SHERWOOD SERVICE PENSION BILL PASSED BY HOUSE

It Provides Increased Allowances to Civil and Mexican War Veterans Based on Length of Service.

EIGHTY-FOUR DEMOCRATS VOTED AGAINST MEASURE

Several Republicans Also Recorded in Negative; Adds Millions to Governmental Expenditures.

[By Morning Journal Special Leased Wire.]
Washington, Dec. 12.—The Sherwood service pension bill which would add upwards of \$10,000,000 to the government annual expenditures by granting increased pensions to civil and Mexican war veterans on the basis of length of service, was passed by the house tonight despite the determined opposition of many democratic leaders.

Secretary of the Interior Fisher has estimated that the bill would add \$7,000,000 to the pension rolls if the \$30,000 veterans eligible take advantage of the increased pension.

The republicans who voted with the eighty-four democrats against the bill were Gardner, Gillett and McCull of Massachusetts; Hill, Connecticut; Kent of California; McGraw of Pennsylvania; Payne of New York, and Utter of Rhode Island.

Speaker Clark voted with the majority of his party for the bill and democratic leader Underwood and Representative Fitzgerald of New York, chairman of the appropriations committee, voted against it.

The bill now goes to the senate where there is a disposition to pass some form of amended service pension legislation. Senate leaders, however, will proceed slowly in the consideration of this legislation and many house democrats voted for the measure in the belief that the senate would not pass it.

The following are pension bill, passed by the house last night, failed of passage in the senate. This republican measure was offered unsuccessfully in the house as a substitute for the Sherwood bill. Scores of amendments were offered and a hard but unsuccessful fight was made to have a straight \$1 a day pension bill established without regard to length of service.

The Sherwood bill would establish the following basis of pension:

For service for ninety days to six months, \$15 a month; from six to nine months, \$20 a month; from nine months to one year, \$25 a month; more than one year, \$30 a month.

Two important changes were made in the Sherwood bill during the all-day battle. A joint amendment by Representative Fitzgerald of New York and Cox of Ohio, struck out the provision denying entrance to federal soldiers' homes of veterans receiving more than \$25 a month pension and refusing state home federal aid for the support of such pensioners. The restriction against the payment of any pension to a veteran whose income exceeded \$1,000 a year was voted out on the motion of Representative Rucker of Colorado. The fight on the bill was waged on political lines to a considerable extent and members of each party charged the other party with buncombe in their attitude toward the old soldiers. Prominent democrats attacked the bill as directly opposed to the democratic principle of economy and destructive of the plan to reduce the tariff.

Chairman Fitzgerald of the appropriations committee, fought it because of its tremendous demands upon the treasury. Representative Harrison of New York, a leading democrat on the way and means committee, declared that the bill "knocks in the face all pretensions made by the democratic party in the last campaign."

WANTS RAILROAD RATE CASES GIVEN PREFERENCE

Reno, Nev., Dec. 12.—In an emphatic petition addressed to Nevada's United States senators and one congressman, the Nevada railroad commission urges that everything possible be done to bring about the abolition of the commerce court and to provide means whereby rate regulation against the payment of any pension to a veteran whose income exceeded \$1,000 a year was voted out on the motion of Representative Rucker of Colorado. The fight on the bill was waged on political lines to a considerable extent and members of each party charged the other party with buncombe in their attitude toward the old soldiers. Prominent democrats attacked the bill as directly opposed to the democratic principle of economy and destructive of the plan to reduce the tariff.

The petition also favors making the decision of the interstate commerce commission final excepting for possible appeals to the United States supreme court, the idea being to expedite litigation and do away with interminable suits to which appeal is now made.

BIG PRODUCTS SHOW OPENS AT ST. PAUL

St. Paul, Dec. 12.—The Northwest land products show, with products from seven states and the territory of Alaska, was opened here today. While all the exhibits were in place and the demonstrators and lecturers were busy all day explaining the exhibits the formal opening was not held until tonight.

The products of forest, field, mine, lakes, streams and factories were elaborately displayed. Lectures were delivered and moving pictures shown relating to the various states. J. J. Hill, chairman of the board of directors of the Great Northern Railway, an interested visitor during the afternoon, said:

"It is a great show and will be of great benefit to the farmers."

NEW INFORMATION FILED AGAINST FRANKLIN

District Attorney Fredericks Makes Second Charge of Bribery Against McNamara Defense Investigator.

[By Morning Journal Special Leased Wire.]
Los Angeles, Dec. 12.—From his high tower in the hall of records, District Attorney John D. Fredericks today dropped a second information upon Earl H. Franklin, an investigator in the McNamara murder trial, charging him with bribery and with having attempted to influence the verdict of a jury. Franklin already has been held to the superior court for trial on another such information and the new one has to do with Robert F. Bain, a sworn juror who testified in court that he had taken a bribe.

The district attorney's move took Franklin and the attorneys by surprise and is thought to be of considerable importance. Henry T. Gage, Franklin's counsel, said he had not been notified and knew nothing of it until a reporter told him. Attorney LeCompte Davis of counsel in the McNamara case and now connected with the Franklin case was notified, however, and told Justice W. F. Young, before whom the complaint was filed, that he would appear with Franklin in court tomorrow. Assistant District Attorney Ford said tonight that the state would ask for bail in addition to the \$10,000 cash bail on which Franklin is now at liberty.

"We wish to proceed as soon as possible without embarrassing the defense," said Attorney Ford. "We shall ask for an immediate hearing," said Attorney Davis.

A preliminary hearing without delay was said tonight to be acceptable to both sides.

The defense is expected to proceed as soon as possible without embarrassing the defense, said Attorney Ford. "We shall ask for an immediate hearing," said Attorney Davis.

INSANE MACHINIST PLUNGES 270 FEET TO DEATH

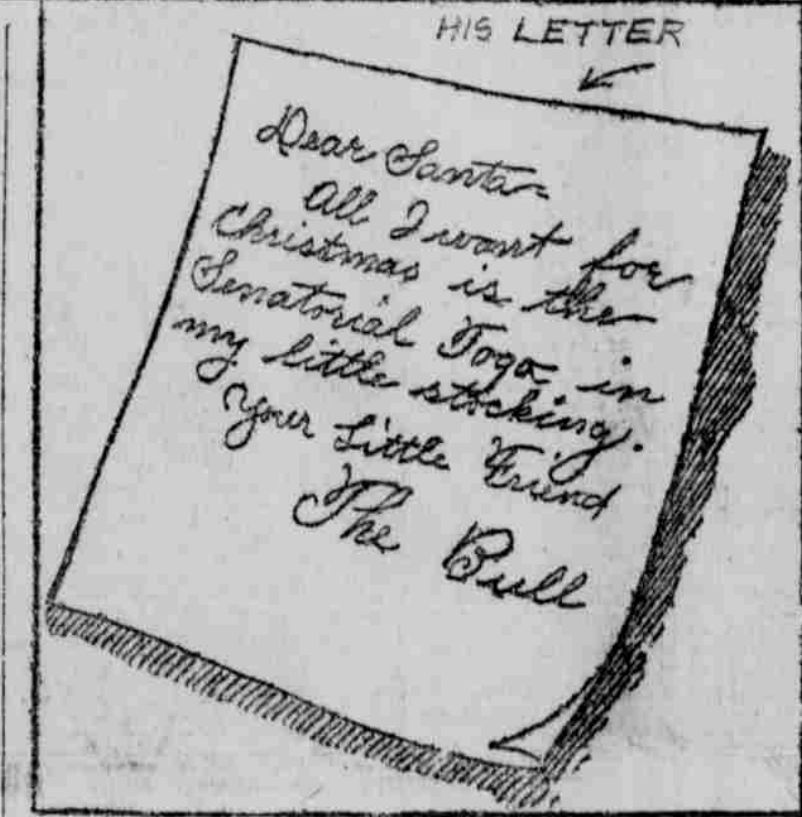

J. F. Greek, of El Paso, Tex., Hurts Himself From Nineteenth Floor of Chicago Masonic Temple.

[By Morning Journal Special Leased Wire.]
Chicago, Dec. 12.—J. F. Greek, a machinist of El Paso, Tex., dived himself of his clothing on the nineteenth floor of the Masonic Temple building here today, walked out on an iron beam, puffed nonchalantly at a cigarette for several minutes and then hurled his nude body to death on the stone floor of the rotunda, 270 feet below.

He fell upon a cigar case, smashing it to pieces. One leg struck George Evans of Bay City, Mich., who was standing. Greek's body was smashed to a jelly, pieces of glass and wood being imbedded in the flesh.

A. R. Starr, an employee of the building, was struck and severely injured by flying pieces of the cigar stand. Greek's body was smashed to a jelly, pieces of glass and wood being imbedded in the flesh.

Greek had been in Chicago since June, working for a railroad company. He had been sick for some time and is believed to have been temporarily demented.

Bull's Letter to Santa Claus.

BUSINESS MEN TO CONGRESS SHOULD FORM PARTY OF THEIR OWN PROBE LIVESTOCK INDUSTRY

New Political Organization May be One of Results of McNamara Trial Recently Ended in Los Angeles.

[By Morning Journal Special Leased Wire.]
Chicago, Dec. 12.—Presaging the birth of a new political party, composed of business men and formed as a protest organization the resolutions committee of the National Business Congress, today considered such a resolution framed by A. Parker Newin of New York, general counsel of the National Association of Manufacturers. Final action on the resolutions will be announced tomorrow.

As a result of the decision of the McNamara case the federal congress probably will be asked to the business congress to control the sale and transportation of high explosives. Such a motive made by a business delegate, asked that the illegal distribution of explosives be made a felony.

The business congress also will be asked to go on record as favoring civil service in the consular department.

The matter of the merchant marine also will be the subject for resolutions. Frederick Townsend Martin of New York, exploited compulsory insurance as a panacea for economic ills and John Kirby, Jr., attacked labor unionism.

NOT FOREWARNED OF MAINE DISASTER

Washington, Dec. 12.—Emphatic disclaimers were made today at the state war and navy departments of the possession of any information confirmatory of the statement of Former Consul A. C. Brice, that he was warned of the approaching destruction of the Maine two days in advance by a Cuban sympathizer in Matanzas. Admiral Walcott, who was executive officer of the Maine when the ship was destroyed, also says that no warning reached him. It is the opinion of officials that only through a death-bed confession, if at all, will the secret be disclosed.

YOUNG OFFICERS ARE MADE NAVAL ATTACHES

Washington, Dec. 12.—Two young officers from the president's yacht, Mayflower, Lieutenants J. S. Dowell, Jr. and A. Bristol, Jr., have been ordered to Berlin to study German ship building methods. They will assume the rank of naval attaches.

ARIZONA ELECTION COUNT UNUSUALLY SLOW; RESULT IN DOUBT

Up to Midnight None of Larger Cities Had Completed Tally, Though Total Vote Cast Was Light.

PINAL COUNTY FIRST TO REPORT RETURNS

It Gave Majority for Democratic State and Congressional Candidates and U. S. Senators.

[By Morning Journal Special Leased Wire.]
Phoenix, Ariz., Dec. 12.—Arizona voted today for an entire set of state officers, two United States senators and one representative in congress, but up to midnight the only result certain was that the recall had been eliminated from the constitution.

The counting of the vote was exasperatingly slow. But one county, Pinal, had reported a complete vote. This county gave the two democratic senatorial candidates a majority of fifty, the democratic candidate for congress a majority of seventy-five, and the entire democratic state ticket a majority of between fifty and seventy-five.

Not one of the larger cities had completed the count of its vote up to midnight, though in Phoenix the count was over 2,000.

At midnight, Chairman Baird of the democratic state committee said that all forecasts at that hour were guesswork, but that he could find no reason to change his forecasts of last night, in which he claimed that the entire democratic ticket from top to bottom, would win by 3,500 majority.

At republican state headquarters no one could be found "who would vouch for a statement."

It is likely that the definite result will not be known before tomorrow afternoon.

The counting of the vote is proceeding very slowly. In Globe the mixed ballots were counted first, the democrats and republicans running about even on these ballots. There was much scratching throughout the territory.

The total vote in Douglas was 550, and in Pinalville, 187. The only complete count so far reported is in the fourth ward of Douglas, where the constitutional amendments carried 101 to 11.

DEMOCRATS LEADING IN DOUGLAS COUNT

Douglas, Ariz., Dec. 12.—About one-fourth the vote in Douglas was counted up to 11 o'clock tonight. The totals then stood:

For United States senator—Ralph Cameron and H. A. Smith, republicans, 132 each; H. A. Ashurst, democrat, 181; M. A. Smith, democrat, 135.

For congressman—John S. Williams, republican, 127; Carl Hayden, democrat, 120.

For governor—G. W. P. Hunt, democrat, 218; E. W. Wells, republican, 137.

The total vote in Douglas was 560.

AN EVEN BREAK IN PINA COUNTY

Tucson, Ariz., Dec. 12.—Seven out of seventeen precincts in Pina county complete give:

For United States senate—Cameron, republican, 375; H. A. Smith, republican, 385; Ashurst, democrat, 268; M. A. Smith, democrat, 278.

For congressman—Williams, republican, 206; Hayden, democrat, 256.

For governor—V. B. Republican, 292; Hunt, democrat, 158.

FUGITIVE JUROR IN HYDE CASE STILL AT LARGE

Judge Porterfield Changes His Mind About Dismissing Jury and Will Hold Remaining Members a Week.

[By Morning Journal Special Leased Wire.]
Kansas City, Dec. 12.—Contrary to the plan announced yesterday the jury that is hearing the case of Dr. B. C. Hyde, accused of murdering Colonel Thomas V. Swore, was not dismissed tonight, although Harry W. Waldron, the missing juror, has been located. Judge Porterfield decided late today that he would hold the eleven remaining jury men for another week in the hope that Waldron may be discovered and found competent to resume his duty.

Waldron has been missing since Monday morning when he escaped from the jury's hotel and one clue to his whereabouts since he fled has been obtained. That came today when Mrs. Reid Wernby, who lived a short distance from the Waldrons, said she saw the missing man in her pasture yesterday afternoon. He appeared demented she said. An investigation of her story was started although officers place little confidence in the clue. All of the city police force and individual deputy marshals are still detailed on the case.

ENTOMBED MINERS SCRIBBLE NOTES ON WALLS

This Spurs Rescuers to Greater Efforts in Hope of Saving More Men in Cross Mountain Mine.

[By Morning Journal Special Leased Wire.]
Briceville, Tenn., Dec. 12.—Messages scribbled on the walls of compartments of the Cross Mountain mine where Saturday morning an explosion entombed more than 100 men, encouraged rescuers yesterday to renewed efforts in the hope of finding more men alive.

The messages evidently were written by a party of men. When driven out of one place by gas, they would write, indicating where they were going. After the trail was followed several entries it was lost and hope of finding more men alive again was abandoned. Until midnight thirty-eight bodies had been found but five of these still are in the mine. The position of the bodies discovered showed the men died from black damp.

Fire broke out anew late yesterday in cross entry No. 17, about 1,500 feet from the main entry. It was in the coal this time and was extinguished at 1:40 this morning.

CANARY BIRDS AIDED IN RESCUE OF MINERS

Washington, Dec. 12.—Canary birds made possible the rescue alive of the five men who were taken from the Cross Mountain mine last night, the bureau of mines here was informed today by Dr. Holmes, head of the bureau. This is the first big mine disaster in which these birds have played a saving role, although experiments had been made with them in a number of smaller accidents.

The canaries, most sensitive to any atmosphere that will not support life, are carried into the mine by the helmeted rescuers for the purpose of detecting the first signs of poisonous gas. As soon as the canaries show symptoms of dizziness, the volunteer rescuers with the helmeted workers are not allowed to go further, and the latter proceed alone. Bodies found beyond this point are brought back as far as this danger line, where they are carried out by volunteers.

CROWNED EMPEROR AND EMPRESS OF INDIA

King George V and Queen Mary Officially Proclaimed at Delhi, Which Succeeds Calcutta as Capital.

[By Morning Journal Special Leased Wire.]
Delhi, Dec. 12.—For the first time in the history of India the loyal population today witnessed the crowning of their new emperor and empress when King George V. and Queen Mary were proclaimed.

Aside from the splendor of the durbar, held to celebrate the momentous event was the fact that Delhi will replace Calcutta as the capital of India.

The emperor and empress both expressed keen delight at the success of the durbar and the cordiality of their reception.

The universal theme is the dramatic outcome of the change in the capital.

Although the secret was well kept it was made known by the knowledge of the Indian chiefs and by the Mohammedans in Esna Bengal. The cost of the transfer it is believed will be \$25,000,000.

MONSIGNOR AMBROSE AGUIS DIES SUDDENLY

Manila, Dec. 12.—Monsignor Ambrose Aguis, papal delegate in the Philippine Islands, died suddenly this morning. It was believed here that he was to succeed Cardinal Palentino as papal delegate at Washington.

THE DAY IN CONGRESS.

THE SENATE.
In session at 2 p. m.
Lower investigating committee again heard witnesses for the defense.

A national corporation commission was urged before the interstate commerce committee's anti-trust hearing.

Senator-elect Vandenberg of Mississippi, was severely reprimanded by Senator Vorys of Massachusetts, who answered a magazine attack upon him.

Many nominations confirmed in executive session.

Adjourned at 5:30 until 2 p. m. Wednesday.

CHICAGO SECURES 1912 NATIONAL REPUBLICAN CONVENTION

Delegates Will Assemble in Windy City on Tuesday, June 18, to Nominate Party's Candidate for President.

INVITATION INCLUDES EXPENSES OF GATHERING

Final Session of Committee in Washington Overwhelmingly Pro-Taft; Primary Advocates Lose Out.

[By Morning Journal Special Leased Wire.]
Washington, Dec. 12.—With little trace of friction, the republican national committee met with open doors here today and formulated the preliminary plans for the campaign of 1912. The program agreed upon was carried out expeditiously in two short sessions.

Chicago was chosen as the national convention city and the call was issued for the assembling of delegates on Tuesday, June 18.

Acting Chairman John F. Hill, former governor of Maine, was unanimously elected chairman of the committee after the acceptance of the resignation of Postmaster General Frank H. Hitchcock, which went into effect on April 1, 1909. William Hayward of Nebraska was elected secretary to serve until the new national committee is organized next June.

The committee adheres to the convention call of 1908 and the primary question was left as it was four years ago. The champions of presidential preference, primary laws, state primaries for the selection of delegates in states where the primary laws are not operative, were defeated. They were led by Senator William E. Borah of Idaho, who contented himself with a minority report from the sub-committee on call of which he was chairman and with a brief speech to the committee.

The meeting was pro-Taft. The president's advisors controlled the situation. Early in the day it became apparent that Secretary Hilges and Arthur Vorys, national committeemen from Ohio, were in control. The disinclination of Postmaster General Hitchcock to endorse Colonel Harry S. New of Indiana, as chairman of the sub-committee on call, was overcome and Mr. Hitchcock took no part in the proceedings of the day.

The southern committeemen said to be opposed to Mr. New for fear he favored a reduction of southern representation in the electoral college. The other members of the committee are David W. Mulvan of Kansas, Franklin Murphy of New Jersey, Arthur I. Vorys of Ohio, R. T. Williams of Oregon, E. C. Duncan of North Carolina and Victor Rosewater of Nebraska.

Chairman New announced his sub-committee would meet in Chicago in January to begin the work of arranging convention plans.

The selection of a Taft committeemen prevailed throughout the meeting. The Ohioans and New Yorkers, who had given publicity to the Roosevelt propaganda, contented themselves with the progress they have made.

A committee of three was named to devise rules and regulations for the national committee which are to be reported to the 1912 convention. This committee consists of Mr. Brooker of Connecticut, chairman; Mr. Ward of New York, and Frank Kellogg, committeeman from Minnesota. Ostensibly this function is to devise rules by which the treasurer and secretary of the committee shall be given places in the committee and be entitled to votes.

The long heralded row over the primary question proved a flash in the pan. The following members of the committee were appointed to draft the call: Messrs. Borah of Idaho, Leiden of Illinois, Ward of New York, Rosewater of Nebraska, and Capers of South Carolina.

Messrs. Kellogg, Ward and Capers signed the majority report, which empowered states with primary laws to select delegates by primary, if their committee so decided, and Mr. Rosewater signed it with the reservation that he favored the primary idea. Mr. Borah submitted his minority report, which added a reservation that may prevent presidential primaries in all states.

When the committee met for its afternoon session, Mr. Borah presented the reports and explained the difference between the two. He consented to an amendment by Senator Penrose of Pennsylvania, which overcame the conflict between the call and the South Dakota law. The call requires that delegates must be chosen thirty days before the convention and the South Dakota law fixes June 4 as the date for the primary. The Penrose amendment waives the rule in the case of South Dakota.

John W. Rudgett of Michigan said that if the call included the Borah primary provision, pressure would be brought to bear on many states for primaries.

Mr. Vorys of Ohio, the president's spokesman, contended that the primary law provided for the election of district delegates, but there was no provision for delegates at large.

After Senator Borah had replied to various criticisms of his primary provision, his report was defeated 42 to 7, and the majority report was adopted unanimously. The seven who voted for the primary plan were Vandenberg of Colorado, Dupont of Delaware, Borah of Idaho, Rosewater of Nebraska, Williams of Oregon, Thorsen of South Dakota and Rogers of Wisconsin.

The commitment of Nevada, North Dakota, Vermont and Arizona, were absent.

There practically was no contest in selecting the convention city. Secretary Hayward announced that he had

A Remedy No Family Should Do Without

No matter how healthy a human being may be it is safe to say that not many months are passed without some obstruction of the bowels, in other words, constipation, even if only temporary. The bloating, the full feeling may start after the evening meal. If a laxative is not taken that night it is certain that sleep will not be sound, and you will awaken unrefreshed.

Hence, it is important for you and for all the members of your family that a good, reliable laxative be always kept in the house for just such emergency. It is sure to be needed, and when needed you want it at hand. No family that is careful of its health can do without such a remedy. But the question of which remedy to have on hand is also of vast importance.

The laxative most highly recommended by the majority of intelligent Americans as being best for babies and grownups is Dr. Caldwell's Syrup Pepsin.

received tentative invitations from Cincinnati, Buffalo, St. Louis, Denver and Chicago. No speaker appeared for Cincinnati or Buffalo, and Mayor Fred H. Krepsman withdrew St. Louis. Former Governor Buchtel of Colorado and C. W. Reynolds of Denver, urged the claims of that city and were followed by Representative Frank O. Lowden and Fred Upham for Chicago. The invitation from Chicago carried with it all the expenses of the convention.

When the vote was taken Chicago received 42 votes to seven for Denver and one for St. Louis, with the remainder not voting. The single vote for St. Louis was cast by Cecil Lyon of Texas, and the vote for Denver was cast by Cavender of Colorado, Scott of West Virginia, Borah of Idaho, Smoot of Utah, Hexter of Wyoming, Parker of Hawaii and Karger of the Philippines.

A stipulation was made nullifying the election of delegates prior to the issue of the call. This will invalidate the titles of delegates already selected in Alabama.

LEE DECLARES TAFT CAN'T CARRY INDIANA

Washington, Dec. 12.—Tonight Edwin M. Lee, chairman of the Indiana republican state central committee, issued a statement in which he declared that his state would be lost to the republican party if Mr. Taft were re-nominated.

"Mr. Taft cannot carry Indiana," Mr. Lee says. "If he is the republican nominee, our fight is lost before a gun is fired. As one of his original friends, who labored for him night and day, I have been driven to this knowledge with extreme reluctance."

Mr. Lee adds that his conclusion was reached only after a searching inquiry through his precinct committee-men and in person. What two months ago was passivity on the part of the voters, he says, now has been transformed into disaffection.

Almost simultaneously a statement was issued by Walter Brown, chairman of the Ohio state central committee, in which he deplored the action of the national committee in refusing to provide means for the selection of delegates at large by primaries. This statement, however, was merely in the nature of a protest.

REBELS ANXIOUS FOR PEACE NEGOTIATIONS

Shanghai, Dec. 12.—Tang Shao Y's declaration that the peace negotiations shall be carried on, Shanghai is torn here with much satisfaction in leading republican circles. It is believed that Tang, after conferring with General Li, the revolutionary commander, will be ready to make the best terms possible for the Manchus. The revolutionists are prepared to give the most liberal guarantees for the future care of the royal family and for the status of the Manchus.

Preparations are now going on for the national convention at Nanking.

A YOUNG GIRL'S DANGER

Between the ages of eleven and fifteen years is a critical and dangerous period for nearly all young girls, and parents who are as watchful as they should be, give them the closest attention and consideration at that time.

The unusual demands on a young girl's strength make it necessary to keep her well nourished and her blood rich and pure. We are often consulted by anxious mothers when they see their daughters becoming pale, thin, weak and nervous and we always recommend the use of Vinol, our delicious cod liver and iron tonic. It revives flagging strength, enriches the blood with iron, and puts the glow of health in the cheeks. Vinol does wonders for all who are weak and rundown and it does not benefit, it costs not one cent. That shows how much we believe in it.

J. H. O'Reilly Co., druggists, Albuquerque, N. M.

INCORPORATE YOUR BUSINESS

C. F. Kanen's New Mexico Corporation Laws, Rules and Forms, compiled to date.

A useful guide for corporation officers, attorneys and engineers. You need no other. It has everything in one book.

Post yourself. Avoid expensive mistakes. All territorial laws on ALL classes of Corporations: Banking, Building and Loan, Benevolent, Industrial, Irrigation, Insurance, Mercantile, Mining, Railroads, Taxation, etc., with extensive Citations.

The only complete New Mexico Corporation, Irrigation and Mining Code published.

Complete Forms and Rules for drawing and filing all kinds of corporation papers; references, footnotes, by-laws, etc. Territorial Irrigation Laws and Forms.

United States Laws which apply to New Mexico: Carey Act, Irrigation, Mining, Railroads, Taxes; Rules and Forms for securing U. S. Rights, Rights of Way, etc.

Useful with or without statehood. 1 vol., 325 pages, buckram binding.

C. F. KANEN Santa Fe, N. M.

It is a liquid laxative- tonic, mild, and never gripes. It is effective on robust people and can be given with safety to an infant. Children like it because it is pleasant to the taste.

It is the best all-around remedy you can have in the house for any disorder of the stomach, liver or bowels, and many people like Mrs. P. P. Eisele, 1809 W. Houston St., San Antonio, Texas, and Capt. J. A. H. Hootch, Cleburne, Texas, say they would as soon be without the necessities as without Dr. Caldwell's Syrup Pepsin.

Anyone wishing to make a trial of this remedy before buying it in the regular way or at a drugist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. H. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

RIOT BREAKS UP PEACE TREATY MEETING

Hoodlums Jeer Speakers at Carnegie Hall Mass Gathering and Police Reserves Are Called Out.

(By Morning Journal Special Lensed Wire.)

New York, Dec. 12.—A serious outbreak interrupted a large mass meeting held at Carnegie hall tonight in support of the arbitration treaties which President Taft has proposed with England and France. Twenty-eight reserve police were hurried to the hall.

The outbreak occurred after Nicholas Murray Butler, president of Columbia university had read resolutions urging the senate to ratify the treaties and Alfonso G. Koebler of the German-American Citizens league of the state of New York moved that the majority report of the United States senate committee on foreign relations be adopted, but Butler objected.

"This declaration is not a promoter of peace, but a breeder of war," he exclaimed.

The words were scarcely out of his mouth when men jumped to either side of the stage and raised their hands in an apparent signal, whereupon pandemonium was let loose in the upper galleries. Cat calls, yells and groans and hisses made it impossible for Chairman Joseph Choate to proceed with the meeting. One man on the platform shouted:

"That packed gallery is composed of a lot of cowards."

At this the shouts became louder and hisses were brought into use. In the midst of the noise Chairman Choate announced that the Butler resolution had been unanimously adopted.

Persons on the main floor taking this as a signal for a counter-demonstration, jumped to their feet, shouted approval and waved their handkerchiefs and hats.

Koebler, whose resolution had precipitated the outbreak, called in vain to the people in the gallery to show a spirit of fair play. Finally police reserves reached the gallery and ejected the leaders.

No arrests were made.

Chairman Choate, in announcing adjournment of the meeting said:

"The action here tonight has done more to cause the ratification of the peace treaty than all the peace speeches that could be made during the evening. As chairman I declare the meeting adjourned without the audience listening to the speeches of the other two gentlemen."

These other two gentlemen were Andrew Carnegie and Frederick Coudert.

JOURNAL READERS NEED NOT HAVE BAD STOMACHS

Indigestion, Dyspepsia, Gas and All Stomach Distress Will Go Five Minutes After Taking a Little Diapepsin.

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your Pharmacist for a 50-cent case of Paper's Diapepsin, and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, belching, Headaches, hiccups or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Paper's Diapepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery in at your drug store, waiting for you.

These large 50-cent cases of Paper's Diapepsin contain more than sufficient to cure any case of Dyspepsia, Indigestion or any other Stomach trouble.

FEDERAL INQUIRY NEW YORK SOLONS CONTINUES AT LOS ANGELES TOMORROW

Grand Jury Busy Hearing Evidence in Support of Alleged Conspiracy to Unlawfully Transport Dynamite.

(By Morning Journal Special Lensed Wire.)

Los Angeles, Dec. 12.—The federal grand jury today continued to hear evidence concerning the alleged conspiracy to transport dynamite unlawfully. A score of witnesses were examined, most of whom were said to have established the identity of "J. B. Bryce," as James B. McNamara, hotel clerk, bellboys and waiters, as well as employees of the Giant Powder company of San Francisco, where dynamite was purchased by James B. McNamara, were on hand to give their individual links in the chain, which the government hopes to draw about the alleged conspirators, who with the McNamaras, had guilty knowledge of the explosions.

Much interest was manifested today in the appearance of J. E. Munsey of Salt Lake City, business agent of the International Association of Bridge and Structural Iron Workers. His wife also was under subpoena and both arrived early today. Munsey is alleged to have hidden James B. McNamara in his home subsequent to the Los Angeles Times explosion here, but he is said to be wanted to tell what he knows of shipments of explosives. A big box of supposed evidence came from Salt Lake City yesterday, but Munsey today denied knowledge of it. He suggested that the box might contain books of the organization, but declared he had not been notified of their seizure.

The procedure today was of a perfunctory character, witnesses filing into the grand jury chamber in rapid succession. Most of the evidence is said to refer to hotel registers, receipts and other papers showing the identity of James B. McNamara. It is said the next step will be the production of witnesses telling of the parts played by persons alleged to have been associated with McNamara in unlawfully transporting explosives.

WHO BESIDES McNAMARA KNEW OF CONSPIRACY?

Indianapolis, Dec. 12.—Who besides John J. and James B. McNamara handled or had knowledge of the interstate shipment of the ton or more of dynamite and nitro-glycerine used in blowing up iron and steel structures erected by firms employing non-union men in the last five years?

This question was inquired into by government officials today preparatory to the resumption on Thursday of the federal grand jury investigation of a nation-wide conspiracy. Clerks who wrote letters, baggage-men, shippers and all those who are supposed to have had even the remotest knowledge of the movement of explosives or were among the witnesses who have been summoned to testify before the grand jury.

The instances of the finding of the explosives about which special inquiry is made, have been as follows: Four hundred and ninety pounds of dynamite discovered in a padlocked box in a barn in the rear of Orrie E. McNamara's father's home at Tifton, O., April 25, 1911.

Sixty pounds of dynamite sticks found in the basement of a building in Indianapolis in which were located the offices of the International Association of Bridge and Structural Iron Workers, on April 22, 1911, a few hours after the arrest of J. J. McNamara.

Twenty-five pounds of nitro-glycerine, found in a piano box in the western suburbs of Indianapolis a few days later.

Thirty-eight quarts of nitro-glycerine, buried in a shed near Rochester, Pa.

The points upon which enlightenment was sought in connection with these instances were:

Who wrote the correspondence relative to the purchase and shipment of the explosives?

Who paid the bills and kept the expense accounts?

By what means were the explosives transported?

Although District Attorney Miller declined to discuss the progress of the preparations for submission of evidence before the grand jury he indicated the purpose of the government to make an exhaustive investigation. Every witness who can furnish any information, however slight, will be summoned.

To all appearances the headquarters of the International Association of Bridge and Structural Iron Workers were closed today. The shades were drawn, the door was locked and the whereabouts of Herbert S. Hockin, the acting secretary, became a mystery. Hockin's attorney professed not to know where he was.

The search closing up of the place came soon after the announcement that books and letters at the headquarters had been secured without resistance by detectives acting for the National Erectors' association. Walter Duce, counsel for the Erectors' association, refused to say whether he had been in consultation with Hockin or whether he knew where Hockin was. W. J. Burns, the detective, who has been in consultation with the officials of the Erectors' association, left tonight for Washington and New York. He said he would return here Friday.

"I think there was more dynamite planted at various points of the east than has been discovered," Burns said. "It is likely that this has not been moved, as those who hid it would not be inclined to attempt to move it now."

GOVERNORS GUESTS OF PENNSYLVANIA

Harrisburg, Pa., Dec. 12.—Greetings from the state of the northwest were extended to Pennsylvania in the new state capital tonight by the delegation of western governors, who are touring the country and the visitors left at midnight for Pittsburgh, after twelve hours of entertainment in Harrisburg.

Immediately after a dinner given the visitors by Governor Peffer, a reception was held at the state capital and ten thousand persons passed down the line of state executives.

Commercial Club at Session Last Night Appoints Committee to Arrange Big Smoker in Their Honor.

A committee from the legislature of the state of New York will arrive in Albuquerque tomorrow afternoon at 4:20 and remain in the city until the departure of the train for El Paso, shortly after midnight. The solons are returning east from a trip to San Francisco where its members investigated matters with reference to a New York state building at the Panama Pacific exposition at San Francisco in 1915. During the stay of the visitors to the city they will be the guests of the Commercial club, which will provide adequate entertainment, ending with a big smoker in the club rooms tomorrow night.

The club at its meeting last night took steps to honor the visiting legislators when it appointed O. N. Marron, M. Mandell, D. A. Macpherson, F. R. Schwenker, A. Fleischer, John Lee Clarke, Ed. Newcomb and George P. Leonard a committee on arrangements and reception. This committee will meet today and prepare a program of continuous entertainment during the stay of the New York lawmakers.

Last night's meeting of the Commercial club was a busy one. The committee on the proposed bill providing for a commission form of government for Albuquerque and other cities of New Mexico, through Judge E. A. Mann, submitted a few drafts of the proposed bill. Judge Mann explained that the proposition was by no means completed, but as far as the committee had gone they were in favor of the Galveston plan, except that three commissioners would be provided for instead of five. He said that the committee was heartily in favor of the business form of administration of cities and would so recommend to the coming session of the legislature.

A new feature of the plan proposed by Judge Mann and the members of the committee, some of whom were present last night, was that no franchise would be granted and no lease of bonds would be allowed unless the proposition first had been ratified by a vote of the people. Several members of the city council, among them Mayor Elder, Alderman Isherwood and Wroth were present.

A. B. McMillen in discussing the proposition advanced by Judge Mann, said that he thought the three commissioners should act more in the nature of a board of directors and employ a man at a reasonable salary to conduct the business of the city. Here the discussion was put over to the next meeting.

Mr. McMillen suggested that President Stern appoint a committee to work out a plan for the construction of roads in New Mexico by the state, by convict labor, using the convicts exclusively for the construction of roads. He believed that New Mexico could build a better road system with convict labor than by any other means. The cost would not fall as heavily upon the taxpayer and the roads would be of a permanent nature. Dr. Hope put the proposition in the form of a motion, with the proviso that the plan be brought before the club in the form of a resolution. This was unanimously agreed to and A. B. McMillen, A. B. Stroup and W. H. Gillenwater were appointed on that committee.

Amado Chavez took the floor in favor of a memorial to be drafted and sent to congress asking that the federal government prospect for water and dig wells wherever they can be put in for the purpose of irrigating and developing the arid sections of New Mexico. The memorial was a committee of five on this form of legislation, and also a committee on legislation to scrutinize all bills before the legislature, to review them and propose such changes as the circumstances would permit when changes were thought necessary. This proposition was carried unanimously and the following were appointed as the committee: Amado Chavez, O. N. Marron, E. A. Mann, D. A. Macpherson and Felix H. Lester.

A. B. Stroup spoke on a bill for the upbuilding of the school districts of the state. The measure had been recommended by the New Mexico Educational association at its recent session in Santa Fe. The bill would divide each county into two school districts, to be presided over by five commissioners, who would run the schools in the county, leaving the city school boards to look after the city schools. By this means it is believed that a more equitable distribution of school funds can be obtained. Mr. Stroup also announced that he had intended to have some data upon the expenditures of road funds but would delay this discussion until the next meeting.

C. T. French appeared before the club in defense of the proposed new cemetery which is to be laid out on the southwest side of the city. Mr. French stated that considerable opposition had been worked up against the project. He asked that a committee be appointed by the Commercial club to investigate the location and plans and report as to the alleged injurious effects the cemetery might have if established within the city limits. President Stern asked for a motion to that effect, but instead a member moved to adjourn which was carried, and the meeting adjourned without action on the cemetery proposition.

Before the members disbanded President Stern stated that the attitude of the club on the question of the Alameda ayke has been misunderstood. He said the organization was trying to intrude on the functions of the county commissioners, he said. His idea was that if permanent improvements could be made the Santa Fe might help, and a driveway constructed along the top of the ayke.

"BEST ON EARTH"

This is the verdict of R. J. Howell, Tracy, O., who bought Foley's Honey and Tar Compound for his wife.

"Her case was the worst I have ever seen, and looked like a sure case of consumption. Her lungs were sore and she coughed almost incessantly and her voice was hoarse and weak. Foley's Honey and Tar Compound brought relief at once and less than three bottles effected a complete cure."—J. H. O'Reilly.

SPLENDID BOOST FOR THE CITY

Arens Story on Albuquerque in the "Motorist" Beautifully Illustrated With Views of the City.

Seldom has Albuquerque received a handsomer advertisement than the article in the last issue of "The Motorist," written by Egmont Arens of this city and detailing the beauties and advantages of the main station on the Sunset Trail of the buzzwagon in the southwest. The article is similar to that furnished the route book by Mr. Arens and derives its chief attractiveness from the splendid illustrations, including the Commercial club, a university view and a magnificent view of the Santa mountains, looking across the mesa east of the city, the work of William R. Walton. The illustrations are artistically decorated and the whole forms one of the most striking and attractive magazine articles ever seen.

Auction!

Saturday, December 16th at 1:20 o'clock p. m. sharp at the apartments of Mr. Joe R. Scott, over Schwartz-

mann & With's Meat Market 2114 West Central avenue, I will sell the handsome furnishings of his home, consisting in part of one 6-hole range, gas range, dishes, cooking utensils, glassware, two refrigerators, two massive oak dining tables, leather bottom dining chairs, oak buffet, side board, ten piece dining set, writing desk, \$25.00 set encyclopaedia and case combined, dressers, new \$72.00 drop head sewing machine, two enameled beds, one brass bed, two center tables, sanitary couch, settee, mahogany music cabinet, \$45.00 piano, rockers, mahogany pedestal and two chiffoniers, mahogany dresser, Navajo rugs and carpets, framed pictures, \$40 leather couch, book case, library table, goods perfectly sanitary; nothing will be sold at private sale. Inspect Friday before sale.

INDIAN SMITH IS SIGNED TO PLAY WITH CHICAGO

Former Las Vegas Maroons' Star and Pitcher Who Played With Santa Fe in Fair Series, Makes Good on Coast.

Special Correspondence to Morning Journal
Las Vegas, N. M., Dec. 12.—According to a letter received by Dave Sanderson from "Coke" Leckhart, the ex-Maroon, who is playing winter baseball in California, Louis Smith, twirler and first baseman for the Maroons during the past season, and who played with the Santa Fe club in the New Mexico fair tournament at Albuquerque, has signed with the Chicago Cubs for a try-out in 1912. Frank Chance, manager of the Cubs, was in Los Angeles a week ago Sunday, and saw Smith working with the Redlands team. Immediately he made an offer to the Indian lad.

Smith has been pitching for the Redlands aggregation since leaving New Mexico and his record in the California league is a good one. He has been working steadily and his "splitters" have been breaking in fine style this season. When this is the case there are few hitters who can touch him for a base hit. It was reported some time ago that "Brother" Smith had signed up with the New York Giants. Thus the two Indian boys may meet on the baseball field during the coming season. If Smith gets going right there is every reason to believe that he will make good in the big league. Smith is more than a twirler, though he has signed as a pitcher. He is a valuable man in any position in the field.

During the past season when Smith was with the Maroons he was in the game all of the time and was one of the mainstays of the team. When he wasn't in the box pitching he was playing first base and in this capacity was the best man on the team. He is also good on the second sack and was one of the best hitters on the Las Vegas aggregation.

With a good team back of him, Smith is good in the box. With adequate support he never lost a game in Las Vegas. A few errors piling up behind him, however, got his goat occasionally. Leckhart says that Smith has been playing top notch ball this winter and he must be to have caught the eye of such a pilot as Frank Chance of the Cubs.

SPEAKING WITH THE AUTHORITY

of experience we unhesitatingly declare that children thrive wonderfully on our bread and rolls. It is simply astonishing the amount of nutriment they derive from them. They like it, too. Even take our bread in preference to ordinary cake. It must be pretty good to attain that result. Have us deliver you a fresh loaf or two every day for a week. Then you will want it right along.

PIONEER BAKERY

207 South First Street

RACE RESULTS.

At Juarez.

Juarez, Dec. 12.—First and second choices divided the money at Juarez today. The attendance was above the average and some fine sport was witnessed. Florence A., winner of the last race, was bid up to \$365, but was retained. Results:

First race, mile: Judge Walton, 3 to 2; won; Pleasant, 5 to 1, second; Gellio, 12 to 1, third. Time 1:40 2-5.

Second race, five and a half furlongs: Chaser, 4 to 5; won; Oakland, 2 to 1, second; Memeroso, 4 to 1, third. Time 1:06.

Third race, seven furlongs: Butter Ball, 6 to 1; won; Lackrose, 3 to 2, second; Cross Over, 7 to 2, third. Time 1:25.

Fourth race, six furlongs: Pride of Llanore, 7 to 2; won; Jim Basey, 6 to 1, second; Rey Hindoo, 3 to 1, third. Time 1:12.

Fifth race, five and a half furlongs: Bellmickler, 6 to 1; won; Yo Solo, 7 to 1, second; Mike Mollett, 7 to 1, third. Time 1:09 2-5.

Sixth race, mile: Florence A., 5 to 1, won; The Monk, 10 to 1, second; Flying Pest, 5 to 1, third. Time 1:23 2-5.

At Columbia.

Columbia, C., Dec. 12.—A well-balanced card with a steepchase over the short course was offered at the fair grounds today. Only two favorites won, each held at short prices. Gun Cotton, second choice, won the jumping race in a hard drive from Sam Hall. Results:

First race, six furlongs: Agnir, won; Robla Grande, second; Mark Anthony II, third. Time 1:14 1-5.

Second race, five and a half furlongs: Donau won; Anneri, second; Eagle Bird, third. Time 1:07.

Third race, steepchase, about mile and a third: Gun Cotton, won; Sam Hall, second; Dr. Heard, third. Time 4:06 4-5.

The Speaker finished third but was disqualified for running out on the field.

Fourth race, mile and an eighth: Hatteras, won; Nadzu, second; Hal Deman, third. Time 1:52 4-8.

Fifth race, five furlongs: Tom Maasle, won; Dick Mas, second; Carlele M., third. Time 1:00 2-5.

Sixth race, six furlongs: Workbox won; Dominica, second; Oakley, third. Time 1:13 2-5.

SIX DAY BICYCLE RACE MARRED BY SERIOUS ACCIDENT

New York, Dec. 12.—Six riders were victims of one of the worst spills which ever occurred here in a six day race early this morning at Madison Square garden.

The first on "Eddie" Root's bicycle exploded and dropped him in front of thirteen riders on trail, four of whom piled on top of Root. Bedell, "Jumbo" Wells, Root, Cameron, Thomas and De Mara were injured.

Whirling ahead of all records made on the ten-lap-to-the-mile track at Madison Square Garden, last night, the champions, Broome and five lads, the same Galvin, now paired with Wiley of Syracuse and the Thomas-Stein team, was a lap behind the others.

The men responsible for the fast pace yesterday were Kramer, the champion; Broome, the Italian, Clarke, the Australian, and Root of this city. The riding last night was steady and fast and forecasted the breaking of the record for the six days.

At midnight the twelve tied teams finished their first two days of pedalling three miles and one lap ahead of the record. Their score at that time was 913 miles, nine laps, compared with the former record of Root and Fogler in 1909 of 976 miles, eight laps.

The Thomas-Stein and Galvin-Wiley teams were still a lap behind.

"HANK" O'DAY WILL MANAGE CINCINNATI

Cincinnati, Dec. 12.—The appointment of "Hank" O'Day as manager of the Cincinnati baseball club today, caused surprise among baseball followers in this city. While O'Day's name has been mentioned with a score of others for the place, it was believed that President Hermann desired a playing manager and that he would appoint no other.

He had been investigation with several clubs for a player manager, but these clubs placed too high a value on the players. This fact evidently decided Mr. Hermann in selecting a bench manager.

Oakland Signs New Manager.

New York, Dec. 12.—It was announced tonight that "Bud" Sharpe, first baseman of the Buffalo club, had been signed as manager of the Oakland, Cal., club of the Pacific coast league. Sharpe succeeds Harry Wolverton, who has been engaged as manager of the New York Americans.

Attell and Kilbane Matched.

Los Angeles, Dec. 12.—Abe Attell, champion feather-weight, and Johnny Kilbane of Cleveland, have been matched to fight twenty rounds at Vernon February 22, for the championship. The men are to weigh 122 pounds at the ring-side.

If you want a good riding horse, call the Grannis Riding School, 114 W. Silver, Phone 1030.

With the Coming of Middle Age

phos is letting down in the physical forces often shown in annoying and painful kidney and bladder ailments and urinary irregularities. Foley Kidney Pills are a splendid regulating and strengthening medicine at such a time. Try them.—J. H. O'Reilly.

Knockout Scored by Trendall.

Fort Worth, Tex., Dec. 12.—In the fourth round of a scheduled twenty round bout, Harry Trendall of St. Louis tonight knocked out Danny Goodwin of Denver before the Fort Worth Athletic club. Trendall easily outpointed Goodwin.

The Journal's Children's Thanksgiving Matinee at Crpheum Theater.

This popular playhouse, although the first in the city to open its doors to the public, has quickly taken its place as one of the leading amusement resorts in Albuquerque. It is already recognized as the theatre that gives something different in the way of amusement. While the building's perfect sanitation because of its fine system of overhead ventilation, and its absolute fire-proof construction make it at once the ideal pleasure seeker's mecca.

This week's bill is another pleasant surprise. The Two Murrys, Novelty Cowboys' singing and rope-spinning act, and Leon and Virginia and the chorus are entertaining the crowds nightly.

Two shows each night. All seats 10c.

MAJOR LEAGUES CARLSBAD PROJECT END OFFICIAL INTERCOURSE UNDER WAY

American Refuses to Have Any Further Dealings With National as Result of World's Series Ticket Scandal.

[By Morning Journal Special Leased Wire.]
New York, Dec. 12.—Official intercourse between the two major league baseball leagues ceased this afternoon, upon the adoption of a resolution to that effect by the American league, except so far as the American league deems itself obliged to deal with the National, under the national agreement and in the words of the resolution, "As may be requisite for the safeguarding of its territorial and player rights."

Thomas J. Lynch, president of the National league, after reading the resolution said that the only intercourse that there ever had been between the leagues, came under this exemption.

There seemed considerable doubt in President Lynch's mind as to just what construction to place upon the American league's action. There were a multitude of reports to explain why it had been adopted. One had it that the resolution was the American league's answer to the statement last night of August Hermann, chairman of the national commission, that little headway had been made in the investigation of the world's series ticket scandal.

The resolution follows:

"Resolved, That the American league will continue to exercise its privileges and observe its obligations under the national agreement, but will decline to have further intercourse with the National league, except so far as may be requisite for the safeguarding of its territorial and player rights. Be it further,

"Resolved, That the American league will not be represented in another series for the championship of the world or in any other inter-league event until accorded a charge of the sale of tickets to games played on its grounds under an arrangement and with the understanding that it shall not assume responsibility for the conduct of the business department of games at the park or the other contesting club."

"What does it mean?" President Lynch asked after reading it over twice.

"The American league never had any official dealings with the National league outside of their committee—including the schedule committee—which meets as the national agreement requires them to. So far as world's series tickets are concerned, the national commission for the first time gave the clubs this year the full right to sell tickets to the world's series games in their respective cities."

Barney Dreyfus of the Pittsburgh club and other National league men, had tried to convince that the "break" did not threaten a baseball war, pointing out that it would not involve working relations of the national agreement.

Aftermath of the ticket scandal caused much commotion today. Second only to the American league's resolution was the interest attached to the making public of a peppy letter written by John T. Brush, president of the New York Yankees, in which he held out an answer to inquiries propounded by the National commission.

Mr. Brush declared, after investigating the ticket scandal:

"I have been able to trace but one ticket for the world's series from legitimate hands to a patron through a scalper and that ticket passed through the hands of August Hermann, the chairman of the National commission to B. B. Johnson, president of the American league in Philadelphia."

"The gentleman who used the ticket sat between August Hermann and John E. Bruce, secretary of the National commission, in the seat allotted to B. B. Johnson by Chairman Hermann for the third game and he informed Chairman Hermann, Secretary Bruce and President Lynch, who also sat next to Hermann, that he bought the seat from a scalper outside of the park for five dollars."

To President Johnson, the American league left the task of stopping gambling in baseball pools. He also was given full power to act for the league on the request of the International and Pacific Coast leagues and American association for either classification. Mr. Johnson, it is understood, will vote for the higher rating.

Prize Fighter's Ribs Fractured.
Leadville, Colo., Dec. 12.—Howard K. Baker of Boulder, Colo., was given the decision over Patsy McKenna of California, after ten rounds of a scheduled twenty-round contest tonight. McKenna's seconds threw up the sponge when it was discovered that the Californian had three ribs broken.

Cabinet Discusses Tariff.
Washington, Dec. 12.—The general tariff question and the wool schedule to be treated in the president's forthcoming message to congress were discussed by the cabinet today.

The message will be sent to congress next week.

GALLUP CONCERN SUES COUNTY TREASURER

R. H. Beddow Company Asks Damages in Sum of \$200 for Alleged Excessive Tax Valuation.

The Reese H. Beddow company of Gallup yesterday filed suit in the district court of McKinley county against Gregory Page, treasurer and ex-officio collector of McKinley county, for damages in the sum of \$200, claimed to be due because of an alleged attempt on Page's part to collect as taxes more than the amount legally due.

The petition sets out that the legal tax rate for McKinley county for the year 1911, was fixed at .0485, and that the company is possessed of property subject to taxation in the amount of \$3,540. Taxes on this amount of property would amount to \$171.30.

On December 11th, the plaintiff tendered that amount to the defendant, who refused to accept it, and demanded \$255.84, or \$84.54, in excess of what was paid in 1910 on practically the same property value.

The allegation is made that the amount is excessive and unlawful, and that in the demand for a greater amount than is legally due, damage has been done to the plaintiffs in the sum of \$200 with costs. A temporary writ of mandamus is also asked, compelling the treasurer and ex-officio collector of the county to take the amount offered on December 4.

Files Suit on Account.

The Consolidated Liquor company, successors to the Consolidated Keg Beer company, yesterday through its attorney, Isaac Barth, filed suit against Jose and Bartolo Trujillo for \$165.55, an amount alleged to be due for goods, wares and merchandise, sold and delivered in 1908 and 1909.

Ritter Arrested for Vagrancy.

Fred Ritter was arrested by Deputy Sheriff Carlos Arnold yesterday afternoon on a charge of vagrancy. Ritter claims to have been employed as a painter since his release from the county jail on a suspended sentence two months ago. At the time of his trial on a charge of larceny from a shop, he having entered a meat market in Old Albuquerque and carried away 448 worth of meat, his sentence of one year in the penitentiary was suspended at the instance of Captain Wendell of the Salvation Army. Since that time Ritter has been around town.

Two Are Sent to Asylum.

John Hughes Means was yesterday ordered committed to the hospital for the insane at Las Vegas by Judge Abbott. As a result of overwork, Means had suffered a complete breakdown, and his mind has become affected. In order that he might secure treatment Means was sent to the asylum.

Edith Gertrude Vaughn was also

re-committed to the asylum. Mrs. Vaughn has been suffering from serious nervous attacks for some time, and a change of location and surroundings has been advised for her.

City Attorney Argues Motion.

A motion to quash the complaint in the injunction proceedings filed by Chavez et al. against the city of Albuquerque to prevent the city from filling up and ceasing to use a portion of the ditch known as the Arecuina Padre, was argued by City Attorney Collins before the court yesterday. Judge Abbott reserved his decision.

Hears Affidavits in Damage Suit.

Judge Abbott yesterday heard the affidavits of Elfrigo Paces upon the motion of City Attorney Collins to re-open the case of the City of Albuquerque in which a judgment by default for \$5,000 was given October 5, in favor of Mr. Paces. After the filing of the affidavits which opposed the re-opening of the case Judge Abbott granted Attorney Collins more time in which to file still further affidavits in support of his motion to re-open the case. These will be heard today.

Without opiate or harmful drug

of any kind Foley's Home and Compound stops coughs and colds. Do not accept any substitute.—J. H. O'Reilly.

Optimism Conference in Session.

The Hague, Dec. 12.—The international Optimism conference today adopted China's proposal that all the governments represented at the conference bind themselves to prohibit the export of opium to China, not marked by the government of British India. A second resolution was adopted in favor of the prohibition of the operation and exportation of new opium.

Cattlemen Oppose Lower Tariff.

Denver, Dec. 12.—At the annual convention of the Colorado Live Stock association which opened here today the delegates went on record against the reduction in the dressed meat or cattle on the hoof tariff on the ground that such action would not result in cheaper meat, but would tend to depreciate the value of American grown stock.

SHOE MACHINERY COMPANY IS SUED

Boston, Dec. 12.—A suit asking for the dissolution of the United Shoe Machinery company was instituted this afternoon by the federal government, which filed a bill in equity in the United States circuit court.

The bill is brought against the United Shoe Machinery corporation, the United Shoe Machinery company of New Jersey, eighteen subsidiary corporations and twenty-three individuals, to restrain the defendants from "maintaining or engaging in unlawful combinations, confederacies and conspiracies in restraint of interstate and foreign trade and commerce, in violation of the Sherman act. The court is asked to order the dissolution of the defendant corporations in so much parts that no one of them will constitute a monopoly or can become a monopoly of the same machinery business."

Carl Morris Whips Williams.
Cleveland, O., Dec. 12.—Carl Morris, the Oklahoma giant, made short work of Al Williams of Cleveland tonight. The fight was stopped in the third round, so severely was Williams being punished and so hopeless was his fight against Morris.

GENUINE THIRST FOR INFORMATION ON NEW MEXICO

Real Dope Requested From All Parts of Country; No Demand for Sand Dune, Cactus and Bad Man Stories.

One of the most beneficial results of the completion of the New Mexico state government in the way of publicity is indicated in the large number of requests now coming into the Bureau of Immigration office here for data, photographs, etc., having to do with the natural resources and industrial development of the new state. These requests are coming from all parts of the United States, from newspapers, news syndicates, journalists and special writers, who have found opportunity for placing articles about the state. During the past week one of the largest of the Washington news syndicates, furnishing a daily letter to more than 60 of the largest newspapers in the eastern and southern states, sent a member of its staff of special writers to New Mexico to prepare a series of five articles on the state. Each one of these articles will have an immediate circulation of more than two million, through the newspapers served by this syndicate, and each one will be extensively copied, thus forming an advertisement of the highest class, and one that it without a cent of cost to the state. The nature of the articles now being prepared is most satisfactory. They are to deal strictly with the resources and development of the state. Not a word will be said of the "sand and cactus" dope of other days. There will be no "bad man" stories.

The character of the articles to be sent out by this syndicate is typical of the data requested by other news sources throughout the country. It would appear from the number and nature of these requests that the day for featuring "The bad man with the gun" and the sand and sage brush.

FOUR

BURDENS LIFTED

From Albuquerque Backs—Relief Proved by Lapse of Time.

Backache is a heavy burden. Nervousness wears one out. Rheumatic pain, urinary ills. All are kidney burdens. Fully effects of kidney weakness. No use to cure the symptoms. Relief is but temporary if the cause remains.

Cure the kidneys and you cure the cause. Relief comes quickly—comes to stay.

Doan's Kidney Pills cure kidney ills. Prove it by your neighbor's case. Here's Albuquerque testimony.

The story of a permanent cure. Mrs. Frank J. Smith, 1621 South Arno street, Albuquerque, New Mexico, says: "I derived great benefit from Doan's Kidney Pills and this has led me to recommend them to more than one of my friends. For five years I was troubled by a dull pain in the small of my back, always more severe if I stood for awhile. I always felt tired and I was unable to get relief from me. Finally Doan's Kidney Pills were brought to my attention and on taking them, I received relief. I have unlimited confidence in this remedy and shall always have a good word for it."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, sole agents for the United States. Remember the name—Doan's—and take no other.

NEWEST SANTA FE FLYER DE LUXE IS A MARVEL

Extra Fare Flyer on Maiden Trip From Chicago to Los Angeles Goes Through in the Morning.

The first Santa Fe De Luxe left Chicago last night and will arrive in Albuquerque tomorrow morning at 8:35, in charge of Conductor John Fisher and crew. A ten minute stop will be made at Albuquerque, the longest between Los Angeles and Kansas City, to take on and discharge passengers, and to change engines.

This train is reported to be the finest on the entire continent and is the only extra fare train running over the Santa Fe system between Chicago and the Pacific coast.

The equipment of the De Luxe will be limited to six cars—one observation Pullman, one conventional Pullman, two all drawing-room Pullmans, one club car and one dining car. The cars, all of which have been newly built in the Pullman shops expressly for this train, have steel underframes, with wood exteriors. The train is electric lighted and steam heated.

A number of special features are provided not usually found on trains. Each train will carry a barber. Rooms with shower baths will be provided. A maid and an expert manicure and hair-dresser will look after the women passengers. A stenographer will be ready to take dictation. Women will be provided with California flower, a short time before leaving Los Angeles. In the club car bulletins of the world's daily news will be received also live stock and market reports. Albuquerque is one of the very few places along the line of the Santa Fe where passengers can board. The extra fare, however, between both this city and Chicago on the west and Los Angeles on the east is \$25.

Arriving in Los Angeles the equipment will lay over there until the following Tuesday when the return trip will be made. The train will reach Albuquerque on the following Wednesday evening.

Conveniently with the start on the return trip, another de luxe train will leave Chicago for the coast and for the rest of the winter season one extra fare train a week each way will pass through Albuquerque.

The employees of the Santa Fe are enthusiastic over the train and many of the night men have announced their intention of staying up tomorrow morning to see the new configuration arrive in Albuquerque for the first time.

LOCAL MEN FILE UPON MIMBRES VALLEY LAND NEAR TOWN OF COLUMBUS

Dr. J. Schweitzer and wife left last night for Columbus, N. M., to file on a section of land in the Mimbres valley. The water here is some three miles from the river. Dr. C. Howell and wife are also filing on an adjoining section and several others are going down there to do likewise in the course of a few days. Relinquishments are said to be selling in that locality for \$1,000 a quarter section and it is believed the rise in land values there will be very rapid.

Send your soiled clothes to **The Duke City Cleaners,** 226 WEST GOLD AVE. The most up-to-date cleaning plant in New Mexico. Outside Orders Solicited.

NEW OFFICERS OF Y. W. C. A. ARE ELECTED

Board of Directors Hold Annual Meeting at New Home on South Third Street; Two Resignations Accepted.

The newly elected board of directors of the Y. W. C. A. held their first meeting yesterday afternoon at 2:30 o'clock in the new home of the association on south third street. Officers of the association for the ensuing year were elected.

The resignations of Mrs. W. R. Mattoon and Mrs. Pitt Ross were read and accepted with reluctance, and Mrs. H. E. Pollock and Mrs. R. A. Kistler were elected in their stead. The following officers were chosen: President—Dr. Margaret G. Cartwright.

First Vice-President—Mrs. C. O. Beckman. Second Vice-President—Mrs. G. L. Brooks.

Recording and Corresponding Secretary—Mrs. John Morley. Treasurer—Mrs. E. A. Field.

The following ladies were appointed chairmen of the standing committees of the association for the next year:

Devotion Committee—Mrs. J. H. Heald. Membership Committee—Mrs. J. C. Baldridge.

Finance Committee—Mrs. George S. Klock. House Committee—Mrs. S. C. Minnie.

Educational Committee—Mrs. Roy McDonald. Social Committee—Miss Erna Ferguson.

The special committee chairmanships for the ensuing year as follows: New Home and Improvement—Mrs. Roy McDonald.

Campaign Fund—Mrs. G. L. Brooks.

SOMETHING NEW IN INCUBATORS

Moisture Regulating Device Innovation on "Mandy Lee" Product; Makes Hit With the Poultrymen.

A moisture regulating device is the novel feature of the "Mandy Lee" incubator, now being handled in this city by E. W. Fee, the well-known poultryman, and it has attracted much interest among poultry raisers, being especially adapted to the high altitude and dry air of this section. Mr. Fee has several of these incubators beautifully finished in California redwood on display in the new department of his big store just opened, devoted entirely to poultry raising apparatus, including all the latest improved mechanical devices used by the chicken men. The "Mandy Lee" is manufactured by the George H. Lee company of Omaha, and is the invention of a practical and experienced western poultryman. Other incubators have heat regulators, but the moisture device is something entirely new.

Mr. Fee's large special catalogue of poultry supplies will be mailed anywhere on request and for local chicken raisers a visit to his new poultry supply department will be well worth the while.

GET YOUR TICKETS THIS MORNING

Public Assured of a Musical Treat By Whitney Brothers' Quartette at Elks Theater Friday.

Nearly 500 season tickets are in the hands of patrons and everything indicates that the Whitney Brothers quartette, the first number in the Lyceum course at the Elks theater Friday night will be a winner. The seat sale opens this morning at Matson's and the demand will be heavy. This musical aggregation has sung its way several times across the continent and into the hearts of thousands of people. The versatility of these brothers in repertoire is wonderful. In places where they are now appearing for the sixth season they present an entirely new program, except where special numbers are repeated by request. The quartet is singing to large audiences this evening at Matson's and the demand is so great that it will be greeted by a large house in this city Friday night.

The Great American Play. "The Lion and the Mouse" is strictly American and the play was written by an American. It is one that will intensely interest any audience in America.

UNIVERSITY WILL CHOOSE SUBJECT THIS WEEK

This Afternoon Debating Club Is to Discuss Question That United States Navy Should be Increased.

This afternoon the University Debating club will meet in the classroom of Professor Stephens at the university and discuss the question of "Resolved: That the United States Navy Should be Increased."

Three debaters have been chosen for each side. The affirmative will be composed of B. O. Brown, F. M. Calkins and W. J. Higgins. The negative will be taken by E. S. Seder, Matilda P. Allen and J. C. Nichols.

The present week is the last reserved to the university oratorical society for the choice of a subject for the annual intercollegiate debate. Before the week is over the choice of questions, which remains with the variety, must be submitted to the Agricultural College at Mesilla Park, so that the college team may choose its side.

The history seminar on Thursday afternoon will be occupied by John G. Pease who will address the students and faculty upon "Personal Experiences in Jerusalem."

The Science seminar on Friday afternoon, the last session of the present year, will be occupied by B. D. Gladstone with a discussion on a "Proposal for Sewerage Disposal." This address will be illustrated by maps and charts.

The Christmas vacation will begin Friday and continue until January 2.

INSTALLING NEW FIRE ALARM SYSTEM

G. L. Dodson, Assistant City Electrician of Pueblo, Arrives in Albuquerque to Direct and Assist in Work.

G. L. Dodson, assistant city electrician of Pueblo, Colo., arrived in Albuquerque early yesterday morning to install the new city fire alarm system. In order to undertake the present task Mr. Dodson obtained a ten-day lay-off from his regular duties at Pueblo, and immediately on arriving here began putting the new switch board in order.

For the last month parts of the new alarm system have been arriving. One day a shipment of battery jars would come, and possibly the next day would see the arrival of plates or parts of the switch board. There still remains to be received about fifteen jars before the equipment is complete.

This material was ordered some six weeks ago by the city council, which acted upon the suggestions of L. P. Terhune, inspector of risks for the Rocky Mountain Fire underwriters, in addition to a new automobile engine has been ordered from the American La France Fire Apparatus company. This is being made to order and therefore delivered before February.

When the new equipment arrives and the fire alarm system is installed, Albuquerque will be as well equipped for fire fighting as any city of its size in the country.

REPORT OF SALVATION ARMY FOR FIVE WEEKS SHOWS MUCH PROGRESS

Following is the Salvation Army report for the five weeks ending December 10:

Open air meetings held, 35; attendance, 750; inside meetings held, 25; attendance, 295; Sunday school, 52; families prayed with, 50; professional conversation, 11; given lodging, 46; shoes and garments given, 206; meetings held in jail, 10; papers given in jail, 150; income, \$123.05; expenditure, \$112.69.

There has been good attention given by prisoners at the jail meetings and situations found for many released who are keeping their parole and doing well. The county and city officials and Benevolent society have cooperated and aided to bring about the results.

CAPT. O. WENDEL.

FIRE DEPARTMENT MADE TWO RUNS LAST EVENING

The Albuquerque fire department was called upon yesterday evening twice within an hour. The first alarm was false, and the second one almost so, as only a bunch of burning weeds were found in Martin's town to justify the calling out of the fire company.

The first alarm was turned in from the corner of Eighth street and Tularia avenue. At first it was thought the second alarm was also a false one, as it came in from a box on the same line as the first alarm.

Scene From "The Clansman," at Elks' Theater, Saturday, Dec. 16.

WILL PUSH BILL FOR 'THE CLANSMAN' AT ELKS' THEATER

Board of Regents to Urge Passage of 250,000 Acre Grant Authorizing \$100,000 Bond Issue.

The principal matter of interest which came before a meeting of the board of regents of the University of New Mexico yesterday was the necessity of urging the passage by Congress of the bill introduced by Senator Pomeroy of Ohio, granting 250,000 acres of land to the university and authorizing the territory to issue bonds against this land in the sum of \$100,000 for the maintenance of the institution.

To be effective this measure must be passed before New Mexico formally becomes a state. The measure is understood was when last heard of in the hands of the senate hand committee. The regents will communicate with various senators in the effort to have this bill pushed through.

The regents otherwise transacted only routine business yesterday. Messrs. F. W. Chaney, James H. Wroth, R. W. Hopkins and McKee of Clovis were present, the other members of the board, Lee A. M. Manfiala being absent from the city.

AN ALARM AT NIGHT

That strikes terror to the entire household is the loud, hoarse and metallic cough of alarm. No mistaking it, and fortunate then the lucky parents who keep Foley's Honey and Tar Compound on hand. H. W. Casselman, Canton, N. Y., says: "It is worth its weight in gold. Our little children are troubled with colds and hoarseness and all we give them is Foley's Honey and Tar compound. I always have a bottle of it in the house."—J. H. O'Reilly.

ODDFELLOWS DANCE THIS EVENING

Harmony Lodge Announces Last of Series of Entertainments for Benefit of I. O. O. F. Home at Roswell.

The last of the series of dances given by Harmony lodge No. 1, I. O. O. F., for the benefit of the I. O. O. F. home at Roswell, will occur this evening at the I. O. O. F. hall.

The committee in charge of the arrangements have spared no time or effort to make the affair the most successful of the series. The Oddfellows enjoy a reputation as entertainers second to none in Albuquerque, and the personnel of the committee is a sufficient guarantee of the quality of the entertainment that will be afforded. Following is the members of the committee: George W. Dexter, J. H. Shuffelberger, R. H. Crawford, T. T. Wells, J. H. Collier, John D. Hughes.

Where the Locality Does Not Count. Wherever there are people suffering from kidney and bladder ailments, from backache, rheumatism and urinary irregularities, Foley's Kidney Pills will help them. Helvidson, H. E. H. Kelly, an ex-soldier says: "Three years ago my kidneys became so bad that I was compelled to give up my engine and quit. There was a severe aching pain over the hips, followed by an inflammation of the bladder and I was a sick man. I was well man. I can not say too much in their praise."—J. H. O'Reilly.

\$3,000 WORTH OF BROOM CORN AT TUCUMCARI

Big Crops for Big Prices the Rule in Quay County; Good Wet Season Productive of Cheerful Farmers.

(Special Correspondence to Morning Journal) Tucumcari, N. M., Dec. 11.—Near three thousand dollars worth of broom corn was delivered in Tucumcari during the last week, most of the product coming from the Jordan district. The largest sale was that of H. C. Greer which amounted to \$650. J. P. C. Langston has been hauling some time make to market the quality being above average for this vicinity.

J. S. Law of Jordan is marketing his broom crop, the yield being an average of five hundred pounds to the acre. C. H. Wyatt delivered a load of wheat in Tucumcari this week, receiving one dollar a bushel for it. Reports from east of here show that there is the best season in the ground this year for several years past and in part of the county there is now over five inches of snow on the ground with snow storms every few days. Snow began falling in Tucumcari Monday morning and there is every indication of a good precipitation.

Those farmers who have remained with their farms and properly cared for them are having success in their work and it is said that their example is causing others to work their ground early during the winter months and thus preserving the moisture which falls instead of leaving as in former years to return with the spring rains. For this reason Quay county crops are steadily increasing in amount and the outlook is the most hopeful in years.

The New Mexico Retailers' association, which began operations in Tucumcari a few weeks ago by organizing a local here, is gradually extending its operations over the state. Carrying and several other towns have been organized this week. At Logan where an organization was just completed, the following officers were elected: R. L. Smith, president; James E. Johnson, vice-president; J. P. McFarland, treasurer and Paul Jones, secretary. The board of directors composed of five members, was elected as follows: D. W. Clark, J. S. Law, W. E. Curran, who conducted one of the first newspapers in Tucumcari, has returned to this city and will begin publication this week of the Quay County Democrat. The plant will be established in the Curran building on east Main street. The paper will be issued every Friday and will operate independent of any political ring, it is said. L. M. Goldberg, who has conducted a tailoring establishment in the Curran building, has removed his place of business to the building on west Main formerly occupied by the Brewster cafe.

A new license ordinance, covering the business of Tucumcari, was passed at the regular session of the city council this week. Seventy-three different businesses and trades are listed, this being an increase over the previous ordinance. The question of new sidewalks and additional water mains was discussed a number of new walks being ordered constructed. W. H. Slaughter has been elected city clerk in place of S. T. Hopkins, resigned.

RETURNS FROM NINE COUNTIES REMAIN TO BE CANVASSED

BOARD MAKES RAPID
PROGRESS YESTERDAY

Neck and Neck Race for Supreme Court Will Not be Decided Until Last Precinct Is Officially Counted.

(Special Dispatch to the Morning Journal) Santa Fe, N. M., Dec. 12.—The official canvassing board at work on the returns from the election of November 7 made unexpectedly rapid progress today, and it is now safe to predict that it will have completed its work and reported to the president before the end of next week.

Today the returns from the counties of Rio Arriba, Roswell and Sandoval were disposed of, the official count disclosing that the early reports from these counties were practically correct. Tomorrow morning the county of San Miguel, with its fifty-four precincts will be taken up and it is expected that the entire day will be required for its disposition. Following San Miguel comes San Juan, Santa Fe, Sierra Socorro, Taos, Torrance, Valencia and Union, and it is expected that these nine counties will be disposed of at the rate of about three daily.

When the canvass is completed there will come the arguments on points of dispute in which exceptions are noted during the progress of the count, but the hope is held out that these arguments will not be lengthy, it being pointed out that unless the matters in dispute affect the result, no good purpose would be served by long arguments.

The race for supreme court justices continues to be the feature of interest in the count, the candidates all running neck and neck. The official canvass of the first fifteen counties, including Rio Arriba, shows the candidates standing as follows:

Hanna (progressive)	18385
Burkhart (dem)	18310
Dunn (dem)	18235
Roberts (rep)	15382
Parker (rep)	15322
Wright (rep)	15326

Adding the returns from the remaining eleven counties shows the standing of the candidates for judge as follows:

Roberts (rep)	29439
Parker (rep)	29275
Hanna (progressive)	29212
Wright (rep)	29194
Burkhart (dem)	29228
Dunn (dem)	29175

On the same basis the estimated vote for other candidates on the state ticket is as follows:

For Governor:	
McDonald (dem)	30791
Burum (rep)	27,539
For Congressman:	
Curry (rep)	29926
Ferguson (dem)	29836
Baca (rep)	29512
Valverde (dem)	29318
For State Auditor:	
Sargent (rep)	29273
Delgado (dem)	29294
For Land Commissioner:	
Erwin (rep)	29523
Emerson (dem)	29095
For State School Superintendent:	
Stroup (rep)	29430
White (dem)	29412

INAUGURAL BALL JANUARY 1

Committee Announces That There Is Only Remotest Possibility That Affair Will Have to be Postponed.

(Special Dispatch to the Morning Journal) Santa Fe, N. M., Dec. 12.—The unexpectedly rapid progress of the official canvass has caused renewed activity on the part of the committees in charge of arrangements for the inauguration. It was at first feared that a postponement might be necessary, but this fear has been about dispelled and there remains little doubt in the minds of the committees that the affair will be carried out on January 1, in accordance with the plans as at first outlined.

The committee desires to call the attention of the public to the fact that no formal invitations have been issued, and that a general invitation is extended to the people of New Mexico to participate in all the features of the inauguration, including the reception in the old palace and the ball in the armory. The price of the tickets for the ball has been placed at \$10. These tickets are good for the admission of one gentleman and one or more ladies, no charge being made for the ladies.

COURT UNDER WAY AT ESTANCIA

Grand Jury Gets Busy in Torrance County; Two Defendants Dismissed By the Court.

(Special Dispatch to the Morning Journal) Estancia, N. M., Dec. 12.—The grand jury in the district court for Torrance county, was empaneled, charged, and got busy this morning, remaining in session all day. In the case of G. W. Hill, charged with making a false financial statement, the indictment was quashed, the court sustaining a demurrer setting forth that there was nothing to show that defendant had profited in any manner by reason of the alleged misstatement. On motion of defense, not resisted by the territory, the court also dismissed Pedro Aragon, charged with rape.

CANNING FACTORY PROPOSED FOR ROSWELL

Ohio Man Investigating Field With View to Investing Sixty Thousand Dollars in Pecos Valley District.

(Special Correspondence to Morning Journal) Roswell, N. M., Dec. 12.—A canning factory that will cost from sixty to eighty thousand dollars will be built in Roswell if James Stoops, of Dayton, Ohio, finds conditions suitable. He has been investigating the proposition the past few days. Mr. Stoops is president and manager of the Van Wert Packing company, with canning factories at Van Wert and Mendon, Ohio, and Warsaw, Ind. He has found that plenty of apples can be secured here for canning purposes at the right prices, but wants a quantity of 1,000 acres each of corn, tomatoes, beans and beans. Freight rates and labor are the other points being investigated.

City Relieved of "White Elephant." The "white elephant," consisting of 35 pounds of dynamite buried in twenty or thirty holes, has been taken out of the hands of the city administration. The city gave permission for an exhibition in dynamiting and at the last moment after 35 pounds of high explosive had been buried, citizens filed objections and the show had to be called off. The city was then in for it. The dynamite was dangerous if left in the ground and could not be exploded. The Dupont Powder company people, who put in the charge, removed the explosive today by digging trenches through the series of holes and gradually and carefully crumbling away the dirt from around the dynamite. An exhibition will be given later without the city's limits.

Pecos Valley Gun Club. A Pecos Valley Gun Club league with teams in Roswell, Dexter, Hagerman, Lake Arthur, Artesia, Dayton, Lakewood and Carlsbad, is to be organized after the end of the present hunting season, which will soon come to a close. W. F. Cobb, of Albuquerque, is the man who will set up the league, being interested in sports. He says that the Pecos valley is the only portion of New Mexico supporting enough towns close enough together to make a league possible. A schedule of weekly events will be arranged, similar to baseball league schedules.

SLOW WORK GETTING JURY FOR PACKERS

Chicago, Dec. 12.—The trial of the ten Chicago meat packers indicted for violation of the criminal provisions of the Sherman anti-trust law, was adjourned before the usual hour today because of the absence of jurors. The jury was expected to be ready tomorrow.

Stopping Light Stops Decay

Light starts decay even in pure beer. Dark glass gives protection against light. Schlitz is bottled in a brown bottle to protect its purity from the brewery to your glass.

In the Schlitz Brewery, some say, protection against impurity is carried to an absurd extreme. We don't think so.

We have adopted every idea, every invention to attain and preserve purity.

We scald every tub, keg and barrel—every pipe and pump—every time we use it. We wash every bottle four times by machinery. Even the air in which the beer is cooled is filtered.

It is aged for months in glass enameled tanks. It cannot cause biliousness. It will not ferment in your stomach.

If you knew what we know about beer, you would say, "Schlitz—Schlitz in Brown Bottles."

ALBUQUERQUE NEW MEXICO

CHEER UP—THE WORST IS YET TO COME.

The editor of that justly celebrated
stand pat instrument, the Santa Fe
New Mexican, which as usual showed
signs of getting on the bandwagon
as soon as the result of the late elec-
tion was apparent, evidently has had
a recurring attack of oligarchical
delusion, in a very ill-tempered
denunciation of the plan of the dem-
ocrats and progressive republicans to
have the predominating sentiment of
the state properly represented in the
United States senate by men who are
not stand-patters. It has been dis-
covered, says the New Mex., that "there
are three insuperable obstacles to de-
livering the two United States sena-
torships to the progressives and the
democrats. These are the loyalty and
incorruptibility of the republican
legislators, National Committeemen
Solomon Luna and Delegate W. H.
Andrews."

This seems curious—that these two
loyal and incorruptible gentlemen are
going to loyalty and incorruptibility
prevent the people of New Mexico from
being represented in the United
States senate by men of the dominant
political element—the democratic-
progressive element. Certainly the
result of the late election can not in-
dicate to Messrs. Luna and Andrews
that the voters are seething with
anxiety to send them to Washing-
ton to speak for New Mexico in the
legislative halls.

It might be asked how far the
loyalty and incorruptibility of these
two sterling leaders, who secured their
party's overwhelming defeat, is go-
ing to extend. Do they hope, loyalty
and incorruptibility, to prevent the peo-
ple of New Mexico passing laws in
accordance with the prevailing senti-
ment as shown by the election?

Do they actually expect as evi-
denced by their recent interview with
the president, to loyalty and incorrupti-
bly dictate, in behalf of the defeated
minority, federal appointments?

It will be far more fitting for these
two badly discredited politicians to
retire loyalty and incorruptibility
and as gracefully as the situation will
permit, to the uttermost parts of Va-
lencia county and Pittsburg, and re-
frain from further futile attempts to
maintain a pose of leadership. Cer-
tainly their reputation has been
complete and convincing enough to
send them into the background.

As to the New Mexican, and its ap-
prehensions, we can only advise it to
cheer up; for, as it fears, the worst
is yet to come.

THE SUNSHINE STATE.

It takes a newcomer or a man who
has spent a season in the east to fully
appreciate the significance of the
official title of autonomous New Mex-
ico as "The Sunshine State." We
who are used to the genial effulgence
of old Sol as he effulges in the south-
west become hardened to our chief
blessing and go about our business
without a thought of the priceless
boon of the all-penetrating, healing,
wholesome, cheery sunlight, one day
of which would create a real sensation
in Washington or New York or Chi-
cago or Pittsburg. They have, to be
sure, their sunny days; but by the
time the rays of the luminary have
filtered through the extra mile of
smoke and humidity and haze and
fog, the result is a pale, wan, dis-
courageous affair which is unrecogniz-
able as the same radiance which beams
upon the high country of the south-
west.

It is the sunshine which will make
New Mexico famous; it is the sunshine
which makes her people cheerful and
optimistic and energetic and buoyant;
the sunshine which makes them well
and the sunshine which transforms a
barren desert landscape into a mass
of shifting colors and a thing of beau-
ty.

We don't fully appreciate our sun-
shine and we don't say enough about
it to the people we are seeking to
bring to the Land of Opportunity.

VITAL STATISTICS LEGIS- LATION.

Legislators will meet this winter
in Kentucky, Louisiana, Maryland,
Massachusetts, Mississippi, New Jer-
sey, New York, Rhode Island, South
Carolina and Virginia. In four of
these states—Louisiana, Mississippi,
South Carolina and Virginia—there
are no provisions whatever for the
proper registration of births and
deaths, except in a few of the larger

cities where there is some form of
death registration. Strange to say,
says the Journal of the American
Medical Association, all four of these
are southern states, where, on account
of former epidemics, a reputation for
good health conditions should consti-
tute a most valuable asset. How many
people died in Mississippi last year of
malaria? What was the total number
of deaths last year in any of these
four states? Is the death rate rising
or falling? Is the amount of sickness
increasing or decreasing? Nobody
knows, because there is no record kept
of births or deaths in these states.
How strange that men will carefully
recount all business transactions, will
insist on books being kept correctly,
even to the difference of a penny, will
record the birth and pedigree of their
horses, cows, pigs, dogs and cats, but
will permit their parents to die and
be buried and their children to be born
without any legal record of these
events being made! Bank balance
sheets, corporation reports, auditors'
reports are all recognized as records
of value, but in only twenty-four
states do we know how many human
lives are lost each year, for in the
other twenty-five states no books are
kept. In only nine states are any birth-
records kept, and even in these states
such records have been kept only a
few years. In the census reports for
1910, the disgraceful fact appears that
our death-rate is based on returns
from 53.3 per cent. of the entire popu-
lation, since among the remaining
47.7 per cent. there is no way of de-
termining the number of deaths. This
situation has long been a disgrace to
our nation. In Alabama, Florida,
Georgia, Kentucky, Louisiana, South
Carolina, Tennessee, Texas and Vir-
ginia, an effort has been made to re-
corder deaths in the larger cities. In
none has any general registration of
deaths or any recording of birth in a
way been provided for. In Louisi-
ana, Mississippi, South Carolina and
Virginia, the coming session of the
legislatures offers an opportunity to
stone for long-standing neglect of this
important duty. One of these states
can have the honor of being the first
southern state to make proper provision
for the recording of births and
deaths. Which will it be?

HIGH-BROW CUSS-WORDS.

What is profanity and what strange
psychological condition prompts a
man to indulge in it? This question
has been argued pro and con for ages.
Some claim that it is the result of
man's desire to defy a Higher Power,
but there is little of this desire in the
profanity of the French. They prefer
to call upon a holy color or a thou-
sand pots of thunder. Occasionally,
when they are unusually enraged,
they will mutter "Mille diables," thus
hoping, perhaps, that the thousand
devils invoked will fly away with the
one upon whom they wish ill-luck to fall.

Gelett Burgess, in his latest novel,
"Find the Woman," introduces an in-
teresting study of the art of profan-
ity. He sets forth the theory that
swearing makes an appeal to the ear
rather than to the mind, and that the
curses of every language are eupho-
nics. One of his characters, a doctor,
is depicted as being a hypocrite of the
first water. He is the president of the
Anti-Curses League, and yet he can
swear more effectively than any man
in New York City, and he uses
nothing but scientific terms in his pro-
fane vocabulary.

In one instance he becomes en-
raged at a dray-driver who is block-
ing the progress of the Anti-Curses
parade. The doctor gives vent to his
anger in this fashion: "See here, you
clavodetoid compresbyterial galvair-
aging Gonitery, do you think I will
take any of your psempermatie post-
coerene retromorphosed labefaction?"

You inebrant heliomietrie hallan-
shaker, you you gisconderm, you
green-silled sesquipedalian, if you
give me any more of your congomini-
ate gargastic fumentations benad-
delgale, I'll have you pragmatically
arrested."

They are coronating King George al-
low again, this time at Delhi. Can
it be possible that the rather elabo-
rate operation recently performed in
London failed to "take"?

Any attempt to insert Mr. Andrews
into the situation will only serve to
recall the old adage about the square
peg and the round hole.

With a manual training school of
the most modern variety coming up,
Albuquerque is certainly in the pro-
gressive class.

The People's Choice

(Lakewood Progress.)

When the standpat republican pa-
pers announce that Bull Andrews is
"the people's choice for United States
senator," they lie! They are not lab-
oring under a misapprehension; they
are not mistaken. They are just
knowingly and wilfully lying. "The
people" do not want Bull Andrews in
the senate, and the editors of those
papers who are so far lost to all sense
of decency, honesty and truth as to
make such an announcement, know it.
There is not a progressive republican
in New Mexico that wants him; there
is not an honest democrat that wants
him; the better element of the stand-
pat republicans don't want him; the
levers of good, honest government
don't want him, and even the people
who had him thrust upon them in
Washington don't want him sent back
there. The question naturally arises
who does want him in the United
States senate? Only those who hope
to profit by his underhand work and
methods. These are they who want
Bull Andrews in the senate. Only
these and none others.

PUMP PLANT FOR MR. YOAKUM AT PORTALES

Well Known Capitalist Places
Order in Albuquerque for Ap-
paratus to Irrigate Big Farm.

T. E. Anderson of this city, New
Mexico representative of Fairbanks,
Morse and company, with headquarters
in Albuquerque, closed a deal yester-
day with R. D. Yoakum of St.
Louis, Mo., for installing the largest
individual pumping plant yet installed
in the Portales valley. The plant in-
cludes a fifty horsepower Fairbanks
Morse oil engine, capable of handling
2,000 gallons per minute. With this
modern engine Mr. Yoakum will be
able to deliver one acre foot of water
on his land at a cost of twenty-five
cents, from a well fifty feet deep. Mr.
Yoakum is having several hundred
acres of his land plowed to a depth
of ten to sixteen inches and will event-
ually place a thousand acres under
cultivation.

PITY THE POOR JUROR.

The deepest sympathy of the pub-
lic will be extended to Harry Wald-
ron, juror in the Hyde case in Kan-
sas City, who after six weeks of in-
terlocution evaded his jurors, crawl-
ing through the transom, stole
through the corridor, skinned down
the fire escape, leaped fifteen feet to
the ground and fled to see his wife
and family and dairy from which he
had been separated for six long weary
weeks. No one will be particularly
sorry if Harry makes good on his
getaways. It was evidently a choice
between going mad or making a
break for liberty and anyhow, Harry's
dairy was losing money. Possibly, also,
there was no one to bring in the coal
and chop the kindling. The best part of
his situation is that if they catch Waldron
he can't do anything to him but send him
jail for a few days; a sentence which
will not compare in severity with that

from which he has finally escaped.

The lot of the juror under the pre-
sent system is not a happy one. He is
far more to be pitied as a general
rule than the prisoner in the dock.
Granting that the confinement is not
deleterious physically, the mental
strain of listening to the explication
of the intricacies of brain storm pleas
and expert testimony is enough to
dethrone the reason of the average
man. A man is to be considered in-
nocent until he has had eight trials and
the state has spent several hundred
thousand dollars in convicting him.

Not the least pleasant feature of the
almost-trial of the McNamara was the
large number of fortunate veni-
men who escaped service on the
jury, and in the protracted annals of
the Hyde case pieces of the brightest
rays of light pierce the gloom of the
newspaper reader when he reads
about the successful escape of Harry
Waldron.

CECILIAN MAKES MUSICIANS OF EVERYONE

Learnard and Lindemann Have
Latest and Finest Make of
Wonderful Playing Device at
Moderate Price.

To be able with little practice to
render from the great masters of
music, to be able without any large
previous musical education to enjoy
one's own playing and render enjoy-
ment to others is the result of the
wonderful inferior piano playing de-
vice called the Cecilian. This is now
attached to standard pianos so that
the piano can be used both to be
played by hand, and by the piano
player, and no home is complete with-
out a piano.

Learnard and Lindemann of this
city yesterday received a handsome
new Farrand-Cecilian inferior piano
player of the finest make, finished in
the most beautiful mahogany, and in
itself constituting not only a wonder-
ful piece of furniture, but also a handsome
piece of furniture, and priced at the
moderate sum of \$200.

As soon as the piano was unpacked
and placed on show in the front win-
dow, numbers of people began to
evince their interest in the new piano,
and the employees of the store must
have played as many as 75 pieces of
music on it between the time of its
arrival and the closing of the store.
Even as that parties went to the store
late in the evening and begged Mr.
Learnard to play selections for them.

The tone quality and the simple
mechanism of the Cecilian are won-
derful, and a child, with a few hours
in instruction, can learn to play with
understanding and ability. Another
feature of the Cecilian is that often-
times when the young folks of a fam-
ily grow up and move away, a piano
remaining in the house untouched for
want of someone to play it. With a
Cecilian the old folks can play as well
as the young and grandfathers and
grandmothers can enjoy the music of
their children as well as they formerly
did.

The Cecilian is a wonderful piece of
music rolls keeps abreast of the times
and no sooner does a selection come
upon the market than it is made up
into a roll and is obtainable for use
on the Cecilian.

They are coronating King George al-
low again, this time at Delhi. Can
it be possible that the rather elabo-
rate operation recently performed in
London failed to "take"?

Any attempt to insert Mr. Andrews
into the situation will only serve to

gressive class.

ITALIANS SUFFER SEVERE DEFEAT AT CHARIAN

Lose Heavily in Unsuccessful
Sortie; Turks Are Reported
Repulsed in Attack on Beng-
hazi.

(By Morning Journal Special Leased Wire.)
London, Dec. 12.—A dispatch from
a correspondent with the Turks at
Tripoli, reports an unsuccessful Ital-
ian sortie at Charian. The Italians
suffered heavily.

TURKISH TROOPS ARE REPULSED AT BENGHAZI

Benghazi, Tripoli, Dec. 12.—An-
other attack was made by the Turkish
troops last night. They attempted to
break through the advanced lines of
the Italians but were unsuccessful, re-
treat with a loss of sixty-three
dead. The Italian authorities say
that the Italians lost three dead and
twelve wounded.

BRITISH STEAMER IS FIRED ON BY ITALIANS.

Marseilles, France, Dec. 12.—The
British steamer Baron Polwarth,
which sailed from Manila on Novem-
ber 8 for this port, arrived today and
reported that she had been fired upon
by an Italian cruiser while passing
through the Red Sea on November 30.
Her bows were badly damaged when
she came into port. The captain says
the commander of the Italian cruiser
apologized for the occurrence.

NEW YORK AFTER DEMOCRATIC CONVENTION

Board of Aldermen Adopt Res-
olutions Soliciting National
Meet of This Party; Milwau-
kee Also in Race.

(By Morning Journal Special Leased Wire.)
New York, Dec. 12.—The board of
aldermen late today adopted resolu-
tions soliciting the democratic na-
tional convention for this city.

It was pointed out that while most
of the large cities of the country had
been favored with one or the other of
the big party conventions, the metro-
politan had never enjoyed the honor.

MILWAUKEE ALSO BIDS FOR CONVENTION

Milwaukee, Dec. 12.—Milwaukee
today formally listed as a candi-
date for the national democratic con-
vention when the Business Men's as-
sociation decided to guarantee the
convention expenses.

DELEGATES PRIMARY IN GEORGIA.

Atlanta, Ga., Dec. 12.—A presi-
dential primary will be held by
Georgia democrats to determine whom
their delegates shall support in next
summer's national convention. This
was decided upon here today by the
democratic state committee.

FINANCE AND COMMERCE

Wall Street.

New York, Dec. 12.—Trading in stocks flattened out today in a way which disappointed the bulls, who had hoped that the market would become more active after yesterday's advance. The market was enlivened at the opening by a vigorous buying movement which elevated prices generally. But it was only a flash in the pan. The largest advances were made by industrials, such as American Locomotive and General Electric. A noticeable feature was that the market seemed to have a strong up-breeze throughout in spite of the fact that the demand for stocks had fallen off abruptly. Professional traders made little effort to extend the rise and many of them availed themselves of the early upturn to take their profits.

News of the kind which influences prices was as scarce today as it was yesterday and it was pointed out that most of the developments of yesterday had been expected and generally anticipated in trade. Advance in the prices of copper prices was noted. Copper prices continued to rise in London. The copper stocks were less active with American Smelting and the rest.

The American money gain showed the effect of the more favorable position of the banks. Both time and call funds were easier and the demand for time money was considerably smaller. Call funds loaned as low as 2-1/2 percent. Foreign exchange rates were about 25 points. Closing stocks:

Allis Chalmers pfd.	8

MUSICAL TO BE GIVEN TOMORROW EVENING

Department of Music of University Announces Splendid Program for First Concert of Season.

The department of music of the University of New Mexico will give a musicale to which the general public is cordially invited at Elks' theater on Thursday evening, beginning at 8 o'clock.

The musical department has been preparing for their first public exhibition this year, since the beginning of the present semester.

Miss Helena Haglund, who has charge of this work, has been giving her best efforts to prepare the students of the university and the members of the Glee club for a successful performance.

Inasmuch as the Christmas vacation begins Friday, was thought better to hold the musicale on Thursday evening rather than on Friday.

The following program has been prepared:

Selections From the Opera of "Parsifal".....C. M. von Weier

1. Chorus—"The Stars That Above Us Are Shining".....Miss Charlotte Pratt

2. Solo—"Gypsy Song".....Miss Charlotte Pratt

3. Chorus—"The Belles".....Miss Charlotte Pratt

4. Piano Solo.....Miss Charlotte Pratt

(a) Chant d'Amour.....Theo. Luck

(b) Butterfly.....Lavalley

5. Vocal Duo—"Maritani" Wallace

Miss Lela Scher, Mr. Robert Sewell

6. Piano Solo—Prelude in E Minor.....F. Mendelssohn

Miss Mabel Smith

7. Vocal Duo—"When the Swallows Homeward Fly".....F. Ald

Misses Adele Howell and Pauline Cartwright

8. Piano Solo.....Scriabin

(a) Prelude.....Scriabin

(b) Sonata—Molto Adagio.....Clementi

9. Final From "Dinorah".....Meyerbeer

Miss Adele Howell, Mr. Robert Sewell and Chorus

10. Vocal Solo—"By the Shore".....C. Chambliss

Miss Adele Howell

11. Chorus—"Alma Mater".....

12. Finale—"America".....

Particular attention has been paid to the ninth selection in the program, "The Finale" from the grand opera, "Dinorah," which will be sung by Miss Adele Howell, Mr. Robert Sewell and the entire chorus in costume.

No admission will be charged to the concert.

REBEKAH LODGE HOLDS ELECTION OF OFFICERS

At the regular meeting of the Rebekah lodge last night the following

city yesterday to attend a meeting of the board of regents of the University of New Mexico, of which he is a member.

E. P. Buchanan, of El Paso, manager for New Mexico, West Texas and Arizona of the National Cash Register company, was in the city yesterday on business.

Rev. J. M. Shiner, formerly a student of the University of New Mexico, but now in charge of the Methodist Episcopal church at Santa Fe, left last night on a trip through the Pecos valley.

There will be a regular meeting of the Woman's Relief Corps this afternoon in the A. O. U. W. hall at 2:30 o'clock. A full attendance is desired as the election of officers for the year 1912 will be held. By order of the president, J. D. Chamberlain, secretary.

Don't forget that the Ladies of the Lutheran church will entertain with another of their delightful monthly coffee at the home of Mr. and Mrs. Chas. Trapp in old town, west of the fair ground, this Wednesday afternoon and evening. A cordial welcome to all.

MUST FILE RETURNS BY MARCH 1

Important Instructions to Corporations From Commissioner of Internal Revenue Received at Santa Fe.

H. P. Hardshar, New Mexico internal revenue collector, forwards to the Morning Journal the following copy of a communication from Washington.

Washington, December 4, 1911. To Collectors of Internal Revenue:—Referring to the receipt of returns of annual net income of corporations for the special excise tax on corporations in your offices for the calendar year 1911, you are requested to use every possible care in checking these returns, so that an accurate record may be obtained as to the date of their receipt in your offices.

You will also, so far as practicable, without expense to your offices, place before the public, through the press and otherwise, information relative to the necessity of corporations filing their returns on or before the first day of March. Corporations which have not received the blank forms should write immediately to the collector for the same and fill out, and verify and file the same without delay.

Every new corporation which was organized during the year should inform the collector of that fact, giving its exact corporate name, address and nature of its business, so that it may be placed upon the list and be furnished the necessary blank forms.

Corporations should be urged to file their returns as soon after January 1 as it is possible for them to obtain the data required to be shown on the return of annual net income.

Attention should be called to the fact that 25,000 corporations failed the past year to file their return on or before the first day of March and had, therefore, incurred the specific penalty of from one thousand to ten thousand dollars, as provided in the eighth paragraph of Section 25 of the Act of August 5, 1909.

Attention should also be called to the fact that all corporations organized for profit and having a capital stock represented by shares, and all insurance companies, are subject to a tax equivalent to one percent of the net income over and above five thousand dollars for each calendar year. Corporations so organized, whose net income is less than five thousand dollars during any calendar year, are, nevertheless, required to make a return of annual net income and each return must be filed with the collector of internal revenue for the district in which the principal business office of the corporation is located on or before March 1, 1912. By "principal business office" is meant the place where are kept the books and records from which the data required to be shown in the return are obtained.

Gifts and other points of interest relative to filing the returns of annual net income for the calendar year 1911, should be placed before the public, through the press, whenever it shall be possible to do so without expense.

(Signed) R. F. CABELL, Commissioner.

For Christmas Gifts

that have use as well as beauty; for things men want, and wear, and keep a long time—this is the place to come.

Hart-Schaffner & Marx

clothes make a fine Christmas gift, practical, serviceable, and durable.

SUITS \$20 and up

OVERCOATS \$18.50 and up

But you'll find plenty of things here that cost less than a suit or overcoat; they're things that men need; just drop in here and look over the things we have for gift purposes. We'll help you pick out the right thing.

KIMONOS FOR CHRISTMAS

Just because Kimonos are negligee wear isn't any reason why they shouldn't possess style, and make a desirable Christmas gift. That's what the maker of ours thought, too. So he made us up a lot of Kimonos that we're positive you'll "take to." We have them all the way from \$1.35 to \$15.00.

Also Bathrobes at \$4.50

KISTLER, COLLISTER & CO.
