recently damaged by fire, is progressing rapidly and it will soon be in shape for re-occupancy. A new roof is being put on and the interior repapered and repainted throughout.

A smoker will be given this evening at the Old Palace to the members of the legislature. About three hundred invitations have been sent out and a very enjoyable time is anticipated. The rooms have been handsomely decorated and an interesting program of speeches and music has been arranged.

The works of the Topeka Water Company have been sold to the city of Topeka for the sum of \$620,000. Street, Wyckes & Company of New York City, the owners of the Water and Light Company of this city, were the proprietors of the water works in Topeka.

The College Street bridge is nearing completion and will probably be opened for traffic the end of the week. Convicts are now busy filling in the approaches with dirt and the iron coping was put on the bridge Saturday last, the Santa Fe Hardware & Supply Company having the contract for this part of the work.

Train No. 2 from the south and west was four hours late yesterday and on Sunday. Train No. 9, due on Sunday evening, did not arrive until yesterday shortly after noon, having been delayed by a slight wreck in Kansas. It is very likely that the trains from the south and the west will continue late for several days more owing to the unprecedented heavy rains in California and Arizona.

HER HONOR AT STAKE.

(Continued From Page One.)

a deposition made by a man named Thomason, who lived across the street from her mother in Silver City when the plaintiff was born. The introduction of this deposition is being bitterly fought by the defense. Fifty-three witnesses, either in person or by deposition, have been summoned to testify, and the case is one that interests the southwestern territories, Mexico, western Texas and southern California.

Mrs. Goldner, a handsome, dark-haired, black-eyed woman, who showed her Spanish blood, was sitting in the court room listening to all that was said. She sat quietly beside her child on the back seat. Her husband sat close to the attorneys who are fighting for the good name of his wife, and his face flushed with anger and the passion flashed to his cheeks when Judge Dillon was stating the story above related.

Justice of the Peace Dockets for sale by the New Mexican Printing Company.

Did you buy your hair at an auction?

At any rate, you seem to be getting rid of it on auction-sale principles: "going, going, g-o-n-e!" Stop the auction with Ayer's Hair Vigor. It checks falling hair, and always restores color to gray hair. Sold for over sixty years.

U. S. DISTRICT COURT.

The United States District Court for the First Judicial District of New Mexico convened this morning, Judge John R. McFie, presiding, and A. M. Bergere, clerk, at his desk. Case No. 1716, United States vs. Kaehn, for violation of postal laws, at Taos, was by consent dismissed. Several timber cases prosecuted by the government against the Denver & Rio Grande Railroad Company, were continued over the term. There being no further business to be disposed of the court announced a recess until 2 o'clock.

Yesterday in the U. S. District Court the case of Edward Nichols, charged with robbing the postoffice at Lamy, went to the jury late in the afternoon. The jury only remained out about five minutes and returned a verdict of guilty. R. H. Hanna, attorney for the defendant, moved for a new trial, which motion will probably be heard tomorrow morning. The court transacted no business this morning owing to the absence of certain witnesses.

This afternoon a jury was empaneled in the case of Benedicto Torres, of San Juan County, charged with incest and the trial of the defendant commenced. Attorneys A. B. Renahan and B. M. Read are conducting the defense. Torres pleaded not guilty and his counsel were given until 3 o'clock this afternoon with instructions to be prepared for trial at that hour.

At 2 o'clock this afternoon Albert George Haskell of Rio Arriba County, was arraigned upon four indictments found against him by the present U. S. grand jury, the first for receiving a fee of \$72.50 for securing a pension for a soldier's widow, the amount exacted from the widow being one-half of the amount allowed the widow by the pension department; the three other indictments upon which he was arraigned, were for falsely making and forging claims against the government for soldiers bounty land warrants; the defendant, Haskell, pleaded not guilty to all the indictments.

CALIFORNIA STORM

DOES MUCH DAMAGE.

Los Angeles, March 14.—The violent and extensive storm which has swept this section of the state since Saturday, interrupting all communication with northern California, both telegraph and telephone, demoralizing railroad traffic and flooding the entire country with from three to five inches of rainfall, shows signs of breaking. Casualties and damage in the vicinity of Los Angeles briefly summarized are: Two men reported drowned by washing away of the Seventh Street bridge; five persons injured by collapse of same bridge; several other bridges reported wrecked; damage along Santa Monica Beach estimated at \$200,000; Auditorium at Ocean Park wrecked, and much damage done in other sections.

Only One Life Lost.

Los Angeles, March 14.—It is learned that only one person lost his life as a result of the storm a laborer who was drowned in the flood waters along the Santa Fe Railway near Cajon Pass. The total damage, scattered over a wide stretch of area, is conservatively estimated at over half a million dollars.

CHEAP RATES TO NEW YORK.

The Mexican Central has recently placed on sale tickets to New York and return going via the Mexican Central to either Vera Cruz or Tampico; thence via the famous Ward Steamship Line to New York. The return will be by rail over any line to El Paso. The entire trip covering thousands of miles, Havana, Cuba, and its famous Moro Castle, Newport and a dozen of the largest cities of the United States, can be made for \$122.50. A more delightful trip cannot be planned as stop-over privileges are allowed and the tickets are good for one year from the date of sale. The trip includes the City of Mexico, the "Paris of America." Further information can be secured by addressing A. Dulohery, Commercial Agent, El Paso, Texas, or W. D. Murdoch, Assistant General Passenger Agent, City of Mexico.

SANTA FE RAILWAY SYSTEM.

Thirty-three hours to Los Angeles on California Fast Mail.

Leavz Lamy 8:45 p. m., arriving Los Angeles 6:30 a. m., 33 hours later. This train carries both standard and tourist sleepers. Gives the quickest time, and best service to southern California points.

For particulars call on or address, W. J. BLACK, A. J. BISHOP, G. P. A., Topeka. Agent Santa Fe.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free. The Bradford Regulator Co., Atlanta, Ga.

FARMING LANDS UNDER IRRIGATION SYSTEM.

These farming lands with perpetual water rights are now being offered for sale in tracts of forty acres and upwards. Price of land with perpetual water rights from \$17 to \$25 per acre, according to location. Payments may be made in ten year installments. Almonds, grapes, fruits of all kinds, and sugar beets grow to perfection.

GOLD MINES.

On this Grant, about forty miles west of Springer, N. M., are the gold mining districts of El Estebanito and Baldy, where important mineral discoveries have lately been made. Claims on unlocated ground may be made under the mining regulations of the company, which are as favorable to the prospector as the U. S. government laws.

Near Balcon, N. M., on this grant, are located the Coal Mines of the Bates Coal and Coke Company, where employment may be found at good wages for any wishing to work during the season that farming or prospecting can not be successfully done. For particulars and advertising matter apply to

TERRITORIAL TOPICS.

Streets Lights for Carlsbad.
The Carlsbad council has entered into an agreement with the Public Utilities Company for the lighting of the streets of that town with electricity.

A Hint to Santa Fe.

The Alamogordo Improvement Company has been busy for the past week planting shade trees along the streets of that town and replacing the ones that have died.

Lithograph Stone Works About Finished.

The buildings of the Standard Lithograph Stone Company at Highrolls are almost completed and the plant will soon be ready to start business.

The Yellow Kids Organize.

The Yellow Kids, base ball team of Deming, has organized and expect to have one of the best teams that the town has ever sent out. Games are already scheduled with Douglas, Clifton, Albuquerque, Tucson and El Paso.

Don't Want It.

The village trustees of Deming at their last meeting turned down a chance for their town to get an electric railroad. The franchise asked for was to run for fifty years and to cover all the streets. The village dads laid the matter on the table.

Predicts Better Cattle Prices.

W. H. Jack, of Silver City, after a trip throughout the country between Deming and El Paso, says that from interviews with cattle buyers and others interested in the cattle business he is confident there will soon be a greater demand for cattle and at increased prices.

Dogs Injure Cows and Calves.

T. W. Holson reports that a number of his cows and calves were frightfully mangled by dogs on the open range near his Lone Mountain ranch in Grant County. Mr. Holson swore vengeance on the canines and scattered poisoned meat over the range. The result was the death of four dogs. Deming Has a Business Men's Association.

The business and professional men of Deming have organized a Business Men's Association to further the interests of their town. Officers were elected as follows: J. A. Mahoney, president; N. A. Bolch, vice president; A. J. Clark, treasurer; Al Powders, secretary.

Luna County Medical Society.

The physicians of Luna County have organized the Luna County Medical Society, for the mutual benefit of the medical fraternity, higher medical methods for the profession and better medical service for the public. The following are the officers: Dr. J. G. Moir, president; Dr. J. O. Michaels, vice president; Dr. S. D. Swope, secretary; Dr. P. M. Steed, treasurer.

A Hold-Up at Globe.

At Globe, Arizona, last week, two masked men entered the Owl Saloon and gambling parlor shortly after midnight and held twenty men at bay while they relieved each individual in the room of his valuable. The entire booty amounted to \$900. A man who dropped in was forced to line up with the rest and had to give up his watch and money.

Liquor Dealer Commits Suicide.

David J. Abel, a wholesale liquor merchant at Albuquerque, killed himself on Sunday at the St. James Hotel, Denver. Abel was 40 years of age and unmarried and was reputed to be wealthy, but despondency over financial losses is said to have led to his suicide. Abel cut his throat from ear to ear with a razor in his room and the noise made by his falling body led to an investigation by the hotel attendants who found Abel partially dressed, lying on the floor. The deceased came to the hotel on Saturday evening and was apparently sober. He retired at an early hour and seemed to be in the best of health and spirits. Abel was the senior member of the liquor firm of Meyers-Abel, formerly Loewenthal and Meyers. Only recently he acquired the interest of his partner, Ernest Meyers.

Bernalillo News Items.

Mr. Bibb, president of the Bernalillo Mercantile Company, went to Albuquerque Saturday night.

Atelano Silva, of Madrid, spent Sunday in Bernalillo, returning to Madrid on No. 8, Sunday evening.

Band practice is going on every Sunday in order that the musicians may get into line for the feast days.

Everybody is looking forward to the celebration of the removal of the court house from Sandoval to Bernalillo, which will occur on May 8.

John W. Sullivan, superintendent for the New Mexican Fuel and Iron Company at Hagan, was in town last Monday, returning home the same day.

Hon. Pedro Perea and family are soon to move to Santa Fe. Bernalillo is sorry to see them leave. Mr. Perea has recently received the appointment of superintendent of insurance, a position created by the present legislature. Judge Abbott, of Santa Fe, U. S. attorney for the Pueblo Indians, has been here three days during the past week, adjusting some trouble between the Indians of San Felipe and those of Santo Domingo, over the trespassing of some sheep.

Mr. and Mrs. Bibb, formerly of this place, but now of Albuquerque, celebrated their fifteenth wedding anniversary last Sunday. Mr. and Mrs. Sigfried Seligman and Arthur Seligman, of this place, and Mr. Cohen, of Golden, were in attendance. A pleasant time was had and their many friends here wish them many more happy years of wedded life.

Dr. S. C. Clark has come to Bernalillo to locate in the practice of his

profession. Dr. Clark has been with the Colorado Fuel and Iron Company at Madrid, Santa Fe County, in a professional capacity for nearly four years, and has resigned his position to engage in private practice. He, together with his family, are living in the house recently occupied by Mr. Wisbourne, the butcher, one door north of the postoffice.

KILLED BY STRONG DRINK.

In the lower end of the freight yards at Albuquerque on Sunday, Jose Baca y Sabedro was run over by a Santa Fe train and was cut to pieces. He was identified by his clothing. Sabedro was a contractor, aged 53 years and lived at Barelaz. His wife lives at Tome, Valencia County, and a married daughter at Barelaz. The supposition is that Sabedro had been celebrating on Saturday and laid down on the track to sleep off his stupor when he was struck by the train which was carrying dead equipment eastward. A portion of the dead man's clothing was dragged half a mile by the engine. Sabedro had the reputation of being a hard worker and honest and his only failing was a weakness for strong drink.

DIED OF THE WHITE PLAGUE.

Although a resident of Albuquerque for three years, New Mexico's climate failed to relieve Charles H. Terego, who died of tuberculosis at Albuquerque on Sunday. He was 37 years of age. His wife and mother were with him when the end came and his remains were taken to Chicago last evening for interment. The deceased was quite wealthy and his father is a member of the Chicago Board of Trade.

THE GRIM REAPER.

Fred H. Schultz, a native of Mecklenburg-Schwerin, Germany, at one time in the shoe business at Las Vegas and a resident of the Meadow City since 1885, died on Sunday at the age of 56 years. He is survived by his wife, a son living at Creffield in Rhensish Prussia, and Fred H. Schultz, a locomotive engineer on the Santa Fe. The deceased was an Odd Fellow and a Woodman.

WILL HERD CATTLE IN

PLACE OF SOULS.

Rev. W. J. Marsh, well known in Santa Fe, has resigned as pastor of the First Congregational Church at Albuquerque and will engage in the cattle business. He will go with his family to Alliance, Nebraska, which he will make his headquarters. Mr. Marsh and family have been residents of the Duke City the past five years.

PENITENTIARY BIDS.

Santa Fe, N. M., March 8, 1905. Sealed proposals will be received by the Board of New Mexico Penitentiary Commissioners at the office of the superintendent, until 10 o'clock a. m., on Monday, March 20, 1905, for furnishing and delivering at the New Mexico penitentiary the supplies hereinafter mentioned, or so much thereof as the board may deem sufficient. Payment for said supplies will be made in cash. Delivery of all supplies except perishable articles must be as directed by the superintendent.

Samples will be required of all articles marked with an asterisk, and these should be labeled, showing name of bidder, price, etc., and must be delivered to the superintendent not later than 9 o'clock on said day.

All bids must be made strictly in accordance with the conditions on blank proposals, which will be furnished by the superintendent on application; no bid otherwise made will be entertained. A bond will be required from all successful bidders for the faithful fulfillment of contracts within ten days after date of award.

PLENTY OF PROOF.
 People You Know—Santa Fe Citizens.

The greatest skeptic can hardly fail to be convinced in the face of evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Santa Fe, of people who can be seen at any time. Read the following case of it:

Benito Romero, employed with Lam-berson's Transfer, residence San Francisco St., says: "The use of plasters for a year and a half on my back did not bring the results I expected and relief from pain across the loins was just as remotely in the distance as it was when I first noticed it. This led me to go to Ireland's Pharmacy for Doan's Kidney Pills and take a course of the treatment. I read in our Santa Fe papers that they could be depended upon and with considerable faith in the preparation because it positively stated they were for the kidneys and the kidneys alone. I commenced the treatment. It was very satisfactory. I used two boxes and they stopped the last attack."

CURED CONSUMPTION.
 Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1 at Fischer Drug Co.

THE BEST COUGH SYRUP.
 S. L. Apple, ex-Probate Judge, Ottawa Co., Kansas, writes: "This is to say that I have used Ballard's Horehound Syrup for years, and that I do not hesitate to recommend it as the best cough syrup I have ever used." 25c, 50c, \$1.00, at Fischer Drug Co.

Whatever Possesses Real Merit Is Always Rewarded

No Family Medicine Chest Is Complete Without "La Sanadora"

At last we have amongst us and within our reach a medicine on which we can rely for relief from the many maladies and afflictions of life. LA SANADORA is a medicine that don't kill pain temporarily, but it cures and heals, restoring you to perfect health, whenever you have the misfortune to be sick. Immediately after its use, be it external or internal relief is received, as has often been proven.

Whoever uses LA SANADORA is not making a guess nor an experiment, but will get well and be cured with a safe, sure and excellent medicine. You may be inexperienced in its use, but it is very simple in its application and sure in its effects.

With each bottle of LA SANADORA you will find a book of instructions. Read it and don't fear that your time has been wasted, as, when disease afflicts you, you will know how to use this great medicine, and have the satisfaction of knowing it has saved you.

In winter we are troubled with coughs, colds and many other painful afflictions peculiar to cold weather. Positive relief and a sure recovery to health will be found in the use of LA SANADORA. In summer diarrhoea, colic and many other gastro-intestinal afflictions, trouble old and young. LA SANADORA is an infallible cure.

This infallible medicine cures: Rheumatism, Sprains, Contusions, Scratches, Headache, Sore Throat, Coughs, Stings of Insects and Reptile Bites, Contraction of Muscles and Tendons, Stiff Joints, Pain in the Breast and Back, Lumbago, Kidney Trouble, Neuralgia, Toothache, Sore Nipples, Burns, Earache, Catarrh, Fever, Chills, Colics, Cholera, Piles, Pain in the Gums, Itching and all painful afflictions. For sale at all drug stores. Price 35c a bottle.

After "La Sanadora" Has Been Used by Thousands of People With Great Success, the Praises of the Wonderful Medicine Which We Herewith Publish, Bear Witness to Its Merits.

<p>Territory of New Mexico, County of San Miguel.</p> <p>I, Juan Ignacio Baca, do hereby make this declaration under my oath: For the period of three years I had been afflicted by Malaria Fever, and my sufferings were such that I was unable to do any kind of work, or attend to my business. I procured and used many patent medicines without deriving from any of them any benefit to my health, and having lost all hope of recovering my health, it was my good fortune to meet the excellent good lady, Mrs. Emilie M. de Delgado, of this city, who kindly recommended me the use of "La Sanadora" for my case, and she herself gave me the medicine according to directions, and it resulted in a complete restoration of my lost health. After three days that I had been using the medicine, I felt so well that thereafter my energy to move returned and my health is excellent. I always keep at home this wonderful medicine, and it is a great satisfaction to me to know that its use in any kind of similar diseases, shall always prove a blessing. And I recommend all persons suffering to avail themselves of this medicine, assuring them that they will find the desired relief.</p> <p>JUAN IGNACIO BACA. The above was made under oath this 19th day of January, A. D., 1904.</p>	<p>at Las Vegas, N. M., before me as a witness. J. P. CONKLIN.</p> <p>Territory of New Mexico, County of Lincoln.</p> <p>I, Millard F. Davidson, make this statement under oath for the benefit of all sufferers as I have suffered. This present winter I caught a bad cold and had pains in my chest and a severe cough. I thought I was surely going to have pneumonia. I tried different remedies, but none relieved the pain or stopped the cough. I heard several people recommend Sanadora so I tried it and in less than two days was well and able to attend to business. Since then I have called others' attention to this remedy, and without exception they have been cured. It does what is claimed for it.</p> <p>M. F. DAVIDSON. Subscribed to and sworn to before me this 21st day of February, A. D., 1902.</p> <p>SIDNEY F. MATHEWS, Notary Public. Lincoln, New Mexico, Feb. 21st, 1902</p> <p>Territory of New Mexico, County of Lincoln.</p> <p>This is to certify that I am a resident of the County of Lincoln, Territory of New Mexico, that I have suffered with scrofula trouble for four</p>	<p>years and have sought in vain for a cure, both with doctors and prepared medicines, blood purifiers, etc. Nothing seemed to do me good. I was prevailed upon to try Sanadora some three months ago, which I did and I believe now I am completely cured. When I began taking this medicine I had breaking out on my body and sores which have now entirely disappeared. I feel first rate and can recommend Sanadora to anyone who is troubled as I have been.</p> <p>SAMUEL FARMER. Subscribed and sworn to before me this 12th day of February, A. D., 1902. (Seal) SIDNEY F. MATHEWS, Notary Public.</p> <p>LA SANADORA CURES! ONE OF MANY: Hedges, San Diego, Co., Cal., July 12. Romero Drug Company, Las Vegas, New Mexico.</p> <p>Dear Sirs:— My wife has been afflicted with Rheumatism and Neuralgia for a long time, and before writing to you, she had used a great many so-called remedies without apparent benefit. Realizing the fact that unless she obtained relief soon her disease would get the best of her and develop into something more serious. I commenced to search for some reliable remedy, and thanks to God I saw the advertise-</p>	<p>ment of "La Sanadora" in one of our Spanish papers and decided to give your remedy a fair trial, which, I am pleased to say, has proven satisfactory.</p> <p>"La Sanadora" has entirely cured my wife of these diseases and she now feels like a new woman. I can truthfully say that "La Sanadora" has given her relief after all others have failed. I feel so thankful for the good "La Sanadora" has done for my wife that I consider it my duty to add my testimony to that of others who have been cured by your wonderful remedy "La Sanadora." If any one doubts the truth of this statement, let him or her write to me and I will tell him or her just what "La Sanadora" has done for my wife.</p> <p>Thanking you for your kindness, I remain yours very truly, PROFESSOR A. J. MONROY, M. A. Deputy Clerk of the Supreme Court of San Diego Co., California. From the Optic, July 27, 1903.</p> <p>Juarez City, State of Chihuahua, Mexico, November 23d, 1903. Romero Drug Company, Las Vegas, N. M.</p> <p>Gentlemen—This letter is for the only purpose of informing you of the following facts: Since the 7th of the present month I have been suffering from a very se-</p>	<p>vere cold, to such extent that for two weeks I could not sleep, during which time I tried different medicines to seek relief but all in vain. Accidentally I noticed in one of the newspapers to which I am a subscriber, an advertisement of your preparation, "La Sanadora," and having read the same carefully, I sent for a bottle of that medicine, and as soon as I took the first dose according to directions given, instantly I felt great relief, the fever and all pains I had been suffering having disappeared and I could regain my sleep, having passed the night pleasantly, and today I feel in good spirits having regained my usual good health. As I cannot fully correspond the benefit received from the effects of so invaluable medicine, I hasten to send you these lines as a testimonial for publication, recommending "La Sanadora" to all those suffering from the effects of colds.</p> <p>Yours very truly, MELITON CONCHA, Leader of the Chihuahua Band. Lincoln, New Mexico, Feb. 8, 1902.</p> <p>Territory of New Mexico, County of Lincoln.</p> <p>I, Patricio Miranda, a resident of Lincoln, New Mexico, upon my oath make this the following statement: That about the first of the year 1901</p>	<p>I became sick with stomach trouble, which soon ran into diarrhoea and dysentery. I was treated by a doctor here and also at Fort Stanton for eight months at an expense of over one hundred and fifty dollars. I also tried a number of different patent medicines, but got absolutely no relief. My weight was reduced during this time from one hundred and sixty pounds to one hundred and twenty pounds, and I had got into such a reduced condition that I could hardly walk and could do no work at all. I had lost all hope of ever being cured but upon the recommendation of Aragon Bros. & Co., doing business here, I made a trial of Sanadora and used it as directed. The first bottle gave me relief and by the time I had used the third bottle by stomach was well and my diarrhoea had stopped, but I continued taking the medicine until I used six bottles in all, and now can say I am completely cured and have gained back my regular weight. I feel it my duty to testify to what Sanadora has done for me, and so make this affidavit.</p> <p>PATRICIO MIRANDA, (X) His Mark. Witness: B. H. MOELLER. Subscribed and sworn to before me this 8th day of February, A. D. 1902. (Seal) SIDNEY F. MATHEWS, Notary Public</p>

SMOKED FISH are now in demand. We offer at present new shipments of Finnan haddock, bloaters and sliced halibut. Our line of salt cod fish is larger than usual. One pound bricks .10, 1 lb. tablets .15, 2 lb. boxes .30 and .35.

CANNED FISH we offer in large variety, sardines of all kinds and in many different sizes. Domestic oil sardines 5c. Mustard sardines 10c, 12 1-2c, and 15c. Senorita brand put up in California, in pure olive oil are well liked, per can 12 1-2c. Imported sardines at from 10c per can, up. Corned cod fish, fresh herring, soft shell crabs, clams and clam chowder are all a change from the constant meat diet.

BURNHAM'S CLAM BOULLION is refreshing to invalids or others who for any reason have weak stomachs. Trial size glass bottles 10c, half pint bottle 25c, pints 45c, quarts 85c.

BURNHAM'S CLAM CHOWDER in 3 pound cans we are selling at 25c. a can, made after a famous Rhode Island receipt. Trial cans 10c.

IMPORTED ITALIAN OLIVE oil such as we offer in tins can seldom be obtained in this section. Buying as we do from the importers we are able to make a very low price on this oil, quarts 85c, 1-2 gallon \$1.45, gallons \$2.75. There is no better oil offered than this.

SALT MACKEREL, Herring, White Fish, etc., are the proper thing at this time. We offer a nice line.

MALTA CERES needs no cooking. Ready for breakfast or luncheon with only the addition of milk or cream. Owing to the failure of the manufacturers we obtained a quantity to sell at the price of 5c per package in place of 15c as heretofore.

NEUTRITA, a flake breakfast food we still offer at 3 packages for 25c. We have just received a shipment of imported preserved figs in pound tins at 25c. per tin.

SPANISH SWEET PEPPERS in pound tins put up in olive oil, excellent for salads and to stuff and bake, 1 pound tins 20c, 1-2 pound tins 12 1-2c.

IMPORTED FRENCH PEAS are much used at this time. We have three grades at 20c, 25c, and 30c. The last is the finest thing put up.

COOKING OIL is much preferred by many to lard for frying, etc. Quart bottles at 30c, gallon tins \$1.25.

DRIED PRUNES are very fine this year and also cheap, per pound 5c, 10c, and the large meaty, juicy ones at 12 1-2c.

RICE is a food that is not used as much as the price and food value justify. Head rice 3 pounds 25c, Japan rice 4 pounds 25c, Honduras rice 5c per pound.

WHITE STAR SOAP in small boxes of 25 bars at 90c box is a bargain.
