VOLUME 12.

ALBUQUERQUE, NEW MEXICO, FRIDAY AFTERNOON, JUNE 10, 1898.

NUMBER 201.

THE MYTHICAL CADIZ FLEET!

Admiral Camara and Officers Said to Have "Lost their Heads."

ANOTHER FORMIDABLE AMERICAN FLEET.

New York, June 10.—A special to the Herald from Cadiz, says: The reserve fleet, consisting of two ironclads, one cruiser, twenty torpedo boats, three torpedo boat destroyers, with seven auxiliary cruisers and 3,500 troops is under steam. Fires are to be kept up continuously, so as to be ready to depart at any moment.

Alfonso XIII, whose torpedo tubes proved defective, was compelled to return to the arsenal. This, it is said, causes the delay, but it is believed the accident was simply an excuse to keep the fleet at Cadiz.

There is nothing to prevent the squadron from sailing at once, but Admiral Camara and officers and men have quite lost their heads.

FORMIDABLE AMERICAN FLEET.

Sixteen Warships Now Assembled at Port Tampa.

Washington, June 10.—Another formidable American fleet has been assembled, consisting of sixteen warships of various classes, headed by the battleship Indiana, which, for all round effectiveness, stands at the head of the navy. This fleet is assembled at Port Tampa to serve as a convoy for troop transports from that port. The formation of this formidable fleet is due to reports, more or less indefinite, that Spanish warships are lurking between Florida and Cuba with a view of intercepting the troop transports.

The desirability of forming this fleet was suggested by information, coming through official channels, that four Spanish ships had left Barcelona some days ago, bound for Cuban waters.

PROTEST FROM JAPAN

That Country Doesn't Like the Duty on

Washington, June 10.—Japan has entered a strong protest against the duty on tea as provided in the revenue bill. A protest note has been sent to the department and it is forwarded to the conference committee. The protest is based on the ground that a uniform duty of 10 cents a pound on all tea, cheap or dear, will have the effect of ruining Japan's tea trade with the United States. Japan, it says, would not object to a duty graded according to value.

DANGEROUS TORPEDO.

One Explodes Killing Three Men and

Wounding a Lieutenant.
Jacksonville, Fla., June 10.—A torpedo in St. Johns river, at St. Johns bluff, exploded today, killing three men and badly wounding Lieutenant Hart of the United States engineer corps, in charge of fortifying the river at that point. One killed was John O'Rourke, electrician.

No War News Obtainable.

Port au Prince, June 10.—Cable communication with Santiago de Cuba is still interrupted and no war news was obtainable this morning.

NO CABLE CONNECTION.

Cape Haytien, June 10, 11:30 a. m.—There is still no cable communication with Cuba. No war news reached here this morning.

HAS NOT BEEN CUT.
Madrid, June 10.—The Spanish foreign minister says the cable to Santiago de Cuba has not been cut. He adds that he received dispatches from there this morning.

A GENERAL RESUME

Of the Navy's Work at Santiago and Guantanamo.—Where is the Army?
(Copyright Associated Press.)

On board Associated Press dispatch boat Wanda, off Santiago, June 9, via Kingston, Jamaica, June 10.—The navy awaits the army. The fighting ships of the Rear Admiral Sampson and Commodore Schley battered down the coast defenses of southern Cuba and sealed up Admiral Cervera's fleet in the harbor of Santiago de Cuba by sinking the collier Merrimack in the channel at its entrance, while the guns of the fleet cover.

Boats running under the shadows of the KI Morro have cut the Haytian cable and now hold thirty-five miles of coast east of Santiago de Cuba, including Guantanamo harbor.

Under the cover of the guns of the fleet eastern Cuba may be safely invaded by land and sea. Admiral Cervera's fleet annihilated, and the entire province and towns and harbors seized and held after a short campaign.

The harbor of Guantanamo is a fine basis for land and sea operations. The harbor is capacious and has forty feet of water. The land approaches are not so precipitous as at Santiago. The low lying hills can easily be reached with trains of siege guns and there are level roads to Santiago, thirty-three miles distant, where a few mountain batteries, beyond the reach of the fleet, will be taken

A London Newspaper Suggests a Peaceful Settlement.

London, June 10.—The St. James Gazette publishes a long editorial, pointing out the hopelessness of any further Spanish resistance and suggests that America seek a settlement of the Cuban question in Spain. It says: "There is no possibility of invasion but the mere presence of a strong armament, which the Spanish navy could not drive off, on the Cuban coast, would produce a tremendous effect, and there are numerous unfortified anchorages where Americans could reconquer with leisure."

Death of a Miner.

Leadville, Colo., June 10.—John Morrissey, a well-known mining man, at one time very wealthy, died suddenly today. In 1879 he and "Diamond Joe" Reynolds made half a million dollars out of Crown Point mine. Morrissey's large fortune was soon dissipated.

YELLOW FEVER.

Seven Cases of the Dreaded Disease at Monterey, Miss.
Washington, June 10.—There is some apprehension here over an outbreak of seven cases of yellow fever at Monterey, Miss. Steps have been taken not only to check the spread of the fever from Monterey, but to prevent any possibility of an epidemic in the south.

MARLBHEAD AND YANKEE

Now in Possession of the Harbor of Guantanamo.
Washington, June 10.—The navy department today posted the following bulletin: "Admiral Sampson has ordered the Marlhead, Commander McCalla, and the Yankee, Commander Brownson, to take possession of the outer bay of Guantanamo, where there are extensive anchorage facilities. The ships are to enter the harbor at daylight this morning, driving the Spanish gunboat into the inner harbor and taking possession of the lower bay, which is now held by the Marlhead."

Under Warships Protection.
Washington, June 10.—A powerful fleet of sixteen ships have assembled in Florida waters to convoy troop transports to Cuba at once.

Another Bombardment.
No Details, However, Have Been Received.—Rather Doubtful.

New York, June 10.—The Ticker service sends out the following dispatch: "Havana, June 10.—The American fleet bombarded Santiago again today, the engagement lasting from 5 to 11 o'clock. No details have been received."

At San Diego.
San Diego, Cal., June 10.—The Monterey and Collier Brutus, reported off Santiago yesterday, are now near the entrance of the harbor of San Diego and will probably come inside today.

Distinguished Visitors.
The Social-Club of President Diaz, of Mexico, has this morning received a special train stopped in the Santa Fe yards this morning. Attached to it was a special car "Prince" carrying a party of Mexican gentlemen who have been to Kansas where they purchased some fine thoroughbred horses and 150 head of live burrhead cattle, which they are taking for breeding purposes, to their ranches in the valley of Mexico. The party includes Ignacio de la Torre, Tomas de la Torre, Enrique Lebo de Sarrea, Juan Gutierrez and Alfredo Saldivar.

Senator Ignacio de la Torre is the son-in-law of President Diaz of the republic of Mexico. The gentleman talked very interestingly of his visit to this country to a Cruzan reporter, saying that he had been pleasantly received wherever he visited. He was told of the disappointment felt by many of our people over the president's recalcitrance in determining to visit the United States, and was assured that when President Diaz did make his visit here he would be cordially received by all the cities of the country. Senator Torres said that President Diaz was a very busy man, and that the cares of state were so great as to interfere with his making the visit at the present time. In speaking about the war between this country and Spain, the gentleman assured the reporter that Mexico would maintain an attitude of neutrality throughout the war. The war was not discussed in the interior to any great extent, and, speaking for his people, he saw no more reason why Mexico should aid Spain in the present conflict than it should help the United States. True it is that at the beginning of hostilities, there was talk of irresponsible parties of guerrilla raids being made on the border of Texas. On learning the possibility of this mode of war being inaugurated by some of his more violent and lawless subjects, President Diaz immediately dispatched 20,000 soldiers to the border to compel these men to return to their homes.

The Metzinger Case.
The incarceration of Joseph Metzinger, in the county jail yesterday without bonds in the subject of a controversy among attorneys and citizens generally today. The opinion prevails that the charge of murder in the first degree is too great for the offense and that Metzinger, who is a property holder and has always led a law-abiding life, should be released on suitable bonds being tendered, and this he would in all probability have no trouble in securing. His attorneys, Messrs. Rodey and Moore, will in all likelihood institute habeas corpus proceedings at an early date to secure his release.

Writs Applied For.
In the matter of the application of Joseph Metzinger for a writ of habeas corpus, argued before Judge Crumpacker this afternoon, the writ was granted, returnable before the judge at 10 o'clock to-morrow morning.

The same order was taken in the case of Donaciano Garcia, who was with Jose Romero y Ruiz when the latter shot and killed the O'Bannon boy and wounded little Mirrie Garcia.

It has leaked out that Mrs. Helen Karle, daughter of K. Post, and Will Burges were united in marriage by Justice Duran in old town on May 11.

You will be pleased with a visit to Mac's cafe or Midland dining parlors, north Third street and Copper avenue.

ALEXANDER PRIDE LINDSAY.
His Death Late Yesterday Afternoon—Burial Sunday Afternoon.
Yesterday afternoon, at 4:30 o'clock, Alexander Pride Lindsay, aged 56 years, died at his home, 616 South Arco street.

Mr. Lindsay was a native of Carbonado, Penn. He came to Albuquerque about twelve years ago, and since that time has been employed in the railway shops, serving for a long time as foreman of the blacksmith shop.

Sometime ago he was seriously injured by being struck by a tripperman. The injury to his hip was broken and he was injured internally. He has been slowly declining since the accident. He sought relief in California, but without avail, and returned home to die among friends and relatives.

Undertaker Montfort has been given in charge of the remains and will embalm the body. The funeral will take place on Sunday at 2:30 p. m., services being held at Highland Methodist church, Rev. Mark Hodgson preaching the funeral sermon.

Interment will be at Fairview cemetery. The funeral will doubtless be a large one, as Mr. Lindsay was well-known and generally liked.

Odd Fellows Meet Officers.
Harmony Lodge No. 17, I. O. O. F., at a recent meeting, elected the following officers to serve for the next six months: Past grand, B. A. Sleyser; noble grand, O. S. Pillsbury; vice grand, D. L. Perry; recording secretary, M. E. Sablin; financial secretary, W. C. Montfort; treasurer, Henry Brockmeier; trustee, H. E. Rogers; lodge physician, Dr. W. G. Hope; representation to the Grand Lodge, Henry Brockmeier. The lodge report for the past six months is a fine showing of fraternal work.

Off for Dallas.
Edward Medler, the grand representative of Ballew Allyn Temple of the Mystic Shrine of this city, accompanied by his wife, left this morning for Dallas, Texas, intending to remain over one day at G. H. Hart, assistant secretary of the Shrine next week at Dallas, taking in the various side trips to Galveston and other points in the state, that the Texas Shriner have arranged for their guests. Mr. Medler will continue on east after the session, to visit relatives, and on his way home will stop at Omaha, and enjoy the exposition.

Mrs. Murch, the very accommodating and at all times pleasant librarian of the Albuquerque Public Library, makes the announcement that beginning to-morrow the circulation of books will again be allowed. The issuing of books was wisely discontinued a few weeks ago through the fear that in this way infectious diseases that were raging in an alarming extent might be spread throughout the city.

Hon. Ellis H. Roberts, treasurer of the United States, accompanied by his wife, O. G. Harza, assistant secretary of the treasury, and James A. Sample, chief of the division of issues of the treasury department, passed through here last evening on their way to California. Mr. Roberts goes to San Francisco to be present at the turning over of the United States sub-treasury to the new assistant treasurer.

Arthur Eastman and Jack McKenna, telegraph operators, who have been employed out on the Santa Fe Pacific, are in town to-day, and will leave probably this evening for Mexico, where they hope to secure situation.

Breakfast and supper, 25 cents; dinners only 35 cents. Meal tickets at Mac's cafe or Midland dining parlors.

Class Moore, a railway conductor living in Las Vegas, is in town to-day visiting friends.

J. A. McElahan has arrived here from California securing employment with T. J. Shinkle.
