DETAILS OF BATTLE OF SANTIAGO!

American Loss 1,800 Killed, Wounded
and Missing.

Spanish Loss, 5,000 Killed, Prisoners
and Wounded.

FALSE DISPATCHES ARE SENT TO MADRID.

(Copyright Associated Press.)

Headquarters General Shafter's army, before Santiago, July 3, via Kingston, July 4.—Early in the day a man on the lookout reported that the Spanish fleet had sailed out of the harbor of Santiago, but it was not until late afternoon that the result was known at the front. As word of the magnificent victory flew from sentry to sentry along the firing line and was shouted to the companies, regiments and brigades a great cheer swept down the line of weary men, which gathered force until the rattle of musketry was drowned in the roar of the glad tidings. The news was flashed back into the underbrush where the reserves lay and the men almost stamped in their enthusiastic desire to get to the front. The cheering continued through the evening as the details of the fight came in.

Although the firing continued all day between the outposts very little damage was done on either side. General Shafter was wounded slightly, a rifle bullet cutting through his foot, but he will not be compelled to leave the field. The only severe fighting during the day occurred when the Spanish fleet was leaving the harbor. The enemy evidently attempted to divert the attention of our troops, but the Americans responded so promptly that the first attempt was resumed at intervals during the remainder of the day.

SPANISH BATTLE.

Last night the only aggressive movement the Spaniards made resulted in their severe defeat. About 10 o'clock the enemy came out of the trenches about the city walls in large force and dashed straight for the American lines. In one or two places our very gallant men, from their positions, but quickly rallied and drove the enemy back pell mell into their own trenches. The Spanish loss must have been frightful, as they were exposed to a terrific fire for over a quarter of an hour. The losses on the American side were very light, as our soldiers lay in rifle pits and had every advantage. The enemy evidently was very much surprised at the ease with which they were repulsed. They took their positions almost at the wall and from the dense tree tops do execution with snipers' powder, making it difficult to locate them. Several times they shot into General Shafter's tent, which he never left from the front, and they have inflicted the trail for ten miles between Juraguá and the outposts.

One of the most horrible features of the war is that dozens of men have been killed as they lay in the litter, and that surgeons, wearing the emblem of the Red Cross society upon their arms, have been special objects of attack.

KILLED AND WOUNDED.

The number of killed and wounded for the week reaches to night about 1,800. No effort is apparently made by our officers to expedite listing of casualties and not one fifth of the total of the names are known even to the commanding officers. Already 800 cases have been handled at the hospital, but because of the overflow from the hospitals at the front. All the wounded here are recovering. There has been one death since the hospital was established. The private Meyer, of the sixth infantry, which occurred today. He was shot through the body.

Adjutant Wood of the Ninth cavalry, who was shot through the face and not expected to recover, is improving rapidly and will be sent to West next week. There has been much conjecture today as to whether Lieut. M. A. Mason, of the Tenth cavalry, acting topographical officer of the staff, made maps of the trails before Friday's battle. He has been at work most of the time in and around the Spanish lines. He most always refused an escort, and though he has been shot at several times has never been wounded. Thursday, while out with two men, he encountered a detachment of Spaniards and an officer, and took all of their prisoners.

A total of 250 prisoners were captured in the battle of Caney on Friday, of whom forty-five were regular Spanish soldiers in uniform, two officers and the remainder armed residents of the town. Nine wounded men were left at a block-house, attended by a native physician. Other prisoners were brought to Juraguá today in charge of Captain McClure and two companies of the Thirty-third Michigan, and camped along the railroad. The Cubans rejoiced then in great crowds and hurled epithets at the

frightened captives. All the soldiers belonged to the Twenty-ninth Spanish regulars and expected to be killed.

SAMPSON MAY ATTACK.

Washington, July 5.—It is regarded likely that Sampson may attack fortifications outside the harbor of Santiago and attempt a passage to inner bay today. Naval officials believe that before Admiral Sampson can gain the entrance into the harbor he has to demolish the shore batteries and render Morro useless as a fortification commanding the channel entrance. Rumors were current at the war department this afternoon that Sampson's fleet had already entered the harbor. This could not be confirmed in any official quarter.

PANDE REACHES SANTIAGO.

Shafter Will Wait for More Troops to Take the City.

Washington, July 5.—There will be no bombardment of Santiago today, possibly not the present week. The conclusion has been reached that it would not be advisable to carry Santiago by storm with our present forces. General Shafter, in a dispatch received last night, confirmed the report that General Pando, with about 6,000 Spaniards, had arrived in the city. This reinforcement makes the Spanish forces defending the city 10,000 to 15,000. The great advantage of being entrenched adds materially to their strength.

General Shafter states that the excessive heat and rains have contributed nearly as much as Spanish bullets to the losses in our army. Under these circumstances it is his opinion that it would be unwise to attempt to carry the city by assault. This view is shared by the officials here and, also, it is understood, by Admiral Sampson.

SHAFTER AND SAMPSON.

Commanders of Army and Fleet to Hold a Council.

Washington, July 5.—Secretary Alger on leaving the cabinet meeting at 12:30 o'clock, said that the president had sent a telegram to Admiral Sampson and General Shafter, asking them to confer as to what situation was demanded. General Shafter's reply was that he was standing that the bombardment would not take place until a perfect understanding between the two officers had been reached. It is expected that they will reach a conclusion as to the advisability of Admiral Sampson making an attempt to enter the harbor and assisting in the bombardment of Santiago.

Transport with troops will be started immediately to reinforce Shafter and General Shafter is expected to be in general thinks it necessary to make his victory complete and decisive.

Alger also said that extreme heat and severe work done by a steady direction at Santiago with reinforcements for the army.

A Gallant Spaniard.

(Copyright Associated Press.)
off Santiago, July 4, via Port Antonio, July 5.—The first and only battle made by the Spanish commander, Admiral Cervera, was to the correspondent of the Associated Press on the battlefield, as follows: "I would rather lose my ship at sea, like a sailor, than in the harbor. It was the only thing left for me to do."

Thanks of Congress.

Washington, July 5.—Representative Berry, of Kentucky, today introduced in the house a joint resolution tendering the thanks of congress to Commodore Schley and his officers and men, under his command, for the destruction of the Spanish fleet.

SPANISH ARE DECEIVED.

Madrid Officials Think Cervera's Fleet Won a Victory.

Madrid, July 5, 3 a. m.—The general public at this hour still believes that Admiral Cervera and his fleet escaped from Santiago, thanks to the official dispatches given out by the government and interviews granted by the ministers. A dispatch from Captain General Blanco says: "Cervera's squadron at 11 o'clock Sunday morning broke the center of the line of the American fleet and proceeded to the full sea in a westerly direction. The Spanish minister of war, senior

Anon, is quoted as saying: "I am highly pleased with the feat of arms performed by Cervera's squadron, which left Santiago the morning that Cervera judged it opportune to do so."

Noon.—Not one of the official dispatches received from Cuba up to this hour make mention of the destruction of Cervera's squadron, consequently the American accounts of the battle cause immense surprise and a sensation, though discredited by the Spanish official. Every one is anxiously awaiting news of today's expected bombardment of Santiago. The Spaniards doubt whether the Americans, even if they destroy the city, will succeed in penetrating into it, as their losses are confidentially expected to be enormous, since the Spanish reinforcements arrived at Santiago.

There is much comment here over the news of the departure of foreign warships from Manila at the moment of the arrival of the American reinforcements, only two German, two French and four British warships now remain, and the people are asking if international politics has undergone a change and if the Americans are to be given a free hand in the Philippine islands.

DOOMED CITY.

Santiago Is Shattered by Shafter With Shot and Shell.

(Copyright Associated Press.)
In advance American lines, seven miles south of Santiago, July 4, via Port Antonio.—An noon yesterday, acting under instructions from Washington, Major General Shafter, commander of the troops, sent a letter to General Linara, in command of the Spanish forces, demanding the surrender of the city. The message was delivered by Colonel Borel. Two hours elapsed before the firing could be stopped. General Linara responded promptly with an absolute refusal to surrender.

Shafter at noon today notified Linara that unless Santiago surrendered, hostilities would be resumed at noon on Tuesday. Up to this evening Linara had not replied to the second request for the surrender of the city.

Conference with the consuls of foreign powers have been conducted near General Wheeler's headquarters. The consuls said there were 31,000 men, women, and children, foreign subjects, in the city, and requested a cessation of hostilities in order to enable them to be removed outside Santiago and placed under the protection of the United States. This was definitely refused by the American commander, who declined to accept such responsibility. The consuls were told that it rested with them to make their own arrangements.

The conference was resumed at 9 o'clock this morning, when the consuls expressed grave doubts of Linara's surrender on account of the false rumors in regard to Spanish victories and yellow fever among American troops sent daily to Madrid, which caused the Spaniards to believe that the city would be returned to Spain. However, the foreign consuls will demand the surrender of the city, but it is doubtful whether they will prevail. All negotiations are submitted directly to Washington, thus causing some delay.

A courier of the Associated Press at 4 o'clock this morning said no communication had been reached. Shafter denies the existence of a general armistice under a white flag. It is believed that hostilities will resume on Tuesday at 12 o'clock before which time the exodus of 31,000 foreigners will be accomplished.

The British warships Pallua and Allet and the Austrian warship Maria Teresa have been allowed by Rear Admiral Sampson to enter the harbor of Santiago and remove foreign subjects. One British subject, already cleared for Kingston, Jamaica.

The Spanish armored cruiser Cristobal Colon is listed on beam ends and is now practically impossible to save her.

INTERRUPTED BY RAIN.

The Fourth of July Celebration Resumed After the Shower.

The Fourth of July exercises in old town yesterday, interrupted by the rain in the afternoon, were resumed this evening. The plaza in the afternoon would hardly have held the large crowd that came to witness the jubilation celebration, and in the evening there was also a large attendance. The illumination and pyrotechnic display were very good, and amused the people very much. An address by Mayor Clancy was listened to with marked attention and it was frequently applauded. Mr. Clancy reviewed the history of Spain and the tyranny it had all along manifested towards its colonies. He told of the trials and tribulations that the South American countries had to undergo when they were under the yoke of the mother country. He spoke of the heroes that the battling for right had made and gloried the patriots, the names of whom are well known to the Spanish-American people. Cuba, said Mr. Clancy, was trying to free itself from the same chains of bondage that the forefathers of a majority of his hearers had refused to wear, and should receive the sympathy of the countries which had already broken with Spain because the yoke was too galling.

British Warships.

Kingston, Jamaica, July 5.—The British warships Pallua and Allet left here for Santiago de Cuba to bring away British subjects desirous of leaving the city.

Troops for Shafter.

Washington, July 5.—The brigade under Gen. Garretson at Camp Alger has

been ordered to proceed at once to Santiago. The Eighth Ohio regiment goes to New York to take the cruiser St. Paul. The Sixth Massachusetts and Sixth Illinois go to Charleston, S. C., where the Yale and Harvard will be intercepted on their way north to embark those troops for Santiago.

Spain Committing Suicide.

Chickamauga, July 5.—Six regiments had been ordered to move from here today in command of General Wilson, but the destruction of Cervera's fleet at Santiago on Sunday changed the plans of the department and the resending order was received last night.

That Unhappy Country Will Continue to be the Theater of War.

London, July 5.—The Madrid correspondent of the Daily Chronicle says: The enthusiasm of the Spanish soldiers continues, but there is bitter resentment for the had military and naval organization and the resignation of the responsible ministers is demanded. The war fever is running high. The cabinet is divided into peace and war parties. Admiral Camara will pass through the Straits canal July 6. The torpedo boat destroyers and Cerro Chorrillos, commanding Gibraltar bay, with the object of preventing the Americans from coaling.

CAMARA IN THE CANAL.

Port Said, July 5.—The Spanish fleet under command of Admiral Camara, consisting of the Pelaya, Carlos V., Patriota, Rapido, Buenos Ayres, Isla de Francia, San Francisco, Isla de Luzon, San Augustin and San Ignacio de Loyola, has entered the Suez canal. The Spanish torpedo boats have been ordered to Messina, Sicily.

NEWS FROM KILDKRIDE.

Bottom Is Falling Out of the Gold Mining Boom.

Van Courver, B. C. July 5.—The first steamer to arrive from St. Michaels with gold dust and news from Dawson direct is the tug New England. This boat looked in Nanaimo, July 3, on its way to Seattle from the Yukon river. O. H. St. Dennis took opportunity to post to Van Courver the particulars of affairs in the Klondike. He says the Yukon is eight feet higher than ever known. Dawson is flooded. There is a great outburst of high water, the river steamers being three to four days from the mouth of the Yukon. Many claims are obtainable for \$20.

Order Countermanded.

Special Citizen.
Santa Fe, N. M., July 5.—The governor has received word that the war department has countermanded the order for seventy-five more "Rough Riders."

Another Cavalry Dead.

New York, June 5.—William K. Carlisle died today at the home of his father, John K. Carlisle, ex secretary of the treasury. Carlisle came to this city to assume the law practice of his brother, Logan, who died recently.

Orders to Move.

Chattanooga, Tenn., July 5.—Shortly after noon today orders were issued to the first brigade of the First division, first army corps, to break camp and march to Kingsport, Ga., there to take the train for Charleston, S. C., where they will embark for Santiago.

Pistol Presentation.

This afternoon, between the hours of 5 and 6 o'clock, Major Ernest Meyer was at the armory hall for a handsome double-action, self-cocking revolver, which he will present to Capt. John Boradale, of Company A. Attorney E. L. Medler is now practicing on the presentation speech, and hopes to have it memorized so thoroughly by the time of its delivery that he will not be compelled to stop and collect his thoughts during the affecting scene which will no doubt occur when the deadly weapon is handed over to the captain. All friends of both the liberal giver and the gallant captain are requested to be present.

The following Gallipolis came in from that city last night for the purpose of enlisting in Company H. George Wells, P. K. Wiley, Wm. McConnell, Victor O. Manley, Fred Hammond, V. P. Kibben, James Parson, Arlette Brown, St. Claire Bolton and Sam. Buchanan.

Told His Troubles. George Nelson, colored, went out to celebrate in old town last night. He got into difficulty and this morning saw plain to Acting Sheriff Newcomer that he had been beaten and kicked, at the jail, by the guards after he was arrested. George had a great deal of enthusiasm and a razor brand, and it is told by the officers that he tried to use the razor and they had to handle him roughly in order to get the weapon. Mr. Newcomer is investigating Nelson's charge.
