INVADING ARMY  
SAILS FOR CUBA!

## Fifteen Thousand Men Leave Key West for the Island.

## EXPEDITION TO PORTO RICO BEING ORGANIZED.

New York, June 13.—It may be stated positively that the war department has no present intention of sending any more troops from San Francisco for the Philippine expedition than already have been ordered there, says a Washington correspondent of the Times.

General Merritt announced before he left New York that he wanted at least 25,000 men to take Manila. It was generally accepted that the department promised him the men asked for. It is now stated that instead of 25,000 men he has been counting on only 15,000 have been assembled at San Francisco and the future governor general of the Philippines is getting uneasy about the other 10,000. It is declared that no more recruits will be sent, but the recruiting of the regiments to their maximum strength, as is being done under the second volunteer call, will eventually raise the strength of the force to nearly 20,000.

Now that the Santiago expeditionary force under Gen. Shafter is on its way to co-operate with Admiral Sampson in the reduction of that city and the capture of the Spanish ships in its harbor, the energies of the war department are expected to be directed toward preparing for the invasion of Porto Rico. Probably 10,000 or 15,000 men will be sent to that island.

General Fitzhugh Lee is expected to command part of the Porto Rican expedition, but this is not taken as eliminating him from the main Cuban campaign. There will be an opportunity for him to take part. He is anxious to take in the real work of freeing Cuba, when the campaign in the lesser island is over. The story that he is to be made governor general of Porto Rico is discredited because of its inappropriateness. The plans contemplated for the attack upon San Juan fortifications by the army and navy, and the fortifications are so powerful that nearly armed ships must be sent against them at the beginning. Therefore, it is believed, that Admiral Sampson's battleships will head the fleet.

No one supposes that the Porto Rican army will be made up entirely of volunteers; and as General Shafter has taken with him to Cuba practically all regulars, it will be necessary for the move on Porto Rico to be deferred at least until Santiago has fallen and some regular troops now with that expedition can be withdrawn and combined with a detail of volunteers for the investment of San Juan.

The capture of Santiago is looked upon as likely to require a very few days, and after the city has fallen a comparatively small force will be required, in co-operation with the insurgents, to take possession of the entire province.

## EXPEDITION FROM TAMPA.

Several Thousand Troops on Their Way to Santiago, Cuba. (Copyright Associated Press.)

Major St. Nicholas, June 12, 6 p. m.—The expedition from Tampa under General Shafter, conveyed by American warships, is anxiously awaited by the fleet of Santiago. Operations will begin immediately after the arrival of transports, which are expected this week. When the Associated Press dispatch boat Dauntless left Guantanamo bay this (Sunday) morning, the cable steamer Adria was grappling for the Haytian cable. The cable is to be spliced, and Admiral Sampson will hold it for direct communication with Washington.

Report of Surrender of the City Discredited in London. London, June 13.—Secretary Briggs, of the Manila railway company, who is in constant communication with Manila, discredits the rumors of the surrender of that place. He received a cable message from Manila yesterday, via Hong Kong, reporting that the road was working and no mention was made of the city having surrendered. Briggs believes that the Spaniards would surrender to Rear Admiral Dewey in preference to being conquered by the insurgents. The secretary is informed that a full understanding exists between Admiral Dewey and the insurgents.

It is generally believed at Hong Kong and Manila that before Aguinaldo, the insurgent leader, consented to return to Manila, he secured pledges that the United States would not leave him in the lurch by returning the Philippines to the Spaniards.

Referring to Spanish tales of alleged insurgent atrocities, Briggs says they are reports that he had received from the Philippine islands are the mildest people in the world, and asserts that all the Europeans there were surprised that they mustered up courage enough to revolt.

Particulars of the Fight at Santiago Last Saturday Night. On board Associated Press dispatch boat Dauntless, off Guantanamo, Sunday, June 13, via Mail St. Nicholas—Lieut. Col. W. Huntington's battalion of marines, which landed from the transport Panther on Friday and encamped on the hill guarding the abandoned cable station at the entrance of the outer harbor of Guantanamo, has been engaged in heading off a rush attack by the Spanish general, when, at 10 o'clock, fighting was almost continuous for thirteen hours, until six o'clock this morning, when, reinforcements were landed from the Marblehead. Four of our men were killed and one wounded.

Advance pickets under Lieut. Neville and Shaw are unaccounted for. Among the killed is Assistant Surgeon John Blair Gibbs, son of Major Gibbs of the regular army, who fell in the Custer massacre. His home was Richmond, Va., but he has been practicing in New York and entered the service since the war began. He was a popular officer. Others killed are Sergeant Charles H. Smith of Smallwood; Private William Dunphy, Gloucester, Mass.; Private Jack McColgan, Boston, Mass.; Corporal Glass was accidentally wounded in the head. The Spanish loss is unknown, but it was probably considerable. Splashes of blood found at daylight at the positions the Spaniards occupied indicate fatalities, but their comrades carried off the killed and wounded.

The engagement began with desultory firing at pickets over the thousand yards inland from the camp. Capt. Spicer's company was doing garrison duty and was driven in, finally rallying on the camp and repulsing the enemy by 6 o'clock.

The bodies of privates McColgan and Dunphy were found, both shot in the head. The larger cavities made by the bullets, which landed in the range of 500 yards, have a rotary motion, indicated that the victims were killed at close range. The bodies were stripped of shoes, hats and cartridge belts and horribly mutilated with machetes.

Madrid, June 13, 2 p. m.—A semi-official note issued today, emphatically contradicts all American reports of operations in Cuba and even denies that the Americans landed at Guantanamo bay or elsewhere. The note concludes: "On the contrary, Spain is full of hope and determined to continue the war."

## CAPTURED A PRIZE!

English Ship Tries to Take Coal to Cervera.

Expedition From Tampa on Its Way to Santiago.

Cruiser San Francisco Runs Ashore in a Dense Fog.

EXPEDITION TO THE PHILIPPINES.

New York, June 13.—A dispatch to the Times from St. Nicholas, Hayti, says: The merchantman captured by the auxiliary cruiser St. Louis just off Morat Point, Jamaica, on Friday night, was the British steamer "Cervera."

On board the "Cervera" are 3,200 tons of coal for the Spanish fleet, which has been sent as a prize to Key West. The British captain at first made a vigorous denial that he was carrying coal for the Spanish fleet. His vessel was searched, however, by men from the St. Louis. In the fire room a man in overalls was found who spoke only Spanish. After a vigorous cross-examination by Captain Goodrich of the St. Louis this man admitted that he was a Spanish officer in charge of the cargo. On the approach of the St. Louis he had thrown his papers and commission overboard. He was sent as a prisoner of war to Key West on board the captured steamer.

HAS LETTER FAILED? He Lost Millions Closing His Famous Wheat Deal.

Chicago, June 13.—During the final moments of trading, Joseph Leiter was at the Illinois Trust and Savings bank in consultation with his father L. Z. Leiter and others. Joseph Leiter said in reply to inquiries that he would make an assignment; his options have been liquidated and his cash wheat would be trusted.

All interest on the board of trade today centered in the doings of Joseph Leiter, and the result of his famous big deal in wheat. The tremendous slump in prices was generally attributed to the immense sales for him. According to one authority, Leiter ordered all his trades closed. It was stated that at least 8,000,000 bushels of wheat were liquidated in the Chicago market alone.

The greatest break, however, were in the northwest, where it was said Leiter had his headquarters in Duluth. He went off 10 cents; in Minneapolis 17 cents. A half hour before the close Leiter's sales in Chicago were placed as high as 10,000,000 bushels.

CUBAN EXPEDITION. First of the Recruits with General Shafter's Army of Invasion.

Washington, June 13.—It was formally announced at the war department this morning that the first military expedition leaving Key West at day light today, bound for Santiago. All yesterday there was a lively discussion between officials of the navy and the war department and after an all day session the war board completed plans for conveying the troops transports. Major General Shafter commands this expedition, has a force of 773 officers and 14,504 enlisted men. The United States regular troops make up the greater part of the force. There being only three volunteer organizations on the ships. These are the seventy-first New York infantry volunteers, the second Massachusetts infantry volunteers, and two dismounted squadrons of four troops each, and of which Dr. Wood is colonel and Theodore Roosevelt is lieutenant colonel. Whether either of these officers is with the two squadrons named is not yet known in the war department. It was difficult to prevail upon the mounted riflemen to leave their mounts behind. But this was necessary, it is said, owing to lack of accommodations for the horses on ship board. The best the department could do, this time, in the way of supplying the cavalry contingent for the expedition was to include among the troops one squadron of the Second United States cavalry fully mounted with nine officers and 280 enlisted men.

The full list of troops that make up this expedition, as reported at the war department by Gen. Shafter, is as follows: Infantry regiments—Sixth, Sixth, Seventh, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Fourteenth, Fifteenth, Sixteenth, Seventeenth, Eighteenth, Nineteenth, Twentieth, embalmed and shipped to Texarkana, Texas, last night. Mr. Steiner was well known to the people of this city, who speak in high terms of him as a fine gentleman and a well-liked railroad.

John Burke, brother of Judge W. H. Burke, is in the city, and the latter is showing the visitor around. Mr. Burke was here in the early days of Albuquerque and also about twelve years ago, and of course he notices many substantial improvements. He has been out west the employ of the Lantry Bros., and is now on his way to Texas.

A. T. Hill, one of the best and most reliable engineers of the Santa Fe railway, running between this city and San Marcial, and thence from the latter town to El Paso, is in the city, having secured a leave of absence of sixty days, and will enjoy the time with his family here, occasionally visiting the mountain resorts close by.

Owing to the funeral of Walter Bouk, the ladies of the Woman's Christian Temperance Union and friends will postpone the time of sewing for the soldiers until Wednesday, June 15, when all ladies who are interested in this work are invited to assist. They will meet at the residence of Mrs. Harwood, at 2 p. m., on the above date.

Arthur Heyn, the book-keeper at John Becker's big store at Balcon, came up to the metropolis last Saturday night and was around with exceedingly nice friends yesterday, to whom he tried to ice cream. He returned to his duties this morning, but promised to visit Albuquerque quite often in the future.

The Gospel temperance meeting held at the Harwood building (collece) on Lead avenue yesterday afternoon was well attended, and all those present were pleased with the instructive and interesting service.

Ron. S. B. Newcomb, one of the well-known attorneys of Las Cruces, was a passenger to Santa Fe last night, where he has some important legal matters to attend to.
