TELLER ASKS INFORMATION

Concerning All Relations of the United States and Dominican Government.

CULLOM'S OBJECTIONS

After a Slight Tilt Between the Two Senators, the Senate Went Into Executive Session.

Washington, March 15.—When the Senate met today there was a very interesting flurry over Santo Domingo affairs. Teller, of Colorado, introduced a resolution of inquiry asking the State Department for all information concerning the relations with the Dominican government between July 1, 1904, and March 1, 1905. The reading of the resolution had scarcely begun when Mr. Cullom objected to further reading saying that the matter pertains to executive session business and should not be read in open session. "The Senator cannot take me off the floor," declared Teller, "I deny the right of the Senate to interrupt the reading of the resolution." Cullom maintained that he had a right to inquire into the nature of the resolution to ascertain if it belonged to open session or to executive business. "You cannot prevent the reading of the resolution," declared Teller, warmly. Kean suggested to Cullom that he move to consideration of executive business, but Teller had the floor and still insisted that the resolution be read. When the resolution was read, the Senate went into executive session.

SPEAKER HILL WOULD VOTE FOR DEMOCRAT.

Jefferson City, March 15.—The legislature took two ineffectual ballots for U. S. Senator today. When roll call on the second ballot was completed, Speaker Hill explained his vote. "I have been accused," he explained, "of being a deserter. I want to say that as a last expedient and with the consent of the caucus, I voted for Judge Spencer. I desire to say that I will be a deserter to the extent of voting for a Democrat before the Assembly shall adjourn without electing a Senator." This statement provoked a storm of disapproval from Republicans and Representative Tubbs demanded the resignation of Speaker Hill if he desired to vote for a Democrat. For fifteen minutes pandemonium reigned, but finally an adjournment was secured.

PEABODY REPUBLICANS OFFER A COMPROMISE.

Denver, March 15.—The Governorship contest went over till this afternoon again in joint assembly this morning. Immediately after roll call a recess was taken until 2:30 this afternoon. The object of the recess was to allow anti-Peabody Republicans to consider a proposition of compromise made by straight Peabody Republicans. The proposition is to seat Peabody and have him resign immediately. This would place Lieutenant Governor Jesse McDonald in the chair. Peabody's written resignation is in the hands of the Peabody men, and if they can win over enough of the anti before reconvening the resignation will be turned over to the anti for immediate filing after the declaration of the election of Peabody.

THE MYSTERY OF A HANSOM CAB.

New York, March 15.—The body of a woman who had been dead several hours and a man unconscious and apparently dying, were found in a cab which was driven up to Brooklyn station at a gallop early this morning. The man, who was suffering from alcoholism and possibly from the effects of a drug, may recover. Both he and the driver of the cab were detained while the police investigate. Although the man's condition is so serious that he can give but little information, he said his name was Thomas D. Egan and that he lives on Monroe Street, one of the better class of the residential sections of Brooklyn. The dead woman he said was Miss Mary Savage, age thirty. Both were well dressed.

ONE MORE DEATH

ADDED TO THE LIST. Denver, March 15.—Police Captain William Bohanna died early this morning from wounds received at the hands of George Shissler, Sunday morning, this making the fourth victim of the maniac. The victims of the tragedy number five.

CALIFORNIA TRAFFIC

IN BETTER SHAPE. San Francisco, March 15.—Officials in this city of the Southern Pacific and Santa Fe roads state that trains to and from southern California are running today, though all lines have not yet been repaired. A number of delayed trains will reach here today.

EULOGIZES ROOSEVELT

Paris, March 15.—A service commemorating the inauguration of President Roosevelt was held today at St. Joseph's Church. The ceremony assumed a distinctly official character. Foreign Minister Del Casse being represented by M. del Vincourt, under-chief of the cabinet. The others present included Ambassador Porter and the staff of the American Embassy, Sir Francis Bertie, British Ambassador, Admiral Sir Charles Fane of the British Embassy, Admiral Sir Charles Fane of the British navy and representatives of the Japanese and several other legations. The front of the church was decorated with American and French flags. Abbe McMillan preached the sermon eulogizing President Roosevelt. The ceremony was a marked departure from the usual conservatism of French churches.

LEGISLATIVE POINTERS

Three ladies are on the Bursum watch subscription "roll of honor." One of these is Mrs. Gilmore Friend, Dona Ana County's favorite.

But one day of the session and it is universally admitted that during the fifty-nine days that have come and gone, President John S. Clark has made an admirable presiding officer.

The Governor this afternoon announced having signed Council Bill No. 121, An Act authorizing the making of appropriations for additional buildings at the Insane Asylum; Council Bill No. 68, An Act providing for bounties on wild animals; Council Bill No. 113, An Act relating to trust companies.

Charles Ross secretary at the headquarters, managed last night's entertainment with the same energy that characterizes all his work. Ross is the idol of the organization and merits the title of "Commodore" which was long ago bestowed upon him by admiring friends. He puts enough "ginger" into "headquarters" to run a national campaign. He is a whole Republican club by himself.

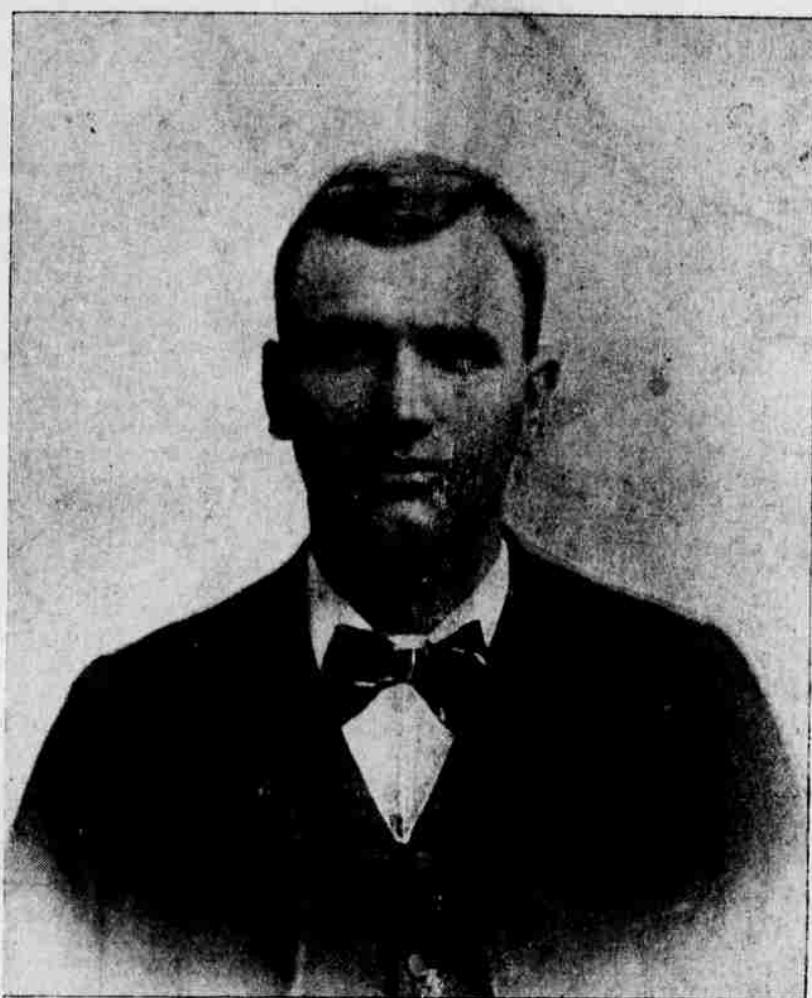

The Governor yesterday afternoon announced having signed the following bills: House Bill No. 92, An Act providing for the collection of poll tax; House Bill No. 174, An Act creating the office of coal oil inspector; Council Joint Memorial No. 8, petitioning Congress to establish a seventh judicial district; amended Council Bill No. 99, An Act regarding the classification of counties; House Joint Resolution No. 8, providing for the pay of the officers and clerks of the two Houses ten days after the close of the session; House Bill No. 123, An Act for the collection of delinquent taxes.

The Governor today signed the following bills: Council Bill No. 128, An Act relating to municipal corporations; Council Joint Memorial No. 9, petitioning the Interior Department for permission to construct the Scenic Highway across the Pecos Forest Reserve; Amended Council Bill No. 82, An Act creating a Board of Osteopathy and regulating the practice of osteopathy in the Territory; Amended Substitute for House Bill No. 41, An Act authorizing the Territorial Board of Education to issue teachers' certificates; Council Bill No. 118, An Act legalizing the indebtedness incurred by Boards of Education; Council Joint Memorial No. 10, providing an appropriation of \$1,000 for a bust of the late Colonel J. Francisco Chaves.

Councilman Martin refuses to profit personally by reason of his position as Councilman from his district. There was a striking illustration of his keen sensitiveness to honor in this matter in the Council a day or two ago. Without his knowledge or consent a friendly colleague introduced a bill calculated to favorably effect Mr. Martin's interests as clerk of the Third Judicial District Court. It meant money to Mr. Martin and all men need the money. Nevertheless the agile floor leader of the Council was on his feet like a flash and denounced the measure in terms so scathing that every member of the Council was convinced of his absolute and deep sincerity and earnestness. "My people did not send me here to enact or permit legislation in my own behalf," he said, "and I urgently request every member of this body to vote against the bill." Needless to say the bill, by unanimous consent, was hastily withdrawn.

ROCK ISLAND TRAIN DERAILED IN COLORADO.

Colorado Springs, March 15.—The Rock Island passenger train from Kansas City, was derailed this morning about four miles east of Flagler, this state and several persons were slightly injured, none seriously. The accident was due to a broken flange on the engine.

"NOTHING TOO GOOD FOR H. O. BURSUM"

A Reception to the Chairman of the Central Committee of the Republican Party Organization in New Mexico—Just Tribute to a Big Man and an Occasion to Be Remembered.

If the spirits of those who have occupied the Old Palace since the days of the Conquistadores, visited the historic old building last evening, they must have looked on in astonishment. Many of them, undoubtedly in their day, were present at revelries within the solid adobe walls of the structure but it is to be doubted if any of them ever ran up against a combination of a night in Bohemia, a Dutch luncheon, and a reception to a chairman of the Republican party, who snatched a glorious victory from a situation that looked dubious even to his most loyal and optimistic followers. It was a royal old stag party, with all political, racial, sectarian and artificial social lines obliterated. Everybody was represented except the fair sex. There were visitors from every county in the Territory and the six rooms at the disposal of the committee of arrangements were crowded all evening. The keynote of the gathering was given by Governor Otero when he said: "Nothing is too good for H. O. Bursum." The decorations were striking. Above the main portal was a circle of red, white and blue lights and the interior was a patriotic symposium of flags, streamers and bunting. The Cavalry Band worked overtime to add to the prevailing cheer by playing its best and most popular selections and the good things that were served in the dining room and at the buffet nicely seconded and added materially the flow of wit and reason.

The most unassuming man in the entire assembly was he in whose honor all this fuss had been arranged. He seemed absolutely guileless when Governor Otero led the procession from the Ben Hur room into the reception room and took his place at a little platform above which appeared a flag artistically draped and hiding three colored electric incandescent lamps. The guest of honor was asked to take a position in front of the stand and then came surprise No. 1. The colored lights were turned on and revealed a picture of the Hon. H. O. Bursum, who began to look uneasy and embarrassed.

Governor Otero's Address.

Surprise No. 2 came when Governor M. A. Otero delivered the following address keeping Mr. Bursum in his eye so that he could not escape through the cordon of those who had gathered around him in his honor:

Mr. Bursum—It is a great pleasure, I assure you, to have been selected as the one to present to you this lovely token from all your friends throughout our fair Territory; it is presented to you not only as a mark of personal friendship from your immediate friends, but also from the Republican organization of each and every county in our Territory. Few, if any of the former chairmen of the Republican party of New Mexico, have been loved and respected as you have been. We all recognize in you, not only a past

master in the art of holding your friends, but also a man of brains, saying little, but thinking from morning till night in the interest of all the positions you have ever assumed. I know of nothing too good for H. O. Bursum and it is an honor on my part to have been selected to perform this most pleasant task.

Mr. Bursum, on behalf of your numerous friends I present to you this beautiful watch, chain and charm. The committee informs me that you have had a case on hand, and they thought another would be embarrassing at this time, so selected one merely for the occasion, the best they could obtain in town, but not equal to the occasion. May you live long and keep this token of friendship is the wish of all present.

The Presentation.

There were applause and cheers that threatened to raise the roof from the venerable building as Governor Otero spoke but that did not relieve the embarrassment of the chairman of the Republican party in New Mexico. He was getting pale and involuntarily looked toward Solicitor General Prichard for assistance. But he had to remain stolid, for stolidness is one of his reputed virtues, when Surprise No. 3 came, in the presentation of a gold watch, chain and charm that are works of art and the best of their kind that could be procured for the event.

Mr. Bursum's Response.

It took a few seconds for the guest of honor to recover his equanimity but he did so soon, for after all, a reception is not quite as arduous as repelling an attack of the Democrats on the flank during a heated political campaign. Mr. Bursum makes no pretensions as an orator but the words of thanks he spoke last evening went straight to the heart and they were heard by every one above the jubilant selection played by the band in fortissimo. His modest words in asserting that he had done but his plain duty as a volunteer in the ranks of the Republican party took every one by storm and if noise can produce a shower, then the applause which followed them will bring two more weeks of rainy weather to the Territory.

Other Speakers.

There were calls for other speakers and all responded except Delegate to Congress W. H. Andrews who is better at getting things for New Mexico from a stiff necked Congress than he is at making speeches; Hon. Solomon Luna who is known as "The Silent," but also as a man who never fails to get there, and Hon. Eugenio Romero, who can make a good speech in Spanish but is strangely modest about it. There was a response by Colonel G. W. Prichard, who told a story of a Baptist experience meeting, that those who have not heard want to ask for the next time they meet the Territory's solicitor.

AMERICAN SHIP TAKEN

The Steamer Tacoma Seized by Japanese Guardship Off Hok Kaido Island.

RUSSIAN LOAN IN DOUBT

Its Postponement By France is Likely to Exert Powerful Influence Towards Peace.

Tokio, March 15.—The American steamer, Tacoma, was seized by a Japanese guardship yesterday. It is said that she had a cargo of beef for Vladivostok, although it was ostensibly for Shanghai. When last reported, the Tacoma was lying fast in the ice north of Hok Kaido Island, with the Japanese ship lying in wait to pick her up when she worked clear.

Paris, March 15.—The postponement of the Russian loan is definitely confirmed. This is likely to exert a powerful influence towards peace.

Japanese Attack Repulsed. St. Petersburg, March 15.—General Kuropatkin, in a dispatch dated March 14, said: "A fierce Japanese attack on the center of our position at Fan River, about thirteen miles south of Tie Pass, has been repulsed. More than a thousand corpses remain unburied in front of our positions."

To Quarter 45,000 Russian Prisoners. Tokio, March 15.—The government is making arrangements to quarter 45,000 Russian prisoners, captured during the battle at Mukden. They will be distributed throughout twenty garrison towns.

Approaches Will Soon Be Clear. Tokio, March 15.—It is expected that the approaches to Vladivostok will be free of ice by March 21.

No Approval By Emperor. St. Petersburg, March 15.—It is not definitely stated that Emperor Nicholas has approved the decision of the council of war to send Grand Duke Nicholas Nikolaevitch to replace General Kuropatkin, as the best means to put a stop to intrigues and jealousy among the generals, both at St. Petersburg and at the front. General Soukhomlinoff will be chief of staff. There is a report here that General Linewitch has achieved a notable success against General Nogi, cutting off and surrounding two divisions which were marching north to the west of Tie Pass with a view of engaging in a new turning movement.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every postoffice in the Territory, and has a large and growing circulation among the intelligent and progressive people of the Southwest.

A DESERVED TRIBUTE TO MR. HERVEY.

The New Mexican is greatly pleased to concur with the Carlsbad Argus, the staunch and ably conducted Republican paper in Eddy County, in an editorial urging the re-appointment of James M. Hervey of Roswell, present incumbent to the office of district attorney for the counties of Chaves, Eddy and Roosevelt. The Argus says:

"Next week sees the adjournment of the New Mexico legislature. Before that adjournment occurs there will be numerous appointments made by the Governor and confirmed by the Council. Among the important officers to be thus named are the different district attorneys of the Territory. The people of this, the Fifth District, are of course vitally interested in the question as to who shall be named to have charge of the public court business of this particular portion of the Territory, and the Argus but expresses a very evident fact when it says that the unanimous desire is for the re-appointment of the present incumbent, James M. Hervey. During his present tenure of office, he has brought a very high order of ability to the discharge of the duties pertaining thereto.

"As a prosecuting officer he has been fearless and fair, and the convictions of offenders against the law have been numerous, and secured often only after a hard fought legal battle in which the district attorney has been matched against attorneys ranking high as successful criminal lawyers. He has been prompt and courteous in all matters touching his relations with the people, and it is because of this very excellent record that the desire for Mr. Hervey's appointment is so universal in the district. The same opinion entertained of his ability and record as a public officer in Chaves and Roosevelt Counties, and the Governor will meet the wishes of the people of the Fifth District, if he continues Mr. Hervey in his present office."

The Texas legislators are paid \$5 a day for the first sixty days of the legislative session and \$2 a day for each day that the legislature is in session thereafter. The first sixty days have elapsed and the Lone Star solons have not cleaned up one-half of the business that ought to be transacted and yet most of them are anxious to adjourn and go home as the \$2 a day job does not have much attraction for them. Speaker Seabury of the House had to take the floor to urge the defeat of an adjournment resolution, saying that those who desired to go home should resign. It seems that the legislators for revenue only are even more numerous in the Democratic states than they are in the Republican commonwealths.

The general board of the navy and President Roosevelt are at odds. The President has declared that the forty armored vessels which will be the size of the American navy when the warships and cruisers ordered are completed, will be ample to meet any emergency that may arise. The Naval Board thinks different but the President undoubtedly has the people on his side in protesting against a too unwieldy and too expensive a naval establishment.

Napoleon Bonaparte declared that public opinion is the real ruler of the world. Since newspapers have more to do with moulding public opinion in the United States than any other factor, they stand very near to the real rulers. Wise men in politics and in business recognize this but even in New Mexico there are men who are not wise.

It costs money to run a big lot of territorial institutions, but as they are here, money for them must be appropriated. Professors come high, but they must be had, you cannot shake them off even if you would.

PROPER CARE MUST BE HAD EVEN IN NEW MEXICO.

Of late years, the number of victims to tuberculosis among the native people of the Territory has increased to an alarming extent. There was a time, not so long ago, when it was New Mexico's boast that a case of tuberculosis never originated in this Territory and that no native had ever died of the disease. This can no longer be said and owing to the cramped living quarters, absence of sanitation and disregard of hygiene among the poorer people, if consumption once takes a strong hold among them, even the salubrious climate of New Mexico cannot save the victim. This is undoubtedly due to the great influx of health seekers, the establishment of sanitariums in towns and the unchecked habit of expectorating anywhere and everywhere by consumptives. Consumption is not a contagious disease, as little as leprosy, but carelessness in the treatment of either, will certainly serve to spread them even under the most favorable climatic conditions.

A GOOD SCHOOL.

One of the best territorial institutions is the School of Mines at Socorro. In its line, it is superior and should be well supported. In fact no other territorial institutions should be allowed to make a specialty of geology and mining matters. They are here for other purposes, should confine themselves to the purpose for which they were created and for which they are maintained. The Socorro Chieftain in commenting upon the School of Mines, properly says:

"The School of Mines is enjoying the most prosperous and satisfactory year in its history. This assertion is based on the number of students in attendance doing the strictly technical work designed to be done at the institution. The school is brought by the very nature of this work into close and vital touch with the rapidly developing mining industries of the Territory and should therefore continue to receive generous support at the hands of the Legislative Assembly."

Nicholas II. has made up his mind to continue the war with Japan. The people of European Russia have nothing to say upon the subject and those in Asiatic Russia are too ignorant to know anything about it. Thus, at the crook of the finger of one irresponsible man, the dictum goes forth that sends thousands of men to death and makes cripples and invalids out of tens of thousands more. It is evidently high time for a change in Russia in governmental affairs.

A London dispatch says that General Kuropatkin has asked permission of Emperor Nicholas to resign his command of the Russian forces in Manchuria, alleging that he is a mental and physical wreck. It may be presumed that there is considerable truth in the statement. In view of recent events, the Emperor would do well to grant the permission asked. So far, however, it seems that Emperor Nicholas is not capable of doing the proper thing at the right time.

The sum of \$14,000 is set apart by the Legislative Assembly for the maintenance of the New Mexico Military Institute at Roswell. This is not as large a sum as should have been given that educational institution as it is among the highest ranking and best in the Territory. It is not a local school, nor has it a kindergarten connected with it. The Military Institute at Roswell is all right.

An examination of the bills so far passed and approved, brings to light the fact that a large number of good and beneficial measures have been passed by this Assembly. The yellow sheets, the tax dodgers and the knockers will deny this statement. That is expected of them. Their only weapons are denials, the cry "stop thief!" unjust criticisms and false accusations.

J. G. McNary, editor of the Las Vegas Optic, has been appointed territorial printer by Governor Otero. Mr. McNary is one of the most deserving young men in the Territory and his appointment will meet with the approval of the people.—Albuquerque Citizen.

Once in a while the Albuquerque Citizen does print the correct thing.

While Fourth Assistant Postmaster General, J. L. Bristow did a good deal of investigating and his investigations bore fruit. A Washington dispatch now announces that his official conduct, while in the position of fourth assistant postmaster general, is now under investigation also. This thing of investigating investigators is becoming monotonous.

The cattle raisers of New Mexico have had considerable favorable legislation given them by the Thirty-sixth Legislative Assembly and they should be correspondingly grateful. It was the Republican party through the Republican majority in the Assembly that came to their rescue.

The proper support and maintenance of the Territorial Insane Asylum is an absolute necessity. It makes no difference how much money it costs, in the management of that institution no niggardly policy can be allowed to obtain.

THE REAL ISSUE.

The Albuquerque Journal says that the leading issue in the last campaign was "The reduction of territorial and county expenses." The New Mexican must differ with its Albuquerque contemporary. The principal issue was not this question. It was not discussed on the stump nor did it receive much attention from the newspapers of the Territory. It was well understood that the management of the finances of New Mexico under the present administration has been honest and capable and it was easy to show this fact. The yellow sheets, the tax dodgers and the knockers through two or three of the yellow papers, made charges of extravagance and corruption, but so little truth could they advance and so few facts could they furnish to sustain their charges that the voters paid no attention to them. The real issue in the campaign was the statehood question and the turning down of B. S. Rodey.

The general appropriation bill introduced in the Missouri legislature carries \$1,510,962.81. The contingent expenses for the Governor's office are \$7,500, for the secretary's office \$14,000, superintendent of schools \$6,000 and other state officers, of whom Missouri has a host, in proportion. For printing state documents and reports \$92,280, for beer inspection \$19,000; for factory inspection \$15,000; for state board of health \$10,000; for physician at the penitentiary \$1,600, and for other items of a similar nature like sums are appropriated. In the million and a half dollars are not included the appropriations for six of the state institutions, which amount to over a million dollars. These facts are merely mentioned to show New Mexico taxpayers that the territorial legislature is not only economical but parsimonious in appropriating the public funds.

New Mexico boys and girls have the first chance at the good salaries that are being offered stenographers in Mexico who can speak Spanish and English, for as a matter of course, most of the boys and girls in this Territory speak, or ought to be able to speak, the two languages. It is only within recent years that typewriters have come into general use in the business and official life of Mexico. With the advent of the writing machine has come the stenographer, and it is always the two language man or woman who commands the top salary. A first class stenographer who can take dictation in Spanish and in English, who is competent and reliable, can always command a position in Mexico with pay equal to that of a mine superintendent, in fact, the supply, is not and will not be nearly equal to the demand for many years to come.

The Missouri legislature has passed a bill appropriating \$50,000 to establish a state sanitarium for tuberculous persons. Pennsylvania already maintains such a sanitarium at White Haven and New York in the Adirondacks. Other states will follow suit. A better plan would be for each state to establish such sanitariums under the most favorable climatic conditions, that is in New Mexico, Arizona or Colorado. It wouldn't cost any more and the results would be far more satisfactory.

The Normal School at Las Vegas, under the appropriation bill, receives \$14,000 per annum for maintenance and administration. That school is a good one and deserves the right kind of support from the territorial treasury. Would that that much could be honestly said of some other territorial institutions.

House Bill No. 98, the Martin-Dalles irrigation bill, should not be allowed to slumber. It should be taken up and passed. It is a righteous and proper measure and absolutely necessary in order to give the Federal Reclamation Service a chance to do irrigation work in the Territory.

The Russian minister of foreign affairs announces that Russia has no designs upon British Hindoostan. Sure, sure, not at this time at any rate.

But one more day of the session, gentlemen of the Assembly. The eyes of the people will be upon you for another twenty-four hours.

The new jail for Santa Fe County must become a fact this year, Messrs. County Commissioners.

Missouri has a beer inspector. That must be a far pleasanter job than inspector of coal oil.

FACTS VS. CLAIMS.

Some places claim the top notch, but it is a fact that the Bon Ton puts up the very best meals in the city, regardless of price, and you can at all times get any and everything the market affords. Try the Bon Ton for short orders and regular meals.

It is an admitted fact that real estate, financial men and merchants all say that quickest and best results are obtained by advertising in the "New Mexican."

Place your Wants in the New Mexican Printing Company.

When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or what is practically the same thing, let him be dyspeptic, and his muscle would soon fail. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength.

"I had what my physician called indigestion. He gave me medicine for the trouble but it did me no good," writes Mr. W. H. Wells, of Willard, N. C. "I wrote to Dr. Pierce and stated my case. He sent me a descriptive list and hygienic rules. I carried out these as best I could, bought six bottles of his 'Golden Medical Discovery' and commenced taking it. A few days later I noticed a great change. Felt like a new man. Before I began the use of the 'Golden Medical Discovery' I suffered greatly with pain in stomach, my nerves seemed all 'run-down,' I was very thin in flesh, but now can eat heartily and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

PROPER TREATMENT OF PNEUMONIA.

Pneumonia is too dangerous a disease for anyone to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of the grip, and that by giving Chamberlain's Cough Remedy, the threatened attack of pneumonia may be warded off. This remedy is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist says of it: "I have been selling Chamberlain's Cough Remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results." Sold by all druggists.

Don't get excited when you hear people raising a row about what they have to eat, but go to the Bon Ton, where you can get anything from quail on toast to chile and tamales.

INFLAMMATORY RHEUMATISM CURED.

William Shaffer, a brakeman of Denison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. "I used many remedies," he says. "Finally I sent to McCaw's drug store for a bottle of Chamberlain's Pain Balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as clam." For sale by all druggists.

Keep your business ever before the public by advertising in your home success in any honest enterprise.

BEST REMEDY FOR CONSTIPATION.

"The finest remedy for constipation I ever used is Chamberlain's Stomach and Liver Tablets," says Mr. Eli Butler, of Frankville, N. Y. "They act gently and without any unpleasant effect, and leave the bowels in a perfectly natural condition." Sold by all druggists.

Go to the Bon Ton for short orders, square meals and good, prompt table service.

GIVES HEALTH, VIGOR AND TONE.

Herbine is a boon for sufferers from anemia. By its use the blood is quickly registered and the color becomes normal. The drooping strength is revived. The languor is diminished. Health, vigor and tone predominate. New life and happy activity results. Mrs. Belle H. Shirel, Middleborough, Ill., writes: "I have been troubled with liver complaint and poor blood, and have found nothing to benefit me like Herbine. I hope never to be without it. I have wished that I had known of it in my husband's lifetime." 50c at Fischer Drug Co.

Sixty more men have been laid off in the railroad shops of the El Paso & Northeastern Railway at Alamogordo and the force is to be still further reduced.

Many Ponies Starving.
On the San Juan County and Colorado borders, especially along the Rio de los Pinos, hundreds of Indian ponies are suffering a slow death from starvation and the cold. They are hemmed in by ten feet of snow and no effort has been made to provide forage or shelter for them, although the Department of the Interior has been notified. The ponies belong to the Ute Indians.

A Wedding at Corona.
Corona, in the foothills of the Gallinas Mountains, Lincoln County, recently celebrated a pretty social event, the marriage of Miss Mary Tipton and John Jerome Watkins, the wedding taking place at the home of the bride's parents, Mr. and Mrs. W. Limited Trains to Run All Summer.
It is reported that both the Santa Fe Limited and the Golden State Limited will be kept on as daily trains during the summer. In former years they were taken off entirely or ran only twice a week but the increase of travel Californianward and the desire of the Postoffice Department that these fast mail trains be run every day in the year, has led the managements of both the Santa Fe and the Rock Island Systems to consider favorably the advisability of making both limited trains summer as well as winter trains.

Drowned in the Bonito.
I. M. Harkey with his team last week attempted to cross the Bonito River near Bonito in Lincoln County. The stream was swollen by the recent rains and the lead team struck a large log and was thrown down. Mr. Harkey plunged into the water to rescue the horse but was caught between the log and a rock and was saved only through the persistent efforts of his two sons. The horses were drowned. Medical assistance had to be summoned for Mr. Harkey, whose leg was badly bruised and who suffered from the shock.

Cheney is Dead.
Joshua H. Cheney, who owns a ranch near Torrance and who was taken to El Paso last week for treatment, died in the Pass City on Sunday afternoon. Cheney was involved in a tangle as the result of the efforts of a physician and an alleged adopted son to obtain his property. Before his death, Cheney made a new will which is entirely satisfactory to his two brothers, L. H. Cheney of California, and W. H. Cheney of Wyoming, who were present at his death. Mr. Cheney was 58 years of age and a native of New Hampshire. He was at one time an ordained minister of the Baptist Church. Death came as the result of Bright's disease.

It's So Easy

It's easy enough for a salesman to have you slip into a suit, take you before a mirror, pat you on the back, and say: Did you ever see anything fit so perfectly? Look at the way that collar hugs the neck; how well the shoulders set!" &c., &c.

Perhaps

But how about the wear of the fit? Depends upon the tailoring. What is to hold that collar in place or to keep those shoulders in shape?

So don't go altogether by appearance; judge by what you know of the reputation of the store.

Ever since I have been in the clothing business I have stood and ve shall continue to stand back of every piece of clothing I sell to the end.

MINOR CITY TOPICS

Samuel S. Wrightman, assistant chief clerk of the House, is confined to his room by illness.

That Piano Advertising Company scheme is rather a unique one and several merchants of Santa Fe are learning by experience.

Train No. 10 on the Santa Fe arrived at noon today and the branch train left at 1:15 for Lamy to make connections with No. 2.

A vitrified brick sidewalk is being constructed on Bridge Street in front of the building formerly occupied by George M. Kinsell, the grocer.

The city administration should get a move on and see to the enforcement of the ordinance providing for sidewalks on several of the residence avenues and business streets of this city.

The daughter of Rev. J. L. Shively, who has been seriously ill with scarlet fever, is now out of danger and Rev. Shively will occupy the pulpit at the Methodist Episcopal Church Sunday next as usual.

The season for planting shade trees in front of residences, especially on the residence streets, is on. Property owners should lose no time in this matter. The more trees set out and in healthy growth, the cleaner and the healthier will be the town.

There were no through trains east over the Santa Fe Railway yesterday or last night, owing to bad washouts in Arizona. It is expected that repairs will be made by tonight so that at least one train can be brought through. A stub train made up at Albuquerque and one made up farther west came in yesterday.

Mrs. A. Bischoff was fined \$10 and costs in Justice of the Peace Jose Maria Garcia's court yesterday for creating a disturbance at the Normandie Hotel on Sunday night last. She paid the fine and costs of the case and the sum of \$75 to repair the damage to the windows of the hotel. Judge Garcia placed her under a peace bond of \$300.

Before Justices of the Peace Ricardo Alarid and Jose Maria Garcia this morning the case against Policeman Pedro Sandoval y Jaramillo was heard. The charges made by Manuel Baca and Eliza Hovey were not sustained by the court and the defendant was discharged. He has also been reinstated upon the police force, after a short suspension pending the investigation of the charges preferred.

The City Council should pass an ordinance providing for sidewalks on Palace, Grant and Lincoln Avenues to be constructed by the City Board of Education. The latter body owns that property and like other property owners should be made to put down the necessary sidewalks and that this very spring. The Board will sell none of the property and hence should do as other property owners have to do.

Property owners and taxpayers generally are very willing to pay taxes for the erection of a new county jail for this county. It is admitted everywhere that such is a necessity. The tax dodgers and the knackers, and unfortunately there are a good many in Santa Fe, are opposed to the proposition, although its accomplishment will not be a cent out of their pockets. Quite the contrary, it will give them a chance to say that the County Commissioners are in another job and again robbing the people.

N. W. Alger, of Albuquerque, agent for New Mexico for the L. C. Smith

& Brothers "writing in sight" type-writer, was in the city today showing the machine. This is an entirely new style of typewriter, the one in Mr. Alger's possession being the fourth that has been so far turned out from the factory. The main features are a stationary carriage, the shift being accomplished by moving the entire type body up and down. The bearings are balls, in retainers, making the working parts of the machine very easy to manipulate. Other features incorporated in the typewriter are the tabulator and margin release. Every letter is in plain sight of the operator as soon as it is written.

"NOTHING TOO GOOD FOR H. O. BURSUM."

(Continued from Page One.)

tor general, or attorney general, as he will be styled after this legislative adjourns.

An Eloquent Tribute.

He was followed by Hon. W. E. Martin, "Billy" Martin, as he is affectionately called by those who know him best.

He did not make a long address, although he can talk against time, when necessary. But what he said was certainly to the point, and every one said "Amen," or rather stamped with the feet and clapped with the hands at the same time. It was only this: "After the many nice things that have been said here tonight in tribute to the honored chairman, nothing is left for Socorro to say, except that it is proud of its champion; that it is proud of its favorite son, H. O. Bursum, whose broad and brilliant mind has never conceived a vicious or malicious thought and whose tender and loyal heart has never been guilty of prompting one."

Further Speech Making.

Other speakers and they all did well, were: Hon. Carl A. Dalles of Belen; Judge E. A. Mann of Alamogordo; Hon. Nestor Montoya of Albuquerque; Eliego Baca of Socorro; Secundino Romero of Las Vegas, and W. B. Childers of Albuquerque.

The Reception.

The handshaking, the toasts and hearty words of appreciation that were spoken, would have been myrrh and frankincense to one endowed with the least bit of vanity but Hon. H. O. Bursum lacks that quality. However, they must have sunk deep into his heart and convinced him that one can win the admiration of his fellow men without ostentatious display or false pretensions, and simply by square dealing and unselfish efforts on behalf of others rather than self. After the luncheon, there was merry making, including music. A violin, a piano and good cheer will do wonders toward making a reception a success even if there are from two to three hundred people in attendance; besides, the volunteer committee in charge of the arrangements had spared no effort to make it a delightful affair.

The Presents.

The watch, chain and charm were selected and ordered by Miss Eva Dissinger of Hillsboro, a jeweler by trade. The inscription on the inside of the watch case is: "Presented to the Hon. H. O. Bursum, by the Republican organization of the Territory of New Mexico." The roll of honor which had been handsomely engrossed on parchment by N. L. King, listed the name of every one who contributed toward the purchase of the present. Large sums had not been solicited and the token of respect represents the hearty good will, rather than worldly possessions of Republican workers in every county of the Territory. The names were led by the following: "We, the undersigned, members of the Republican organization, in order to show our high appreciation and esteem of the good and effective management rendered in our behalf by the Hon. H. O. Bursum, as chairman of the Territorial Republican Central Committee, have united ourselves for the purpose of expressing the same, in the presentation of the small token herewith."

Mrs. Bursum Remembered.

There being a suspicion that the blithesome and charming Mrs. Bursum has no small share in the popularity of her husband and the great esteem in which he is held she was presented with a solid silver tea set of six pieces, which also came from the organization of Republican workers, who regretted that the ethics of stag parties prevented her presence.

Occasions to be remembered do not come often in a life time, but the reception last evening was one such to those who were present and to the guest of honor it was not only an incident but the rounding out of an epoch in his career as a political leader and a statesman, a vista into the future of political advancement. The warm words he spoke of the good work of his lieutenants, more than ever convinced him of the truth of Governor Otero's saying: "There is nothing too good for H. O. Bursum."

THE ASSESSOR GETS

THE WORST OF IT.

Assessor Dick Hendricks, of Aztec, San Juan County, is vowing dire vengeance on the parties who caused him to take a lonely tramp last week. He had gone up above Blanco to investigate the sheep of that section and some of the sheepmen took the saddle and bridle from his horse and then turned the animal loose. Dick had to foot it back to Blanco, and he has not yet been able to see where there is any joke in the incident.

NOT A PATENT MEDICINE.

Hyomei, the Guaranteed Catarrh Cure, Prescribed By Physicians.

No one should confound Hyomei with the patent medicines that are advertised to cure catarrh. It is as far superior to them all as the diamond is more valuable than cheap glass. Their composition is secret, but Hyomei gives its formula to all reputable physicians.

Its base is the valuable eucalyptus oil, famous for its antiseptic qualities. This is combined with aromatic and healing gums and balsams, making a pure liquid, which when used in the Hyomei pocket inhaler, fills the air you breathe with germ-killing, disease-destroying and healing powers that kill all catarrhal germs there may be in the throat, nose and lungs.

How foolish it is to try and cure catarrh by swallowing tablets or liquids. The only natural way to cure this disease and all other diseases of the respiratory organs is to breathe Hyomei.

This treatment has been so successful, curing 99 per cent of all who have used it, that Hyomei is now sold by A. C. Ireland under an absolute guarantee to refund the money if it does not cure. You run no risk whatever in buying Hyomei. If it did not possess unusual powers to cure, it could not be sold upon this plan.

The complete Hyomei outfit costs \$1 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional 50 cents.

THE RIO GRANDE IS AGAIN ON THE RISE.

Reports from the lower Mesilla Valley say that the Rio Grande is rising again and that a flood is feared. El Paso reports the river at that point to be running bank full and that it is already beginning to encroach upon property. The dykes are weak in several places and it is thought that much damage will be done should even a small additional rise occur.

WHEN YOU THINK OF A BLOOD PURIFIER THINK OF SSS

The Most Popular and Widely-Known Blood Purifier
GUARANTEED PURELY VEGETABLE

This is the season that tests the quality of your blood, and if it is not good, then evidences of it will begin to show as the weather grows warmer. Carbuncles and boils, pimples and blotches, and numerous itching and burning skin eruptions will make their appearance, and are sure indications of bad blood. If spring-time finds you with impure, sickly blood, then you are in poor condition to withstand the strain upon the system which always comes at this time of the year. A failure to look after your physical welfare now, by purifying the blood and toning up the general system, may result in a complete breaking down of health later on, and you will find yourself weak and run down, with no appetite, and a prey to indigestion and nervousness. It is poor blood that makes weak bodies, for it is this vital fluid that must supply vigor and strength to our systems, and upon its purity rests our chances for health. Any impurity, humor or poison in the blood acts injuriously upon the system and affects the general health. It is to the morbid, unhealthy matter in the blood that chronic sores and ulcers are due. The pustular and scaly skin eruptions so common during spring and summer, show the blood to be in a riotous, feverish condition, as a result of too much acid or the presence of some irritating humor or acrid poison in the blood. A large per cent. of human ailments have their origin in a polluted, diseased blood, and can only be reached by a remedy that goes into the circulation and uproots and expels the poison and restores the blood to a healthy, natural condition. If

Springfield, Ohio, May 16, 1903.

On two occasions I have used your S. S. S. in the spring with fine results. I can heartily recommend it as a tonic and blood purifier. I was troubled with headaches, indigestion and liver trouble, which all disappeared under the use of a few bottles of your great blood remedy, S. S. S. My appetite, which was poor, was greatly helped. I can eat anything I want now without fear of indigestion, and my blood has been thoroughly cleansed of impurities and made rich and strong again. As a tonic and blood purifier it is all you claim for it.

mineral, but is composed exclusively of vegetable ingredients, selected for their medicinal properties and gathered from nature's store-houses—the fields and forests. The thousands who have used S. S. S. and know from experience what it will do in blood troubles, do not need to be reminded of a blood purifier now, for they know no better can be found than S. S. S. If you are thinking of a blood purifier, think of S. S. S., which has been sold for nearly fifty years, while the demand is greater now than ever in its history. No remedy without merit could exist so long and retain the confidence of the people. Write us if in need of medical advice, which is given without charge.

A FOOL ELECTION BET.

Ohio Man is Pushing a Wheelbarrow Across the Country on a Wager Made With Club Friends.

A man by the name of Evans boarded an El Paso & Southwestern train at Bernardina, Arizona, last week and rode to Hachita, New Mexico. He told the conductor of the train that he was pushing a wheelbarrow across the country to fulfill the conditions of a bet which he made and lost with fellow clubmen at his home in Columbus, Ohio. It was an election bet, of course. Under the conditions of the wager Evans was compelled to start out penniless and make expenses by selling pictures of himself. He avers that the club which has sent him out on this jaunt has voted to make him a present of \$10,000 as soon as he has successfully completed his journey. He claims that he left Columbus last May and has been pushing the wheelbarrow ever since. He has already been to the Pacific coast and is now on his return trip. He carries bedding and a camp outfit on his wheelbarrow, and the reason that he boarded the train, so he tells the conductor, was because his vehicle had broken down and he had to take it to Hachita to have it repaired.

THE PECOS AND HONDO HIGH.

There were four feet of water in the Pecos at Roswell on Saturday and the river was rising rapidly. It is feared that the flats will be flooded. The Hondo was also slowly rising, being above three feet again. Both on the Pecos and in the Hondo, the five foot mark is the danger point. Heavy rains fell on Friday night in the Pecos valley and there is no sign yet of clearing weather. At Carlsbad the water in the Pecos on Saturday was lapping the stringers on the low bridge and it is feared that the bridge will be washed away. Lake McMillan is rising at the rate of eight inches a day which means that 2,000 acre feet a day are running into the lake.

COAL LAND FRAUDS IN UTAH.

Gigantic frauds similar to those in Oregon, are being uncovered by government agents in Utah. Thousands of acres of coal lands, valued at millions of dollars, have been secured by questionable methods. Lands have been filed upon as coal lands and filings allowed to lapse while patents as agricultural or grazing lands have been issued on the same tracts. Of 2,000 questionable filings 60 are by an employee of the Utah Fuel Company, an ally of the Colorado Fuel and Iron Company and owned by the same interests. Most of the questionable entries were made while Congressman Binger Hermann was head of the General Land Office at Washington.

THE WORLD'S COAL PRODUCTION.

The Department of Commerce and Labor announces that the annual coal production of the world is \$64,000,000 long tons, of which New Mexico produces about 1,500,000 tons. The United States produces 319,000,000 tons annually. Great Britain 230,000,000 tons, Germany 160,000,000 tons, Austria-Hungary 39,000,000 tons and France 35,000,000 tons.

LAND OFFICE BUSINESS.

On Saturday in the federal land office at Roswell there were filed upon five homesteads and three desert claims. The homestead contest of Nevada Temple vs. Arthur B. Cummins, was decided in favor of the contestant.

ALL WRONG.
The Mistake is Made by Many Santa Fe Citizens.
Don't Mistake the cause of backache. To be cured you must know the cause.
It is wrong to imagine relief is cure. Backache is kidney ache. You must cure the kidneys.
A Santa Fe resident tells you how this can be done.
Cipriano Chavez, county jailer of Agua Fria street, says: "I had attacks of backache for three or four years. Lately they were of much longer duration and occurred much more frequently. For 20 days before I went to Ireland's Pharmacy there was no let up to the dull aching and nagging pain despite the fact that I used medicines and wore plaster. Two days' treatment with Doan's Kidney Pills was sufficient to let me know that the remedy was going to the root of the cause and a continuation of it for some time stopped the very severe attacks. I now know what to use if in the future I notice any traces of backache."

After "La Sanadora" Has Been Used by Thousands of People With Great Success, the Praises of the Wonderful Medicine Which We Herewith Publish, Bear Witness to Its Merits.

Territory of New Mexico, County of San Miguel.
I, Juan Ignacio Baca, do hereby make this declaration under my oath: For the period of three years I had been afflicted by Malaria Fever, and my sufferings were such that I was unable to do any kind of work, or attend to my business. I procured and used many patent medicines without deriving from any of them any benefit to my health, and having lost all hope of recovering my health, it was my good fortune to meet the excellent good lady, Mrs. Emilie M. de Deigado, of this city, who kindly recommended me the use of "La Sanadora" for my case, and she herself gave me the medicine according to directions, and it resulted in a complete restoration of my lost health. After three days that I had been using the medicine, I felt so well that thereafter my energy to move returned and my health is excellent. I always keep at home this wonderful medicine, and it is a great satisfaction to me to know that its use in any kind of similar diseases, shall always prove a blessing. And I recommend all persons suffering to avail themselves of this medicine, assuring them that they will find the desired relief.

Territory of New Mexico, County of Lincoln.
I, Millard F. Davidson, make this statement under oath for the benefit of all sufferers as I have suffered. This present winter I caught a bad cold and had pains in my chest and a severe cough. I thought I was surely going to have pneumonia. I tried different remedies, but none relieved the pain or stopped the cough. I heard several people recommend Sanadora so I tried it and in less than two days was well and able to attend to business. Since then I have called others' attention to this remedy, and without exception they have been cured. It does what is claimed for it.

This is to certify that I am a resident of the County of Lincoln, Territory of New Mexico, that I have suffered with scrofula trouble for four

years and have sought in vain for a cure, both with doctors and prepared medicines, blood purifiers, etc. Nothing seemed to do me good. I was prevailed upon to try Sanadora some three months ago, which I did and I believe now I am completely cured. When I began taking this medicine I had breaking out on my body and sores which have now entirely disappeared. I feel first rate and can recommend Sanadora to anyone who is troubled as I have been.

LA SANADORA CURES! ONE OF MANY:
Hedges, San Diego, Co., Cal., July 12. Romero Drug Company, Las Vegas, New Mexico.
Dear Sirs:—
My wife has been afflicted with Rheumatism and Neuralgia for a long time, and before writing to you, she had used a great many so-called remedies without apparent benefit. Realizing the fact that unless she obtained relief soon her disease would get the best of her and develop into something more serious, I commenced to search for some reliable remedy, and thanks to God I saw the advertise-

ment of "La Sanadora" in one of our Spanish papers and decided to give your remedy a fair trial, which, I am pleased to say, has proven satisfactory.
"La Sanadora" has entirely cured my wife of these diseases and she now feels like a new woman. I can truthfully say that "La Sanadora" has given her relief after all others have failed. I feel so thankful for the good "La Sanadora" has done for my wife that I consider it my duty to add my testimony to that of others who have been cured by your wonderful remedy "La Sanadora." If any one doubts the truth of this statement, let him or her write to me and I will tell him or her just what "La Sanadora" has done for my wife.
Thanking you for your kindness, I remain yours very truly,
PROFESSOR A. J. MONROY, M. A.
Deputy Clerk of the Supreme Court of San Diego Co., California.
From the Optic, July 27, 1903.
Juarez City, State of Chihuahua, Mexico, November 23d, 1903.
Romero Drug Company, Las Vegas, N. M.
Gentlemen—This letter is for the only purpose of informing you of the following facts:
Since the 7th of the present month I have been suffering from a very se-

vere cold, to such extent that for two weeks I could not sleep, during which time I tried different medicines to seek relief but all in vain. Accidentally I noticed in one of the newspapers to which I am a subscriber, an advertisement of your preparation, "La Sanadora," and having read the same carefully, I sent for a bottle of that medicine, and as soon as I took the first dose according to directions given, instantly I felt great relief, the fever and all pains I had been suffering having disappeared and I could regain my sleep, having passed the night pleasantly, and today I feel in good spirits having regained my usual good health. As I cannot fully correspond the benefit received from the effects of so invaluable medicine, I hasten to send you these lines as a testimonial for publication, recommending "La Sanadora" to all those suffering from the effects of colds.
Yours very truly,
MELITON CONCHA,
Leader of the Chihuahua Band.
Lincoln, New Mexico, Feb. 8, 1902.
Territory of New Mexico, County of Lincoln.
I, Patricio Miranda, a resident of Lincoln, New Mexico, upon my oath make this the following statement: That about the first of the year 1901

I became sick with stomach trouble, which soon ran into diarrhoea and dysentery. I was treated by a doctor here and also at Fort Stanton for eight months at an expense of over one hundred and fifty dollars. I also tried a number of different patent medicines, but got absolutely no relief. My weight was reduced during this time from one hundred and sixty pounds to one hundred and twenty pounds, and I had got into such a reduced condition that I could hardly walk and could do no work at all. I had lost all hope of ever being cured but upon the recommendation of Aragon Bros. & Co., doing business here, I made a trial of Sanadora and used it as directed. The first bottle gave me relief and by the time I had used the third bottle my stomach was well and my diarrhoea had stopped, but I continued taking the medicine until I used six bottles in all, and now can say I am completely cured and have gained back my regular weight. I feel it my duty to testify to what Sanadora has done for me, and so make this affidavit.

The dead woman and her three babies were buried side by side in the Catholic Cemetery at Santa Rosa last Saturday.
