LIVELY SKIRMISH NEAR SANTIAGO!

Steam Cutters Attacked in a Cove by Spanish Garrison.

GUNBOAT YANKEE HAS A RUNNING FIGHT.

(Copyright Associated Press.)

Off Santiago de Cuba, June 17, per Associated Press dispatch from Wanda via Kingston. A hot brush between Spanish troops and a reconnoitering party in steam cutters occurred this morning in a small cove west of Morro castle. The Massachusetts steam cutter, in charge of Lieut. Harlow, entered the cove to take soundings and reconnoiter. When well inside the inlet a detachment of Spanish infantry opened fire upon the cutter from a blockhouse. The fire was vigorously returned by the marines in the Massachusetts' boat and also by the marines in the New York's cutter, in charge of Naval Cadet Powell, which had followed in. The New York's cutter was hit ten times, and a marine in the cutter Massachusetts had the stock of his rifle shattered, but by great good luck no one was hurt. The Texas opened fire with her six pounders on the hillside and the gunboat Yankee with rapid fire guns. Eventually the Spaniards retreated to the woods and the two steam cutters withdrew.

SITUATION AT SANTIAGO.

The American Fleet Has Reduced All the Spanish Fortifications.

(Copyright Associated Press.)

Off Santiago de Cuba, June 17.—Per Associated Press dispatch from Wanda via Kingston, Jamaica, June 18.—The week's campaign in eastern Cuba has resulted in the practical annihilation of the Spanish fortifications of Santiago, in anticipation of the arrival of troops and the occupation of the line harbor of Guanatanamo, in which to-day are anchored such powerful ships as the Oregon and St. Paul, together with the Marblehead, Dolphin, Swanee, and eleven other auxiliary gunboats, colliers and transport ships, in an average depth of seventeen fathoms of water.

Military resistance to definite occupation has practically ceased since the bombardment on Wednesday. An intercepted official report of the Spanish military commandant indicates that his military resources are exhausted and his soldiers are now on half rations. There are supplies only for the remainder of June. The commandant has already seized all private drugs and supplies in order that they might be bestowed to the use of his soldiers.

The close cordon maintained by the Cubans about Guanatanamo is illustrated by the fact that official Spanish communications sent in duplicate by land and water, have been intercepted and both the Spanish newspapers have been shut by the Cubans while attempting to pass the lines.

For the past three nights there has been comparative quiet in the camp which the marines hold on Crest hill near Guanatanamo Bay, over which the American flag floats. Both sides have been watching each other and camp near the hill. The Cubans go far out in the chaparral to prevent the Spanish stealing a march on the camp.

Gen. Perot, commanding the eastern division of the insurgent army, called on Capt. McCalla, of the Marblehead, yesterday, and reported that he had 3,000 men of whom 1,500 would reinforce the marines in a few days. Many bands of insurgents are gathered along the coast westward to Santiago de Cuba.

The warships have done no firing since Wednesday's bombardment of the fortification of the inner harbor and town of Chinamora.

Since the narrow escape of the Marblehead and Texas from destruction by torpedoes in the channel, greater precautions have been observed. Both ships struck contact with mines without exploding them. Each mine contained four pounds of gunpowder, sufficient to destroy any vessel.

The bombardment of Guanatanamo bay was not so heavy as at Santiago, but was very heavy. The Spaniards fired only five shots and then fled. Three shots struck near the Marblehead, but none hit.

ing future plans. Assistant Secretary Melkijohn was in the council a short time. It lasted about two hours. Nothing was given out concerning it. Secretary Algha, remarked that where the movement of troops was concerned he could say nothing. The council was of more than ordinary importance.

The Cuban Insurgents.
Madrid, June 18.—A Havana dispatch, (semi-official) to the Pals says that general credence attaches to a report that serious dissensions have broken out among the rebel leaders, some insisting upon remaining neutral and others preparing to fight the Americans, from fear of annexation and American tyranny. The paper thereupon says: "Intervention, in its present violent form, is repugnant to the majority of the rebel chiefs and is distasteful to the mass of the insurgents."

Notorious Republicans.
Cleveland, Ohio, June 18.—A riot between the Hanna and McKisson factions was narrowly averted at a republican county convention here to-day. The trouble started when the Hannas attempted to organize the convention, which the McKissons resisted. A scene followed and the police made a number of arrests. The Hannas withdrew from the hall, holding a rump convention.

Woman Convicted of Murder.
Des Moines, Iowa, June 18.—The jury in Betsey Smith murder trial to-day returned a verdict of guilty, imposing a sentence of life imprisonment. This was the second trial of the case. The defendant murdered her husband, Michael Smith, by administering morphine and "rough on rats," to secure the insurance money.

TROOPS AT HONOLULU.

Grand Welcome Given to the United States Volunteers.

Victoria, B. C., June 18.—Advices to-day, per the steamer Mowora from Honolulu, June 10, says: The United States transports City of Peking, City of Sydney and Australia arrived here together on the last instant.

All Honolulu turned out to welcome the soldiers. The docks were lined with people who yelled themselves hoarse. Such enthusiasm had never before been witnessed in Honolulu. Next morning about half the troops were rowed to land and were given the freedom of the city. At noon President Josie and his cabinet received the officers of the expedition.

The United States transports left for Manila on the 4th.

House Proceedings.

Washington, June 18.—Consideration of the conference report upon the bill of Columbia appropriation bill was resumed in the house.

Money Market.

New York, June 18.—Money on call, nominally at 1 1/2 per cent. Prime mercantile paper, 3 1/2 per cent.

Silver and Lead.

New York, June 18.—Silver, 57 1/2. Copper, 103 1/2.

Back From School.

The following young gentlemen and ladies returned home from Notre Dame, Ind., and St. Louis schools last night, to-day commencing summer vacation: Pedro and Ricardo Armas, sons of Mr. and Mrs. J. R. Armas; Lorenzo Hubbell, Jr., son of Lorenzo Hubbell, Sr., of St. Johns, Arizona; Horatio Otero, son of Hon. Manuel R. Otero, of Santa Fe; Miss Anita Armas, daughter of Mrs. Ambrosio Armas; Misses Lela and Sofia Armas, daughters of Mr. N. T. Armas; Miss Alicia Hubbell, daughter of Mrs. Sidney Hubbell. The girls attended the Visitation convent, at St. Louis, and the boys the Notre Dame Hotel. The Hubbells will visit their relatives here for a few days and then proceed to St. Johns.

The Danenbaum Bill Sold.

The trustee's sale of the Danenbaum roller mill, at Bernalillo, took place this morning at the postoffice, B. B. today acting as auctioneer. There was spirited bidding for awhile, and the property was finally knocked down to J. J. O'Reilly, who bid was \$4,325. One hour later Mr. O'Reilly transferred the property to L. B. Putney. THE CITIZEN is informed that the mill will be put in the hands of a dealer, and will operate as a date mill at once and commence grinding as soon as it is possible.

Fire This Morning.

At 10:30 o'clock this morning an alarm of fire was sounded and the fire ladders responded to the Fourth ward. The fire broke out in the frame cottage occupied by Mr. and Mrs. John Dwyer, on West Roma avenue between Seventh and Eighth streets. The fire was extinguished by neighbors without the valuable aid of the firemen. The house belongs to G. L. Altheimer, and he estimates the loss at about \$35.

W. C. T. U. Meeting.

Mrs. M. F. Stann entertained the W. C. T. U. yesterday afternoon. The union enjoyed a delightful talk given on "Current Events" by Mrs. Holt. A veteran in the white ribbon army, Mrs. R. Robinson, of Socorro, attended and addressed the meeting, as did also Mrs. Dr. Morrison, of this city. The subject of having a citizenship rally, to be held on the evening of July 3, was discussed, and it was decided to hold the event.

The Willard memorial fund is progressing favorably and anyone wishing to aid the Albuquerque Union in its endeavor to send a creditable son to Chicago will kindly hand his or her donation to Mrs. M. F. Stann, or the president. As is well-known, the object is to repay the debt of the "Woman's Temple" and turn the fund into a permanent memorial to that grand woman lately deceased, Francis E. Willard.

The "comfort bags" arranged for our boys at the front will receive their finishing touches next week and then be forwarded to Cuba.

Business Changes and Removals.
The large double store, Nos. 203 and 205 south First street, near Gold avenue, is now occupied by W. V. Fittrell, the furniture dealer, a sample room and warehouse being attached. He desires to inform his large number of patrons that hereafter he will only handle new furniture, carpets, bicycles and wall paper. J. O. Gideon will soon take possession of the store first door east of Mr. Fittrell's location, and will continue his second-hand business there. He will also carry a line of new cooking and heating stoves, crockery, glassware, tinware, woodenware, etc. It goes without saying that both of the above gentlemen will keep a good assortment of the goods they propose to handle, and will not be undersold. They offer good discounts for cash, and will make every terms. No trouble to show goods, whether you buy or not.

THE QUEEN REGENT!

She Wishes to Abdicate the
Throne and Leave Spain.

Third Expedition to Sail Next Week for Manila.

Spanish Newspapers Now Favor Peace with the United States.

SPANISH TROOPS WITH ADMIRAL CAMARA.

New York, June 18.—A dispatch to the Herald from Madrid says: News concerning the abdication of the queen regent of Spain, which was given by Temps yesterday, has been very half-heartedly denied by the Madrid press.

The queen regent, much depressed by the sad situation of the country and the Spanish people's lack of sympathy for her, made up her mind a fortnight ago to renounce her right and title as regent in favor of the Infanta Isabella, sister of the late King Alfonso XIII. She even formed a resolution of quitting Spain for a time after her abdication with her two daughters, leaving the young King to reign and the new regent to be chosen.

All the members of the cabinet advised the queen regent to give up the scheme for the present. They told her that under the circumstances the abdication would seem like flight. Premier Sagasta was so persuasive that he obtained the following reply from the queen regent: "I admit you are right, sir, but I do not altogether give up my plan; I only postpone it."

THIRD EXPEDITION.

Gen. King's Brigade will Leave San Francisco Next Week.

San Francisco, June 18.—Major General Merritt, of the United States Army, has issued an order to General Otis designating the troops to compose the third Philippine expedition commanded by Brigadier General King.

The order names two battalions of the Idaho volunteers, two battalions of the North Dakota volunteers; the Seventh California regiment of volunteers; the Wyoming battalion of volunteers; two batteries, 6 and 1, Third United States artillery.

These troops will be transported by the steamers Morgan City, City of Paris, Ohio, Indiana and Valparaiso, which are being put in readiness as rapidly as possible. The date of sailing will probably be not later than the end of next week.

TERRITORIAL FAIR.

Meeting to Elect Officers for the ensuing Year.

A meeting of citizens will be held on Wednesday evening, June 22, at 8 o'clock, at the Hotel Ladder house, for the purpose of organizing the Territorial Fair for 1898. Let all turn out and elect a ruling board of directors.

Want Peace.

Madrid, June 18.—There is much comment here over a long conference of the British ambassador, Viscount Balfour, and the Spanish premier, Don Camarillo, at the Hotel Ladder house, on the 17th, in favor of peace between Spain and the United States.

Praying for Peace.

Madrid, June 18.—The newspapers publish a manifesto from the inhabitants of Catalonia, Navarre, Basque provinces, capital, in favor of peace between Spain and the United States.

Aboard Story.

London, June 18.—The Star to-day publishes an account from Paris to the effect that Captain General Auguste has informed the Spanish premier, Senor Sagasta, that he has handed Manila over to Admiral Diederichs, commander of the German fleet, who has occupied the citadel and arsenal on the plea of protecting the inhabitants from the insurgents.

Chicago Stock Market.

Chicago, June 18.—Cattle—Receipts, 100 head; market steady. Hogs—Receipts, 10,000; market steady. Sheep—Receipts, 3,000; market steady to firm.

Four Thousand Spanish Soldiers.

Gladiator, June 18.—It is asserted that six thousand Spanish soldiers, having on board four thousand Spanish troops, accompanied Admiral Camara's fleet.

French Ministry.

Paris, June 18.—After consultation with M. Fernand Sarrien and Dupuy yesterday morning, Ribot informed President Faure that he was unable to form a cabinet to succeed the Melaine ministry.

A Third Call for 50,000.

Washington, June 18.—To a member of the house, who called on him, the president stated that within the coming thirty days he should call for additional volunteers. The understanding is that the third call will be for 50,000 men.

The Case Postponed.

The Albuquerque Land and Irrigation case was called before Judge McFie yesterday morning. The attorneys for the company were anxious to go on with the case, but Hon. Neil H. Field, attorney for the contestants, objected on the ground that the case was not ready for trial.

Probate Court Notes.
In the probate court yesterday, Frank F. Newton on application was appointed guardian of his two children, Grace A. and Ida M. Newton.

That False Alarm.

The alarm system has insulated wire and an alarm could not be turned in by crossing with another wire. By a break, though, it will at once turn in an alarm of one stroke. This is what occurred this morning. There is a long stretch of wire that runs through a mass of foliage of numerous trees on Union road between Sixth and Seventh streets. The heavy wind caused the wire to rub against a tree until the wire was worn and the break of the wire took place at the tree and the alarm was given.

Big Game in the Cactus.

This morning, W. L. Trimble received a telegram asking him to come to Thornton as soon as possible, and in response thereto he will go north to-night. A. J. Coram, O. F. Pusey and other eastern capitalists, all members of the Coddell gold mining company, have arrived at Thornton, or rather at Bland, for the purpose of looking over their valuable mining properties, and wish Mr. Trimble to accompany them throughout the golden district.

Handsome Gift.

Major Ernest Meyers, on reading the order from the war department calling for infantry soldiers from New Mexico, has concluded to give Col. John Thornton a handsome present if he goes to the front. The gift will be two of the finest double action revolvers to be found in the city, and he is sure to say "yes" to the colonel, who was present when the major made his proposition, which he will be thoroughly understood that he wants the large enough to carry a 45-caliber bullet.

ground that he had made arrangements for taking his vacation, and that his personal arrangements should not be interfered with. The question was debated at some length. Judge McFie finally continued the case, but would not again fix a date.

Probate Court Notes.

In the probate court yesterday, Frank F. Newton on application was appointed guardian of his two children, Grace A. and Ida M. Newton.

The court also authorized Administrator F. H. Kent, of the estate of Edmund Capron, to sell all personal property belonging to the estate at either public or private sale.

Administrator John F. Pearce, of the estate of W. T. Philpot, was granted permission to sell a gold watch belonging to said estate.

NEW MEXICO NEWS

RATON.

From the Range.
C. J. Gavin, Esq., and family have gone to Elizabethtown for the summer. Mr. Gavin is largely interested in mining. Alfred Manby has leased 10,000 acres of land from the Maxwell grant company, in the vicinity of Eagle Tail, for cattle grazing.

Alexander Thompson and Miss Annie Jones, popular young people of Rosburg, were united in marriage by Rev. Wm. John.

The building of the Presbyterian church is undergoing repairs. The designs in papering were purchased from Messrs. Born & Fugate. Edgar Officer is doing the work.

DEMING.

From the Headlight.
Capt. J. W. Fleming is still working for Uncle Sam as coal mine inspector notwithstanding his resignation was forwarded to the department more than a year since.

Ladio Lazo Castillo, a Mexican working in the Santa Fe yards, met with a serious accident on Monday by which he lost two toes from the right foot and had the entire foot badly bruised.

A few days ago Jas. Hannigan received a letter from Mike Rose, who was one of the first from Deming to answer to the call for "rough riders," and among other news there was the announcement that Mike had been made a sergeant.

On Friday last another four hundred head of cattle crossed the border and were inspected by Deputy Inspector Jack Kyle. This makes some eight hundred head which Messrs. Rankin & Hall have brought from Mexico within a short time. They cut out all the steers and shipped them, but the stock cattle have been placed upon their ranch south of Deming.

CERRILLOS.

From the Register.
Adolph Kieles went out to Dolores on Tuesday, to take a position as engineer for the Ortiz Mining company.

Cerrillos merchants ship fresh vegetables three or four times a week from Albuquerque. This fact suggests that there would be good money in a market garden here.

As the result of the prosecution of the case against G. B. Hendricks, of Dolores, that gentleman is no longer a justice of the peace, and that precinct is without such an officer.

A. D. Whitson, of the Whitson Music company, was in Madrid Wednesday on business. This firm has sold several fine instruments here, all of which are giving entire satisfaction.

I represent a company with a very large capital and am prepared to arrange loans for any amount of money required on real estate mortgages.

Also loans for building purposes on long time at a low rate of interest. Under the system which I represent I can provide any owner of a suitable parcel of land money to build a house on terms which will enable him to build with the money which he would have to pay for rent.

Pills for the Ill.

WINGLOW.

"They'll do you good," a physician said in giving some pills to his patient, a woman who had suffered for months from diseases which baffled skillful treatment. His words proved true. The woman rejoices.

The hurry and bustle of the housewife is extremely wearing upon the delicate organism of womanhood.

Her intense earnestness in whatever she undertakes, tempts her constantly to go beyond her strength.

Mrs. L. E. Browning, of Pueblo, Colo., who writes what she did, said, "my husband died and I was left with three children to care for and educate."

"The doctor of the day told me that I was not to take any more of my mother who is a critic, in her life."

"I succeeded in my undertakings for a livelihood, but in doing so overtaxed myself, and needed a tonic," she said, "but I did not receive proper treatment."

"The disease settled in my throat for a time, causing intense agony."

"Then inflammatory rheumatism set in. For four months and a half I was a prisoner in my room, most of the time confined to my bed."

"My hands were swollen so that I could not feed myself, and the swelling in my feet was so bad that I could not walk."

"One day, after considerable treatment, my physician brought me a box of pills."

"I used a couple, and I felt something that will act at once, and this is the best medicine for that purpose."

"Pills!" I exclaimed in surprise as he opened the box and showed them.

OPPORTUNITY FOR THE GUARDS.

SANTA FE, June 17, 1938.
Col. John Borradaile, Albuquerque, N. M.:
Dear Sir—We are authorized to recruit
fifty (50) men for Colonel Woods' regi-
ment. They must be first-class in every
particular, good riders of a good horse,
between 21 and 45 years of age; the men
must pass an examination here and be
picked, first-class men in every particular.
No expense is authorized, and the men
will have to pay their own expenses to
Santa Fe.

Will accept twelve (12) good men from
Albuquerque. They must be here on
Wednesday, June 22, 1938, for examina-
tion and muster.

Respectfully,
W. H. WHITEMAN,
Adjutant General, New Mexico.

Colonel Borradaile was seen this morn-
ing, and he stated that he wanted noth-
ing but "good riders of a good horse."
He also stated that all those who are
willing to respond to the call can report
at 117 West Railroad avenue, at Mann's
drug store, where their names will be en-
rolled.

According to an Associated Press dis-
patch from Washington, under date of
June 17, a regiment of infantry in addi-
tion to cavalry recruits has been called
for by the president from New Mexico.
Under the call the appointment is as
follows:

Colorado, one light battery of artillery;
Texas, one regiment of infantry; New
Mexico, one regiment of infantry. Wyom-
ing, having under the first call fur-
nished in excess of its quota, will not be
called upon to furnish any new organiza-
tions under the second call but simply
the filling of organizations now in the
service.

L. A. McKee, one of the officers of the
Albuquerque Guards, stated this morn-
ing, on being informed that a regiment
of infantry would be recruited from New
Mexico under the president's last call, that
the guards were ready to enlist as vol-
unteers.

Everything now seems to be coming the
right way for the guards, and it is hoped
that these gallant members, representing
Company G, New Mexico National Guard,
will all respond when the proper time
arrives.

Mr. Theo. Muensterman having become
a member of our firm we are desirous of
beginning the new business arrange-
ments by launching out with an entire
new stock of fresh and the latest styles
of footwear. The purchase of this stock
has been made and the goods will arrive
hereabout July 1. Until that time the bona
fide closing out sale which we were con-
ducting, until Mr. Muensterman coming
to us has changed the arrangement, will
be continued until the new stock
arrives. Shoes at cost for the next few
days. We mean this. The new mem-
ber of the firm is by no means a stranger
to the people of Albuquerque. He comes
thoroughly informed in the shoe business,
and his experience of ten years with the
large firm of John Becker, of Boston, will
be a knowledge valuable to our patrons.
Two heads are better than one, even if
our business is with the feet. Our cus-
