TROOPS LANDING NEAR SANTIAGO!

Army of Invasion of Cuba Making Landing on the Coast.

CERVERA'S FLEET MAY TRY TO ESCAPE.

Washington, June 22.—The war department this afternoon received a dispatch from Pelayo del Roto, twenty miles from Santiago and midway between Guantanamo and Santiago. It was from Captain Allen, in charge of the signal service work in Cuba, and merely announced that nothing had been received from Sampson or Shafter. It was important as establishing the fact that telegraphic connections had been secured close to Santiago.

The message also says that the attack by the American army was being so arranged that the Spaniards would be assaulted both from rear and side.

Landing the Troops.
Washington, June 22.—Major General Miles has received a dispatch from Captain Allen, chief signal officer in Cuba, saying that the landing of troops has actually begun and was in progress when the dispatch was sent.

CERVERA'S FLEET.
Said to be trying to escape from Santiago harbor.

New York, June 22.—A special from Santiago, June 20, via Kingston, Jamaica, to-day, says that the Cubans brought information to Admiral Sampson that Admiral Cervera is prepared to make a desperate effort to take his ships out of Santiago harbor at the first favorable opportunity. The Spanish warships, it is reported, have been coaled to their full capacity and the crews refused shore leave. Every night the vessels drop down the bay to embrace any favorable opportunity to attempt to dash past the blockading squadron. It is said to be a portion of his hope to save at least a portion of his ships from capture and to the light sink some American craft.

Arrival of a Spanish Steamer.
(Copyright Associated Press.)
Kingston, Jamaica, June 22.—The captain of the steamer Adula from Cienfuegos reports that he met the United States auxiliary cruiser Yankee seventy miles off the Cuban coast, which was the only vessel he sighted during the trip. The captain further stated that he learned at Cienfuegos that the Spanish steamer Furber was captured, which sailed from Kingston, June 16, with food supplies for Spanish troops and carrying, it is understood, \$100,000 in gold, arrived at Trinidad, province of Santa Clara.

Rioting Expected in Spain.
Barcelona, June 22.—The situation in mining regions of Catalonia is most serious. Seventeen thousand people are out of employment. More factories are expected to close. A renewal of rioting is expected.

BUSINESS MEN MEET.
Annual Meeting of the National Credit Federation.
Detroit, Michigan, June 22.—Mayor Marbury welcomed to the city to-day 150 delegates to the third annual convention of the National Federation of Credit men. J. G. Cannon, of New York, president of the association, in reviewing the year's progress, stated that the subject which received the most attention of the officers and board administration had been the investigation of fraudulent failures.

The president deplored the practice of giving deceitful credit information for the purpose of unloading weak customers on fellow merchants. He urged the raising of the standard of the association's membership so that responses to inquiries will be exactly truthful. Charles G. Dawes, comptroller of the currency, made a short address in which he congratulated the business men on the growing uniformity in customs controlling the granting of credit.

No News.
Washington, June 22.—At 1 o'clock Secretaries Long and Alger said no word had been received over the cable from Guantanamo.

First Cuban War Vessel.
New York, June 22.—The ship Alfredo, the first vessel of the Cuban navy, sailed to-day. The Alfredo is in command of

out that an overflow meeting was held at Unity church. Addresses of welcome were given by Gov. Adams, Mayor McMurray, Mrs. M. D. Thatcher, president Colorado federation, and Mrs. Sarah Platt, president of the Denver woman's club. The response by Mrs. Ellen Hendon, president of the general federation, was received with wild cheering. Following the morning session, a buffet luncheon was given in honor of Mrs. Hendon at the residence of Mrs. J. J. Brown.

Death of Col. Crofton.
Washington, June 22.—Col. R. E. A. Crofton, retired, of the army, died to-day, aged 63. The railroad riots in Chicago occurred during his administration at Fort Sheridan. Later he was involved in troubles at Fort Sheridan post.

She Will Not Squirm.
Madrid, June 22.—It is semi-officially declared that the queen is determined to unflinchingly carry out the duties of her position.

INDIANA DEMOCRATS.
They Adopt Patriotic Resolutions at their State Convention.
Indianapolis, June 22.—The state democratic convention met to-day with 1,538 delegates. United States Senator David Turpie presided. In a speech he said the revision of war legislation and free coinage of silver were the issues of the next campaign. The disposition of military acquisitions was for the future to decide.

The platform affirms that the present war with Spain is just and righteous; recalls with pride the persistent support of the cause of Cuba by the democratic senators and representatives; congratulates the country on the universally patriotic uprising which has swept away the last vestige of sectionalism; favors permanent strengthening of the navy of the United States and the coast defense; favors the construction and control of the Nicaragua canal by this government; affirms loyalty to the platform of the national democratic convention of 1896 in favor of the free and unlimited coinage of both gold and silver; declares against the declared purpose of the present secretary of the treasury to apply the gold standard policy more thoroughly; renews the democratic doctrine that all tariff taxes shall be laid for revenue as their sole object and purpose and denounces and condemns the high prohibitory rates of the present republican tariff; expresses undiminished confidence in William J. Bryan, "our peerless leader in national campaign of 1896."

The following nominations were made: secretary of state, Samuel M. Ralston, Berne county.

LIQUENT GENERAL.
Congress May Revive the Grade for General Miles.

Washington, June 22.—The house committee on military affairs has favorably reported a joint resolution reviving the grade of lieutenant general. It authorizes the president whenever he deems it expedient to appoint a lieutenant general to be selected from those officers in the military service distinguished for courage, skill and ability, limitation as to choice from the officers not below the grade of major general, being struck out. The committee also favorably reported a house bill giving the adjutant general of the army, a post now held by General Corbin, the rank, pay and allowance of a major general.

Third Philippine Expedition.
Washington, June 22.—Quartermaster General Ludington received a telegram to-day, from San Francisco on Monday next on six transports.

General Merritt probably will accompany the expedition. Major General Otis, next in command, will accompany the fourth expedition.

NOT MUTILATED.
Lacerated Wounds Were the Result of Manner Rifle Shots.

Washington, June 22.—Surgeon General Van Rye, of the navy, has received full reports from surgeons with Admiral Sampson's fleet, who cared for the dead and wounded participants in the Guantanamo fight. Their important feature is a definite statement that the corpses were not mutilated, but the severe wounds attributed to mutilation were the result of Manner rifle balls.

Flag of the Regiment.
Mrs. McKinley, wife of the president, has presented a beautiful regimental flag to the First regiment, United States volunteer cavalry, and the color troop, having the flag in charge, is Captain Lowery's troop G. The flag presented by the ladies and citizens of New Mexico to the New Mexico regiment, a magnificent standard, will be turned over at a very early date by Colonel Wood to the squad, grade as such as the entire regiment has assembled in Cuba.

Gen. Merritt Will Sail for Manila Next

THREE MEN HANGED IN MISSOURI.

New York, June 22.—A special to the Tribune from Washington says: The project to occupy Porto Rico is now regarded by the highest military authorities, both army and navy, as practically removed from immediate consideration. General Miles is convinced by the highest authorities that the best of military reasons exist for concentrating every resource of the government for the time being at least upon the support of General Shafter, whose campaign is of a more hazardous nature than has been generally appreciated. The situation that actual possession of Porto Rico constituted any valid advantage from an international law point was speedily dispelled by citation of precedents, the most recent being the acquisition by Japan of Formosa at the treaty of Simonsi, although the island was in possession of China at the close of the war. It was also made evident that the United States had absolute justification which could not be combated by neutral or exalted states. The surrender of Porto Rico by Spain as indemnity as part of the cost of the war, especially as it was universally conceded that this government already had the power of eventually dictating the terms of peace. It now appears conclusively settled that no further attention will be paid to Porto Rico for the present, unless it develops strategic importance utterly unrecognized at the present time.

It is decided to send to Santiago at the first opportunity of volunteers on the fast auxiliary cruiser Yale from New York on Thursday, to be followed by others on the Harvard a few days later, and another brigade from Camp Alger during the ensuing week.

The prisoners who must fall into American hands whenever Santiago capitulates, estimated all the way from 25,000 to 50,000, will be brought to this country.

Hanged.
Jefferson City, Mo., June 22.—Tobey Lashburn and Ed. McKenzie, negroes, were hanged to-day. McKenzie killed a farmer for his money. Lashburn murdered a 12-year-old negro girl after assaulting her.

St. Louis, June 22.—John Thomaschewitz was hanged to-day for shooting his sweetheart, Annie Rausch, because of her refusal to marry him.

Troops for Cuba.
Washington, June 22.—The Twenty-third Michigan and one battalion of the Thirty-fourth Michigan left Camp Alger to-day for Fort Monroe, whence they will go to Santiago.

HAVANA BLOCKADE.
Spanish Garrison Actively at Work on the Fortifications.

Key West, June 22.—The warship which arrived from the blockading force off Havana, reports that nothing of interest can be seen from the ships there except activity in the construction of defense works. The vessel brought in W. Henderson, chief armorer, and I. Herman, gunner's mate of a gunboat, who were wounded yesterday while at work in the armor room of the ship. Trying to extract a fuse from one pound shell. Henderson was struck in the abdomen by pieces of the shell, which exploded. Herman had his right arm lacerated. They will recover.

Merritt Will Sail for Manila.
San Francisco, June 22.—It is stated that Major General Merritt will sail for the Philippine Islands next Wednesday on the steamer Newport, following the third fleet of transports which will probably get away on Monday. The Seventh California regiment hope to be assigned to the Newport with General Merritt.

To Be Married.
London, June 22.—The newspapers announce the probable engagement of Princess Victoria of Wales, to John Baring, Baron of Revelstoke. Formal betrothal is awaiting the approval of Queen Victoria.

Vermont Republicans.
Montpelier, Vt., June 22.—Republicans of Vermont to-day nominated Col. R. C. Smith, of St. Albans, for governor; and H. C. Bates, of St. Johnsbury, for lieutenant governor.

College Boat Race.
New London, Conn., June 22.—The young oarsmen who are to battle for col-

lege supremacy on the Thames to-day and hundreds of the camp followers of Harvard, Yale and Cornell could find but little fault with the weather conditions this morning. The prestige of the winning crew made Cornell a 2 to 1 shot in the eyes of the sporting fraternity at first. At noon there was something like even money.

The race was postponed until evening on account of wind.

OHIO REPUBLICANS.
Hanna Men Control the State Republican Convention by Large Majority.

Columbus, Ohio, June 22.—The republican state convention reconvened to-day. Owing to an all night session of the committee on credentials on McKelison and other contents, the other committees could not be completed till to-day. There was scarcely any factional minority in the convention as the organized national administration men, as distinguished from the state administration, had everything their way without opposition. Nominations were made by acclamation. The sub-committee on resolutions was kept up during the night because of differences on resolutions regarding the state administration and the legislature. Some wanted the governor and his cabinet to be removed from office by the legislature, while others wanted the legislature to be removed from office by the governor. The McKelison delegation was defeated by the Hanna men.

The resolutions adopted favor construction of the canal by the United States of the Nicaragua canal; endorse the conduct of the war by the administration; ask congress to enlarge our navy; approve annexation of islands; send greeting to Admiral Dewey and Lieutenant Hobson and comrades and demand that their treatment as prisoners of war shall accord with the rules and usages of civilized warfare, and rejoice in the election of Hanna as senator.

The following nominations were made by acclamation: Secretary of state, Charles Kinney; supreme judge, W. T. Spear; clerk of the supreme court, Josiah A. Allen; food and dairy commissioner, Joseph H. Blackburn; member of the board of public works, W. G. Johnson.

The McKelison delegation was defeated by the Hanna men. The new state central committee was organized by Cyrus Hullin, chairman. The state committee consists of twenty-one Hanna men.

MICHIGAN FUSIONISTS.
They Think Col. Bryan is a "Peerless Leader."

Grand Rapids, Mich., June 22.—The desire for harmony seemed to be the distinguishing sentiment among the delegates when the state democratic and populist conventions opened to-day. The populists expressed themselves willing to concede "anything reasonable," but declared that they would oppose changing the name of the democratic people's union-silver to plain democratic. The silver republicans appeared agreeable to go with the majority of this party to the triple alliance and all conceded the nomination of ex-congressman Justin R. Whitely, of St. Clair, for governor, and the selection of Daniel J. Campbell, chairman of the democratic state central committee, for temporary chairman. The democratic convention appeared for a just and frugal administration, one permitting the use of the constitutional system of gold and silver money; a government in which the democracy shall stand guard and whose affairs shall be administered by the "peerless leader," William J. Bryan. Dr. Nicholas was made temporary chairman of the populist convention and Stanley Pethall of the silver republican gathering.

Hon. F. A. Hubbell, who accompanied his wife to Magdalena, returned to the city last night, leaving Mrs. Hubbell there to visit relatives and friends for a short time. Mr. Hubbell called at this office this morning, and he reports the range between Socorro and Magdalena looking fine for grazing purposes, there being plenty of grass, and good water in the water holes.

As stated in THE CITIZEN yesterday, the marriage of Chas. Rogers to Miss Annie Kelly took place this afternoon at 2 o'clock at the parsonage of the Presbyterian church on Walter street. Rev. Beattie tying the knot. Samuel Busby, of Las Vegas, and Miss Mamie Shoup, of this city, stood up with the happy couple.

ARIZONA ARTICLES

ST. JOHNS.

From the Herald.

The following have been appointed a committee to have charge of the Fourth of July celebration: Mrs. Maggie Overton, Miss Olema Kempe, J. W. Brown, A. C. Peterson and Nefar Davis.

A team attached to the mail buckboard took quite a lively runaway on Commercial street the other afternoon. Willie Platt, who was driving at the time, got his feet tangled up in the lines and was dragged over the gravel for a couple of hundred yards. His elbows and knees were severely lacerated, but no bones were broken. The team was stopped before breaking up the wagon and harness.

John J. Brophy, of Clayton, New Mexico, who has been here the past two weeks receiving the cattle bought early in the spring of Jose Garcia and Miguel Duran, started with his cattle for home last Wednesday morning.

The cattle were turned over to Mr. Brophy at Las Plumas ranch, and numbered about 450 head. They will be driven to Navajo springs and shipped by rail to their destination.

Smallpox has abated at Hackberry. Many flagstaff people will attend William's big Fourth of July celebration.

J. G. Girard has resigned from R. B. Burns' force of civil engineers and accepted a position on the Saginaw lumber company's new road, which is now being surveyed.

Fernando Richardson, a talented musician from Los Angeles, has arrived to take the leadership of the local band, which promises to advance rapidly under his direction.

C. J. Brown, C. E. Boyce and H. E. Howe have filed an application with the Prescott land office for the purchase of the timber on 4,000 acres of land in Coconino county.

Coming down the pike on their racing bicycles, George Fleming and Dr. Rounsvell collided with great force. Fleming's wheel looked like a dismantled hoop skirt when they came together. The remains and the doctor's wheel were badly wrecked. Both are carrying bruises and wearing an expression of sad experience.

From the Miner.

Judge W. H. Dunbar is suffering from the effects of hemorrhage of the stomach. He has been delirious for several days, and serious results are anticipated.

Sheriff Potts has collected nearly five hundred poll tax receipts so far this year. Last year he collected more poll taxes than were collected in Maricopa county. Rather a good showing.

Harry F. Williams, the electrical engineer of the Temple Bar Consolidated mining company is rushing the new telephone line from Kingman toward a connection with the White Hills end. It will take about six weeks to close up the gap.

M. K. Ricker, who was brought from San Francisco by Attorney Geo. Walker on a charge of obtaining money by false pretenses, was discharged by Judge Adams on preliminary examination. He gave up \$500 of the money fraudulently obtained.

PHOENIX.

Miss Floy Kuris, interpreter in the governor's office, attempted to investigate the operations of an electric fan, and nearly amputated a finger.

The Gazette says: Justice Johnston Friday placed the bond of J. A. Porter, charged with manslaughter, at the sum of \$2,000. Up to a late hour, Porter did not furnish the bonds required, although it is generally conceded that he is able to give it, and that on rather short notice. A great many Mexicans are still considerably excited over the Gonzalez-Hermosillo matter and may make trouble for the defendant.

Articles of incorporation of the Gladstone Mining and Development company were filed Saturday with the county recorder. The incorporators are James McCallum, Charles M. Martin and Charles B. Nicholson; capital stock \$1,500,000; offices at Phoenix.

PRESCOTT.

J. C. Brown, C. E. Boyce and H. E. Howe have filed an application with the Prescott land office for the purchase of the timber on 4,000 acres of land in Coconino county.

Hon. John B. Campbell's depot house was burglarized between closing up time Saturday night and dawn Sunday morning. The thief unlocked the back door, found the key to the money drawer, unlocked that and took therefrom \$40 in cash.

A picnic party rusticated at Point of Rocks, Saturday last. When the party returned to Prescott, some consternation was occasioned by the discovery that the seven-year old son of Rev. and Mrs. Brown was not accounted for. Under Sheriff Dalton sent out a searching party, which trailed and found the little fellow about a mile from Point of Rocks, headed for Ash Fork. He realized that he was lost, and was crying when found.

There was some sort of a difficulty on "Easy street" Sunday evening between a sport known as Wm. Marks and a woman known as "Joie, the Dynamiter," in which Joie, it is stated, struck out with the lid of a domestic under-the-bed tent, landing on Marks' nose, cutting a big end of the smaller clean off. An artery was severed and Marks bled until he was weak before Dr. McNally was reached and stopped the flowing blood.

Stewart, the outlaw who shot and badly wounded Dr. J. B. McNally at his office on Monday, June 6, was captured on Turkey creek on Saturday by Sheriff Ruffner and a posse of citizens, not until the bandit had exchanged half a dozen shots with the sheriff's posse.

Insulting the Volunteers.

This citizen's resentment of the Democrats' insult of the volunteers passing through our city, in yesterday's issue, was just and timely.

What is the use of a newspaper, its editor, reporter, or anyone else, watching an opportunity for something to say to wound the feelings of the soldiers? Does

IT DO ANY GOOD?

It reminds one of the early sixties, when such approbrious expressions as "the Lincoln's hirelings," "thirteen dollar a month fellows," etc., were coined for special use, to carry around like a chip on the shoulder, to throw at the soldier when most convenient. And the convenient time was always when the soldier was not at liberty to help himself. Why didn't the Democrats come into the cars where these "embryo soldiers" were, as he called them, and pass insulting remarks?

The writer is free to admit that he did not go down to the depot with a lighted lamp or candle to see how these soldiers acted. Neither did he turn the searchlight of criticism upon the citizens, men, women and children, who were there, but he was there himself, and takes pleasure in saying in behalf of the soldiers and citizens, on the platform and in the cars, that he failed to see what the Democrats claim to have seen.

As to "shaking hands" through the "car windows," without an "introduction," my patients! who was there to introduce anybody? The writer was once a soldier himself. He never thought of waiting for an introduction to any one when on the way to the front, as were those poor boys night before last, many of them never to return. I shook hands with nearly all of them, and I venture to say that many of them will never forget the last word he said to them, "God bless you, my boy!" That "shake hand" through a car window for half an hour at a time with one of the soldier boys, by one of the ladies, is very extravagant. I think the Democrats could well afford to take off that statement twenty-nine minutes and thirty seconds. I saw a great many nice people at the depot—men, women and children—and saw no staggering under the influence of liquor, perhaps because I was not looking for it. The lieutenant told me that "he had never seen a nicer lot of men, sober men, polite fellows." Those with whom I talked seemed like polite, intelligent men. I justly said to one soldier: "Well, you will see a good deal of the country if you go to Manila."

"Yes," said he, "but there is a principle involved in this war that weighs a great deal more with me than seeing the country." I only noticed one thing that particularly made me feel bad, and that was something I didn't see—that we hadn't thought to take down coffee and sandwiches and feed the poor fellows. This would harmonize much better with the loyalty and patriotism of our city than to leave the impression that we are disloyal, as the Democrats unintentionally has done.

AN OLD SOLDIER.

Dangerous Apparitions.

Every once in a while a ghost appears in the columns of the daily or weekly press. This ghastly spirit sometimes assumes the part of a promulgator on some lonely road, who terrifies late travelers about their wits. Few persons credit these blood-curdling accounts of the doings of his ghostly host, but there is a tenacious which is unquestionably haunted at times. When a nervous malady attacks the human organism, the manifestations are most appalling, and usually most violent at night. Sleeplessness, if nervousness is disregarded, becomes chronic, and the entire system suffers in consequence. For disturbance of the nervous system, Stomach Bitters is a thorough remedy, as it also is for malaria, rheumatism, dyspepsia, constipation and biliousness.

Wyoming—Buffalo, Cheyenne, Evanston, Laramie and Rawlins.

A LIVING WITNESS.

Mrs. Hoffman Describes How She Wrote to Mrs. Pinkham for Advice, and Is Now Well.

DEAR MRS. PINKHAM:—Before using your Vegetable Compound I was a great sufferer. I have been sick for months, was troubled with severe pain in both sides of abdomen, some feeling in lower part of bowels, also suffered with dizziness, headache, and could not sleep.

I wrote you a letter describing my case and asking your advice. You replied telling me just what to do. I followed your directions, and cannot praise your medicine enough for what it has done for me. Many thanks to you for your advice.

Lydia E. Pinkham's Vegetable Compound has cured me, and I will recommend it to my friends.—Mrs. FLORENCE H. HOFFMAN, 612 Roland St., Canton, O.

The condition described by Mrs. Hoffman will appeal to many women, yet lots of sick women struggle on until their daily tasks are overthrown by the urgent warnings until overtaken by actual collapse.

The present Mrs. Pinkham's experience in treating female ills is unparalleled, for years she worked side by side with Mrs. Lydia E. Pinkham, and for sometimes past has had sole charge of the correspondence department of her great business, treating by letters as many as a hundred thousand ailing women during a single year.

Business Changes and Removals.

When we read of an elephant hunter who has been trampled to death in the wilds of India, we wonder at the foolishness of a man who will travel round the world in order to make a fortune, and then in order to court death in a manner equally foolish.

Thousands of hard working men are daily courting death in a much more certain form, without ever leaving their native villages or cities. They are the men who suffer from bilious or nervous disorders, who have a weak stomach and an impaired digestion, who lose the power to eat, rest or sleep, and who fail to take prompt steps to remedy these conditions, in consequence of the false notion that they are in the prime of their vital manhood.

Dr. Pierce's Golden Medical Discovery cures all of all cases of biliousness, indigestion, constipation, and all other ailments of the digestive system, and restores the life-giving elements of the food perfect.

There was a "tag" party of friends at the room of Kingmaker H. D. McCarly, in the New Chicago rooming house on West Railroad avenue, last night, and those who attended demonstrated marked ability as piano musicians and songsters.

Far above the din of social conversation, the sweet tones of Bob Fettes' melodious voice could be heard and he charmingly entertained listeners McCarly and his friends with several humorous songs. The party broke up about midnight, and all repaired to their homes with praises for Mr. McCarly as a genuine western entertainer.

Teams and men were engaged to-day hauling the lifeless stock from the burned store to the Albright block, corner Third street and Copper avenue, where the loss will be determined by the insurance adjusters. Twice yesterday, the giant building ruins were seen to be still on fire, and the blaze in each case was extinguished in its incipient stage. The building will need watching until the debris is removed.

James Martin is behind the bar of the Burgess European during the day, and John Seeland is now officiating as general manager. These changes are temporary, being made possible by the absence of J. K. A little Mexican boy entered a Railroad avenue store yesterday and bought some child's clothing, in which he said a boy was to be killed. The child had been run over and killed by a wagon in northwest old town, the boy said. He didn't tell the child's name to the proprietor of the store, and an effort to learn something of the occurrence to-day met with failure.

A LADY COMMUNICATES.

The Women of Albuquerque Indignant at the slanders of the press.

A lady of this city, offended at the numerous slanders thrown at her sex by the Democrat because they like to honor brave men going to the war, has written to this Citizen a lengthy communication wherein some solid truths are told about certain people. Eliminating these personalities from the communication, the following extracts are published, which give only a faint idea of the indignation held by the ladies of Albuquerque against the Democrat for its continued abuse of the volunteers, and furthermore the insults it has seen fit to heap upon the women:

"I was at the train Monday night, but exchanged no 'souvenirs,' as I did not know which was the soldiers and which was the Albuquerque youth. Thought it best to be on the safe side. The Democrat should consider that every woman likes and admires a man who is going to fight, or shows his willingness to. Also that most everyone has relatives or friends who are going to risk their lives for their country, so that accounts for their enthusiasm. Of course, some of it may be ascribed to their lack of brains, as the Democrat seems to think. But if the author of these remarks in the Democrat is angry because he is neglected, let him join the boys who are going to follow 'Reddy,' and is more than likely that some 'pale' old girl will shake his hand for half an hour at the car window."

"Hoping you won't think this unworthy paper of your interesting paper. I sign myself,

"A 'Passe' Old Girl."
