DISAFFECTION IN MEXICO SPREADS TO TWO MORE STATES

Jalisco and Nuevo Leon Report Serious Uprisings Sprung in the Name of General Bernardo Reyes.

REBELS PUT TO ROUT FEDERAL DETACHMENT

At Ticuman, State of Morelos, Reyistas Sack Town and Dynamite and Burn Many Buildings.

[By Morning Journal Special Leased Wire.] Mexico City, Dec. 13.—The states of Jalisco and Nuevo Leon were added to the disaffected districts of turbulent Mexico today. In each state rising sprung up in the name of General Bernardo Reyes. State authorities of Jalisco reported that Reyista followers organized at Aranda, had gone to Amula where they levied forced loans, released prisoners, collected arms and recruited more followers.

Royistas now are in pursuit of the band.

According to a dispatch from Monterey rebels from that district are providing recruits similar to those used in the Madro revolution.

A train was held up near Matamoros yesterday by rebels, but no passengers were molested.

Seventy men of General Figueroa's force were defeated yesterday by a force of rebels under command of General Zapata in a battle at Ticuman, state of Morelos.

The plan of the Reyistas. It is believed is to lead all possible aid to General Reyes, who has been operating for some time in Coahuila with a formidable band of rebels.

SUSPECTED REYISTAS RE-ARRESTED AT LAREDO

Laredo, Tex., Dec. 13.—Antonio Magan and Severo Villareal, well known on the border, were arrested tonight by federal officers on new indictments charging them with violating the neutrality laws in connection with the alleged Mexican revolution.

The men had previously been indicted on the same charge and were out on bond.

It is understood eight other persons have been indicted a second time on the charge of violating the neutrality laws. Meanwhile General Reyes has not been found. It was reported today but not confirmed, that he is at Galena, near Monterey, Nuevo Leon.

WEDDING POSTPONED AT LAST MINUTE

Cumberland, Md., Dec. 13.—After the first Presbyterian church here had been filled with wedding guests and the professional had been played, but no bride appeared. Rev. James E. Moffatt, the pastor, announced that the wedding of George Bayard Clifton of Baltimore and Miss Marion Amick, daughter of Arthur Hammon Amick, a business man of this city, had been postponed because of the sudden illness of the groom and of the bride-elect's mother.

They collapsed simultaneously at the Amick home. Late tonight it was stated the marriage would be performed before morning if Clifton recovered sufficiently. The marriage was in defiance of the superstition of the number thirteen. The couple met, became engaged and planned to wed on the thirtieth day of the month.

MUST TEACH LABORING MEN WHAT LIQUOR DOES

Washington, Dec. 13.—"The laboring man is the hope of the country in the fight against the rum traffic," declared John B. Lennon, treasurer of the American Federation of Labor, to the delegates of the annual convention of the Anti-Saloon League of America here today.

Mr. Lennon, who is a delegate from Illinois, created a stir when he took issue with Wilbur F. Crafts of the National Reform Bureau, who had said the fight against saloons must be one of teaching the people what liquor is.

Mr. Lennon asserted the battle would never be won nor effective work accomplished until the great army of laboring men was taught exactly what liquor does. He strongly denounced the jealousies and bickerings he had found between rival temperance organizations in wet and dry fights.

Little government the fact must be regarded by the revolutionary forces as a decided evidence of partiality. He asserts that the money realized for the cause is to be used by the imperialists to bolster up their waning power and not to carry out the development of the country.

The state department has referred Mr. Lennon's communication to American Ambassador Calhoun at Pekin for his information.

Lone Highwayman Robs Bank. Everett, Wash., Dec. 12.—The Riverside branch of the Bank of Commerce was robbed by a lone highwayman just before the closing hour today of about \$2,000. The robber presented a revolver at Cashier Knepper's head and demanded all the money in sight.

TREATIES ENDORSED AT PHILADELPHIA

Philadelphia, Dec. 12.—There was no repetition of last night's scenes in New York when a large audience in the Academy of Music here tonight heard the pending arbitration treaties between the United States, England and France strongly endorsed by prominent speakers.

Andrew Carnegie was unable to accept an invitation of the American Academy of Political and Social Science to deliver the speech which he was prevented from making last night in Carnegie hall, New York. A letter from President Taft was read in which he said:

"It is possible for the peace movement to accomplish great results for the world. When arbitration becomes a real means of settling international quarrels that each nation can rely on, then we can count on the disappearance of war."

OPPOSES MAKING OF LOAN TO IMPERIAL GOVERNMENT

Leading Chinese Newspaper Declares If Powers Finance Tottering Dynasty, Chinese Must Help Themselves.

[By Morning Journal Special Leased Wire.] Shanghai, Dec. 12.—The leading Chinese newspaper in Shanghai, makes a strong attack upon the four-power financiers who, it alleges, are about to pay an installment of the railway loan to Premier Yuan Shi Kai for war purposes.

The newspaper says this is evidence that foreigners are helping to kill the Chinese by assisting the Manchus and calls on the Chinese to help themselves.

The foreign chamber of commerce at Shanghai had adopted a resolution protesting against all loans to the administration.

Delegates representing eighteen provinces are now in Nanking for the national convention.

It is evident that the republicans are convinced that Premier Yuan is proposing peace negotiations is simply a ploy for time, and the republicans are not relaxing preparations for a long winter campaign.

The leaders assert that the imperialists are solely responsible for conditions in the interior. If the Manchus abdicate and Yuan Shi Kai consents to their abdication, they say the entire country will be quiet and safe within a week.

WASHINGTON RECEIVES AN OFFICIAL PROTEST

Washington, Dec. 13.—Wu Ting Fang's protest against the making of any loan to the Chinese imperialists has been received not only by the department of state, but by certain New York banking interests that heretofore have been concerned in financing Oriental countries.

Wu asserts in substance that if America or England participated in a loan of \$50,000,000 to the imperials.

GIRLS WHO SHOT STOKES SOON TO KNOW FATE

Prosecution Puts Young Wife of Complaining Witness on Stand; Ethel Conrad's Story Is Unshaken.

[By Morning Journal Special Leased Wire.] New York, Dec. 13.—The case of the state against Lillian Graham and Ethel Conrad, charged with the shooting of E. D. Stokes, probably will be in the hands of the jury by tomorrow night.

The trial of the "shooting show girls" held interest today through the re-appearance of the spoiled Miss Conrad for cross-examination and the unexpected calling of Stokes' young wife late in the afternoon.

The calling of Mrs. Stokes as a witness for the state came as a surprise to the defense. She said she had married Stokes February 11, 1911, but had lived at Stokes' hotel for four or five months prior to that date.

The main feature of her testimony was the contradiction of Mrs. Conrad's testimony that the defendant had met Stokes at the Hotel Ansonia on the morning of May 29, Mrs. Stokes said her husband and herself were away that morning.

Ethel Conrad's story of the shooting of Stokes remained unshaken in any material point on cross-examination. She swore that Stokes shot twice without effect and that she and Miss Graham fired in self-defense and wounded Stokes in the legs. It was "life or ours," she declared.

When asked why she did not tell the police that Stokes had fired twice she said she did not tell the police all she knew because they were "old-timers" and she was afraid.

A statement on Mr. Stokes' condition issued tonight by his physicians says:

"An operation has given Mr. Stokes relief. The poison is slowly being removed from the system. It will be two weeks before Mr. Stokes will be able to be up. His condition still remains dangerous."

RESOLUTION FOR ABROGATION OF TREATY IS ADOPTED

Representative William Sulzer's Measure Ratified by Lower Branch of Congress By Vote of 300 to 1.

ATTEMPTS TO AMEND IT WERE DEFEATED

Debate Bristled With Charges That Russia's Arrogant Attitude Was Insult to United States Government.

[By Morning Journal Special Leased Wire.] Washington, Dec. 12.—The Sulzer joint resolution for the termination of the treaty of 1822 between the United States and Russia, because of the latter's discrimination against Jewish American citizens, was adopted by the house tonight by a vote of 300 to 1. The negative vote was cast by Representative Malby of New York.

A practically identical resolution by Senator Culberson of Texas, is pending in the senate and favorable action of both houses will be necessary to make either resolution effective. Both the Sulzer and Culberson resolutions direct the president to give Russia the year's notice necessary for the abrogation of the treaty which has been in force nearly eighty years.

An attempt led by Representative Cheadle of Pennsylvania, to modify the Sulzer resolution so far as to avoid making the direct charge that Russia has violated the treaty in refusing to recognize the passports of American Jews, was defeated, 184 to 115. Prominent republicans declared that the house should not act on record as charging a violation of the treaty but should adopt language stating that Russia had acted in such manner that the United States could no longer be a party to the treaty.

Mr. Mann said that if the United States asserted that a discrimination against Jews was a violation of a treaty, it might weaken its own attitude toward the exclusion of Orientals.

The debate in the house bristled with charges that Russia's attitude was an offense against the United States, and that her exclusion of American Jews who bore properly certified passports, was an affront to this government.

Representative McCall of Massachusetts said the matter ought not to be acted upon by the house until it had been submitted to arbitration between the two countries. Representative Longworth of Ohio insisted that the "time for arbitration has gone and the time for action has come."

Mr. Mann endeavored to have the joint resolution amended so as to assert the continued right of the United States to discriminate against foreigners on account of race. All amendments to the resolution were overwhelmingly voted down.

The resolution adopted by the house declares that "the government of the United States will not be a party to any treaty which discriminates or which by one of the parties thereto is construed as to discriminate against American citizens on the ground of race or religion," and it adds:

"The government of Russia has violated the treaty between the United States and Russia concluded at St. Petersburg, December 15, 1822, refusing to honor American passports duly issued to American citizens on account of race and religion; that in the judgment of the congress the said treaty, for the reasons aforesaid, ought to be terminated at the earliest possible time."

ROYAL PARTY IS ON BOARD WRECKED STEAMSHIP

Princess Louise, Duke of Fife and Other Celebrated Travelers Narrowly Escape Death in Mediterranean.

[By Morning Journal Special Leased Wire.] London, Dec. 12.—The country was thrown into a state of anxiety today by the news of the disaster to the steamship Delhi off Cape Spartel, with a royal party and a large number of passengers aboard. Fortunately the Delhi is fitted with wireless and was able to summon aid from Gibraltar and Tangier.

Several warships were soon on the spot and in spite of extremely rough weather all the passengers were safely landed. The royal travelers, who included the Princess Louise, Victoria, a sister of King George V., and her husband, the Duke of Fife, and their daughter, had extremely unpleasant experiences one of the princesses narrowly escaping drowning through the capsizing of a boat.

One of the pathetic incidents was the drowning of several of the blue-jackets by the capsizing of a launch from the French cruiser Friant, which was assisting in the rescue.

Queen Alexandra was deeply concerned, but had early news of the safety of her daughter.

DEATH OF MGR. AGIUS DEEPLY GRIEVES POPE

Rome, Dec. 12.—The sudden death at Manila of Mgr. Agius, papal delegate to the Philippines, has deeply grieved Pope Pius and Cardinal Merry del Val. The pontiff recalled today how seven years ago he had sent a message to Mgr. Agius who was then at Liverpool preparing to sail for the United States, instructing him to return to Rome.

On his arrival at Rome, Cardinal Merry del Val notified Mgr. Agius of his appointment as papal delegate to the Philippines.

The Osservatore Romano publishes a long eulogy of Mgr. Agius, which is of official character. It says also: "The Pope had decided to entrust Mgr. Agius with another most important office. Thus he was about to depart from the Philippines, leaving there grateful memories, both among the clergy and laity."

TAFT URGES PAYMENT OF BIG DAMAGE CLAIM

Washington, Dec. 12.—President Taft today sent a message to congress recommending the payment of \$53,800 as damages to those who lost property through the burning of the Malambo district of the city of Nancama for fumigation purposes in 1906.

SPEEDY ACTION BY SUPREME COURT DEMANDED

Senator Cummins Insists That Congress Act on His Bill Providing for Review of Tobacco Dissolution Suit.

[By Morning Journal Special Leased Wire.] Washington, Dec. 12.—Senator Cummins of Iowa, in a speech today, urged speed on his bill providing for a review of the supreme court of the decree of the United States circuit court approving the reorganization of the American Tobacco company.

The welfare of the people, the stability of business and the wants of congress imperatively require that this decree shall be reviewed by the supreme court in order that we may know whether law itself is at stake and the anti-trust law will do for the people.

Until this fact is determined, he said, the present business uncertainty must continue.

Mr. Cummins said that notwithstanding the supreme court's decision dissolving the American Tobacco company had been based upon the fact that the tobacco business had been so largely controlled by one company.

The same men who owned the American Tobacco company own these three companies and own them in the same proportion that they owned the old company," he said, "so that they will control the business under the new arrangement as they controlled it under the old. If it was unlawful for these men to concentrate the business as they did it is giving to the company a monopoly of broad under the new arrangement."

The circuit court, he said, has disregarded and nullified the order of the supreme court, but if no appeal is made, the decree of the lower court must stand on the final result of the litigation against the tobacco trust.

No action was taken on the bill.

ONE OF SLAYERS OF MRS. KAUFMAN ARRESTED

"Big" Fred Bonehan, Taken Into Custody at Oakland, Ill., Makes Complete Confession to Police.

[By Morning Journal Special Leased Wire.] Chicago, Dec. 1.—"Big" Fred Bonehan, arrested today at Oakland, Ill., tonight confessed, the police say, that he was one of the automobile hold-up men who killed Mrs. Hattie Kaufman here the night of December 2.

"You've got me," Bonehan is said to have confessed.

"I was with the party that did the killing, but I did not fire the shot," Bonehan fired the shot that killed Mrs. Kaufman, and I had nothing to do with the murder except to take part in the hold-up. There was no intention to kill anybody, just robbery, that was all. The four of us, Stacey, Rabinow, Channell and myself, were in the automobile and we were out to rob somebody. Rabinow saw the Kaufmans and said: 'There goes a couple; let's get them.' Channell stayed in the machine and we held up the man and the woman."

The "low-head," that's what we called Rabinow, was to hold the gun and scare them, while we went through them. The woman screamed and I guess 'low-head' got nervous and pressed the trigger too hard and shot the woman."

THE DAY IN CONGRESS.

THE SENATE. In session at 2 p. m. Announcement in former election hearing that Senator Lorimer would testify before the end of this week. An early conclusion of the investigation seems assured.

George W. Perkins urged before the interstate commerce commission a plan for a federal commission for licensing corporations.

DEMOCRATS MAKE CLEAN SWEEP IN ARIZONA ELECTION

Besides Choosing Two Senators and Electing Congressman and State Officials, They Will Control Legislature

SECRETARY OF STATE IS CLOSEST CONTEST

If By Chance Republicans Carry Any Office It Will Be This One; Majorities Range from 1,500 to 2,000.

[By Morning Journal Special Leased Wire.] Phoenix, Ariz., Dec. 12.—The democrats of Arizona will place two members in the United States senate and one member in the house of representatives, a governor in the state house at Phoenix, and, unless present indications are materially changed, they will make a clean sweep with their state ticket, as a result of the first state election, held yesterday.

The state legislature from present indications will be more than three-fourths democratic insuring the election of Henry F. Ashurst of Prescott and Mark A. Smith of Tucson to the United States senate. Carl Hayden of Phoenix was elected to congress. George W. P. Hunt of Globe, was elected governor.

There is but one chance that a clean sweep will not be the democratic portion of this election, and that is for the office of secretary of state. F. J. Cleveland, republican, is running very strongly and may yet defeat Henry Osborne of Phoenix for this position.

Chairman J. B. Birdno of the democratic state committee, issued a statement tonight claiming the election of the democratic candidates by majorities ranging from 1,500 to 2,000. He also claimed that every county in the state except two, would return democratic majorities. Apache and Pima are conceded to the republicans by small majorities.

The people of Arizona simply refused to endorse Taft's dictation as to what kind of a constitution Arizona should have, said Mr. Birdno, "and by their vote eliminating the recall from the constitution as they were obliged to do to gain statehood, they showed at the same time that the recall would be placed back in the constitution as soon as it possibly could be done. The democratic ticket was elected from top to bottom by the largest landslide in the history of Arizona."

Secretary Hayes of the republican state committee, conceded victory to the democrats, claiming, however, that Cleveland still had a chance to win.

Returns from none of the thirteen counties are yet complete, but they be tomorrow before the exact vote can be given.

ARIZONA DEMOCRATS GIVE POL KREDIT.

St. Louis, Mo., Dec. 13.—Former Governor Joseph W. Folk today received telegrams from Arizona democrats leaders thanking him for aid given to them in their successful campaign.

Folk made speeches in the territory in the election fight. Among messages he received is one from Alfred Franklin, successful candidate for judge in Phoenix. The former governor praised the record of the democrats put back in the Arizona constitution.

THE HOUSE.

Met at noon. Miscellaneous business from committee considered.

Steel committee continued hearings on rate charges by railroads controlled by steel corporation.

Sulzer bill abrogating Russian treaty of 1822, passed 200 to 1.

Adjourned at 6:47 p. m. until noon Thursday.

951,001,669 POUNDS OF PERIODICALS HANDLED

Washington, Dec. 12.—The result of an inquiry by the house committee on expenditures in the postoffice department as to the volume, weight and handling of the periodicals of the country for the past fiscal year was made public today. The 10,000 publishers responding, reported an annual output of more than 6,500,000 copies, weighing 1,750,000,000 pounds.

The postal service handled 511,881,669 pounds and, excluding 500,000 pounds carried free within counties, it received one per cent per pound.

The publishers reported that they delivered by their own carriers, newsboys and news companies \$40,467,324 pounds, part of which was carried to destination by express and other rail shipments. They delivered by express 202,725,000 pounds and by other rail shipments 121,171,748 pounds.

The rate by express and rail varied from a quarter to one cent per pound but the bulk of these shipments went at a rate of a quarter to half a cent per pound.

ESCAPE OF JUROR MAY FREE DR. HYDE

Counsel for Physician to Demand Client's Discharge If Judge Dismisses Remaining Talesmen in Case.

[By Morning Journal Special Leased Wire.] Kansas City, Dec. 12.—No trace of Harry W. Waldron, the runaway member of the jury that has been hearing the second trial of Dr. B. C. Hyde, alleged slayer of Colonel Thomas H. Swope, has been found. A dozen or more clues were investigated by officers today and tonight. County Marshal Joel Mays says he is "up against a stone wall."

Hope that Waldron will be found soon, practically has been abandoned by Prosecutor Conkling and Judge Porterfield. With a view to discharging the eleven remaining members of the jury even before the time set yesterday—six days hence—the court held a conference with attorneys for the prosecution tonight.

The feature of the case that is worrying the state's attorney is the announced intention of Dr. Hyde's attorneys to assert if this jury is discharged that the life of the defendant cannot again be placed in jeopardy on the charge of killing Colonel Swope.

Judge Porterfield went to the Waldron home today and made a personal investigation of the visit of a strange man to the house last night, who was rumored to have brought news from the missing man, Mrs. Waldron satisfied the judge that such was not the case. She also denied that her husband had ever escaped from a jury in Rowden, N. M., although she admitted that he served on two while living there.

Herbert S. Hockin, secretary of the iron workers' association headquarters today from St. Louis where, it was reported he had conferred with President Frank M. Ryan. Hockin declared Ryan went to Chicago and said he would return here tomorrow.

Almost the first witnesses to be called, it was learned would be stenographers who were employed by McNamara when he was secretary of the union. Then evidence gathered by agents of the National Erectors' association, a defensive organization of "open shop" contractors, papers seized in a raid on the iron workers' association headquarters or voluntarily turned over by its officials, and detailed confessions of McNamara, are to be submitted. Many witnesses from cities in which explosions have occurred have been subpoenaed.

'GRIT YOUR TEETH AND ORGANIZE; --GOMPERS

President of American Federation of Labor Issues Statement and Instructions to the Unions of Country.

[By Morning Journal Special Leased Wire.] Washington, Dec. 13.—Samuel Gompers, president of the American Federation of Labor, tonight sent to unions throughout the country, to high officials of the government and to employers' associations, a copy of a statement issued by the McNamara ways and means committee, following the confession at Los Angeles, of the McNamara brothers.

The salient points in the statement were made public at the time, but Mr. Gompers accompanied the copies with a letter to organized labor.

The letter declares that the McNamara affair has been seized upon by the enemies of organized labor to crush it.

"Every union member deplores violence and crime," Mr. Gompers says, "whether committed by an ordinary outlaw, by a corporation, director or agent, or by a so-called union man. Labor resents the insinuation that because one or two union members become criminally fanatical or fanatically criminal, that the rank and file and the officers of the labor movement are responsible, either legally or morally."

The letter closes with a request that the statement be read and be inserted in the minutes of every union and added:

"Grit your teeth and organize."

SHEEP EXPOSITION AT OMAHA BIG AFFAIR

Omaha, Neb., Dec. 12.—Although judges began their work at the mid-winter sheep and wool exposition early in the afternoon the awards were not given out tonight because the classes under consideration were not yet filled.

The show was opened today at the Auditorium with sheep men from many western states present with their exhibits.

Over 500 entries of high grade sheep will fill the pens by tomorrow morning.

INTEREST FOCUSED ON INDIANAPOLIS INQUIRY WHICH BEGINS TODAY

United States Grand Jury Will Inaugurate Thorough Investigation Into Alleged Dynamite Conspiracy.

LARGE NUMBER OF WITNESSES SUMMONED

Extraordinary Precautions Are Taken to Insure Absolute Secrecy of Deliberations of Inquisitors.

[Special Correspondence to Morning Journal.] Indianapolis, Dec. 13.—Nation-wide interest will center here tomorrow when the work by detectives, attorneys and accountants who have compiled evidence alleged to show the complicity of others than the McNamara brothers in a country-wide dynamite conspiracy, will be turned over to the federal grand jury for investigation.

International Association of Bridge and Structural Iron Workers have been abstracted and checked against statements of Orville McNamara, confessed dynamiter in the employ of J. J. McNamara, the confessed secretary-treasurer of the association.

This class of evidence is to be delayed into (fathom charges of a plot with its seat in Indianapolis, to cause explosions and transport dynamite illegally between several states.

Great precautions have been taken to secure secrecy to the deliberations in the grand jury room. Guards have been placed at the doors and all outsiders, including waiting witnesses, are to be kept the entire length of the federal building, or almost a city block away from the jurors.

District Attorney Miller indicated it was not expected the grand jury would complete its work before the end of January. Mr. Miller was much interested in the report from Los Angeles that he was to be assisted here by their lawyer of Los Angeles, who has been participating in the prosecution of the McNamara brothers, but he declined to comment on it.

Herbert S. Hockin, secretary of the iron workers' association headquarters today from St. Louis where, it was reported he had conferred with President Frank M. Ryan. Hockin declared Ryan went to Chicago and said he would return here tomorrow.

Almost the first witnesses to be called, it was learned would be stenographers who were employed by McNamara when he was secretary of the union. Then evidence gathered by agents of the National Erectors' association, a defensive organization of "open shop" contractors, papers seized in a raid on the iron workers' association headquarters or voluntarily turned over by its officials, and detailed confessions of McNamara, are to be submitted. Many witnesses from cities in which explosions have occurred have been subpoenaed.

The iron workers' association from the headquarters where J. J. McNamara had his office, today through one of its publications, issued the first statement it had made since the McNamara confession.

The statement follows:

"Just before going to press the surprise news reached this office that J. J. McNamara and J. B. McNamara had entered pleas of guilty in the superior court of Los Angeles county."

In view of these pleas part of the contents of this issue may seem odd to the readers, but all of it was written at a time when we had implicit faith in the innocence of these men, and we have therefore concluded to let this matter go out in its original form.

"We have no details concerning the confession other than those contained in the newspaper report. We have to be more fully acquainted with the facts before the next issue of the magazine, at which time we will take our readers fully into our confidence."

The other references to the McNamara case are along lines similar to those appearing during recent months and some of them tell of efforts being made to obtain funds for the McNamara defense.

LOS ANGELES INQUIRY PROCEEDING RAPIDLY.

Los Angeles, Dec. 12.—Days when the launch "Pastime," formerly the "Peelers," darted about San Francisco and San Pablo bays, at the will of James B. McNamara, taking on dynamite from powder works, conveying it to San Francisco and concealing it there in a vacant house, were recalled by the prosecutor of witnesses who passed into and out of the federal grand jury rooms here. Hardly any of them stayed more than five minutes and the appearance of some before the grand jury was much brief. Every one, accordingly, who could know something about that part of McNamara's activities, was among the witnesses summoned.

Captain John Peterson, of the launch "Pastime," had a family party. He appeared, followed by his wife and his son, Harry, a lad of sixteen; E. H. Baxter, part owner of the boat, also was a witness.

Among the other witnesses were George Parker, Oakland, boat builder; Peter Hansen, Oakland, gas engine

builder; John Hansen, Oakland, machinist; P. Bodeker, San Francisco, barber, who used to shave J. R. McNamara; August Mielke, real estate dealer, who rented the house in which the dynamite was found; James O'Brien, who owned the house; Mrs. V. Erickson, Mrs. C. H. Wilson and Mrs. A. Whitlock, who lived near it. Henry Will, a tailor, also appeared.

GOVERNMENT ORDERS

Washington, Dec. 13.—A vigorous investigation and prosecution of all connected with the alleged dynamite conspiracy is the injunction from the department of justice directed to District Attorney Miller, under which he will conduct the federal grand jury inquiry beginning at Indianapolis tomorrow.

District Attorney McCormick of Los Angeles, who has been here several weeks conferring with officials of the department, left tonight for New York on a mission connected with the government's investigation. Officials, however, decline to discuss the trip in detail.

Attorney General Wickham, through Assistant Attorney General Parr, is personally directing the government's course. The inquiry is based on two federal statutes and it is an accumulation of offenses which can be proved under one or both of these laws against those responsible for the crimes long terms of imprisonment can be imposed. The maximum penalty for violation of the statute fixing stringent conditions and restrictions upon the interstate shipment of explosives is eighteen months in the penitentiary and a fine of \$2,000. The law by which it is hoped to reach all who may have inspired or directed the outrage makes it a crime for two or more persons to conspire to break a federal law. This imposes a maximum penalty of two years imprisonment and a \$10,000 fine.

One or both of these laws would apply to every illegal shipment of explosives.

Burns on Secret Mission

Washington, Dec. 13.—Detective W. J. Burns made a hurried visit to Washington today to confer with officials of the department of justice in regard to a proposed pardon in an Oregon land fraud case.

Mr. Burns denied that he visit had any relation to the alleged dynamite conspiracy. He did not see the attorney general and departed later for New York.

ARE YOU DRIFTING

POPULATION OF NEW MEXICO IN 1910

INTERESTING FIGURES FROM CENSUS BUREAU

Roswell Made Greatest Increase in Ten Year Period While Albuquerque Gained 76.65 Per Cent.

The total population of New Mexico today is probably 250,000. Governor Mills in his annual report gives it as 240,000 on July 1. The 1910 census places it at 227,201.

Today there arrived from the press of the census bureau, the first detailed and complete account of the result of last year's census as far as New Mexico's population is concerned and from it may be gleaned many interesting figures.

This summary above shows that New Mexico increased its population in the past decade from 195,310 to 227,201, a gain of 31.6 per cent. Of the present population 20,573 are classed as Indians. The growth of the territory in population during the past decade was over three times as rapid as during the decade 1890-1900, and more than three times as great as the growth in population of the United States. The greatest growth previous to the last decade was from 1850 to 1860, when it was 51.9 per cent.

New Mexico has eight cities of more than 2,500 people. Albuquerque, the largest, has 11,020 people; Roswell, the second largest, 6,173; Santa Fe, the third, has 5,072 inhabitants; and Raton is fourth with 4,539 population. Then follow: Las Cruces, 3,426; Silver City, 2,217; Las Vegas town, 2,175; Tucuman, 2,285; Gallup, 2,204; Arroyo, 1,883; Deming, 1,844; Carlsbad, 1,738; Socorro, 1,540; and Fortales, 1,292. These are the only incorporated towns with more than a thousand population.

Of the cities Roswell showed the greatest rate of increase, 291.2 per cent, Albuquerque increased 76.65 per cent, Raton, 25.2, while Santa Fe showed a loss of 2.5 per cent.

Of the counties Eddy county experienced the greatest rate of increase in population 284 per cent. Taos county the lowest, 10.3 per cent. New Mexico's density of population is 2.7 persons to the square mile, the average for the United States is 30.9. Bernalillo county has the highest density, 13.4 persons to the square mile. Socorro the least, one person to the square mile, being also the largest county while Bernalillo is the smallest of the twenty-six.

The incorporated cities over 2,500 inhabitants contain 14.2 per cent of the total population; while 55.8 per cent live in rural or suburban districts. New Mexico is therefore, distinctly a rural commonwealth.

The bulletin gives the population of each county, of each precinct and each municipality, not only for 1910 but for every census year for which there is any record. It also has several maps one of which shows the per cent of increase in population in different portions of the commonwealth, the increase of fifty per cent and more being altogether in the eastern tier of counties, while Mora, Taos and Sierra counties are the only counties which grew less than 25 per cent in population the past decade.

Another map shows the density of population, Bernalillo county being the only one having more than 18 people to the square mile, Santa Fe and Curry the only counties with more than six people to the square mile, and San Juan, Socorro, Lincoln, Chaves, Sierra, Otero, Bernalillo, Luna having fewer than two persons to the square mile, the remainder of the counties having from two to six persons to the square mile. The bulletin also shows all territorial changes in counties and precincts that have been made the past fifty years.

FEDERAL BUREAU OF NATIONAL PARKS URGED

President McFarland of American Civic Association Believes Public Breathing Spots Are Life of Nation.

Washington, Dec. 13.—With Secretary Fisher of the interior department presiding, the American Civic Association, which began its seventh annual convention here today, heard tonight the annual address of its president, J. Horace McFarland, urging the creation of a federal bureau of national parks.

Mr. McFarland advocated government control of all land containing great natural phenomena, and declared that "a nation that can afford a Panama canal cannot afford a dry Niagara."

Other speakers were Senator Smoot of Utah, who discussed the value of national parks to the west; Elmer A. Mills of Colorado, who described animal life in national parks; and Herbert W. Gleason, of Boston.

President of the foreclosed district lying between Washington and Baltimore into the Lincoln Memorial National park would be a more fitting tribute to the great liberator than a mere commercial highway. "The United States leads the world in the extent of her national and municipal parks," he said, and it is only by the establishment of a federal park bureau that the nation can hope to preserve for all time the beauty and healthfulness of those breathing spots.

New Mexico Postmasters Confirmed. Washington, Dec. 13.—The following New Mexico postmasters were confirmed in the senate: Lordsburg, Don M. Kestler; Carlsbad, John T. Bolton; Wagon Mound, Fred Medina.

HOPE ABANDONED FOR MEN STILL ENTOMBED

Now Believed That Fifty Odd Miners Unaccounted for at Briceville Have Perished; Fire Handicaps Rescuers.

Briceville, Tenn., Dec. 13.—Fifty-nine are known to be dead, victims of the Cross Mountain mine explosion. At midnight forty-nine bodies had been taken out of the mine and ten other bodies located. Two of the number found tonight had been dead less than twenty-four hours.

One of those was John Duff, one of the two men who strayed from the gang rescued above Monday night. The other was Sam Miller, a veteran who knew the mine better than any miner in this region. Duff apparently had been dead less than twelve hours. The entry in which he was found had not been worked for some time and for that reason had not been explored previously.

If the figures of the company are correct less than thirty men are still unaccounted for. Rapid progress was made by the explorers after the fire in left entry seventeen had been extinguished late this afternoon. No trace of any living men has been found.

Progress in the search was obstructed today by the report spread through the village that three more survivors had been found and the whole population flocked to the mine for news, only to be disappointed in finding that the report was untrue.

Struck by a smoldering fire which raged from early yesterday until 3 o'clock this afternoon, requiring the efforts of half of the government fire crew to extinguish it.

Forty-five bodies had been brought out of the mine up to 8 o'clock tonight, and several more had been located. The owners officially announced today that there were eighty-five men in the mine when the explosion occurred.

Friends and relatives of miners unaccounted for are manifesting great impatience because the rescuers are not making more headway. There are about twenty miles of mine workings yet to explore and less than twenty-five helmet men who can penetrate to all corners. Canary birds are being used with great success to detect the presence of poisonous

SPORTS

ACTUAL BASEBALL
WAR CONSIDERED
IMPROBABLE

However, Differences Between
the National and American
League Magnates Continue
to Hold Spotlight.

(By Morning Journal Special Leased Wire.)
New York, Dec. 13.—The baseball
war between the American and
National leagues went merrily on to-
day, but indications were plentiful
that it was to be a war of words only.
Officially the National league at-
tended severely to its own affairs, re-
jecting President Thomas J. Lynch
and ignoring the resolution adopted
by the American league.

Unofficially both major leagues
laughed at the prospect of a real en-
counter between the millions of dol-
lars invested in each.

The world's series ticket scandal
continued to hold the spotlight. Presi-
dent Brush of the New York Giants
sent a letter to Dan Johnson asking
him to explain a few things alleged
to have happened to the tickets in
Philadelphia.

"Why pick the Giants for the
game?" Mr. Brush asked, among other
things. "While discussing upon the
outrage perpetrated upon the New York
public through misdirection and con-
fusion with ticket speculators, why
do you not explain how in Philadel-
phia ten persons absorbed over five
thousand tickets, an average of 500
each, and sixty-three others absorbed
3,000 tickets, an average of fifty
each?"

Mr. Brush's letter says in part:
"Having charged some official of
the New York club with handing out
8,000 or 9,000 tickets to speculators
out of 25,000 of its reserved seat ca-
pacity, depriving the public to that
extent of an opportunity of buying
direct, why is it that you are silent over
the disposition of tickets in Philadel-
phia, where 8,181 out of a total re-
served seat capacity of 8,838 were
given to seventy-three people, and
there was no public sale for the first
two games?"

"While the New York club report
shows that less than three hundred
and fifty tickets were taken by its
players and its officials, the balance
being available for the public, why is
it that you do not explain how the
Philadelphia club appropriated 4,600
tickets out of its total of 8,838?"

The National league will meet to-
morrow and it was predicted tonight
that it will frame its answer to the
American league then—if there is to
be any reply.

With Brooklyn and Philadelphia
opposing, President Lynch was re-
elected today. The losing candidate
was Robert W. Brown, a Louisville
newspaper man. James E. Garvey,
who bought the Boston club, sat in
the council, which also included a
woman for the first time in its his-
tory—Mrs. Helen Hathaway Britton,
owner of the St. Louis club.

Mr. Garvey and his new business
manager, John M. Ward, promised to
revive the Boston club. They ex-
pect to make the club a factor in the
pendant race.

INDIAN GIRLS PLAY
VARSITY MAIDENS
NEXT FRIDAY AFTERNOON

The local Indian school basketball
team of girls will have the first
game of a series with the university
girls at the Indian school on Friday
at 4:00 p. m.

The team is composed of the fol-
lowing: Jessie Gunn, c.; Lucia Sando-
val, c.; Edith Palomo, r. f.; Agnes
Gunn, l. f.; Teresa Hovacum, p.;
Cecilia Leon, c. g.; Esther Romero,
substitute.

For good saddle horses by hour or
day, call the Granville Riding School,

BICYCLE RIDERS
BEHIND RECORD
730 HOUR

Sprints During Last Night Re-
sulted in Smash-Ups; Admis-
sion Doubled But Attendance
Increases.

(By Morning Journal Special Leased Wire.)
New York, Dec. 13.—The
score at 1 o'clock this morning, the
seventy-third hour, was:
Eight teams, 1,436 miles, one lap;
four teams, 1,436 miles; Galvin-
Wiley, 1,435 miles, nine laps.
The record for this hour is
1,457 miles, seven laps, made by
Pye and Hehr in 1909.

(By Morning Journal Special Leased Wire.)
New York, Dec. 13.—Although the
price of admission was doubled to-
night, the six-day bicycle race at-
tracted to Madison Square Garden
an enormous crowd, which was treated
to many thrilling sprints and
spills. Fortunately none of the mis-
haps resulted seriously.

Owing to the early morning ac-
cidents it was impossible for the men to
keep up the record.

At 11 p. m. they were sixteen miles
behind the record distance made here
two years ago with eight teams led
for the lead, four others a lap be-
hind, while one team was an addi-
tional lap to recover.

Late tonight there were two wild
sprints. The first started by Pye, and
ended when Stein took a tumble. The
second lasted about 12 minutes and re-
sulted in a smash-up in which Gal-
vin, Cameron, Wells and Lapize were
thrown in a heap while going at top
speed. Each was painfully bruised,
but the doctors said they would be
able to go again in a few minutes.

There was no lack of excitement
during the afternoon and early even-
ing. A soldier who apparently had
been drinking too freely, almost caused
a riot by throwing a beer glass at
the riders. It struck Hill's wheel dur-
ing the sprint and the shattered glass
scattered over the track at the twenty-
sixth street turn.

Bill fell but was not hurt and the
spectators in the center of the garden
crowded in on the track. The race
was delayed for five minutes until
the crowd was driven back and the
broken glass swept off the track.

During a ten-minute sprint George
and Broeze, Lapize and VanHou-
sin, Cameron, Wells and Lapize were
thrown in a heap while going at top
speed. Each was painfully bruised,
but the doctors said they would be
able to go again in a few minutes.

George and Kramer were victims
of the trouble, each getting a shake-
up in a fast sprint, but neither was
injured. John Bedell had a severe
tumble from a burst tire but was able
to resume in five minutes.

JOHN DALY DEFEATS
ALFRED DE ORO

New York, Dec. 13.—In a re-
markably well played finish, John
Daly of Chicago tonight won the
three-cushion billiard match from
Alfred De Oro by two points.
The score for three nights' play
being Daly 150, De Oro 148. Tonight's
match won 11-9.

When play opened for the third
round De Oro had a lead of thirteen
points on the Chicago Man, the score
being 100 to 87. Daly played a sen-
sational game and took the final
block, 69 to 48.

If you want a good riding horse,
call the Granville Riding School, 114
W. Silver, Phone 1020.

Sheephead Bay Track to Be Sold.

New York, Dec. 13.—The Con-
necticut jockey club has given an option
on the Sheephead Bay race track to a
syndicate of capitalists for \$3,000,
and the property is to be cut up into
residence plots. This was the
statement made today at a hearing be-
fore the tax commissioners of Brook-
lyn when an attorney appeared to
protest against the assignment on the
race track as being too high.

"The Lion and the Mouse."

The United Play company, in pre-
sented "The Lion and the Mouse."
In this city, calls attention to the fact
that never in the history of the
American stage was a play produced
which attracted such a wide at-
tention as did this dramatic triumph
of Charlie Klein.

It has to do with a struggle for
supremacy between a man trained
in every artifice of the world, and a
woman, using every expedient of
feminine wit.

McGorty Outboxes Ramsey.

Pittsburg, Dec. 13.—Blade Mc-
Gorty of Oshkosh, Wis., and Mc-
Gorty of Philadelphia, aspirants for
leadership of the middleweight fight-
ers, went six rounds tonight with the
popular division giving McGorty a
shade the best of the fight.

Featherweights Fight at Salt Lake.

Salt Lake City, Dec. 13.—Tally
Johns of Butte won a decision over
Kid Davis of Salt Lake City tonight
in ten rounds of fast, clever fighting.
They fought at 122 pounds.

WOMAN POSTOFFICE
ROBBER OUT ON BOND

Kirkville, Ky., Dec. 13.—Mrs. Min-
nie Callahan, who has confessed she
helped three men rob the Kirkville
postoffice the night of August 23, was
released from jail on \$500 bond this
afternoon.

Mrs. Callahan recently acted as a
defective for temperance workers and
evidence which she furnished, result-
ing in indictment which were returned
by the same grand jury that indicted
her on a forgery charge preferred by
Charles Sikes, whom she accuses of
being one of the postoffice robbers.

RACE RESULTS.

At Columbia.

Columbia, S. C., Dec. 13.—Ideal
racing weather and an attractive
crowd served to draw out a liberal at-
tendance this afternoon to the fair
grounds. The racing was keen, three
favorites rewarding the talent. The
novelty race was won easily by Ken-
nedy, foot runner, by twenty yards
over his running mate, Williams, in
the fifth race. Hoffman, favorite,
threw his rider, Hopkins, over the
fence and ran away for three miles.
The boy was badly stunned and
Turner was substituted after a delay
of fifteen minutes. Hoffman then
electrified the crowd by winning
handily. Results:

First race, seven furlongs: Joe
Rose won; Belle Clem, second; How-
ard Sheehan, third. Time—1:27 1-3.
Second race, five furlongs: Lewis
won; Queen Bee, second; Fanchette,
third. Time—1:09 4-5.
Third race, five furlongs: Kironi
won; Chilton Squaw, second; Loyal
Maid, third. Time—1:01 1-5.
Fourth race, novelty handicap, two
foot runners, automobile, and two
horses: B. Kennedy, 500 yards, foot
runner, won; W. H. Williams, 500
yards, foot runner, second; Elizabeth
Harwood, futurity course, third.
Time—1:53 1-5.
Fifth race, six furlongs: Hoffman
won; Rose Queen, second; Donau,
third. Time—1:13 1-2.
Sixth race, mile and a sixteenth:
Helent won; Michael Angelo, second;
Troy Wright, third. Time—1:46 3-5.
Seventh race, five furlongs: Car-
roll won; Smyrk, second; Domitica,
third. Time—1:09.

At Juarez.
Juarez, Mexico, Dec. 13.—The form
players had a very profitable after-
noon at Juarez today as five favor-
ites gathered in the money while the
other events went to a long shot. Lot-
ta Creed at 5 to 1. A supposed good
thing easily won the mile event
while Lackrose, the favorite, had no
trouble in winning the mile and an
eighth event. Results:

First race, five and a half furlongs:
Delaney, 11 to 10, won; Quarterman,
13 to 1, second; Judge Cabanis,
12 to 1, third. Time—1:06 3-5.
Second race, six furlongs: Sleep-
land, 13 to 5, won; Evelina, 6 to 1,
second; First Fashion, 3 to 1, third.
Time—1:14 2-5.
Third race, mile: Lotta Creed, 5 to 1,
won; Keep Moving, 4 to 1, second;
Barney Oldfield, 6 to 1, third. Time
—1:41.
Fourth race, mile and a furlong:
Lackrose, 13 to 10, won; Rumpie, 7
to 2, second; Dutch Rock, 7 to 5,
third. Time—1:54.
Fifth race, five furlongs: Tourist, 3
to 2, won; Bill Anderson, 10 to 1,
second; Dudo, 6 to 1, third. Time—
1:14.
Sixth race, six furlongs: Henry Wal-
bank, 2 to 1, won; Lady May, 5 to 1,
second; Ozer, 3 to 1, third. Time—
1:12.

PLUMBERS' STRIKE
RENEWED

Workmen Employed By Whit-
ney Company and Beeman
and Ayer Demand Closed
Shop and Walk Out.

The plumbers' strike, which was
settled last September, has again
broken out. This far only two of the
local plumbing establishments are
affected, but it is feared that the
trouble may spread.

The firms affected by the latest
walk-out are the Whitney company
and Beeman and Ayer. According to
the claims of the union leaders these
firms have persisted in employing
both union and non-union men in
violation of the "closed-shop" rule.
The walk-out was decided upon at a
meeting of the union held Tuesday
night and the strike order took ef-
fect yesterday morning. It is said
that the movement has the sanction
of the national organization of the
plumbers' union and that a represen-
tative of the grand lodge is in Albu-
querque to direct the fight.

The plumbers' organization has or-
dered published a list of the plumb-
ing shops in the city which employ
union labor exclusively.

CANNOT CHARGE FOR
WATER USED IN
PUBLIC FOUNTAIN

In an order issued from the district
court yesterday afternoon, Judge Ab-
bott denied the right of the Water
Supply company of Albuquerque to
charge the city of Albuquerque for the
water being used at the fountain
on the corner of Central avenue and
Broadway.

The decision is the outcome of a
suit involving the contract made be-
tween the water company and the city
in connection with the franchise un-
der which the company operates,
whereby the company agrees to fur-
nish the city without charge of a cer-
tain number of gallons of water per
month.

It was shown in the trial of the
case that the city was not using the
maximum number of gallons of water
allowed by the franchise, but the
water company held that the fran-
chise had reference only to water used
in the ordinary course of the func-
tions of the city, and not in connec-
tion with free water fountains.

Judge Abbott held differently. He
ruled that the franchise made no
provision as to any use to which the
city might put the water so long as
the maximum amount was not being
taken from the pipes. As long as
the amount of water fell below the
maximum no charge could be made
by the city. In the order issued yesterday
the costs were taxed against the Water
Supply company. The water com-
pany gave notice of an appeal to the
supreme court.

To Limit Manufacture of Opium.

The Hague, Dec. 13.—The interna-
tional conference, on the motion
of the United States, seconded by
China, adopted a resolution today to
limit successfully the manufacture
and use of prepared opium as well as
the trade in that drug, making allow-
ance for exceptional circumstances in
the countries concerned. The confer-
ence also adopted five resolutions sub-
mitted by the British delegation re-
stricting the production and trade in
morphine and cocaine.

SILVER CONFESSES
TO DYNAMITE
OUTRAGES

Discharged Army Chaplain and
Wife of Military Convict Im-
plicated in Plot at Fort Riley,
Kansas.

(By Morning Journal Special Leased Wire.)
Junction City, Kas., Dec. 13.—
Army officers at Fort Riley tonight
declared that the federal authorities
had under observation several per-
sons implicated in the recent dynamite
explosions at Fort Riley and that
additional arrests might be expected
at any moment.

Although the officers would not
permit themselves to be quoted, it
was declared that the persons under
surveillance are prominent and their
arrest would cause a sensation. The
investigation has been going on some
time, but it was not until today, after
Rev. Charles M. Brewer, former army
chaplain of Fort Riley, but now pastor
of a church at Olathe, Okla., and
Mrs. Anna Jordan of Kansas
City, had been arrested by federal
authorities that Colonel Hoyle, com-
mandant at Fort Riley, gave out a
confession by Private Michael Quirk,
in his confession Quirk declared he
performed the work of dynamiting at
the instigation of Rev. Mr. Brewer,
who sought revenge because he had
been court-martialed and discharged
from the army for conduct unbecom-
ing to an officer.

WIFE OF MILITARY
CONVICT IMPLICATED

Leavenworth, Kas., Dec. 13.—Fred
Jordan, military convict and husband
of Mrs. Anna Jordan, arrested in
Kansas City today, after being im-
plicated by Private Michael Quirk in a
dynamite plot at Fort Riley, was
arrested in his cell today. Jordan said
it would have been impossible for
Mrs. Jordan to have been implicated
in any way with the dynamiting.
He declared she was at her home in
St. Louis at the time of the explosion.
"Was your wife acquainted with
Quirk?" Jordan was asked.

"Not that I know of," he replied.
"Was she acquainted with Rev.
Brewer?"

"I don't think she ever met him.
She was at the post only once that I
know of, and then for a short time
only. That was before the dynamit-
ing."

Jordan, who is a soldier, was con-
fined in the guardhouse at Fort Riley
for larceny at the time of the ex-
plosions. While thus detained his
wife, it is charged, furnished him
with an army rifle and he made his
escape. He was charged with the
crime, however, and sentenced to the
military prison here.

MRS. JORDAN TAKES
HER ARREST LIGHTLY

Kansas City, Dec. 13.—In the mat-
ron's room at police headquarters,
where she has been held awaiting the
arrival of federal authorities from
Fort Riley, Mrs. Anna Jordan, charg-
ed with complicity in the dynamiting
plot at the fort, heard tonight why
she was arrested. She had not been
permitted to read the papers today
and when a reporter told her of
Private Quirk's confession, Mrs. Jor-
dan laughed and said it was ridicu-
lous.

"I never heard of Quirk," said
Mrs. Jordan. "I hardly knew Chap-
lain Brewer and never was in a mo-
tor car with him. In Quirk's story
I cannot find any link in this matter
because I was in St. Louis with rela-
tives at the time the explosions oc-
curred."

"When I was in Junction City,"
Mrs. Jordan continued, "several of
my friends told me about the dynamit-
ing and said they had heard it
was mixed up in it. That is not true.
I positively had no knowledge of it."
Mrs. Jordan will be taken to
Junction City tomorrow.

DISGRACED CHAPLAIN
TAKEN INTO CUSTODY

Oklahoma City, Dec. 13.—Rev.
Charles Brewer, charged with im-
plication in a series of recent dynamite
explosions at Fort Riley, Kas., was ar-
rested for his home in Olathe, Okla.,
today. The deputy, who made the
arrest, refused to say where he
would take the prisoner when they
boarded a train tonight.

GOVERNORS START
ON HOMEWARD TRIP

Pittsburg, Dec. 13.—The western
governors who have been touring the
east showing the products and de-
scribing the opportunities of their re-
spective states arrived here today.
They are en route to a program
of entertainment that took them
from Pittsburgh and ended tonight in
an informal dinner and reception.

"We have done great missionary
work," Governor Elbert of Minne-
sota said. "It is well for us to get
together. Both the east and west
should learn more of each other."
Stating that the purpose of the trip
had been achieved and that now as
a result the west is much nearer the
east, Governor Brady of Idaho con-
tinued:

"The attractiveness of our land ex-
hibits is shown by the throng of per-
sons who have visited our special
train. By the time we return to the
west more than 100,000 persons
will have passed through our
train. We are satisfied that we have
shown the east what the west is, and
that we have won the friendship of
the eastern people for the west."
The governors' special left here to-
night for Columbus, O.

BODIES OF 3 WOMEN
FOUND IN ASH HEAP

Troy, N. Y., Dec. 13.—The bodies
of Mrs. Mary A. Morner and her two
daughters, Edith, 21, and Blanche, 18
years old, residents of Defreesville,
were found in a refuse pile in the al-
ley back of their home tonight.
The son, Arthur, 30 years old, is
missing, and search is being made for
his body. The women had been mur-
dered by being struck on the head
by a hatchet, which was stained with
blood and found near the bodies.
The authorities are searching for
an Italian farm hand who was last
seen on Tuesday morning.

PUBLIC OPINION IS
ONLY GUARANTEE
OF TEMPERANCE

Widely Known Editor Declares
That Campaigns for State-
Wide Prohibition Have Done
Cause Harm.

(By Morning Journal Special Leased Wire.)
Washington, Dec. 13.—Declaring
there were too many state statutes
for the control of liquor traffic, and
that unless the law was backed by a
strong public opinion, it was useless,
Ernest H. Cherrington of Ohio, editor
of a prohibition periodical, tonight
urged the delegates to the fourteenth
annual convention of the Anti-Saloon
League to give more time to
arousing public opinion against the
liquor traffic and less to lobbying for
the enactment of laws that never
were enforced and soon became a
dead letter.

Mr. Cherrington said the cam-
paign that had been waged in some
places for state-wide prohibition had
done the cause of temperance harm,
and cited Alabama as an illustration.
"The Anti-Saloon league was op-
posed to a state-wide prohibition law
in Alabama," he said, "but the cam-
paign was forced upon the organiza-
tion by extremists. It is clear to
every one that the result did our
cause harm. The state was not ready
for that measure and until you have
public opinion with you it is waste
of time to force any law upon the
people."

MURDERED WOMAN
AND HUSBAND;
SPARED DABE

Atrocious Crime Committed at
Shelby, N. C.; Two Negroes
Arrested Charged With the
Bloody Deed.

(By Morning Journal Special Leased Wire.)
Shelby, N. C., Sept. 13.—With her
month-old baby, blood-stained, but
unharmed, she lay on the floor. Mrs.
John Dixon was found dead in her
home here today by neighbors. A few
minutes later the mutilated body of
her husband was discovered in the
barn, a hundred yards away. Nearly
two weeks ago the murders had
been committed.

Tonight officers arrested John and
Hack Ross, negro tenants of Dixon,
charging them with the double crime.
They had been heard to make threats
against Dixon, it is said.

GOVERNMENT RESTS IN
CASE AGAINST MOORES

Seattle, Wash., Dec. 13.—The gov-
ernment rested its case today in the
trial of A. H. and C. A. Moore, ac-
cused of having used the mails to de-
ceive in the promotion of the Alaska
Investment and Development com-
pany.

Counsel for the defense in their
opening statement declared they
would prove that there was no intent
to defraud and that the projects of
the Moores were practicable.

Interpretation of the company's
books by Hiram S. House, expert ac-
countant in the bureau of investiga-
tion of the department of justice, ac-
cused the government's last witness occu-
pied much of the time today. House
said the books showed but \$266 had
been charged to development work up
to November, 1910.

House said that the company had
agencies for the sale of stock in four
cities. G. W. Evans, the Kansas City
agent, had sold \$4,694 worth of stock.
House testified, but turned in only
\$434 to the Moores. In addition Evans
received \$25,000 shares of stock. The
accounts of other agents according to
the government expert, showed only a
small percentage of the returns from
the stock sales turned in to the com-
pany.

C. A. Moore was on the stand when
court adjourned. He declared that
he had never drawn a dollar salary
from the company and that all he
had hoped to receive was a stock
bonus when his development scheme
had proved successful.

MRS. PATTERSON
LEAVES SANDOVAL

Sandoval, Ill., Dec. 13.—Mrs. Ger-
trude Gibson Patterson, who was ac-
quainted in Denver November 29, of the
murder of her husband, Charles A.
Patterson, has disappeared from the
home of her parents in Sandoval. Her
relatives refuse to say where she has
gone.

Mrs. Patterson did not purchase a
ticket at the railroad station but
quietly boarded an eastbound Balti-
more and Ohio train here.
Her parents, Mrs. Patterson told
them she could not obtain peace and
quiet at her home and was deter-
mined to go where she could. She said
she no longer could endure the visit
of newspaper men. She had been
considerably harassed because three
reporters from Chicago had visited her
in one day.

After her acquittal Mrs. Patterson
said she might visit friends in Oregon
but no information was available
here tonight indicating that she had
gone west.

Mrs. Atwater to Become Actresses.
Los Angeles, Dec. 13.—Mrs. Lillian
Janeway-Atwater, widow of the late
United States Senator Platt of New
York and bride of W. B. Atwater of
New York, who with her husband is
now touring in southern California
on their honeymoon, announced today
she expected to qualify next spring as
the first woman airplane aviator in
America.

Mr. Atwater, too, is an aviation en-
thusiast and he claimed they were the
first husband and wife to enter the
aviation game together.

The Atwaters will study aviation at
San Diego.

BANDITS SURPRISED
WHILE ROBBING
VILLAGE BANK

Exchange Fusillade of Shots
With Citizens of Illinois Town
and Make Good Their Escape
in Darkness.

(By Morning Journal Special Leased Wire.)
Bloomington, Ill., Dec. 13.—The
bank and postoffice at Fancy Prairie,
forty miles southwest of here, was
entered by four bandits about 12:15
this morning. The robbers secured
nothing and escaped after a battle
with citizens who had been aroused
by a man who saw the light in the
bank.

The men entered through the post-
office which is in the same building
as the bank. After exchanging nu-
merous shots the robbers slipped out
the back door, disappearing in the
darkness. They secured a good start
before the posse was notified by resi-
dents in the south part of town that
the men had been seen running south
on the Chicago and Alton railroad
track.

About 1 o'clock this morning the
Palace Express on the Chicago and
Alton stopped at Williamsville, a few
miles from Fancy Prairie. This is
usual and it is believed the men
boarded the train there and are head-
ed for Chicago.

OIL PROMOTERS USED
MAILS TO DEFRAUD

Cleveland, Dec. 13.—Efforts made
by Salsals Griffin and company, oil
promoters to interest St. Louis capi-
talists in a well near Chelsea, Okla.,
were disclosed in federal court today
during the trial of Albert S. Griffin
and Charles A. Sandals, who are
charged with having used the mails
to defraud in the disposal of stock in
the Sterling Oil company. F. M.
Scott, manager of the Cherokee Oil
and Gas company of Chelsea, a wit-
ness for the prosecution, identified a
letter which had received from Sandals
for the firm relative to an impending
visit that three or four representa-
tives were to pay to the "Bald Hill
well." This letter, dated February
21, 1910, told Scott that it would be
worth \$40,000 each if the well was
found to be rich in oil. St. Louis
visitors could be raffled.

Sandals, however, thought satisfac-
tion would be easy if the well were
seen. "They could have steam up,"
the letter continued, "and the engine
running and working on that work
and if the well would flow as I have
seen it flow, that would cap the deal."

Wainwright to Be Kept in Service.
Washington, Dec. 13.—Notwith-
standing Rear-Admiral Wainwright,
aide for operations, retired December
17, Secretary Meyer has decided to
make use of his long experience and
retain him on the active list of the
navy, assigning him to the general
board after retirement.

Rear-Admiral C. E. Vreeland, aide
for inspection, has been appointed to
succeed Admiral Wainwright as aide
for operations, but his successor has
not yet been appointed.

GETS 24,000 VOLTS AND SURVIVES NATIVE SERIOUSLY CARVED IN FIGHT AT ESTANCIA

Pumper for the Chino Copper Company So Severely Burned by Current Arm May Have to be Cut Off.

(Special Correspondence to Morning Journal) Deming, N. M., Dec. 13.—John Bohlin, who is pumper for the Chino copper company at the Apache Tejo well received a charge of 24,000 volts of electricity last Saturday. A short circuit was caused by the crossing of wires in the pump house, his right arm from the elbow to the fingers to the elbow was severely scorched. He was unconscious for nearly an hour. It may be necessary to amputate his injured arm as it is very badly burned.

Troops I and J, which are camped near the Union depot will leave tomorrow for the west. The boys were paid last night at the depot by the paymaster. They received their pay in the telegraph office and as one of the boys was marching up to the counter he received an operator at the key, Thomas E. Miller. The two boys had not seen anything of each other since Mr. Miller had left New York, which was over ten years ago. Their destination is Fort Apache, Arizona. Supplies for these troops are carried by the local Southern Pacific freight trains and in this manner they have supplies and camping outfit already on the ground when they arrive.

At a meeting of the new telephone company held a few days ago the following officers were elected: Hugh Ramsey, president; A. C. Hines, secretary; Dr. J. G. Mohr, treasurer; board of directors, A. L. Taylor, Frank Barrett and H. G. Rush. This company has been incorporated for five hundred dollars, two thousand five hundred dollars of this amount having already been subscribed. Active work will begin at once upon the line between Deming and Hualapai and it is expected to have this part of the line in operation on or before February first. Within ninety days from the time operations are commenced on the Deming Hualapai line it is expected to have the line ready for the public from Deming to Columbus. A rural telephone line is one of the few noticeable features that are being inaugurated by the people who are settling here in the Hualapai valley.

Brazil Sends Warships to Amazon. Washington, Dec. 13.—Brazil is keeping a close watch on the revolutionary movement in Paraguay and has ordered four or five ships to the Amazon to quell the trouble already there, according to state department advice. Both the Brazilian and Argentine naval commanders at Assunção have given notice that they will not permit bombardment of that city or other unauthorized places.

OFFICIAL CANVASS SHOWS GAINS FOR STROUP ADJOURNS WITHOUT RECOMMENDING CHANGES

TALK OF CONTESTS RENEWED IN SANTA FE

Judge Wright Determined to Fight Election of Hanna and Owen That of Van Stone Is Report Current at Capital.

(Special Dispatch to the Morning Journal) Santa Fe, N. M., Dec. 13.—The feature of the official canvass of the vote on the November election today was the gain of 129 votes by A. E. Stroup, republican candidate for superintendent of public instruction. The board today took up the count of San Juan and San Miguel counties. San Juan was disposed of in the morning session, and San Miguel was taken up in the afternoon. When the board adjourned for the day, seven precincts of San Miguel remained to be counted. It is said that as a result of today's work of the board all the candidates on the republican state ticket made gains, and it is claimed tonight that of the sixteen candidates on the state ticket only five democrats have been elected, viz: Governor, lieutenant governor, secretary of state, state treasurer and one congressman.

According to the official returns from the counties so far canvassed and an estimate on the remaining counties the standing of the candidates for the supreme court is as follows: Hanna (progressive).....29,547 Roberts (rep.).....29,547 Parker (rep.).....29,488 Wright (rep.).....29,440 Burkhardt (dem.).....29,323 Dunn (dem.).....29,299

It will be noted that the estimated vote for Judge Wright, and for Mr. Hanna, the progressive candidate, is exactly the same, while less than 250 votes separate the high and low men on the ticket. What the canvass of the remaining counties will reveal is a problem which nothing but the actual count will solve, and it is quite possible that the lowest man on the ticket may be the highest when the count is completed.

There is considerable talk of contests heard here and it is said that both the democratic and republican state committees are gathered in the recent election. If half the rumors be true both sides have accumulated sufficient evidence of irregularities to invalidate any election held.

On the other hand there are many democrats and republicans who deplore the idea of contests and favor a plan of an agreement between the warring candidates to accept the verdict of the canvassing board as final. It is argued by these men that a contest, with its attendant bitterness at this time would inevitably result in harm to the new state and would be one of the worst advertisements New Mexico could have on the eve of entering the union.

While the talk of contests is general, there is reason to believe that at least two of them cannot be avoided. Judge Wright, it is believed, is determined to fight the contest in the event Mr. Hanna is given the certificate of election as a member of the supreme court. The supreme court, according to local attorneys, will have jurisdiction to decide an issue of this kind.

The other contest that now seems certain is that of O. L. Owen against G. H. Van Stone for a place on the corporation commission. Through an error in the printing of the ballots in McKinley and Luna counties Mr. Owen suffered a loss of some eight hundred votes which apparently gives the place to Mr. Van Stone. It is the contention of Mr. Owen that the intent of the voter should be taken into consideration and that the votes erroneously cast for "O. L. Owen" should be counted for "G. H. Van Stone." The canvassing board, it is understood, holds that it has no power to inquire into the intent of the voter, but must accept the returns as it finds them.

A peculiar feature of the Owen-Van Stone contest is the fact that both were candidates on the same ticket. Tomorrow the board will finish with San Miguel county, which will be followed by Santa Fe, Sierra, Socorro, Taos, Torrance, Valencia and Union. It is believed that the actual canvass will be completed by Saturday, when arguments on the exceptions which have been noted during the session will be heard.

PROLONGED DRUNK AT KELLY ENDS IN SELF MURDER

Sam Fernandez After Ruming Amuck Blows Out Brains With Six Shooter at Socorro County Camp.

(Special Dispatch to the Morning Journal) Kelly, N. M., Dec. 13.—Following a prolonged spree and while under bond for breach of the peace, Sam Fernandez, aged 36, formerly an employee of the German Mining company, committed suicide at Kelly at 2 o'clock this afternoon. Fernandez went into a rear room behind a barber shop and sat down and put the muzzle of a forty-four caliber Colt's revolver in his mouth, pulled the trigger. The heavy ball tore through his brain and emerged at the top of his head, death being instantaneous. A coroner's jury returned a verdict of suicide. Fernandez had been arrested for a desperate attack with a butcher knife upon a woman at Vivian's boarding house, the man varying the program by breaking all the glass in the building.

National Business Congress Is Unable to Reach Agreement as to Desired Revision of the Laws.

(By Morning Journal Special Leased Wire) Chicago, Dec. 12.—The national business congress concluded its three-day session here today without stating the changes desired in federal and state laws affecting business.

The resolutions committee instead of returning the expected resolutions asking for an amendment of the Sherman anti-trust law, statutes forbidding interstate transportation of high power explosives and, particularly for the formation of a "business men's" national political party, reported a request that the president appoint a special committee to formulate a declaration of principles "which will reflect the necessities and demands of the commercial, industrial and business interests of our country."

Chairman Allen Frost said the committee was unable to draft such a declaration. "Labor had business on the run" and no report of the Sherman law was wanted. Further than that his committee was not agreed.

Improvement and enlargement of the American merchant marine and plans to increase the volume of exports occupied much of the attention of the delegates at the banquet which followed the close of the regular session of the congress.

Professor Emory P. Johnson of the University of Pennsylvania, advocated governmental aid for American shipping, favoring slow-going freighters and the removal of building restrictions on vessels of American registration. Among his suggestions were:

Proceed on a basis of diverting American capital to the sea.

Allow ships built anywhere and owned by Americans to be registered under the American flag and subsidize two freight lines to South America and one across the Pacific ocean.

James L. Elwell of New York, secretary of the Merchant Marine committee, said that a ship subsidy measure, which once more will allow us to hold up our heads without shame before the nations of the world.

"We have every reason to believe that the public response will be emphatic and that in the near future congress will be compelled by the voice of the people to give up a subsidy measure, which once more will allow us to hold up our heads without shame before the nations of the world."

NO MORE GAS IN STOMACH AND BOWELS

Not Only Relief, But Cure for All Time.

If you wish to be permanently relieved of Gas in the Stomach and Bowels, take two BAAI-MANN'S GAS-TABLETS for a few days.

BAAI-MANN'S GAS-TABLETS are prepared distinctly and especially for Stomach Gas and particularly for all the bad effects coming from Gas Pressure.

That empty, gone and gnawing feeling at the pit of your stomach will forever disappear in a few days; that anxious and nervous feeling, with heart palpitation will vanish and you will once more be able to take a deep breath, so often prevented by gas pressing against your heart and lungs.

Your limbs, arms and fingers won't feel cold and go to sleep, because BAAI-MANN'S GAS-TABLETS prevent gas interfering with the circulation; that intense drowsiness and sleepy feeling after dinner will soon be replaced by a desire for some form of entertainment.

Your distended stomach will reduce by inches, because gas simply cannot form after a few days' use of BAAI-MANN'S GAS-TABLETS.

Another evidence of hundreds of people that have been cured of Gas in their stomachs and bowels the last few days.

Mrs. Louisa Guesst, Los Angeles, Cal., writes as follows: After taking BaaI-mann's Gas Tablets one week I felt perfectly relieved.

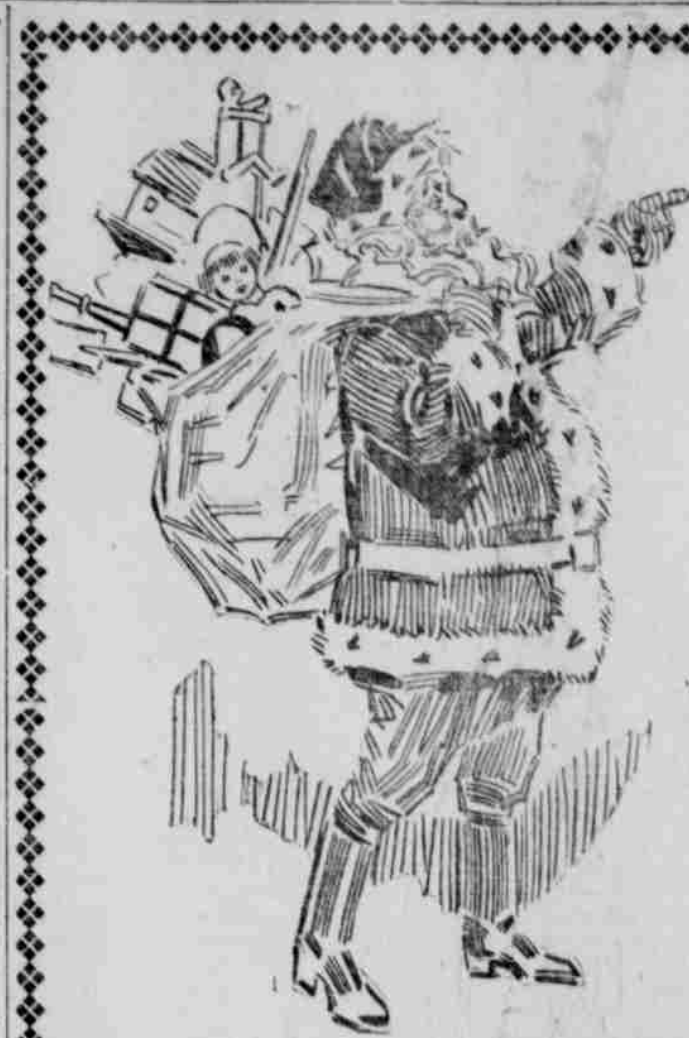

Mrs. C. M. Jones, Schastopol, Cal., writes: I never saw anything that would take the place of BaaI-mann's Gas Tablets. I have been taking treatment for dyspepsia for 2 1/2 years and my stomach was, if anything, worse than when I began. I have now been taking BaaI-mann's Gas Tablets for three weeks and feel very much better.

Mr. W. H. Booth, Vice President, Equitable Savings Bank, Los Angeles, says: BaaI-mann's Gas Tablets are the greatest and most effective remedy ever made for gas in the stomach and bowels.

These peculiar tablets are sold for 50c a bottle, nearly every druggist. If not in stock, tell him to get them for you from his wholesaler, or send 50c in silver, stamps or money order to J. BaaI-mann Co., 326 Sutter St., San Francisco.

IGNORANT MAN HEAD OF FAKE INSTITUTION

Seattle, Dec. 13.—Although Albert Sweeney, arrested today on a charge of using the mails to defraud, is a literate man, he cannot write his own name. He is charged with having founded the mythical western school for railroad and induced many gullible persons to buy stock in the concern.

STOCKMEN ELECT COLONEL JASTRO PRESIDENT

American National Livestock Association Choses Californian to Direct Its Destinies; Next Convention at Phoenix.

(By Morning Journal Special Leased Wire) Denver, Dec. 12.—With the adoption of a resolution, the selecting of Phoenix, Ariz., as the place for the next convention, and the election of H. A. Jastro of Bakerfield, Cal., as president, the convention of the American National Live Stock association adjourned late today.

The resolutions demand the retention of sufficient duties on imports of live stock and its products and on all farm and ranch products, including grain and feed, as shall be fair to the cattle industry of the United States compared with the import duties on other products whether the duties are levied for purposes of protection or government revenue.

The Payne-Adrich bill is condemned for placing a burden on the free list and a restoration of the duty is demanded.

The resolutions urge congress to enact a law looking to the obtaining of an immediate and accurate valuation as well as details as to cost and total investment of all railroad property for purposes of reference in rate litigation to enact a law compelling railroads to provide adequate equipment for freight, including live stock, at all times, and that the interstate commerce commission be empowered to prescribe a minimum speed limit for all stock trains to suit varied local conditions; to repeal or amend the law placing a prohibitive tax on oleomargarine; to bring about the classification of unappropriated and unreserved public lands into grazing and agricultural districts, and to create a non-partisan tariff commission for further revision of the tariff along scientific lines.

Terrible Suffering

Eczema All Over Baby's Body

"When my baby was four months old his face broke out with eczema, and at sixteen months of age his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy."

Mrs. Mrs. Lewis, Boring, Maine. Hood's Sarsaparilla cures blood diseases and builds up the system.

Get it today in usual liquid form or chocolate tablets called Sarsatabs.

Flies 74 Miles an Hour. Hammondport, N. Y., Dec. 13.—Hugh Robinson, testing today a new hydro-aeroplane, with a seventy five horse power motor, attained a speed of seventy-four miles per hour in calm air.

Paducah, Ky., Dec. 13.—Mrs. Lucy Griffith, 73 years old, was indicted today on the charge of poisoning her husband, Edward Griffith, last April. The trial will be held next June. A previous grand jury failed to find a bill.

Ask Your Doctor
Afraid to use hair preparations? Don't know exactly what to do? Then why not consult your doctor? Isn't your hair worth it? Ask him if he endorses Ayer's Hair Vigor for falling hair, dandruff, a hair tonic and dressing. Have confidence in his advice. Follow it. He knows.

Victor
Don't let this Christmas go by without getting a Victor—or a Victor-Victrola.

Take your choice—a Victor for \$10, \$17.50, \$25, \$32.50, \$40, \$50, \$60 or \$100; a Victor-Victrola for \$15, \$25, \$40, \$50, \$75, \$100, \$150, \$200 or \$250.

Why not come in today and hear these instruments—no obligation to buy. If you do want to buy, we'll arrange terms to suit.

Give Us Your Order. We Will Give You Satisfaction.

ALBUQUERQUE NEW MEXICO

TIME TO BURN A FEW BARNS.

The following dispatch from Pittsburgh to the Philadelphia North American has been called to our attention:

"According to the Pittsburgh Dispatch, W. H. 'Bull' Andrews, formerly Quay's handyman in this state, and now delegate in congress from New Mexico, is boasting that the legislature of the new state will elect two machine republicans to the United States senate. The 'Bull' hopes to be one of them.

"He is quoted as saying: 'The regulars are real republicans of the Pennsylvania brand. They would go out and burn a barn if necessary to help the party.'

This is very interesting. It leads to the conclusion that the psychological moment has arrived for the Bull and his "regulars" to go out and burn a few barns. And we are of the private opinion that they will have to burn quite a few before the Bull seats himself in the U. S. senate.

A GOOD PROPOSITION.

The proposition of Mr. Amado Chavez, made at the commercial club meeting Tuesday night in regard to the artisan development of New Mexico, is one worthy of serious consideration and is of considerable importance. It is suggested that a memorial be prepared to be passed by the legislature, asking congress to donate to the state of New Mexico a large grant of land, to be selected and sold by the state for the purpose of creating a fund with which to drill for artesian water in each of the counties of the state. There is good reason for the belief that it would be difficult if not impossible to get an appropriation of money from the national treasury for this purpose, and it would not do to ask the state to furnish the money, assuming such a burden right at the outset. It is pointed out on the other hand that it ought to be fairly easy to get from congress a slice of our own lands for such a practical and important purpose. The matter should be taken up without delay. It looks possible and there is no doubt that a systematic test in every county would result in the discovery of artesian wells hitherto undreamed of in New Mexico. With the stream water for irrigation reinforced by an artesian supply in many parts of the state, the impetus to reclamation and agricultural development would be great.

HOW LONG?

For what period of time, Oh Omnipotent Deity, are we going to be obliged to read the intolerable, impossible, inconceivable, near-funny verse perpetrated every year by the Grideron Club in Washington? It has got to the place where it is becoming difficult to even look pleasant while perusing the limping, halting, struggling, and maimed productions which do not rhyme, do not jingle, and create nothing but mental distress when we try to digest them. The Grideron club used to get off something really funny once in a while; evidently the humorists in that famous organization have all passed away. It is time that some legal measures were taken with regard to this celebration. At least a heavy fine might be provided for the public dissemination of the annual poetic efforts of the Griderons. It all may sound very funny when it is recited and when the auditors are in that mellow frame of mind superinduced by the conversational beverage and the two-bit cigar. But in cold, relentless type, it is enough to cause the reader to cast stones at his grandmaster.

As was to be expected, the announcement of another ocean liner, bigger than any yet built, by a British company is promptly matched with the promise by a German company of one bigger still. It will be interesting to see how far such competition will be carried, and it is at any rate preferable to rivalry in warships.

A Chicago man has discovered that cows like to hear music when they are being milked. This opens a field for useful and harmless occupations for some of the sinners on the vaudeville stage.

"BRITONS I HAVE HANGED."

No doubt encouraged by the flattering reception accorded Alfred Tennyson Dickens and Arnold Bennett, Mr. James Berry, another Englishman, has come over to lecture to us on "Britons I Have Hanged."

Mr. Berry, who arrived in New York a few days ago and promptly confided his plans to the New York reporters, is unusually well equipped for a lecture on that subject. In fact, he has probably hanged more men, and certainly more Britons, than any other man alive today.

In speaking modestly of his qualifications as a lecturer on the subject Mr. Berry said that up to eighteen years ago he was the official hangman of the British Isles. He rose to that important position after a long apprenticeship as assistant hangman, during which he helped to hang about five hundred Britons.

As the official hangman, he was kept fairly busy, being called on during his tenure of office to act as master of ceremonies at the official taking-off of 193 additional Britons. One of these, he said, was the famous Lieutenant Colonel Cross of Shandy Hall, county Cork, Ireland, who killed his wife to marry the governess.

"Though he said it that shouldn't," the newly arrived lecturer was compelled by the artful questioning of the reporters to admit that he hanged a man about as prettily as anybody could wish. He said that he used a five-eighths of an inch rope adjusted in a fashion that he had invented himself. It had never failed to give perfect satisfaction.

A certain professional jealousy of well as the true British conservatism betrayed itself in the lecturer's comments on the electric chair as a mode of execution. He described it as "horrible." A good, old fashioned hanging, carefully conducted by a hangman who knew his business was the only decent way of executing the law's extreme sentence. No good came of newfangled methods when the old and approved ones answered the purpose so well.

Mr. Berry would probably have been the official hangman of the British Isles today instead of a lecturer had it not been for the discovery that two persons whom he had hanged were innocent of the crime for which they suffered and for his conversion to the Wesleyan faith. The first gave him quite a shock and the second made him realize that hanging people was no fit occupation for a Christian man.

After his resignation, which a grateful government was loath to accept, he became an author, an evangelist and a lecturer. It seems that the English government has prohibited the sale of his work on the subject of hanging and the people he has hanged in the British Isles. But he hopes, no doubt, for a more friendly reception of them in the United States and Canada.

His lecture itinerary is not yet complete. He expects, however, to give both the United States and Canada the benefits of his stored-up experience. Chautauqua managers desirous of securing his lecture on "Britons I Have Hanged," as a special attraction, would do well to communicate with him at once.

COURTEOUS TREATMENT AT LOGANSPOIT.

In order to stimulate the purchase of marriage licenses at Logansport, Ind., Ed Hanke, the county clerk, has inserted an advertisement in a local newspaper informing applicants that they will receive "courteous treatment" and, if they so desire, may be married right in his office.

We trust, says a Chicago paper, that this change of policy may be permanent. We infer, from the special announcement that under the new arrangements "courteous treatment" may be expected, that applicants for marriage licenses have heretofore had to submit to all sorts of ill-treatment in the county clerk's office. This is manifestly unjust.

If there is any time in a man's life when he ought to be treated courteously, even sympathetically, it is when he is making application for a marriage license. It is a shame to cloud the perfect joy and situations of that moment with anything savoring of unkindness. Everything should be done to make it as pleasant for the patient as possible.

To be more specific, no reference should be made in a county clerk's office, at least during the purchase of a marriage license, to the increased cost of living or to the conclusive scientific disproof of the ancient proverb that "two can live as cheaply as one." There is no telling what the effect of such discourteous remarks may be on the mind of a sensitive woman.

By the same token, courtesy demands that there be no brutally frank allusions to the joys of a liberty so soon to vanish and the rigors of a discipline so soon to be imposed. It further exacts a complete silence on the subject of alimony and other inconveniences which may possibly come later.

Whether the treatment of applicants for marriage licenses at Logansport has been along these invidious lines or has been merely the gruffness which some officials adopt as the best evidence of their own importance, we do not know. The dispatch is silent upon the method of discourtesy, simply leaving the reader to draw the inference that those attempting to secure a marriage license have heretofore fared almost as badly as a passenger who attempts to pay a night hackman his regular fare.

But whatever has been done to these hapless persons, it is certainly high time that it be stopped, and

Hankee is to be congratulated on the stand he has taken. Let him persist in the good work until a man can get a marriage license at Logansport as easily as a visitor to the land show in Chicago got a lot at Festival! It can and should be done.

No doubt many timid couples, encouraged by the benign assurance that nothing but courtesy need be expected in the county clerk's office, will soon emerge from their retirement and make an effort to get a license. We look to see the new policy bring forth abundant and satisfactory results. We even hope to see its country followed all over the country.

DON'T LICK THEM.

"Don't lick stamps," is the advice of "The Lancet," more generally applicable in the Christmas season than in any other. "The adhesive stamp is a sanitary blunder," according to the venerable English medical authority, which admits, however, that it is a business necessity. "The habit is opposed to a common sense of cleanliness," "The Lancet" continues, "let alone what bacteriological requirements may teach. No persons need lick a stamp if they seriously make up their minds never to do so, but unfortunately the use of stamps has created a habit, which, once contracted, is difficult to avoid. The habit of licking stamps is, in fact, practically universal, and few people consider it an offense against good manners. There are several devices which are intended to obviate the licking of a stamp, but their adoption is comparatively rare. Licking envelopes is equally objectionable, and it is time that human ingenuity found a convenient way of sealing a paper cover or of attaching a stamp which shall not require the aid of the saliva."

"The law and its administration of today are approaching a crucial test," said Judge Marcus Kavanaugh, of the Illinois Circuit Court, speaking at a dinner in Chicago, "and the judges and members of the bar will be responsible for the future. This is the test. Look at the homicides in this country in the last year, a hundred to each million population. In little Italy there were but fifteen, in Canada, thirteen, and in Germany five to every million persons. Who is to blame? I answer blame the judges of the courts and the members of the bar. The administration of criminal law is so hampered by technicalities that justice is often defeated. Our judges do not impose proper sentences."

It is announced that the Grant monument, begun in 1907, will probably be ready for dedication in the fall of 1912, six years elapsed. On this basis a Lincoln monument authorized by congress in 1912 would perhaps be completed some time in 1920. It behooves the government to hurry if the memorial to the War President is to be presented to the view of any one who saw Lincoln in the flesh.

General Bernardo Reyes has demonstrated that he possesses to a remarkable degree the faculty for being in anywhere from ten to twenty places in one and the same time. His obliquity is phenomenal and it is a quality which indicates that Mr. Reyes will likely occupy a good deal of the valuable time of President Madero.

General Bernardo Reyes has demonstrated that he possesses to a remarkable degree the faculty for being in anywhere from ten to twenty places in one and the same time. His obliquity is phenomenal and it is a quality which indicates that Mr. Reyes will likely occupy a good deal of the valuable time of President Madero.

The Progress of New Mexico

(El Paso Times.)

In his annual report to the president, Governor Mills gives some very gratifying information relative to the progress that is being made in the new state of New Mexico. He estimates the present population of the new state at 240,000 and he shows that a steady stream of immigration is maintained as proved by the 3,276 original homestead entries covering 482,543 acres, that were made during the fiscal year covered. Other entries total the total number to 9,667 covering 1,715,395 acres. While this is a decrease of 3,332 entries and of 600,000 acres from the year previous, yet it also indicates the maintenance of a steady growth from the outside.

The finances of the territory are shown to be in splendid condition, the reduction of the tax rate from 14.5 to 10 mills, or almost 31 per cent in two years is dwelt upon. The reduction of the bonded indebtedness to less than a million dollars as the result of an economic and wise financial administration is emphasized. The assessment for 1911 is shown to be \$60,048,880 and declared to be on the basis of only 20 per cent of the real value. The value of the territorial institutions is given as \$2,064,640.58, outside of their land grants and their income is about \$600,000 a year.

The total resources of New Mexico banks is given as \$7,039,427, and of the building and loan associations as \$1,131,297. During the fiscal year, 137 corporations were authorized to do business in New Mexico and their authorized capital is given as \$446,982,000, a considerable decrease from the year previous.

The showing of the whole is most favorable, and is an eye-opener as to what may be expected in the immediate future. With New Mexico operating as a state, with honest state government such as is now assured, her future progress will be but little short of marvelous.

U. S. NAVAL ATTACHE AT TOKIO STRICKEN

Washington, Dec. 13.—Captain John H. Shipley, naval attaché at Tokyo, died of apoplexy in that city today, according to a cablegram received at the state department.

Captain Shipley was born in Iowa City, Ia., graduated from the naval academy and was flag lieutenant at the naval base, Key West, during the Spanish-American war.

After trimming father,
We'll trim the Christmas tree.

GO TO THE SHOP, thou sluggard;
consider the Christmas salesgirl and be wise.

THE ONLY KNICK ever received by Santa Claus is the allegation that he is a myth.

NO ONE has mentioned a suspicion that perhaps the McNamara blow up the Maine.

IT IS GENERALLY conceded that the bigamist's greatest punishment is having two mothers-in-law.

"MUSIC" in restaurants: "music" in quick lunch rooms: "music" in barber shops! Oh, heavenly Muse!

YOU WILL HAVE to give the detective's prize to the customs officer who found thirty pockets in a woman's skirt.

THE PRICE of turkey will not interest many of us as much as the latest quotations on the Yule ham-burger steak.

THE CITIZENS who have the laugh on us are those who commenced saving for their Christmas presents last New Year's.

THAT RATE of a HUNDRED dollars a word is said to have decreased considerably in the past few moons.

SOME TRUST magnates not only avoid political honors, but go so far as to refuse to hold office in their own companies.

MR. ANDREWS' chief concern should be the careful and early selection of the softest available spot on which to alight.

THE DIFFERENCE between the old and the new John D.'s is only the difference between tweedle-Archbold and tweedle-Rockefeller.

FORTUNATELY for King George his trip to India could be so arranged as to prevent extensive expectations of rear platform speeches.

HAVING shopped early, mail early. Write clearly, stamp securely and thus give the postal people a chance to play Santa Claus for you in good style.

THE LONDON suffragettes might simplify their program by explaining exactly what reforms they would undertake and how they would manage them.

"MANY A MAN who claims to be as honest as the day is long," says the Taos Valley News, "wouldn't want the searchlight turned on his night record."

IT IS WORTH mentioning that a lot of cub reporters succeeded in covering fairly well the story of the ground breaking for the new Pulitzer school of journalism.

BY A PERFECTLY logical process of elimination, at least fourteen prominent New Mexicans can show you conclusively that each is the only possible possibility for the senate.

WE DON'T MIND telling you that we shall be deeply vexed if we receive no present from each of the sixteen persons whom we feel compelled to remember this Christmas with a slight offering.

"GEE WHIZ! I wish I could find the fellow who stole my umbrella!" "Oh, cut it out! Why do you make a fuss over a little thing like that?" "Little thing? Why, man, I actually bought that umbrella."

OF COURSE there are many of our young collegiate sons who regard Christmas indifferently as a sort of a second rate festival that comes not later the close of the football season.

IN THE TEN DAYS of the deer season it is said 2,494 bucks were slaughtered in Vermont. These figures of course will prove insignificant in comparison with the total mortality among sportsmen.

IF THE SOLEMN majesty of the law, as represented in the courts, has proved ineffectual to make women tell their right ages, why should the telephone company in Boston imagine that a mere cash Christmas present would unlock their lips?

MR. EDISON, the wizard, has perfected concrete furniture—and hereafter certain citizens, if it comes into general use will no longer have the pleasure of arriving home in an alcoholic state and breaking the Morris chair with the piano stool.

EXPERIENCED MILL MAN IN CHARGE

A. F. Hazeltine New Superintendent of Smelting Plant of Sunset Company at Cerrillos, Soon to Start Up.

A. F. Hazeltine of El Paso, an experienced milling man, was here yesterday on his way to Cerrillos where he takes charge of the smelter and concentrator of the Sunset Mining and Smelting company, which will start operations in a short time, probably within ten days, according to President W. L. Staley of the company who was in the city yesterday. Mr. Hazeltine is said to be an exceptionally able man, as he built the first mill at Cerrillos, was in charge of a big mill of the Ray Consolidated at Kelvin, Ariz., and has been more recently on the big construction at Hurley, N. M.

The company is fortunate in getting so valuable a man to take charge of the mill, which within a few months will be producing rapidly and that 250 feet of drilling has been done at the bottom of one shaft on the property since the new company took charge. A tremendous tonnage is said to be in sight for the plant.

IKE COX ACQUITTED OF THE MURDER OF WM. TRUBY

JURY HOLDS SHOOTING WAS WHOLLY JUSTIFIED

Defendant Tells Graphic Tale of Encounter in Which He Shot Assailant to Save His Own Neck.

(Special Correspondence to Morning Journal) Aztec, N. M., Dec. 12.—After a trial lasting about ten days, a jury at Durango, Colo., acquitted Ike Cox for the killing of William Truby, which occurred on Sunday, April 23, 1911, just above the Colorado-New Mexico state line. The jury was out about three hours and it is said only two ballots were taken. The first ballot stood eleven for acquittal and one blank. On the next ballot all voted to acquit the defendant.

The story of the killing, as told by the defendant, Cox, and the story told by Sam Truby, a brother of the one killed, were widely different, but the jury evidently took into account the good reputation of Cox, who has lived in this section for more than thirty years, in making up their minds. The Trubys run cattle in this section, and ugly charges are made against them by other cattlemen. It is a fact that almost every term of the district court, both in San Juan county, N. M., and La Plata county, Colorado, are graced with the presence of some of the Trubys, defendants in criminal actions concerning cattle and horses.

It had been freely predicted that the bad reputation of the Trubys would be favorable to Cox. Cox said on the stand in telling of the events on the day of the killing:

"I was riding from my sheep camp to La Plata, to get a Mexican sheepherder, and just before reaching the Animas river I met Bill Truby, riding on horseback. He began to curse me for leaving a piece of range for my sheep, and I tried to pacify him. We were riding along side by side when Sam Truby suddenly appeared, and riding up to us, began abusing me. The brothers then attempted to get on each side of me and tried to drag me from my horse, all the time using language and telling me that they would make me think they owned all the range in this section. I feared they would use their ropes on me, and being satisfied they were armed, I warned them to leave me alone or I would shoot both of them. They galloped their horses up on each side of me, and fearful that they would get hold of me, as both were reaching for me, I pulled an automatic pistol and shot Bill just as he reached his arm to take hold of me. He reeled and fell from his horse, while his brother Sam, rushed upon me wild with fury. I then turned my attention to Sam, and fired four shots at him, but my horse was so wild my aim was uncertain, for which I am now glad. As soon as possible I quit shooting at Sam and rode toward the railroad station at Bonad to take the train for Durango and give myself up. Sam then rode to a section house, borrowed a rifle and when I saw him coming I got on my horse and rode into Durango. Sam fired four shots at me, but did not hit me."

The verdict meets the general approval of the entire San Juan section. The case of conspiracy against Sam Truby, Charlie Carter, et al., who are accused of conspiring to kill Cox, by hiring an assassin to shoot him, will come up in the district court at Silverton, where it has been taken on change of venue. Cox was shot some two months after the killing of Bill Truby while waiting the streets of Durango one evening in company with a deputy sheriff.

For some weeks, he hovered between life and death and his recovery is regarded as almost miraculous. The attempted assassin was caught and confessed, implicating the entire Truby family and Charlie Carter as the instigator. They promised, it is alleged, the half-vitted boy large herds of cattle and horses if he would shoot Cox. He is now in the Colorado reform school.

Essential to Comfort

PERFECTION

Warmth is essential to comfort. As you grow older, it is hardly less essential to health.

Get a Perfection Smokeless Oil Heater, and you keep warm and comfortable in your home, no matter what the weather without.

The Perfection gives a strong, widespread heat, and gives it quickly. It is always ready for use and burns nine hours on a single filling—no more trouble than a lamp. It can be carried anywhere; no pipes, no wires, no flues; no smoke, odor or dirt.

The heater that gives complete satisfaction. This year's Perfection is finished in either blue enamel or plain steel; nickel trimmings; light and ornamental, yet strong and durable as can be made. All parts easily cleaned. Automatic locking flame spreader prevents smoking.

Dealers everywhere; or write to any agency of the Continental Oil Company (Incorporated)

THRILLING STORY OF THE BOLD KU KLUX KLAN TOLD IN "CLANSMAN"

The story of Thomas Dixon's celebrated drama, "The Clansman," a revival of which will appear in this city on Saturday night at the Elks theater is well known to all theatergoers. However, in view of the coming engagement of the play, it may be well to mention it.

"The Clansman" is briefly the story of how the descendants of the Scottish clans, living in the South Carolina hill country, rose up in the year of 1867, and threw off the carpetbagger yoke. Their agency in effecting this result was the celebrated Ku Klux Klan. The hero of the play, Ben Cameron, is a leader of the Klan. His sweetheart, Elsie Stoneman, is the daughter of an Abolitionist, the organizer of the hated Union league. Here is the interplay of love and hate, of passion and circumstance, in which the dramatist delights.

Elsie's father puts forth every effort to enforce negro domination, and Ben as stoutly resists. The latter is arrested and clapped in jail by the scalawag white governor of the state, who is egged on by the mulatto Lieutenant-Governor Elias Lynch has done. He has encouraged Lynch about social equality and indeed has told him to go ahead and marry a white woman; but when he learns Lynch wants his own daughter that is another story, and his rage and disgust are beyond bounds.

Yet Stoneman and his daughter are helpless in the hands of the mulatto. It is the Ku Klux Klan who, headed by the rescued Ben, surround the house, make Lynch a prisoner and free the old man and his daughter. Stoneman at last sees his gigantic mistake in trying to rule the country by carpetbaggers and negroes and in instilling false ideas of social and political equality. He announces that he will make yet another trip to Washington to induce the authorities there to withdraw the federal troops and allow the southern people to manage their affairs in their own way. Ben and Elsie are united. A fairer day begins for that portion of the stricken south, thanks to the high purpose, steadfast courage and heroic achievements of the Ku Klux Klan, "an invisible Empire, which within a few months oversteered a territory larger than modern Europe, snatched power out of defeat and death, and tore the fruits of victory from twenty million conquerors."

FINANCE AND COMMERCE

Wall Street.

New York, Dec. 13.—The stock market became strong and active in the last hour today. Previous to that time quotations had barely moved but in the final upturn the steel and copper stocks, the Harriman stocks and other stocks rose a point or more above the final prices of yesterday. United States Steel was the backbone of the market. Although the early trend of prices was downward, the steel shares defied all efforts to depress them. The quotations rose steadily and toward the close transactions reached an enormous scale.

Buying of United States Steel was attributed to better trade conditions and reports of improvement in the copper metal market was an important influence in strengthening the copper stocks. The metal market held strong at the higher prices recently established.

American Agricultural Chemical made one of the best gains among the industrials, the movement being explained as anticipatory of possible dividend action. Western Union's recent display of strength was attributed to the quarterly report which showed a gain of \$700,000 over the previous year.

Time money was stronger. The market was influenced by offerings of money for account of western banks. There is no expectation of a further pronounced relaxation of rates in the immediate future. Closing stocks:

SEVERE PUNISHMENT FOR ENGLISH SPIES

Leipzig, Dec. 13.—Heavy punishment was meted out today to the English spies arrested at Hamburg on March 13 and who have been on trial behind closed doors before the imperial court for several days. Max Schultz, an English ship broker, was sentenced to serve seven years penal servitude. One of his associates, an engineer named Hipsch, was condemned to two years in prison. Engineer Wulff was sent to prison for two years. A merchant named Von Manck and Max Schultz's housekeeper, each received sentences of three years.

Chicago Board of Trade.

Chicago, Dec. 13.—Frightened over a big fall in the northwest, receipts and because of unsettled weather and strike threats in the Argentine the shorts today covered freely. In consequence the market closed 1-8 to 3-8 higher than last night. All other leading staples, too, made a net gain, corn 3-8 to 3-4, oats a sixteenth to 1-4 to 3-8 and hog products 10 to 22 1-2.

The amount of trading in wheat was unusually large. Aside from motives supplied by the northwestern conditions and by Argentine the cash demand in Chicago had a stirring effect on speculators. Ohio millers were said to be the principal purchasers of the spot grain said to be 400,000 bushels of No. 2 red winter. Furthermore, Kansas City had a bid for shipping sales of 150,000 bushels, mostly to go south. Prices sagged materially from top figures, but the close was steady. Between the opening and the wind-up may range from 37 3-8 to 38 1-4 with last sales 37 3-8 to 37 7-8, a gain of 1-8 to 1-4.

Spirited buying of corn futures grew out of reports that yield and quality were proving even worse than had been expected. May fluctuated from 62 1-4 to 63 1-4 to 64 1-4, closing 63 1-4. Cash grades were in good demand. No. 2 yellow was quoted at 70¢ for cars.

Gains sympathized with the strength in corn. Pit traders were mainly on the buying side. Top and bottom levels touched for the May option were 49 1-4 to 49 3-8 and 49c, with the close 49 1-8 to 49 1-4, a net advance of a shade.

Provisions scored a sharp rise. One explanation was that certain Chicago and Milwaukee custom houses were purchasing liberally. At the close pork was up 1-2 to 2 1-2 and other products 10 to 12 1-2.

The Metal Markets.

New York, Dec. 13.—Standard copper firm; spot, \$15.15 to \$15.40; December, \$15.20 to \$15.37 1-2; January, \$15.20 to \$15.40; February, \$15.25 to \$15.40; March, \$15.25 to \$15.50. London, easy; spot, 60, 11s. 3d; futures, 61, 8s. 9d. Arrivals reported at New York today 200 tons. Custom house returns show arrivals of 13,575 tons so far this month. Lake copper, \$13.62 1-2 to \$13.87 1-2; electrolytic, \$13.62 1-2 to \$13.87 1-2; casting, \$13.25 to \$13.50.

Lead, quiet; \$4.40 to \$4.50 New York; \$4.30 to \$4.37 1-2 St. Louis. London, 26, 17s. 6d.

St. Louis Wool.

St. Louis, Dec. 13.—Wool, steady; medium grades, combing and clothing, 21¢ to 21 1-2; light, fine, 15¢ to 19¢; heavy, fine, 13¢ to 15¢; tub washed, 27¢ to 30¢.

Boston Wool Market.

Chicago, Dec. 13.—Cattle—Receipts 11,000; market 10 to 20¢ lower. Beef, \$4.55 to \$4.80; Texas steers, \$4.55 to \$4.80; western steers, \$4.40 to \$4.65; stockers and feeders, \$3.10 to \$3.50; cows and heifers, \$1.90 to \$2.15; calves, \$5.50 to \$6.00.

Kansas City Livestock.

Kansas City, Dec. 13.—Cattle—Receipts 7,000, including 400 southern; market steady to 10¢ lower. Native steers, \$5.25 to \$5.50; southern steers, \$4.40 to \$4.50; southern cows and heifers, \$3.00 to \$3.50; native cows and heifers, \$2.75 to \$3.25; stockers and feeders, \$1.90 to \$2.15; pigs, \$4.50 to \$5.00; sheep, \$4.50 to \$5.00; western steers, \$4.50 to \$5.00; western cows, \$3.00 to \$3.50.

SEVERE PUNISHMENT FOR ENGLISH SPIES

Leipzig, Dec. 13.—Heavy punishment was meted out today to the English spies arrested at Hamburg on March 13 and who have been on trial behind closed doors before the imperial court for several days. Max Schultz, an English ship broker, was sentenced to serve seven years penal servitude. One of his associates, an engineer named Hipsch, was condemned to two years in prison. Engineer Wulff was sent to prison for two years. A merchant named Von Manck and Max Schultz's housekeeper, each received sentences of three years.

LEGAL NOTICES

NOTICE OF MASTER'S SALE.

In pursuance of judgment rendered in the District Court of the Sixth Judicial District of the Territory of New Mexico, in and for Quay County, New Mexico, in the case of Foxworth-Gabraith Company, plaintiff, vs. W. K. Bradfield et al., No. 888, said judgment being dated November 1, 1911, whereby plaintiff obtained judgment against defendant, W. K. Bradfield and A. O. Bradfield, for \$391.23, with interest at 10 per cent per annum from date of judgment, and costs of suit, and the defendant M. B. Goldenberg Company obtained judgment against said W. K. Bradfield and A. O. Bradfield for \$102.07, with interest at 10 per cent per annum from date of judgment, and whereby it was adjudged and ordered that the following property be foreclosed and sold to satisfy said judgments:

Notice is hereby given, that I, Henry Swan, Special Master heretofore appointed by the court herein, will on the 4th day of February, 1912, at 10 o'clock in the forenoon of said day, at the front door of the Court House in Tucuman, Quay County, New Mexico, sell at public auction to the highest bidder for cash the following described property lying and being in Quay County, New Mexico, to wit:

The southeast quarter of the northwest quarter, the southwest quarter of the northeast quarter, the northwest quarter of the southeast quarter, and the northeast quarter of the southwest quarter, of section one, township nine north, range thirty east, N. M. P. M.

And that I will apply the proceeds of said sale first to the payment of the judgment in favor of plaintiff, and costs of suit and sale, and thereafter to the payment of the judgment of M. B. Goldenberg Company.

HENRY SWAN,
Special Master.
Henry H. McElroy, Attorney for M. B. Goldenberg Company, Tucuman, New Mexico.
Dec. 7-14.

NOTICE OF SALE.

No. 721.
In the District Court of Roosevelt County, New Mexico—W. P. Dunkelberger, plaintiff, vs. Jacob O. and Jennie P. Snellenberger and Jacob A. Teeter, defendants.
Notice is hereby given, that by virtue of the authority in me vested by a certain decree of foreclosure rendered August 31, 1911, by said court, and of record at pages 240 and 241 of Clerk's "B" of the records of said court, foreclosing a certain mortgage of record at page 282 of Mortgage Deed Record "B" of the records for mortgages of Roosevelt County, New Mexico, executed by said Jacob O. and Jennie P. Snellenberger to plaintiff to secure the payment of a certain note for the sum of \$300, dated May 12, 1910, and due one year after date, with eight per cent per annum interest thereon and ten per cent additional on the sum, due thereon as attorney's fees, amounting to date of said decree and for which judgment was rendered in the sum of \$384.10, with eight per cent per annum interest thereon from August 31, 1911, until paid, with all costs of said action, and decreeing same to be a first lien on the premises hereinafter described as against said defendants, the said Jacob A. Teeter, being a subsequent purchaser to said mortgage of said lands from said Jacob O. and Jennie P. Snellenberger; the undersigned will, at the hour of two o'clock p. m., on January 23, 1912, at the northeast front door of the court house in the town of Portales, New Mexico, sell the south one-half of the southwest quarter of section 21 in township 5 S., R. 34, E. N. M. P. M., Roosevelt County, New Mexico, the lands described in said decree, to the highest bidder for cash, as the special commissioner of said court in said decree directed, to pay said judgment, interest and costs due thereon.

SAMUEL DUNKLEBERGER,
Special Commissioner.
Dec. 7-14.

NOTABLE NUPTIALS AT COURT HOUSE

Mrs. Josefita Manderfield de Armijo Becomes Bride of Edward M. Otero; Judge Abbott Ties Knot.

A wedding, state-wide in interest owing to the prominence of the families of the contracting two, occurred in the court room of the Bernalillo county court house yesterday when Judge Ira A. Abbott, associate justice of the supreme court, united in marriage Mrs. Josefita Manderfield de Armijo and Edward M. Otero, both of Santa Fe. Mr. and Mrs. Nell B. Field were witnesses of the ceremony.

The bride is the daughter of the late W. F. Manderfield, one of the oldest American residents of Santa Fe who established the Santa Fe Daily New Mexican of which he was for many years owner.

The groom comes of an equally prominent Spanish family, being the son of Manuel Otero, who met a tragic death in a duel many years ago with one Parker Whitney of Boston. He is a stepson of A. M. Berge of Santa Fe and a nephew of Solomon Luna. His mother, Mrs. Berge, attended the wedding, and also his sister, Mrs. Nina Warren, who is a guest in this city of Mrs. Nell B. Field.

DEATHS AND FUNERALS.

Mrs. C. E. Norman.
Word has been received by friends in Albuquerque of the death on December 1, in Burlington, Ia., of Mrs. C. E. Norman who left here three years ago, after a residence of several years in this city, to live in her old home in the Iowa town.
Besides her husband, she is survived by five children, Mrs. Gus Wolf and Mrs. W. A. Wilson, of Albuquerque, Oscar Norman of Baton, William Norman of Lowell, Ariz., and Mrs. Mollie McGregor of Burlington. Mrs. Norman, whose death was caused by cancer, was 61 years of age.

FRED RITTER MUST SERVE YEAR IN PENITENTIARY

Judge Abbott Puts Suspended Sentence Into Force on Hearing That Man Has Pleaded Guilty to Vagrancy Charge.

Fred Ritter will have to serve his term of one year in the penitentiary. This was decided yesterday afternoon by Judge Abbott in a review of the case. Ritter was sentenced on October 3 for larceny from a shop, but the sentence was suspended upon the application of Captain Wendel of the Salvation Army, in order to allow the man to make a new start.

It was drawn to the attention of the court that yesterday morning Ritter had been sentenced by Justice of the Peace Romero of Precinct No. 12, to thirty days in the county jail for vagrancy upon the complaint of Deputy Sheriff Charles Armijo. Judge Abbott immediately ordered Ritter brought before him for examination.

It was reported that a number of petty thefts had occurred in Old Albuquerque ever since Ritter has been at liberty, and while no evidence could be produced fastening these upon Ritter, the latter admitted that he had stolen a box of horse radish.

Judge Abbott in ordering the issuance of the mittimus under which Ritter will be sent to the penitentiary said that he wanted it distinctly understood that sentences were suspended in order to allow men to again get on their feet and to help them make a fresh start, that no man could go from the district court with a suspended sentence and continue his old habits of lawlessness and expect to keep out of the penitentiary. The more fact that he was unable to keep out of jail, even on a vagrancy charge was sufficient reason for the issuance of the final mittimus putting the sentence into full force and effect.

Ritter claimed to have been employed as a painter since his release from jail, but admitted drinking. He stated to the court that he had pleaded guilty to vagrancy.

He will be taken to Santa Fe in a few days.

MANUFACTURERS DEMAND LOWER FREIGHT RATES

Washington, Dec. 13.—Existing freight rates of \$1.70 a hundred on furniture from North Carolina and South Carolina to Pacific coast terminals were attacked today by the Southern Furniture Manufacturers' association before the interstate commerce commission. It is contended that the haul from the Carolinas is shorter than the haul from Virginia points from which the rate is \$1.50 per hundred.

The commission is asked to fix a joint through rate and to grant reparation on previous shipments.
